PROBERS SEEK MORE LIGHT ON WOMEN'S FUNDS

Discussion of Prohibition and W. C. T. U. Activities Enlivens Session of Senate Investigating Committee.

(By the Associated Press.)

WASHINGTON, June 29.—The testimony, arguments and discussion on prohibition, collective bargaining and day before the senate campaign funds committee as more light was sought on the expenditures of the \$150,000 fund.

There were frequent clashes between Senator Reed, democrat, Missouri, the chairman, and William B. Wright, special counsel to Governor Fletcher in a pending the fund, with a blanket charge by the witness that the federal government has failed to do its job in prohibition enforcement.

While granting this line of inquiry in a brief statement, Wright tonight the committee found its prospective field of investigation broadened with the filing with the committee of the raising of a slush fund for use in the North Dakota republican primary tomorrow.

Three charges were made in writing on behalf of Senator Nease, who is a candidate for re-election against J. R. Hanna, who was campaign manager for President Coolidge in North Dakota in 1924.

The statement asserted that there were indications that a "huge slush fund had been obtained through administrative channels of support," for use in getting out the vote in the primary tomorrow.

Immediately upon the assembling of the committee today, the prohibition subject was brought up by Senator Pepper, who was defeated in the three-year senatorial race in Pennsylvania. He had declined emphatically that he had nothing to do with the raising of the fund.

Wright followed Pepper to the stand and Chairman Reed immediately developed the fund of the slush fund.

Testimony was given by Wright that one of his "under cover" men known to the committee as "Mr. Z" had information of the fund.

Suggest Names of Four for Heroine Of the World War

Woman's Overseas Service League Convention World Name One of Quartet.

OMAHA, June 29.—The woman's overseas service league convention, for the honor of "outstanding heroine of the world war," by delegates at the Woman's Overseas Service League convention, was held here today.

Edith Cavell, the English nurse, who was executed by the Germans; Marion Carruth, Omaha girl, who was the first American woman to be killed as the result of shell fire; June de Lamo, head of the American Red Cross nurses, who died in Paris; and Katherine Barker, another Red Cross nurse, who died in foreign service, were the four names suggested.

Mrs. W. C. Vanderhill, for her organization group, was called upon to suggest names. The Army girls were mentioned as having been a group that performed heroic deeds in the field.

The telephone girls were said to have done the bravest work.

Twenty-seven of the 50 ships are to be put into operation immediately, with the remaining 23 will have to be conditioned before they can be put into operation.

Large Yield Forecast

In his statement to the board, Secretary J. A. J. and the forecasted wheat crop for the year ending June 30, 1926, Nebraska, and Missouri was 270,000,000 bushels this year against the average of 163,710,000 bushels last year.

The board's action was explained in a statement by the chairman, T. V. O'Connor, which said in part: "Secretary Hoover and Secretary J. A. J. stated that it was absolutely necessary that the wheat crop of 1926 be secured at once that proper facilities would be offered for lowering the duty on wheat."

FISH AND GAME ASSOCIATION TO NORTURE POINT

Sportsmen's Organization Launches Ambitious Project for Protection of Stock for Streams of Region.

Southern Idaho Fish and Game association is making arrangements to feed several thousand baby trout in a big feeding nursery pond to be constructed this week on an acre of ground on the shore of Black Creek canyon south of Twin Falls at the bottom of what is known as the All drainage tunnel on the A. Young property.

Treat will be received in the feeding ponds when in the stage and will be fed until they are about six inches long, when they will be released into Black Creek for the river, and in the stream and its tributaries, and down to Snake river.

The undertaking is regarded as one of the most constructive and important ever launched by the association, and association members and sportsmen generally will have a keen interest in it with its details are enthusiastically over.

Protects Baby Fish.

Use of the feeding ponds will supersede prior policy of the association in stocking streams of this region. Heretofore baby trout, on arrival from the state hatcheries, have been carried in smelt trucks to headwaters of streams to be stocked, where they have paid no easy price for the blizzards, rain, fishers and other fish eating birds. Under the new policy, when the fish have reached a stage of development at which they will be released from the ponds, they will be large enough to take care of themselves in a contest with the birds.

The tract upon which the ponds are to be constructed has been secured by the association under a lease, and building of the ponds is to be completed under contract this week.

Twin Falls Given Cent-a-Mile Rate

Oregon Short Line officials Tuesday, through the local agent, R. H. Wagner, announced a "cent-a-mile" excursion to Twin Falls from all points reached by the Short Line system. The date has been definitely fixed for August 30. Tickets will be on sale at all stations beginning on the first of August. Return limit is August 28.

Other "cent-per-mile" excursions announced are as follows: Boise, July 9; Portland, July 23; and Seattle, August 6. In addition to these excursions a fare and mileage rate will be available throughout the Oregon Short Line railway for all who purchase tickets to points within the system on July 3, 4 and 5. This ticket will be valid until July 7.

SOCIETY AND CLUBS

Edited by Mrs. E. B. Williams Phone 395

At the regular weekly luncheon of the Business and Professional Women in the club rooms at noon on Tuesday, a program appropriate to Independence week was carried out. The program opened with the reading of the pledge by Mrs. Geneva Lewis, chairman of the program. Dr. D. C. LECTURES AND MUSIC PLEASE

Big Audiences Spend Profitable and Enjoyable Afternoon and Evening at Chautauqua.

Big audiences in Twin Falls chautauqua tent Tuesday heard inspirational and entertaining lectures delivered in the afternoon by Dr. Charles W. Shotton of Kansas City, one of the country's outstanding ministers, and in the evening by Herbert Lewis, Cope, noted Irish humorist. The lecture was preceded by a brilliant program of song by the John Ross (then) concert company.

"The business in the world," Dr. Shotton asserted, "is changing men's minds. It takes more skill and power to change a man's mind and make a good man out of a selfish one than to change a man's make an automobile or a motor picture."

Gales of hearty laughter pealed through the chautauqua tent Tuesday night as Mr. Cope's lecture, "The Philosophy of Laughter," in which he played Irish humor, failed to make plain the many things for which mankind has reason to be appreciative and grateful.

Chautauqua audiences Tuesday included many friends here of John Ross Reed and his talented sister, Miss Patricia Reed, who, with her husband, made plain the many things for which mankind has reason to be appreciative and grateful.

Not only an ideal industrial city but a wonderful place to live

LONGVIEW, WASHINGTON, is a clean industrial city. Though it teems with business life and industry, there are few cities in America that offer finer living conditions. Longview's industrial districts are removed from the shopping centers and the residential districts and, by reason of a careful, yet reasonable, zoning plan, conditions confronting many industrial cities can not be here. Longview is beautiful with parks and lawns, modern homes and modern streets. Unsurpassed climate, grocers and flowers abound and best of all there is a unique pride among its 11,618 inhabitants that Longview shall always be a wonderful place to live—a home city of happy, contented people. PULL OF MOTOR BUS FORCED TO TAKE TO DITCH

Five Passengers Shaken Up When Giant Pocatel-Twin Falls Stage Collides With Truck on Highway.

Five persons were badly shaken up and George Tate of Los Angeles sustained several bruises and cuts about the face when C. H. Smith, pilot of the giant wheelbound twenty-five passenger Pocatel-Twin Falls stage, was forced to take the ditch running parallel to the highway two and four-tenths miles east of Twin Falls Tuesday noon at 12:30 o'clock.

According to passengers, Smith, veteran stage driver, was traveling at the usual rate of 30 miles per hour, when a three-ton International truck, owned by the Cane-Farmer company of Twin Falls, and driven by the King, entered the highway from a farm driveway on the left. Passengers stated that in making the turn, the truck, which was traveling on the right side of the pavement, veered off the edge of the road and struck the rear of the stage.

As soon as Smith saw the truck enter he braked, but the big passenger bus, which was traveling at the usual rate of 30 miles per hour, was unable to stop in time and the machine smashed into the front end of the truck, crumpled off and still in the ditch.

Passing motorists picked up the passengers and brought them to town. The driver of the truck, who was not hurt, was taken to the hospital. The truck was damaged to the extent of several hundred dollars.

PURCHASES SITE FOR DEHYDRATOR

Pucinilli Company Makes Payment for Location and Will Push Construction Work.

Work on the Pucinilli Dehydrator company's dehydrating plant in Twin Falls will begin within two weeks and the plant will be completed to handle this season's apple crop. It was announced Tuesday when the company's check in full payment for the building site was received by John E. Davis, attorney for the company.

The site, which was selected by H. R. J. and of San Jose, California, construction engineer for the Pucinilli company on a recent visit here, is the block occupied by the old Adams-Piercing planing mill on Third avenue—south, between the Oregon Short Line tracks.

ANNOUNCEMENTS

All children taking part in the "Living Gift" are requested by Mrs. W. W. Humphrey, chairman, to meet in the city park at 4 o'clock Thursday afternoon, July 1. Miss Janet Harland, junior supervisor of chautauqua, has kindly volunteered to drill the children.

The Christian Women's Missionary society will meet in the church parlors Thursday afternoon at 2:30.

In order to avoid conflict with chautauqua, prayer meeting services will not be held Wednesday evening in the Presbyterian church. It was announced last evening by Rev. A. G. Pearson.

Here On Vacation—Miss Mahel Wright, one time Twin Falls' high school teacher, is here from Great Falls, Montana, where she taught last year, to spend the summer in Twin Falls.

Resumes Musical Study—Roderick Wright, son of W. W. Wright, left Tuesday for Joliet, Illinois, to resume musical studies during the summer months under direction of Dr. Mahel, organist here.

Burley Manager Visits—William Crawford of the W. H. Wright and Sons store of Oglethorpe, who today will assume managerial duties of the W. H. Wright and Sons store of Burley, spent Tuesday in Twin Falls visiting the local unit.

Make Outing Trip—Mr. and Mrs. R. R. Spafford, Mrs. A. R. Lewis, Mrs. Charles Best, Jr., sister of Mrs. Spafford, and Mr. and Mrs. J. W. Freeman, C. F. and son, Roy, returned Monday evening from a five-day outing trip in Stanley basin, Red Fish Lake, Robinson Bar, returning by way of the Valley of the Moon.
