## RED MEN FACE ARREST UNLESS CAROUSEL ENDS

**United States Attorney Issues Order to Indian Service Regarding Tribesmen's Deliance of Peace Officers.**

(By the Associated Press)  
Klamath Falls, Ore., April 16.—Indians on the Klamath reservation who have been on a drunken rampage, were placed under the law of arrest again tonight. The United States attorney here issued an order to the United States commissioner here to order arrest of all Indians who have been defying civil authorities on the reservation and the market, providing for collection of debts of a county or city officers in making arrests, but charges the Indian service with the duty of arresting and holding offenders before the commission.

### Compliance Order.

The new order, which applies to Indians other than those who resided to Washington against a recent decision of a federal judge at Portland which held that Indians are wards of the federal government and cannot be held in arrest under state provisions. Vice-Attorney L. E. Elliott was advised tonight to appear from the federal district court division. The situation is somewhat aggravated by the fact that many of the drunk Indians have much "new" money, having recently been paid an aggregate of \$250,000 for their return on the reservation.

### Celebrate Saturday Night.

Other Indians carry large bands of horses on the hills, supporting their incomes from gambling, and are in the habit of leaving the reservation to spend Saturday night in Chiloquin, the reservation center.

Arrests are expected to come to a focal point tonight when the Indians gather.

**Stream of Molten Rock Crosses Road On Way to Seacoast**

Lava Moves Toward Village; Communications Cut When Flow Reaches Highway.

Idaho, T. H., April 16, 60.—A stream of molten rock 20 feet deep and 600 feet wide from the volcano, Mount St. Helens, a government road today was cut off by the lava, trapping 160 passengers in a hotel of Hellsprings, barely five miles away from the sea coast. The lava crossed the road shortly after noon, then was moving so fast an hour later it was moving at a rate of 100 feet a minute. The flow moved slowly, steadily.

The progress of the lava has cut communications between the Kau and Kauai districts, and the Kau district has stopped.

Three army airplanes flew to Hilo today at the request of Governor Thomas A. Jaggar, of the Hawaiian volcanoes observatory, who expects to photograph the flow of lava of Mauna Loa.

**URGES STATES TO BUY TIMBER**

**Secretary Jardine Tells of Gov-  
ernment Program in Re-  
forestation Campaign.**

ATLANTA, Ga., April 16, 60.—Outlining the government's program for forest-hunting, Secretary Jardine told the National Whiteman's Association here tonight that the time had come for the states to take the reforestation campaign.

The government has spent \$2,000,000 acres of forest land, and during the next 10 years alone, if the pending McNary-Woods bill is passed by congress, to greatly expand its purchases.

### Program Well Launched.

"The federal government's agricultural program is really well launched," he said, "but there is still much to be done for the state program. There is room for a broad movement toward state forestry. Large areas of cutover lands are available in many states for reforestation."

He urged the association to buy over land that can be bought very cheaply, now is the time for the states to act.

Secretary Jardine outlined his recommendations. Low grade woods, which he said are not left to rot in the forest, burned under hollers, should be cut down and sold, he suggested, freight rates might help get this material to market.

WASHINGTON, April 16, 60.—(Reuter)—A resolution to the world-wide square deal for prohibition was urged today before the Senate hearing committee by church leaders of many denominations, laymen and the Anti-Saloon League.

Opening the counter-offensive of the dry days against the wet, witness after witness insisted that Congress reject all proposals for modification of the national Prohibition Act—except in places where putting more teeth in that celebrated law.

"The best way to answer the challenge that the law can not be enforced is for Congress to justify the legal measure," asserted Dr. George B. Wheeler, general counsel of the Anti-Saloon League.

"Olive, society, equal chance, justice, and the square deal are the great principles of our country," Dr. R. P. Hayes, of New York, president of the Federal Council of Churches, delivered by Dr. Charles H. MacFarland of New York, were the speakers. "It is for sure legal enforcement that will give the policy of prohibition an adequate opportunity to demonstrate its full value

The house was told by Representative George L. Hartman, a dry leader, that he believed the general was faithfully doing all he could to enforce the law. Republican Senator Edgar E. repudiated New Jersey, a wet state, in the joint.

Passaic citizens requested this action yesterday. The sheriff, who said he was awaiting more strike leaders to return to work, but were apprehensive of violence from those who insisted on prolonging the twelve weeks' struggle.

A request for intervention was received from the strikers last night.

### BORAH URGES PROBE.

WASHINGTON, April 16, 60.—Passaic textile strike conditions are becoming such that a Senate investigation is needed, the chairman of the Senate agriculture committee said.

Rep. John W. Borah, Idaho, told the Senate today

to report the "dilatory regulation" causing further strikes and delay.

Senate Borah said he had "reliable information that the employers no longer desire an investigation."

At the White House today was President Coolidge, who had been summoned by the federal attorney of the United States attorney for New Jersey, who should be called to them. If they should have been violated, the Senate, he feels, rests with state authorities.

## GOLD IN PANAMA.

The newest gold strike, aside from those in Nevada and California, is in Panama and the lucky strikers are British. If their accounts are true, they are immensely lucky.

Now God so rich has seemed since the discovery of the gold field Gold in South Africa. And this, say the British financiers who have organized a syndicate to exploit the Panamanian deposits, is greater than the Rand field.

Moreover, it is all theirs. A rush of prospectors might prove futile. The syndicate of 50 members has everything to prove that 10,000 square miles,

including all the known deposits, the concession is perpetual, and free of all taxes but an export tax of 2 per cent on gold. Besides the millions of gold said to be in sight, on the surface and in easily accessible "veins," there are likely more on the

inner mountain system.

## THE SPLENDID ROAD\*

Set in California during the hectic gold rush days of '49, "The Splendid Road," which had its premiere yesterday at the Olympia, was well received by audiences, beauty and surprise that have graced our local screen.

Anna Q. Nilsson, Lionel Barrymore, Robert Frazer, splendid players all, made the picture a glowing tableau of their interpretations. In the end, it is impossible to decide which of them gave the best performance!

"The Splendid Road" is the first picture we have seen that illustrates the fact that possibly more people came from the east by ship around Cape Horn than by covered wagon. It describes the hardships that they suffered, the dangers they met, the changing nature of the character of the savages who were among the early settlers.

"The Splendid Road" is decidedly worth while.

for there would be the concentrated effort. Everybody loves trees. Everybody knows of this time, a little about the importance of forests, ever-renewed, to a thriving nation. But not everybody feels a personal responsibility to...any specific tree or group of trees—or to the country's forests, existing or proposed. So the obligation to sound national and state forests, policy is slow, and a long process of education is necessary.

"That education is what unusual value will be given to the use for reforestation of the land which is otherwise credits in this paper, and also the local news published herein. All other news and editorial matter published herein are also reserved.

# W. C. T. U. MEET PRAISES BORAH ON DRY STAND

Delegates at "Dry Rally" and District Institution Here Call for Severe Punishment of Violators of Liquor Laws.

A "dry rally" and district institute of the Women's Christian Temperance Union of the fourth and fifth Idaho districts, attended by 60 delegates from 12 counties in the Methodist Episcopal church here, Friday, adopted resolutions addressed to Senator Borah expressing "strong appreciation of the strong stand you are taking against the manufacture of liquor." The resolutions called upon Senator Borah to make a full member of the Judiciary committee and ask that you continue to use your influence for the strict enforcement of the Volstead law.

Strict enforcement of the prohibition act and severe punishment for violation of the liquor laws was the keynote of all addresses. Several of the speakers expressed the opinion that action of officials reflect public opinion in their communities.

## PROHIBITION IS LIVEST ISSUE OF THE DAY.

Mrs. John L. Brady of Pocatello, state chairman of the Women's Christian Temperance Union, in an address of the afternoon session, said the subject of the World War had been forgotten.

"Prohibition is the liveliest issue of the day. It was a generation of people that passed the eighteenth amendment. It will be an increasingly better educated generation that will be called upon to carry out the enforcement of those ideals which made possible the independence of the backbone of the nation; they stand squarely back of the eighteenth amendment, and its purpose shall not be defeated."

## CONGRESSIONMAN SMITH'S ADVICE.

Mrs. Brady quoted from a letter that she had received recently from Congressman Addison T. Smith in which Mr. Smith stated:

"The W.C.T.U. will have a tendency to drown the 'dry' in every city, town and hamlet and in the rural sections throughout the country to the absolute detriment of the men, in seeing that those to be elected to the legislatures and congress are men known to be in favor of the Volstead act, and that the same sort of men are to be elected to the state legislatures and sheriffs. The trouble with many of the people who were evidently against the saloons pictured in the theory that the fight was won when it was not. Now, however, many people are ashamed at the apparently overwhelming vote in favor of light wines and beer, resulted in a recent newspaper ballot, but as a matter of fact, the ballot was not taken. The 'dry' should vote on a straight ballot when they already are satisfied with existing laws; only the dissatisfied people will register and vote."

In the evening, the close of the afternoon session, Rev. E. C. Harton, minister of the Christian church of Twin Falls, invited members of the congregation to meet at his home to hear the records of men who are able and willing to hold responsibilities.

**New Officers Chosen.**

The meeting was presided over by May Blake of Twin Falls, also Mrs. May Blake of Twin Falls, Rev. H. C. Harton, minister of the Christian church of Twin Falls, invited members of the congregation to meet at his home to hear the records of men who are able and willing to hold responsibilities.

**Reports and Discussions.**

Much of the time was given over to reports of committees, the children and volunteer deacons and to round-table discussions. Speakers included Mrs. Gamble on "How to Hold Our Quota"; Mrs. Hibbard on "Building a Better Church"; Mrs. Harton on "Our Queen"; Mrs. Blake on "Organizing New Groups in Our District".

Guest numbers included sons by Mrs. H. C. McGuire, Miss Marian Watson and Miss Edna Graham.

General services at the opening of the forenoon session were conducted by Rev. J. Elliott Slapp, of the Christian church of Kimberly, and at the opening of the afternoon session by Dr. H. C. Hampshire of the Methodist Episcopal church of Twin Falls. Mrs. John T. Morris of Burley lead in the monthly prayer that preceded recess for the meeting. Following which there was a service in the church for all delegates and visitors.
