

SIX LIVES AND GREAT DAMAGE IS FLOOD TOLL

Waters Spread Over Lowland in Five Southern States Forecasts of More Rain Lead to Protective Measures.

(By The Associated Press)

MEMPHIS, Tenn., Dec. 27—Six months and property damage into the hundreds of thousands was estimated to be *light from flood waters that spread over* lowlands in Kentucky, Tennessee, Arkansas, Mississippi and Alabama. The flood began to recede in most of the inundated area but the crest of the flood was in sight at other points.

Forecasts of further rains in the flooded area, however, caused apprehension, and additional safeguards to protect life and property were taken.

Cumberland Out of Banks
The heaviest property damage and most widespread flood, was through eastern Kentucky and Tennessee in the valley of the Cumberland river through portions of Tennessee where annual streamflow became raging torrents and inundated the lowlands.

More than 2000 people in Nashville were being routed from their homes when the Cumberland inundated a block of the city. The weather bureau here forecast a sluge of 32 to 33 feet before the flood reaches its crest. The Cumberland will probably continue its run until Wednesday or Thursday.

Tennessee Bears Brunt

Tennessee bore the brunt of the flood when small streams spreading out over lowlands covering highways and causing an estimated damage of \$50,000 in roads in the state, according to

Eastern Kentucky experienced a second flood within a week as a result of heavy rains Friday night and Saturday. The waters had begun receding Friday night. Other portions of Kentuck

where swollen streams covered highways and lowlands reported the flooding, except in the western part of the state, where the Cumberland crosses and where the Ohio river is predicted reach flood stage Wednesday or Thursday.

Warn Farmers

In the vicinity of Paducah, Kentucky, and Evansville, Indiana, farmers' fields and the lowlands have been warned. Assessments of some stores at Paducah will be flooded when the Ohio reaches flood stage at 43 feet there.

Crop damage in the valley of the Tunchilla river in Arkansas will

LEGION TO ASK

WELFARE FUNDS

BOISE, Dec. 27 (AP)—Continuation of the veteran welfare commission's work with an appropriation of \$100,000

which approximately \$25,000 would be re-appropriated as the balance held by the commission at the close of the present biennium, is to be asked the Legislature by the Idaho department of the American Legion. This decision was made tonight by members of the departmental executive committee. -

Other legislative recommendations authorized by the committee are: repeal amendment of statutes governing the work of the bureau of vital statistics to permit the bureau to furnish forms upon which claims for compensation may be made by disabled former servicemen and that county commissioners be authorized to levy a tax of not

Set Convention Date
Dates for the 1927 departmental convention at Welser were tentatively set for July 21, 22 and 23 to permit attendance of a national speaker. The

committee hopes to have President Coolidge as the principal speaker in the event that the president visits the Northwest northwest next year. Special efforts are to be made to have Howard S. Savage, Chicago, national commander, attend the Idaho convention.

will be determined through a distributional coalition. Action on the method of selecting Idaho delegates to the Paris convention was deferred. C. Dworshak, Barley, first vice commander, was made chairman of the club's community betterment activity and Cyril C. Thompson, Boise, was

appointed departmental public relations officer. Draganovic is to be assistant to seven district commanders, and Davis, Americanism officer.

CITRUS RAISERS LIGHT FIRES TO PROTECT CROPS

Cold Wave Grips Southern California: Los Angeles Residents Surprised by Ice Covering on Shallow Pools.

LOS ANGELES, Dec. 27.—Showering rains of southern California have today from deeps made filled by disturbing streams of north winds and cold fronts to find a cold wave coming up almost totally obscured by clouds of smoke generated by stumps piled in the citrus groves and the meadows all around in the Los Angeles valley.

The government weather bureau reports that the local degree of foggy weather is, in fact, the coldest in the state and probably did not indicate the correct degree on the street level.

Stumps, already felled and standing a few feet apart in the extensive orange and lemon groves last evening and kept burning through the night.

Lowest temperature was reported as 25 above zero at Highgate, near Riverside, San Bernardino, Riverside, Pomona and other citrus centers.

Los Angeles residents were surprised to see citrus groves and meadows all around in the valley and the meadows all around in the valley and the meadows all around in the valley.

Santa Monica, on the beach, reported two below freezing, although not an record for the winter.

San Jose, San Francisco and San Diego reported 20, 25 and 30 above zero, but also noted that ice formed on small pools in the foothill town, Hollywood, at 28.

WILL MAINTAIN NEUTRAL ZONE IN NICARAGUA

(Continued From Page One)

Nicaragua Herald agent in Mexico City, Mexico, stated that American officials or American companies at America's hands have been for protection. It was stated again that American requests for naval protection had been received from Puerto Cabezas.

SAYS CHARGES FALSE

MEXICO CITY, Dec. 27.—(AP) Pedro Zapata, chief representative in Mexico City of the liberal government set up in Nicaragua under the presidency of Juan B. Somoza, issued a statement today in which he said that the department of state of the United States "used and resort to false charges in order to justify its use of force in Nicaragua against the Somoza government in favor of the Diaz government."

"The truth is," the statement adds, "that the action of the United States was taken because the success of Somoza's liberal forces, news of which was suppressed by the press, caused the Diaz regime to falter. The downfall of Diaz being apparent, intervention by the United States was brought about."

CHILEAN PRESS COMMENTS

SANTIAGO, Chile, Dec. 27.—(AP) Chilean, commenting editorially on the intervention of the United States in Nicaragua, declares that "it contradicts the principle of self-determination of peoples which is one of the main principles of the United States government in the past and especially by President Wilson following the world war."

The paper expressed the opinion that such intervention was not necessary for the protection of the lives and property of North Americans and that "it is a deliberate attempt of a government whose legality is as questionable as that of the government it opposes in civil war."

This situation, continues the paper, "is bound to show the shadow of the quip: 'The lion of the horizon of the Americas, and has the effect of revealing precedents in the policy of the United States which the Latin American countries wish to forget.'"

(Continued From Page One)

peered to reach its greatest height. Scores of people at Columbia, mostly negroes, who were marooned by the Tennessee's rise, had been rescued at night.

Smaller streams in Mississippi were reported flooding.

More than a thousand inmates were thrown out of work in Alabama when the Warrior river flooded the workings of the mines in Walker county.

QUEEN CITY OF NEAR EAST MAY GET ANOTHER CHANGE OF NAMES

WASHINGTON, Dec. 27.—The high point of the bipartisan pogrom has been made in Turkey that Constantinople be renamed for Kemal, Dush, president of the republic.

Earlier use of Kemal Pasha's two names, Ghazi, Moslemism, or Kamil, is advanced as a possible one for the queen city of the Near East.

Constantinople has had many names in its long history, says a bulletin of the National Geographic society from Washington headquarters.

"Not for 100 years has Constantinople been Constantinople in the Near East. It is standard to those. Some geographical title experts hold that Stambul has been abbreviated by the Turkish people to Constantinople just as they abbreviated Jerusalem (Salem) to Schalem. There are two other Turkish names of a place which the Turkish historians found the Greeks say 'see' from Stambul, Stambul, and Stambul. Another suggestion is that 'Stambul' meaning 'the following' and 'bul' meaning 'cupola' have been combined to form the Turkish name 'Stambul' in the true Muslim faith.

Built to Succeed Rome

"Constantinople is named, did not him give it that name. On May 11, 330, A. D., Constantine the Great, emperor of the Roman empire, moved his seat of government to the newly completed city. It was a ceremony of the new city and the Roman empire, which was destined to succeed Rome as capital of the Roman empire for 11 centuries, A. D.

Increase Shown in Compensation for Disabled Veterans

WASH., Dec. 27.—World war veterans receiving 226,181 were receiving disability compensation at the end of the fiscal year June 30, 1926. This is 118,000 more than the United States veterans bureau was providing compensation to June 30, 1925, and 17,712 more than on June 30, 1924, according to information received by C. H. Henderson, regional director of the bureau in Idaho.

During the year ending June 30, 1926, 25,007 new claims were filed and 15,002 veterans were awarded compensation for the first time. At the end of the year the total monthly value of all the awards was \$3,908,740.

Revised Schedule Effective

On January 1, 1926, a revised schedule for rating active cases went into effect and the application of this to the bureau's tabularies was one of the primary objectives toward which the administration of veterans' relief was directed. A summary of the six months' work shows that this was accomplished in 92.2 per cent of the 226,181 active cases. The effect of the new schedule has been to show a marked increase in the total monthly disbursements for relief work. Since June 30, 1925, permanent partial awards have increased from 25,027 to 102,518. Permanent total awards have constantly increased from 10,172 in June 1924 to 25,153 in June 1926.

Non-pensionable cases total 22 per cent of the total group of compensable cases. Interim awards 21 per cent and general medical and surgical cases 55 per cent. The average monthly payment for non-pensionable cases is \$40.62, for interim awards \$20.22.

INDIANA GRAND JURY ENDS LENGTHY PROBE OF EDITOR'S CHARGES

INDIANAPOLIS, Ind., Dec. 27.—(AP) Corruption charges made against Indiana state officials have been given no substantiation in testimony presented to the Marion county grand jury, that body reported today. The grand jury recommended that investigation of the charges be pursued and suggested that the succeeding grand jury to be sworn in at the beginning of the new year should continue the inquiry.

The report brought to a conclusion 11 weeks of inquiry into the corruption charges made by Thomas H. Adams, publisher of the Vincennes (Ind.) Commercial, and given nation-wide circulation because of their sensational character and also because of the standing of their sponsor. Adams, a member of the republican Indiana editorial association, made charges against men in his own political party.

The latest Vincennes board recently with the Vincennes on Dec. 27. Houghton, he said, was "surprisingly lenient" but that service could not be made.

Today's order permits service of the summons on the Vincennes by leaving a copy at his residence, by fire and by mailing another to him at that address.

FORECASTS AID FIRE FIGHTERS

Chief Forester Greeley Cites Benefits to Service From Weather Bureau Warnings.

FOREST, Dec. 27.—That weather bureau forecasts of dangerous fire conditions have greatly aided fire fighters in the West, Chief Forester W. B. Greeley, of the United States Forest Service, is indicated in the annual report of Chief Forester W. B. Greeley to the secretary of agriculture.

These special warnings of forest fire weather were provided by the Pacific coast and Rocky mountain regions during the last few years and will be extended this fall to the lake states and the northwest.

In discussing the effectiveness of the forecasts in the forest, the forester pointed out that through advance notice of forest fire weather lower mountain fires can be expected, as people will be more on their guard in spite of the increased hazard which attends greater use of the forests. To make its forecasts more accurate and of the greatest possible benefit, the weather bureau in cooperation with the forest service, state foresters, and various fire organizations is establishing new weather observation stations.

Thought Distribution

Over the next couple of days the weather bureau during the first part of the forecast was sent to all forest agencies, published in the local date press, and released by radio. When critical conditions were indicated, forest fire forces were increased, additional lookout men placed at points of danger, fire crews were held in readiness, and in some cases logging operations on the forests were actually suspended. Many timber cutters have been instructed to take down their camps so that they may receive the weather predictions with the best possible effect.

Work of the forest fire forces is being used to study the factors which contribute to the occurrence and increase the rate of spread of forest fires, as well as measures to control them and to determine the damage they do. Experimental methods are being used to determine how humidity, temperature, wind, and the forest fire forces are being used to study the factors which contribute to the occurrence and increase the rate of spread of forest fires, as well as measures to control them and to determine the damage they do.

AUTHORIZES SERVICE OF SUMMONS ON AMBASSADOR

NEW YORK, Dec. 27.—(AP)—By terms of an order filed today before Supreme Court Justice Alton B. Parker, a writ of habeas corpus was granted to the ambassador of the United States in Mexico, Mr. Houghton, who had been arrested by the state police of New York.

Justice Parker, in his order, said that the ambassador of the United States in Mexico, Mr. Houghton, who had been arrested by the state police of New York, was not a citizen of New York and therefore was not subject to the jurisdiction of the state courts.

PARISIANS PLACE LITTLE FAITH IN ANNOUNCEMENT OF ROMANIAN LEGATION

PARIS, Dec. 27.—(AP) While the Italian legation in Paris took occasion today to deny that Prince Carol, established here to the Romanian throne, had left Paris, circles acquainted with the prince's comings and goings at Neuilly, his home just outside the capital, do not place much faith in this statement.

It was first became known on Christmas eve that the prince was absent from his establishment at Neuilly, where he has made his home. They announced his right to succeed his father as king, the conclusion was immediately drawn that he was on his way to reclaim his prerogatives in Romania.

Among the president's reports is one that the prince is in the vicinity of Paris. There is no definite information from that region that he has actually left Neuilly. He is known, at any rate, to be in the vicinity of Paris.

POCATELLO NEGRO HELD ON SERIOUS CHARGES

POCATELLO, Dec. 27.—(AP)—Charles McGowan, 34, holder of a passport at home in this city, arrested on a charge of assault on a woman, was held in Pocatello today on a woman tenant in the building at an early hour Saturday morning, is being held in the city jail without bond.

A more serious charge, based on previous offenses which the man is alleged to have committed, will be brought against him in the near future, before which McGowan was arraigned today, after a conference with the prosecuting attorney today.

FAVOR REVISION
OF GRID RULES

Football Experts Almost Unanimous in Disapproval of Line Shift; Other Changes.

NEW YORK, Dec. 27. (AP)—Medical reduction of football rules, the abolition of the huddle system of signaling and the line shift, was favored today by the expert association of collegiate football officials at its annual meeting.

Almost unanimous disapproval of the huddle system of signaling, the abolition of the huddle system of signaling and the line shift, was favored today by the expert association of collegiate football officials at its annual meeting.

The chief objection to the huddle was that it had tended to "slow up" games.

The officials favored retention of the huddle at the start of the second half by the team holding possession of the ball, at the start of the first half, they would have it put in play at the spot where hostilities are interrupted by the whistle for forward passes.

Discarding of the five yard forward pass penalty adopted last year, retention of the point after touchdown, which was characterized as a "great team play." And limitation of all junior high school and elementary school games to eight minutes per period, were other changes approved.

COBB AND SPEAKER MEET
WITH CLEVELAND LAWYER

WASHINGTON, Dec. 27. (AP)—Intimate that they will not seek aid from the government in the baseball scandal was made tonight by T. Cobb and Tris Speaker, former American league stars, during a meeting with a Cleveland lawyer.

The two former big league managers met in a hotel here late today with R. H. Boyd, Cleveland attorney, who is said to be representing Speaker.

After the meeting, the two men left for Cleveland at 7:25 p. m.

Both men were given out but it was indicated that they had been using the charges of the alleged participating in betting and fixing a baseball game before any government department.

Boyd referred newspaper men to his attorney as his spokesman, while Mr. Boyd said:

"I have credit for knowing that the government has nothing to do with this case."

Neither Cobb nor Speaker would discuss future plans and dismissed themselves with the laconic announcement that they were headed for Cleveland.

Two Wives Unite
In Fight to Save
Condemned Man

DALLAS, Texas, Dec. 27. (AP)—Two wives fighting for the life of a condemned husband have squared accounts with each other through a Christmas "feast of friendship."

While Emmett Vestal was in jail here Christmas day with a sentence of death hanging over him for the second time in eight years, the two women who had married him conferred and one agreed to withdraw.

Mrs. Vestal No. 2, today announced that she would return to her home in Queen City, Missouri, leaving Vestal in the hands of the state.

Vestal is 10th escaped from a state asylum at Bush, Texas, to which he was committed after he had been sentenced to death for the murder of a woman.

He was in St. Louis, where he was married, became the father of six children, disappeared from St. Louis, and was sentenced to death for the murder of a woman.

By agreement with wife No. 1, who was then in St. Louis, wife No. 2, came here last September to make a fight for Vestal's freedom.

24 DIE WHEN SHIPS
COLLIDE IN CHANNEL

WEXMOUTH, England, Dec. 27. (AP)—The captain and 23 members of the crew of the French bark Eugene Behn, which had been in the English channel on Christmas night when their boat collided with the British freight steamer Barmouth, were today reported to have died.

The Eugene Behn was on the last stage of a 17-day voyage from Marseilles, France, to London, England, when the collision occurred.

JAMES L. MEYER
City Clerk of the City of Twin Falls

FINAL SUMMONS IS ANSWERED BY CHARLES DWIGHT

Twin Falls Community Suffers
Loss in Death of Widely-
Known Citizen and Chamber
of Commerce Secretary.

Charles E. Dwight, former deputy
secretary of the chamber of com-
merce, died last evening at his
home in Twin Falls. He was 55
years of age.

Twin Falls, Jan. 2, 1927. Mr.
Dwight was a member of the
chamber of commerce, which will
hold a 2 o'clock Wednesday afternoon
in the First Presbyterian church. This
will be the last of the series.

Record of Service

During his period of service here as
chamber of commerce secretary, Mr.
Dwight had an active and impor-
tant part in the organization and
conduct of the Oregon Short Line
Twin Falls-Weils railroad, completed
last year and the building of the
new bridge now under construction,
over Snake river canyon at Blue
Lakes. He also was the Twin Falls
chapter's representative at a national
dinner held in Milwaukee and was one
of the Idaho delegation on a trade
mission to California last spring. In
discharge of routine work of the of-
fice, Mr. Dwight gave largely of his
time and effort toward projects and
other community projects and was
Twin Falls' greater of hundreds
of motor travelers. Under his admin-
istration of the chamber of commerce
employment department, a service that
is generally credited with having done
much to cement friendship between
town and country, was emphasized.

It is commonly said here of Mr.
Dwight that he had a breadth of
traveling among men of all stations
in life that is rarely equalled.

Long Resident of Iowa

He had been a resident of the Twin
Falls community about 10 years, coming
here from Iowa, where he had spent
nearly a quarter of a century in active
practice of his profession as a dentist,
from which work he had been com-
pelled to retire because of failure of
his health under strain of office work.

He was born November 8, 1871, in
Winchester, Illinois, and a year after
moved with his parents to Marietta,
Iowa. He graduated from the Uni-
versity of Iowa college of dentistry,
and entered on practice of his profes-
sion in Marietta, Iowa, later returning
to his hometown at Marietta.

He was married ten years ago to
Mrs. Mary Huntington, by whom he
is survived, and he is survived also
by his mother, Mr. J. H. Dwight, to
whom home here he was taken during
the latter stages of his fatal illness.

On North Side Farm

The first few months following his
arrival in Idaho Mr. Dwight spent on
a north side farm. He entered into
the employment of the Twin Falls highway
district in an administrative capacity
some after the district was formed, and
about six years ago he was appointed
deputy internal revenue collector
in Idaho. In 1923 he was elected sec-
retary of Twin Falls Chamber of Com-
merce, and was re-elected for three
consecutive terms.

Mr. Dwight was stricken nearly a
year ago by the illness which caused
his death, but he continued in cheerful
and efficient performance of his offi-
cial duties until about four months ago
when he sought relief at Lava hot
springs, later returning to Twin Falls
and going to his brother's home, where
the hospital care when it was deter-
mined that there was no possibility for
recovery. Throughout his illness Mr.
Dwight maintained his cheerful dispo-
sition and refused to admit that he
was approaching the end of his work
here.

CALLS ON SECRETARY TO SHOW COMPANY RECORDS

Order was signed by Judge W. A.
Balsrock in district court here Monday
for an alternative writ of mandamus
directed to William H. Reynolds, sec-
retary of the Owsie Oil company and
requiring him to produce the books
and records of the company for inspec-
tion by Marie Lingelbach, a stockholder,
or to show cause in court on Janu-
ary 2 why he should not.

The order was issued on petition of
Mrs. Lingelbach, who alleges that she
has been denied access to the com-
pany's books and records.

POWER COMPANY GETS FRANCHISE

Peoples Mutual Company Given
Privilege of Constructing
Transmission Lines in Buhl.

Buhl, Dec. 27 (Special to The
News)—Buhl city council in regular
session here tonight passed an ordi-
nance granting the Peoples Mutual
Power company, recently organized for
the purpose of developing the Clear
Lakes power site north of Buhl, the
privilege of constructing electrical
transmission lines in the streets and
along the city limits. In consideration
for the franchise the city of Buhl ob-
tains the privilege, to purchase, at the
cost of construction, the entire hold-
ings of the Peoples Mutual Power
company, within the next five years,
for approximately \$50,000 the esti-
mated cost. Decision of council, which
has had the matter under advisement
for the last seven weeks, was unani-
mous.

Charles Seely of Twin Falls, man-
aging director of the Peoples Mutual
Power company, and the com-
pany's attorney, George H. Brown, were
present.

Wilson's Birthday to Be Observed Here

World war veterans of Twin Falls
past of the American Legion and mem-
bers of the Business and Professional
Women's club will join in a dinner
meeting which is to be given at noon
today in the Ferguson hotel cafe by
the Young Men's Memorial council
in commemoration of the 20th an-
niversary of the death of Woodrow
Wilson, 28th president of the United
States.

The dinner is to be held beginning
at 12 o'clock this noon and will be
opened with an invocation offered by
L. H. Masters, following which a vocal
number, "The Long Trail," will be
given by Mrs. L. H. Masters. A.
Wilson, poet will read "In Plunder
Fields," a poem by Lieutenant Colonel
John Macdonald.

After the reading by Mr. Peck,
James Bothwell, junior, will read ex-
cerpts from Wilson's speech on par-
ticipating for peace. A high school quartet
composed of Miss Charlotte Vogel,
Miss Elma Bonney, Edwin Tine,
and Charles Battelle, will sing several se-
lections.

The program will close with a solo,
"My New Year to Old Virginia," by
Miss L. H. Masters, who will be ac-
companied at the piano by Miss Mar-
tine. The high school quartet accom-
pany.

GARAGE HOLD-UP CULMINATION OF BURGLARY WAVE

Stick-up Men Take \$65 Out of
Magel Garage and House-
breakers Enter Five Resi-
dences Within Few Hours.

Two men without masks, early Mon-
day morning held up Frank Knight,
night man at the Magel Automobile
company garage, Third avenue north,
and at the point of a gun, compelled
him to open the cash register from
which they took about \$65 in money.

The robbery marked culmination of a
series of burglaries Sunday night,
five of which had been reported to the
officers Monday evening. The officers
had no clue to the offenders,
but had been furnished \$50 Knight
with descriptions of the two stick-
up men, who, officers believe, are re-
sponsible for the five burglaries which

yielded the "housebreakers" a gold
watch, gold ring and about \$20 in
money.

Similar night's series of burglaries,
according to reports to the officers,
included these residences:

Robert Hagerman, 227 Seventh
avenue north; \$115 in money
taken off a dresser.

Fred M. Ingraham, 146 Sixth
avenue north; \$5 bill, 4 silver
dollars and gold band ring taken.

Ralph R. Beer, 604 Fifth ave-
nue north; gold watch and \$3 or
\$1 taken.

M. Blatkin, 544 Fourth avenue
north; 41 cents taken and small
jewelry left by burglars.
M. S. Hoover, 129 Sixth avenue
north; \$3 or \$1 taken out of a
pocket.

The holdup men entered the garage
at 5:30 o'clock Monday morning.
Knight told the officers. He was
alone in the garage at the time, and
walked toward the front of the build-
ing to meet them and ascertain their
wishes. The larger of the two men,
who spoke rapidly "in a loud, husky
voice," Knight said, drew a revolver
of about .25-caliber and held him
against Knight's body, ordered him to
open the cash register. The smaller
man at the same time rifled a small
cash drawer.

Describe 'Jobbers'

Knight said that he had never seen
either of the men previously, but ex-
pressed confidence that he could pos-
sibly identify one of them. The
larger man, he said, was about 2 feet
10 inches tall and weighed about 160
pounds, and his eyes and hair were

dark. The other man, Knight said,
was about 5 feet 6 inches tall and
of heavy build. His face was broad
and covered with a heavy stubble
beard. Each of the men, Knight said,
wore a dark cap and overcoat.

"Police reported on investigation that
footprints at the hold-up men at
the garage closely resembled tracks
of the burglars in the snow at the
Hagerman residence, and they re-
sponded with footprints at the In-
graham residence."

Retired by Woman's Screams

Burglars entered the Hagerman resi-
dence at about 7:30 o'clock Sunday
night, entering through a screened
sleeping porch at the rear of the
house in which the young son of the
family was sleeping. They paused long
enough in this room to take coins
amounting to \$14.50 off the top of the
dresser. They entered one bedroom
before opening the door of the room
in which Mr. Hagerman was in bed.
Mrs. Hagerman screamed when the
burglars cut the rays of a flashlight
into the room and the burglars fled
precipitately.

Burglars in the Ingraham residence
was discovered at 11:45 after 10 o'clock
upon the return of the family from a
visit in Buhl. The house had been
ransacked. The burglars took a gold
band ring owned by Mrs. Ingra-
ham and a \$5 bill out of her purse.
The burglars also took a silver
watch out of a purse in another bedroom
occupied by R. A. Ingraham of Yak-
ima, brother of Fred Ingraham, and
his family, who are guests here. They
overlooked an opportunity to take
about \$30 and Mr. Ingraham's return

TEN CONVICTS ESCAPE FROM ALABAMA PRISON

MONTGOMERY, Ala., Dec. 27 (AP)—
Ten convicts escaped from the state
penitentiary at Spanish moss here af-
ter five days through a fissure of logs
left tonight.

One of the men was captured within
20 minutes but guards, called by dogs,
were still in pursuit of most of the
prisoners cut through the strands
of a barbed wire and climbed the
guards in the dark.

Take Watch and Cash

Housebreakers are believed to have
stolen the Ralph Beer residence be-
tween 7:30 and 8:30 o'clock Sunday
evening, during the absence of the
family. Beer, 45 or 46, a gold watch
with watch with Swiss movement
bearing the initials "J. E. H." was
taken.

The stolen residence was entered
Sunday evening during the absence of
the family on a visit to Buhl. The
house was ransacked, but the burglars
found and carried away only 41 cents
in money, and left unattended a drawer
of silverware in which a small revolver
that is believed to have been carried
by one of the burglars was discovered.
During the absence of Mr. Hoover,
between 2 and 3 o'clock Monday after-
noon, according to reports to the of-
ficers, burglars entered the Hoover
residence and obtained between \$3
and \$4 out of Mrs. Hoover's purse.
Nothing else seemed to have been
stolen.

Moderately Snappy Weather Continues

Forecast for today—Unsettled;
probably snows in the north.

During the 48 hours preceding 6
o'clock Monday night 30.1 of an
inch of snow fell in Twin Falls.
The larger portion of this fell
Sunday morning during the first
half of the 24-hour period was at
its low mark at 14 degrees, re-
corded early Sunday morning.
During the latter half of the
same period the low mark was 11
above zero. Maximum tempera-
ture here Sunday was 25 degrees
and high Monday was 32.

Snows were clear this Monday
and a slight wind was blowing.
Indications point to moderately
cold weather and probable cessa-
tion of snows for a short time.

MINISTERS TO BE GUESTS OF MACY STOCK COMPANY

Ministers of the churches of Twin
Falls have been invited by the Ma-
cys of the Macy's department to at-
tend the first presentation next Thurs-
day night of the three-act drama,
"Sincerely Sincerely and Sincerely Hy-
pothesis," at the Laramie Theatre.
The drama deals with one of the
problems which, with pastors of
churches, are confronted and is said
to offer one way of solving the
problem.
