Whereabouts of Important	Correspondence Between

(By the Associated Press.)
NEW YORK, Sept. 15.—The mys-
terious disappearance of important cor-
respondence between Harry M. Daughler
and John T. King, after the death
of the former republican national com-
missioner from Connecticut, was re-
vealed today.

Important Evidence.
Government attorneys characterized the letters exchanged by Daugherty and King as documents that would throw much light on the alleged conspiracy.

The correspondence, they said, retained stubs of two checks from \$25 each which they allege was interest \$100,000 in Liberty loan bonds which they allege King gave Daugherty part of his share in the \$441,000

refunded of \$700,000 of American Metal company shares seized under trading with the enemy act.

FEW UPSETS IN PRIMARY VOTE

Nearly Complete Returns From
Nine States Indicate Defeat
of but One Senator.

(By the Associated Press.)
Nearly complete returns from yesterday's primary battles indicated the defeat of but one United States senator and only a few members of the house of representatives.
In Colorado late returns gave Charles W. Waters, former college coach and anti-union candidate, several thousand more votes than Senator H. W. Means in the republican senatorial contest. Means is commander-in-chief of the Spanish-American War Veterans and reputed head of the Klan in that state.
A split and lack of unity in Maryland gave Senator H. W. Walters a slight advantage over Representative John Philip Hill, one of the recognized leaders of the state's republican congress. Senator Walters, if victorious, will be opposed in November by another known republican, Representative M. T. Tynes, who has supported the democratic national nomination.

Michigan is excepted.
With comparatively few surprises noted in any of the primaries, Michigan afforded an interesting exception, returning there continued to increase the only lead taken by Fred W. Olson, of Iowa, over Governor Alexander J. Groves in the fight for the republican gubernatorial nomination.
In the eleventh Michigan congressional district, Representative Frank Scott, veteran house member who for most of last session acting chairman of the house military committee, is locked in a tight race with Dr. Frank E. Holt of Newberry, the republican nominee.

Another Michigan congressional fight, that between Representative John H. Sonensky and former Representative Robert Clancy, has attracted attention. Clancy was defeated for the present congress by Sonensky, a republican. Clancy, now an independent, has threatened to capture that party's nomination.

Veterans Win.
Three senate veterans, Smith of South Carolina, and Brewster of Louisiana, both democrats, and Jones of Washington, a republican, and another able margin for re-nomination, while Senator Butler, republican, Missouri, sets were unopposed. In the Nevada senatorial election, Senator Butler also competed with former Senator David L. Walsh, democrat.

In New York, which voted only for congressmen, former Representative Charles A. Smith, defeated Representative William F. Hall, a republican, in the Washington congressional race. Representative Johnson, chairman of the house immigration committee, held only a slight lead over his opponent.

KLAN CANDIDATES DEFEATED.
DENVER, Colo., Sept. 15. (AP)—With an overwhelming avalanche of ballots in yesterday's primary election the republican party leaders believe they have driven the "Ku Klux Klan," the Minutemen of America and similar secret organizations out of control of the party's affairs in Colorado. Piling up majorities in the first, second, last night and increasing their leads as returns continued to arrive in today, all the candidates supported by Clarence C. Hamlin and former Governor Oliver H. Shoup, the anti-union leaders of the party, administered defeats to those whose candidacies were sponsored by Senator L. C. Hughes, chairman of the republican national senatorial committee, United States Senator H. W. Waters, directing head of the National Citizens' Association, and Charles W. Waters, former college coach and anti-union candidate, who was defeated by Charles W. Waters, former college coach and anti-union candidate, who was defeated by Charles W. Waters, former college coach and anti-union candidate.

DAWES RENEWS FILES BATTLE

SEATTLE, Wash., Sept. 15. (AP)—Leading the republican ticket, United States Senator Charles W. Waters, tonight again remonstrated in a Washington state primary held yesterday. Jones, a life long dry and one who voted for the United States to enter the world court, scolded his success to the policies of the republican party and interpreted his victory as an endorsement of President Coolidge.

WOOD VETOES MEASURE.
MANILA, Sept. 15. (AP)—Governor General Wood today vetoed a bill passed recently by the legislature, empowering claimants to sue the government when the latter refuses to approve claims or otherwise withholds action on them.
The veto was based on the ground the bill would curtail the powers of the insular auditor, expressly established by the Jones law.

It is expected the bill will be passed over the veto and sent to President Coolidge for action.

BOBART TO BE FAIR SPOKER

**Celebrities to Attend Opening
Day Festivities of Jerome
County Exhibition.**

Jerome, Sept. 15.—Senator Will Howard Clark will speak here September 16 at the opening of the three-day Jerome county fair, it is announced by the heads of the fair association. That is "recreation" day, marking the tenth anniversary of the Jerome cooperative community. Governor C. E. Smith and Representative Adam T. Smith also are scheduled to speak, it was announced.

The day begins with a parade which will depict Jerome county's industrial, social and educational development. At noon a fair luncheon will be served at the fair grounds.

At 2 o'clock free transportation will be available to the country, where the addresses will be delivered. Friday and Saturday will be regular fair days. An airplane has been engaged for stunts, flying exhibitions.

A free county circus will entertain the crowds, with a special attraction, clown comedy, dog and monkey show, and music.

Indications are that the livestock and agricultural exhibits will exceed anything yet seen in this country, the officials asserted.

PERSHING IGNORANT OF INSULTS TO AMERICANS

LINCOLN, Neb., Sept. 15.—(AP)—General John J. Pershing, chairman of the American battle monuments commission, stated that during a recent stop of two months in Europe he had heard of any insults having been given to the little white crosses over the graves of American soldiers dead, buried in Europe.

General Pershing's statement referred to a statement by a German official, stating that during a recent stop of two months in Europe he had heard of any insults having been given to the little white crosses over the graves of American soldiers dead, buried in Europe.

General Pershing is visiting here at the home of his sister. He recently returned from Europe.

Vice-President Assails Preval- ing Senate Regulations in New York Address.

NEW YORK, Sept. 15. (AP)—President Coolidge's vice president, Charles G. Dawes, tonight assailed prevailing Senate regulations in a New York address.
Mr. Dawes, speaking at a dinner of the radio industry, criticized the Senate's practice of holding hearings on bills before they are reported to the floor.

"It is a shame to find the federal government more active about anti-trust laws than the states and, I doubt if greater service is practiced in bureaucratic Russia," he said.

Congressman Smith Tells of Successful Community Exhibit and Entertainment.

Hazlet, Sept. 15.—The annual Harvest Festival held Tuesday contained a splendid exhibit of farm products with a community entertainment which attracted at least 1000 persons participated, according to Congressman Abbot T. Smith, who, with Eugene H. Grubb of California, crop production specialist, addressed the festival visitors this afternoon.

A large store room was filled with exhibits of grains, fruits and vegetables making up an agricultural display which Congressman Smith said was as fine as could be seen anywhere.

An interesting feature of the fair was a display of articles made by local women. The entire exhibit is to be shown at the Jerome county fair opening at Jerome today.

The afternoon's program included a number of horse races and foot races and other athletic contests.

In his address Congressman Smith described the transformation of the Idaho frontier through the industry and fertility of the pioneer settlers.

He referred also to agriculture's increasing claim for attention in congress during the past 25 years, mentioning the rural free delivery, parcel post and farm loan legislation.

Mr. Grubb devoted his remarks largely to reminiscences going back to the Civil war period, indicating the importance of the homestead act in development of the public domain and pointing out necessity for care in selection of seed and use of proper cultural methods in successful production of farm crops.

DECLARES DICTATORSHIP RULES IN CIVIL SERVICE

PHILADELPHIA, Sept. 15. (AP)—Senator Reed Smoot, of Utah, a practical dictator of the civil service bureau in Washington, Dr. Ellery C. Stowell of Washington, today told the assembly of civil service commissioners in annual session here.

"Members of congress, too, are interfering with the service to such an extent that citizens should organize to protect this important government service from being further hampered," he said.

Mr. Stowell, who is president of the Better Government League in the national capital, said:

"It is shocking to find the federal government more active about anti-trust laws than the states and, I doubt if greater service is practiced in bureaucratic Russia."

ADmits GUILT IN LIQUOR CASE

Frank Van Eaton Pleads Guilty to Furnishing Moonshine to Boy; Lad's Father Freed.

ELIZABETH, N. J., Sept. 15.—A minor against Frank C. Kopp of Elkhart, Ind., pleaded guilty today to furnishing moonshine to a boy, according to the prosecuting attorney's office, had been based on statements of a former Elkhart newspaper editor, Kopp.

The boy, in his original statement, according to the officers, alleged that Van Eaton had furnished him with moonshine whiskey to him.

In a subsequent statement, the officers said, the boy said that the liquor had been furnished by his own father.

On arraignment some days ago, waived preliminary hearing and was held until a \$1000 bond to trial in the district court.

Kopp was arrested last Saturday and on arraignment in probate court, pleaded guilty to the charge. He was admitted to \$2000 bond.

Judgment in the case of Van Eaton will be pronounced by Judge W. A. Babcock in district court here next Friday.

Quarters of Auto Supply House Here Will Be Enlarged.

Work will be started this morning by Mcintosh and Sons, contractors, on the construction of a \$1000 addition to the Elkhart Auto Supply company building at 411 Main avenue.

The present quarters of the concern will be remodelled and a four-foot extension will be added to the rear of the building.

A plate-glass front is included in the construction plan. Mr. French also announced the purchase of three lots adjacent to the building now occupied by his concern. These lots, it was stated, have been acquired for the purpose of constructing a large brick building within the next year.

Due to the large increase in the volume of business, which has been in part due to a much larger demand, alterations on present quarters were necessary, Mr. French said.

At the present time, the Elkhart Auto Supply company occupies one of the largest and most complete lines of automobile parts, for all types of automobiles, carried by any single concern in the state.

Counties of Blaine and Fairfield were annexed to the Snake river boy scout district, making a district nearly 10,000 square-miles in area, by action of the Snake River district council in session at Jerome Wednesday eve.

The secret executive report showed that there are now 51 active troops and 478 registered arabs within the district. "New" troops have been organized at Carey, Redfield, Minnards, Wendell, Hurley, Oakley and Twin Falls.

Attendance at the three boy scout summer camps in the district during the summer, according to reports made to the council, totaled 250 boys, showing an increase of 30 per cent over the previous year.

Three new camps have been established this year for the north side counties at Camp Sawtooth on the Upper Wood river camp for Cassia and Minidoka counties and Camp Independence in the hills south

W. E. Nixon of Twin Falls was appointed chairman of a committee to arrange for a convention for all scoutmasters of the district to be held in October or early in November.

The executive, F. D. Hawley, was announced, will leave Friday morning for Hot Springs, Arkansas, to attend a national meeting of section executives, and will return early in October.

Financial campaigns to raise funds for the 1927 budget will be conducted in the several communities throughout the district during October and November, it was decided.

A report of the work of the cabinet of the high school girl reserves, of which Miss Mary Provost is chairman, will this morning be given by Miss Helen N. Slack of Bala, who is secretary of the girl reserves in this district, and plans will be perfected, it was stated, for securing funds to finance the program for 1927. Miss Lucille Jordan, of New York City, who arrived here Wednesday, will address the meeting on this phase of the work, and will remain here the remainder of the week, with a view to aiding in the solicitation of funds for the organization.

Tuesday evening marked the beginning of activities of the Girl Reserve Club in the Twin Falls high school, when about 50 members hiked to the Maxwell country home north of this city. The first of the evening's entertainment was a large camp fire around which the girls gathered to roast winners, slug songs and phrases.

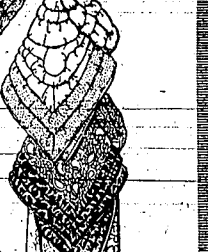

Members of the faculty who accompanied the ends of the high school were Miss Helen Thompson, Miss Margaret Lehman, Miss Frances Hard, daughter of one of the high school, and Miss Helen Clark of Boise, who is in Twin Falls for a short time. Miss Clark is district field secretary of

YOUTHS ADMIT FIRING SHOTS

Peter Riha and Joseph Konecny Plead Guilty to Misdemeanor Charge.

Peter Riha, 17, and Joseph Konecny, 23, accused of firing a number of revolver shots at an automobile passing on the road near the Rihm residence, four miles northwest of Twin Falls on the evening of July 17, last, pleaded guilty in probate court here Wednesday to misdemeanor charge of assault.

The misdemeanor charge was admitted by the prosecuting attorney's office for a felony charge of assault with a deadly weapon that was filed against the accused young men when they were arrested about a week ago.

The car of which Riha and Konecny opened fire with large caliber revolvers was occupied by OLYMPIAN and Miss Norma Anderson. One of the bullets passed between the couple on the front seat of the car and broke the window. The accused youths, when arrested as a result of several weeks' investigation, told the officers that they had fired on the car for the spirit of fun and that they sought only to frighten the occupants.

Mere Men Rulers Can't Set Styles

Dame Fashion Goes Her Own Way Despite Dictators; Mussolini's Effort Amuses.

LONDON, Sept. 15. (AP)—Dictators and kingpins have been trying to reform women's dress by various methods, but skirts continue to shrink, sleeves get no longer and the effects of man have not covered up the late period in which various high-society officials pretend to find objectionable.

King George, let it be known in France that he thought very short skirts were unattractive, and many of the women who associate with royalty do not longer go with them.

FIRST AUTOMOBILES NOT UNLIKE PRESENT

DETROIT, Sept. 15. (AP)—There's nothing new under the sun, is especially apt as applied to styles in motor cars, a visit to the Ford historical collection at Dearborn shows.

A Ford, presumably of more or less modernity, is the sport model with the convertible "runabout" 24 in. seat in the rear, just large enough for two people, but a roadster, vintage of 1908, also had a 24 in. seat in the rear, for the same purpose. Although it wasn't possible to conceal the seat.

The runabouts were refreshingly honest, and a humor, rivaling the later "moo cow" creation with its rubber air ejector as motive power, was part of standard equipment.

Returning to the runabout seat: A 1905 model, with this type one better. One of the cars in the collection is a fully equipped touring model of the first class, it appears to be the only a solidly built car, seemingly not constructed; but it leaves a nut here, a screw there, and the back seat comes off, leaving a seductive cradle for two which resembled a cross between a caterpillar truck, a tractor, and a tandem of a little earlier period.

Those were the days of the side-wheelers and the boyish naïveté of the ability of a clammer the to hold its place unaltered, demanded extra legs placed at intervals between the spokes, as the larger side of the wheel.

WOMEN RANK WITH MEN IN PRACTICE OF LAW

CHICAGO, Sept. 15. (AP)—From the time of Deborah, judge of the Israelites, whose feminine palm tree depicted guided affairs in the early days of Palestine, women have figured in the course of the world, but not until recently have their numbers attracted notice.

In the legal field American women have been keeping step with their European counterparts, and in the United States, although in 1880 there were only 15 in the United States. This number increased in 1910 to 100.

At the present time there are approximately 2500 women lawyers throughout the country. Chicago alone having more than 100.

Ohio has the honor of having a woman judge. Judge Mary E. Allen, of the state supreme court, in that state Cleveland claims attention with a municipal judgeship held by Miss Mary D. Grossman.

A woman defender of women in Massachusetts. Katherine Tegen, assistant United States attorney general whose prosecutions of liquor law violations in late years have made her famous. While practicing law in Los Angeles she appeared in 2000 cases as a public defender. In 1920 she was having been admitted to the California bar in 1915.

Long-Lived Family

Those who live in the village of Billingham, England, are the longest-lived family in the world. They are all alive, two of them are living by building and designing, while the other three do housework.

The patriarch of the household is a 90-year-old man, but still able to do the housework, while the matriarch, at 88, is still able to do the housework.
