Farm Organization Representatives in Des Moines Conference Plan Vigorous Fight for Legislation.

(By the Associated Press.)
DES MOINES, Oct. 19.—Farmers and more vigorous fight by the Midwest for legislation designed to place the agriculture industry in a more favorable position was considered in a closed legislative conference here today by representatives of farm organizations.
The meeting was the annual gathering of the great belt federation of farm organizations, composed of more than 30 farm legislative programs.
It was outlined that will include a campaign throughout the middle west states for public opinion and legislative effort in Washington this winter for passage during the short session of congress for an act to raise for surplus agricultural production and measures to alleviate economic pressure upon the farmer.
The speaker of Columbia, Mo., chairman, explained that the executive session has desired to avoid any confusion that might result from the individual expressions on various subjects being taken as indicating the opinion of the conference.
The conference resolved upon a method of financing the program through a five per cent per capita levy against the total income in amount to about \$15,000.
Clinton Smith W. Brookhart, republican senatorial candidate and Peter David W. Stewart, successor to the late Senator Albert B. Cummins, addressed the conference.
The Minnesota and Montana wheat growers and the Minnesota council of agriculture shared the invitation virtually all the more active farm bodies of the grain belt.

Defends Claim to Recover Flowers Sold for Funeral

OHAHA, Oct. 19.—Carl Lindholm, though first called "son-in-law," arrested under an old statute of "renewing" ornaments—found a family of flowers and a young boy. Lindholm's attorney, J. H. P. Perling, said he would sue for their mother's flowers.
The brothers, John and Joseph Nordstrom, said Lindholm had taken the alleged theft of flowers and they went to get a receipt which they had left on their mother's coffin. Lindholm said he was sent on the wife on the flowers, which cost \$500, for another funeral today.
"The woman is dead and can't appreciate flowers any more," the brother said. "And I don't see why there would be any objection to removing them."

MOTHER ONLY GUARDIAN OF 'PEACHES' BROWNING Moves to Anchor Cost of Serum in Hog Cholera Fight

WHITE PLAINS, N. Y., Oct. 19.—Francis "Peaches" Browning, 16-year-old wife of Edward W. Browning, wealthy New York real estate man, now has only one legal guardian, her mother, Mrs. Evelyn Heenan.
Supreme Court Justice Joseph Moore, after today appointed Mrs. Heenan in place of Mr. Otto Beckwood, attorney, on the plea of Maurice Smith, attorney for "Peaches."
Last Saturday, Browning and his attorney appeared before Justice Moore in the first step in his suit for separation and asked that the court name a guardian ad litem for Mrs. Heenan was not a fit person for the position. The court appointed Mr. Beckwood.
Monday, "Peaches" through her attorney had her mother appointed guardian by Supreme Court Justice Murray of New York.
After hearing today's application for the removal of Mr. Beckwood and substitution of Mrs. Heenan, the court said:
"I see no reason why the infant daughter's application should not be granted. I am satisfied that her interests will be protected by making the change requested."

Call for Inquiry in Washington's Campaign Expense

CHICAGO, Oct. 19.—The republican campaign committee here tonight received a copy of a telegram addressed to Senator James A. Reed, chairman of the democratic central committee asked the senate committee to investigate the expenditures in which Sam H. Rumsay, chairman of the Washington state republican central committee asked the senate committee to investigate the expenditures of A. Scott Bullitt, democrat, candidate for senator from Washington.

"Understand your committee is re-examining in Chicago today to consider suggestions regarding conditions in states where senatorial campaigns are being conducted. We ask you to investigate the present campaign, now being waged by the democratic candidate, A. Scott Bullitt, in this state against Senator Wesley L. Jones."
"It is estimated \$100,000 has been spent in his behalf and wealthy relatives of his are quoted as intending to spend \$200,000 if necessary to win the election. Advise us of your earliest convenience."

The same applies to green vegetables, as they are rich in vitamin C, but the bleached variety. Yellow turnip, which is rich in vitamin B, far superior to white turnip, which is particularly low."

HOSPITAL INJURY TRAILS BRUINS

Nye Out of Game With Crushed Foot; Coach Must Break in New End for Clash.

The injury Nye seems to be still following the bruise. Nye, who has been holding down the right wing, had a crushed foot while working over the weekend and will probably be out of the game for the balance of the season. Platoon is placed with the necessity of breaking in a new end in about three days which is quite a feat.

West High has recently held in place of the injured Nye and while he is in the position he is showing considerable improvement at the end position. West High has a fast fifty backfield with a strong forward wall and play somewhat the same style as the Bruins. Last Saturday's game was spent mostly on working out defenses for the Zion passing attack. The Bruins had a hard time in this summer, have been weak at breaking up an aerial attack. From the display Sunday night however, it seems probable the Bruins opponents will get over via the air route.

WEST HIGH PASS.
West High has retained the same line as last year. Viter, who will be remembered as an All-Iowa end granter and a first and tripping punter, was retained by the 'High team. Sunkka, who was named on the mythical all state eleven last year, is again back on the team. Viter and Sunkka have been playing stellar ball for West. Brooked, one of the backfield of last year, was not in the account of injuries, but will probably face the Bruins next Saturday. Rhodes, who was the galloping star of West's backfield last year, graduated, and while the backs are lighter this year, they are shifty and fast. They are first and tripping punter and will complete a number of passes against the gate city team last week. Tom Ryan, another punter, will have a chance to show his stuff against them next Saturday.

Twin Falls fans are planning on taking advantage of the special rates and making the trip with the Twin Falls team. They plan to take the top band was started today and the musical organization hopes to have sufficient funds by Thursday night to contribute to make the trip.

YOUTH DENIES GIVING POISON TO SWEETHEART

CLEVELAND, Oct. 19. (AP)—Dona of the state's accession that he gave poison to his sweetheart, Dorothy Elizabeth Kirk, was made on the witness stand in the manslaughter trial of Fred "Eugene" Balanescu today. The prosecution had charged Balanescu with poisoning his wife from poison administered in various pills by Balanescu. Balanescu denied his innocence. He admitted that Dorothy had been ill-tortured with stomach ailment and that a doctor had suggested her consumption in a pale yellow and confessed he prescribed medicine for her. These he said were simple heart pills.

Folians which the state charges proved fatal to Miss Kirk were readily admitted by Balanescu in Dorothy's room shortly after her doctor's arrest. He admitted he purchased these at a drug store but denied he had prescribed them.

The state previously had charged Balanescu represented by Dorothy that he was a medical student.

NEW YORK, Oct. 19. The commission received the challenge as information and placed it on file where it will receive consideration, it was intimated, when and if challenges are in order. Sharkey was the first to file a formal challenge with the commission. While Sharkey was attempting to qualify for further ring activities, Tunney was told that he cannot box in New York for 30 days even if he wants to. While was suspended for that period for fouling Sharkey, this being a consequence of his disqualification under the rules of the commission. The commission indicates that the challenge will be submitted and filed to be taken up in order should the situation seem to warrant action.

Chides Democrats for Forgetting Dire Prophecies Regarding Tariff

WASHINGTON, Oct. 19. (AP)—Democratic centurions in the present campaign were denounced today as a series of "fallacies" by Chairman Wood of the republican congressional campaign committee. He charged democratic leaders with "slandering their tongues" and trying to forget their past predictions of what would happen under the republican tariff. Mr. Wood quoted Senator Simmons, democrat, North Carolina, with having said: "The republican tariff has increased the national debt. It has made possible tax reductions totalling \$2,000,000,000 annually." "Instead of cutting the people \$2,000,000,000 annually," Mr. Wood asserted, "the republican protective tariff has caused for them \$1,000,000,000 in increased custom receipts, used to reduce the national debt. It has made possible tax reductions totalling \$2,000,000,000 annually." He said the republican tariff had stimulated foreign trade and helped the manufacturer, laborer and farmer.

Brown of the Kentucky experiment station. Officials of the rural school looked upon the act as an attempt to poison the 70 children attending the school. Dr. Brown said portions of the rat paste which had not been dissolved also were found in the water. He refused to say whether drinking the water would prove fatal.

Bankers' European Trade Manifesto Traced in London to German Origin

LONDON, Oct. 19. (AP)—Another attempt to find a cure for the financial and industrial difficulties of Europe was foisted today in the form of a manifesto signed by a normally long list of leaders and industrialists of international note, including J. P. Morgan of New York. The manifesto in Europe is reported to have originated among the bankers of London, and is said to have been signed by the great banker signatories is still to be seen, but all attempts to induce the bankers to talk on the subject thus far have failed. Public opinion has been quick to connect the manifesto with the recent disclosures of Russian between English and German financiers. Some doubt is cast on this because it is stated the document has been in preparation for at least six months. Publication of the manifesto in the British press has been for tomorrow and consequently the press is not commenting on it as yet to any extent.

MANY STUDENTS PAY TUITION TO ATTEND SCHOOL

86 Pupils Enrolled in Twin Falls High School Come From Outside Independent District Number One.

Eighty-six students enrolled in Twin Falls high school came from outside of independent school district No. 1, it was revealed by a survey completed Tuesday by the district from which the students come. Those of the students come from outside of Twin Falls county. Tuition charged each student from outside of this district amounts to \$2.75 per month, or \$75.75 per year, Mr. Blum said.

Number of students from each of the districts, represented is as follows:

District	Students	Amount
Martins	1	\$2.75
Golden Valley	2	5.50
Golden Valley	2	5.50
District No. 28	1	2.75
District No. 40	1	2.75
District No. 58	2	5.50
District No. 20	1	2.75
District No. 21	1	2.75
Mountain View	1	2.75
Excelsior	2	5.50
Park Lane	2	5.50
Blanchard	2	5.50
Castle	1	2.75
Mountain View	1	2.75
Total	25	\$68.25

The total amount of \$68.25 does not include tuition paid by the three students who come from outside of Twin Falls county or the eight who come from a district that does maintain high school, and consequently must pay their own tuition.

The figures above are based upon the present enrollment of the number of tuition students is susceptible to fluctuation, it was pointed out by Mr. Blum, due to the fact that pupils residing elsewhere may move into independent school district No. 1 and thereby be entitled to free tuition.

Should the present number of tuition students remain as it was until the end of the school year, a total of \$75.75 will be needed to independent school district No. 1. This amount includes the \$68.25 paid by districts from outside of Twin Falls county, and \$95.25 paid by the parents of five students who wish to attend the Twin Falls high school, instead of that maintained by their district, and the three who come from other counties.

On March 15, Jack, the complaint for divorce, had his wife down and jumped on her prostrate body with his knees. Two weeks later he is alleged to have struck her in the face with his fist, and on June 27 he is asserted to have choked her severely.
