## CARDS TRIUMPH OVER YANKS IN FINAL CONTEST

St. Louis Wins Championship in Seventh Game of Baseball Classic; Alexander Once More Is Supreme.

By ALAN J. GORDON.  
NEW YORK, Oct. 11. (AP)—The general winter weather figure of the classic, Alexander came back on all its ancient phlegmic mastery today to check the Yankees for the third time and clinch the first world baseball championship that St. Louis has won in 40 years.

Through the haze of this unusual day, the seventh and deciding game of the 1926 diamond classic, the Yankee defense seemed to stand the Cardinals their winning margin of 2 to 2, but it was Alexander the great who saved the day with six dramatic and exciting innings to win the championship conflict he never witnessed.

The bases were full, two were out and only one Yankee run was needed in the eighth inning when Alexander came to the rescue of Eddie Collins, whose finger was split from throwing his knuckle ball and whose control was slipping fast. It was a situation calculated to test the stoutest heart and the most seasoned skill with a ball and a world's championship hanging in the balance, but Alexander was equal to it.

Lazzari Faux.  
Facing Tony Lazzari, a tackle almost young enough to be his son, the great veteran hit his trousers, rolled on the pitcher of a right arm that has carried him through sixteen major league campaigns, and struck out his man to retire the side as the crowd broke into a frenzied uproar.

Safe! Just this crisis, the most dramatic moment of the game, Alexander easily subdued the Yankees in the closing five innings, yielding only a pass to Duke Ruth in the ninth as he completed one of the greatest pitching exploits in world's series history.

Twice before Alexander had stopped the American league champions, closing the 100 series in great victories that pulled the fighting Cardinals each time back to open terms. It was only yesterday that his marvellous hand work led the National leaguers to the triumph that forced the series to the fifth, yet he was today again today, as strong and as effective as ever to cap the climax of his heroic role.

### MORE SWEATER AWARDS UNDER REVISED SYSTEM

UNIVERSITY OF IDAHO, Moscow, Oct. 11.—Montgomery "C" sweaters, just coveted athletic award to women students, will be given for 800 points

instead of 1000, if the recommendation of the Women's Athletic association is accepted by the "point committee." The points are awarded for supervised participation in all sports on the campus. It is felt by the association that 1000 points are too difficult to obtain, as evidenced

by the few sweater awards made during the last few years. Reduction of the number of points necessary to win the award, as well as increasing the number of approved athletic events, will make it possible for a girl to win her sweater in three years instead of the usual four.

# COUNCIL WAITS FOR ADVICE IN SIDEWALK MOVE

Commissioner T. J. Douglas Consents to Consultation With Legal Advisors in Pressing Demand for Improvement.

Twin Falls city council on regular session Monday evening took no definite action on Commission T. J. Douglas' demand for installation of sidewalks on bridge, main and second street south between Main avenue and the Oregon street line.

Subsequent to an inspection of the sidewalk situation was made by the commissioner on Monday, October 11. The mayor at the meeting Monday evening proposed that orders be issued requiring installation of walks on two lots to complete sidewalk installation on one side of the street. The council expressed unwillingness to accept this proposal and held out for installation of walks on four lots to complete the walks on both sides of the street.

Impunity was again by commissioners as to the liability of the city in the event of claims for damage arising out of defective sidewalks.
