

**BATTLE ROYAL
IN HOUSE OVER
BLUE SKY LAW**

Proposal to Regulate Sales of Securities, Supplanting Present Law, Brings Many Voices Into Argument.

(On the Associated Press)
HOUSE, Feb. 24.—Proposals of the banks and banking committee for enactment of an act regulating the sale of securities to supplant Idaho's present "blue sky" law, today furnished a battle royal in the house of Idaho's legislature. Representatives first killed the measure, 29 to 38 with one absent, then reconsidered their action and fixed Monday morning as the time for final action on the bill. The motion to reconsider carried 32 to 2 with six absent.

Arguments Grow Heated

Exhaustive, and at times, heated arguments occupied the afternoon with the forces against passage of the bill led by Representative Robert L. Brannan, of Shoshone, and advocates of the measure were headed by Representative H. H. Harsh, of Latah, chairman of the banking committee. Then W. Oppenheim, of Ada, and A. R. Overmitch, of Latah, remained declared opponents of the measure. It would be an unwarranted restriction on the banks, he said, and would interfere with the measure as practical and necessary.

This bill requires registration of securities, including those of mining companies, with the commissioner of

finances who may suspend or revoke licenses to sell securities when either fraud or misrepresentation is shown. Standard or recognized high grade securities are exempted from registration and mining securities may be registered by notification. Vendors of mining securities must show, however, that at least 50 per cent of stock sale proceeds are expended in actual work upon mines or claims.

Exempt Under Existing Law

Under Idaho's existing "blue sky" law mining securities are exempted from the act.

In addition to the bitter fight of security sales regulation, home mea-

Representative Overnith read portions of an educational bulletin issued by the state secretary of the Idaho State Teachers' association, from the floor of the house. This action was taken when representatives passed a motion forbidding Hillman admission to the house floor as proposed by Representative Overnith and seconded by T. Taylor, Kootenai.

JOHNSON ASKS CLOTURE RULE

Californian Circulates Petition
to Limit Debate in Final
Effort to Obtain Vote.

WASHINGTON, Feb. 24. (AP)—In last effort to break the filibuster threatening death to his bill to dam the Colorado river at Boulder canyon, Senator Johnson, republican of California, asked the senate today to invoke its drastic cloture rule which

Second Petition Filed

Searchly had this petition been cleared before the House, it would have been the Tyson emergency officers' retirement bill was filed. It will be voted upon Saturday also if the Johnson petition is filed. The House will then have to vote on the House emergency officers' retirement bill. The House will then have to vote on the House emergency officers' retirement bill.

Immediately after the Boulder case, you have been told that the Senate will not act on the emergency officers' retirement bill. The Senate will not act on the emergency officers' retirement bill.

democratic Arizona, a leader of the

filmmakers took the scene. Senator Johnson, who had been in the city for a while, was asked to appear for posterity, getting arrested from both Republican and Democratic sides in a quarter of an hour, the fighting continuing for an hour and a half, while, waving his petition and demanding recognition.

Declines to Yield Floor.

Adams declined to yield at the moment but said he would later, though Johnson held in his hand "the petition that will kill my cause and my stars."

Vice President Davis, took the petition from Johnson and immediately recognized Adams.

Adams immediately appealed from that decision, but the senate overruled him 48 to 30.

Adams then appealed to the supreme court, but the senate refused to consider his address, saying that the senate was on the way to adjourn.

He Can Stop Mike
In Coming Battle

NEW YORK, Feb. 24 (AP)—Kevin as the confidence of Mike McGuire in the victory of his own side. A joke into a fight with shades by comparison with the assurance of his opponent, Jack Sharkey, in the much discussed second heavyweight championship fight at Madison Square next Thursday.

Sharkey, a split of confidence and bravado played a big part in his defeat of Harry Wills last fall. A similar frame of mind now convinces him he has a clear road to a title match with Gene Tunney.

Feels Lucky
"Looks like I'm to be the lucky guy in this 'undisputed' tournament," McGuire commented today by way of setting the record straight on the subject of boxing at Madison Square.

"McGuire won't last the 15 rounds against me," Sharkey went on. "I've heard all about that knockout punch of his. He's a try it out on my chin."

"I'll take Dempsey, too. If he's in shape he'll be tough to handle, but I don't figure he can come back. He's a fighter, I can beat Tunney. He's the man I'm after."

Sharkey weighed 191 1/2 pounds after a gymnasium workout today. He figures to scale 184 for McGuire, which will give the Boston boxer an advantage of at least 18 pounds over the Irishman. Mike weighed 160 the night he knocked out Paul Benavente and won't be an ounce over 170 for Sharkey.

GENERAL DAWES FACES
WILD DAY IN SENATE

you bill would automatically become the senate's business at 1 p. m. Saturday even if temporarily sidetracked beforehand. Several senators threw rocks to the winds as they discussed back and forth whether this was or not and whether, if being so, General Dawes had a right to give an opinion so far in advance of the event.

Senator Lorain, republican, Wisconsin, interrupted to serve out the bill, which would bring up the public buildings bill as soon as possible and the republican leader, Curtis, of Kansas, declared unanimous consent to take up the conference report on the deficiency bill.

ROCKNE, CAUSTIC ON RULE

(Continued From Page One)

NEW YORK, Feb. 24 (AP)—President Coolidge said five more times and a back-supper to enforce a rule compelling a two- and stop on shift plays. Kuntz Rockne, Notre Dame coach, told Northwestern alumni today.

Rockne spoke at a luncheon at which Dick Hunter, the Wildcat football coach was welcomed to his new job.

"And the times," said Rockne, "should be permitted to use the middle system."

WANTS RETURN MATCH

NEW YORK, Feb. 24 (AP)—Chico Hall, Dallas, Texas, welterweight, who sprung a sensation last Monday by whipping the champion, Pete Latzo, in a 10-round match at Dallas, is ready to meet Latzo in a return bout, for the 147-pound title at Madison Square Garden.

SELF DOUBLE-CROSSED
HE TELLS COMMISSION

SAULT LAKE CITY, Feb. 24 (AP)—Charges of being "double-crossed" by the state racing commission were officially made before the house investigating committee of the Utah state legislature at the first session of the legislature into the first charges made two weeks ago by Representative Charles Reed. The committee, headed by George G. Bell, republican, a local hotel and one of the state's leading sportsmen, is now seeking the racing commission from the commission while Reed and his friends were given to understand that they were to receive the same. Reed said.

The commission was awarded by the commission to William R. Ryan and his associates while Reed and his friends were given to understand that they were to receive the same. Reed said.

OFFERED TITLE FIGHT
NEW YORK, Feb. 24 (AP)—Eddie Egan, hard hitting bantam, Washington, boxer, today received an offer from the Madison Square promoter, for a nonweight title match with Mickey Walker, the champion, in Chicago late in April.

TAX SALE ISSUE
RAISED BY SUIT

F. B. Dotson, Burley, Seeks
Cancellation of Delinquent
Taxes in Test Action.

BURLEY, Feb. 24—A friendly man's suit was filed in district court here yesterday against the county tax commissioner by F. B. Dotson.

As a test case, seeking cancellation of delinquent taxes against property thought by him at tax sales for years subsequent to the year for which taxes were due.

County officials state that a ruling upon this point may be obtained from the supreme court, to which the case will be carried regardless of how it is decided in the district court. It will also be of general interest all over the state and especially to county officials who have heretofore been compelled to guess more or less at the intent of the statute, some selling to the highest bidder free from all taxes for subsequent years with others making sales subject to such taxes, the latter procedure being adopted in Cassia County.

Mr. Dotson has been one of the heavy purchasers at each of the county tax sales, averaging in the neighborhood of 25 per cent in the way of tracts or parcels offered.

Personally, said Commissioner Eugene Bickett yesterday in discussing the matter, "I am not sure that any further sale, still in field until some definite information can be secured as to subsequent years' taxes, because if people know all taxes will be cleared, much higher bids can be secured than otherwise."

CUT COPPER PRODUCTION
SAULT LAKE CITY, Feb. 24 (AP)—Officials of the Utah Copper company today announced curtailment of production at a number of smelters. In a statement issued this afternoon it was said that "units of its Magna concentrating plant had been closed."

This will mean an immediate curtailment of production at the Bingham, Utah, mine.

Second Invasion
Of France Costs
Less Than First

BOISE, Feb. 24 (AP)—A total savings of \$3,000,000 will be made in the cost of the Paris convention trip of the 30,000 members of the American Legion next September over that of a transatlantic movement of a like proportion at the expense of the legion.

Former Idahoan Dies
SAN FRANCISCO, Feb. 24 (AP)—A man believed to be Frank Starling, formerly of Idaho, died here today from taking a fatal dose of morphine found in his pockets showed he had a small amount of money on deposit in the First National bank, Mulden. The police are uncertain whether death was suicidal or accidental.

Agreement of 18 foreign governments to eliminate passport and visa charges.

FAMOUS TRIO OF DEANS
AT YALE BREAKING UP

NEW HAVEN, Conn., Feb. 24 (AP)—Yale's famous "educational backfield" which includes representatives of America's three best known families, will be broken up next June when the Smith-Brown-Jones combination of deans becomes Smith-Brown-Mindel.

Dean Frederick S. Jones of Yale college, will retire at the end of the present school year in favor of Professor Clarence W. Smith, Jr., of the University of Chicago.

Members of the group are Dean David Stanley Smith of the Yale school of music and Dean Charles R. Brown of the Yale divinity school.

NEW ANGLE TO DEVELOPMENTS IN NICARAGUA

British Cruiser Sent South as Possible Refuge for Citizens; U. S. Sees No Infringement of Monroe Doctrine.

(By The Associated Press.)—WASHINGTON, Feb. 24.—With a British cruiser steaming for Nicaragua for "maritime aid" despite American protests, the United States sees no infringement of the Monroe doctrine in the developments in the Nicaragua middle took a new turn today. When the cruiser left the Atlantic, it was playing a part in delaying action by the United States foreign relations committee on Senator Harlan's proposal that it visit Central America and Mexico for first hand investigation of conditions was not disclosed.

There was no intimation that the Washington government resented the British action. On the contrary, it was said officially that the state department was perfectly satisfied.

His explanation was that the cruiser was headed for Carato as a possible refuge for British citizens in Nicaragua threatened by civil disturbances. The commander of the Colombia has been instructed not to land any forces in Nicaragua. The Washington government does not infringe the Monroe doctrine nor is the sending of warships in such circumstances to Latin American countries unprecedented.

Senator Harlan's committee during the day heard behind closed doors state department information as to Nicaragua. It was made available by Secretary Kellogg and delivered by Stokely Morgan, chief of the Latin American division and formerly American charge at Managua.

Against Harlan's Plan. In addition to sending Morgan as his representative, Mr. Kellogg wrote Mr. Harlan indicating administration disapproval of the Harlan committee plan. When the committee has "exhausted the informational resources" of the state department, which was placed at its disposal, the secretary said, it would be in a better position to decide whether it is proper for the senate to send an independent committee of investigation into foreign countries with which the executive is conducting difficult and delicate negotiations.

Two other witnesses were sent to the state department by Secretary Kellogg to furnish information as to Mexico but they were not examined.

ENVOY SEES NEW SCHOOL AS AID TO FRIENDSHIP

WASHINGTON, Feb. 24.—(By The Associated Press.)—Increasing friendship between the United States and Latin America is expected by Ambassador Clegg, who today met Miguel Chiriqui Toca, to result from the recent education at Santiago of a foreign service school similar to the one inaugurated here several years ago by Georgetown university.

In making the announcement of the school, Ambassador Clegg pointed out that it would be a competition among the students writing on relations between Chile and the United States.

Teachers of the new school at Santiago will receive from the American Board of Christian Education, a bronze shield awarded by Georgetown. Later an exchange of professor and students is contemplated by the two institutions. The Santiago school hopes to draw students from all parts of Latin America.

Invitation to Coolidge. (By The Associated Press.)—WASHINGTON, Feb. 24.—An invitation to President Coolidge to spend his next summer vacation in Wyoming and familiarize himself with conditions confronting the public land states was given in a letter paid today by Governor Frank C. Emerson.

Blad From Kansas. New York city people are the most convicted and most ignorant people in the world. They think they know everything because they know the business to the subway. —Aldrich Globe.

MEER SCHOOL GIRL IS HEROINE IN SULU SLOT

WASHINGTON, Feb. 24.—(By The Associated Press.)—It is hard for Mrs. Cecilia Meer, of the director of the Philippine Bureau, to believe that the militant Moro prince, Tashara Kiram, who recently held a thrilling race in the name of his wife, is the same girl who lived in her home for several months before becoming aware that she was a princess.

"Never once, by my recollection, did she deviate from her quiet, unassuming demeanor," Mrs. Meer related. "She was a brilliant student and a good athlete."

SCREEN WOMEN SPURN DIET AND GROW FLESHY

LOS ANGELES, Feb. 24.—(By The Associated Press.)—The agitation against overeating to keep down fat is beginning to show results in the screen world.

Casting directors, who have kept statistics on women of the silver screen, say that there has been an average increase of one and three-quarters pounds each in four months in the weights of hundreds of girls registered for work in Hollywood. Wardrobe departments head out the report of the casting directors.

The casting directors do not believe that women of the screen will willingly permit themselves to get into the "fat" class, but many of them frankly admit the belief that the "fat" figure, at least when induced by strenuous dieting, soon will be a thing of the past.

GENUINE CORREGGIO SAID TO EXIST IN OLD MISSION

SAN ANTONIO, Feb. 24.—(By The Associated Press.)—Experts who have examined three grumpy old paintings in San Jose Mission here said that one of them, "Infant St. John," probably is the work of Antonio Allegri Correggio, an Italian painter who died in 1534.

Correggio is noted for the glow and splendor of his color and for the grace of his figure composition, which is sometimes marred by inadequate drawing.

The paintings, brought to this country from Spain when the mission was built nearly 200 years ago, are undecayed and faded now. Some of them have started to fall to pieces and have been cured for by the loving hands of Mexican women who attend the services which still are held from time to time in the dilapidated chapel.

The other pictures are called "The Flight into Egypt" and "The Visit to St. Elizabeth."

The paintings, brought to this country from Spain when the mission was built nearly 200 years ago, are undecayed and faded now. Some of them have started to fall to pieces and have been cured for by the loving hands of Mexican women who attend the services which still are held from time to time in the dilapidated chapel.

"And we hear it whispered that the artist in St. Michael's turned three times in his progress up the aisle last Sunday to show a lady a front seat."

WALTZING CLERKS WERE FAD HALF CENTURY AGO

STAMFORD, Conn., Feb. 24.—(By The Associated Press.)—Evidence that a dancing mania 50 years ago anticipated the negro waltz craze in New York when Charleston, their tables, is found in a restricted dispatch from Litchfield to the "Post-Intelligencer" a weekly newspaper discontinued in 1837.

"Ask the gentlemanly clerk for a glass of beer," says the dispatch, "and he waltzes to the sugar barrel, while solemnly ground to the sedes, the perfect time to the imaginary fad that is running in his head. The leisure moments are spent in prancing up and down between the two corners."

And we hear it whispered that the artist in St. Michael's turned three times in his progress up the aisle last Sunday to show a lady a front seat."

RADIO ROLES TO END ANNOYANCE FOR LISTENERS

Secretary Hoover Expresses Faith in New Regulations; Requests American Public to Exercise Patience.

(By The Associated Press.)—WASHINGTON, Feb. 24.—New radio legislation which President Coolidge has just approved promises eventually to end the annoyance of interference between stations, Secretary Hoover said today, but he warned the public to maintain some patience while the federal government organized the new system of regulation.

While the licenses of all radio stations and operators have been technically cancelled by the new law, the commerce department will consider them in force until the commission which is to pass upon licensing begins to function.

To Clear Up Interference. "The completion of radio legislation makes it possible to eventually clear up the chaos of interference and howls in radio reception," the secretary of commerce said in explaining the situation.

The new commission, which is to determine who shall have licenses to broadcast, at what time and with what power, will no doubt require some months to make arrangements of broadcasting stations which will be necessary.

There are today, 733 stations broadcast for public entertainment and information and there are a total of 1,813 radio sending stations of all sorts.

FRENCH ARE STUDYING AMERICAN CIVILIZATION

PARIS, Feb. 24.—(By The Associated Press.)—French students who wish to make a serious study of American life can now do so without visiting America.

The first French student who ever studied in the United States on a scholarship is now installed as holder of the chair of American literature and civilization at the Sorbonne. He is Professor Charles Courcier, student at Harvard from 1905 to 1907, and one of America's staunchest friends among the French people.

Professor Courcier speaks English with a Harvard accent. He was an exchange professor at Harvard in 1918, visiting a recent and that is something of a rarity in 1920 and 1922 and in 1923 lectured at the University of Wisconsin.

At the Sorbonne his lectures on America include such varied subjects as Lincoln and Walt Whitman, the gold rush of '49 and industrial development of sections of the United States.

DUELLISTS SAVE SKINS BUT OVERWORK HEARTS

BETHLEHEM, Pa., Feb. 24.—(By The Associated Press.)—Hard work and excitement proved more dangerous than flashing cavities when a recent duel that is something of a rarity in the United States was fought here.

When Count Paul Piffey and Friedrich Ketterer, son of a Berlin merchant, met on the field of honor, they found themselves too equally matched. They exchanged thrusts, parries and discharges during eight long rounds without scratching each other.

The doctor in attendance scolded signs

of exhaustion and knowing the men, he stopped the fight after the eighth round, claiming that the duellists' hearts were at the point of collapse.

So the combatants, licking their lips for a long quiet, staggered off the field, reconciled.

PERFUME TO DUST SUBWAY'S FOUL AIR

PARIS, Feb. 24.—(By The Associated Press.)—A perfume spray of disinfectant is now started from the test of occasional subway trains in Paris in a new experiment to purify the tunnel atmosphere.

Ventilation systems devised a quarter of a century ago for the foul London built have been outgrown. The number of people using the service has multiplied. The growing first-class cars in poorly ventilated tunnels where smoking is allowed, seems to concentrate the vitiation of the air some what more and more.

Idaho University Head Decides Not To Accept Place

UNIVERSITY OF IDAHO, Moscow, Feb. 24.—(Special to The News.)—Dr. A. H. Upham will not accept the presidency of the University of Idaho.

which will start its second year around the world next September, he announced following his return from New York where he was called for a conference. The board of regents of the University of Idaho decided that with the additional work resulting from the legislature's decision to make the Idaho Technical institute a southern extension of the university, an eight months leave of absence for Dr. Upham would be inadvisable at this time.

The definite offer of the presidency of the University of Idaho, followed several months of correspondence, said Dr. Upham. He was called to New York for a conference with the regents and it was then that the offer was made.

The faculty university will be carried out on the new "Aurum" 21,000 ton liner, built in 1921 by the Cunard service. The cruise will be operated by the Cunard line, one of the largest steamship companies in the world.

ENGLISH ORCHARDS PROBABLY 'WASBAILED'

CARLISLE, N. HAMPSHIRE, Feb. 24.—(By The Associated Press.)—English orchards have been "wasballed" by the Somerset villagers in accordance with an ancient custom which has been much neglected of recent years.

Songs were sung appealing to the trees for a beautiful harvest next year and the trees were dressed with garlands of holly and hawthorn leaves.

Villagers carried about the largest trees and placed them soaked in cider in the forks of the trees for the night. The custom is an inheritance from pagan days when there was a belief in tree spirits.

It is remarkable that the custom of following orchard playing for a living got rich—little blue Gazette.

PLANS U. S. RESEARCH IN DRUGS OF ORIENT

MINNEAPOLIS, Feb. 24.—(By The Associated Press.)—Research work in Chinese drugs will be undertaken at the University of Minnesota under direction of Dr. K. T. Wang, Chinese graduate student.

Drugs, known to these Chinese for thousands of years, but never studied in modern institutions of the country, will be brought to Minnesota by Dr. Wang, a student in pharmacology. He will leave in March for China to observe the use of the drugs.

The first French student who ever studied in the United States on a scholarship is now installed as holder of the chair of American literature and civilization at the Sorbonne. He is Professor Charles Courcier, student at Harvard from 1905 to 1907, and one of America's staunchest friends among the French people.

Professor Courcier speaks English with a Harvard accent. He was an exchange professor at Harvard in 1918, visiting a recent and that is something of a rarity in 1920 and 1922 and in 1923 lectured at the University of Wisconsin.

At the Sorbonne his lectures on America include such varied subjects as Lincoln and Walt Whitman, the gold rush of '49 and industrial development of sections of the United States.

ENGLISH ORCHARDS PROBABLY 'WASBAILED'

CARLISLE, N. HAMPSHIRE, Feb. 24.—(By The Associated Press.)—English orchards have been "wasballed" by the Somerset villagers in accordance with an ancient custom which has been much neglected of recent years.

Songs were sung appealing to the trees for a beautiful harvest next year and the trees were dressed with garlands of holly and hawthorn leaves.

Villagers carried about the largest trees and placed them soaked in cider in the forks of the trees for the night. The custom is an inheritance from pagan days when there was a belief in tree spirits.

It is remarkable that the custom of following orchard playing for a living got rich—little blue Gazette.

PLANS U. S. RESEARCH IN DRUGS OF ORIENT

MINNEAPOLIS, Feb. 24.—(By The Associated Press.)—Research work in Chinese drugs will be undertaken at the University of Minnesota under direction of Dr. K. T. Wang, Chinese graduate student.

Drugs, known to these Chinese for thousands of years, but never studied in modern institutions of the country, will be brought to Minnesota by Dr. Wang, a student in pharmacology. He will leave in March for China to observe the use of the drugs.

Idaho University Head Decides Not To Accept Place

UNIVERSITY OF IDAHO, Moscow, Feb. 24.—(Special to The News.)—Dr. A. H. Upham will not accept the presidency of the University of Idaho.

which will start its second year around the world next September, he announced following his return from New York where he was called for a conference. The board of regents of the University of Idaho decided that with the additional work resulting from the legislature's decision to make the Idaho Technical institute a southern extension of the university, an eight months leave of absence for Dr. Upham would be inadvisable at this time.

The definite offer of the presidency of the University of Idaho, followed several months of correspondence, said Dr. Upham. He was called to New York for a conference with the regents and it was then that the offer was made.

The faculty university will be carried out on the new "Aurum" 21,000 ton liner, built in 1921 by the Cunard service. The cruise will be operated by the Cunard line, one of the largest steamship companies in the world.

PLACE PADLOCK ON BLUE LIGHT

Officers Take Action to Close Mexican Resort as Liquor Nuisance: Owner to Prison.

Officers, in pursuance of an order issued by Judge W. A. Bingham, in district court here Thursday, padlocked as a liquor nuisance the building at 211 Second avenue south which has been occupied for a number of years by Joe Martinez with the blue light sign and has been frequented for the most part by Mexicans.

The order for padlocking of the premises was issued on application of W. W. Witham, county attorney, who, in stipulated proceedings for this purpose against Martinez and Frank Cindon as proprietors of the pool hall, and John Janney, owner of the building. The complaint alleged that the place has been used for purposes of selling and drinking of liquor. This position was supported by affidavits signed by E. E. Prator, deputy sheriff, and J. A. Emery and Bill Koenig, police officers.

Martinez, under sentence of two to five years for larceny in the state prison for sexual offense (illegally), and C. E. Jones, deputy sheriff, in going to the building, were previously convicted of violation of the liquor laws three years ago.

Officers of Elks Lodge Nominated

C. D. Thomas was nominated for the office of exalted ruler of the Twin Falls lodge of Elks at a meeting of the members in the Elks club rooms here last night. Other nominations were: Alvin Hottel, returned hunting knight; J. W. Mayers, returned hunting knight; A. J. Mayers, returned hunting knight; H. E. Baker, secretary; Harry L. Maxwell, treasurer; Frank McAuley, tyler; Charles H. Holmer, tyler for a three year term. Annual election of officers of the club will be held in the club rooms next Thursday night at 8 o'clock. It was announced that officers elected will be installed at the first meeting in April and will continue in office for one year, with the exception of the tyler who will be elected for a three year term.

At the meeting last night H. E. Grant, past exalted ruler, was appointed to act as exalted ruler in the absence of Frank Lynch, resigned, who left Thursday evening for San Diego, where he will be associated with his uncle in business.

Plans were also completed at the meeting Thursday evening for a box social and dancing party which will be given in the club rooms on the night of St. Patrick's day, March 17.

SOCIETY AND CLUBS

Edited by Mrs. E. H. Williams Phone 394

On Wednesday evening the Elks lodge of the Elks club members gave a dinner, which was followed by dancing and cards. The tables were especially attractive with bouquets of pink roses and bouquets of blue and white. Each lady was presented with a handsome favor. Music was furnished by Benoit's Radio orchestra.

Sixty members and guests attended the annual budget luncheon given by the Woman's Missionary society of the Presbyterian church Wednesday. A. C. Peterson presided over the luncheon and Mrs. L. E. Breckenridge was leader of the program which followed the luncheon. Mrs. G. M. Hall led the company singing and the officers gave reports on work done in their respective departments. The president closed with a short talk. The treasurer, Mrs. F. J. Breckenridge, gave her annual report and the members present made their pledges for the coming year. Pledges and candles in crystal holders were used to decorate the tables.

Members of the Neighborhood of Woodcraft, Thursday night, met with Mrs. Watts Tuesday. Mrs. Ralph Wilcox presided during the business session following which some time was spent making a quilt, proceeds from which when sold will be sent to the Woodcraft fund. The meeting was served at the club of the meeting.

Mrs. E. O. Spierberg and Mrs. E. J. Clark presided at a charmingly given three course bridge luncheon Wednesday at the home of Mrs. Day. Places were marked for tea at a table artistically decorated with flowers and red napkins with place cards and not cards carrying out the patriotic color used in honor of Washington's birthday. Mrs. Roy Gardner was winner of the high score favor.

FUNERALS

DOKY, BELLE, HARRAL—Funeral services will be conducted this afternoon at two o'clock at the Blue morning chapel for Della Belle Harral, four years old daughter of Mr. and Mrs. Vank Harral, who died Wednesday night at the home of her parents 102 miles southeast of Twin Falls. Rev. J. Elliott Smith, pastor of the Oregon church of Kimbrey, will officiate and interment will be in the Twin Falls cemetery.

WYKE, C. L.—Funeral services will be conducted this afternoon at two o'clock at the Gossage chapel for C. L. Wyke, who died at his home here last Monday. Rev. G. G. Howe of the Bethel of Temple of Twin Falls will be the officiating clergyman and the body will be laid at rest in the Twin Falls cemetery.

MULES AND CATTLE LEAVE

A carload of 50 mules was loaded at Kimberly Wednesday by Kirby and Williams for shipment to Denver. Nick Smith of Oakley loaded a carload of beef steers for Ogden markets and S. Tupper loaded a carload of cattle for Ogden markets. The cattle were loaded at Kimberly Thursday, according to report of Earl J. Bowers, county board inspector.

TINGWALL STORE PICKS NEW HOME

Concern Formerly Owned by Woodway Company Moves to Main Avenue South.

A. W. Tingwall, president of the Tingwall Stores, Incorporated, Thursday night announced that the store located at 247-249 Shoshone street south will be moved to quarters now occupied by the A. H. Vincent Furniture company at 242 Main avenue south on April 15. The new home for the Tingwall store is the former home of the Woodway company, which was purchased for \$75,000 from the Woodway company here, will be that which occupied a number of years ago by the Big White store. The location of future quarters of the Tingwall branch is held by business men to be one of the best in this city.

Incidental to this announcement Mr. Tingwall last night stated that H. O.mond, of Portland, has been appointed manager of the local establishment. Mr. Omond came here directly from managerial capacity with one of the Tingwall stores. Prior to that time Mr. Omond was engaged in a similar capacity in Nampa and Portland.

CARD OF THANKS

We wish to express our sincere appreciation for the sympathy shown us in our bereavement and for the beautiful flowers.

HERBERT A. SMITH, MRS. STELLA HUGHES, MISS GLADYS SMITH.

BUHL SCHOOL DISTRICT TO VOTE ON EXTRA TAX

BUHL, Feb. 24.—The school board has called a special election for Friday, March 4, the Buhl Herald says. When the vote is taken the district will be given an opportunity to pass on the question of increasing the levy for general operation expenses to the extent of two mills.

Under the present law the board has the right to levy eight mills for school operation but if further funds are necessary the increase must be authorized by the voters. At Twin Falls the board has been unable to operate their schools without additional funds and each year since 1923 the people of that district have voted seven mills additional.

In this district the board has been able to operate the schools with the eight mills allowed. To carry on the same work as formerly the board is of the opinion that it must have more funds to work with and has called a special election for this purpose. Two mills additional will be sufficient to meet the needs of the board.

At the same time that the board is asking for two mills additional, it is also making a cut of two mills in the levy for interest account. The board has paid off approximately \$100,000 on the bonded indebtedness of the district and for that reason needs less money in the interest fund. The board can not transfer the money from the interest fund to the general fund.

W. R. Hatfield, president of the school board, has issued a call for a mass meeting to be held at the high school Monday evening, February 28, at which time a full discussion of the finances of the district will be had.

HEAT RECORD BROKEN

HOUSTON, Texas, Feb. 24.—All previous February heat records were surpassed here today when the thermometer at the Houston weather station registered 87.1 degrees at 5:30 o'clock.

KLAN LOSES CAUSE BEFORE HIGH COURT

WASHINGTON, Feb. 24.—The Ku Klux Klan today lost in the supreme court its claim of the right to carry on parades in any state without obtaining permission from the state.

The question reached the court from Kansas in an appeal by the Georgia Klan corporation which sought to restrict activities there without obtaining permission as required by the Kansas law relating to corporations organized in other states.

Quoting from John S. Dobb, counsel for the Klan, by the members of the court during his argument was followed by Chief Justice Taft's announcement that the case for the state would not have to be heard as the court was without jurisdiction in the case.

STUDENT ROBBERS SONS OF PROMINENT FAMILIES

DAILY, Ind., Feb. 24.—Two former students who deserted school for the bright lights of Chicago tonight confessed in a newspaper in which they secured \$1000 here tonight said they were sons of well to do families of Elgin, Illinois.

After a day spent in futile efforts to conceal their identities and thus shield their families, the boys said tonight that they were Henry Atkinson, 21, son of an Elgin physician, and George E. White, also 21, son of an Elgin real estate man.

MAKING ONE SKELETON FROM DINOSAURS' BONES

LONDON, Feb. 24.—Experts at the Reindeer museum of natural history have started a 10-year puzzle game of assembling the bones of 25 dinosaurs—all of which are more than 20,000,000 years old—in hope of getting one complete skeleton.

The dinosaurs' family names are

"Terrible" and they were unearthed by the British museum east african expedition in Tanganyika.

There are 2000 bones contained in 100 large cases, each to be allotted to its proper place in the crossbone puzzle. The final skeleton will be 50 feet long and 30 feet high.

WHERE GRAPESUIT IS CALLED AN "INDIAN"

BUCHARIST, Feb. 24.—Grapesuit are called "Indians" in Rumania and they cost \$1 apiece.

The natives never saw them before and some speak of them as "thick-skinned apples." They were imported because Maria liked them. They are called "Indians" because they are grown in Palestine and that is India to the Bucharist growers.

In Bucharist, the newspapers say, grapesuits are called "American cherries, California size."

BISHOP IMPROVES DENVER, Colo., Feb. 24.—

Marked improvement in the condition of Bishop J. Henry Tibbitt of the Colorado diocese of the Catholic church, was reported tonight by attendants at the Mercy hospital.

CENTENARIAN MASON LIKES MODERN GIRL

CENTRAL FALLS, R. I., Feb. 24.—If the first hundred years are the hardest, it's all clear sailing now for Joseph M. Loges.

Loges started his second century this February with some modern ideas, an undiminished appetite for a good cigar and a memory that takes him back to the days of the Mexican war.

Loges likes flippers and considers short skirts more sensible than the hoops and pantaloons of half a century ago. He sets no harm in the Charleston or Black Bottom. He became a Mason in 1858.

He quit work 30 years ago, but has followed events with keen interest, especially mechanical developments in the textile business. He believes the radio is the world's greatest invention.

Checkers are his hobby. He figures that in the last 20 years he has played 14,000 games with his pal, Henry Gallagher, a youth of 65.

The double-breasted Blue!

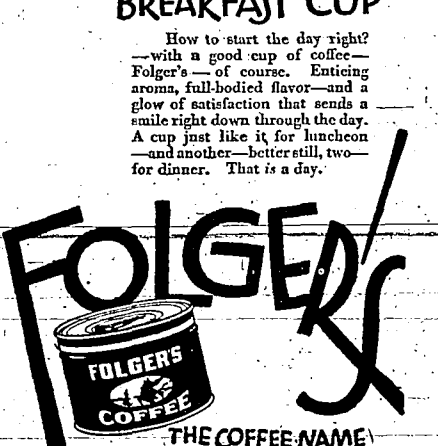

A man never looks so well as when he's wearing a double-breasted blue suit. There's something dressy and spruce about it, that makes him throw back his shoulders and feel his best as well as look it.

Time once was when only the tall, slim man could wear a double-breasted suit to advantage—now Griffon suits are offered in a range of size variation that offers the pleasure of wearing double-breasted suits to men of every build. And there's an equally wide range of prices!

LATE RAILROADS SAVE BIG LOSS

Fresh Breaks in Grain Values
Partly Overcome; Corn and
Oats Reach Season's Low.

CHICAGO, Feb. 24 (P)—Fresh breaks in grain values today were partly overcome by later good rallies. Corn and oats both reached new low prices for the season. Further fluctuations of corn acted as an early bear factor in the cereal pits, but subsequently notice was taken of better export loading of wheat and lessening of receipts of corn.

Weather Favors Crops
Widespread spring-like weather, favorable for growth of domestic wheat, wheat led to considerable selling in the wheat crowd, and even more among corn traders. It was pointed out that the open winter, has caused a falling of corn and that stocks have accumulated to an unlooked for degree, with only a hand to mouth supply.

Chicago, Feb. 24 (P)—Steady—Improved foreign loading, and a hand to mouth supply. It was pointed out that the open winter, has caused a falling of corn and that stocks have accumulated to an unlooked for degree, with only a hand to mouth supply.

PROFIT TAKING SALES FEATURE STOCK MARKET

NEW YORK, Feb. 24 (P)—Resumption of the upward price movement in today's stock market was accompanied by a large volume of profit taking and bear selling, based on the theory that the market was entitled to at least a technical reaction after four weeks of steadily rising prices. As a result, the final quotations disclosed marked irregularity, but there were no multiple of sustained weakness. Profit taking was the main feature of the day's movement.

Foreign Exchange—Mixed. Norwegian kroner weak.

Cotton—Steady on better cables. Sugar—Firm; trade selling.

Chicago, Feb. 24 (P)—Steady—Improved foreign loading, and a hand to mouth supply.

COMMISSIONERS NAME MEMBERS OF FAIR BOARD

Nepht Larsen, Rock Creek, and
C. D. Peebler, Lucerne, Ad-
ded to Directorate with Four
Veterans Retained for Year.

With the exception of Dr. R. S. Arnes of Piler, who has been physically disabled for many months, all of the members of the 1926 Twin Falls county fair board were reappointed Thursday by Twin Falls county commissioners, and two new members added to the board for the coming season. H. E. Broadard, county agent, being designated as a member of choice. Newly appointed members of the board are Nepht Larsen of Rock Creek, and C. D. Peebler of Lucerne, and the reappointed members, most of whom have served on the board for a number of years, are P. C. Meredith of Bald, R. T. McNamara of Bald, Grover C. Davis of Piler, E. O. Walter of Piler, C. D. Irwin of Kimberly.

Mr. Broadard, county agent, heretofore has served as a member of the board. He was appointed.

Members of the fair board will arrange for their meeting to effect organization for the coming year, and are expected to take up immediately the matter of appointment of a successor to George N. Tucker, who resigned as secretary of the fair board to enter upon work with the state dairy division.

Girl Students Talk Vocations

Vocations for women, varying from that of sculptor to detective and photographer to lawyer, were discussed and pantomimed at the Blue-Orange club meeting Thursday afternoon. The entire program was planned and directed by Hazel Grimes, and musical numbers by Dorothy Kessler and Dean Maher and readings by Agnes Riches interpreted the program. A group of junior high school girl reserves assisted in several pantomimes. The program was as follows: Sculptor, pantomimed by Marjorie Chaslow, discussed by Dorothy Dinkelacker, typist, Dorothy Hedstrom, Alpha Three; teacher, Dorothy Chaslow, Helen Warner; dreamer, Cleo Coleman, Jean Sweedley; musician, Carol Thompson, Charlotte Vogel; nurse, Blanche Detweiler, Harriet Dunn; social worker, Marjorie Neale, Amy Phil; author, Barbara Provost, Jean Maher; detective, Katherine Larned and Eleanor Ryan; lawyer, the readers; professional story teller, Viola Botcher, Ella Kreuger; photographer, Helen Parrott and Maurine Ballard; Violet Adams, interior decorator, Florence Morris, Ruth Hawley; camp director, Uta Kirkman, Mary Prescott; lawyer, Mary Alice, Ditter, Mildred Stubbfield; police secretary, Agnes Riches and Leone Andrus; Grace Donahoe, civil service, Vera Barnes, Helen Barnes, musician, Virginia Crutcher, Dorothy Kessler; movie stars, athlete, Elma Rowberry, country girl, Julia Jacobs, "camp," Naomi White, Eugene Briggs, Jenkins, Jackson plate, Charlotte Simpson, baby star, Beth Piler, directors, Wilma Banks, and Vivian Wilson, Pearl Wall, Mary and movie maker, Marcelle Winn, Helen Heiter.

GRANGERS WILL MEET

Members of the Twin Falls Grange will hold their regular monthly meeting in the Business and Professional Women's club room here tonight at 8 o'clock. A special program has been arranged and a large attendance is expected.

DITCH DISPUTE GOES TO TRIAL

Court Hears Evidence in Suit
for Establishment of Claim
to Right-of-Way.

Suit involving claim to an irrigation ditch right of way across another man's land went on trial in district court Thursday, introduction of evidence being completed during the afternoon session. In this case, E. A. Kelly is seeking to establish claim to a ditch right of way across land owned by W. Smith, defendant in this action. The original ditch was built about 17 years ago. Smith asserts that the original ditch was used by Kelly and his predecessors under permission granted by Smith with the provision that ultimately the ditch would be removed and it then would be necessary to build a flume to carry irrigation water to the Kelly lands.

The case for Kelly was presented by W. W. Chapman of Caldwell & Chapman, defendant Smith being represented by J. W. Taylor of Taylor and Purvis. Introduction of evidence was completed Thursday in the case of J. S. Barrett and others against W. W. Smith, involving dispute over the actual mortgage conveyed by Patrick to Barrett in sale of farm land northwest of Twin Falls.

Argument in both cases will be presented by attorneys at the conclusion of the attorneys, it was agreed.

Kimberly Woman Is Summoned by Death

Mrs. Mary Brockton, wife of W. F. Brockton, former Twin Falls county commissioner, died at the family home in Kimberly, Thursday, March 24, 1927, a check from effects of an illness that had its inception a number of years ago. For the past twenty years, Mrs. Brockton has been a resident of Kimberly. Mr. Brockton, her two sons, Harold and Lem of Salt Lake City and Clarence Lem of Klamath Falls, Oregon, by a former marriage where at the bedside when death came.

Mrs. Brockton was born June 29, 1871, in Cabernet, Oregon, and lived to the age of 55 years, seven months and 26 days. She was married in Puyallup on December 25, 1905, to Mr. Brockton, but to this union no children were born.

Both of Mrs. Brockton's sons arrived here only a few hours before their mother's death, in response to a message telling of her serious condition.

The body lies at the Grossman undertaking parlors in Twin Falls awaiting completion of funeral arrangements.

BREVITIES

Visiting in Montpelier—Eugene Jones is visiting for a few days at the home of relatives in Montpelier.

Jarbridge Man Here—T. C. Jarbridge, mining engineer of Jarbridge, is spending a few days in Twin Falls.

In Gooding on Business—J. H. Jammer, district court executive, Thursday attended a court meeting in Gooding.

Pocastello Man Visits—C. E. Bush of Pocastello spent Wednesday and Thursday in Twin Falls and returned to his home last evening.

Here from Burley—E. R. Darlington of Burley, manager of the Minidoka irrigation project, spent Thursday in Twin Falls on business.

Here from Boise—H. M. Leighton of Boise, representative of a national advertising company, is spending a short time in Twin Falls on business.

Leaves for Boise—J. E. A. Kelly left Thursday evening for Boise where today he will appear in the suit concerning ditch rights.

Back from Long Beach—Mr. and Mrs. T. B. Bundy returned Thursday afternoon from Long Beach where they spent some time visiting relatives.

Leaves for Salt Lake—T. W. Wright, Thursday night for Salt Lake where he is spending a short time here on business.

Salt Lake Man Visits—J. P. Keat, traveling freight and passenger agent for the Rock Island railway, spent Thursday in Twin Falls on official business.

Visits Brothers—W. R. Kowison of Oregon, is a guest for a few days at the home of his brother, D. P. Kowison, having spent a short time visiting relatives in Oregon.

Former Twin Falls Man Dies on Coast

Death of Frank L. Woodruff, former resident of Twin Falls and candidate in 1918 for the state legislature on the democratic ticket, in Los Angeles on February 23, was announced in a message received here Thursday by D. P. Kowison, former Frank Woodruff, public administrator of Los Angeles. Heart disease is thought to have been the cause of his demise. The only immediately surviving relative is a sister who resides in Salinas, Colorado. An effort is being made by P. J. Grossman, Twin Falls county engineer, to locate the sister, in accordance with a request from officials in Los Angeles, in order that proper disposition of the body may be made.

Mr. Woodruff is thought to be fairly well off and it is probable that the body will be brought to Twin Falls for burial by the side of Mrs. Woodruff, who preceded her husband in death five years ago.

During Mr. Woodruff's residence in Twin Falls he was employed for a number of years as a clerk in the Jenkins store, later he held a similar position in the Idaho Department store. For some time thereafter he was associated with the Twin Falls Times, and in 1921 was conferred the title of editor-in-chief. He left Twin Falls in April, 1922 for Los Angeles, where he has made his home since.

**FIFTEEN NEW BOOKS
ARE ADDED TO LIBRARY**
Books in the fiction, non-fiction and juvenile classes numbering 15, have been added to the shelves of the Twin Falls public library during the past week, according to the weekly statement last night of Miss Edith Fraser, librarian.

Following is a list of the books: *Twelve Years a Slave*, Harriet Beecher Stowe; *Liability of the Nervous System*, Paulist; *The Little Grammar*, Ernest Horn; *Psychology of the Other Mind*, Meyer; *Best Plays of 1925-1926*, Morley; *Modern Poetry*, Keats; *Scott and My Takanawa*, Chum.

Fiction: *Twenty-Eight*, Humorous Stories; *The Allegory of the Ship*, Shaw; *Military*, Best Short Stories of 1926, O'Brien, and Juvenile; *Soldier Boy*, LeFevre; *Happy New Year*, Han.
