KLAN ACTIVITY
LAID BARE IN
MANY SECTIONSHand of Invisible Empire Seen
in Political Affairs in Minne-
sota, Iowa, Indiana and
Washington, D. C.

(By the Associated Press) — The Klan, in its state and national political affairs, covered a wide range, the Senate campaign funds committee was told today by half a dozen Klan leaders and former members.

High points in the testimony at Senator Reed, Democrat, Missouri, announced were the plotting session of the pre-existing leaders of the Klan in eastern states, including what high officials of the Klan interested themselves in the election contests in Minnesota and Iowa, involving the Senate seats of Senators Thomas D. Hart, of Iowa, and George W. Norris, Senator Smith, Brookhart, republican.

That William F. Zumbroga, general counsel for the Klan, had active direction of the campaign for Senator John E. Watson, Republican, Indiana, for renomination as Klan-influenced.

That Senator W. Evans, the imperial wizard of the Klan, was deeply interested in Watson's election, and that Senator Smith, Brookhart, republican.

That William F. Zumbroga, general counsel for the Klan, had active direction of the campaign for Senator John E. Watson, Republican, Indiana, for renomination as Klan-influenced.

Name Legislative Agent

That William H. Zumbroga is the legislative agent of the hooded brother at Washington, looking after such unimportant legislation as the extension of the right of habeas corpus.

That Senator Watson in 1924 carried a card of membership in the Imperial Klan, the national organization, with headquarters at Atlanta, Georgia, and which was freely admitted to their secret meetings persons to whom they were issued. Previous testimony before the committee that Senator Watson attended a conference of Klan leaders in Washington January, at which the resignation of Walter F. Boettcher, grand dragon, was demanded and received, was denied by both Boettcher and George W. Norris of Marion, Ind., a former Klanman.

After announcing the closing of the hearings, at least until after elections, Senator Reed said he had no desire to inquire into the names of state senators who had been associated with conspiracy leaders for the state.

By further stipulation it was agreed to re-examine next Wednesday morning.

The hearing has been in progress 20 days, a record in the courts here.

After the arguments, Judge Blake must decide whether or not to hold the evangelist and his co-defendants in answer, in superior court.

World War Veteran
And Business Man
Answers Last Call

CHICAGO, Oct. 28 (AP)—Major General George F. Bell, U. S. A., retired, died at a hospital here tonight at 7:15 o'clock.

Major General Bell, who was 61 years old, had been unconscious during the day at intervals because of the embolism of the body of Mrs. Eleanor F. Mills, who was killed four years ago with the Rev. Edward W. Hall.

The physician took to New York yesterday for examination of certain portions of the body, the nature of which he would not divulge. The body was not returned to its grave.

Observers said the body was in a remarkable state of preservation.

The autopsy was performed in an effort to determine the cause of death. A post-mortem examination of the body had been held for years.

A daughter, Mrs. William Scott Wood, wife of Colonel William Scott Wood, is enroute here from California.

Funeral arrangements had not been made, but burial probably will be here.

Forty Years of Army Service

After more than forty years of army service, Major General Bell retired, but did not leave the service entirely.

He had been a member of the staff of the 1st Cavalry, Army regulations forcing his retirement when he reached 60 years ago, and he became president of the First State Bank of Chicago, upon which he served for 20 years.

Major General Bell was known by the Illinois doughboys of the Thirty-third division, in the world war as "Dad Newell." He whipped them into shape like a dog can and then combed them over smooth.

He was welcomed with especial pride to Chicago to spend his last days in the army at Sixth corps area command.

Major General Bell was born to the army. He first saw the light of day at Fort McHenry, Baltimore, and his father was Brigadier General Bell. At 18, he had been graduated from the military academy at West Point and commissioned a second lieutenant.

WEDDING OF DOCTORS

PONTYPRIDD, England, October 28.—Dr. John Williams, 36, a doctor son of a doctor, both the children of doctors, with physicians' daughters—daughters, bridesmaids, a doctor's son as page, the bride giving away by a doctor, the best man, a doctor, and a doctor the organ, were present at the wedding of Dr. Edward Bridgford Blawfield and Dr. Elizabeth Bradley, local practitioners. The clergymen was not a physician.

INDIANS GATHER
FOR DEDICATION
OF FOOTBALL FIELD

LAWRENCE, Kan., Oct. 28 (AP)—The primal dances of the vanishing redmen, in a setting of gleaming camp fires, opened the football season, according to the legend, at the stage tonight at the gathering of fifty tribes of Indians, here, for the dedication Saturday of Haskell Institute's \$200,000 football stadium.

It was strictly an Indian affair.

Tom-toms beat an incessant blood

quenching tattoo that filled the air. Within a circle of the campfires, Indians, who had traveled far, revolved in a circle, when the pale face was wrestling an emblem from the red man's hold.

Shuffling, stamping, prancing, yelling, the Indians, the devotees performed their worship to the eagle, the sun, the snake and the rainbow.

After the dance, the first American football game in the tropics, opened on the electric lights and prepared for bed.

"Football-in-the-air," the Indians called it, was the slogan of the day.

Old men spoke of the laws of the earth, the stars, the moon, the sun, the water, the wind, the rain, the lightning, the noise of their brethren, practiced at the Manhattan stadium, preparing for Saturday's game with Bucknell,

— (By the Associated Press)

SAN FRANCISCO, Oct. 28.—The steamer "Leopold," which caught fire today off Punta Gorda, 180 miles north of San Francisco, was abandoned tonight as a total loss, just outside Eureka.

After waging a desperate fight to bring the flames under control, members of the crew were forced from the vessel by fumes from the burning oil tanks, which formed part of the cargo.

Radio officials received here by the Federal Telegraph company said that the doomed ship was carrying 1,000 barrels of fuel oil, 100 bushel bar, with the oil tanks, which rushed to the aid of the vessel, and the United States destroyed McCawley standing by.

The crew was rescued by the U. S. Revenue Cutter "Frigate" and the U. S. Fish Commission "Gullivir."

EUREKA, Oct. 28.—The steamer Everett, making a race for this port with a fire raging in her forward hold, arrived at Humboldt Bay, about 7 o'clock tonight. The Table Rock radio station, which commands the ocean outside the bay entrance, reported they could see the flames from the burning ship and that the crew was abandoning the vessel for the guard ship "Chikmagalur" which is standing by.

The Everett, a wooden freighter of the Meteorite line, was first reported on fire this afternoon, when she ran aground, which started the U. S. destroyer "Metaphor" and the coast guard cutter "Frigate" to her assistance.

For more than three hours the crew of the Everett fought the blaze, taking to the life boats once the flames seemed to be getting the better of the ship. They were forced to abandon the vessel, and faced the fight against the fire some of the gunnery men there joining them.

SALT LAKE CITY, Oct. 28 (AP)—The U. S. Revenue Cutter "Frigate" and the U. S. Destroyer "Metaphor" and the coast guard cutter "Frigate" fought the blaze, taking to the life boats once the flames seemed to be getting the better of the ship. They were forced to abandon the vessel, and faced the fight against the fire some of the gunnery men there joining them.

DETROIT, Oct. 28 (AP)—Hurly burly in the courtroom, seriously ill before a peremptory which developed after an operation for appendicitis, spent most of the day, but his condition was somewhat improved tonight, his physician reported.

POATO HARVEST OVER

BOISE, Oct. 28 (AP)—Upper Snake river valley farmers have practically completed the potato harvest, M. J. Dunn, director of plant industry, reported today to the department of agriculture.

The market price of the crop is \$1.50 a bushel.

NUGENT SELLECTS RAY M'KAIG FOR HIS MAIN TOPIC

Democratic Senatorial Aspirant
Trains Heaviest Guns Upon
Idaho Leader of the Progressive
Party.

(By The Associated Press.)
WEISBACH, Idaho, Oct. 28.—John F. Nugent—democratic candidate for United States senator, former member of the federal trade commission and United States representative—has decided to disown his repudiation of his campaign as "a dirty, unfair, hateful campaign." He,¹¹ the reported imputations of Ray McKaig that he is in cahoots with the demagogic King County, Washington, organization, has denied the truth of his statements to the effect that the Portland Electric Power company had made any contributions in the Oregon campaign.

SENATE—**McKaig Wins Over**
Chicago, twisted to Stone that he would meet him in Spokane tomorrow morning between trains to get his story straight on the record of the campaign. A large delegation of the Oregonians will go to Spokane to be present at the session tomorrow.

SENATOR KING TO HEAD PROBE

**Utah Solon Off for Arizona to
Enquire Into Alleged Irregularities of Campaign.**

SALT LAKE CITY, Oct. 28 (AP)—Senator William H. King, democrat, will leave here tomorrow morning for Phoenix, Arizona, where he will investigate charges of excessive campaign expenditures in that state, he told The Associated Press tonight.

"The very best trail connections I can make are through Senator McKaig's office," he said. "I'll check Saturday night, he said, and by 8 o'clock telephoned Senator Ralph Cameron, republican at Phoenix to assemble the witnesses and be ready to proceed with the investigation immediately upon my arrival there by automobile from Marquette.

"I plan to proceed with the hearing immediately upon arriving in Phoenix," Senator King said, "and will telephone Marquette Saturday night and all day Sunday, if necessary, to get all the required witnesses."

REED AVERS—INVESTIGATION

ST. LOUIS, Mo., Oct. 28 (AP)—The Missouri senator, who has been requested to help Senator William H. King, democrat, chairman of the Senate campaign finance committee, to proceed at once to Arizona to investigate charges of excessive expenditures in the senatorial campaign in that state.

Senator Reed's telegram was in response to one from Senator King, saying that he was holding himself in reserve to conduct the inquiries as a member of the campaign finance committee.

The Missouri senator previously had telephoned to Senator McNary, asking that he make available his services to help in conducting the inquiry in Arizona, the conclusion of the one he now is conducting in Portland into the Oregon senatorial campaign.

Requests for an inquiry into the campaign of Senator John W. Warner, and Representative Carl Hatch, democrat, have been received by Senator Reed from leaders of both parties.

SENATOR ISSUES STATEMENT.

PHOENIX, Oct. 28 (AP)—Colorado advised of the action of Senator Reed of Missouri, in ordering an investigation relative to charges that large sums of money were sent into Arizona by Senator Ralph Cameron, republican, through his headquarters, which led Senator King to issue a statement that he was "in earnest about this investigation."

"It is needed now," he declared, "to have a probe into the campaign, different in making good our assertion. The attempt to restrict the 1926 campaign expenditures and the political effectiveness of our seat in the Senate which is under trial in an appeal after a trial in the federal circuit court, will not confuse the public."

Many Subpoenas Asked.

PHOENIX, Ariz., Oct. 28 (AP)—Senator Ralph H. Cameron, who preferred that changes against democratic party candidates in Arizona be left to the discretion of Senator James E. Reed to investigate the senatorial campaign in this state, today telephoned the Arizona senator that he would suggest subpoenas. Harry C. Carter, of the Los Angeles Times, will interview him.

After a brief and informal reception under the vaulted arches of the main hall, the royal visitors strolled through the building. Later they took tea with the speaker and Mrs. Neasey in the tea room, and when the tea was served, the royal couple, who were accompanied by a hundred persons from Ottawa and elsewhere were presented to the queen.

The Michigan Department of Conservation, which had arranged for the royal visit, came to the rescue. The king and queen were being troped for need of the forest and brush fires, and were presented to the queen.

THE SPORTS OF A DAY

HARD STRUGGLE SEEMS LIKELY

Both Teams in Readiness for Game Between Bruins and Coach Nixon's Men.

Cochran's Twin Falls Bruins and Coach Nixon's Rupert Bruins will tangle here this afternoon in the annual football struggle between the two schools. The Bruins are in the lead at present, and with the action left eight of Captain Vance's line is once more complete. Bert Robertson will probably watch his first game in two years from the bench. He received a blistering cold bath like the one he still had shoulder, and the coaches will not risk a more serious injury unless it appears necessary. Nyo who was playing a nice game on the right wing will not be available for the next game, and Lewis Stinson has been holding down the end position in nice shape.

The game is called at 3:30 and the pep band will parade the down the district and will play a short concert at the end of the game.

The Rupert Team is eliminated from the district race but has a scrapings bunch of points and will play this afternoon. Noy, a fleet back, is especially dangerous and will keep the Bruin ends on their toes. The Rupert line is as heavy as the Bruin forward, and will be the end of the race.

The Bruins are dopoed to win the contest without extending themselves but upset happen so often in football that the Bruin coaches have been writing their names hard all week for the meeting.

The game is called at 3:30 and a big crowd is expected to attend.

COLORADO AGGIES AND UTAH IN CRUCIAL GAME

SALT LAKE, Oct. 28 (UPI)—With the battlegrounds shifted from the Rocky Mountain region to the western sector, the crucial contest of the Rocky Mountain football conference again will take place on Saturday afternoon here Saturday afternoon when the University of Utah eleven entertains the Colorado Aggies conference champion.

The contest will also be the first in the west since the 1917, when the Aggies were on the long end of the 25-12 score.

It will be "Homecoming Day" at the university and a vast crowd of alumni is expected to occupy the stands.

The game Saturday is considered the turning point of the conference schedule.

The visitors are expected to go on the offensive while the Aggies will try to get out of the chase.

The Aggies have already won three contests, defeating Denver—University—Colorado—College Park—Colorado State. The visitors appear to be in excellent condition, whining a decisive victory over Colorado—University—Boulder last Saturday.

In fact, in rank among the conference contestants Saturday is the dash between the Utah Aggies and Denver University at Denver. The Aggies have played three of their conference games, and the results of the other two resulted in ties. The Colorado—University and Colorado College met in Colorado Springs. Other contests are scheduled.

EMPEROR'S SON SHOWS SKILL IN ALPINE CLIMB

CHAMONIX, France, Oct. 28 (UPI)—Prince Chichibu, second son of the emperor, was one of thousands who gratified their desire to climb high mountains and made 1926 a banner year in Alpine climbing.

The prince proved his skill as a climber by conquering the Fleischbank, the hill above the Brevent, Obiou, Lou, the Gras Schreckhorn and the Matterhorn. The last ascent took place on the birthday of his father, the Mikado, and the prince and his son experienced of celebrating the annual national Japanese festival "Tsuchasai" on the summit of one of the highest peaks in the Alps.

BURGESS' GARDEN MOVIE

LONDON, Oct. 28 (UPI)—London is to have the largest moving-picture theater in Europe. It will be near Victoria station—not far from the offices of the American Embassy, and will seat more than 3000 persons. It also will be fully equipped as a dramatic theatre.

Kentucky vs. Virginia Poly, Lexington, Kentucky.

South Carolina vs. Virginia, Columbia, South Carolina.

Far West

Stanford vs. University Southern California, Los Angeles.

California vs. Oregon, Berkeley.

Oregon Aggies vs. Idaho, Portland.

Washington vs. Whitman, Walla Walla, Wash.

Montana vs. Gonzaga, Spokane, Nevada vs. Santa Clara, Santa Clara.

BUHL IS READY FOR BIG GAME

Grid Contest at Gooding Attracts Unusual Attention Teams in Good Shape.

GOODING, Oct. 28 (Special to The News)—Coach Jim Neal's football team will engage in mortal combat with the Gooding eleven here tomorrow night. The Ketchum-Kimberly football warhorses have not honored the district team so far this season and while Buhl was defeated by a one point margin by Jerome it was conceded he lost the game to the Badger team. Buhl will have to eliminate one of the district contestants and wipe out a defeat of a year ago.

The local team is in good shape for the meet and will be ready to start again if the Badger suggestion of truce and Tonne are the last days of the thumping halfback, Bath have scored and are open field runners of no little value. So far Gooding has had to use his best straight football to defeat his opponents.

Buhl has shown a great deal of improvement during the past two weeks and is likely to be a hard man for the local to stop. Gooding must win this game to stay in the district title race.

ALBION TEAM IS CONFIDENT

ALBION, Oct. 28 (Special to The News)—The Albion Normal football team left here this morning for Hartburg where they will play the Ricks Normal School. The Albion team, strong Weber-Scholes-Jones-Carrasco, is making a strong bid for the junior college title.

The Idaho team defeated Ricks last week and has a strong record of the two teams will be shown by the outcome of the game Saturday between the Normal and Ricks. Several men who were out of the Weber game on account of injuries, left with the team and will probably be able to play Saturday.

Navy to Meet WOLVERINES

ANNAPOLIS, Oct. 28 (UPI)—Continuing after the strength of the University of Michigan, the naval academy authorities today announced that an agreement had been reached for football games with the Wolverines for next year, and that Michigan will meet the Navy at Baltimore stadium the following year.

Theatres

BIGGER THAN BARNUM'S
Ralph Lewis, whose characterization as "The Third Alarm," "The Last Edition," "The Malahide," and other notable plays—Oscar O'Grady—in the musical comedy "Barnum" has made him a favorite of film fans, is again in "Bigger Than Barnum's," F. B. O. 's latest Gold Bond release, now playing at the Idaho theater, in which he has a part and is opposite Paul Draper, Vicki Davis, George O'Brien and Ralph Lewis as other featured members of the cast, the film is a strikingly realistic and entertaining epic of circus life, of the little-known drama that goes on behind the canvas walls.

RICKARD GOES OUT FOR MIDDLEWEIGHT CONTEST

NEW YORK, Oct. 28 (UPI)—An all-night championship fight between Figan Flowers and Mickey Walker in New York has been undertaken by Tex Rickard, through his manager, Jack McLaughlin.

McLaughlin will confer tomorrow with Walk Miller, manager of Flowers, and Jack Kearns, Walker's pilot. Miller has agreed to the match, which originally was slated for Nov. 29, under the name of the "Mickey-Tex Showdown."

Walker says he has relinquished hope of regaining the welter title he lost last year to Peter Latta of Scranton, and will give the bout to the Badger, who has not honored the district team so far this season and while Buhl was defeated by a one point margin by Jerome it was conceded he lost the game to the Badger team.

Walker believes that the rigorous training he required to make the 147-pound limit was partly responsible for his defeat by the former breaker boy.

CLARKE QUITS PIRATES

PITTSBURGH, Oct. 28 (Special to The News)—Deacon—will invade the city Saturday evening after the Pirates have tomorrow afternoon another team has been added to the roster.

Neither team has been added to the roster, however, as far as the league is concerned, so far this season and the game today will eliminate one of the two clubs as district contenders.

Jerome has a strong eleven and a good record of winning games, but the Pirates have not yet won a game.

Clarke, a center of internal division on the team, some players objecting to his being retained as manager.

The team, however, is strong and is expected to duplicate the Pirates' record.

SAYS MARTIANS DRINK TEA AND LIKE TOBACCO

London Attorney Claims In-
mate Familiarity With Habits, Customs and Appearance of Residents of Planet.

(By the Associated Press)
LONDON, Oct. 28 (AP)—Communication with Martians may be nothing but a dream, but a London attorney, who became a telepathist, years ago, declares that he has a friend in Mars, Communia, a woman, from whom he has received many messages, and that she has informed him of what is going on in the mystery planet.

Now he knows the Martians so intimately, he writes as to be aware of what they look like, and what they eat and can taste. "It's funny that they use tobacco and drink tea."

Last night Dr. Robinson handed into the central office a message from Mars. It was unanswered, and was pieced with two "M.M."s. It was explained that the delivery could not be guaranteed, but this was agreed upon, the doctor being satisfied to leave the wire.

Today Dr. Robinson announced that he had received a message from Communia, presumably his friend, who was being held incommunicado in the central office, and that his best efforts to get into touch with Martians by night, he declared, that astronauts and other scientists have units themselves to blame, "for they simply don't know how to play the wire," he said.

Explains Communication.

To Communia's latest communication, the attorney says, "I am not the only one who has just explained to me why only the sign 'M.M.' stands through; last evening when I told them the news, they were English and with English signs, it would not convince scientists, so the Martians decided to read at the introductory signature."

The "M.M."s, Dr. Robinson says, have been receiving by several radio stations for four minutes after eight o'clock last night. Dr. Robinson having previously warned listeners to look for them.

Thus for the telephone company, the need to explain the meaning of the words in his message last night—"speculistica secundum" for more mortals here, for his said: "Comunari, sicuti understandis."

SEE CHANGES IN ELEVENTH HOUR

Nugent Strength Said to Have Registered Gain but Gooding Still Favorite.

(By the Associated Press) — That former United States Senator John F. Nugent, independent, opposing the re-election of United States Senator Frank H. Gooding, republican, has gained votes during the past ten days is the belief of those close to political conditions in this section of the state.

This is the tendency in country districts where large progressive party votes were registered at the last election it is said. It is believed the defection to Nugent does not affect the probability of either of the candidates getting the ticket, but that the Illinois appear to have their ordinary majority for the state senator below the surface, safely in hand.

There are, however, warm fights about the senatorial election of the state senate, progressives and democrats giving most of their attention to these offices. At least five of the southeastern Idaho counties will vote for the state senator.

In Bonneville county, home of a large farmer and labor vote, the race between Senator Gooding and former Senator Nugent, is close according to reports. It is believed, however, that progressives consider that many of their members will be for the democratic nomination, voting the balance of the progressive ticket.

WYOMING MAN COMING
BOISE, Oct. 28 (AP)—U. S. Student, in charge of the intermountain live culture laboratory of the University of Wyoming, who attended the annual meeting of the Directors 13 and 14, of the Idaho house progressives association, it was announced today.

Two more free passes and the large number of "friends" are responsible for a deficit of \$7,000,000 on the railroad billboards for the first six months of 1926.

COAL COSTS BRITISHERS AS MUCH AS POTATOES

LONDON, Oct. 28 (AP)—Anthracite owing to the coal strike began in May, now costs London housekeepers by the pound as much as potatoes and nearly as much as bacon.

Even soft coal costs more than cabbage, carrots and several other winter vegetables which are in demand after the fresh garden supplies are plucked.

Anthracite, by the hundredweight, at the beginning of the cold weather, sold for approximately \$1.50, to \$1.75, while coking coal cost about \$1.00 for a hundred weight.

All sale of coal is regulated by the government, under emergency regulations. Private dealers are prohibited from selling coal unless they have a license, unless they are unusual circumstances, which must be explained to the authorities for additional permits.

CLAIMS VICTORY FOR DEMOCRATS

Senator Gerry Convinced That Republican Record Insures Party Defeat.

PROVIDENCE, Oct. 28 (UPI)—Calling attention to the idle textile mills of New England, the plight of the western farmer, and the right of the western states to self-government, the senatorial candidate of the democratic national senatorial committee in a statement today said the republican could not hold on to congressional victory in November.

He stated that the country is disgusted with the republican record and has made up its mind to elect a democratic congress next Tuesday.

Continuing, he said, "The congressional record has been emphasized all through its conduct of the present national campaign. It started for victory to rock 'em with a great thunder of lies, but it failed to do so, and the English signs, it would not convince scientists, so the Martians decided to read at the introductory signature."

The "M.M."s, Dr. Robinson says, have been receiving by several radio stations for four minutes after eight o'clock last night. Dr. Robinson having previously warned listeners to look for them.

Thus for the telephone company,

the need to explain the meaning of the words in his message last night—"speculistica secundum" for more mortals here, for his said:

"Comunari, sicuti understandis."

The republican manager has tried demonstrating the record of the administration in each of their parts during the last six years. That record was killed during the trial of Harry Daugherty, a former member of the Harding and Coolidge Cabinets. The trial of Daugherty, the republican Daugherty, has the evidence presented together with the notorious facts in the Teapot scandal and the conviction of Fortune for misappropriating funds meant for veterans, gave the public a gloomy picture of the corruption and inefficiency of republican administration.

Now the republicans are seeking votes so that a Congress may be elected which will support their policies.

Every one knows that in the last Congress the republicans, notwithstanding the very large majority they obtained in 1924 were unable to uphold Mr. Coolidge because those republicans who supported Mr. Coolidge, Daugherty, had the evidence presented together with the notorious facts in the Teapot scandal and the conviction of Fortune for misappropriating funds meant for veterans.

Now the republicans are seeking votes so that a Congress may be elected which will support their policies.

Observers were agreed tonight that the result is in doubt, but were inclined to give the republican nominee a shade of hope of victory because of the prestige of the state senatorial candidate who saw all week a strong swing of sentiment toward the democratic nominee, largely because it was claimed that the republicans were far from being fully favorable to the election of H. C. Baldwin, their ticket, and the complete republican ticket.

The present outlook in the territory adjacent to the state, including Boise is fairly favorable to the election of H. C. Baldwin, their ticket, and the complete republican ticket.

Now the republicans are seeking votes so that a Congress may be elected which will support their policies.

Observers were agreed tonight that the result is in doubt, but were inclined to give the republican nominee a shade of hope of victory because of the prestige of the state senatorial candidate who saw all week a strong swing of sentiment toward the democratic nominee, largely because it was claimed that the republicans were far from being fully favorable to the election of H. TWIN FALLS, IDAHO, FRIDAY MORNING, OCTOBER 29, 1926.

NEWS OF THE DAY AS CAUGHT BY THE CAMERA

MARIE AT COLUMBIA—Queen Marie of Romania (arrow) was queen of Columbia University for an afternoon when she visited the institution as a guest of President Nicholas Murray Butler.

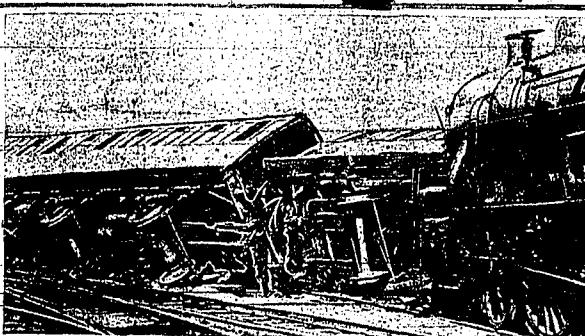

BANKERS DINE MARIE—Queen Marie of Romania is shown leaving the New York Bankers' Club, where she was a luncheon guest of Romanian bankers.

HIG H—Miss V. Bredow, German athlete, is shown winning the high jump at a recent international athletic contest held in Paris.

JUST PRACTICING!—Two hundred marines at New York practicing shooting small bandits, drilled a hole through a two-inch plank. Edward A. Trink shows the size of the hole.

FRENCH TRAINS COLLIDE, COACHES OVERTURN—A French express train ran into the rear end of a local, overturning two coaches, in the Gare Du Lyon. Two were killed and twenty-five injured.

JACK AND GENE GET CHAMPIONSHIP BELTS—Joe Humphries, New York announcer, is shown presenting Gen Tunney and Jack Dempsey with belts symbolic of their tenure of the heavyweight championship.

DO YOU SEE IT?—Tolium Pavlova, a queen of the Italian stage, is said to have a resemblance to Queen Marie of Romania.

BURIAL—New York policemen are shown loading on a launch guns seized from bandits. The weapons were taken out to sea and thrown overboard.

CRUSH DAMS IN TEST OF THEORY

Engineers Spend \$100,000 in Experiment to Prove Waste in Building of Structures.

PHILADELPHIA, Oct. 28 (AP)—Built in the belief that millions of dollars have been wasted in the construction of hydroelectric dams, and that exact data on the amount of steel and concrete waste could be obtained, a special committee of the Society of Test Engineers is being made on the Stevenson creek experimental dam, 62 miles east of Pocatello.

The tests by the most noted United States bureau of standards are attracting attention of engineers throughout the world.

TRY VARIED THICKNESS

The dam, which cost the taxpayers \$1,000,000, has been built at a cost of \$100,000. It is 40 feet high, 140 feet long across the top and 12 feet thick at the base. Thirty feet above the base it is only 21 feet thick, and that thickness is maintained to its top.

The structure in the language of the engineers, is a single arch, constant radius, ordinary concrete and steel construction.

Stevenson creek is more treacherous in the summer, so that water for the pressure tests is drawn from one of the tunnels of the reservoir, half way down the stream, which affords a supply sufficient to fill the dam in little more than an hour. Starting with a five foot depth of water, tests have been made with increasing depths to the top of the dam.

WATER PRESSURE TESTS

Plans are being made to build another dam, 100 feet high, with only the 25 feet thickness of concrete and steel which now extends from 30 feet above its base to its present top of 50 feet. Water will be admitted behind the dam to a point where the structure breaks from the pressure.

In building the dam effort was made to use concrete of average proportions, with no particular thought given to economy. Proportions of the structure are lighter than those ordinarily employed in dams intended to impound water. It is hoped that the test will afford some information as to what will make possible economies in future construction.

MALDEN—Some publishers who support Governor Fuller of Massachusetts never can achieve his secret ambition. He described it as a desire "to run a newspaper and conduct a Sunday school class for the religious people who are designated to develop public men to take the places of those ousted by the

News of Women

QUEENS WILL DANCE

JUNIOR—The Queen of Norway, daughter of King Haakon VII, is to come to dance a reel at Queen Maude of Norway's sister-of-the-King George, the British ruler, who has been taking much interest in dancing and has made arrangements which afford a supply sufficient to fill the due in little more than an hour. Starting with a five foot depth of water, tests have been made with increasing depths to the top of the dam.

ALASKA ADOPTS FEAR OPERA

CHICAGO, Oct. 28.—The scene of "The Captain's Daughter," starring Jeanne Eagels, at the Alaskan Opera, has taken the fancy of the women of Skagway that the hope to produce the opera each year there during the tourist season, letters to Mrs. Fearon, Mrs. Tommie Adair, manager of the Alaska Opera, indicate that they hope to "make the opera as much of an institution in Alaska as other fairs."

SHINE'S JILL OF TRADES

LONDON, Oct. 28.—Mrs. Rosa Goffe is Jill of all trades. In addition to being assistant editor for Burton and Watson's "Woman's Home Journal," she is clerk to the Parish council and Parliamentary registrar. She conducts a building business left her by her husband, is director in the Baptist school, supervisor of the Sunday school, a moving spirit in the British women's Temperance Association. Mrs. Goffe is such an efficient busi-

nesswoman that only one account out of 200 entrusted to her this year recently remained unpaid.

JANE COWL PLEASES ENGLISH

LONDON, Oct. 28.—Mademoiselle Jeanne Chauvin, who forced the admission of women to the French Bar and whose part in the struggle for the right to practice law is signed by the great admirers—such as Bertrand, Lamontagne, Dupuy, and others—has been appointed to play Juliet. Miss Cowl said she would endeavor to fulfill the request in the spring.

DRESS PRICE FOR FRENCHWOMEN

PARIS, Oct. 28.—Special prices will be made for French women who can't compete with their American rivals at the dressmakers. Several manufacturers, fabric houses have offered to put a special tag on their goods for French buyers.

Our great dressmaking house has announced that special models will be created for home consumption at a price lower than that paid by Americans and other foreign buyers. Another dressmaker created a collection of 20 models to "suit the French purse."

STYLES OF MARIE TEMPEST

LONDON, Oct. 28.—Marie Tempest is becoming known as the best dressed woman on the London stage. She has a way of making what she will wear look almost as important as the role itself.

In "The Scarlet Lady," she appears in an evening dress of silver lace which ends in wide petals of silver lace and has a short silver cape falling from the shoulders. In one scene she wears a red velvet jacket and a wide-brimmed leather hat and in another scene wears an afternoon dress of pale chiffony lace which looks

particularly ethereal on a foundation of pink chiffon roses.

FEMININE LAW LEADER DEAD

PARIS, Oct. 28.—Mademoiselle Jeanne Chauvin, who forced the admission of women to the French Bar and whose part in the struggle for the right to practice law is signed by the great admirers—such as Bertrand, Lamontagne, Dupuy, and others—has been appointed to play Juliet. Miss Cowl said she would endeavor to fulfill the request in the spring.

A graduate of the University of Paris, Mademoiselle Chauvin, in 1919, was refused permission by the Paris Bar to practice law on the grounds that women were ineligible, but having the profession, Miss Chauvin carried her case to Parliament, and young Raymond Poincaré, since president of the Republic and now premier, gave his permission, Paul Deschanel and

René Viviani, took up the fight on her behalf. The law admitting women to the Bar was passed in 1920 after a bitter fight.

BRITAIN'S MARY PICKFORD?

LONDON, Oct. 28.—Elton Aldan, the 17-year-old screen recruit who was selected from 3,000 applicants by a British production firm, is in real life Miss Alyne Paquet, daughter of Lucien Paquet, assistant high commissioner for Canada.

Gainsborough's "Master Heath," which has never before been in a sale, is one of the treasures. It is said by many critics to rank with the famous "The Gold Rush," which sold for 125,000 pounds.

Romney's "Three Children of Captain Little," which came from the Otto Kuhlo collection, and is ranked as a Romney of the first water, and

you wish to attract.

PICTURES OF YOUTH TO FEATURE MICHELHAM RACE

LONDON, Oct. 28 (AP)—All the world's youth and it is willing to pay well for pictures of youth that the late Lord Michelham's collection of pictures, which will be auctioned here November 24, is expected to bring record prices because of the large number of famous pictures of children it contains.

Lord Michelham's "Master Heath," which has never before been in a sale, is one of the treasures. It is said by many critics to rank with the famous "The Gold Rush," which sold for 125,000 pounds.

Romney's "Three Children of Captain Little," which came from the Otto Kuhlo collection, and is ranked as a Romney of the first water, and

Hopner's group of children, known as "Howden's Children," also are in the collection.

PINK DRESSES SHIRTS

NEW YORK, Oct. 28 (AP)—Pink collar, tie and shirt fronts with pink piping clothes should become popular this winter might be held responsible.

White color flares back into the market under the strong studio lights. The new style of shirts, collars, ties, shirts an extremely careful bit of work. So Philip Strange introduced a pale pink outfit in the Paramount studio and the result was perfect, photo.

Pale blue table cloths, napkins, sheets, etc., have been used as a substitute for white for a long time,

SUBSCRIBE FOR THE NEWS.

What is news, anyway?

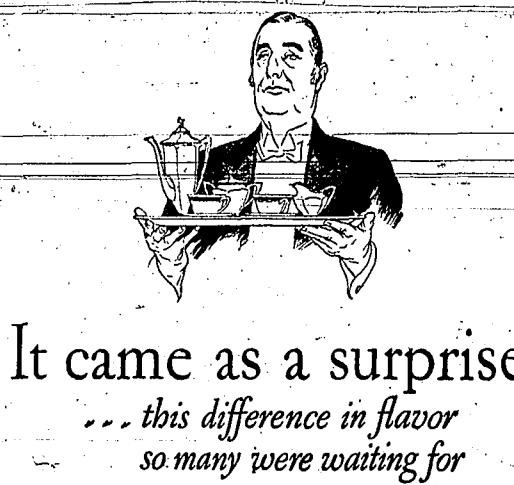

That depends a good deal on you. If you're one type of person, news is divorces, and murders, and heir-to-millions-hangs-self. If you're another type, news is closing quotations on the stock exchange. If you're somebody else, news is final scores at the ball-field or race track.

But no matter what type of person you are, news is also information about the things you need and use in your every-day life. If there's a new style in coats or shoes or gloves—that's news. If there's a new type of vacuum cleaner or radio battery or vitamin—that's news. If there are improvements in automobiles, new records for the player piano, a better toothpaste—that's news.

You get all this news in the shape of advertisements. It's pretty important advertising is. It keeps you informed about all kinds of things you need to know. It helps you. It saves you time and mistakes.

Read the advertisements in this paper. They are here for you to read. To miss them is to miss news.

Advertisements contain the most important news for you

"Good to the last drop."

From the South spread the glad news—a blend of fine coffees with just the added richness everybody wanted! It had long been the first choice of the cities of Dixie. Now the fame of its extra mellowness swept into the West and North. And what a joyous surprise it brought to those who love good living! In just a few brief years, that shade of difference in flavor has made Maxwell House Coffee the favorite coffee of a long list of America's most critical cities. Today, it is the largest selling high grade coffee in the country. Now roasted fresh for the West in our Pacific Coast plant. Here is a new pleasure you cannot afford to miss.

It is pleasing more people than any other coffee ever offered for sale

Tariff—Freight Rates Reclamation

Are you not, Mr. Nugent, attempting to ride into office on the policies and principles advocated by Senator Gooding?

YET YOU SEEK TO DEFEAT HIM.

Did you not say at Twin Falls that some years ago you advocated a long and short haul freight rate measure?

YET YOU OPPOSE THE MAN WHO HAS MADE A MOST BRILLIANT FIGHT FOR THAT PRINCIPLE

Have you not said you favor protection of Idaho farm products?

YET YOUR SENATE ASSOCIATES TOLD THE ZINC PRODUCERS YOU WERE THE MOST RADICAL FREE TRADER WITH WHOM THEY HAD EVER SERVED

Have you not said you stand with the irrigation farmers, hoping to help solve their problems?

YET YOU ARE FIGHTING THE MAN WHO INTRODUCED AND SECURED THE PASSAGE OF THE FACT FINDERS' BILL AND HAS MADE EVERY EFFORT TO CINCH RECLAMATION AID

Have you not claimed support because you agree on many things with Senator Borah?

YET ON SENATOR BORAH'S MOST IMPORTANT FIGHT—AGAINST THE ENTANGLING ALLIANCES OF THE LEAGUE AND THE WORLD COURT—YOU STAND AGAINST HIM

Do you not insist you intend to work earnestly for Idaho?

YET YOU RESIGNED HER SERVICE AS A SENATOR TO TAKE A JOB AT HIGHER SALARY AND SEVERED YOUR CONNECTION WITH IDAHO AND HER INTERESTS FOR SEVEN YEARS

You promise satisfactory stewardship.

YET YOUR RECORD SHOWS NOT ONE SINGLE BIG ACHIEVEMENT FOR IDAHO'S GOOD TO MATCH AGAINST THE SERVICE OF FRANK R. GOODING

Mr. Nugent, is it possible that Senator Thomas J. Walsh of Montana, member of the Democratic national campaign committee, disappointed you when he said—

HE HAD NO DISPOSITION TO SPEAK DEROGATORY OF SENATOR GOODING WITH WHOM HE HAD WORKED IN HARMONY ON PRACTICALLY ALL MATTERS PECULIARLY WESTERN IN CHARACTER

GOODING—

Led the fight for protection to farm products.

He introduced and passed the pure seed bill, which will make Idaho one of the great seed producing states.

He is the outstanding crusader for reduced freight rates in the intermountain territory.

He is the hope of the reclamation farmers who want improved water supply and effective relief.

Every dollar he has is invested in Idaho and her soil.

He has committee assignments which, under the seniority rule, will give him chairmanships of one of the committees of irrigation, interstate commerce or agriculture.

He holds a high place as a member of the Senate steering committee. **HE IS—**

NEWSPAPERS, KING AND THROBURN,

New York, Chicago, Boston, Los Angeles, Seattle.

THE MAIN POINT

As the campaign drags to a close, it is perfectly apparent that, as always, a good deal of pure bunk has been mixed into the general information put out for the guidance of the voter.

There is little time in which to separate the grain from the chaff; but the average voter may be pretty well dependent upon this to do his part for himself. Extravagant promises and wild statements do not get us far as they used to. For the most part people do their own thinking today.

Again let it be emphasized that principles rather than men constitute the only solid basis of selection. Men are transient and unstable; principles endure.

The promises of the individual often prove very little; the importance of the far reaches much.

It is perhaps in this light that the analysis of the situation can best be made. There are good men on all tickets, and always will be but the men on the tickets have less to do with the matter of the best good, of Idaho than the principles of government for which they stand.

This is the basic upon which in election should always be viewed, because it is the one feature of the contest which, in the long run really matters to the people as a whole.

A GOOD MAN

It is altogether probable that one of the largest votes ever counted in for a candidate for office in Twin Falls County will go to Frank L. Stephan, in his race for the post of attorney-general.

Mr. Stephan has resided for many years in Twin Falls and has been actively connected with every movement in the interests of this section.

As county prosecutor he made an enviable record and in the practice of law he has made for himself a place high in the councils of the legal fraternity of the State.

Mr. Stephan is a member of the firm of Stephan and North which was established here something like ten years ago. He is eminently well qualified for the position to which he aspires.

ANOTHER OIL OROGY.

"For the first time in many months," says a business review, "the oil industry is forcing the market of overproduction."

To the industry, overproduction is a "specter" because it means that prices will probably have to be lowered all along the line. The consumer is not scared by such a prospect.

Why the overproduction at a time when the oil has been full of doubtful titles of depleted oil fields? A new field has been found—the Seminole field in Oklahoma. They are drilling nearly a mile deep there and getting a rush of oil from the "Wilcox sand."

A month or so ago the production of that field was around 20,000 barrels a day. In three weeks it tripled, and now stands at 60,000 or 70,000 barrels a day.

It is the same old story. When paying off, it struck anywhere, everybody drifts to it; the rest is punctured by superfluous wells; the oil-bearing sand is exhausted quickly, with vast quantities of oil and gas wasted in the process; oil drugs the market and prices of petroleum and all its products drop, only to rise again when the supply ends. It usually ends with distressing quickness.

But always there is "another new pool," discovered. It has been this way so far in oil history. Will it continue so forever? or will every body pay sooner or later, for these oil fields?

Pioneer Voyager

A little band of immigrants at Fort Royal built a plantation in 1856, in which they returned to Oregon in the winter of 1853-54. This is thought to be the first American-built ship to cross the ocean.

Rain at Amsterdam

Stops Seed Hulling

AMSTERDAM, Oct. 28.—Hail on Wednesday evening put a stop on the business of seed hulling.

A. E. Odell and son, John, have returned from the Stanley cabin region, where they went to hunt deer.

George L. Peters and family attended the Meuse hotel, pleasure dinner in Twin Falls Tuesday evening.

Mr. Lawrence T. Tolson and son dined at the Hotel Idaho on this week's visit, this evening, visiting the Gertrude Peters home.

John Farmer, who was taken to the hospital last week, has improved somewhat due to the change of air.

He may soon recover.

ACTIVE DAY ON WHEAT MARKET

Surprising Resistance to Sell-
ing Pressure Is Outstanding
Feature of Trading.

CHICAGO, Oct. 28 (AP)—Wholesale action of wheat values today kept traders on the jump. Selling pressure, however, most of the time, prospects appeared less bright for quick settlement of the British coal strike. After many active days, the market was quiet yesterday, closed nervous at the same time, but Tuesday's finish to 1:45-hour, went to 1:45 to 1:48 down, out at a shade to 1:46 and, perhaps, unchanged to 70¢.

Word that the Canadian wheat grow-

ers' post was letting go of future de-

livery holdings at Wimbley, tended at

times to emphasize the fact selling here

was not so active as elsewhere east and northwest. Another important factor was relative stability of new export dealings. In North American wheat, it was also pointed out that the highest values of all demanded were being paid on wheat shipped from the rope from this side of the Atlantic.

Surprising resistance to selling pres-

sure, shown itself in the wheat market,

especially after the market had been

and again won the day. A considerable part of the late selling was re-

stating of lines for traders who re-

cently had been active in selling to realize profits. Not a few, throughout

various sections, however, received a good deal of notice and so likewise did news of damage by recent

fires in Argentina.

Conditions were favorable, and the movement to terminals have now fully begun. Outlets were influenced by the demand for coal of wood.

In general, the low value the provin-

cial market was exacted.
