

# PEMIER'S ACT EASES FRICTION

Tense Situation Relieved When  
Mussolini Expresses Regrets  
to French Ambassador.

PARIS, Nov. 9 (AP)—Friction created between France and Italy by reason of recent anti-French demonstrations at Ventimiglia, Italy, and Biagnoli, Trieste, was relieved today through Premier Mussolini's action in expressing his regret to the French ambassador to Rome.

Premier Mussolini assured the ambassador he had given rigorous orders that such behavior must not repeat itself again in the Italian dominions.

The French foreign office announced that the government considered the incident "shocking" and in an official communiqué asked the French ambassador to Rome, M. Briand, and the Italian ambassador to France, Baron Avezzano, yesterday on the subject, which had smoothed out the rifted feelings.

## FRANCE APPROVES Adjustment

Both M. Briand and Baron Avezzano, the communiqué says, were jointly happy to report the amicable conclusion in which matters were adjusted.

"As for the Ventimiglia affair," the communiqué continues, "M. Briand felt it his duty to call the ambassador's attention to the situation and make friendly representations of it to him." The French minister indicated his hope that in the future Italian public opinion would guarantee itself against unjustified movements which might have an unfortunate effect upon cooperation between the French and Italian governments."

## SUPERVISION OF PRESS TALKS NEWEST ACTION

(Continued From Page One.)

Leave the guests of Samuel Hill, who was left at Seattle after Marie dedicated his Mayfield museum.

## CITY PLANS RECEPTION

KANSAS CITY, Mo., Nov. 9 (AP)—Elaborate plans were completed here today for the reception and entertainment of King George V and Queen Mary and Queen Elizabeth of Romania on Armistice day.

The president, en route here to deliver an address at the opening of the new Senate chamber, will spend all or some of his time in the city and do part for Washington-in-the-afternoon hours devoted to the arrival from Europe.

Plans for a long-rehearsed gathering for the president and Mrs. Coolidge were dropped today at the request of White House representatives and six persons, including J. A. Ladd, chairman of the local committee; the Little city memorial, and Mrs. Long, and Mayor and Mrs. Albert L. Beach, were invited to receive the distinguished visitors and act throughout the day.

Queen Marie and her party will arrive from Beaver late in the day and depart shortly after midnight for St. Louis.

**PAPER QUOTES AYRES**

DETROIT, Mich., Nov. 9 (AP)—J. E. Ayres, representative of the Ford Motor company in New York, was quoted as saying: "Queen Marie and her party will be at Seattle till Friday. Queen Marie has a mighty school boy for simply trying to be human," the Denver Times today quoted him as saying.

A statement attributed to Ayres, which he retorted was false, said the Queen Marie was paying incidental expenses of the Romanian party's tour, to dismiss.

Ayer said he wanted to give Colonel John H. Carroll, in charge of the queen's escort, a copy of the letter, which he believed his duty dictated,

## DEATH PENALTY FOR ASSASSINS APPROVED

(Continued From Page One.)

that an important alteration had been made.

This was the elimination of article VI, which provided that foreigners guilty of treason or谋叛, or of plotting to overthrow the government, should be liable to death.

The alteration made in brief addressed last night at a performance given for the dependents of those lost in the founding of M. H. M. S. ship.

Valentines in the recent Caribbean hurricane, which caused a break in the program but the champion's appearance drew a great crowd and every

available seat was sold.

# HARNESS SALE

HUNDREDS ARE TAKING ADVANTAGE OF HARNESS SALE.  
EVERYTHING AT A BARGAIN PRICE.

Horse collars with large cap and draft No. 1 \$1.50.

Large and heavy halters \$1.25.

Well-made team bridles per set complete \$4.65.

Team lines \$4.00 per set.

How about a leather coat with real leather in it? Ten types.

We have sold "numbers" of harness at our low prices. We will take your old one in trade for new.

Last spring we advertised for 1000 sets of harness to oil. By actual count we have passed this mark.

Why do we have such a large number? Well, the horse leather "machinists" cut nothing but old warped harness leather back then before we get it, we hard wax on pure liven thread, up-to-date, larger stock in store, better equipped to work right, without questioning your judgment we replace poor goods, our prices are always the lowest.

we do as you ask and last we do, do and have everything stated above.

Call Bill and repair distant work the same day. Nextfoot Billing \$1.00 per set.

Opposite New Station.

# SPORTS

## LISTLESS WORK MARKS PRACTICE

Bruin Gridsters Suffer Reaction From Pocatello Defeat; Gooding Game Important.

The Twin Falls Bruins seem to be suffering from a dose of uncertainty in regard to the ability of the Gridiron eleven. The practice this past night has been spotty, slow and not too inspiring, indifferent. It may be a natural result of the defeat last week, and the effects of the hard game, but at any rate the sound looks decidedly inferior.

Alpine Xmas' was invited just before the meet. High games returned to the field this week and was able to scrounge the last night. Although he favors the injured foot he still looks good at the end position and he may be useful tomorrow against the north end team.

**Gooding Team Strong.**

Reports from Gooding have it that Tom has been playing under wraps all season saving for the brain game and that the whole team will be strong and will make up the soundly back. Prince is also another youngster with considerable speed who rivaled the brilliant Timms in the early season games. Warden, the north side fullback, has developed, like the locals and Coach Nixon, has developed his ability during the first few games and no doubt Coach Knight will depend upon him to plug the Bruin forward wall.

**Head Coach for Cuba.**

The Alpine fifth grade team has been run in for game as a certain raver for the Armistice day game but no opponent can be found for the youngsters. Coach Jones has developed a strong team string and they have played one game all season although they have tried to arrange a schedule of games.

Local officials are anticipating one of the largest crowds of the season.

Both sides indicate that a large following of fans will be on hand and the heat fans are displaying considerable interest. The crowd at the Pocatello games has around 200 persons and is likely to be the crowd tomorrow with exceed that figure.

**STATE GAME WARDEN WARNS BIRD-HUNTERS.**

**BOISE, Nov. 9. (AP)—**Hunters will have to stop shooting pheasants from automobiles to suffer the full penance. The state's E. Thomas, state game warden, announced today that apparently, some hunters have been reported to have indulged in "do buzz shooting." The law prohibits hunting from any vehicle, which may prove to be automobiles, sail boats or shoot from or across any highway.

Shooting from an automobile is branded as poor sport by Warden. The hunter who is given a poor bird a fair shot is giving the poor bird a fair shot.

The plausibility is not afraid of an automobile, and the hunter is on the bird before he's wary enough to fly.

**Old Royal Baths Opened in Paris.**

**PARIS, Nov. 8. (AP)—**Parisians when they take a notion to bathe, can splash around in the same baths patronized by the courtiers of Charles the Ninth, and later by the Emperor Napoleon III himself.

These baths, known as the "Palais Deliguy," are towed up the Seine early spring and anchored in front of the chamber of deputies. In winter they are taken down the river and out of Paris, in order to avoid the heavy autumn tax.

**Built In 1801.**

The Deliguy bath, which is also very well known between 1801 and 1805, and are among the few open air baths that have remained in Paris since the coming of modern plumbing. At one time it was the greatest fashion to bathe in the water, which helped over thirty bats anchored in the river. The popularity of the bicycle ended the fashion. The Parisians, finding insufficient time for both sports, gave up the bicycle.

The reign of Charles the Ninth was the most flourishing time for the "Palais Deliguy." Only the aristocracy used them in those days. There was a dragon and a lion in every bath in the world. "Bonne au Wolf" still being distinguishable under the coats of paint put on the walls from time to time. A restaurant that belongs to the bath is now run by a cafe, but the paintings of old days are still to be seen on the walls.

**Napoleon's Cabin.**

A catastrophe intended, legend says, to kill Napoleon I, took place when his palanquin from Paris to Paris, when his body was brought home from St. Helena, was built at the baths. But the river from that winter, and Napoleon's body had to be brought overland from France.

There is one cabin in the Deliguy baths called the Cabin of the Emperor. This is where Napoleon III used to sit away from the other afternoons. His body was carried to leave the cabin and enter the Emperor's cabin to put on a bathing costume.

**Villors Not Encouraged.**

In some South American countries a gentleman is expected to kiss every woman to whom he is introduced, but they don't run Sunday excursions to that place—Exchange.

# BOXING SOLONS HAVE BUSY DAY

New York Athletic Commission Attempts to Untangle Fistic Affairs in State.

## Rupert Preparing To Entertain Big Crowd at Contest

**RUPERT, Nov. 9. (Special to The News)—**Preparations for one of the largest contests that has ever witnessed in the state's history are being made at the official hotel, the Hotel Rupert, by the officials at the Rupert high school, Rupert, and Burley, auxiliary teams will meet on Armistice day here.

The annual game between the two schools always attracts wide interest but the enthusiasm is running higher this season than ever before. Burley has the heavier team and will outweigh the others. Burley, and Warden, the north side fullback, has developed, like the locals and Coach Nixon, has developed a steady team that has both speed and weight in the backfield.

**Rupers Won in 1925.**

Rupert won the annual contest last year and the local team will be in repeat again this season. Both teams have been defeated by Twin Falls, Rupert, 27 to 0 and Burley 29 to 0. However, Rupert played at Twin Falls, and the Burley team was beaten at Hanks and if Burley and Hanks are evenly matched, the game is some more anything the two teams called at 2:30 and is sponsored by the local post as a part of the Armistice day celebration.

**POCATELLO Mentor Protests Ruling Of Athletic Body.**

**POCATELLO, Nov. 9. (AP)—**Fighting is not permissible to compete for the state football championship—in view of the state athletic board's recent ruling. Coach Hinckley Fox, coach of the Pocatello team, said: "I am unable to understand how it is possible, since some hunters have been reported to have indulged in 'do buzz shooting.' The law prohibits hunting from any vehicle, which may prove to be automobiles, sail boats or shoot from or across any highway."

Shooting from an automobile is branded as poor sport by Warden. The hunter who is given a poor bird a fair shot is giving the poor bird a fair shot.

The plausibility is not afraid of an automobile, and the hunter is on the bird before he's wary enough to fly.

## REVISE LEAGUE SCHEDULE

**PORLTAND, Nov. 9. (AP)—**The Pacific Coast league season for 1927 will be 27 weeks, opening March 29, and ending May 25. The regular schedule will be 14 games, the final week will be a split series, which will give each team 24 series in the season. That each team will meet each other team twice in each home city.

The league decided to hold the annual schedule meeting at the Chrissy hotel in Hollywood January 21, when the entire schedule will be drawn up.

### Nicotine in Tobacco

The percentage of nicotine varies with the kind of tobacco and with the district in which it is grown. Our domestic "cigar-leaf" brand contains about 5 per cent nicotine. This is the authority of the United States Department of Agriculture states that it finds 22 to 10.5 gr. in tobacco examined by their experts.

### Room Borrows Size

You can make two small rooms that are adjacent to each other seem larger by using special designs between the separate doors, or instead of narrow covered openings, one room will seem to borrow size from the other.

### BANKS CLOSE DOORS

**SPRINGFIELD, Nov. 9. (AP)—**Three national banks at Springfield, Welsh and Royal, Iowa, each known as the citizens' National bank, and three state banks, all at Springfield, another at Terrell Hill, and a third at Fostoria, were closed yesterday. National Bank officials and the state banking department have taken over the institutions.

**GROWTH!**

The growing public preference for Graham Brothers Trucks is strikingly told in the figures.

Year	Truck Sales	Gain
1921	1086	
1922	3401	213%
1923	6971	105%
1924	10791	55%
1925	24056	123%

# NO UPSETS IN COUNT OF VOTE

Commissioners Complete Official Canvass of Returns From Half of County's Precincts.

Official canvass of the vote in the general election November 2 in Twin Falls county was completed yesterday. The canvass included returns from all precincts in Twin Falls, and Hold and also Bear River, Amadorian, Butte, Coeur d'Alene and Holtby districts. The canvass was completed in time to be certified. The official count probably will be completed today.

The canvass Tuesday disclosed no upset effecting election of candidates.

The most notable indication of the official canvass was made by The News of the morning after election day.

In Boxes of Heaven, demands who cast votes as a result of voter fraud Monday by the official canvass of returned Twin Falls precinct No. 3, continued to hold throughout four days until the last voter, Mr. Bruce, of Black Rock, concluded his canvass from the third district.

Eros discovered Tuesday in his return from a Black Rock trip that he had been beaten out of his official lead held by H. G. Griffin of Twin Falls, Republican, over Charles E. Fife, Democrat, both from the second district.

## ANNOUNCEMENTS

Mrs. Frank Thibert will be hosted at the Salmon Club Thursday November 11.

Units of the Good Army of the Republic will hold a business meeting Wednesday afternoon at 2 o'clock in the J. O. C. P. Hall.

A get-together will have been planned for November 19 at the home of Mrs. A. T. Tenor in Twin Falls by the Star Secret Club.

The Exchange Social Club will meet this afternoon at the home of Mrs. Charlie Graves.

The Elwin club will meet Thursday evening at the home of Mrs. D. Harvey Cook, 505 Fifth Avenue east.

The Presbyterian Missionary society will meet in the church parlor Friday afternoon, November 12, at 2:30 o'clock. Miss G. M. Simpson will have charge of the program. A large attendance is especially desired.

Complimentary to Lucy Gates, the music department of the Twentieth Century club will give a tea at the Aiken Inn, 1000 Main Street, after from 3 to 4 o'clock. Each member of the department is privileged to invite three guests.

VIEW DIFFER WHITFIELD'S "THE LANDBOAR"

LONDON, Nov. 9 (UPI)—Sir Henry Fielding Dickens' dictum that the picture of a great man's son is hard because so much is expected of him, has been fully realized in the portrait of Charles McFarlane, son of Sir Charles McFarlane, merchant and Will McFarlane of Idaho Falls were dinner guests Saturday evening of Mr. and Mrs. D. A. Johnson of Twin Falls.

Misses Bertha Cleary and Fern Gandy, students attending school at Payette, spent the week end with McFarlane.

A delegation of citizens visited Mr. McFarlane recently and are said to have arranged arrangements with him to locate a home in the town of McFarlane, while he remained at Arco.

What he departed he inadvertently left in the house at which he had stopped, where it had since been carefully guarded.

OLD SWEDISH MINE

In Sweden there is a mine which is old that records are missing as to its age. As far as can be known the mine has been in active operation for more than 500 years.

T. C. Steinbale Bennett, grandson of the mine owner, admits that his first wife, when trying to find out more about the world, would obtain on the strength of his mine. "It meant hard work, though," he said. "People expect so much of you."

"I think the natural out come of having a famous father is that one always carries his dad's name," he says. "The overwhelming urge, which is now, would make one adopt the same line of work."

He, however, admits that his first wife, when trying to find out more about the world, would obtain on the strength of his mine. "It meant hard work, though," he said. "People expect so much of you."

Pratt Whitney 160 horse power radial and radial engine, a Hawk was flown by Lieutenant Ralph Orsi from San Francisco to Honolulu, Hawaii, then north to Seattle and back by way of the northern air and route to Washington.

## ELKO COUNTY CALF CROP EXCEEDS EXPECTATIONS

ELKO, Nov. 9.—Proportionately to the number of cattle kept in the county this year is record one, notwithstanding the fact that in the hands of the stock association.

While the crop is late and the calves therefore not very large as yet, the market value of the animals is still far exceeds that of any year.

Mr. George Sanderson, a member of the stock association, said the stock association has been given a loan of \$50,000 for the stock industry.

# CORN GOES UP AS WHEAT SAGS

Larger Grain Scores Brisk Rally on Chicago Market, While Breadstuff Desounds.

CHICAGO, Nov. 9.—(UPI)—Corn scored a brisk rally today, whereas wheat prices tended to sag. Much of the trade was in little quantities and was in the hands of speculators holding long and against selling of wheat, a market too unstable to even up recent little price action of exactly opposite character.

Corn closed uneventfully, to be the highest priced grain, ranging from 46c. out at 47c. to 48c. advance and previous variety varying from 2c. decline to 3c. gain.

The fourth, even showed the best recovery in a long time, with wheat prices closing but little changed.

Wheat—Middling—Wheat was current

that year, but prices had checked out

sold from the country that Iowa farmers were getting hardly any

a hand at it, and the market was holding well in 4c. for sample grade corn in Chicago.

There was good, too, that in any event the movement of old corn from farms was about over.

With prices reflected weakness of hog values, the market, slender on numbers of fat hogs, was on the part of the chief factors was ward of improved weather in Argentina, but when crop reports from that country were considered, the market was again in demand.

Canada continued, affecting market

of smallness of wheat stocks at Lake

port, thus sympathized with the upward trend of corn.

Prices reflected weakness of hog values, the market, slender on numbers of fat hogs, was on the part of the chief factors was ward of improved

weather in Argentina, but when crop

reports from that country were con-

sidered, the market was again in de-

mand.

Arrivals of corn in Chicago today

were reported to be 1,000,000 bushels.

# SMITH PRESENTS CASE FOR USE OF RESERVOIR SITE

**Idaho Congressman Discusses  
Yellowstone Lake Project in  
Address Before Twin Falls  
Business Women.**

"Ten thousand people are in dire need of water that is now going to waste in the upper Snake river valley," Congressman Addison T. Smith told the Business and Professional Women of Twin Falls at a meeting Tuesday.

"The necessary work for the conservation of this water would all be done by the State of Idaho, if it were left to her," he said. "I am asking the government to help the state. Since the area which it is proposed to use for the reservoir is dry and swampy, being devoid of scenic or restorative value, there seems to be no well founded and logical objection to its use for this purpose."

**Change in Boarders Proposed**

Mr. Smith, in a bill before Congress to change the present boundaries of the Yellowstone park to conform to the natural topography of the country, is asking that his proposal be considered by the Senate for forty years. If this is done, it will be the natural and obvious thing to do, to eliminate from the present territory of the park, the land that is of value for park purposes, and to include in it the drainage of waste water."

Mr. Smith's presentation of the subject was most careful and an impressive hearing, numbers attending the Peoria hall during early Tuesday morning, Mr. Patrick succeeds C. E. Lind, who was recently elected to the office at the organization meeting from which he was absent.

Mr. Lind had declined the position of president during the meeting, but after further consideration, he has decided to hold himself. The new president took over the reins of his office immediately after election.

Delegates present at the meeting voted to adjourn until the next meeting at eight p.m. on Monday, November 15, at which time there will be a program dealing with Japan, several Japanese people appearing in demonstrative national costumes and music.

The next meeting of the organization will be held at the home of Mrs. C. E. Lind, 100 Crest, and family, Saturday evening, November 15, at 8 p.m.

The new president also will preside at the weekly book review and the business meeting at this time.

## Governor Attends Lodge Dinner Here

**Governor Addison T. Smith was guest Tuesday evening at a banquet meeting of Colfax equipment of the Independent Order of Old Fellowes at the Hotel Idaho. Guests included members from Gooding, Jerome, Eden, Rupert, Burley, and Hill. brought the total attendance to 125 persons. Purpose of the banquet was to announce arrival of the new building at Burley, and the affair marked the opening of the winter's season's work in this vicinity.**

J. L. Lloyd presided as toastmaster, and called upon several persons present, including Governor Smith, and Commissioner Smith, for brief addresses.

Both responded with short talks that dealt mainly with work of their organizations. Other speakers included C. M. Jones, grand master, and Rev. H. H. Hallman.

Members of the Rebekah Lodge assisted in the serving. Venison and venison were conspicuous delicacies on the menu.

### Porous Stone

The geological survey says that some kinds of stone are quite porous and will absorb considerable quantities of water, while some marbles and granites are practically impervious to moisture.

## CHAMBER NAMES HEAD OF BOARD

### W. A. Patrick Is Elected Chair- man of Directorat to Suc- ceed C. E. Lind Who Resigns.

W. A. Patrick was chosen chairman of the Twin Falls Chamber of Commerce board of directors at a special meeting held at the Hotel Idaho on Tuesday, the second day of the month. Mr. Patrick succeeds C. E. Lind, who was recently elected to the office at the organization meeting from which he was absent.

Mr. Lind had declined the position of president during the meeting, because of the pressure of his many other duties.

Mr. Patrick, however, has been a member of the chamber directorate since

the time of his election to the office.

The next meeting of the organization will be at the home of Mrs. C. E. Lind, 100 Crest, and family, Saturday evening, November 15, at 8 p.m.

The new president also will preside at the weekly book review and the business meeting at this time.

## ROAD TO BRIDGE NEARLY FINISHED

Few Days Will See Completion  
of Cut Through Rock to North  
Bridgehead, Report.

Heavy blasting through lava rock to the north bridgehead of the proposed Twin Falls-Clemenceau county timberline toll bridge over Snake river canyon, between Blue Lakes, three miles west of Twin Falls, and the town of Clemenceau, will be completed by the end of the week, according to a report received yesterday from Charles H. Hinsler, president of the Union Bridge company, one of the promoters of the bridge project.

Construction of the bridge, which is to be built in two sections, will begin in December, and the first section, a mile long, will be completed in January.

Building of the bridge, involving

cutting, blasting, removal of

large rock cuts and fills, has been

under way since early last September.

Mr. Hinsler, reporting to the

Union Bridge company, said

that the cut through the

lava rock to the north

bridgehead will be

completed in a few days.

Completion of the cut through the

lava rock to the north

bridgehead will be

followed by

construction of the

bridge deck, which

is to be completed in

about two weeks.

Mr. Hinsler said the

bridge will be

completed in about

two months.
