Only One of Two Nevada Slay-ers Will Enter Death Chamber at Carson City Today; Board Commutes Sentence.

(By the Associated Press.)

SPRINGFIELD, CARSON CITY, May 20.—The state board of pardons today decided that John D. Haddock will spend the remainder of his life in prison, while the sentence of killing his sweetheart and Haddock's mother was commuted to life in prison.

Haddock, 35 years of age, a heretofore law-abiding citizen, was convicted of killing his sweetheart and Haddock's mother in a rooming house in Carson City, Nevada, in 1924.

At the time of the killing, Haddock was suffering from mental illness, and was committed to the state hospital for the insane. He was later released and returned to Carson City, where he was again convicted of the same crime.

His sentence was commuted to life in prison, and he will remain in the state prison until his death. The board of pardons also commuted the sentence of Haddock's mother, who was also convicted of the same crime.

It all happened in the little community of Haddock, Nevada, where Haddock was working for the Nevada family. He was a young man, and was very popular in the community. He was also a very good worker, and was very well liked by his employers.

He was a very good worker, and was very well liked by his employers. He was also a very good worker, and was very well liked by his employers.

DAWES EFFECTS REORGANIZATION
OF COMMITTEE TO PROBE EXPENSES

WASHINGTON, May 20 (AP)—The organization of the special senate committee to investigate the expenses of the Dawes reorganization committee will be deferred until after the adjournment of congress, perhaps a month from now. The work will be carried through the summer and the fall until the November elections. It was because of the prospect of a month's delay that the three new bills reorganized, Senator Reed said, could not be passed because of a prospect of a month's delay. The committee will be reorganized in the summer and the fall until the November elections. It was because of the prospect of a month's delay that the three new bills reorganized, Senator Reed said, could not be passed because of a prospect of a month's delay.

SUPER-POWER NO LONGER
POSSIBILITY, BUT FACT

ATLANTIC CITY, May 20 (AP)—Super-power, when it has long been talked of as a future possibility in the electric industry, is now a fact. Edwin J. Fowler, president of the National Electric Light Association, said today.

“Fifty-five per cent of the users of electricity now obtain their current from inter-connected stations, he said. “Roughly, three-fourths of the country is now supplied through the systems that are now being used for 100 different interests and there are now connected to a greater or less extent. These have the advantage of 24 hours service and more reliable service than otherwise would be possible. “The remaining small portion of the business in municipal plants and private local plants which are yet to be connected to the main system, he said. “Mr. Fowler said he believed the next opportunities for power development lay in the St. Lawrence waterway, the Tennessee river, the Columbia river basin and the Colorado river.

PASSES REORGANIZATION BILL

WASHINGTON, May 20 (AP)—The senate today passed a bill authorizing the creation of a new federal agency to investigate the expenses of the Dawes reorganization committee. The bill was passed by a vote of 70 to 20.

LANDOWNERS TO PAY EXPENSES

WASHINGTON, May 20 (AP)—The secretary of the Interior today approved the contract with the Big Horn irrigation district on the Big Horn project. Under terms of the contract the landowners hereafter will pay their own operating expenses.

FIND MISSING CHILD

SAN FRANCISCO, May 20 (AP)—Local police were notified tonight that a missing child, a young girl, had been found. The child was found in a field near the city.

Descriptions of Conditions of Carriers Are Widely Divergent at Committee's Probe Into Freight Rates.

(By the Associated Press.)

WASHINGTON, May 20.—Agreements for and against freight rate increases which included widely divergent descriptions of the financial condition of the railroads in the west were heard by the interstate commerce commission today.

Against the stand taken by railroads and carriers for the coal and lumber industries, and the carriers were not faring very well when they were asked to justify their rates.

Representatives of state commissions with divergent interests, including the railroad's request for an increase in the freight rates.

John E. Dwyer, general solicitor for the National Association of Railroad and Millmen, took up the defense of the carriers.

He was preceded by Joseph N. Tull of the West Coast Lumbermen's association, who testified that the lumber industry could not afford an increase in freight rates.

He was preceded by Joseph N. Tull of the West Coast Lumbermen's association, who testified that the lumber industry could not afford an increase in freight rates.

COUNTY LOADS 9630 CARLOADS COMMODITIES

Oregon Short Line Records for
All Stations Show Immense
Volume of Freight Forwarded
During Year.

Twin Falls county shipped out during the calendar year 1925 a total of 9630 carloads of livestock, potatoes, wheat, mill stuff, fruit and hay, according to records furnished by the Oregon Short Line in Twin Falls. Clauses of Commerce.

Total shipments of each commodity from all Twin Falls county stations were as follows:
Livestock—121; potatoes—1231; wheat, 781; mill stuff, 282; fruit, 189; hay, 18.
Twin Falls led the county in outgoing shipments of potatoes, mill stuff and fruit. Blah led with shipments of wheat. Regent with livestock and Marquette with hay.

Detailed Records
Cash—shipped out of the agricultural commodities from each Twin Falls county's shipping stations during the year were recorded as follows:
Twin Falls—Livestock, 215; potatoes, 202; wheat, 82; mill stuff, 44; fruit, 20; total 440.
Blah—Livestock, 214; potatoes, 195; wheat, 201; mill stuff, 38; fruit, 19; total, 1270.
Filer—Livestock, 150; potatoes, 167; wheat, 110; fruit, 123; hay, 3; total, 1206.
Kimberly—Livestock, 88; potatoes,

32; wheat, 201; fruit, 112; total, 1020.
Hansen—Livestock, 72; potatoes, 121; wheat, 80; fruit, 40; hay, 2; total, 306.
Rogerson—Livestock, 221; wheat, 11; total, 302.
Marquette—Livestock, 35; potatoes, 74; wheat, 30; hay, 12; total, 272.
Huller—Livestock, 8; potatoes, 10; wheat, 41; total, 61.

BANQUET IS GIVEN FOR EDEN EIGHTH GRADERS

EDEN, May 20.—One of the most enjoyable banquets ever held here by the Eden school was the one given last Friday evening to the eighth grade graduating class of the Eden school. Thirsts of honor also included three students from Hillside. Other guests included parents of the students of the class; the county superintendent, Mr. Mrs. Lavella Thompson, members of the seventh grade class; the teachers and trustees of the Eden and Hillside schools.

The banquet was held in the Legion hall and presided over by Mrs. Knott and Mrs. H. J. Henry. Six girls from the high school were waitresses and covers were laid for seventy. A short program followed the banquet with the program conducted by a toast to the eighth grade class by Harold Kestler of the seventh grade; toast to the seventh grade by Edith Black; two vocal solos, "Mother," and "The Painted Butterfly," by Mrs. L. A. Williams; talk by L. W. Regent, clerk of the board of trustees; and a talk by Mrs. Thompson.

CLIMBS SUCCESS LADDER

TUPPER, May 20.—Frank L. Sturges, 30 years old, an office boy for the Atrium-Tuppers and Santa Fe railway, has become assistant general passenger agent for the railroad. Mr. Sturges entered the Santa Fe service in 1911, in 1924 and ascended through various clerical positions to become city passenger agent in Tupper in 1917. He handled the troop trains during the Mexican punitive expedition in 1918.

IDAHO HAY CROP HARVEST BEGINS

Vegetation Makes Good Progress With Favorable Weather
Conditions During Week.

First cutting of alfalfa hay has begun in some sections of southwestern Idaho, according to summary of weather conditions in Idaho for the week ending last Tuesday issued by the weather bureau office in Boise.

Regarding conditions in southwest Idaho generally the summary says: Seasonable weather obtained throughout the week. There was abundant sunshine and only scattered showers occurred. Vegetation made good growth and crop progress was generally satisfactory, particularly in the irrigated districts. Garden and truck crops are making a good recovery from frost damage. Alfalfa is growing nicely and will soon be ready for first cutting. In fact, harvest has begun in some early districts. Wheat is doing well. Range feed is abundant and cattle and sheep are in good condition. The commercial fruit crop continues very promising.

In southeast Idaho, the weather was cool early in the week, but it warmed up later. Moisture in heavy rains were reported in scattered localities, but water in rivers and creeks is reported low. Winter wheat is doing well. Spring wheat, corn, and barley are doing well in the south. In the north, they are just being planted. The same thing is true of potatoes. Alfalfa is making good growth. Fruit is reported not seriously damaged by frosts of last week. The range is good to excellent. In north Idaho, the weather of the

Marble Champ

THIS IS JIMMY ROCCO, who shoots the most marble in all Philadelphia. He won the championship of the city in the annual tourney.

Week was generally fair, except that it became somewhat unsettled during Thursday night and Friday when light rain fell. Temperatures were below normal much of the time. All grains, pastures, and garden crops made rapid growth following the rains of last week. Corn is coming up to a good stand in the early sections, but is growing slowly owing to the cool nights. Wheat continues to look good and promises a heavy crop and the same thing is true of all tree fruits and berries.

RECAPTURE TOWN.

MANAGUA, May 20.—(AP)—Nicaraguan government forces have recaptured towns and routed the insurgent forces after an engagement lasting several hours. The revolutionary forces, abandoning their dead and wounded and arms.

SOCIETY AND CLUBS

Edited by
Mrs. E. D. Williams
Phone 393

Mary Henry was hostess to 24 of her little friends at her home on 12th and Broadway after noon, in honor of her fourth birthday. A lawn party was planned but on account of the weather the little friends were seated on the long table in the dining room. While the table was being decorated, Mrs. W. A. Van Engelen's large party was donated for games and songs and the children were presented with gay caps and

carried by truck to home. The centerpiece was a blue bowl of yellow roses, the pretty candy cups were in pastel shades and the lunch was served out in the same colors. At one end of the table was a birthday cake with four candles in pink and lavender and at the other end was a second cake adorned with eight pink and lavender candles in honor of Rosemary McElroy, who was eight years old. Ruth Taylor, Betty Jean McClure, Eleanor Fritcher and Verna Van Engelen assisted in entertaining the little folks with games and songs.

Mrs. Henry was most ably assisted in serving by Mrs. George Davison, Mrs. J. P. Johnson, Mrs. P. H. Stinson and Mrs. Robert Logan. The guests were Marjorie and Leonard Johnston, Eleanor Hollingsworth, Ann Heavey, Marjorie Murray, Patricia and Robert Park, Bobby Logan, Dabell Green, Barbara Blake, George Davison, Ida Kelly, Ruth Perine, Marjorie and Dudley Driscoll, Ethel Marie and Buster Daly, Hugh Jolyne, Rosemary and Philip McElroy, Margaret Van Engelen, Elizabeth and Cline Bracken and Little Della Chaplin, Shirley Russell and Darlene Kall-Kangelan. There was the receipt of many lovely gifts.

Mr. and Mrs. H. O. Miller were hosts at a charming dinner Wednesday evening at their home on North Main for the members of the Breakfast club and their husbands. Oriental poppies were used for decorations.

Following dinner the evening was spent with bridge, favors being won by Mrs. W. Ott Chapman, Mrs. Willard Hill and Mr. Minton.

Mrs. R. B. Spafford and Mrs. Freeman Post entertained with a beautifully appointed bridge luncheon commencing Mrs. R. W. Sawyer of Fallon, Nevada. The tables were decorated with bouquets of white and pink and lavender and were embellished with glassware, with place cards and candy cups carrying out the same design scheme. Four tables of players enjoyed the game. Mrs. Sawyer winning the high score favor and also receiving a dainty gift. Second prize was won by Mrs. W. H. Frische.

The Episcopal Guild met Thursday with Mrs. R. P. Newman on West Addison avenue. The meeting was opened with prayer and praise and by the president, Mrs. R. H. Atkinson during the business session plans were made and committees appointed to take charge of the breakfast in the Parish hall next Sunday morning immediately after the early church service. Mrs. Thomas Robertson read a chapter from the study book. During the social hour the hostess served dainty refreshments.

ANNOUNCEMENTS

A meeting of the Twin Falls Bible club is to be held Friday evening at 8 o'clock in the county assessor's office.

Members of Mrs. P. F. Bracken's class of the Presbyterian Sunday school will be entertained at a meeting this afternoon at the home of Mrs. John V. Harvey, 412 Blue Lakes boulevard.

Royal Neighbors will meet Friday evening at 8 o'clock in the usual meeting place.
Luncheon registrars, Florence and Perfection oil stoves, prices reasonable. Terms if desired, A. H. Vincent Company, Adv.

WOMAN REALTOR IN COURT

Trial in the suit of Mrs. Myra Matney, real estate dealer, against J. W. Feeley for \$520 for services rendered in management of property for Mr. Feeley, opened before a jury in district court here Thursday afternoon. Mrs. Matney claimed the witness failed throughout the afternoon session. She is represented by W. L. Dunn, the case for the defendant Feeley being conducted by J. W. Taylor.

Campfire Substitute

Hereafter is said to have all the properties of campfire with two or three times its strength. The claim is made that it can be manufactured at a mere fraction of the cost of the natural campfire.

When you have poultry or eggs for sale, call 176—Adv.

This Gold Seal has won the confidence of millions of women—

More than a trade-mark! More than a guarantee! The Gold Seal pasted on every Congoleum Gold Seal Art-Rug stands today in the minds of millions of women for floor-covering of proved satisfaction.

These women realize that it is impossible to tell the quality of felt-base floor-covering simply by looking at it. But with the Gold Seal as an unfailing guide, even the most inexperienced buyer can easily and confidently select the brand whose service-record has been winning and holding the confidence of users for nearly fifteen years.

Waterproof—Durable

Congoleum Gold Seal Art-Rugs are an improved form of waterproof floor-covering, with a firm, smooth, sanitary surface remarkable both for its beauty and resistance to wear.

These modern, labor-saving rugs are seamless—made in one piece. They will not absorb dirt or spilled things. A damp mop instantly renews the freshness of their beautiful colorings. And Congoleum Gold Seal Rugs lie flat without fastening of any kind.

\$100 Reward! There is only one "Congoleum." It is manufactured by Congoleum-Nairn Inc., and identified by Gold Seal pasted on every rug. All "imitations" are identified by a red label.

As the sale or representation of any other make of floor-covering as "Congoleum" is a violation of the law, we will pay \$100 for evidence that leads to the conviction of anyone guilty of this practice.

If you want the genuine tell for by the registered trademark and the Congoleum Seal and look for the Gold Seal on the goods you buy.

Patterns for Every Room

You can choose from Oriental motifs; delightful floral effects; and neat tile designs—patterns to suit the taste of everyone. The sizes range from small, handy mats to 9 x 15 foot rugs.

Your local dealer will show you Congoleum Gold Seal Art-Rugs. And remember—don't fail to look for the Gold Seal on the rugs you buy!

Let us send you color booklet showing all the patterns—use the coupon.

More of those all-wool suits—knickers and blazer to match—making a neat and practical outfit at a small outlay of money. Blazer with knitted jersey bottom.

THE SPORTS OF A DAY

BRUINS CAPTURE FINAL CONTEST AT BOARD FALLS

One Lone Run Keeps Leard's Spuds From Shutout; Big Daglia Lets Northerners Down With Five Safeties.

IDAHO FALLS, May 20.—(Special to The News.)—The lone run by Russ Leard kept the Bruins from a shutout in the final game of the series here this afternoon. The final score was Bruins, 9; Spuds, 1. Daglia, who started the whole game, pitched the whole game, allowing only five scattered hits. Two of these were triples. Had not Daglia's first batter been Leard, offering to go through him, Twin Falls would have played errorless ball. Daglia allowed three home runs, and struck out the same number.

The day was hot for baseball. A high wind kept the field clouded in haze. Despite this, however, between 1,000 and 1,500 fans, including a fair-sized rooting section from Twin Falls, witnessed Leard's triumph.

Apperson Scores First.
Apperson, who singled, scored the Bruins' first run in the first inning. Galloway, Spud moundman, got away to a bad start and walked Barker and allowed two singles in the first. A double by Apperson, an error and a sacrifice by Apperson accounted for two runs in the second for Leard and Dwyer. Three singles by Barker, Osborne and Thompson, and a walk by Dwyer in the third, were responsible for two more runs, those by Barker and Osborne.

The game went errorless until the seventh, when Russ Spud huckley, allowed a ball to pass through him and let Gorman score.

The Bruins topped their tally sheet in the ninth when Barker, Thompson and Fitzgerald all scored. Barker singled, Thompson went to first, and Barker's error in left field yielded him a possible three-base hit and Fitzgerald singled and scored on Barker's error. Russell tripled in the eighth and was scored when Daglia hit Johnson. This is the only inning Daglia fumbled, in allowing the triple, he walked two men and hit Johnson. Wild Bill Leard, Spud moundman, was ordered from the game by Captain Leard when he protested a decision over the introduction of a new ball into the game. The box score:

Twin Falls.

Apperson, cf	5	1	4	0	0

GUNNERS 10, COLLEGIANS 8.
LOGAN, May 20. (AP)—In a free-throw game this afternoon the Logans defeated the Collegians 10 to 8. Baldwin, a Wellsville lad, was pointed from the moment in the fifth, up to which time he had been hampered for knee pain.

Walter held the visitors to a single tally, the remaining four runs were scored by the Logans. The Logans were hit freely by the Collegians were unable to garner more than the eight runs, and enough to win.

WARREN cleaned them by hitting a two-run homer and the game was worked away.

Buhl School Takes Local Boys to Camp

Buhl, May 20. (Special to The News.)—Twin Falls high school had a heart-breaking game to field here this afternoon. 4 to 3. Buhl's pitcher, the first five innings and held the Buhl tribe hitless. Eddie Martin, who replaced him, allowed last three hits. Alvin Kuehler, who pitched a long five in the eighth that cost three runs and tied the score. Then the local started hitting Martin and converted three safe ones into the winning run.

Many Errors
Davis pitching for the locals at home but three hits also hit his teammates made seven lobbles behind him. The Bruins broke into the error column five times and the game was won on an error.

It was a good lost game all the way and a mostly different ball game from that of Tuesday when the local team invaded the enemy seat and topped all over the Bruins.

The crowd was small but the noise they conducted to good baseball. A wind and showers made it hard to play ball.

POCAHELLO, May 20. (AP)—Chief Bonner pitched his Banquet Indians to a 6 to 1 victory over Salt Lake. Bonner today allowing but two hits, the locals finding McNulty in the eighth for three hits and four runs after breaking a tie in the eighth.

Both teams scored one each in the opening frame, the remaining innings, until the eighth being a pitchers' duel. Bonner having slightly the better of the argument. After Pocahello had forged one score ahead, in the seventh McNulty weakened when he had two out. Matthews hit through short, Tait walked and Zienko hit for two runs scoring one. The Salt Lake bullpen melted Simmons, filling the

NORTH SIDE SCHOOLS IN FIRST TRACK MEET

IDAHO, May 20.—In the first track meet ever held on the First Segments by the grade schools of Eden, Hazzard, Hildale, Russell, Leard, Greenwood, Dixon and Riverside staged at Hazzard last Saturday, the Eden school carried off first honors for the boys' events and won the boys' contests. The final scoring was as follows: Boys—Eden 61, Hildale 48, Hazzard 35, Dixon 29, Greenwood 2, Russell-Leard 1, Riverside 2. Girls—Hazzard 22, Eden 26, Greenwood 14, Dixon 5, Russell-Leard 5, Hildale 3.

Contests in which practically each school had two entries, included boys' and girls' races which were classified according to age; running, basketball, high jump, basketball, shot, and a boys' basketball game.

Eden won from Hazzard, 8 to 5, in the basketball game, which was a very close contest. Elimination games had been provided to determine the true team to play on the day of the meet.

The closest contest, however, was the high jump, in which Eden of Riverside and 15, back of Hazzard, took first place. After three attempts to break the tie a coin was tossed and Hazzard won the tie.

The afternoon was estimated to be over 800 and the entire number took part in the picnic dinner which was served cafeteria style by the teachers of the Hazzard schools. Twenty gallons of ice cream and a large supply of innards was a part of the menu.

HIGH SCHOOL BRUINS TO MEET EMMETT TEAM HERE
Emmett's Bruins have scheduled another ball game for the coming week with Emmett, one of the strongest teams in the southeastern district. The game will be played at Lincoln field May 28.

The Bruins have played 11 games this season and lost but two. Both of these were lost to the Ball team from that of Tuesday when the local team invaded the enemy seat and topped all over the Bruins.

CHAMPION OF PAST YEARS PREDICTS 15-FOOT VAULT

SEATTLE, May 20. (AP)—Robert Pauling, who, carrying the colors of the Seattle Athletic club, was American champion in 1909 with eleven feet, predicts that a pole vaulter will soon reach a height of 15 feet.

"I will probably take a tall, thin man," he said, "with very long arms and tremendous grip to reach such a mark—someone like Charles Huff. I thought years ago that pole vaulters would reach 14 or 15 feet. My best recorded vault was eleven feet six inches, but I had been touching the old style, an shift of the lower hand."

Shifting the lower hand until it touches the upper one enables the vaulter to pull his body to a higher level before going over the bar. Under the old system the vaulter held his hands two or three feet apart.

Pauling said that H. G. Clapp, of Yale was the first to use the shift.

DE PAOLO CARRIES PAIR BABY'S SHOES FOR LUCK
INDIANAPOLIS, May 20. (AP)—A pair of baby shoes was worth \$97,500 in cash to Pete de Paolo last night, but they failed to bring him the victory at the recent international speedway race.

The 1922 American automobile racing champion, who also leads the pack for 1925, attributed his success to the fact that a pair of his youngster's shoes

hangs from the front of his car in every contest. The cash prize he aggregated approximately \$97,500.

De Paolo is superstitious only in that he attached the shoes to his car as a serious accident. They will be his good-luck piece until he quits the sport.

The champion driver will have two new cars in the 200-mile Indianapolis race and the shoes will be switched to the new car before he starts.

CARPENTER CONFIDENT HE CAN REGAIN CROWN
NEW YORK, May 20. (AP)—Georges Carpentier of France tonight rested on the eve of his return to the ring at the crown of a 10 pugilistic journey.

Unbaken in the confidence that he can regain the light-heavyweight crown, the dominant veteran accepts his 10-round trial tomorrow night at Madison Square Garden with Eddie Hunsay of California as a final stand against titles of misfortune which have been steadily enveloping him.

"I have got to knock out Huffman to prove my claims as a champion," said Georges, "and I feel I am favored by my own style of fighting. The fight will be over in the 10-round limit."

Folding chairs and tables for rent. We deliver for you. Exchange House. A. H. Vincent Company—Adv.

FOUL BALLS BY PAPA

Yeah, yeah, how d'ya like them apples, we did take a game from Wild Bill. It must have been because we'd William got ahead to the showers. It's safe for the Bruins to come home now. Chet Lighten had his first square in readiness if Sam lost this last frame.

Big Daglia evidently got either ashamed or mad. Sam five safe batters for the Leard tribe. Nire going big boy, the fair ones will be pleased.

The Spuds have a perfect alibi. It was very windy and the field was not abundant in a cloud of dust most of the game. The Spuds with their many eyes were in tough luck. Laugh that off.

We're glad the Bruins are coming home where the treatment may not be so rough. The Short Line must have had a special agent look the springs on the bus. Anyway it had a bad effect on our ball team.

Al Bonny got another two-bill game out of his system yesterday. He had wanted it on Salt Lake. He's only good for a couple of these a month.

Thanks for the buggy ride, Bates and my, the Bruins are tied for the

lead again. All we have to do is take three away from the Banquets and we are away out in front.

These Bruins still manage to pound the old canon and that what ball games. Most of the time anyway.

Today is the day and Barley is the place, at 2 p.m.—The showers are all over for the rest of this series; better go.

"BOUNCING WALLS" HELP PREVENT SPEEDWAY DEATH
INDIANAPOLIS, May 20. (AP)—"Bouncing walls" and hush-hush guard rails have been instrumental in preventing serious accidents in 500-mile races at the Indianapolis Motor Speedway in the last six years.

Pronounced the most dangerous speedway in the world by drivers, the course has been singularly free of fatal accidents since 1919, when two drivers were killed. The concrete walls are so constructed that when a car crashes into them, it is bounced back onto the track in such a fashion that it seldom overturns. The improvements to the course were made after 1919.

On the long straightaway, the guard rails are hush-hush, so that when a car crashes into them they hit at the center of gravity and rarely are upset.

We rent tents, camp beds, chairs, etc., day or weekly rates. Exchange House. A. H. Vincent Company—Adv.

"Have a Camel"

Open one up! The tobacco tells its own story

CAMELS are made of the choicest Turkish and Domestic tobaccos grown. To prove what we say about Camel's tobacco quality, make this test:

Take a Camel and any other cigarette. Tear off the papers and place the tobaccos from the two cigarettes in separate piles. Now shake them up and examine the tobaccos. Your own eyes will quickly show you the difference, how the Camel tobacco is longer and of a riper color. Then gather up the two piles separately—and smell them.

You will at once notice the rich, fragrant aroma of Camel tobaccos not found in the other.

This marked difference is even more apparent when you "taste the smoke." It is solely because of the quality of the tobaccos and the skill of the blending that Camels never tire the taste, never leave a cigarette after-taste.

Camels are so good that we know you will like them. Give them every test known and you will find Camels the highest quality cigarette made, regardless of price. Have a Camel!

SEND TO CANADA FOR SEED SPUDS

Eden District Growers Co-operating With E. H. Grubb to Demonstrate Possibilities.

Two tons of pedigreed seed potatoes will be brought from British Columbia for use in a demonstration to be made this season by a group of five Eden district potato growers in cooperation with Eugene H. Grubb of Columbia and California, famous potato production specialist.

That demonstration, Mr. Grubb stated last Thursday evening, will conclusively establish the fact that seed potatoes of excellent quality can be grown in southern Idaho as successfully as in any other region, and that it is entirely unnecessary for Idaho growers to look elsewhere for their seed potatoes.

The certified seed potatoes to be brought from Canada will include 1600 sacks of Solheim and a quantity of each of several of the best known British varieties including Solheim's Eclipse, an early variety, and British Queen, a second early crop.

Quality Demonstrated. Some of these British varieties, Mr. Grubb stated, were entered by Canadian growers and won sweepstakes in comparison with entries from all of the world's best-known potato producing districts at the New York plant show in 1911. Some of these varieties were grown by Mr. Grubb on his Carbonado, Columbia, farm to supply New York Central railroad company dining car service which expressed only potatoes of the quality limit reported an increase in demand for potatoes on the part of its patrons.

The Eden growers' order for the Canadian seed potatoes has been forwarded by Mr. Grubb to Governor General Duncan of British Columbia, who is president of the certified potato seed growers' association of that province.

The demonstration crop is to be planted on a field of two acres on the farm of Claude Woodward at Eden. One-half of the field is to be treated with a plant food manufactured by a concern by which Mr. Grubb is employed as general manager, and a comparison is to be made in the development and yields of the treated and untreated crops.

INSTITUTES SUIT FOR DIVORCE. On grounds of non-support and cruelty, Mrs. Mattie League, through Harry Brant, attorney, instituted suit in district court here Thursday for divorce from Cecil H. League to whom she was married in 1912, in Lewiston, Missouri. She asks for custody of two minor daughters.

River Problems Claim Attention

Questions of Snake river water administration are scheduled for discussion at a joint meeting here today of the Twin Falls Canal company directors and members of the committee of nine, representing Snake river water users and serving in an advisory capacity to the district watermaster. Arrangements for the joint meeting were announced Thursday at the office of the canal company.

The Twin Falls canal board Tuesday made application to the state commissioner of reclamation for beginning of Snake river control for the season. Control was made effective Wednesday, and under its provisions, storage of water in Jackson Lake reservoir ceased at that time.

Delivery of water through the Twin Falls canal system Friday was set per cent of normal.

WRECK VICTIM GETS JUDGMENT

Jury in Second Trial of Action Finds for Ora L. Munyon and Against Frank DeKlotz.

Verdict awarding damages in the sum of \$137.25 to Ora L. Munyon from Frank DeKlotz for injuries sustained in an automobile collision was returned by a jury in district court here Thursday afternoon. The verdict was returned at 3 o'clock after about three hours deliberation. The jury in a former trial of the case failed to agree upon a verdict.

Munyon was for \$5000. Evidence was to the effect that the automobile owned and driven by Ward J. Blakeslee of Picher in which Munyon had been riding, had been halted at the side of the road for repair to a tire when it was struck from the rear by the DeKlotz machine on the evening of November 1, last. Evidence was contradictory as to whether tail light on the Blakeslee machine was lighted. Edward J. Williams, another passenger of the Blakeslee car who was injured in the collision, sued for \$2500 and recovered damages in the sum of \$626. DeKlotz's motion for new trial in this case is pending in the court here.

BOY SCOUT LEADERS TO INSPECT SUMMER CAMP

A delegation of boy scout leaders, including summer campers and members of Twin Falls, will inspect the camp here, will make an inspection trip to Shoshone boy scout camp next Sunday. It was announced Friday. The trip is to be made with view to formation of plans for the boy scout summer camping season in this region.

Scout leaders who will make the trip include E. Douglas Hawley, district scout executive; E. R. Breake of Bluff, district camping commissioner; and W. A. Thompson of Twin Falls, Twin Falls council camping commissioner.

EDEN BOASTS FIRST WOMAN POLICE JUDGE

EDEN, May 20.—Eden, claims to be the first woman police judge in Idaho. Mrs. Battle B. Lyons, manager of the telephone exchange at Eden for eight years, has been serving since May 1 under appointment as police judge, and has been called upon to pronounce judgment in a number of cases, practically all of which involve violation of the village speed regulations.

Making Round Up For First Graders

With view to give every first grader a chance to enter on his educational career in a satisfactory physical condition, the Parent-Teacher association of Twin Falls is conducting a summer round up of all children who will be entering first grade in Twin Falls schools next September.

To this end, Mrs. L. E. Joslyn, chairman of the round up committee, stated Thursday, parents are asked to present their children to their own family physicians immediately for a thorough physical examination.

If remediable defects are found it is asked that these be corrected during the summer so that when the school examination is held early in September each child may be physically prepared for school.

This is a public campaign sponsored by the National Parent-Teacher association and the District Teacher association offers prizes for the schools coming the nearest to entering their children 100 per cent perfect. Mrs. C. E. Roberts, retiring president of Idaho Parent-Teacher association, says: "There is no reason why we should not have some of this prize money in Twin Falls."

Parent-Teacher association asks the cooperation of all parents in this campaign.

Money saving SKAGGS Cash stores

How We Do It

Twenty-one men do the buying for Skaggs 404 stores and markets. If each of these units were separately owned and operated, there would be 404 buyers devoting an average, say, of two hours a day to buying. At only \$1.00 an hour for the merchant's time, the Skaggs method saves consumers in the districts they serve, on this one item alone, more than \$100,000.00 annually.

Then think of the saving in manufacturers' and wholesalers' expense. Instead of calling on 404 widely scattered stores, their salesmen call on 21 centrally located offices. The savings in traveling expenses, salaries, etc., totals another huge figure, which is passed on to us, through us to you. Another reason for Skaggs better values.

RADIO IS HELP TO MUSIC SALE

Chicago. Dealers Declare Listening in Creates Ready Market for Tuneful Offerings.

CHICAGO, May 20. (AP)—Radio and the phonograph have extended the desire for individual musical accomplishment. If a concert of reports from Chicago's music houses reflects general reaction.

The sale of short music was found never to be so great. The demand for record and orchestra instruments was never so brisk. The principal stimulus was derived from the popularization of radio.

The statement of John Philip Sousa before a congressional committee that radio had brought with it a "listening public" which no longer bought nor played short music, was not refuted in these music stores. Representatives of the leading makers of musical instruments and the publishers of sheet music cited figures to show that the business was growing steadily, especially since the perfection of radio.

Audience Appreciation.
Wherever one of the popular "million" artists thumps a new song hit on his guitar or ukulele, the dealers said there were many who rushed to master the magic of the mobile strings. Instead of such entertainment quelling interest in music, these men said it awakened a sense of musical appreciation.

Radio and phonographs are not the only factors in the increasing vogue of musical instruments and sheet music, it was found. Contemporary with them has been a recognition of music by the public schools as a factor in education. Almost every public school now has its orchestra and its band, and gives scholastic credit for musical attainment.

Plane Business Slumps.
The exception in the gains in the music trade as noted here was in the field of pianos. The piano business has slumped in the last four or five years, although several leaders in the industry now find evidence of a comeback. They attributed the decline in the sale of pianos not to invasion of the home by the radio or the phonograph, but to the major war, the tendency to small homes and apartments, and partly to their own failure to meet the advertising war waged by the manufacturer of other home equipment.

The phonograph trade was sustained by the development of radio, but dealers here said figures indicate this year's sales will be greater than ever, particularly in view of recent improvements.

WEIGHTS AND MEASURES EXPERTS WILL CONVEY

WASHINGTON, May 20. (AP)—Whether a passenger in a speeding taxi cab gets his money's worth is the wish of those who make bottles long longer than they really are; the proper method for selling ice cream and a hundred other things important to the every day citizen will come up for consideration at the national conference of weights and measures here May 25.

Weights and measures experts from all parts of the country will engage in the discussion. Particular attention will be given to the automobile and associated subjects. One thing, in particular—whether a taximeter should be attached to the front wheel or the transmission—will be gone into. Some say that when the meter is attached to the transmission the customer is the loser when the rear wheel begins to spin on the pavement he's paying but not getting anywhere.

OLD COSTUMES OF TURKEY DISAPPEARING FROM USE

CONSTANTINOPLE, May 20. (AP)—Through the government railways and the pressure of public opinion, Turkey's national costumes are disappearing from use. The minister of education has sent an order to the governor of each province.

SCOTLAND MAY HOUSE ROYALTY

King-George-and-Queen-Mary Plan to Hold Court Functions During Month of July.

LONDON, May 19. (AP)—Scotland may see a great deal of royalty during the summer. The king and queen have planned to go to Inverlorn for a week in July, when there will be a round of court functions, and in the same month the Prince of Wales plans to spend several days in the south of Scotland, while a Highland exhibition is scheduled at Kelso.

Princess Mary has agreed to visit Glasgow, probably in August, where she will present new colors to her regiment, the Royal Scots.

The Duke of York is to make a tour of the industrial centers of Lanarkshire.

Prince Henry, who will visit the Highlands on his motor tour, will see more of Scotland than any of the others.

If the craze for huddled hip holds you wish to attract.

out, young England plans a financial hunt. Boys of 14 and 15 are running two-three-year-old animals, given by the London county council for their dressers and harpers. Educational subjects and physical culture as a part of the curriculum.

When the course was announced, applications from parents and guardians were so numerous that classes were picked by special educational tests.

Three large London music centers who have longed for the absence of some philosopher to explain why jazz seems to have triumphed over classical music.

BLAINE COUNTY GROWERS DISPENSE OF WOOL POOL

HAILEY, May 20.—The Blaine county wool pool recently formed and headed by H. H. Seal of the First National bank, has sold the 18,376 fleeces for \$51,524.86. The price of 62 cents a pound was received by the 40 Blaine county sheepmen concerned. Several carloads of fleeces have been shipped from Pinar and Tular to storage warehouses and some are being held for higher prices. Blaine county sheep raisers are hoping that prices for lambs will be higher later in the season. Perhaps 5000 lambs have been contracted for to be delivered in June, July and August at prices ranging from \$10 a hundred pounds to \$12.50.

Parker Dies

ALTON B. PARKER, who was a Democratic Presidential candidate, died suddenly of heart disease after being stricken while riding in an automobile through Central Park, New York.

OLD TIMERS DISAGREE WITH STORY OF TRIAL

CHICAGO, May 20. (AP)—Albion Lynch, contrary to the popular story of the famous Lindbergh trial, did not attempt to prove that the man was not killing the right of the killing, old residents of that section told Dr. William E. Burton, who has just completed a journey over the martyred president's old judicial circuit.

He did prove that the man was not at the time Press Watson was slain in a drunken brawl during a revival service.

The early story of the incident was that a witness testified to seeing him, because of the brilliancy of the moon, Jeff Armstrong strike at Watson. Lynch was then said to have introduced an alibi showing the man was dark at that time.

DEVELOPMENT OF ASSETS PART OF PAPERS' WORK

CHICAGO, May 20. (AP)—Development of moral and industrial assets of the community it serves is one big part of a newspaper business, Walter Strong, publisher of the Chicago Daily News told the International and Daily Press association.

In the middlewest, said Mr. Strong, the daily press has a common and vital interest in the solution of the crime problem, the working out of water way projects, adjustment of

freight rates and compulsion of railroad ports with their own rights in proper development of interest and allies in their area.

"It seems to me that if we believe in the powers which we possess and if we have present a united front, we can change this crime situation in a comparatively short time," he said.

BERT WHALING IS NEW MANAGER OF BEE CREEK

SALT LAKE CITY, May 20. (AP)—Owner George O. Helf of the Salt Lake Bee of the Utah-John baseball league, made the following announcement last night after a session at his headquarters:

Billy Orr, skipper of the team, has found it impossible to come back from Illinois and has resigned. Orr is now a root beer merchant in Topeka. Bill Lane has agreed to read John Paul Molloy, young Hollywood pitcher, to the local club.

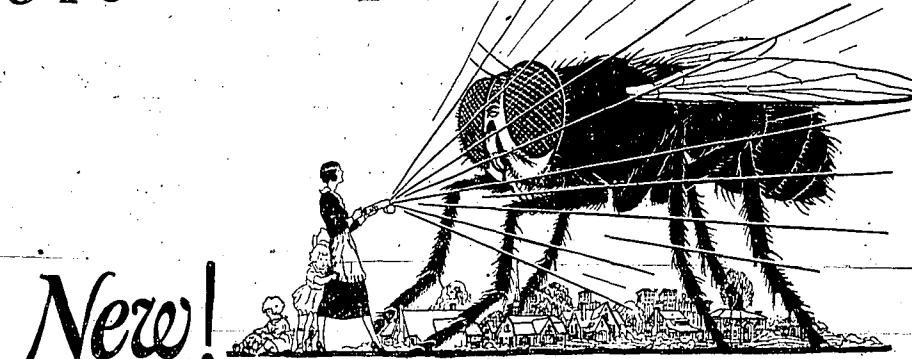

Bert Whaling will continue as manager of the local team. He has been in the hole during Orr's absence.

O'Brien, former Western league third baseman, has been signed by the Bee after a satisfactory tryout.

His Balance Low

Mother-Gloria, we mustn't worry your father about going away this year. His bank balance is extremely low, I know. I looked in his check book yesterday and saw he had only one check left—Progressive Grocer.

A summer NECESSITY

New! —an improved insecticide formula— Oronite Fly Spray

New Oronite Products for the Home

Like Oronite Fly Spray, the following are new products from the scientific laboratories of the Standard Oil Company of California—products of the highest quality, perfect for household use.

Oronite Cleaning Fluid

(non-explosive)
Cleans even the dirtiest frocks, silk or satin slippers, gloves, hats, rugs, upholstery, etc. Safe and quick. Does all that other cleaners do with none of the usual defects. Non-explosive. Only a mild, quick-vanishing odor.

Oronite Furniture Polish

(Gives professional dry-brush)
Gives a quick, non-lustrous polish with a fraction of the old effort. A dry, hard finish that holds neither dust nor finger prints. A professional furniture-maker's polish anyone can use!

Oronite Handy Oil

(The new super-fine oil)
A super-fine oil for guns, sewing machines, vacuum cleaners, small motors, blenders, etc. Won't gum. Gives lasting lubrication—and protection from rust and corrosion.

From the scientific laboratories of the Standard Oil Company of California—a greatly improved insecticide, Oronite Fly Spray! An entirely new and more potent formula—it more than just makes flies and mosquitoes "dopey"—it *kills* them! It has a pleasant odor, and it's safe to use!—non-injurious to persons, pets or fabrics.

A summer necessity. Oronite Fly Spray should be in every household to make the long summer months liveable—to banish germ-laden flies and mosquitoes *absolutely*—to safeguard your family from prevalent diseases!

No other Fly Spray like it. Oronite Fly Spray does its work more rapidly, more surely. Just close the doors and windows, spray the magic mist towards the ceiling—and what a difference it makes! No flies to disturb you—no mosquitoes to drive you distracted!

KILLS
all insects
FLIES
MOSQUITOES
ROACHES
ANTS
MOTHS, etc.

Kills ALL insects and their eggs. You'll undoubtedly need Oronite Fly Spray for the summer pests—flies and mosquitoes—but no insects can survive it. It's sure death to moths and their larvae—simply spray trunks, chests or closets where clothes are stored—it makes clothing, woollens, upholstery, etc., moth-proof! Has given results never before possible in hotels, restaurants, office buildings, camps, ranches, etc. In wiping out verminous bedbugs, fleas, ants, roaches, lice and moths.

WHEAT PRICES

SWING UPWARD

Unexpected Advance in Liverpool Quotations Sends Chicago Grain Values Higher.

CHICAGO, May 20, (AP)—Owing largely to an unexpected advance in Liverpool quotations the wheat market here took an upward swing today. Another bidding by traders sent on May contracts was a notable feature. Chicago closing prices on wheat were strong, 1.58 to 1.60 higher, with corn 1.54 to 1.56 up, oats 1.46 to 1.48 advance, and provisions unchanged to 7c off.

Sample, over advancing prices at Liverpool was due to the fact that a decline was looked for. The effect on the Chicago market was explained by the situation that foreign buyers were active purchasers of future deliveries here and by estimates that export business at the seaboard amounted to one million bushels of wheat and 500,000 bushels of rye. Besides, general speculative buying here was of a more genuine character than for a long time.

Millers' General Work.
Reports that British flour mills have resumed grinding and that from Atlantic states of wheat are trapped are given a good deal of notice. Foreign crop reports from the northwest, especially South Dakota, tended also to induce buying. A temporary reaction from the rise in the market for wheat in the United States was noted in the North Dakota and of now in Canada but at the last a live fresh advance was in process with May wheat up at one time to 1.44 a bushel as compared with yesterday's finish.

Corn and oats, disappointed with wheat strength, but the advance brought out realizing sales especially in oats. Unseasonable mild weather created attraction from both the feed markets.

Provisions were governed chiefly by the market in the big grain elevators and first bid afterward trading weak.

IDAHO LEGION RUNNING HIGH

World War Veterans of Gen
State Stand Good Chance to
Lead Philadelphia Parade.

PHILADELPHIA, May 20.—Idaho department of the American Legion may win national honors and prestige for this state by leading the legion's national convention parade to be held in Philadelphia in October during the acquiescent celebration there, according to information received here today from national headquarters.

The position in the parade of national convention delegates from this department, their place in the convention hall and the class of hotel accommodations they receive will be determined by the legion's membership in the department on June 15 as compared with the average membership of the department for the past four years, according to the word from headquarters.

With Norge

Chances Good.
This department, with 1,362 per cent of its four years' average membership enrolled on May 5, has a "legionary" membership of 1,362 per cent, which is "sufficiently" to win the honor of leading the nation in the Philadelphia parade, department officials of the legion here declared.

The legion's annual national convention parade, which was held in Chicago last year by President Connelley, has been described as the "most colorful and impressive parade in America." It will be witnessed this year by the vast throngs attending the acquiescent celebration to commemorate the signing of the Declaration of Independence.

National Commander John R. McQuinn, in a membership message to department officials, expressed the opinion that this department will be up among the leaders when the great legion parade gets under way at Philadelphia. His message read:

"You will be glad to know definitely that our national membership is such that we are assured of a very considerable increase for 1926. The next important membership contest closes on June 15 and is to determine the position of department delegations in the parade in Philadelphia. This race for convention honors promises to be very hotly contested. A number of departments are running neck and neck and every department seems to be determined to get the best possible position. I feel sure that your department will make an excellent showing."

Stars at Distances

That Stagger Mind
There are stars so remote that if the news of the victory of Wellington at Waterloo had been flashed to them in 1815 on the celestial telegraph system it would not have reached them yet, even if the message had sped at the rate of 182,000 miles a second, and had been traveling all the time; that if, when William the Conqueror landed in England in 1066, the news of his conquest had been dispatched to them, and if the signal dove over the wire at a pace which would carry it seven times around the earth in a second of time, the news would not have reached them yet.

Even if the glad tidings of that first Christmas in Bethlehem, nineteen centuries ago, had thus been disseminated through the universe, there are yet stars of which astronomers could tell us, plunged into space to depths so appalling that even the years which have elapsed since would not have been long enough for the news to reach them, though it traveled 182,000 miles every second.—Montreal Daily Herald.

Colors of Diamonds
Experts hold that the most beautiful of all precious stones is the red diamond, thought to excel even the ruby in beauty. Such a diamond is extremely rare. One of the most notable red diamonds is that which was purchased by Emperor Paul of Russia for \$100,000. This stone weighs 10 karats.

Or Pumpkin Pie
An expert connoisseur is of the particular value unless one is negotiating corn on the cob.—Baltimore Evening Sun.

Deliver Gravel to Castleford Grange

CARTLEFORD, May 20.—On Wednesday evening 25 members of the Deep Creek grange accompanied the traveling gravel and presented it to the Castleford grange. A pleasant evening followed the business meeting. Readings and music formed the program. At the close of the evening socialities, furnished by the Deep Creek members and the rest of the lunch by Mr. and Mrs. John Thomas, Mr. and Mrs. Joe Thompson and Miss Margaret Thomas, were served. Castleford grange is to pass the traveling gravel on to the organization at Horseshoe.

Miss Cecelia Cowan, who has been a missionary at Cheyenne, Utah, has returned to Horseshoe, Idaho, after being the better guest of Mrs. R. H. Denney. While Miss Cowan gave an interesting lecture of the missionary work being done in Utah and illustrated her talk with pictures and an exhibit of small carved designs. On Thursday afternoon the Methodist ladies' aid spent the day at the home of Mrs. W. W. Wilson, serving at noon a covered dish luncheon brought by the members. R. A. Brady, rural carrier, is taking his vacation. The class play "Are You a Mason?" presented by the senior class Friday evening was one of the best plays ever given in Cartleford and

was attended by a full house. Each of the characters showed careful training and were exceptionally well played by each of the cast. On Tuesday afternoon, Mrs. Henry Richardson entertained in honor of her daughter, Alice, on her fourth birthday with a lawn-party at their home. The guests included Margaret Brabb, Julia Larrigan, Alice Thompson, Gertrude Hudson, Alma, Elva and Irene Hinkson, Emma, Helen and Donald Neumann. Ice cream and birthday cake were served. Mr. and Mrs. Velma Graybeal and sons of Kimberly visited with relatives here on Sunday.

On Thursday afternoon the members of the Everywoman's club were entertained by Mrs. Howard Darrab, P. Keenan and E. W. Maxon at the home of the former. In the absence of the president, Mrs. John Thomas presided. Miss Charlotte Ford was unable to respond to an invitation to meet with the club that afternoon due to the county examinations being taken at that time. The principal feature of the afternoon was a debate between Mrs. Howard Darrab and Mrs. Keenan on the question: "Should women be allowed to teach in public schools." Affirmative, Mrs. Darrab; negative, Mrs. Keenan. Mrs. Darrab, in her affirmative, Mrs. Keenan read a paper prepared by Mrs. Hillard on the "Divine Plan," and Miss Wilma Noh gave a reading, and Mrs. R. H. Denney a piano solo.

INDIOT CATTLE BUYER
CHICAGO, May 20. (AP)—An indiotment was returned by the federal grand jury against John J. Reilly, cattle buyer and seller, and Thomas O'Donnell, former weight taker for Swift & Co., charging them with conspiracy to substitute inferior meat for meat of higher quality in large sales made to packing concerns. See How Easy it Is to Have Pretty Clothes This New Way With

"The Dress That Almost Makes Itself"

"Ladiana"

\$1.59

SOMETHING NEW—Something surprisingly different—a soft, cool, summery, fine quality Voile Dress that can be made up in a few minutes.

No additional cost for pattern, since none is required
THINK of getting a frock so smartly styled for so small a sum—and one that is extremely becoming to you and that looks much more expensive than it really is. So pretty are these frocks you'll find yourself buying two, three, or four of them, for you have only to see them to realize what a wonderful variety of lovely dresses you can have. Dresses of the newest colors and smartest designs. Dresses so absolutely inexpensive that it really is worthwhile to buy a selection of the shades you like best.

No Need for a Pattern
The Ladiana is so designed that the instant you open it out you see just how it is to be sewed. Then you cut out the neck, sew the shoulder and side seams, as indicated. Turn up the hem—and the dress is finished. The work of a few minutes.
Plenty of Material
Each piece of material you buy is sufficient to make a Ladiana Dress to fit any figure from size 16 upwards. And you need no additional trimming to make your frock complete. You'll like too, the high quality and softness of the voile itself—for this material alone is worth the cost of frock itself.

Easy to Make

Even if you never sewed before, you can quickly and easily make these Ladiana Dresses for they come to you all ready for the needle.
