

WEST STATES OPPOSE RATES

Briefs Filed With Interstate Commission in Opposition to Increased Freight Charges.

WASHINGTON, April 5. (AP)—Heavy there has been a recovery from agricultural depression and that the railroads are not earning a fair return, 17 western states through their public service commissions of special counsel, asked the interstate commerce commission today to disallow application of western railroads for a general increase in freight rates.

In a joint brief filed on behalf of the states by John E. Houston, general solicitor of the National Association of Railroad and Traffic Commissioners, it was contended that lack of the proposed increases was a move to defeat the purpose of the congressional resolution asking a general investigation of the national rate structure with a main view of reaching throughout the rates on agricultural products.

CHAPMAN PAYS PENALTY

(Continued From Page One.)

grant a new trial, Chapman's hope for delay in execution, making it his counsel lost in the court, ended with the board of pardons rejecting his application for commutation to life imprisonment.

In the death chamber where the officials required by law, representatives of a New Britain, Connecticut, policeman, Chapman was hanged at 12:04 o'clock this morning.

Walker to Scaffold. Chapman walked from the death cell to the death chamber, a distance of about ten feet, a guard on either side of the man, the dangling end of a new white cloth, which disappeared in the ceiling, the unseen end being attached to the machine which was not within sight of the witnesses.

Chapman wore the clothing of a free man, prison garb having been replaced while he was in the death cell. He wore felt slippers, a dark suit and a low white collar. Witnesses and prison officials entered into the death chamber. The door was closed. All except the parole clerk and the warden passed by the dangling man and took seats on benches in the rear of the room, ten feet from the rope, while the parole clerk and the warden stood to the left of the man, the parole clerk standing at a metal cover let into the floor in the extreme left hand corner, the warden standing at a plunger which protruded from the floor under the automobile door.

The chamber door opened and Chapman with his new bound by a leather strap, a guard on either side, walked to the right, stopping to look at the man, five feet from the door. A guard passed a strap around the man's legs and the knees and to the chair, simultaneously motioned other guards slipped a black satin cap and the man over his head, showing the man's face. A signal was given, a foot pressed the plunger, noiselessly the slack of the man was taken up and a second jerk carried Chapman straight upward several feet.

After a very brief interval the body

Chapman's Last Picture

GERALD CHAPMAN

THE ABOVE PHOTOGRAPH shows Gerald Chapman, notorious bandit, as he appeared shortly before going to the gallows, where he paid with his life for the murder of a New Britain, Connecticut, policeman. Chapman was hanged at 12:04 o'clock this morning.

was lowered so that the feet were a few inches from the floor. The prison physician and medical examining opened the coat and shirt of the dead man and applied their stethoscopes. When Chapman had been pronounced dead the chamber door opened again, a man, wheeled in an undertaker's jacket and the body was placed in it and removed to the room which Chapman had left in life a few minutes before.

Witnesses' credentials were closely scrutinized by Warden Scott. Outside the prison building guards were on patrol in the darkness, it being stated officially that no other men were permitted. As prison punishment is limited to the institution, the warden's office and the officers of the town and Buford on patrol duty in nearby streets.

James Michael H. Barry of the Sacred Heart church at Wetherfield, claimed the body. Burial will be in Hartford county. The condemned man's attorneys yesterday filed claims but relinquished their rights today in favor of his spiritual advisor.

Father Barry spent the remaining hours with Chapman. The last meal ever to be served in Chapman went into the death cell at the usual supper hour. Although he was free to ask for anything he desired, Chapman did not do so, and the regular meal was sent him. It consisted of pork chops, fried potatoes, bread and butter, liver cake, peaches, coffee and milk. Chapman ate heartily.

In his boyhood, Chapman was an altar boy and a member of the altar society in the Roman Catholic faith. Father Barry remained with the doomed man as the minutes passed and the hands

of the prison clock steadily moved toward midnight. The condemned man was not nervous and he smoked cigarettes occasionally. Four guards were posted outside the death cell.

The prison was strongly guarded with state police posted on all sides. Hundreds of persons lined the Wetherfield road directly in front of the prison as the fatal hour neared.

GOVERNOR GUARDED

HARTFORD, Conn., April 5. (AP)—Governor John H. Trumbull, who refused further to replace Gerald Chapman, was under guard of state officers today, and his home in Plainville was patrolled. The state trooper was on duty at the door of the executive chamber. In the capital, four officers were outside his home and an officer rode with him in his automobile during the day.

TARIFF BOARD HEARS DENNIS

Democratic Commissioner Resumes Testimony Before Senate Investigating Committee.

WASHINGTON, April 5. (AP)—Commissioner Dennis, democrat, on the tariff commission, resumed his testimony today on operations of the tariff law before the senate investigating committee.

He defended President Coolidge against the charge of "padding" the commission, declaring that the president had appointed only three members of the present body—Commissioners Hurd and Baldwin and himself.

He added that he was responsible for the appointment of Commissioner Baldwin having recommended him to the president although recently he withdrew his endorsement. He declined to elaborate on the statement other than to say that Commissioner Baldwin had "contributed nothing to the commission."

CONTRASTS IN WEEK'S MARY

NEW YORK, April 5. (AP)—This has been a week of contrasts in the financial and securities markets. Stock prices crashed to new low levels for the year, followed by a sharp recovery. The decline, which was a continuation of the sharp readjustment in quoted values, precipitated by the greatly over-extended speculation for the last few months, was followed by a sharp rally which appeared to be holding as the week closed.

French franc's rank to the lowest level ever recorded on the eye of the French chamber of deputies adoption of a tax bill, practically bringing to an end a two year struggle over the finances of the country which has brought about several changes of gov-

ernment. Belgian francs also touched a new bottom.

Wheat futures dropped three to four cents a bushel, the May option closing at \$1.50 1/4, despite the fact that the beginning of the harvest season this fall probably will see the smallest domestic carry over in years. Although the price of the harvest season this fall probably will see the smallest domestic carry over in years. Although the price of the harvest season this fall probably will see the smallest domestic carry over in years.

"The white line is the CLOROX line"

THAT is the simple story behind the line of snowy clothes you see in your neighbor's yard—the clothes that make you think immediately, "I wish my laundry might look like that! I wonder how she does it." It is no deep, dark secret—it merely means that your neighbor uses CLOROX!

For CLOROX is the magic bleach! To get the best results in laundering, use with cold water in the proportion of one tablespoonful of CLOROX to each gallon of water. Add your favorite soap or washing powder, and stir well to insure even distribution of the CLOROX. Then soak your white clothes in this solution for 30 minutes, or if more convenient, for several hours or over-night.

However, CLOROX is just as effective when used in the first rinsing water, and many housewives prefer this method. Use the same proportion of this bottled magic; let the clothes remain in the solution, for half an hour, then rinse thoroughly in clear, cold water. In this simple, inexpensive way all white cotton, linen and mercerized laundry may be kept as white and spotless as the day you bought them!

Let CLOROX aid you on wash day and every other day. Order a bottle from your grocer, complete directions on the label will tell you how to use this wonder-working product!

BRUIN MAIDENS
HOLD WORKOUT

Twin Falls High Co-Eds Try
for Track Places on Coach
Henders Team.

About 30 high school girls under the direction of Miss Ollie Henders were out in the city park last night for the first outdoor track practice of the season. This is the first year that the Twin Falls co-eds have undertaken track work and a large turnout around the coach plenty of material.

Events Listed.

The girls were practicing the shot put, baseball and basketball throws last night as well as the 100 yard dash. The girls were not too sure of their own ability to do the things they were doing, but they were all very enthusiastic and a large number of spectators are reporting for the first time.

So far no other school in the district has taken an interest in girls' track work and the Bruin maidens will probably have to content themselves with an inter-school meet some time in May. Miss Henders plans to hold practice outdoors in the park as often as the weather permits.

CALIFORNIA FIGHT FANS

SPEND BIG SUM IN MARCH

SACRAMENTO, Cal., April 5 (AP)—Eight fans of California paid \$25,000 for their ticket entertainment last month, as against \$24,000 for the same month last year. Paid admission for the month was \$12,028, making the total for the first quarter of 1926, \$15,000 and the total cash collected in taxes and fees since the commission was established \$101,000.

FIGHT CARD CANCELLED.

SAN FRANCISCO, April 5 (AP)—The eight boxing program at the Alhambra auditorium Friday night was cancelled today when George Maderich, heavy weight champion of New Zealand, who was to have met George Doolery, Philadelphia native, in a 10-round bout, was taken ill. Maderich was said to be suffering with influenza and rather than attempt to buy up to a substitute, the manager Ed Lynch called off the show. It is expected the men will meet next week.

MATHEWS RESIGNS POST

AT UNIVERSITY OF IDAHO

MOSCOW, Idaho, April 5 (AP)—Dr. L. Mathews, director of athletics and head football coach at the University of Idaho, submitted his resignation today to President A. H. Upham and will become head football coach at the University of St. Louis.

President Upham announced that if a suitable successor can be obtained, Dr. Mathews will leave immediately. His contract with the University expires in July.

REFUSERS CONFIRMATION

ST. LOUIS, Mo., April 5 (AP)—When he read an Associated Press dispatch tonight from Moscow, Idaho, that Dr. L. Mathews, head football coach of the University of Idaho, had resigned to accept a similar position at St. Louis university, Father Chod, president of the local school, refused to say if Mathews had been hired.

Father Chod said that official announcement of the appointment of a new head football coach at St. Louis would be made by the university within a few days.

COAST LEAGUE-OPENER IS

DELAYED BY RAIN STORM

LOS ANGELES, April 5 (AP)—The opening game here of the Pacific Coast league scheduled for tomorrow, has been postponed because of rain.

As a result of a storm during which 2.25 inches of rain fell, the ball park today was little more than a lake, and J. H. Patrick, president of the Los Angeles club, decided that the season could not be opened in healthy conditions until Wednesday or even Thursday.

Oakland, which will play Los Angeles in the season opener at the new Wrigley field, arrived this afternoon in a downpour. The Oaks' train had been delayed several hours by weather.

LOS ANGELES, April 5 (AP)—Floyd Fitzsimmons, promoter, stated today he had secured the signature of Young Stribling, light heavy weight boxer for a 12-round bout in July with Georges Carpentier, French boxer, at Madison Sq. Carpentier has signed the willingness to meet Stribling.

Fitzsimmons said, they the six, since the Frenchman is already in close the match.

VANDALS LOOK GOOD

IN PRE-SEASON GAME

UNIVERSITY OF IDAHO, Moscow, April 5.—The University of Idaho football team made its initial appearance of the season last week, defeating the Oregon club at Oroville by a score of 27-0. The team, which has been working out for several weeks under the eye of Coach Dr. L. Mathews, showed up in good shape.

The "initial" game, several weeks in the making, was a good one, and the team will be better prepared for the first few weeks, when the season opens.

PENNSYLVANIA RECEIVES

RELAY CARNIVAL ENTRIES

PHILADELPHIA, April 5 (AP)—The University of Pennsylvania today announced receipt of entries to the Pennsylvania relay carnival, April 23 and 24, from the Oregon Agricultural College of Corvallis, Oregon; University of Michigan and Brigham Young college of Provo, Utah.

The Oregon Athletic will compete in the four mile relay, the shot put and discus throw.

Brigham Young college will enter Dave Pierce in the 100 yard dash. Pierce is the Utah state and conference record holder for this distance.

POCATELLO PIRATES, IS

NAME CHOSEN FOR CLUB

POCATELLO, April 5 (AP)—Hearing the name "Pocatello Pirates" the 100-0 team of the Pocatello baseball club will take the field against five other teams of the two states at the opening of the 1926 season.

The name was selected at a meeting last night in which 100-0 team members were present.

PAINTERS ASK INCREASE

PORTLAND, Ore., April 5 (AP)—Portland's painters went on an open shop last night because union painters refused to work under a new scale of \$9 a day he put into effect today.

The union leaders said they had agreed to increase the wages from \$8 to \$9 a day May 1, but could not make the change April 1. About 500 painters were said to be out.

SENATE WETS

OPEN HEARING

Leaders for Modification of

Eighteenth Amendment Before

Senate Sub-Committee.

WASHINGTON, April 5 (AP)—Argument against the eighteenth amendment and the Volstead act rolled in today upon the senate judiciary subcommittee at the opening of the first real congressional inquiry into the workings of statutory prohibition.

After Senators Bruce and Edge, and Julian Goldman, of Boston, who has charge of the wet's case, had made attempts to the subcommittee, Assistant Secretary Andrews of the treasury, who is responsible for dry law enforcement, was called as a witness. His examination had scarcely begun before the committee recessed until tomorrow, cutting short the hearing by an hour because of important business in the senate.

Huge Crowd.

The initial session furnished little of the spectacular. There were a few sharp passages between some of the senators on the committee. The hearing room was packed almost to suffocation and hundreds crowded the halls outside in the vain hope of gaining admission.

Police guarded the doors and were scattered about the room. There was one attempt at a demonstration and Senator Bruce, republican, Colorado, the committee chairman, quickly quelled that with a threat to clear the room.

ASK FOR BROOKFIELD.

The latter charged daily in Twin Falls, fresh and delicious.—Adv.

Give your pipe a chance!

SOME pipes were "born with two strikes on 'em." Just never had a chance to offer their best. You can judge your pipe only by the tobacco you put in it. If you haven't smoked P. A., your pipe hasn't had its chance. To those men who know the keenest pipe-enjoyment, Prince Albert stands out like a beacon of cheer on a moonless night.

Prince Albert has put pipes into the mouths of more men than any other tobacco that ever came down the pike—and has kept them there! Because no other tobacco is like P. A. Cool and fragrant as mountain air murmuring through the pines. Sweet as the breath of spring.

P. A. won't bite your tongue or parch your throat, because the Prince Albert process cut out our bite and parch right at the outset of P. A.'s brilliant career. This means that you can hit it up with your jimmy-pipe and P. A. from the minute breakfast is over until you nestle down between the sheets at night. You not only can, but will!

If you're looking for proof, you needn't search beyond the nearest shop where they hand out smoke-gladdening tidy red tins marked "Prince Albert." Give your pipe a chance. Pack it with P. A. and light up. That first wonderful pull will tell you P. A. was simply made-to-order for you!

PRINCE ALBERT

—no other tobacco is like it!

REBUILDING AMERICA

There is more to this "American Building Boom" than most of us have thought. Doubtless there has been a long, long year after year, but it is not as long as it seems. So we begin to suspect that it isn't really a boom at all—it isn't building inflation—it is evidence of a new standard in the building industry.

This view is taken by W. S. Curtis, a leading American authority.

For one thing, he says that the country has really made up its mind to "building deficit" that accumulated during the war years. On the contrary, we are still \$100,000,000 behind pre-war requirements. If we could increase production of goods and decrease purchasing power of the dollar.

But suppose we are catching up to those other requirements, on paper. That matters little, he thinks, because "less than half the American people are housed today according to the standards to which they believe they are entitled."

Thus the present status of the building industry testifies to the new standard of living.

Here we have a great population steadily increasing in numbers and wealth. Our people want better homes, better apartments, better hotels, better business buildings, better public buildings, better roads and bridges and everything else in the way of construction. Their material inclinations are reinforced by social change in industry and society, and shifts of population. Rural sections are flowing into metropolitan areas, and cities are growing in size and suburbs. That stimulates the demand for new homes.

Besides the demand for more living space and shelter, there are millions of formerly tenement homes turned into "slums" which must be replaced. There are also countless schools, stores, office buildings, factories, etc., American, unfortunately, lack, in being rebuilt before our eyes.

THE BIG INTERIOR WATERWAYS
The chief of the army engineers, who has been studying the two great waterway projects now before the country, reports to Congress as follows:

First: The region's ship canal through the Great Lakes to the Atlantic, the proposed route down the St. Lawrence river, the government only estimates as much as the alternate route to New York State and the Hudson river.

That as regards a nine-foot canal connecting Lake Michigan with the Mississippi and making a better freight outlet from the interior to the Gulf of Mexico, a diversion of 1,000 cubic feet per second from the lake at Chicago would suffice for navigation. This property interest of the lake could be sold to divert to carry off Chicago sewage, and that diverting more than 1,000 feet would not do the Mississippi River any particular good.

This may settle the dispute as to the choice of route, the much maligned St. Lawrence route. It will be repaid by hydroelectric development.

It may also satisfy the lower Mississippi states as to the possibility of improving transportation on that route without taking so much water from the Mississippi as the St. Lawrence lake navigation, and without making the Father of Waters, as Newton B. Laker, remarked, in a congressional committee, the "Father of Sewers."

The city of Chicago, however, still refuses all appeals to solve its water problem by building adequate sewage disposal works—no other American city have done.

PLAY FOR EXERCISE
Dr. Charles M. Wharton, director of health and physical education at the University of Pennsylvania, says that one of the modern exercise fads, although he has had 70 years

of experience in training athletes and keeping college men fit.

"Exercise as a fountain for all ills is a very old idea," he says. "The search for the fountain of youth by exercise and diet has been commercialized to a point of hysteria. Hoarding and starvation diets are assaults on health, and selecting the early hours for exercise is choosing the worst time of day for such exertion. Exercise should be a habit against the wild scramble for health by spasmodic means."

"Furthermore, exercise is best when it is relaxed play, when it is pleasant and not work and when it comes, as it were, of itself and is not merely self-imposed as a stern duty."

Instead of logging out of bed and exercising violently for 20 minutes, try walking to work and entertaining yourself by noting new signs of spring from day to day. Or take the formal exercises if you really enjoy them and their immediate effect, but don't take them if you have to force them on to them against all inclination.

The person who abandons formal exercise, however, should be sure to indulge in "relaxed play" often enough to get out of it the good he needs. That sort of play is something too few Americans know anything about.

"I will leave her out of it," he said. She shook her head.

"We can't," I'm another woman. Not a man. I'm not saying anything detrimental to her. But this you love her as well as you. Now will you give your promise and Daxter?"

"I will," she said. "I will give you my promise."

"I will give you my promise," she said. "I will give you my promise."

COMMISSIONERS INVITE BIDS ON HOSPITAL WALK

Board Changes Plans and Provides for Use of Cement Instead of Gravel; Chamber Committee Delivers Deed.

A joint deed conveying title to land for right of way for sidewalk on the south side of the highway from Twin Falls city limits to the county general hospital was delivered Monday to Twin Falls county commissioners, and the commissioners immediately thereafter authorized call for bids to be opened early next week for the construction of a cement walk to the hospital.

The deed was delivered to the commissioners by Leonard E. Smith and R. W. Gardner, members of a chamber of commerce committee, with which the commissioners entered into an agreement on March 7, last, whereunder the commissioners agreed to build the walk if the right of way were obtained and furnished without cost to the county. Decision to build a cement walk was reached subsequent to the date of this agreement which provided for building of a gravel walk. Under terms of the agreement the county is to move fences and ditching.

Property in care of the hospital was donated by landowners for the sidewalk right-of-way, owners who signed the deed being the Twin Falls Natatorium company, P. J. O'Connell, Ruby E. Hughes, Ray Pugh and David A. Benham of San Jose, California.

KNIGHTS TEMPLAR MEET IN BURLEY AT SERVICES

Easter services for Knights Templar, conducted in the Methodist church in Burley Sunday afternoon by Rev. O. L. Kendall, were attended by fifty-six members of Twin Falls commandery, including several members resident of Burley, Elmer, Kimberly, Rupert and Burley. The Templars on the trip to Burley were accompanied in many instances by members of their families and a large congregation was assembled at the services. Special music was given by the church choir.

Visiting Templars were guests at luncheon by members of Masonic lodges at the close of the services.

SCHOOL FOR SCOUTMASTERS
School for scoutmasters will be held this evening at the Baptist bungalow. Surveying, judging in first aid work, and mapping will be treated.

Mrs. Amy Harstad Claimed by Death

Mrs. Amy Harstad, wife of Dr. Oliver Harstad, 304 Seventh avenue north, died at 4:00 o'clock Sunday evening at a hospital here where she had been a patient following an operation which had been performed a week previously. Her death was a surprise to her family, as she had been in good health and was expected to recover from the operation.

Funeral services will be held at 2 o'clock this afternoon in the family residence, to which the body will be taken this morning. Services will be conducted by Rev. Arthur G. Pearson of the Presbyterian church of which Mrs. Harstad was an active member. Besides her husband, Mrs. Harstad is survived by her parents, Mr. and Mrs. J. D. Kautz and three brothers and two sisters, one of whom, Miss Ethel Kautz, lives in Twin Falls. Mrs. Harstad was born in 1888 in Chester, Ohio, and lived with her parents in Twin Falls for some years before her marriage in 1918 to Dr. Harstad.

Auto Mishap Story Told in Court Room

Story of an automobile collision in which two young men were severely injured was related by witnesses in district court here Monday in trial in the suit of Ora I. Munyon, one of the victims, against Frank DeKloster, driver for \$2,000 damages. Munyon, who is alleged to have sustained severe injuries about the head, hands and legs. The collision occurred on the highway east of Filer on the evening of November 1, last, when a car owned by W. L. Blackwell, in which Munyon had been riding and which had been stopped to repair a tire was struck from the rear by the machine driven by DeKloster.

Witnesses for the plaintiff included Edward J. Williams, who also suffered injuries in the collision and in whose favor a jury last week returned verdict for damages from DeKloster. The first special venire ordered by Judge W. A. Babcock summoning 50 jurors failed to produce the jury in the trial of this case, and a second special venire calling for six additional jurors was issued Monday. Foreman of the jury is finally selected as follows:

W. M. Arnold, George P. Sprague, J. P. Johnston, Charles Helmer, J. A. Keweenaw, J. A. King, James H. George, Thompson, A. H. Wilson, Robert Beaman, A. J. Wilton, W. H. Munnell.

SOCIETY AND CLUBS

Edited by Mrs. R. B. Williams Phone 200

Recently resigned applicant at Dance, Monday evening, when the Business and Professional Women association held one of their delightful informal dances. A pleasing feature of the evening was a demonstration of the Charleston by Miss Dorothy Adams, Librarian, and Mayan Helmsbeck. The program included several promenades which served to promote sociability, and three extra ladies choice. Clever favors for the ladies were baskets adorned with flowers in which was hidden a tiny bell which tinkled merrily during the dance. Montanans were favored for the men, carrying out the idea of the spring season. Punch was served throughout the evening from a prettily appointed table. A committee of fifteen club members were untiring in their efforts to see that their guests enjoyed the evening to the utmost. The club's six piece orchestra furnished music for the occasion.

Mrs. W. A. Patrick was hostess to the music department of the Twentieth Century club Monday afternoon at her home on Ninth avenue east. The business session was presided over by the chairman, Mrs. G. P. Durall. Mrs. Gilbert had charge of the program, the subject being the opera "Zampa." Mrs. H. E. Vogel gave a complete history of "Zampa," by the world's greatest composer. Mrs. D. L. Alexander gave a history of the opera "Zampa," presenting numbers from each of the three acts. Mrs. Gilbert and Mrs. Alexander played a waltz and "Zampa" by "Zampa." Mrs. Alexander told the story of "The Barber of Baghdad," by Auber, and also the story of "The Dumb Girl of Portici." The concluding number was a piano duet "The Call of Baghdad" by Mrs. Alexander and Mrs. Gilbert.

Mrs. H. B. Churchill's class of sixteen girls of the Presbyterian Sunday school had a delightful party on Saturday afternoon at the home of Ruth McPherson on Blue Lake boulevard. Games of various kinds passed the time pleasantly, and late in the afternoon refreshments were served. Their teacher was also present.

Mrs. D. D. Alvord entertained with an Easter breakfast for her class of girls in the Episcopal Sunday school. Places were marked for fourteen at one large table with decorations of white and yellow, and breakfast was served after the eight o'clock service.

Mrs. R. A. Graham was hostess to the ladies of the Shoshone club last Thursday afternoon. A short program was given consisting of piano solo by Martin Graham and Elsie Curdsey, a reading by Jean Olmstead and a lively contest in which Mrs. Graham was

awarded the prize. During the business session it was decided to make a quilt for the children's home. Dainty refreshments were served by the hostess. The next meeting will be with Mrs. J. A. Griffith on April 15.

Members of the Home Guard club of the Methodist church met Monday afternoon after school with Miss Betty Bolton, at the home of Miss Bolton's grandmother, Mrs. Thomas Warner, 208 Eighth avenue east. Sixty girls were present. A program that included several musical numbers and readings was presented by five of the girls. Refreshments were served at the close of the meeting.

ANNOUNCEMENTS

The regular meeting of the Twentieth Century club has been postponed until Wednesday, April 7, when it will be held at Justine's Inn at 2:30 o'clock.

The Presbyterian Missionary society will meet at the church parsonage Thursday, April 8, at 2:30 o'clock. A special invitation is extended to all the women of this congregation to be present.

The Twentieth Century club will hold a business meeting today at the Justine's Inn.

The Business and Professional Women will have their regular weekly luncheon today, at noon in their club room.

The Highland View club will meet on Wednesday, April 7, with Mrs. Petrolini.

The Wineland club members will meet at the home of Mrs. L. L. Breckinridge, on Wednesday, for a 1:30 luncheon.

Mrs. Varney Hurlow will entertain the Morningstar club on Wednesday afternoon, April 17.

Chapter D, P. E. O. Sisterhood, will meet this Tuesday evening at the home of Mrs. A. B. Bennett, 150 Ninth avenue east.

The Ladies Aid of the Community church will meet in the church luncheon on Wednesday afternoon, with Mrs. Stafford hostess.

Primrose Rebekah lodge will meet in regular session Tuesday evening at 7 o'clock in the I. O. O. F. hall. There will be initiation. Members are urged to attend and visiting members will be welcomed.

A regular communication of Twin Falls lodge, A. F. and M. will be held Wednesday evening, April 7, at 7:30 o'clock in the Masonic temple.

WOODMEN OF WORLD TO WELCOME HEAD CONSUL

L. L. Book of Denver, head consul of the Woodmen of the World, will arrive in Twin Falls on Monday, April 5, on a visit to the Twin Falls camp and members of the order in this district. Officers of the local camp were advised Monday. Mr. Book will come to Twin Falls from Denver and will visit only two other camps in Idaho on his scheduled trip which includes a few stops in Montana.

Members of Twin Falls camp at a regular meeting this evening will work out plans for a reception for the head consul on the occasion of his visit. Invitation will be extended to the general public as well as to members of the order throughout this region.

TWO COLLISIONS REPORTED

Cars driven by J. L. Drullman of Twin Falls and P. T. Adelquist of Idaho collided Sunday at the intersection of Blomhouse street and Second avenue south. Mr. Drullman was taking minor injuries and fender and tire on his car being damaged, according to report to the police.

TEN NEW WATERUSERS IN PAST THREE DAYS

Names of 10 new patrons of Twin Falls waterworks have been added to the waterworks department's list since last Friday, each new name indicating the addition of another family to Twin Falls population. It was stated Monday at the waterworks office.

Must Make Opportunity

Time and tide, the adage says, wait for no man; neither does anything else that nowadays is run on schedule. The great struggle of modern life is to make connection with opportunity, for this makes possible success—trifling.

"MOANA" The South Sea Island epic at the Idaho Theatre this week. Moana Lily bulbs given away free.

Tapping a Rubber Tree on a U. S. Rubber Company Plantation

The United States Rubber Company now owns over 7,000,000 rubber trees—more than 5,000,000 of them are already producing rubber for U. S. Tires and 20,000 employees are engaged in caring for them.

Here are the Answers to Your Questions on the American Rubber Supply and Automobile Tires

Q—Where does America get its rubber?

A—The only important sources of rubber for all the world is the rubber plantations in the Far Eastern possessions of Great Britain and Holland.

Q—Is America represented among the Far Eastern rubber plantations?

A—Yes, the largest of all these Far Eastern plantations is owned and operated by the UNITED STATES RUBBER COMPANY.

Q—Do the United States Rubber Company Plantations produce any considerable quantity of rubber?

A—Yes, they produced 20,000,000 lbs. of rubber in 1925, and in the next few years the output will be increased about 75%.

Q—Then the growing of rubber by Americans for Americans is not a new thing?

A—No. In 1909, this company acquired their vast tracts of ideal rubber growing land in Sumatra and Malaya.

Q—How large are the U. S. Rubber Plantations today?

A—The U. S. Rubber Company Plantations now comprise about 150,000 acres, with over 7,000,000 rubber trees, sixty miles of narrow gauge railway, and 200 miles of motor roads. They give employment to 20,000 people.

Q—What does all this mean to me as a buyer and user of United States Tires?

A—Probably so, in the course of time. For instance, the U. S. Rubber Plantations will probably yield 15 per cent more rubber in 1926 than in the past year.

No laundry—discard like tissue

A—The United States Rubber Plantations and their results have brought many benefits to every user of U. S. Rubber products of all kinds. For instance:

1. Latex-treated Web Cord, one of the outstanding major improvements in tire-building, announced by this Company in 1922.

2. Sprayed Rubber, the new standard of purity in crude rubber, of direct benefit to every user of any U.S. Rubber product.

3. In addition, during the past 17 years, the U. S. Rubber Plantation Experts have conducted thousands of successful researches into improving rubber by improving the rubber trees.

Q—What is Latex-treated Web Cord?

A—This is the new cord structure for cord tires, combining maximum strength with maximum flexibility. Questions and Answers on Latex-treated Web Cord will be published shortly.

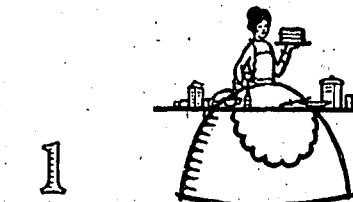

Q—What is Sprayed Rubber?

A—Sprayed Rubber is the new purity in rubber. It is free from both acid and smoke. Questions and Answers on Sprayed Rubber will also be published at an early date.

Q—Will American car buyers be able to get better service from U. S. Rubber?

A—Probably so, in the course of time. For instance, the U. S. Rubber Plantations will probably yield 15 per cent more rubber in 1926 than in the past year.

3 reasons why Schilling Baking Powder is the pride of Western Kitchens

1 Made from Cream of Tartar

A pure food product derived from luscious grapes. No one has yet discovered a safe substitute for it. Ask your Doctor. He knows!

2 Baking Insurance

If for any reason you are dissatisfied with anything you ever bake with Schilling's, merely tell your grocer. Instantly, he will pay you for the things you have used (flour, butter, eggs, everything) and for the full package of Baking Powder.

We will pay him. No red tape—no strings. Schilling is sure—that's all!

[Comes in full pound (16 oz.) tins]

3 An Even, Fluffy Texture

Schilling Baking Powder raises a cake with myriads of fine, fluffy bubbles. Cream of Tartar always gives that fine, even texture that no substitute has ever been able to equal.

TEA COFFEE Baking Powder extracts 50¢/lb

ASKS MILLIONS IN LIBEL SUIT

Former Governor, Freed of
Bribe Charges; Starts Action
Against Kansas City Journal.

TOPEKA, Kan., April 5. (AP)—Jonathan M. Davis, former governor of Kansas, returned to the district court where he was freed Saturday of a bribery charge, and filed today a five million dollar libel suit against his accusers. All the principal witnesses in the trial of the former governor were named as defendants in the action.

Publication of a copyrighted story in the Kansas City Journal of January 19, 1925, exposing what was alleged to have been the sale of a gubernatorial pardon, precipitated the sensational series of trials that resulted in three acquittals. In the last trial, wherein a jury found Mr. Davis and his son not guilty, the principal witnesses were named as the Kansas City Journal, Post, a public stenographer and ex-convicts who were linked with the alleged sale of the pardon.

Against these witnesses ex-Governor Davis turned the tables today, instituting a costly libel prosecution. He demanded \$1,000,000 because of malicious prosecution and \$2,000,000 punitive damages.

THE DAY IN WASHINGTON

The house passed a bill to increase Spanish-American war pensions.

The senate began consideration of the Stock-Brookhart election contest.

The treasury submitted a plan for financing the Boulder canon and dam project.

Wet leaders opened the senate subcommittee's hearing on unification bills.

Cotton growers of ten southern states endorsed the corn belt farm tariff bill.

Western states filed briefs opposing increased freight rates for western railroads.

President and Mrs. Coolidge were back at the Easter egg rolling on the White House lawn.

SALVAGES ONIONS FOR CONSUMERS IN NEVADA

Out of 10,000 sacks of onions recently dumped on Twin Falls municipal dumps by a local dealer, other persons have salvaged four million pounds of onions which were hauled to Nevada and sold there for \$1.00 per hundred pounds, members of the city council were told Monday evening by T. J. Douglas, commissioner of public grounds. The council went on record in opposition to further dumping of onions in wholesale quantities on the city dump grounds.

Truant's Good Excuse
Schoolboys are extremely practical in these days. The headmaster of a school in an English district recently received a note apologizing for a boy's absence from school because he was repairing his boots. The master was naturally interested, and upon inspection was astonished at the skillful way in which the lad's shivers had soiled and heeled and patched the boots he was wearing. Handwork is not taught in vain apparently.

LUBRICATED by ZEROLENE POWERED by "RED CROWN"

Starting April 6, Air Mail Service Cuts Two Days Off Present U. S. Mail Time from Northwest to New York

Zerolene-lubricated airplanes, powered with Red Crown aviation gasoline, clip two full days each way from the mail time between New York and Northwestern communities of Washington, Oregon and Idaho.

Beginning Tuesday, April 6, the new Elko-Boise, Pasco route; Contract Air Mail No. 5, connects the Northwest with the transcontinental air post at Elko, Nevada. Thirty-four hours elapsed time from Pasco, Washington, where the northwestern air mail is assembled and put on the mail plane, to New York City—the fastest air mail transport service in the world!

What is the significance?—Immediate benefits in time saved to the people of the Great Northwest; aviation's "arrival" on an economically, commercially sound footing; the keystone of a great national defense; the stimulating of an industry of incalculable public value through private operation and enterprise.

The selection of Zerolene and "Red Crown" by Contract Air Mail No. 5 Headquarters, too, has significance for hundreds of thousands of motorists. Zerolene puts Standard Oil efficiency in your crankcase—and "Red Crown" gives the always dependable results of the Standard Oil Company's 48 years of refining experience.

Fastest Air Mail Transport Service in the World!

"After careful consideration of oil and gasoline, we reached the decision that Standard Oil Zerolene and Red Crown aviation gasoline are the best fitted and most satisfactory for use in our air-mail run."

HEADQUARTERS C. A. M. 5

Walter T. Varney

Daily Schedule—34 Hours East

The Washington-Oregon-Idaho Air Mail Service is the forerunner of the government's extension program for a contract air mail service of national scope, and a happening of national significance. Starting with 6 airplanes, 4 pilots and 3 mechanics and operated by Walter T. Varney under the first Government air mail contract, it flies daily between Pasco, Washington, Boise, Idaho, and Elko, Nevada, where connection is made with the transcontinental air post at Elko, effecting a 34-hour-by-mail contact between homes, business and banking houses of the Northwest and those of the East. The air mail from the Northwest to the East has taken

to Pasco, Washington, where it is assembled and transferred to one of the fast-flying airplanes. The same procedure is followed at Boise. This service effects a great saving in time for mail going to all points East, and also for mail going to all points east and south of Salt Lake City.

Popular Rates

The economy of air post service—soon to be extended to other sections of the Pacific Coast, is shown by the low scale of rates now in effect from the communities of the Northwest: 10c per oz. to Salt Lake City Zone; 20c to Chicago Zone; 25c to New York Zone. (See Post Office for rate schedules and time tables.)

Use of special Air Mail stamps not compulsory if mail is plainly marked "Air Mail". Use of special Air Mail stationery while not compulsory is popular for its quick recognizability.

(See Postoffice for location and collection time tables for boxes and Postoffice).

STANDARD OIL COMPANY OF CALIFORNIA

WHEAT FIRM; CORN HIGHER

Last Minute Buying in Grain
at Chicago, Helps to Rally
Middle West Crop.

CHICAGO, April 5. (AP)—Last minute buying in the wheat market today helped to rally corn which had fallen to a new low price recent days. Wheat showed a larger falling off than had been looked for and there were also reports which indicated that seeding of the domestic spring wheat crop is being delayed.

Wheat closed at 1.34 1/2 to 1.35 1/2, and corn at 1.25 1/2 to 1.27 1/2. Corn futures were unchanged to 3/8 off on a sale to 50c gain and provisions on a sale to 50c gain.

Chicago wheat stocks as well as the United States supply showed curtailment and throughout the entire day the majority of speculators gave evidence of a distinct leaning toward the buying of the wheat market. Only at the outset did sellers have any advantage. A transient decline then was met by pressure from foreign exporters. Corn weakness trended also, but the buying of the wheat market, which proved to be of a temporary sort, with wheat at several recent leadership, especially at the last.

An outstanding feature in the wheat market was the delay in the seeding of the domestic spring wheat crop which was displayed concerning further showing field reports about the time of the seeding of the crop. This condition did not appear to spread an impression that winter crop prospects have been fully discounted for, at least for the time being.

Most of the selling under which corn worked to new low levels was from Chicago traders, but it could be considered an abundance of sales due to standing orders in the market.

On the other hand, the corn visible supply showed a moderate decrease. On the wheat, the market was influenced by reports of delayed seeding.

Provisions reflected weakness of corn and hogs.

MARKETS AT A GLANCE

Stocks—Firm; rail and public utilities advance.
Bonds—Higher; French and Belgian issues extend recovery.
Foreign exchange—Steady; Belgian franc higher.
Cotton—Lower; favorable weather.
Sugar—Firmly.
Coffee—Marked steady; firmer.
Brazilian—Steady.
Chicago—
Wheat—Firm; bullish visible.
Corn—Bullish; steady; up, low selling.
Cattle—Dull.
Hogs—Dull.

LOS ANGELES LIVESTOCK

LOS ANGELES, April 5. (AP)—Cattle—Receipts, numerous; early trade moderate. Receipts of corn here today were liberal, 400 cars largely from Iowa. On the other hand, the corn visible supply showed a moderate decrease. On the wheat, the market was influenced by reports of delayed seeding. Provisions reflected weakness of corn and hogs.

PORTLAND LIVESTOCK

PORTLAND, April 5. (AP)—Cattle—Opening fairly steady on all classes with prices 25c higher on short and 25 to 50c higher on calves and yearlings. Beef calves early \$8 to \$10; 2-year-olds \$10 to \$12; 3-year-olds \$12 to \$14; 4-year-olds \$14 to \$16; 5-year-olds \$16 to \$18; 6-year-olds \$18 to \$20; 7-year-olds \$20 to \$22; 8-year-olds \$22 to \$24; 9-year-olds \$24 to \$26; 10-year-olds \$26 to \$28; 11-year-olds \$28 to \$30; 12-year-olds \$30 to \$32; 13-year-olds \$32 to \$34; 14-year-olds \$34 to \$36; 15-year-olds \$36 to \$38; 16-year-olds \$38 to \$40; 17-year-olds \$40 to \$42; 18-year-olds \$42 to \$44; 19-year-olds \$44 to \$46; 20-year-olds \$46 to \$48; 21-year-olds \$48 to \$50; 22-year-olds \$50 to \$52; 23-year-olds \$52 to \$54; 24-year-olds \$54 to \$56; 25-year-olds \$56 to \$58; 26-year-olds \$58 to \$60; 27-year-olds \$60 to \$62; 28-year-olds \$62 to \$64; 29-year-olds \$64 to \$66; 30-year-olds \$66 to \$68; 31-year-olds \$68 to \$70; 32-year-olds \$70 to \$72; 33-year-olds \$72 to \$74; 34-year-olds \$74 to \$76; 35-year-olds \$76 to \$78; 36-year-olds \$78 to \$80; 37-year-olds \$80 to \$82; 38-year-olds \$82 to \$84; 39-year-olds \$84 to \$86; 40-year-olds \$86 to \$88; 41-year-olds \$88 to \$90; 42-year-olds \$90 to \$92; 43-year-olds \$92 to \$94; 44-year-olds \$94 to \$96; 45-year-olds \$96 to \$98; 46-year-olds \$98 to \$100; 47-year-olds \$100 to \$102; 48-year-olds \$102 to \$104; 49-year-olds \$104 to \$106; 50-year-olds \$106 to \$108; 51-year-olds \$108 to \$110; 52-year-olds \$110 to \$112; 53-year-olds \$112 to \$114; 54-year-olds \$114 to \$116; 55-year-olds \$116 to \$118; 56-year-olds \$118 to \$120; 57-year-olds \$120 to \$122; 58-year-olds \$122 to \$124; 59-year-olds \$124 to \$126; 60-year-olds \$126 to \$128; 61-year-olds \$128 to \$130; 62-year-olds \$130 to \$132; 63-year-olds \$132 to \$134; 64-year-olds \$134 to \$136; 65-year-olds \$136 to \$138; 66-year-olds \$138 to \$140; 67-year-olds \$140 to \$142; 68-year-olds \$142 to \$144; 69-year-olds \$144 to \$146; 70-year-olds \$146 to \$148; 71-year-olds \$148 to \$150; 72-year-olds \$150 to \$152; 73-year-olds \$152 to \$154; 74-year-olds \$154 to \$156; 75-year-olds \$156 to \$158; 76-year-olds \$158 to \$160; 77-year-olds \$160 to \$162; 78-year-olds \$162 to \$164; 79-year-olds \$164 to \$166; 80-year-olds \$166 to \$168; 81-year-olds \$168 to \$170; 82-year-olds \$170 to \$172; 83-year-olds \$172 to \$174; 84-year-olds \$174 to \$176; 85-year-olds \$176 to \$178; 86-year-olds \$178 to \$180; 87-year-olds \$180 to \$182; 88-year-olds \$182 to \$184; 89-year-olds \$184 to \$186; 90-year-olds \$186 to \$188; 91-year-olds \$188 to \$190; 92-year-olds \$190 to \$192; 93-year-olds \$192 to \$194; 94-year-olds \$194 to \$196; 95-year-olds \$196 to \$198; 96-year-olds \$198 to \$200; 97-year-olds \$200 to \$202; 98-year-olds \$202 to \$204; 99-year-olds \$204 to \$206; 100-year-olds \$206 to \$208.

CODEN LIVESTOCK

CODEN, April 5. (AP)—Cattle—Receipts, 107 for market and 127 for local packers; market solid to 1/2 higher on short and 1/4 to 1/2 higher on calves and yearlings. FIRM UNDERTONE SHOWN IN NEW YORK STOCKS

NEW YORK, April 5. (AP)—Stock prices displayed a firm undertone in today's market. Flashes of professional selling took place at intervals in supposedly valuable stocks but they failed to cause uneasiness in other quarters. On the other hand, bullish demonstrations were confined to a selected list of speculative local transactions, motors, rails and public utilities.

Trading showed a marked reaction in values, total sales being 1,000,000 shares, the smallest for several days. This was due, in part, to the absence of many traders who were preparing for the opening of the market and investors to re-enter the market after a sharp decline as occurred last month and the general trend became more clearly established.

Credit conditions showed further improvement despite the temporary reaction shown in last Saturday's clearing house statement; call money returned a 1 1/2 per cent and dropped to 1 1/4 per cent, as large sums of money began to flow back here from interior institutions, and money rates also softened, leading to the belief in some banking quarters that a period of easy money rates was in prospect.

NEW SCHEME TO GUIDE TRAFFIC TO GET TRIAL

Council Decides to Use "Four-Button" System at Intersection of Main and Shoshone; Fire Siren Indicates Danger.

Decision to make a test of the "four-button" system of regulating the flow of traffic at the intersection of Main and Shoshone streets was recorded during a discussion of traffic regulation problems by members of Twin Falls city council at regular meeting Monday evening at which the Oregon Short Line was granted franchise to build a new track to serve the Standard Oil Company warehouse. The council also approved an ordinance to install a fire siren on Jefferson street in the event of a fire in the city.

The "four-button" system, which has been submitted by the councilmen for use at the intersection of Main and Shoshone streets, is a system in which four buttons are to be placed in the pavement, one at a certain distance from each corner of the intersection, so that the movement of traffic will be plainly marked. During the test period, the buttons will be represented by painted spots on the pavement. Subsequently, if the test proves successful, painted buttons will be installed.

Apparently increasing disregard for the traffic laws, and the danger to life and property, and the fact that the intersection of Main and Shoshone streets is one of the most dangerous in the city, were the reasons for the councilmen's decision to make a test of the "four-button" system. The councilmen also decided to make a test of the "four-button" system at the intersection of Main and Shoshone streets.

Communication from George D. Aiken, broker, asking for the lowest cash price that would be accepted for the water tower through which the city's water supply was delivered in the early days of Twin Falls, was received by the council and taken under advisement with agreement that a definite price should be fixed. No use has been made of the tower for many years.

World Paint Bridge The councilmen also took under consideration proposals submitted by a bridge painting contractor for painting the Blushing street bridge and also for painting the waterworks by pass across Black creek near the bridge.

The city park is not a proper place for baseball playing, the councilmen advised by his colleagues of the council when he invited their opinion on the subject. Council members agreed that the park is designed with view primarily to provide a place for rest and that preservation of lawns and shrubbery is essential. It was pointed out that the school district has provided a playground near the high school building, and that

With the completion of improvements at the Harmon field, a proper place for recreation will be made available to the community at large. The council voted approval of an application made by the Harmon field for permit to install a service station at the intersection of Addison avenue and Fifth avenue north.

CHICAGO ENGINEERS TO IMPROVE ACOUSTICS OF PRESBYTERIAN CHURCH

First step toward the correction of acoustic properties of the main sanctuary of the First Presbyterian church, were taken Monday morning when contractors began the construction of scaffolding that is to be used by engineers of the John Manville office of Chicago, who are expected to begin their work on the church this week. The work of this work by the Chicago engineers, the interior of the church will undergo re-decoration under the supervision of Milton E. Powell. Combined cost of the two improvements will be approximately \$4,000. Eighteen thousand feet of scaffolding have been placed to the treasury of the church during the past three weeks. This amount includes a \$2,000 pledge made by the Ladies' Aid society; \$10,000 of the amount pledged will be diverted to the current expenditures for the church. The work will be used for improvements in acoustic properties and decorating, and \$6,000 will be applied to payment of indebtedness on the property.

DEATHS

NICHOLSON—John Nicholson, for several years a resident of this country, died early Monday morning at a hospital, where he had been a patient, for some time suffering from effects of a spinal injury. He had been employed recently on a Salmon River project farm. Burial will be held at the Twin Falls cemetery at 2 o'clock this afternoon for John Franklin Kelley, infant son of Mr. and Mrs. Salley Kelley, whose death occurred Monday morning. Mr. and Mrs. Kelley are former residents of Piler and moved to Twin Falls recently. Arrangements for the services are in charge of the DeWitt funeral service.
