#### If a child

doesn't like oatmeal, win over with famous "Quaker" Flavor.

THE reason some children don't eat their oatmeal without crying is that they're not given the Quaker.

There is a great difference in the flavor of oats. And flavor, above all things, is needed to win a child's appetite. Quaker Oats has a unique flavor. In it is another brand. That is why millions will accept no other kind. Quaker milling, too, retains much of the "bulk" of oats—which makes laxatives less often needed. Protein, carbohydrates, minerals, vitamins and this "bulk" make Quaker Oats an excellent food for infants. To get the Quaker (cooks in 3 to 5 minutes), or regular Quaker Oats as you have, always know them. Grocers have both kinds.

#### County attorney and county superintendent. Candidates for county attorney are Robert McClure, Clarence Adkins, county superintendent, David McClure and John Parker. Judges of election will be Roy Murphy, Homer Evans, Don Gray; clerks of election, Wayne Brooks and Walter Davall.

#### SOCIETY AND CLUBS

Filed by Mrs. E. B. Williams Phone 396

Members of the Business and Professional Women's club will have a party Monday evening in the club rooms. Cards were played at ten tables, each having a hostess to provide her own decorative table and set forth at each table, the guests playing whatever their fancy dictated making the evening most enjoyable and quite out of the ordinary. At a late hour refreshments were served. At the regular weekly luncheon today the program will be in charge of Mrs. W. H. Hewitt.

Mrs. Bala Sawyer, Mrs. J. R. Trullinger, Mrs. E. B. Whitely, Mrs. Anna Hanson and Mrs. W. F. Shaw entertained the Star Social club in the Business Women's club rooms on Monday afternoon. The short business session was presided over by the vice president, Mrs. T. J. Foster. A very delightful program followed, consisting of a musical number by Little Miss Edith Booth, pupil of Miss Aylesen—Booth, wearing a Russian peasant costume; Mister King Solomon sang two verses solo; Miss Marjorie Woods accompanied both numbers. Miss Woods also played two instrumental selections. A social hour was enjoyed during which the hostesses served "dainty refreshments."

The ladies of the Menarche club met last Thursday afternoon with Mrs. M. McCalline. A miscellaneous show was given for the hostess which included a beautiful assortment of gifts. A short program was rendered and the remainder of the afternoon spent with needlework. Refreshments were served to the thirteen members and three guests present. The next meeting will be with Mrs. E. H. Olmstead on May 12.

The wedding of Miss Louise Weidman and Henry Fisher, both of Twin Falls, took place last Sunday in the home of Mrs. Fisher here and will make their home on Seventh avenue.

# MUSIC STRIKES POPULAR CHORD

### Events of Twin Falls' First Observance of Week Exert Powerful Appeal.

#### MUSIC WEEK EVENTS

Tuesday—Concert by Twin Falls Municipal band by Methodist Episcopal church at 8:15 p. m.  
Wednesday—Promenade concert by Twin Falls senior and junior high school bands at high school at 1:15 p. m.  
Concert by Methodist Episcopal club on 8 o'clock at high school at 8:15 p. m.

Popular appreciation of the movement that has brought about this week Twin Falls' first observance of national music week was conclusively evidenced by assemblage of a large audience that generously manifested its approval of the program presented Monday evening in the Methodist Episcopal church auditorium by the Twentieth Century club music department. The program, which included both vocal and instrumental music and readings, was songed by Mrs. O. P. Davall, chairman of the club's music department. Each and every number was applauded so insistently that an encore was given.

Music week observance in Twin Falls opened Sunday evening with concert given Sunday evening in the Methodist church auditorium, in which some of Twin Falls best known talent appeared. Solists were Paul McWhirley and Wilton Peck, Miss Jerome Krivanek, who was to have given a solo number, was unable to take part because of illness. Twin Falls municipal band, with an instrumentation of 27 pieces under leadership of the band director, participated in an event in connection with Twin Falls' observance of music week, will give a concert this evening in the Methodist church auditorium.

On Wednesday the senior and junior high school bands with a combined instrumentation of 80 persons under direction of J. T. Brinbridge, will stage a promenade concert, and in the evening a concert in music and singing observance of national music week an annual event in Twin Falls.

#### DIFFERENT TYPE PLAY PROMISED BY SENIORS

"Hollo's Wild Out," the senior class play, which is to be produced in the high school auditorium, May 8 and 9, is an exceedingly clever, hilariously funny comedy with just a hint of the pathos and tragedy of life to make it interesting. The lines of the play, its funny situations, the humorous characters, will keep the audience in an uproar of laughter; but they will sympathize with Rollo when they learn that he is only a good "local actor." Although the situation is amusing, although Rollo himself is decidedly amusing, the audience cannot fail to realize the pathos of his thwarted ambitions. You will enjoy "Hollo's Wild Out," because it is different in type from any play ever produced by the Twin Falls high school.

# THE SPORTS OF A DAY

## BIG PARADE TO MARK OPENING OF U-I LEAGUE

Mayor Lundstrom of Logan Will Pitch First Ball When Irrigators and Colleagues Cross Bats Today.

LOGAN, Utah, May 3 (Special to The News)—Mayor A. G. Lundstrom of Logan will officially open the Utah-Irrigator league season here tomorrow afternoon at 4 o'clock by pitching the first ball across the plate. It is hoped that Fred Nye, president of the league, will be on hand to do the receiving.

Aided by the American Legion drum corps and followed by all the organizations of the city in dress suits the opening day parade will traverse the downtown district and come to the ball field for the opening ceremonies. All business houses will be closed for the game and the sale of tickets today will be on hand to witness the opening of organized baseball.

Rivals Again.  
Henry Walter, Logan and Carl Zambek, Twin Falls, will meet as rival managers in the first game of the season. For the past three years Zambek has been baseball coach at the University of California and Walter has held the same position at Stanford. Three times the teams of these two have met and California has taken the two of them. Last year ago these two managed eight teams in the Humboldt County league in California and they must have met for the fifth time as opposing managers.

Given Workout.  
The irrigators arrived in Logan this morning at 11:30 and were given a workout on the local field this afternoon. Carl Dwyer, infielder, was on deck to meet the irrigators and worked at second base part of the time.

Hefer and Thompson is the probable battery for the irrigators and Olive and Pratt for Walter Collegians. Neither Harry Biles nor Bob Whitford are in shape to start, both still suffering from "bad legs" which is rapidly running into white and may be used before the week is over.

BANNOCKS IN FINE TRIM  
FOCATELLA, May 3 (AP)—The Bannocks went through only light training today in anticipation of tomorrow's game with the Idaho Falls "Spuds" which opens the 1926 season of the Utah-Idaho class C baseball league.

At Bonner, manager of the head club, expressed great satisfaction with the manner in which his material has developed within the past week and seemed quite confident that the title would not fall him in the upcoming day game.

Today's practice was in the nature of a tapering off process, the team going through fielding and batting workouts to keep limbered up.

INFILDBER RELEASED.  
NEW YORK, May 3 (AP)—Alton Stark, infielder of the Brooklyn Atlantics, who held out for a salary increase this spring, today received his unconditional release. Stark refused to report to the Robins' training camp, demanding a salary of \$12,500.

My old jimmy-pipe and Prince Albert and I go along just singin' a song from morning to midnight. Whenever I get to feeling low, I take out my pipe, tamp a load of good old P. A. into the muzzle and light up. Old Man Trouble takes French leave the minute that wonderful smoke starts up the stem.

Prince Albert is friendly in spirit and friendly in fact. It never bites my tongue or parches my throat. They tell me the Prince Albert process fixed that for me and millions like me. I only know that P. A. is cool and satisfying as spring water on a hot afternoon and that it suits me to a T.

You're welcome to this leaf out of my book. If you're not smoking P. A., you're not getting full enjoyment out of your pipe. Just get yourself a tidy red tin of Prince Albert. # BRITISH CRISIS AFFECTS WHEAT

## News That Situation in England Approaches State of Civil War Lowers Prices.

CHICAGO, May 3. (AP)—Steady breaks in the price of wheat today followed an official statement referring to the British labor situation which is almost to a point of civil war. On some transactions, the drop in values amounted to almost a cent a bushel from the day's top level. Trading operations were more active, 1.34 to 1.34 1/2 net lower; May, 1.34 to 1.34 1/2 net lower; July, 1.34 to 1.34 1/2 net lower; Sept., 1.34 to 1.34 1/2 net lower. Corn finished unchanged to 1/2 cent down; oats 1/8 to 1/4 cent higher; and provisions varied slightly from the level of the previous day.

General selling quickly developed in the wheat market here when news came out that the British premier speaking in parliament had said the labor leaders were nearer to producing civil war than Great Britain has known for centuries. Before the British labor crisis, the wheat market was showing a downward trend, but not of a pronounced character. In fact, at the opening, a material advance was witnessed for a short time owing to higher Liverpool quotations. This was soon associated with strike developments. A majority of traders here considered the strike as an incentive to sell and with considerable activity, the market carried a reaction ensued.

Weakness of the New York stock market after the British premier's statement appeared to have considerable influence in bringing about a reaction of 1/2 cent a bushel, and by the end of the hour of trade session, Smallness of North American export sales today only 250,000 bushels, was likewise a factor. In fact, the total of the United States visible supply total, 1,000,000 bushels, is expected to be reduced by the action of wheat.

Substantial decreases in the visible supply of corn and oats were announced in the production market.

# REACTIONARY MOVEMENT SWEEPS OVER EXCHANGE

NEW YORK, May 3. (AP)—Reactionary price movements swept over all financial and commodities markets today in reflection of the apprehension caused by the threat of a general strike in Great Britain. Stock prices slipped 1 to 2 points lower but rallied in the afternoon. The commodities market, however, was characterized by a sharp decline in the early afternoon when Wall Street received extra from the speech of Premier MacDonald in the House of Commons. The market for wheat, however, was being forced down below their morning lows, the extra decline in some of the wheat futures in the early afternoon. A close rally, instigated by the more optimistic part of the market, wiped out parts of the earlier losses but the market was not to even points.

Wall Street's time-honored maximum rule, which states that a stock price should not rise more than 100 percent of the advance in the price of the commodity with which the stock is related, was taken into account by the government fund itself, which had a 100 percent advance in the price of the commodity with which the stock is related.
