## MELLON RAISES RATE IN PLAN FOR TAX CREDIT

Secretary of Treasury Declares a 15 Per Cent Saving on 1927 Income Levies Will Be Perfectly Safe.

(By The Associated Press)  
WASHINGTON, Nov. 15 (AP)—Secretary Mellon today announced the rate on the plan of President Coolidge for income tax credit, declaring it would be safe to retain levies at a rate of 15 per cent on their next year's income levies.

But if the surplus in 1926 was predicted, Mr. Mellon explained, on a prospective surplus of \$400,000,000 for this fiscal year, the first year of the plan, the president indicated a surplus of \$200,000,000 and on that ground he proposed a 10 per cent credit which later was boosted to 12 1/2 per cent.

Not Deeply Concerned  
There were definite indications today at the treasury, however, that no fear was shown in the treasury department of the proposed credit plan, threats against which have been seen in some of the conflicting views expressed by leaders favoring the application of this year's surplus to debt retirement.

But if the surplus is going to be returned to the taxpayers, Secretary Mellon made clear today that he saw no other practical way to do it.

At a round table discussion of taxes with newspaper men, Mr. Mellon frankly called for alternative proposals to the plan to give a credit on next year's income levies as a means of returning to the taxpayers the prospective surplus.

Some suggested that the credit be given on the excess and corporation tax alone, others that the surplus be divided in greater proportion among the individual income taxpayers so that those who pay small levies would get greater credit, and some proposed that the entire surplus be applied to retirement of the debt.

Mr. Mellon replied he did not feel it would be fair to take the surplus credit largely by income tax payers and to give the smaller payers greater credit because their payments had been so small, he said. This plan would be no more prejudicial to the other taxpayers.

Loans Treasury Debt Payment  
The secretary did not deny, however, that he would just as soon see the surplus given in retirement of the debt as he would see it used to pay the debt, but he considered this a matter of timing.

With a surplus of more than \$200,000,000.

## Parma Couple Bound Over on Charges of First Degree Murder

Glaude and Elsie Wilson Held to Answer in Court With Death of New-Born Babe.

CALDWELL, Nov. 15 (AP)—Glaude Wilson, 25, and his wife, Elsie, 24, were bound over late this afternoon for trial in the district court on a charge of first degree murder, arising out of the death of a new-born babe. This action by Probate Judge C. A. Williams followed a two-day preliminary hearing.

The request of defense counsel and with the acquiescence of the state, defendants were admitted to bail of \$5000 each, which was furnished by relatives and friends.

Trial of the case was not set, but it is expected to be held here after the first of the next year.

## Mexican Official Declares Rumors of War Unfounded

Reports of Revolution in Chihuahua Are Groundless, Say Federal Authorities.

MEXICO CITY, Nov. 15 (AP)—General Miguel Puga, under secretary for war, declared today that reports of a revolution in Chihuahua are absolutely unfounded.

The war department had received no reports of clashes between federal troops and rebels in that territory.

Upheavals in various parts of Mexico, he said, had not been as frequent as formerly.

"The situation is not serious," he added. "Mexico did not need General Francisco Gavi and other men prominent, but now refugees in the United States, will be able to succeed in their schemes, even with powerful financial backing. It is therefore, a matter of time before the Mexican army will be able to deal with them."

"The situation is not serious," he added. "Mexico did not need General Francisco Gavi and other men prominent, but now refugees in the United States, will be able to succeed in their schemes, even with powerful financial backing. It is therefore, a matter of time before the Mexican army will be able to deal with them."

## OIL FROM COAL PROCESS SAID TO BE SUCCESS

German Inventor Addresses Delegates to International Conference on Bituminous Coal, Held at Pittsburgh.

(By The Associated Press)  
PITTSBURGH, Nov. 15 (AP)—The process of coal liquefaction has made possible the transformation of from 40 to 60 per cent of the content of bituminous coal into gasoline, according to a German inventor, declared at the international conference on bituminous coal which opened here today.

Dr. August Hantzsch, of the process in 1913, told distinguished scientists, engineers and technologists attending the conference from all parts of the world that the liquefaction of coal was economically successful by an expenditure of some millions of dollars.

Dr. Hantzsch, head of the process in 1913, told distinguished scientists, engineers and technologists attending the conference from all parts of the world that the liquefaction of coal was economically successful by an expenditure of some millions of dollars.

## Little Girl Drowns In Irrigation Ditch North of Pocatello

Strong Wind Believed to Have Swept Child From Narrow Plank Bridging Lateral.

POTATOLLO, Nov. 15 (AP)—The little girl, who was swept away by a strong wind from a narrow plank bridging an irrigation ditch, which she had occasion to cross on her way to a neighbor's house, died today.

The mother, who was at the child's bedside, began weeping and begged that her child be buried in the ditch late this afternoon.

The child had been on the neighbor's about 2 o'clock this afternoon to deliver a package. The mother, who was at the child's bedside, began weeping and begged that her child be buried in the ditch late this afternoon.

## SPORTS

BRUINS TO MEET  
WEST END TEAM

Twin Falls High School Officials Announce Game for Thursday at Lincoln Field.

Announcement that the Bruins and Twin Falls would battle at Lincoln field next Thursday was made Monday morning by school officials and plans are made for the game to begin at 3 p. m. No definite action has been taken in regard to the Pile game which the district board has decreed must be played on Friday. Unofficially it is thought that the game with the Wildcats will be played, but no official word will be had until Tuesday night.

The state title jangle is still badly entangled with Fifth named as champion of the east and the western district still without a team to represent it.

## State Board to Meet

The state athletic association will meet in Boise November 28 and at that time action will be taken regarding the new constitution and any amendments that may be offered. Twin Falls will be represented by Charles Plastico and Jones. The announcement from Boise that the Capital city school would have a six big in the state was heralded with enthusiasm among the Bruins fans, many of whom have been urging a league among the larger schools of the state for several years. It is hoped that some such action may result from the state meeting in November.

Unofficial information from Pocatello has it that the state city school would have a favorable chance among the six larger schools of the state and no doubt Nampa and Caldwell would also favor such an arrangement.

## Rites Evaded Needed

It is apparent that something must be done either through the present state association or without it to insure rulings that will not eliminate the best teams from a championship race at the tail-end of a season. Eligibility rules are strict and no association can hope to function without them, but the present rules of the state board are hard-earned and in practice apparently do not work for the best interests of the schools concerned. It is hard to believe that school officials would intentionally play a key when they know to be ineligible hoping to get by and risk the fate that befall Nampa this year. It is hoped that some solution to the athletic problem in the Idaho schools will evolve from the meeting at Boise the latter part of this month and it is apparent that unless some satisfactory solution is worked out that some schools will withdraw from the state body and schedule independent games with outside schools.

## TOBY'S TROUBLES

"Toby's Troubles," a comedy drama of the Canadian woods in the days when the gun was the principal means of settling major difficulties among men, was well received by a fair-sized house at the Lavington theater Monday night. The Taylor Players are booked to present the same attraction until next Thursday night.

The part of Toby Harman, played by Ferris Taylor, was replete with humor and the actor demonstrated his ability to carry role in a manner that was remarkably lifelike.

## DENNY NOW AT IDAHO

One of the largest insurance policies ever taken out on the life of a star was consummated the other day. Twin Falls insured Reginald Denny for a half million dollars. So much money had been invested by the movie company that it could take no chances on the star's incapacitation. Denny is reacting the starring role in "Eskimo's Dream" at the University level now showing at the Idaho theater. Featured in the cast is Laura La Plante. Other supporting players include Hilda Hopper, Arthur Lake, Lucille Ward, E. J. Ratcliffe, Lionel Atton, Ben Henderson, and Leslie Robinson.

## ANNOUNCEMENTS

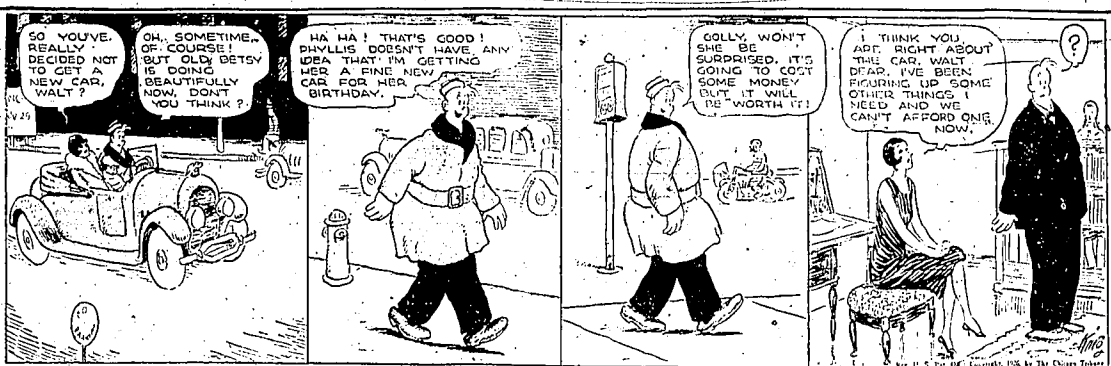

On account of the arrival of Mrs. H. W. Parker in the city on Wednesday afternoon of this week, the Women's Foreign Missionary society of the Methodist church will hold its November meeting in the church parlors on that day at 2:30 p. m. Mrs. Parker will have charge of the meeting.

The Highland View club will meet with Mrs. Durr Johnson Wednesday afternoon, November 17. All officers and work committees are requested to be present.

The Business and Professional Women's club will meet for its weekly luncheon in the club rooms this noon.

•The Merchants' Lunch served at the Regency Cafe daily.

## GASOLINE ALLEY—ANOTHER THOUGHT TO RUMINATE OVER

## Rupert-Cub Game Here Cancelled

Against the Bruins, the game between the Rupert second-string having been cancelled because of the two games the Bruins may have to play this week. Coach Jones felt that it was impossible to play the game on Thursday because practically his whole team will probably be used in the two games this week.

## Goes on Trial for Ditch Tampering

Trill in the case of William George, Twin Falls district farmer, on charges of interference with an irrigation headgate, opened in district court here Monday.

Members of the jury selected by both sides without exercise of preemptory challenges after two prospective jurors had been excused on account of implied bias, and the case of the prosecution was practically completed Monday afternoon.

Witnesses for the prosecution were called to testify that George had placed sticks in an irrigation ditch through which water is delivered to his own farm and that of Dr. L. H. Giffon, in an attempt to increase the flow of water to his own lands at the expense of the water delivery to Dr. Giffon's farm.

Witnesses for the defense included Dr. Giffon; William G. Snelson, attorney; M. E. Fuchs, attorney; J. W. Taylor, prosecuting attorney, and C. A. North.

The alleged offense took place on May 28, last. William H. George, son of the defendant in this case, was convicted at a prior term of court on charges of interference with a headgate through which water is delivered to the George and Giffon farms, and has appealed to the state supreme court from judgment involving sentence of 10 days jail term and \$200 fine.

Defendant George is represented by Turner K. Hinkman, attorney, the case for the state being presented by J. W. Taylor, prosecuting attorney.

Members of the jury are D. F. Weaver, Arthur Hawkins, R. G. Wilson, J. D. Eastman, C. T. Wasson, Claude Brown, C. J. Cline, and Giffon, C. E. Booth; William Cunningham, Ray Haulbury, T. J. Lloyd.

## CONFESSES ISSUANCE OF FICTITIOUS CHECK

Wesley Hanna, in district court here Monday, pleaded guilty to felony charges of issuing a fictitious check. Judgment will be pronounced next Thursday, Judge W. A. Babcock announced. Hanna was one of the two planners involved in attempted jail delivery at Twin Falls county jail last week.

He pleaded guilty to charge of signing the name of J. M. Robinson, a fictitious character, to a check drawn October 22, last, on the Bank of Kimberly in the sum of \$10, with intent to defraud F. W. Doidge.

## Tanlac Rescues Starved-Victim

Health Restored by Red Hot, Nervousness and Sleeplessness and Auto Accident, Mrs. Peterson Menages to Avert Disaster, Health and Strength Restored.

Mrs. Augusta Peterson, 655 Fifth St., Bremerton, Wash., says: "Tanlac is the greatest remedy I know and gave me the surprise of my life for I was doubtful of it. Six years ago I had a terrible experience with it. Had gone all to pieces from overwork and worry. Nervousness and sleeplessness were part of my troubles. An automobile accident made things worse."

"I was starving myself. The poison of ill-health threatened my system, sapping my strength. Tanlac built up my broken system and honestly never have I been in such fine condition. It keeps me in health."

"Tanlac made from roots, bark and berries, helps build up weak bodies, and restores good health."

Learn from others. Take wonderful Tanlac. At your druggist's.

## LOCALS WOULD BATTLE NAMP

Thanksgiving Day Game Between Bruins and Westerners Looms; May Play Pocatello.

Rapid developments in the football situation took place yesterday afternoon. Negotiations with Nampa for a Thanksgiving day game have been under way for the past several days, and all that is necessary to clinch the game is for the Bruins officials to say yes. An offer to play Pocatello Nov. 20 and Kelly both were forced to retire from scrimmage last night because of their injuries and Kelly will probably not attempt to play again. Nye, however, will probably be in the lineup for the turkey day game.

The district situation is unchanged.

with the Bruins going ahead with preparations for the Bull game. Thursday and no decision as to the Pile game. Disagreement over the finances between the Wildcat officials and the Bruins managers caused the proposition to be submitted to the board. Last year the Pile officials refused demands for a large guarantee and this year after the Bruins \$15 to come to the Wildcat city, and the Twin Falls officials felt that the Pile school should pay the same amount that Twin Falls paid last year for the game.

## Board to Decide

Decision in the matter has been referred to the district board and action from that source is expected some time today. The Bruins are working with the idea of playing the two games on as many days and the second strings will play an important part in the substitution list. The only cheerleader Monday night was Lewis Simon, and it could not be learned whether he was on the sick list or not. Nye and Kelly both were forced to retire from scrimmage last night because of their injuries and Kelly will probably not attempt to play again. Nye, however, will probably be in the lineup for the turkey day game.

The district situation is unchanged.

## CONGRESSMAN TO VIEW RECLAMATION PROJECT

Congressman Addison T. Smith, in company with Fred W. Gooding of Shoshone, today will view the territory which formed a portion of the Idaho Irrigation company project and is now included in American Falls reservoir district No. 2. Enroute to Jerome Mr. Smith will attend and address a meeting of the Jerome Rotary club and also will speak before an assembly of Jerome high school students.

## LIQUOR DISCLOSURE RESULT OF SPEEDING

Speed with which three young men drove through a street in Twin Falls Sunday evening attracted the attention of Police Officer William Munroe. He started in pursuit and during the chase the young men threw overboard a gallon jug containing moonshine whiskey. The jug fell in a gravel on Second avenue east, and was not broken. The pursuit ended.

thined for nearly a half hour, the officers finally overhauling the fugitives. They gave the names of Kent Glover, N. C. Brown and H. H. Munroe, all of Gooding.

In private court Monday the accused young men pleaded guilty to charges of illegal possession of liquor. They were sentenced by Judge J. L. Hoagie to serve 30 days and pay fine of \$50 each, the court indicating that the jail sentence would be suspended if fines were paid. Fines had not been paid Monday evening.

## AMERICANIZATION CLUB STARTS FALL WORK HERE

Mrs. James D. Whelan was elected chairman of the Americanization committee, composed of representatives of the various societies in Twin Falls, Saturday afternoon at the organization meeting in the Business and Professional Women's club rooms.

Mrs. Patrick Wynn was chosen vice president and Mrs. G. W. Whelan, secretary-treasurer. The school term for foreigners will open the first Friday, November 25, it was announced. All foreigners who desire to acquaint themselves with the American language are urged to communicate with officers.

The opening will be featured with a program by the Elks club. Refreshments at the conclusion of the evening's program will be served by the Business and Professional Women's club.

## M'GREGOR PURCHASES ROPER MERCANTILE

BERGER, Nov. 15, (Special to the News)—Sale of the Roper Mercantile company, owned and operated for the past six years by Fred L. Roper, early settler of the Roper community, to George L. McGregor, also of Berger, was announced here today by Mr. Roper.

Mr. McGregor will assume possession immediately, and Mr. Roper and family will leave soon for Tulsa, Oklahoma, their former home, where Mr. Roper will reenter the mercantile business on a larger scale.

P. A. makes a pipe perform!

PUT it down for a fact here and now—if you don't know Prince Albert, you don't know how well that old pipe of yours can perform. You're going to find this out by personal experience some day. You may as well cut the corners and start today.

Buy yourself a tidy tin of P. A. now. Open it up and let that fragrance of real, honest-to-goodness tobacco tell its own story. Then pack a wad of it into the bowl of your pipe and light up. The first pull will tell you no other tobacco ever tasted so good.

P. A. is so cool in a pipe . . . so refreshingly cool and sweet. It seems you never will get enough of it. Fortunately, P. A. is mild enough to let you smoke all you want. And it has body enough to make you want to. You try it and see!

You may think you are all set on a smoke-program. Never mind. Just wait till you have smoked Prince Albert! A pipe-just hasn't had a chance if it has never been filled with P. A. Get some today! It will be a revelation. It will, for a fact!

PRINCE ALBERT

—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, packed and held in hand. It is mild and cool, and has a spongy moisture top. And it is the only tobacco that is never covered by the time it is used.

## Cook With Mirro Aluminum

MIRRO utensils are made of extra hard, tough, close-grained aluminum, the result of rolling and cross-rolling under eight tons pressure.

These two qualities: thickness and hardness make Mirro utensils ware long, hold their shape, and resist denting, scratching, warping and burning.

One of the pleasant things about Mirro ownership is that the Mirro line is very complete—comprising hundreds of different articles. One may have an all-Mirro kitchen and enjoy Mirro beauty and utility to the full.

## TWIN FALLS MAN STABS SELF ON BLAZING STACK

Augustus Barga, Millwright and Farmer, Dies From Effects of Self Inflicted Knife Wounds Under Tragic Circumstances.

Augustus Barga, 54, millwright and farmer, who has lived in Twin Falls for about 15 years, died early Monday morning in the county general hospital from the effects of knife wounds which he had inflicted in his left breast while standing on a strawstack to which he had set fire early Sunday evening.

His son, George Barga, and Walter Denton, a neighbor, witnessed the firing of the stack, which was about a half mile from the Barga residence, a mile west of Twin Falls, and saw Barga fall after he had set fire to himself. They rescued him from the flaming stack, and police officers summoned Mr. Barga carried him to the hospital where a surgeon was waiting to attend his injuries. Two wounds were inflicted in the left breast, and from the lower portion of the heart. Death is believed to have resulted from internal hemorrhage.

Mr. Barga was taken to the hospital, where he was brought down from the blazing straw stack and did not regain consciousness. He died about 10 o'clock Sunday morning. Members of his family stated that he had seemed normal Sunday forenoon and had mentioned construction of a strawstack for burning the drying house he had been building during the summer to be the family home. Building of the strawstack, he had said, would require about two days' work, and then, he said, the new home would be completed. Effect of the poison became apparent to George Barga in the late afternoon and he watched his father's condition. George Barga followed his father to the strawstack and then went back to his home. Walter Denton is his neighbor. They saw Barga kindle the strawstack and then saw him climb to its top and then they saw him stab himself in the breast and fall back ward.

Leaves Note to Bank.  
A note addressed to the Twin Falls Bank and Trust company requesting that his affairs be turned over to his family was found on a table in the home after Barga had left the home for the second time.

Mr. Barga is survived by his widow and seven children. The family came to Idaho about 15 years ago from Versailles, Ohio, and Mr. Barga had been employed practically continuously as a millwright at the Twin Falls Lumber and Lumber company.

Surviving children are Norbert Barga, of Boise, Idaho; Stanley Barga, of Pocatello, George Barga and Frances, Mary and Delores Barga of Twin Falls. The body was taken to the Blue 4 Company mortuary. No arrangements for funeral services had been made Monday evening.

**Showers Continue  
To Descend Here**  
Forecast for today—Cloudy, probably continued rain, locally. After a brief intermission, heavy rain continued to fall in Twin Falls. Precipitation to the south of 40 inches was recorded and rain to 6 o'clock Monday evening. During the day yesterday heavy showers started in Blue 4 shortly after 8 o'clock and their continuation during the night, at least was anticipated.

Maximum temperature here Sunday was 47 degrees; high for Monday, however, was 51 degrees. Minimum for the 24 hours preceding 6 o'clock Sunday night was 25, and minimum for the next day was 27.

### FIRE TRUCK MIRES DOWN

Twin Falls fire department motor pump, responding to alarm of fire in the Sunday evening when Augustus Barga fired a straw stack in the Barga home, was mired down in the straw, breast, being stuck in wet ground near the scene of the tragedy, and four horses and a motor truck were required to drag it out to dry ground after nearly two hours effort.

## CITY ATTORNEY TO QUIT OFFICE

Frank L. Stephan, Attorney-General Elect, Requests Acceptance of Resignation.

Resignation of Frank L. Stephan, Idaho attorney-general elect, from the office of Twin Falls city attorney, was submitted to members of the city council of a regular meeting Monday evening. Pending action, it was stated, was prompted by inability to devote proper attention in the future to the city office because of the pressure of duties in connection with the office of state attorney general, to which he was elected two weeks ago. Upon motion of W. T. Leslie, commissioner of public safety, which was seconded by Commissioner Ralph Smith, the addition to Hayes Balford, 18 feet in width and 50 feet in length, was ordered condemned and torn down by June 1, 1927, because it was built without a permit from the city, and is not within the bounds of the city ordinance dealing with fire-proof structures in various sections.

## NEWS OF THE DAY AS CAUGHT BY THE CAMERA

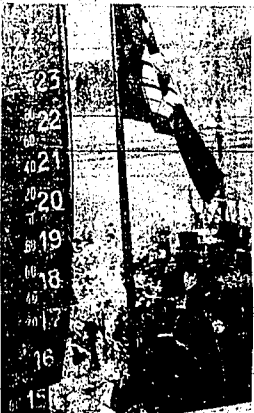

**MRS. MILLS' BODY REBURIED**—This shows the reburial of Mrs. Eleanor Mills, one of the victims in the Hall-Mills murder case, after an autopsy was performed at Somerville, N. J.

**LONG ON JOB**—Amalie Harting is shown at her post in the Deutches Theater, Berlin, where she has been a prompter for twenty-five years.

**LONGS FOR ADOPTED SISTER**—Dorothy St. John, adopted daughter of Mrs. Anna St. John, of Rye, N. Y., made this gesture of welcome to Dorothy "Sunshine" Browning. Mrs. St. John took steps to recover "Sunshine" whom she once adopted, from Edward W. Browning, New York's "Prince Charming."

**SHE CUT HER FINGER**—This picture was taken as Mrs. James Walker, wife of the Mayor of New York, smashed a bottle on the bow of the liner New York. Glass lacerated her finger. She journeyed to Hamburg to perform the ceremony.

**STRANGE VISITOR FROM THE DEEP**—This picture was snapped just as a strange fish was washed over the rail on to the deck of the liner Republic while in the mid-Atlantic.

**BREWSTER MARRIES CORLISS**—Eugene Brewster, publisher, is shown with Corliss Palmer, his movie protégé, whom he married in Mexico within twenty-four hours after he obtained a divorce from his wife.

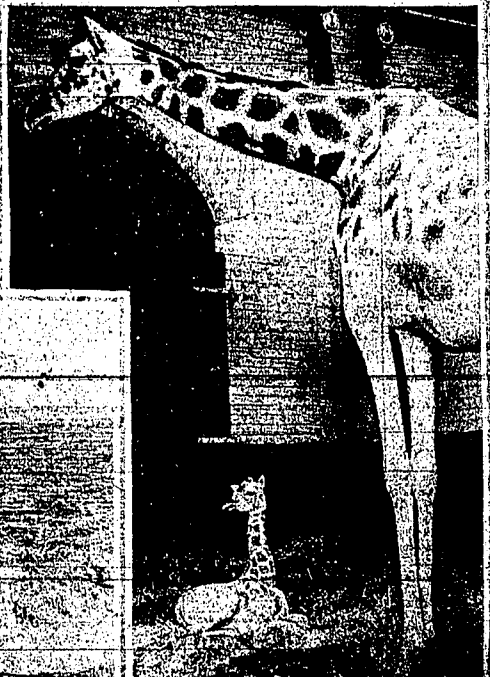

**SPORTING BIRD**—Attempts were being made to introduce falcons into America. This shows a Cooper's hawk exhibited at a society gathering on Fisher's Island, Conn. The bird is kept hooded when not engaged.

**QUEEN MARIE IN MONTREAL**—Queen Marie of Rumania, accompanied by city officials, is shown leaving the Rumanian church she visited in Montreal.

**THEY SIT UP FOR THIS TIDAL WAVE**—This shows the annual tidal wave that visits Hankow, China, recurs regularly, and shipping is tied up and persons reinforced during its occurrence.

**STORK VISITS BRONX ZOO**—A healthy son, who has a bit like a snake among the straw, was born to the giraffe at the Bronx Zoo in New York.
