Owens' injury was not serious and he returned well was injured. Herb Owens and Rupert eleven could muster but one first down against it. Vance played his own fighting game at tackle, and was in every play.

Owens made 7 yards and Robertson punted to the 50-yard line. The Bruin started through and kicked Toyer's attempted punt, and Vance recovered. Toyer went over on the first play off tackle, but failed to kick good. Toyer hit the 30-yard mark, and Werner returned it to the Bruin 25-yard line on the next play, and kicked to the Bruin 25-yard line. Robertson hit it back 5 yards and punted to the Rupert 30-yard line. Vance took the ball and made 50 yards before Owens caught him from behind. The Bruin started on two plays and kicked to the 50-yard line, and Robertson returned the punt to the Bruin 25-yard line. Republicans and Democratic Voters—Take Notice

This notice is deemed necessary to overcome certain false impressions which may have been made by political advertisements, with name of author withheld, recently published in local newspapers. These advertisements were evidently published for the purpose of leading both Democratic and Republican voters to believe that their respective parties had recommended to them that they vote for District Judges, first, for the candidate on their own ticket, and then for A. B. Lucas, Progressive.

This same are misleading and deceptive, were not published with the knowledge or consent or under the authority of the Democratic or Republican parties in any County in the District, and are disapproved and condemned.

It is conceded by all that the present District Judges, Wm. A. Babcock, of Twin Falls, on the democratic ticket, and Hugh A. Baker, of Rupert, on the republican ticket, are eminently qualified for the offices they now hold. Their places of residence in the Judicial District are such as to enable them to advantageously handle the work in the District.

The Democrats have named no one to oppose Judge Baker. The Republicans have named no one to oppose Judge Babcock. In this manner the popular idea of a non-partisan Judiciary is maintained.

Vote for two for District Judges! T. LLOYD, Chairman Dem. Co. Can. Com. JOHN W. GRAHAM, Chairman Rep. Co. Can. Com.

Harry S. Mundy, Apprehended by Federal Agent, Will Spend Six Years in Leavenworth Penitentiary for Crimes.

Harry S. Mundy, notorious automobile thief, whose exploits have been carried to many of the cities of the northwest, including Twin Falls, where on September 24, last, he stole a Ford coupe belonging to either Harry Burke or E. In one instance, Mundy is said to have stolen an automobile from the Portland and disposed of it to a police officer, stepped around the corner and made away with another machine of the same type.

In many instances the man was accompanied by a woman and baby when he entered a garage for the purpose of selling the machine at a bargain, pleading difficulty in financial straits.

CORN SETS NEW PRICE MARK

Other Grains Depressed-When More Than 700 Carloads of Corn Are Dumped on Market

CHICAGO, Oct. 29. (AP)—Corn took the lead in the grain trade today, establishing an all round new low price record for the season. Big receipts of corn here, more than 200,000 bushels today, were chiefly responsible. As a result, wheat, oats, rye and provisions all became depressed. Corn and wheat both closed in a decline, corn to 1 1/2 cents lower; wheat unchanged to 1-1/2c, and provisions showing five cents to the decline.

Price breaks in the corn market resulted in a sharp decline in the price of the December delivery, which went to more than the under May, the greatest discount yet on the present crop. Besides, the large receipts, favorable weather and a notable dearth of support from buyers conditional to the volume of receipts. While the downward swing of the market was in progress, numerous orders to stop loss at various fixed limits were forced into action, but subsequently profit-taking by previous speculative sellers brought about a moderate recovery.

Just before the close, wheat regained most of the ground which had been lost when acting in sympathy with corn. The market for the wheat yield was an announcement that clearances of wheat and flour this week from the United States and Canada will be about 1,200,000 bushels. Wheat export business today was light, 200,000 bushels, and the outflowing of wheat from the United States had visible supply total on Monday.

Oats and rye were dominated by corn and wheat trade, and showed a moderate selling which disclosed that the market was without a partner.

IDAHO BEE MEN WILL CONSIDER MARKETING PLAN

Honey Producers of State to Gather and Discuss Vital Problems of the Industry; Meeting Will Be Held Here.

Plans for organization of the Idaho Honey Producers' association, and a series of regional meetings that are to be held in this state within the next few weeks, it was stated by C. H. Sisson, secretary of the state association, who returned Tuesday from a meeting of the board of directors which was held in Boise Wednesday.

Measures will be held in Twin Falls, Harber and Jerome in this section, sentiment expressed at these meetings will be carried to the annual meeting of the producers' association in Boise December 14. If favorable action is manifested by honey producers of this state the matter of an intermountain honey marketing association will be presented to the honey producers of Wyoming, Montana, Washington, Utah and Colorado because of these states producing the same type of honey and similarity of their marketing problems, Mr. Sisson continued.

Market Strengthened
A report delivered by Frank Beach, indicated that there is a strengthening undertone in the honey market, and advised home producers to withhold their stocks of honey from the market and to wait development of a plan of the board of directors to effect an orderly marketing program of this year's crop.
