## FILER TAKES 2 FROM KIMBERLY

Wildcat Squads Easy Winners in Both Sets; Girls 29 to 12, and Boys 32 to 16.

**FILER, Feb. 1 (Special to The News).**—The Filer teams took a double header from Kimberly last night. The Filer girls won 29 to 12 and the boys 32 to 16. The Filer girls had little trouble with the visitors from the start and took an early lead that was never threatened. Kimberly, without forward, was high for points, with 16, and McKay, who substituted for her, was very bright, scoring 10. Among the other Filer forwards, gathered five points. For Kimberly the two forwards, McKay and Tyler, each gathered six points.

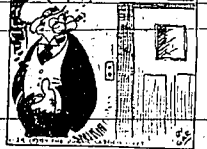

**Kimberly Rally Is Threat.**—The boys' game was fast and close but the Wildcats maintained a commanding lead that was never threatened. Kimberly took a spurt in the last quarter and ran up eight points before the Wildcats stopped the rally. Kimberly had possession of the ball most of the last period, but was unable to hit the net. Frank Mel roughly used many of his second string in the middle of the game, but sent in his first string for the last period. Kimberly was on a high point man with eight points, while Smith and Klies, his teammates, ran up six.

**Stimroz Stars.**—The Kimberly Stimroz, center, counted six of the team's scores, while Sammie, forward, gathered five. The Stimroz's five displayed a burst of speed in the last period that netted most of the Kimberly score, but were too far behind to threaten seriously.

## DUMB BELLS REGISTERED IN FRONT OFFICE

## McTigue Develops Ambition to Meet Heavier Battlers

**NEW YORK, Feb. 1 (AP).**—At a time when most men of the ring are ready to hang up their gloves and retire, Mike McTigue, finding himself the possessor of a knockout punch, has suffered with the enthusiasm of youth and an ambition to win the heavyweight championship of the world.

A fairy story? It sounds a bit so when you hear Mike, in his gentle tongue, express the firm conviction that he will knock out rugged Jack Sharkey, who met on February 25, then cut a path through the rest of the heavyweights with the same right hand punch that felled Fred Herchenbach the other night.

But if confidence and the wallop mean anything, Mike appears well equipped for his starting role, despite the fact he only tips about 170 in his best fighting trim and admits he weighs 180.

**Substitutions:** Filer, McKay for Knapista; Kimberly, Hunt for Tyler; Smith, Dwyer for Harmon, Miller for Klies; Kimberly, Hunt for Sampson, Nygaard for Sullivan, Referee—Hitter.

## VET COMPLETES CHANNEL SWIM

Henry F. Sullivan, Unsuccessful in Wrigley Race, Negotiates Difficult Stretch.

**LONG BEACH, Feb. 1 (Special to The News).**—With the distinction of being the second man and the first American to swim the Catalina channel, generally conceded to be his, Henry F. Sullivan completed a bath establishment here from the effects of his struggle with the chilly waters of the Pacific ocean.

Sullivan, who has a crossing of the English channel to his credit as well as a number of other notable records and who was an unsuccessful entrant in the Wrigley contest January 15, landed shore at Point Vicente at seven minutes before midnight last night, completing the elapsed swim in 22 hours and 45 minutes.

Starting from a point north of the Point on Staten Catalina island at 11:30 a. m. Monday, Sullivan swam steadily, but slowly, to the same point where George Young, youthful Canadian, finished his spectacular swim two weeks ago.

**Many Witness Feat.**—Sullivan's successful completion of the swim was witnessed by John Condon, his trainer and manager; Irving Hays, pilot; E. F. Chase, a Salt Lake City photographer; Jack Scanlon, a local beach newspaper man and a number of others.

The swim kept Sullivan at the beach of his own island, Catalina, to Salt Lake City. Outgoing fishermen on the point, he said today. At the finish only a small boat containing Condon and Deane was able to come in shore, the other boats covering the swimmer being forced to remain out of sight and outside the keep hole.

**JUDKINS BEATS ALGER,** LOS ANGELES, Feb. 1 (AP)—Archie Judkins, "Wildcat" of Nebraska's lightweight ranks, fighting at top form here tonight, decisively defeated Bill Alger, rugged Phoenix, Arizona boxer, in 10 rounds. Eight rounds were given the Nebraskan by ringsters, who called the remaining two even.

## Eden Basket Ball Teams Prepare for Games With Filer

**EDEN, Feb. 1 (Special to The News).**—For the first time in any season the local basket ball fans will have the opportunity of watching the Filer Wildcats perform on the local basketball court, when the Eden high school team confronts them on Feb. 10 here next.

Arrangements are being made for a larder fought contest of the season. The Eden fans have been meeting regularly during the past few games but still have their fighting strength left. Lattimer, who has been out of the game practically all of the season, will be back in the game at center and Olsen back in the game at forward, the locals will have their strongest team of the season.

The Eden boys will have all week to prepare for the contest, as no games were scheduled for Tuesday evening.

The Eden boys made a good showing last week in contests with Wendell and Hild when they played these two teams in close games.

The Eden girls are working in a number of new players to take the place of Canada and McTigue, two of the leading players, who are compelled to give up basket ball for the remainder of the season on account of sickness and injuries. Both teams should be in tip top condition for the games Friday evening and with the Filer team should emerge with the best of the series.

## Gooding Divides Twin Bill With Jerome Tossers

**GOODING, Feb. 1 (Special to The News).**—Gooding split a double header with the Jerome team last night, the Gooding girls winning 25 to 12, while the boys lost a hard fought game, 29 to 25.

The local girls took the lead from the start and had little trouble piling up a sizeable lead which Jerome was unable to overtake.

**Jerome Spurs to Win.**—The boys' game was a fast contest with Jerome taking the lead and then the other, Gooding led in the earlier part of the game, while Jerome forged ahead during the third period. The locals regained the lead in the last period and had a five point lead as the end of the game neared, but three long shots gave the Jerome five the game as the final gun spoke.

Shuffly, Jerome forward, was the outstanding player for the Tigres, gathering eight points and playing stellar ball throughout the game. For Gooding Prince was high and with eight points and played a nice game, as did O'Brien.

**POCATELLO, Feb. 1 (AP)**—In a double game, in which the visiting team seemed to be "mildly disappointed" in the strength of their ability as basket ball players, the Idaho Tech Tigres tonight defeated the Mount St. Charles in a very slow and uneventful game, 22 to 18.

TECH had ended with the Tigres leading 20 to 17, only to lose the points out up a stiff comeback and cut down the lead considerably, until the locals learned to meet their opponents' football attack with speed and avoidance of attention play.

Speaking in opposition of the star second baseman's election to the board of directors of the St. Louis club, Mr. Stoneham said that "under no circumstances will the Giants return Hornby to the Cards."

The deal for Hornby has been completed and approved by the league, he continued. "If he falls in disfavor of his stock, he is simply out of a job and the salary that goes with it."

ALL THE QUALITY POSSIBLE IN THE TOBACCO— BUT NOT ONE PENNY FOR COSTLY FRILLS

What our chemists call, "an almost perfect seal for tobacco condition" — a heavy soft-foil package with an extra outside wrapper of glassine.

# No two ways about it—that's sense!

ALL SMOKERS will agree that it's what's inside that counts—A yet for years men have paid extra for containers instead of for their contents. Granger Rough Cut now offers a common-sense innovation. Quality leaf, an exclusive and secret mellowing method, a special cool-burning cut—but no frills. And as a result, a pipe tobacco as exceptional for its good taste as for its moderate price. No costly tins—but tobacco made for pipes and cut for pipes; in a word, quality pipe tobacco, through and through.

### Canal Company Stockholders Authorize Board to Buy Lands for Elimination Improvement.

With view to improving the water right of the Oakley irrigation project, stockholders of the Oakley Canal Company at an annual meeting at Oakley last Saturday voted to amend the company's articles of incorporation to permit its directors to proceed with a plan of elimination of approximately 4500 acres to reduce the project area to approximately 12,500 acres, according to Nelson Hayward of Alliance, who attended the meeting and was one of three directors elected for three years.

Under the authorization voted by the stockholders, the directors are empowered to issue bonds and use the company's credit for purchase of lands to be eliminated from the project.

Gray Messer of Gering, attorney for the Oakley Canal Company, gave a large amount of credit for working out the elimination program.

Directors of the Oakley Canal company elected at the meeting Saturday, besides Mr. Hayward, were Marry Buckman and B. Worthington.

### IDAHO LEGION JOINS IN NATION-WIDE COMMUNITY SERVICE WORK OF BODY

BOISE, Feb. 1 (AP)—The nation-wide community service program of the American Legion, which the Legion estimates will affect 20,000,000 Americans, is launched in more than 10,000 local posts, including those of Idaho, according to Lester F. Albert, state adjutant. The "zero" hour for going over the top in this principal endeavor of the Legion for the coming year followed the receipt by each post of a comprehensive working plan and suggestions for tasks to perform, according to Mr. Albert.

"Community service, an outstanding accomplishment by each post in its own community that will benefit to every resident, was made the principal objective of the national convention held in Philadelphia in October," Adjutant Albert said. "The program of state and local post energies to make the program a sweeping nationwide success is complete. National headquarters has compiled information concerning community service activities which posts already have carried out and this experience is available for the guidance of other posts in similar projects."

### MANY TONGUES IN EUROPEAN RADIO

PARIS, Feb. 1 (AP)—Wireless fans have excellent practice in languages as they listen to what the other waves are saying. This is one advantage they have over Americans. Even with a two-tune set the French radio enthusiast can hear German, English, Dutch and Spanish speakers. ### ELPHANT HIDE NEED PATCHING? SEE ZOO

LONDON, Feb. 2 (AP)—The London Zoo has developed a brand new business—elephant hide patches—which is flourishing. The best customers are humans having scarred shoulders and which desire additional pieces of skin now and then for repairing the old exhibits. It is astonishing, say the taxidermists, how rapidly elephant hide wears out, even though it stands high and dry and is used only for original mental purposes.

## Twin Falls District Rallies To Defense of Idaho Potato

Twin Falls business men are joining with potato growers and dealers in emphatic expression of indignation over an article that is extremely derogatory to Twin Falls potatoes that was published in a recent issue of the California Produce News, copies of which were sent to the Twin Falls Chamber of Commerce by two maintainers of the Los Angeles and New York, and is widely circulated among produce dealers.

Headline here declares that an established market for Twin Falls potatoes that is based on knowledge of the superiority of the product has made possible payments to the growers a price a hundredweight higher than the Idaho Falls market price.

It reports to get forth facts in connection with the recent removal of a California market for Twin Falls potatoes, a purpose to ruin the Idaho potato industry.

Asserting that the Twin Falls district produce only one or two of the thousands of other crops—discriminatory continues: "Any Idaho Falls district potato man will tell you that Twin Falls potatoes are a direct hit on the right in the name of Idaho. In plain English, they say the Twin Falls district does not produce a Russet that is worth anything."

### Dairy Husbandman Urges Farmers to Raise Own Stock

UNIVERSITY OF IDAHO, Moscow, Feb. 1 (AP)—Dairy farmers should raise their own stock, the speaker of the University of Idaho, said Professor J. W. Kirkling, University of Idaho dairy husbandman. "In the first place," Professor Atkinson points out, "cows can be raised in Idaho as cheaply as some cheaply in other states because the price of feed, especially alfalfa hay, is much lower in our state. Stock raised in Idaho is much more profitable by purchasing cows available results show slower progress in herd improvement because a farmer must constantly buy the less desirable animals from other herds. By the use of high quality herd sires and proper methods of raising calves from the better cows, rapid improvement may be effected."

### Industry Expands Rapidly

There were on January 1, 1926, approximately 165,000 dairy cows in Idaho, according to Professor Atkinson. Usually cows are culled about five years, which means they are replaced by calves that are about seven years of age. On this basis it would be necessary to raise 32,000 dairy calves each year in order to keep the existing herd. Furthermore, he says, dairymen is expanding very rapidly in Idaho. The present herd are only being raised to produce age, more than 2,000,000 calves are being raised each year. Considering the cost of getting calves to producing age, more than 2,000,000 calves must be spent each year in raising dairy cows to replace the ones that are discarded. The expenditure of such a vast sum for foreign-born dairymen is a study of the problem. Dr. A. A. Atkinson stresses the idea that it is essential that calves be reared properly so that they will be valuable cows; otherwise the expense is not justified.

### Salmon River Settler To Appeal Litigation

Orders fixing the amount of bonds for stay of execution pending appeal to the state supreme court in the case of the Peoples Savings and Trust company against Robert Hoy and others, were signed by District Judge Hugh A. Baker at Rupert on Tuesday, according to T. C. K. Blackman, attorney for the defendants. Appeal will be taken, Mr. Blackman stated, from judgment entered by Judge Baker that held against defendants' contention that the company was liable for payment of damages as an effect of its suit for foreclosure mortgages on Salmon river project lands.

### Runaway Reconsiders After Night in Open

A runaway on foot as far as Boise this afternoon night after a day's confinement by the police, was seen by William Carey, 16-year-old Twin Falls high school student, to return Tuesday and make an apology to an Idaho district judge, who, he said, made the mistake of releasing a wandering cowboy. The young man's father, L. Carey, who had long been coming out in assistance of the police in his search, appeared Tuesday evening at the police station to explain that the runaway might be discontinued since the wandering boy had changed his mind and come back home. At the same time the police were requested to assist in recovering William's bicycle which, he said, he had left at the "hot" school yard and had not seen on his journey Monday, and which, he said, had been stolen during his absence.

### THE DAY IN WASHINGTON

A resolution involving congress of three were announced by Representative Johnson of Kentucky. The administration's Nearing Mexican policy was endorsed by the house foreign affairs committee.

### MUSICAL PROGRAM FOR BUSINESS WOMEN'S CLUB

Members of the Business and Professional Women's club were delightfully entertained at the Tuesday luncheon by Miss Joanna Krivanek who sang "Within the Prison of My Dreams" and Miss Jeannette Gledhill. Miss Krivanek also led in the chorus singing of the club and Miss Margaret Smith presided at the piano. Miss Effie Hinton, recently returned from Hartford, New York, and New York City where she has been pursuing a course in musical composition, gave an interesting recital of songs, piano and voice. Mrs. Elsie Tharp, of San Francisco, long-time secretary for the League of Women Voters, was a guest of the club, and spoke briefly of the organization she represents, stressing in particular its patriotic character. On Monday evening the members of the club met at the home of Miss Edith May for the review of "Her Son's Wife," Dorothy Garfield Fisher. The book was presented by Mrs. Katherine Probst and opened an interesting discussion of the problem of the story—Miss Jessie Fraser has charge of the program for the Monday evening meetings which have proven one of the most popular features of the club work, and which will be continued for the next few weeks. The meeting spent the evening making supplies for the club room. Mrs. W. C. Moore and Mrs. Helen Heydon Smith were guests.

Members of the Castleford Ladies Aid society of the Methodist church will be guests of the Methodist Aid in Boise Tuesday afternoon. Mrs. W. C. ESTATE TRIAL NEARING CLOSE

Former Employee Continues His Story of Relations With Stockman-Who-Left-Fortune.

Triguerio's story was continued in court here today in support of the claim of Mariano Gutierrez-Balbarin to an estate valued at approximately \$150,000 consisting in part of the bank and Realstock which was owned by the late stockman.

Gutierrez-Balbarin's claim to the estate was opposed in this case by H. A. Beckel, administrator, in behalf of two brothers and a sister and the children of a deceased brother of Triguerio. It is the contention of the administrator that Triguerio was mentally unbalanced and that he was unduly influenced when he transferred his property to his former employee.

Continued Story Gutierrez-Balbarin, who took the witness stand late Monday to begin telling the story of his association with the former employer, mentioning during the past 11 years, continued during the Tuesday afternoon session in details of that relationship. Six other witnesses were called to testify during the day to the effect that Triguerio's mental condition had improved up to the time of his death; that he had never known his purpose long before he transferred his estate to Beckel, or that he purposely expanded his relations with him during the estate.

Dr. John P. Coughlin, answering a hypothetical question in relation to Triguerio's physical and mental condition, was the witness stand when the evening recess was taken. He had been preceded on the stand by Dr. H. W. Alexander, who had been having a long conference with Mrs. Hays, which time he said Triguerio was suffering from chronic anterior polymyositis without evidence of mental derangement.

Other witnesses included Mrs. Anna Dimmick, Bill O'Brien and J. J. Boyd. Mrs. Dimmick testified that she had known Triguerio for about seven years, that he had stayed at her home in Nampa for two or three months in 1925, and that during the summer of 1926 she had served as housekeeper for him at his country home. Triguerio's memory at that time was good, she said. She told of a visit made to Triguerio by a number of Idaho friends who Triguerio had known years before in the Brannan valley. Bill O'Brien and J. J. Boyd testified that Triguerio had told them on different occasions that he did not expect to make a will because he did not expect to live long, and that he intended to leave his estate to his children.
