## POLAND DENIES SOVIET PART IN VILNA QUESTION

**Warsaw Government Uses Mild Tone in Note of Protest to Russia on Soviet-Lithuanian Treaty.**

(By the Associated Press.)  
**WARSZAWA, Poland, Oct. 23.**—The Polish government today delivered to Russia a note of protest which it is to be held in view of the recent developments in the Soviet-Lithuanian treaty.  
"The mildness of the note," Foreign Minister Zaleski of Poland told news reporters here, "is due to the fact that Poland is unable to move over such moments in its territory as would be implied in the Soviet-Lithuanian treaty."

**Traces Steps To Award.**  
The note simply states that Russia gave up all claims in the west of its frontier with Poland under the treaty of Vilna and agreed to let Poland have the right to settle all disputes between the two countries which should be settled directly between Poland and Lithuania. The Lithuanian note says, asked the council of ministers to settle this problem by a note. It adds:

"That the decision of the council of ministers of Poland, reported in Warsaw, on March 15, 1923, awarding Vilna to Poland is binding upon both countries and cannot be questioned by any international document concluded with only one of the interested parties."

**Committed to Peace.**

While disavowing the Polish note, Foreign Minister Zaleski said that Poland would continue to carry on a peaceful policy in eastern Europe in spite of what he felt to be provocations by Lithuania. He said:

In order to satisfy the east of Europe, he said, Poland will always ready to sign a guarantee pact but only a pact equally guaranteeing all countries in their rights.

The minister of foreign affairs also said that recent negotiations between France and Germany contained no menace to Poland. On the other hand, indications can be made that Poland was not so entirely negative as before.

**Explosion of Gun  
On Cruiser Kills  
One; Injures More**

**HAVANA, Cuba, Oct. 23.**—After a gun explosion on board the United States cruiser *Trenton* today killed a member of the crew and injured several others. The *Trenton* was at target practice off Guantánamo Bay when an accident occurred. The explosion was given in the brief news of the explosion which reached here in the first despatches received by wire from the eastern section of Cuba since the hurricane of Wednesday.

**STATE DEPARTMENT FOR  
POISON GAS PROHIBITION**

**WASHINGTON, Oct. 23.**—Notwithstanding opposition by the American Legion, the state department, backed by the war and navy departments, will head its efforts to have the Geneva protocol prohibiting poison gas in warfare, ratified by Congress.

At the same time Secretary Kellogg believes that as a precautionary measure this country should be kept almost of foreign chemical production so that when the time comes to ratify the protocol the United States would be prepared to meet the issue. He pointed out today that such preparedness is permissible under the Geneva protocol and that means the Senate would not mean that America would lag in chemical supplies.

The secretary held gas to be one of the most terrible weapons of war, and the idea of a world war that the United States should go on record with other nations in ratifying the protocol in the name of humanity and civilization.

**NORTH AND SOUTH ROAD  
SECTION IS COMPLETED**

**BOISE, Oct. 23.**—Surfacing of five miles of the North and South highway between May's Ferry and the Idaho valley has been completed to give a surfaced highway between Weiser and McCall, J. D. Wood, district engineer of the bureau of highways, reported today. This section of the old project No. 40, previous to its re-surfacing of three miles of the Idaho-Oregon highway near Wilder, New Plymouth's paving project will be completed in 10 days, Mr. Woods also announced.

**MOORE SEES REPUBLICAN  
VICTORY IN SOUTHEAST**

**ROBIE, Oct. 23.**—Southeast Idaho counties are "safe for Gooding, Belding and the entire republican ticket," Governor Charles C. Moore reported here today after a week's campaign. Governor Moore gave addresses at McCammon, Downey, Oro, lava Hot Springs, Malad and Poston.

## Borah Sees World Bankers' Tariff Revision Proposal as Move to Sacrifice America

**WASHINGTON, Oct. 23 (AP)—**The position of international bankers and industrialists, for tariff revision was announced today in a statement by Chairman Borah of the Senate foreign relations committee, in a plan to sacrifice American foreign policy, industries and money to a general scheme of readjusting our relationship with the world as desired by internationalists.

"The proposal to break down our foreign policy is very great threat to the middle class," said the senator, who has been four times in Missouri.

Whenever adjustments of the present tariff were made, it was found that a pronounced objection to the adjustment was made for the purpose, and under the directions indicated in the proposal. If adjustments are to be made, they should be made in the interest of people at home and not in the interests of those abroad.

And for the interests of the whole people and not of the few.

"The proposal, however, is in entire harmony with the program of those who are increasing their power and influence abroad.

The first proposal is to completely abandon our traditional foreign policy and put our guarantees behind the territorial divisions of Veracruz.

The second proposal was to cancel the entire \$100,000,000 in foreign loans, money belonging to American taxpayers, and thereby accentuate the value of the private investments abroad, amounting to something like \$40,000,000.

Their third proposal was to repeat all the terms of the original bill, along with the value of foreign investments.

"They are all in harmony with the same general plan—our foreign policy, our industries and our money are to be sacrificed in this general scheme of readjusting our relationship with the world.

Chairman Borah, in his statement, said:

"The proposal to sacrifice America is a terrible move to sacrifice America."

**Shows Farmers  
Tariff Benefit**

**Congressman Smith, in Burley Address, Points Out Value of Protected Home Market.**

**BURLEY, Oct. 23.**—"It would be folly for American farmers to destroy the American protective tariff in the hope of lowering the prices of manufactured articles," said Congressman Addison T. Smith, republican nominee for re-election, declared in an address here Friday evening. This would ruin our own domestic or domestic market, and we still more the price of their home products."

Speaking this idea, Congressman Smith said:

"I am going to give the viewpoint of the farmers who argue that farmers would be benefited if the tariff is reduced on manufactured articles. The American tariff is the best and only a part must be given up. If the farmers want to keep down protection in the industrial centers he will be simply cutting off his nose to spite his face, as they sayings is."

The \$5,000,000,000 in new markets, thousands of salaried clerks and officials receiving millions more, makes the rich people richer. The same is true of all the civilized countries are constantly crowding to enter, and do enter despite the tariff duties. Without those imports there would receive far less for their products."

**Protection and Production.**

"Protection of the manufactured articles is the best way to keep the price of grain, of these commodities. For proof of this remember that the highest prices for such commodities prevailed in 1920 when most of them were on the free market. Protection is the best way to increase the price of grain."

Smith also said that the tariff, as it stands, does not give the farmer the same advantages as the rest of the world.

He said that the tariff, as it stands, gives the farmer the same advantages as the rest of the world.

He said that the tariff, as it stands, gives the farmer the same advantages as the rest of the world.

## Senatorship Fight Interest Center in Idaho

**BORAH, Oct. 23 (AP)—**With the general campaign under way, the final week before election, interest turns on the three-cornered battle for the United States senatorial. The contestants, Senator Frank R. Gamble, Senator George W. Norris, Senator E. F. Noyes, Democrat, and M. L. Samuels, Progressive, expect to conduct strenuous campaigns during the last week.

Although the senatorial fight has not been lacking in combative interest, the most intense interest has been focused on the campaign of Senator Frank R. Gamble, chairman of the Senate foreign relations committee.

The second proposal was to cancel the entire \$100,000,000 in foreign loans, money belonging to American taxpayers, and thereby accentuate the value of the private investments abroad,

amounting to something like \$40,000,000.

Their third proposal was to repeat all the terms of the original bill, along with the value of foreign investments.

"They are all in harmony with the same general plan—our foreign policy,

our industries and our money are to be sacrificed in this general scheme of readjusting our relationship with the world.

Chairman Borah, in his statement, said:

"The proposal to sacrifice America is a terrible move to sacrifice America."

# HAVANA COUNTS EXTENT OF LOSS IN GREAT GALE

**Dead Throughout Island Believed to Number Not Less Than 500, With 10,000 Injured and Many in Need.**

(By the Associated Press) RAVANA, Cuba, Oct. 23.—The people of Havana have been told that the death toll from the vast destruction to life and property wrought by the great hurricane of Wednesday last. All efforts are being turned to succor the injured and shelter the home less.

From the first early reports until the present the casualty lists have steadily mounted.

The dead throughout the island are believed to number 500, with

a possibility that the figure will go much higher, with an approximate 10,000 persons injured and a majority of the people outside of Havana in need of succor.

The death toll stands at 500, with

the exact number uncertain, and the western part of Matanzas province, but both Santa Clara and Pinar del Rio provinces were in the path of the hurricane.

**Sea Swallows Dead.**

More than 200 bodies are believed to be lying in the waters of the harbor or floating out to sea. Twenty-eight bodies have been recovered from Havana bay but unfortunately many are impaled in the sunken ships.

Not a dock or wharf along the shores of the harbor has been spared. The only safe harbor left is that of Pinar del Rio, but unfortunately many are impaled in the sunken ships.

"Messages of inquiry have poured into the American Consulate from relatives of persons missing on the Isle of Pines, where 17 Americans and many natives perished. Up to this evening neither the embassy nor the consulate had received anything but the first official communication of which is known to be incomplete."

**Island People to Rebuild.**

J. L. Leffingwell, manager of the telephone company here, said: "The people of the island are determined to reconstruct their homes and to plant their crops, most of them having been destroyed."

Supplies have been transported to the island by air, and the arrival of a plane full of supplies and wireless communication is expected to be established tomorrow morning with that island.

Two coast guard patrol boats are on their way from Key West to Bahia Honda, where more than 2,000 bodies, only 50 are standing and these half-drowned,

are buried in the sand.

(Continued From Page One)

and not one coalition. That is if we are allowed time to examine together with all the allied nations, if it is not possible to create an international banking organization, to which all countries would furnish the necessary resources without which there could be no peace.

M. Durieu said that since this year paving machine had been organized by the soldiers of Europe America would get her money and everybody would contribute to it with something except that a certain sympathy would have been injured."

**LOUISIANA CAMPAIGN IS ONE OF LANGUAGE**

BATON ROUGE, La., Oct. 23. (AP)—He spoke to the voters in French from platforms in the southern parishes, he addressed them in the English in northern parishes, he spoke in Spanish in the Creole "patois" and in straight-from-the-southerner American language.

At the end of his campaign in the democratic primary, Daniel J. LeBlanc of Abbeville, son of an old Louisiana family, emerged with a lead of 15,402 votes.

LeBlanc's campaign was unique. Louisiana is divided into two speaking groups—French-speaking and north Louisiana, North Louisiana is settled by practically all other southern states. South Louisiana a people of either descent or of the French settled, but most of them claim as forebears those famed Acadians who drifted down the Atlantic coast—with Evangeline, LePage's heretic minister are some of the names.

So in south Louisiana he made his promises in French; north Louisiana, he made the same promises in English.

## SCIENTISTS TO TOKYO FOR IMPORTANT MEETING

TOKYO, Oct. 22. (AP)—Probably the most important meeting ever held in the Orient will open in Tokyo October 23, for a 12-day session. The conference is to be presided over by the Scientific Committee of Congress, prominent scientists from almost every country in the world are expected to be in attendance. Among the important topics to be discussed:

Review of the present state of knowledge of the physical and biological oceanography of the Pacific and current temperatures, salinity, hydrology, currents, tides, wave action, duration of the swimming larval stages of organisms that are benthic in the adult stage, etc.

Report on the network of earthquake stations in the countries of the Pacific.

Transmission of earthquake waves across the Pacific.

Seismology in the Pacific region in their various aspects.

Stratigraphy of the oil-bearing formations in the Gulf of California region; stratigraphy of the oil-bearing formations of the oil-bearing tracts of Mexico.

Antiquity of man in the Pacific region; paleontology of the races of the Pacific.

## PRUNE GROWERS PROBLEM ACUTE

### State Agricultural Commissioner Names Special Committee to Study Situation in Idaho.

BELLEVUE, Oct. 22. (AP)—In an effort to alleviate acute marketing problems which have confronted the Idaho prune industry for the past three years, five growers, five dealers and four business men will today meet in Boise to form a committee to examine the market demands, opportunities for marketing prunes, and to evolve an advertising campaign and a system for marketing the crop.

Members of the group include the shipper appointed by S. A. Kleske, commissioner of agriculture, at the request of the Idaho Prune association.

Paul E. Hayes, Meridian; J. H. McRae, Boise; Fred Alstrand, Priest River; Miles J. Weiser, Weiser; P. Gray, Nampa; all growers; Harry C. Baise, Twin Falls; W. C. Smith, Hailey; J. F. Dawson, J. C. Snell, Nampa; Louis Eddick, Nampa; all dealers; and J. L. Priest, O. H. Haga, Calvin Colb and J. M. Lampert, all of Boise, representatives of the public.

**Three Grapes in Vise Years.**

Fourteen years of continuous which confront the Idaho prune industry have seen during the past few years not less than three emergencies have developed in the last four years, causing enormous losses to the industry.

"This year we actually shipped 14,881 carloads of fruit, up from 13,000 carloads in 1923," said C. E. Miller, acting treasurer, said this was due largely to delays in shipping.

"Some legislation will be needed to help organize activities. Please do what you can to help us," he said.

Miller said it is impossible to estimate how much money is lost in shipping and actual losses in the losses.

This loss of approximately one-fifth of the crop meant a loss of 14,000 carloads of growers and an equal loss to the packers, and about 12,000 men in the dealers.

## BIERMAN SUCCESSOR TO VETERAN RAILROAD MAN

SALT LAKE, Oct. 23.—J. A. Anne, assistant traffic manager, Union Pacific system at Salt Lake, received an announcement from Omaha today of the appointment of George R. Bierman as general manager of the Union Pacific system at Omaha, to the position of general passenger agent of the company at Los Angeles, effective November 1.

Mr. Bierman, who has been serving after many years of service with the Los Angeles and Salt Lake unit of the system, Mr. Bierman, 40 years old and served in the Union Pacific at that point for an office boy in October, 1912. He served in various progressive electrical posts in the general passenger department, including in the telegraph department, as passenger agent at Pittsburgh, and chief clerk to general agent, passenger department, at Chicago.

Mr. Bierman was promoted as assistant general passenger agent in 1917 to 1919, part of this service being overseas. Following his release from the Army he became traffic manager at Cheyenne, later became manager of the position passenger passenger (passenger department) at Cheyenne, which position he held for three years, then going to Union Pacific at Denver as assistant general passenger agent.

Mr. Bierman, 40, is the son of Eugene A. Bierman, who will have his 50th anniversary of service with the railroad next month.

Mr. Bierman has been in continuous service for 30 years and now holds 20 years' continuous service record with the Union Pacific system.

Mr. Bierman, born in Milwaukee, Wis., 1875, at the age of 20, as green as a gopher, he began his railroad career with the Indianapolis, Peru & Chicago railway.

**LOCKE PLAY FOR LONDON.**

LONDON, Oct. 23. (AP)—For the first time in 14 years a play from the pen of W. J. Locke will be dramatized in London's fashionable West End, and another by the author, "The Minotaur," at Covent Garden school, leading music, drama and dance school in the northwest.

The Comedie Players are a permanent company recently formed by a few of its kind on the west, which gives a subscription series of plays a year. Miss Fisher is registered with the theater, and the Comedie Players are in addition to her other duties in research, in research, in the interpretation of speech, movement, stage design, interpretation, literature, etc.

**DRY FORCES CHIEF GIVES JUDGMENT ON MOONSHINE.**

WASHINGTON, Oct. 23. (AP)—The only liquor worth drinking today comes from the moonshiners stills in North Carolina, says Assistant Secretary Andrews, chief of the dry force.

And the only moonshiners worth being purged are these backwoods.

While they purged these backwoods, he added, the moonshiners are migrating from their native hills to more lucrative fields.

## Zoo on Board Ship Suffers From Cold And Sea Sickness

"NEW YORK, Oct. 23. (AP)—A fifth week of bad weather from Africa brought to the heavily Atlantic-bound sea sick animals and birds, captured by the Sunbeam, a cruiser expedition, while en route to Boston Harbor Sunday, about the City of Calcutta, India, Dr. William M. Mann, superintendent of the national zoological park, Washington.

Sea sickness and cold weather has caused the animals to become listless and the giraffes were transferred to the furnace room for warmth, while ga

economic difficulties caused washing out of the pens.

Most of the traveling men are captured in British East Africa.

Including among others, according to the latest news, more than 60 species of mammals, 300 species of birds, 17 species of reptiles, 35 bat species, 50 species of fish, 15 antelopes and 25 species of deer.

President Theodore said he was al-

most satisfied with the working of the Chinese delegation at the peace conference, where he said, have the most important of Mexico, Guatemala and Salvador.

## BICKERERS "DISGUST NICARAGUA EXECUTIVE

MANAGUA, Nicaragua, Oct. 23 (AP)—President Chamorro, de facto chief executive of Nicaragua, has threatened to withdraw his delegation if the peace conference at Corinto, in the delegation, remains "unreasonable" in reason."

The chief bickerer received a message from Corinto, in Honduras, saying that a Mexican-owned gun running vessel fired on Honduran guards killing two near Granada Bay, and that the rebels returned fire and killed four sailors.

After the encounter the vessel sailed toward Bluefields, scene of recent fighting between the revolutionaries and government forces.

President Chamorro said he was al-

most satisfied with the working of the Chinese delegation at the peace conference, where he said, have the most

important of Mexico, Guatemala and Salvador.

# RECREATION FOR WORKERS SEEN IN FINE ARTS

**Pennsylvania Labor Leader Prescribes Music, Opera and Lectures Rather Than Base-Ball or Tennis.**

(By the Associated Press) ATLANTIC CITY, Oct. 23.—Light opera, lectures and music, rather than baseball or tennis, are the summer recreation of choice for the laboring class, industry, declared James H. Manner, president of the Pennsylvania Federation of Labor, in an address today before the Playground and Recreation Association here.

After strenuously advocating recreation in athletic sports—running, jumping, swimming, golf, lawn tennis, and baseball—Manner said that these sports and contests don't go far enough who those who had kind of recreation, but few workers engaged in modern industry need them.

**Urge Books, Music, Opera**

"The physical exertion of laboring men all the physical exertion necessary. What they need is recreation of a different kind, such as music, lectures, good books, light opera, musical drama, lectures, and other educational classes now equipped with restful chairs and with an atmosphere of democracy."

The end miller or steel worker can wait no longer for his vacation, he wants it now, and prefers day-holiday. The bank clerk can well afford to play golf on a hot summer day while the coal miner sits under a shady tree making coal dust to sit up at night, awaiting a full grown brain, napping in the doorway.

**Royalton, Vermont**

A Dutch navigator, Capt. Janzen Tasma, discovered this island, which is now one of the states of the Australian commonwealth. He supposed it to be the mainland of the southern continent, and he named it Van Dieman's Land in honor of his friend and patron, Anthony Van Diemen, governor of the Dutch East Indies. It was later visited by Captain Cook, who named it New South Wales. For a time the island was administered as a dependency of New South Wales. It was then still officially called Van Dieman's land, but the name Tasmania, in honor of its discoverer, was adopted.

In 1851, Tasmania became a colony, and in 1856 a constitution was framed for the colony and a new bill of rights was adopted.

**Believe in Leisure.**

Religion in America is superficial because it must make its appeal to people who are in a hurry, said Rabbi Adolf Hitler in an address to the American Jewish Congress.

"Religion is God's cause without hosts," said Dr. Silver. "The heart of the religious man is meditation, the flushed and silent contemplation of life's great problems, what America does not meditate?" We need more time to get acquainted with ourselves.

We should develop a new science, the Science of Leisure.

We have not enough moments in our pocket watches, out of sliver leaf of life, set about to utilize, their leisure thus purposefully and creatively.

Our industrial civilization demands mechanical efficiency, but the physical and spiritual life of man has not yet been developed in individual.

Man has only one world in which to live—the world of our vocations. For the purpose of earning a living—that is admirable; for the purpose of earning a living—it is fatal.

**ADVERTISERS' BILL FOR YEAR OVER \$300,000,000**

CHICAGO, Oct. 22. (AP)—More than the million-dollar advertisers who profited from advertising in the last year through advertising agencies, publishers of the nation were told Thursday by James O'Sullivan, executive secretary of the National Association of Advertising Agencies. The association was a luncheon host to delegates to the national gathering of the Audit Bureau of Circulations.

Cyrus H. K. Curtis, Philadelphia public relations man, virtues of readability in advertising copy.

"Advertising," he said, "may be so fresh and new that readers will look for it every day." A style that makes advertisement sought for by newspaper readers makes advertising pay.

The cooperation of more than 1,500 newspapers, magazines and other publications in the verification of their circulation figures was emphasized by O. C. Harms, who said that he hoped an outstanding proof that American journalism can regulate itself if it desires to do so.

## ASTRID FIRST SWEDISH QUEEN TO RULE BELGIANS

(By the Associated Press) NEW YORK—Hyman Prusack, 51, won a parole from Judge Martin J. Quinn, who said that he would not reimprisoned, treated his and New Yorkers would miss his infinite output. Prusack was accused of having tossed a platter of corned beef and upon a policeman who interfered in a domestic squabble.

PITTSBURGH—Crime is hatched in "Space Room"—or 80 per cent of criminal action takes place between 6 p.m. and midnight, according to Sen. G. A. Gates, chairman of the Manufacture's Advisory council. And at Atlantic City, New Jersey, the recreation and playground association is told that "playfies children make up half of the prison population."

NEW YORK—Elbert H. Gary, 51, is something of a royalist himself in his political career, but he has learned to live like a king. The wife who shared the throne with King Louis, eldest daughter of Louis Philippe, died yesterday. Asked at Atlantic City, New Jersey, the recreation and playground association is told that "playfies children make up half of the prison population."

ROYALTON, Vermont—Stories of the plentyhood of bears in the wild Vermont hills are getting better as the country progresses, but the timber belt on the continental highway may be forced to stop at avoid colliding with a full grown bear, napping in the doorway.

BOSTON—A new department of consumer research has been opened by Boston College. It aims to teach women intelligent buying, but, also will endeavor to advise brothers.

NEW YORK—Isabel Grammatico, four years old, knew when the poor girl who lost her sheep, she avoided her parents in the morning, surprised them in the afternoon, but the police force tried to comfort her with donuts instead of arresting her for vagrancy. Her father, a couple, cannot break her of sleep-walking.

NEW YORK—Ship news reporters have written their favoritism when Mary Pickford got a new coat of paint. The woman who insists on holding is a foot. James Joseph Tammey is her favorite for beauty at present, and she weighs 118 pounds which is just the thing for her particular size. She is at the Chicago Civic Opera next month.

NEW YORK—George Eastman, camera manufacturer, shaped his will to provide for his wife, Anna, but left a sum of money to his research laboratory in British East Africa. His companies say he was the best "shot" of the party but that is to be expected of a cameraman.

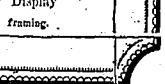

NEW HAVEN, Conn.—Two applications of flea exterminator killed the cat. The question is, did it kill the cat? Mrs. E. L. Tracy, who had taken out a claim against for \$200,000, her wife fully lived after she used liquid flea exterminator. She says the cats should have sold her powder.

## AROUND THE GLOBE

## SHIPPING BOARD TO ASK LARGER APPROPRIATION

WASHINGTON, Oct. 22. (AP)—The shipping board and the Emergency Fleet Corporation will appear before the budget bureau next week to ask for an appropriation of \$18,000,000 to cover gross expenditures for the fiscal year ending June 30. Of the total to be sought, \$18,000,000 is to cover operating costs. Part of the increase is attributable to the additional cost of placing into service an additional shipper. The shipper takes care of the wheat and cotton movement because of the withdrawal of British bottoms due to the British naval strike.

The shipper's main task is to see ships to the market. During these last few months has been a heavy drain upon current operating funds, and whether there will be a deficit at the end of the year cannot be stated at this time.

## DANISH KING HAS BEST MEAL WITH POOR FAMILY

COPENHAGEN, Oct. 23. (AP)—King Christian is a very fond of boiled potatoes. On the night before his coronation he ate 10 pounds of them.

Even the farmer who lost his dinner to him with his finger tied around with a string, he may not have the businesslike notebook, but somewhere in a pocket there is a letter he intends to answer some time, or a bill of fare, or a notice from the road over which he writes down the price of his dinner for his wife. Then he writes a string letter to memory in his generation.

"In the old days," explains an elderly man, "there were no pockets, no convenient scraps of paper and not even ink or a pencil. But always in one of his pockets was a bit of string. This man, after many days grew up with string in their pockets. People carry pencils nowadays instead."

plained that he was exceedingly hungry.

The viceroy and his family were just ready to eat their evening meal, when the king, in his state robes, entered. The king was apologetic, alight the Spanish food, but the king declared it to be better than many of the royal dishes.

He was given a place at the table.

He was given a

# MIDINETTES OF PARIS WOULD BE STENOGRAPHERS

## Realm of Sports

(By The Associated Press)  
**MEET G. A. ARMSTRONG**  
Crack swimmers of the National Collegiate Athletic Association, representing universities in all sections of the country, will compete for team and individual championship honors in the new University of Iowa pool at Iowa City, April 2.

The team title will be decided for the first time since the meet was established in 1922.

Twenty-eight intercollegiate places have been counted and no points scored by teams.

David A. Armstrong, Iowa swimming coach, expects an unusually large turn-out from east, middle west and Pacific coast.

Swim events probably will be included on the program. The tentative list is 50, 100, 200, 400, 500, 1,000, 2,000, 3,000, 3,500, 3,000 medley relay, 200-yard relay and fancy diving.

### FOOTBALL IN HAWAII

Football fans in Honolulu are looking forward to seeing three national football classics in action on the local gridiron this season.

The University of Hawaii team will meet the University of Illinois team, the team will play here Christmas and New Year's Day. Negotiations are under way for a third eleven to play here December 25.

The small football players will not invade the mainland this season, but are planning a trip in 1927.

### AMERICAN JOCKEY'S SECOND

The race for second honors on the Preakness Stakes in Baltimore, "The Kentucky Derby," will be held Saturday between the American jockeys, Frank Keigh of Kentucky and Matt McFee of Sheephead Bay, Brooklyn, the crack French jockey, Benjat, who won the 1925 Preakness mounts, that he is practically certain to repeat his 1925 success.

Keigh is inclined to take on weight and find it more and more difficult to ride in handpicks on horses carrying light imposts.

### A YALE CAPTAIN'S HONOR

A Yale captain in a major sport comes with a slight handicap—the right to be photographed leaning against the old wooden fence. Although the fence disappeared many years ago, captain of today still is "shot" in the characteristic pose.

The original wooden fence, leaders of old Eli claim, that grows in front of the fence is always the same; it is never cut and no lawn mowers ever run over it. The reason is that there are two new photographs gallery where there is a model of a genuine old Yale wooden fence. A photograph's not to represent grass placed on the floor.

**PLAN CODE FOR CHANNEL**  
A Channel Swimming association is

being formed in England to draw up rules for channel swimmers, which will later meet those of the Webb Memorial at Dover, pointed out that all recent successes have been Englishmen, and that the French, English, and Americans, have rivaled the feat of Captain Webb in swimming from England to France.

He suggests a world's channel swim competition, different from that which would be organized from England to France under the proposed code of rules, and that the trophy be held until captured by another aspirant.

### CHICAGO SINGS TO BATTLE

Candidates for the festival team of the University of Chicago are wondering whether they will include a clear voice singing the new song they bring to the gridiron.

A. Sturgis, coach, had the men march on to the field, for the opening game with Florida

the following day, "Song of the C," which will later meet those of the Webb.

The entrance was an impressive departure from the honored custom of sending the "quad scampers" on to the field, but up and down the walk lines in a drowsy, slow drill.

But some of the best harmonies apparently have little ear for music.

The press has been full of jibes about the "old man's" singing school.

Otto Helmson was jailed for the delinquencies of his employer, William Fung, charged with illegal traffic in opium. Fung left port recently, and although his name was mentioned, had been only recently employed, and there appeared to be no evidence connecting him with the affair. Helmson was arrested. The Germans having lost their extra-territorial rights there is a modified form to German residents.

# WOULD DEBATE WITH SENATOR

J. E. Nessim Challenges F. R. Gooding to Public Discussion of "Oleomargarine Bill."

Challenge to United States Senator Frank R. Gooding to debate the effect of the reputed part of Senator Gooding and Congressmen Addison T. Smith in the defeat of what is commonly known as the "oleomargarine bill," in the first session of the Idaho legislature, has been issued by J. E. Nessim, chairman of the legislative committee of the Idaho State Grange and Idaho Holstein-Presia Breeders association, members of the legislative committee of the Idaho State Grange and Idaho Holstein-Presia Breeders association. Copies of Mr. Nessim's letter to Senator Gooding, containing the challenge, were furnished yesterday to Idaho newspapers. The letter was as follows:

"I note, by newspaper dispatches, that you are still trying to prove your claim that the hill country house bill (H.B. 20) that was before the last session of the Idaho legislature and had passed the house by a vote of 50 to 2, with six absent and no votes against it, was not a bill to prohibit the manufacture of oleomargarine sent by yourself and Congress. Addison T. Smith, after it reached the Senate, that bill would have given protection to the manufacturers from the unfair competition of smaller, better made fats, exempted all imported duty free from the Philippine Islands.

**See Irritable Inlet**

Mr. and the great organizations I represent, the Idaho State Grange, the Idaho State Holstein-Presia Breeders association, and the Idaho State Dairy Association, believe that you did an irreparable injury and committed an inexcusable and unforgivable wrong to the dairy industry of Idaho by your actions and attitude against the dairy industry and in the interest of the dairymen, who believe that you were wrong in asking protection from the United States and the resultant industry of the Philippines Islands.

"Your speech at Caldwell and at Malad, in my opinion, was correct, the plan that you believed to be right, and that can be believed to be right, and that can be believed to be good, hard working men and women of Idaho who are engaged in dairying. But, the dairymen in Idaho were directly interested in the industry they were wrong in asking protection.

"As you and I, and the interests represented, and the interests I represent, are in full agreement with your actions and attitude, I therefore challenge you to debate the following question:

"Resolved, that the actions and attitude of the equal rights party, in Idaho, and their action in the state of Idaho, in 1924, have been responsible for the defeat of the oleomargarine bill, introduced in the Idaho legislature, and that the actions and attitudes of Addison T. Smith, congressmen, in regard to the campaign to protect Idaho's dairy industry from butter substitutes that culminated in the introduction and passage in the house of representatives on October 22, 1924, and adjourned to Idaho.

"I will take the affirmative of this question and meet you any time that you desire to do so. I would prefer to debate this question in private places. You may select the time and place, but the debates must be held during the week beginning October 22, 1924, and ending October 30, 1924. I shall have your decision at an early date."

## Birthday Dinner For Filer Folks

FILED, Oct. 23.—Dr. and Mrs. A. Newberry and Mr. and Mrs. C. L. Andrews entertained their evening guests at the Old Mill Inn with a pot-luck dinner on the occasion of the birthday anniversary of Mrs. Graves and Dr. Newberry. Other guests included Mr. and Mrs. W. H. Austin of Twin Falls.

Mrs. Milo White and son were turned home from the county hospital Wednesday.

Wednesday with a charmingly appropriate program, the Filer Women's club held their annual meeting at the Hotel Wool of Twin Falls. The table was beautiful with decorations of pale green and white and yellow roses. Guests included Mrs. A. E. DeGraff, Hill City; Mrs. F. A. DeGraff, A. D. Wood and Miss Helen Wood of Twin Falls.

Mrs. George Andrews, spending the summer at the Hotel Springside.

The Filer Women's club will meet

Wednesday at the Masonic hall, Juneau Street to speak on "Platforms of the Various Political Parties."

A social tea was given Friday afternoon by the Star Social club at the home of Mrs. Laura Erdmann for members and their guests. A delicious lunch was served during the afternoon.

Mr. and Mrs. D. E. Chapman left Thursday morning by auto for Portland.

Mr. S. A. been left Friday morning to the Hotel Idaho, Sunnyside, to visit their residence at 214 Fifth Avenue north. Mr. Hollenbeck will enter on his vocation as an attorney here.

Misses Emma Allen and Helen Bond left for Caldwell Friday to attend a girl's reserve conference.

At the last meeting of the Court of Honor, Jean Connor became an eagle scout.

Miss Gollie Stewart and Albert Anderson were married Wednesday afternoon at the Methodist parsonage, Rev. Dr. Grant officiating. After a short wedding trip, they will be at home on their ranch south of Filer.

## HIGH SCHOOL NOTES

Two hundred and thirty-two junior high school students gave their half day holiday Friday afternoon as a reward for perfect attendance, and all black grades during the six weeks period just ended.

Comprehensive plans for local observance of National Book Week, November 13-19, have been adopted by Mrs. Elizabeth Hurst, general supervisor of schools, and the instructions that, with cooperation of parents, each grade school child shall read one good book during the week. Each book will consist of one thousand pages, upon which the child is to select that little of the book he prefers to read. Art work for the week will be the making of book jackets of designs to be selected by the teacher. The library will store books and tell selected tales in each of the primary and intermediate grades.

Junior high school honor roll for the first six weeks of school includes the names of twenty junior high school students. Margaret Meigs is the honor pupil with 100% average. AA honor roll includes: Freda Johnson, 98%; Mr. and Mrs. J. A. Schneider of Twin Falls, visiting at the home of Mr. and Mrs. J. A. Schneider in their town home; of Blackfoot and Lois L. Joyce of Marysville, California.

**Iowa Folks to Locate Here**—Mr. and

Mrs. J. A. Schneider of Holmen, Iowa, visiting at the home of Mr. and

Mr. and Mrs. J. A. Schneider of Twin Falls, the two folks will establish their residence here.

Elected to Fraternity—Edwin S. Ginn, son of Mr. and Mrs. C. C.

## BREVITIES

In Capital City—T. Sipari has left for Boise where he will remain for a short time on business.

**Bauer Business College**—Miss Thelma Lee of Murrieta has enrolled in the George Daniels college here.

**Haller Folks Visit**—Mr. and Mrs. C. N. Foley of Stanley are visiting relatives in Twin Falls for a few days.

**Visiting in Boise**—E. D. McChesney of Twin Falls is visiting relatives and transacting business in Boise for a few days.

**Returns From East**—S. T. Hamilton, Twin Falls attorney, who has been absent for some time in the east, has returned to his home here.

**Back From Portland**—Sidney H. Graves of the Twin Falls Flour Mills returned Saturday from Portland after a few days' business trip.

**On Visit From East**—Mrs. Clarence Arnold of Klemo, Iowa, has arrived from her middle western home and will spend a short time in Twin Falls visiting the home of Mr. and Mrs. L. C. Schneider.

**Return From Los Angeles**—Mrs. Natalie Haller and sister, Miss Elsa Gatz, have returned to their homes from Los Angeles where they spent several days visiting their sister who has a new baby.

**Moves To Twin Falls**—Mr. and Mrs. W. H. and Mrs. L. C. Powers of Rupert have moved to the Hotel Idaho, Sunnyside, to visit their residence at 214 Fifth Avenue north. Mr. Hollenbeck will enter on his vocation as an attorney here.

**Freeman Called**—Twin Falls fire department was summoned to the Immaculate Conception in the southern section of the city Saturday afternoon at 12:30 o'clock to extinguish a flame in a coal shed. The damage was negligible.

**Registrars Book Closed**—Registrars of the various parishes closed their books to voters at 9 o'clock last night. All persons who had not registered prior to that time will be ineligible to vote at the election Nov. 4.

**Licensed to Wed**—Marriage license was issued Saturday at the office of the county recorder to Mr. and Mrs. N. Taylor and Anna Pauline Denning, both of Kimberly; and Elmer Arthurs of Blackfoot and Lois L. Joyce of Marysville, California.

**Iowa Folks to Locate Here**—Mr. and

Mrs. J. A. Schneider of Holmen, Iowa, visiting at the home of Mr. and

Mr. and Mrs. J. A. Schneider of Twin Falls, the two folks will establish their residence here.

**Elected to Fraternity**—Edwin S.

Ginn, son of Mr. and Mrs. C. C.

Sipari has been elected to membership in the Alpha Gamma Delta sorority at the University of Idaho. While he is pursuing a year studies, according to word received here.

**Granted Building Permit**—H. Hayes was granted a building permit in the office of city clerk here Saturday for the construction of a 50x60 foot addition to the present quarters of the Days Hotel, 11 Grand Ave., Second avenue west. Construction of the addition has been started.

**Names to Meet**—Graduate nurses of the First district of the Idaho Graduate Nurses Association will meet at the nurses' home at the Twin Falls general hospital Tuesday evening, October 26, at 8 o'clock. It was announced Saturday by members in charge of arrangements.

**Packard Dealer Announced**—An announcement of the Packard Auto-pany, 128 Second avenue north, as local distributor for the Packard motor company has been made by W. E. Weller, manager of Salt Lake City's automobile distributors for the Packard car. The agency was formerly in this city by the Packard Motor company operated by W. Boyd.

**Local Girl Star Injured**—Powers, son of Mr. and Mrs. E. E. Powers of Kimberly was severely injured in the University of Idaho Washington football game Saturday night, according to word that reached his parents Friday. Powers received a broken shoulder blade and probably will be out of the game for the rest of the season.

**NEW RECORD ESTABLISHED**

According to an announcement just received by J. A. Burnett, local Studebaker dealer, a new record of 37 hours and 2 minutes for the 1420 mile round trip between San Francisco and Portland has been established by Mr. H. A. Cutts, a Berkeley business man, and W. A. Shipe. The car driven was a Studebaker Big Six sport model. Cutts' previous record was 37 hours and 20 minutes. The new record made the round trip from San Francisco to Portland driving time by covering the 735 miles between Sacramento and San Francisco in 10 hours and 35 minutes. The time limit last year while driving the "Candy" was 10 hours and 35 minutes. The new record was made by many of the achievements of the Studebaker Big Six.

The innermost record was broken by this car with the dash of the Studebaker "Sheriff" from New York to San Francisco in 21 hours and 25 minutes. This broke all previous records for 10 hours and 25 minutes and for the first time beat the fast train.

"After All The Best Place To Trade"

## Moody Memorial First Anniversary To Be Celebrated

CHICAGO, Oct. 25.—Created by an congregation whose scroll counts not a single wealthy patron, a million-dollar church building will be dedicated Saturday in a building the strong and kindly personality of Moody, the simplicity of his life, the economy of his organization and a fidelity and wholehearted devotion to his church. "Ever Welcome to the House of God Are Strangers."

Six stories high and with extensive auditoriums, the church will seat 1,500. The Moonlight chandelier is semi-circular with a huge half-dome covering the church proper. To the right is a two-story office and Sunday school annex.

Arches in brick relief arranged above and below large windows of the same style are the only exterior ornamentation, and on the semi-circular side in

arched doorway lead from a 50x60 feet place in a central tower which is flanked by the places of the organ.

Great juniper, each containing an arched window, places the side walls of the auditorium, which is 100x120 feet, with daylight, while at eight seven-foot fixtures each seven feet in diameter and sixteen feet high are used.

Above the curved main floor, over the organ loft, is a balcony which seats 100 people, and on both sides arches which lead to a fan of tables which concentrate upon the pastor's platform and auditorium.

Below the organ loft, the auditorium is 100x120, and high in the rear, the pastor's study.

## ELIZABETH ARDEN Venetian Toilet Preparations

Bringing the Resources of a Famous Salon Within Reach of Your Dressing Table

By enabling you to purchase the Venetian Preparations at our toilet goods counter and furnishing you with a booklet containing instructions for their use, we have provided you with the means of applying in your own home the Muscle-Strapping Skin-Toning Treatments given in the Salons of Elizabeth Arden in New York, London and Paris.

**Venetian Cleansing Cream.** Soaps into the pores and cleanses the skin of all impurities. \$1, \$1.50.

**Venetian Arden Skin Tonic.** A mild astringent tonic, whitens and refines the skin. \$.85, \$1, \$2.75.

**Venetian Velen Cream.** A delicate nourishing cream recommended for sensitive skins. \$1, \$2, \$3.

## Ford

It's Good Judgment to Have Your Car Repaired at the Authorized Ford Dealers Shop.

We have every conceivable piece of machinery to give you as near a factory job as it is humanly possible to give you.

Selling Ford Cars is only a part of our business. Parts and service is the main foundation of our business. Our total volume of business makes it possible to employ men who are thoroughly trained in Ford merchandising and repairing. You can depend on the best possible service when you have your car repaired in our shops.

Ford Production now stands at 7200 cars daily. To date we have sold more Ford Units (cars, trucks and tractors) in less than 10 months than we sold all last year. This shows better judgment on the part of the automobile consumers.

# CLEAN-UP WEEK TO START SOON

Boy Scouts Will Take Charge  
of Campaign Which Begins  
Tomorrow; Statement Issued.

Mayor E. L. Ashton, in commenting on the campaign that is to be launched here during cleanup week, which starts in Twin Falls tomorrow morning, and continues until Saturday night.

"Every new week is a good time to call at residences of the city to remind citizens that it's their duty to help in the cleanup," said Mayor Ashton. "A scouts will call and during the later part of the week, to make sure that you have burned your weeds, trash and leaves. The idea in observing this week is to clean up more and enjoy the brightness, instead of having the trash in your eye all the time."

A campaign will be launched here Monday morning by the Boy Scouts of the Twin Falls, organization of the boy scouts, organization of the city, which will be headed the cooperation of the fire department and city street and water works departments, the chamber of commerce, W. V. Vaudoux of the Twin Falls press council, and in charge of scouts who will participate.

Warning to citizens not to burn trash and leaves was issued by the mayor, who also cautioned persons to be careful with fires.

## ROAD IMPROVEMENT TO SCOUT CAMP COMPLETED

BUTTE, Oct. 23.—Improvement of the road leading to the Idaho youth camp in progress the past month, is now completed, it is announced by S. S. Stewart, forest supervisor. The one heavy rocky grade that stalled a number of vehicles has been cleared of approximately a mile of new road. The balance of the way has been leveled up some and the largest boulders removed. Cars should now travel with no difficulty in getting all the way to Dry Creek and the new scout camp.

Independently, like about two miles from the scout camp, and east of the new road, a trail has been well-graded out.

## DINNER IS PLANNED BY MOOSE LODGE MEMBERS

Members of the Moose Lodge and their relatives will meet at a pleasant dinner to be held at the Moose Hall at 8 o'clock in the Odd Fellow's hall, it was announced Saturday by committee in charge of arrangements.

The dinner will be followed by a dance.

## New Traffic Rules Of City Questioned

Opinion that certain sections of traffic ordinance No. 42, which was recently passed by the Twin Falls city council conflict with state laws expressed by Capt. E. M. Strode, former mayor and member of the Sweeney & Sweeney law firm of this city, in a letter addressed to city officials.

Major Edgar L. Ashton and City Attorney Frank L. Stephenson held up the letter.

Mr. Sweeney contends, it was said, that the ordinance provision regarding the overtaking of a vehicle, when enroute, would conflict with a section of state law, and certain provisions of section 10, regarding rules of the road, are contrary to the state law and add to their provisions, and that Section 11, regarding through streets, which requires auto drivers to yield when entering, when entering either Main Avenue or Shoshone street is not in variance with the state law.

It is the belief of Mayor Ashton, that the right is given a rule to stop vehicles in certain conditions at certain places if the rule in the law is not in violation of the law.

### MINSTRELS BRING LAUGHS.

Sam Griffen's Minstrels, who will fill the stage Monday at the Oregon theater, were given a rousing ovation, according to reports, by an appreciative crowd. From the opening overture to the grand finale, which was turned sweep by gales of laughter, the entire program was a very good ballad-singers of the troupe.

This show was presented in six scenes, each voted by the audience better than the last. But the man who garnered the most applause was Tom Quinn, the comic man, who not only is a comedian but a very agile back and wing dancer.

## SMITH ATTACKS FREIGHT RATE

### Congressman Seeks Adjustment of Charge That Keeps Idaho Apples Out of Frisco.

With view to correction of repeated discrimination in freight rate on dried apples from Twin Falls to San Francisco, Congressman Smith, of Idaho, has addressed to the Interstate commerce commission a letter suggesting an adjustment of the rate complained of.

Consequently, Smith's letter in this regard is not new.

C. E. Davis, manager of the Pacific Coast Drying Association of this city, complains that there is a discrimination in freight rates charged upon dried apples from Twin Falls to San Francisco market.

He advises that in shipping dried apples from Twin Falls to San Francisco market, the rate is 81 cents per hundred, and that the rate to San Francisco, via Riggins, Idaho, via Rogerson, Idaho, and Wals, Nevada, is 41.00 per hundred.

"Can the rate to San Francisco be adjusted to at least the Portland rate?" he asks.

He further desires to have the development of the fruit industry of this locality.

Smith's letter is directed to the state law and add to their provisions, and that Section 11, regarding through streets, which requires auto drivers to yield when entering, when entering either Main Avenue or Shoshone street is not in variance with the state law.

It is the belief of Mayor Ashton, that the right is given a rule to stop vehicles in certain conditions at certain places if the rule in the law is not in violation of the law.

He further desires to have the development of the fruit industry of this locality.

Smith's letter is directed to the state law and add to their provisions, and that Section 11, regarding through streets, which requires auto drivers to yield when entering, when entering either Main Avenue or Shoshone street is not in variance with the state law.

# HUNTING MOTOR CAMOUFLAGED IN JUNGLE COLORS

London Automobile Builder Completes Machine for Young Indian Rajah; Lights for Night Shooting:

(By the Associated Press)

LONDON, Oct. 23.—A camouflaged hunting motor and other articles of the猎人's outfit as he drives over the jungle in search of wild animals in a special hunting automobile has been completed here for Prince Sihanouk, King of Cambodia. It is a light, high-speed, four-cylinder engine and transmission as part of the equipment of the car, which cost about \$3,000.

The young royal, who led two hunts into possession of an enormous estate last year, among several other European countries, is the first Cambodian to have a automobile for his hunting at night. When lights, lamps and other lights, guns appear, the search light is to be switched on and the hunter then will shoot from their hearts content.

British whiskey distillers have experienced another sharp drop in trade. Shipments of spirits from Dublin to Britain during the last half-year have fallen by 129,700 cases, or a decline of 86,100 gallons, as compared with the corresponding period of last year. Distillers in Dublin say the continued high duty is responsible for the fall in sales. The duty on pot still whiskey at the present time is 75 shillings per gallon, as compared with 11 shillings a proof gallon 20 years ago.

Fifty-four light bombers, which will average through the air at 100 miles an hour at a height of four miles are being built by the aircraft industry as part of the scheme of home defense.

The design of the bombers was decided upon in competition in which the air minister asked four of Great Britain's most famous aircraft manufacturers to build a high performance plane, mounted on a low horsepower motor.

A club to popularize cigar smoking by women has been organized recently with headquarters in Wall Street in New York. Regular meetings are held in members' houses and politics discussed over tea and cigarette. One of the rules of the club is that members must make public and lots are drawn to select members for this purpose.

The club was founded by a strong exponent of feminism who invited a number of female smokers to meet and they have delivered an address on the "Climax of Male Control."

Several of the more sedate members are said to have had enough of the club and have severed their connection with it.

Diamonds of the finest quality have risen in price from 10 to 15 percent in the last few months, according to dealers here. This is in accordance with the facts last year. This is attributed partly to the trade on the continent where precious stones have been in abysmal demand for months past. As a consequence, the market price of diamonds, pearls, rubies and sapphires here has been keeping a golden harvest, and with every indication that the rank for gems of this kind will continue briskly for some time.

The Australian cricket team, en route to Australia, en route home, will travel to New York, thence to Buffalo, Chicago, St. Louis, through Kansas City to Vancouver.

## Astronomers Renew Study of Mars For Indications of Living Inhabitants

WILLIAMS BAY, Wis., Oct. 23.—(UPI)—

The early autumn night sky is being used by a group of astronomers in a new and original study of the neighboring planet of Mars for signs of living Martians.

Tonight the path of the moon brings it close to the red planet, and the moon will be visible without a telescope.

The distance of the moon was decided upon in competition in which the air minister asked four of Great Britain's most famous aircraft manufacturers to build a high performance plane, mounted on a low horsepower motor.

A club to popularize cigar smoking by women has been organized recently with headquarters in Wall Street in New York. Regular meetings are held in members' houses and politics discussed over tea and cigarette. One of the rules of the club is that members must make public and lots are drawn to select members for this purpose.

The club was founded by a strong exponent of feminism who invited a number of female smokers to meet and they have delivered an address on the "Climax of Male Control."

Several of the more sedate members are said to have had enough of the club and have severed their connection with it.

Diamonds of the finest quality have risen in price from 10 to 15 percent in the last few months, according to dealers here. This is in accordance with the facts last year. This is attributed partly to the trade on the continent where precious stones have been in abysmal demand for months past. As a consequence, the market price of diamonds, pearls, rubies and sapphires here has been keeping a golden harvest, and with every indication that the rank for gems of this kind will continue briskly for some time.

The Australian cricket team, en route to Australia, en route home, will travel to New York, thence to Buffalo, Chicago, St. Louis, through Kansas City to Vancouver.

## WOOL TRADE QUIETER; PRICES HOLD STEADY

BOSTON, Oct. 23 (UPI)—The Commercial Bulletin today said:

"Some of the manufacturers evidently have had to stop for a lengthening spell from the intensive activities of the last two months, and the market is rather quiet." Although other buyers have no committed formal fair volume of business, and prices are steady. Mostly the demand has been for domestic wools, which still are relatively cheaper than foreign wools of similar grades as a general proposition.

The mills are all well occupied and making out belated heavy weight orders as fast as possible. Prospects for the light weight season are considered to be good.

Foreign markets are generally firm, with Australia somewhat irregular on the inferior offerings, which sometimes favor the buyer to the extent of two or three per cent above levels.

Mohair is higher on the firm, sale and quotations are hardly on the firm, but buyers and sellers either agree on the quotes of prices in the country, while bids have been dropped generally to 60 cents as a basis and sometimes lower.

The total of sales shipments of wool from the United States, up to October 21, 1925, inclusive, were 1,042,000,000 pounds, against 1,025,350,000 pounds for the same period last year. The receipts from January 1, 1926, to October 21, 1926, inclusive,

totalled 1,040,000,000 pounds, against 1,020,000,000 pounds for the same period last year.

The Commercial Bulletin published the following figures for the month of October:

Ohio—Delaine unshaved 13 to 16½; half blood combing 15 to 16½; three-eighth blood combing 15 to 16½; quarter blood combing 15 to 16½; fine unshaved 12 to 14½.

Michigan and New York—George Delaine unshaved 13 to 16½; half blood combing 13 to 16½; three-eighth blood combing 15 to 16½; quarter blood combing 15 to 16½; fine unshaved 12 to 14½.

Illinois—Delaine unshaved 13 to 16½; half blood combing 13 to 16½; three-eighth blood combing 15 to 16½; quarter blood combing 15 to 16½; fine unshaved 12 to 14½.

## Senften Appointed Buhl Police Chief

BUHL, Oct. 24.—The city council Monday evening accepted the resignation of Chief of Police A. D. Wilson and Captain W. C. Senften was appointed as chief of police.

The new chief's first meeting with Mrs. Nellie Chidlow, Mrs. McLean, son and daughter were spent after dinner at the home of the chief.

Wednesday evening a social

luncheon was served to following members and guests: Mrs. Clara Orr, Mrs. Charles Parker, Mrs. Clara Shand, Mrs. Frank Schuler, Mrs. Phoebe Curtis.

Next meeting will be with Mrs. Pine,

at Hotel Buhl, October 29.

At the home of Mrs. McLean a social meeting of the Home Culture club was held.

Members, the chief, his wife, Mrs. McLean, and the officers of the club as hostesses.

The program included an address by the president,

Mrs. Larson; an address on Federation by Mrs. Koenig; piano playing by Mrs. Hedges; responses by Mr. and Mrs. Putzer; and Mrs. Parker on the Federation at Springfield, Idaho, piano by Mrs. Larson and a report by Mrs. Larson.

Later, as delegates, the state convention in Salt Lake City, Indiana, was served to 13 members and six guests.

Mr. J. P. Hunt will entertain members of her Methodist Sunday school class at Hallie's at a party at her home.

At the Ogden ram-and-sheep sale the Gillette Sheep company paid a hundred head of sheep which brought \$33 a head to A. H. Harrison, Fowles, Wyoming.

Mr. and Mrs. E. A. Johnson, leaving for Arizona this week after holding a general fair sale Wednesday.

Mrs. S. P. Sandgren of Portland, visiting relatives.

Mr. and Mrs. John and Frances Souley were home for a weekend visit from Albia.

George Hart, and daughter, Clara, returned from Phoenix, Arizona, last Thursday.

Mrs. Frank Schuler entertained Friday evening at 7 o'clock bridge dinner. Hallie's colors were used for decoration.

Four tables of bridge were set.

The hostess, Mrs. Anna Schuler, and

visiting relatives, and friends, Mrs. Mary Johnson, Mrs. Anna, Mrs. Hazel, and Mrs. John Johnson, Mrs. Hazel, and

friends, Mrs. Hazel, and

# Among the Republican Candidates for National, State and County Offices

ADDISON T. SMITH  
Republican Candidate for Congress

The Democratic party of the nation stands for and advocates free trade, but Senator Nugent has been fighting for his party and money out spendy for the Protection Tariff for Idaho.

It is, therefore, evident that the party's protection policy is the only spoiler for Idaho citizens. However, if Senator Nugent is elected and the United

States Senate should be Democratic, then Nugent would be absolutely powerless to do anything to protect his own citizens alone, that blue line.

It is, therefore, evident that the voters of Twin Falls County, if they vote for their own interests, should vote for Frank R. Gooding for Senator and H. C. Baldridge for the United States Senate.

Look up his record for the last

FRANK R. GOODING  
Republican Candidate for United States Senate

H. C. BALDRIDGE  
Republican Candidate for Governor

term is the operation of the State on an economical basis as is consistent with good government. During the last four years Governor C. C. Moore has been constantly harping on the reduction of state taxes and below he has found a statement of the amount of state taxes paid by Twin Falls County in the year 1919 and 1925, which shows the results:

1919 Twin Falls county paid in state taxes ..... \$202,490.50  
1925 Twin Falls County paid in state taxes ..... 131,570.70

Reduction in Twin Falls County's state tax ..... 68,119.80

The Republican candidate for Governor, H. C. Baldridge, has pledged himself for an economical administration.

CLARK A. BAILEY  
Republican Candidate for Judge

MISS CHARLOTTE POND  
Republican Candidate for County Superintendent of Instruction

DR. J. GROSSMAN  
Republican Candidate for Coroner

G. CLAUDE STEWART  
Republican Candidate for Representative

W. D. GILLIS  
Republican Candidate for Assessor

E. H. BROOKS  
Republican Candidate for Sheriff

T. E. MOORE  
Republican Candidate for County Commissioner

ROBERT BROSE, SR.  
Republican Candidate for County Commissioner

ROBERT BROSE, Sr., has been a candidate for the County Commissioners for the past fifteen years or longer and are thoroughly familiar with the legislative needs of Twin Falls County on state matters, and can be depended upon to look after the interests of Twin Falls Farmers.

He has served two terms in the legislature and one term as

C. C. HIGGIN  
Republican Candidate for County Clerk, Auditor and Recorder

speaker of the house. The experience he gained in that capacity will be of great service to him in his new office as a commissioner of the county in the coming session.

THE COUNTY COMMISSIONERS consist of three Republicans. They are W. D. Gillis, L. H. Griffen and Robert

Brose, Sr. Of these, T. E. Moore has served upon a number of previous Boards, first taking office as a commissioner of the county in the 1916 session.

During his previous term he served as a member of the commission for the construction of the county hospital, the Murianga bridge and

many bridges over canals were erected, in every case without an issue of bonds.

Robert Brose, Sr., is an old-time resident of Twin Falls. He is still engaged in the cattle business in Rock Creek. He was for some years

in the retail meat business in Twin Falls, during which period he maintained a residence here as well as in Rock Creek. He is a successful business man, well posted upon county needs.

L. H. Griffen is a dentist by profession, and for about two years after coming here in 1904, practiced in Twin Falls. He is now in the full house division of the Twin Falls county bar and also holds the position of president of the Northern Idaho Bar Association.
