## REBELT LEADER OUTLINED BY JUSTICE SENT

## U. S. Department Official Blames Disgruntled Former Mexican War Secretary for Attempt to Oust Government.

(By The Associated Press.)  
SAN DIEGO, Cal., Aug. 16.—General Enrique Estrada, former secretary of the Mexican government, and engineer, the attempt to overthrow the government of Lower California, followed by a series of attacks here, and a large amount of rifles, machine guns, and ammunition were seized at Julian, and sent out of here, and three miles from the Mexican border, A. C. Hopkins, department of justice, today said:  
"General Estrada, from all the information we have been able to gather, was the sponsor for the movement against the Lower California government," said Hopkins today. "I do not think that the Mexican government troubles the United States, but the government that anyone but Estrada was behind it. I believe it was simply an attempt of the cult to get in."

Lodged in Jail.  
General Estrada was more than a week in jail here. He was taken to a cell in the city of San Diego, a Calver City contractor, and Earl C. Parker, president of the Parker Hardware company of San Diego, as well as General Aurelio Sepulveda, well known army officer, who has been living in Los Angeles for the past two years, are lodged in the county jail here, while the remainder of the prisoners are quarantined at Fort Rosecrans, under guard of the United States marines. General Estrada and Sepulveda were held to make any statement for publication. The former, who would talk declared that they had been lured as laborers, although they admitted they did not know what kind of a job they were doing.

Department of Justice Attorney Hopkins, this morning stated that the capture of the Mexican revolutionaries was announced when it was learned that Estrada and Sepulveda were holding conferences in Los Angeles. He said the revolutionaries were later taken together with plans for the expedition. Estrada and several of his followers were taken to San Diego, where they were held for several days ago. Saturday morning the Mexican detachment started from Los Angeles in several trucks and automobiles. Hopkins stated that the department of justice case followed them to the Mexican border. The caravan of the Mexicans was followed by a scout car and followed by an active guard. The car containing the men would stop and would frequently be driven behind steel boards and under bridges, to determine whether or not the party was being followed. To avoid having the Mexicans learn that they were followed, the department of justice agents were kept in the same frequent and clever "ducking" Hopkins stated.

Reaching Chase.  
The chase led through Santa Ana, where the party spent Saturday night.

## Forest Fires Break Out Anew in Coast State; Redwood Stands Threatened.

SAN FRANCISCO, Aug. 16. (AP)—The forest fire menace in the timbered regions of northern and central California was revived today.

One blaze, which started Friday, was out of control with 500 men opposing it in the redwood stands of Modoc county. The mill of the Modoc Sugar Plant company was threatened to permit its workers and loggers from all of the company's camps to augment the fire fighting host.

More than a thousand men were burned over today.

A fire which had approached within 500 feet of outlying homes in the town of El Dorado in the Oregon line, was partially brought under control today when 200 men provided by the state fire department arrived.

The fire situation in western Washington was bettered today and the heavy winds had followed. To avoid having the Mexicans learn that they were followed, the department of justice agents were kept in the same frequent and clever "ducking" Hopkins stated.

## RANCHES THREATENED

BOISE, Aug. 16. (AP)—A heavy rain, falling in heavy northwesterly timber along Harris creek, 30 miles north of Boise and 10 miles east of Horseshoe bend, is threatening many houses and barns and a saw mill. It was reported here today by Arthur Connor, fire warden of the Southern Idaho Timber workers' association, who is rushing all available men to what is regarded as the most dangerous conflagration of the season. The fire, starting late yesterday afternoon, gained headway today under heavy winds and is now burning over more than 2000 acres.

## RAIN AIDS FIGHTERS

MISSOULA, Mont., Aug. 16. (AP)—Cloudy weather and a light drizzle of rain that fell in parts of this forestry district today aided fire fighters in their controlling the few remaining blazes and extending their trenches. Except for a few isolated spots, all fires in the entire district were reported as quelled.

## PEANANT RACE TIGHTENING UP

Three Contenders for S. C. I. League-Gainfalon Are Separated by Narrow Margin.

**Standing of the clubs:**  
Club Wins Losses Pct.  
Burlington 10 4 .714  
Decatur 10 4 .714  
Kimberly 9 5 .643  
Eden 7 7 .500  
Burley 5 9 .357  
Jerome 1 13 .071

EDEN, Aug. 16 (Special to The News)—With only four games to be played in the league schedule, the peanant winners have practically narrowed down to three (Eden, Burlington, and Decatur). As pointed out by the league, Eden and Decatur are tied for first place, while Kimberly is only one win behind both—league-leading Burlington is only one win ahead of Eden.

As to who will pull down the flag, it cannot be accurately forecast before the staging of the final game, which is scheduled to be played September 12.

Kimberly slipped back a peg when they lost a hard-fought game with Decatur Sunday. It was an exciting affair with Decatur leading 5 to 3 in the eighth, while the Decatur team has two games with Burlington and two with Jerome. Report has one game with Eden and one with Burley to complete their playing schedule.

To win the pennant the leading teams have to win all the remaining games and then a post-season series to play off the tie. However, four games can make a considerable change in the standings and a four-corner tie is possible, as Eden by winning the remaining game can be up among the leaders.

Rupert maintained their winning streak by defeating Jerome at Jerome Sunday, 7 to 0. The Jerome team has replaced Paul and are running into shape a fast time, but will be a wrecking force to come team before the season closes.

Next Sunday's games are scheduled as follows:  
Eden at Jerome, Burley at Decatur, Kimberly at Rupert.

## ST. LOUIS CARDINALS TAKE FINAL FROM CUBS

ST. LOUIS, Aug. 16 (AP)—Bottomley's single in the ninth inning with the bases filled and two out broke a one-run lead that had built up a wrecking force to come team before the season closes.

Next Sunday's games are scheduled as follows:  
Eden at Jerome, Burley at Decatur, Kimberly at Rupert.

## Eden Lads Come From Behind to Defeat Burley

BURLEY, Aug. 16 (Special to The News)—Eden was another close game from Burley here Sunday when an eighth and ninth inning rally settled the victory. Eight runs, which with one additional run secured in the fourth, gave them the long end of the 7 to 0 score. In the final inning, Tucker of Eden hit for the client with two on base. Eden gathered two more before the end of the inning and Burley failed to answer.

Eden captured the fielding honors of the game by pulling four "double plays." Anderson yielded 14 hits to the Eden batters but struck out eight. He walked five, they worked behind the bat for the locals.

Johnson was touched up for eight hits which were kept well scattered up until the eighth, when Burley bunched four singles and scored three runs. Five Burley batters fanned the breeze. Neither team scored until the fourth when the Eden side pushed one run across.

Burley failed to cross the rubber until the eighth when they counted four runs. Three more runs in the eighth looked as if that would be enough to win the game, but Eden's rally in the ninth inning won it.

Eden's victory was a real surprise to the locals, as they had been doing the local's chances of winning.

## CHAMP DENIED LICENSE TO BOX

Committee Rules Dempsey Must Meet Negro Before Asking Further Recognition.

NEW YORK, Aug. 16 (AP)—Jack Dempsey's application for a license to fight Gene Tunney here September 10 today was denied by the state license committee until he has complied with the state athletic commission's order that he meet the negro, Harry Williams, first.

The resolution of the license board rejected that Dempsey must present a picture for a bout with Williams to take place before he meets any other man in order to receive recognition in this state.

This decision followed receipt of an opinion from Attorney General Ottinger at Albany stating that the license board was not within its power in refusing a license to the heavy weight champion after he had been declared eligible by the state athletic commission.

The license committee's resolution follows:  
"The license committee will not further consider the application of Jack Dempsey for a license until he has complied with the resolution and orders of the New York state athletic commission and license committee issued to him declaring Harry Williams his logical opponent."

"If Jack Dempsey, must therefore enter into preliminary agreement in accordance with printed rules and regulations of the New York state athletic commission and license committee, declaring Harry Williams his logical opponent."

Foresee Court Fight  
Observers foresee a battle in the courts with Fox Richard, promoter, supported by the Ottinger finding, the athletic commission having voted Dempsey eligible to license last week. The decision of the license board on the other hand is regarded as a victory for James A. Frazier, chairman of the commission, who all along had been out for a Dempsey-Williams contest.

Frazier often has said that Tunney and the champion would not fight at the Yankee stadium in September, but his fellow commissioners, George E. Brewer and William L. Muldoon, recently combined forces in an effort to obtain a battle. Brewer, a lawyer, asked the attorney general for the opinion, which was made public today.

**PREDICTS SMALLER YIELD**  
BOISE, Aug. 16 (AP)—While the acreage in the late potato district of southeastern Idaho has increased from 10 to 20 per cent in the last year, the yield will be less than in 1925, Harry Sabler, chief inspector of the Idaho department of agriculture reported today.

## FOUL BALLS

Here are again: The Bruins and Gorman were another national pastime all this week. Five o'clock this afternoon and it's a ladies' day.

Only ten more games at home so better be out there every day this week. The men for home this week and half is lighting up. While the Spuds have a long lead they still can be taken into camp.

Pete Thompson did the Danning for the number of two batters hit, having pulled out 30 of the covered bases.

Phil Apperson signed another little track met all his own and pilfered three sacks from the Spuds. Phil is only accredited with 30 stolen bases but his actual count has got away with 30.

The Bruins had a little batting practice in the state today Sunday. It was quite a lead but it looked as though the Spuds were going to stage another ninth-inning rally. Hickok had other ideas, however.

It is rumored that most of the fans at the state today Sunday. The photographers had made a mistake, and given those six taller to the wrong team. "It was not so."

The Salt Lake Bees will be entertained by the Banquets at Pocatello this week and this series should be interesting. Both teams have been going good but the Bees have the edge. No fan and if they take this series they will be dangerous contenders.

The Spuds and Gorman struggle and it is to be hoped that the Gummer crew can take a few games from the league leaders.

All right, let's be out there this afternoon and give the Bruins a send-off. Yip yip yip. That's all.

**Quaker Oats**  
"stands by" you through the morning  
That's why millions start their days in this way  
To feel right through the morning, you must have well-balanced, complete food at breakfast. As most other meals—lunch, dinner and at dinner—you usually get that kind of food.  
But at breakfast, the great dietary mistake is most often made—fried food, often badly chosen.  
Thus Quaker Oats, containing 16% protein, 40% starch, 14% fiber, 1% fat, 1% minerals, plus all important vitamins and the "bulk" that makes for easy action—constipation, the dietetic value of the world today.  
It is food that "stands by" you through the morning. Food that should start every breakfast in your home.  
Don't deny yourself the natural stimulation this rich food offers.  
Get Quaker Oats today. Grocers everywhere. Two kinds: "Quick" Quaker, which cooks in 3-5 minutes, and "Quaker Oats."

You like to know names that everybody knows—name of the man who tied lightning to a kite—name of the man who watched a tea-kettle and went out and made an engine. Just knowing such names gives you pleasure.  
Yet there are names that thousands of people know that can give you much more pleasure in a much more personal way. Names that stand for the best things to eat, to wear, to sleep on, you can buy. Names that if connected with the salad dressing, hat, mattress you select—or any other desirable thing you select—mean it is most desirable. Names written large in advertisements. Advertisements tell why those are wise names for you to know. Why such names greet you in the best groceries, department and hardware stores. Why those names are in the buying-vocabulary of thousands are believed in by thousands—justify belief?  
Read the advertisements. Don't ask vaguely in a store for "cold cream," "a skillet," "a vacuum cleaner." Ask for So-and-So's Cold Cream, So-and-So's Skillet, So-and-So's Vacuum Cleaner. Use the names you have learned through advertisements, that stand for the product that means most to you and most to most everybody.

Announcement of Unexpectedly  
Big Increase in U. S. Sends  
Wheat Values Downward.

CHICAGO, Aug. 16. (AP)—Announcement of an unexpectedly big increase of the United States wheat supply today sent wheat prices down. The total increase was 10,075,000 bushels over last week's total. Closing quotations on wheat were: No. 1 hard, 1.24 1/2; No. 2 hard, 1.24; No. 3 hard, 1.23 1/2; No. 4 hard, 1.23; No. 1 soft, 1.23; No. 2 soft, 1.22 1/2; No. 3 soft, 1.22; No. 4 soft, 1.21 1/2.

Despite the fact that foreign buying of domestic deliveries have kept the wheat market considerably initial strength, prices soon began to show a noticeable downward trend. Persistent selling attributed to a leading Chicago speculator. The market force exerting the market down, however, was the market's new enlargement of the domestic supply, expected to amount to 10,075,000 bushels in a week after a similar big increase a week ago.

**Largo Canadian Carry Over**  
Something of a rally toward the last in the wheat market was noted from the fact that 200,000 bushels of wheat had been disposed of here to exporters since Saturday's close. On the other hand the Canadian carrying over of wheat on July 31 was officially reported to be 35,000,000 bushels, against 20,000,000 bushels a year ago. Further rain both in Canada and in the American Northwest however, tended to cause more or less apprehension.

Interests in the spring wheat harvest, European arrivals told of trans-Atlantic harvest operations being hindered by wet weather.

Corn prices received, owing chiefly to additional rains over the corn belt, and to reports indicating that all corn in the hands of Illinois and Indiana farmers is of liberal amount. Oats declined with corn.

Provisions reflected a material downward in long values.
