WOMAN RELATES MURDER STORY AFTER GRILLING

Young Wife Breaks Down Following Long Siege of Questioning; Bares Sordid Details of Crime to Police.

(By The Associated Press) NEW YORK, March 21.—Henry Judd Gray early today confessed that he and Mrs. Ruth Snyder killed her husband, Albert Snyder, art editor of the "New York Daily Mirror," District Attorney Newcombe of Queens county announced.

Gray in his confession said that he and the widow arranged the murder of the husband, which he announced following his arrest today in Syracuse, N. Y.

Both Gray and Mrs. Snyder were arrested on charges of homicide. Gray said he struck the first blow with a pin bar and that Mrs. Snyder then took it and struck her husband.

SYRACUSE, N. Y., March 21.—Henry Judd Gray, arrested here today in connection with the murder of Albert Snyder, N. Y., was taken aboard a train for New York City this afternoon.

Detroit, Mich., March 21.—Muriel in Aaron Sapiro's \$1,000,000 libel suit against Henry Ford, hanged nearly all day over a single brief in-court session, and was rejected by Judge Fred M. Raymond, making a far-reaching decision in a two-year ruling.

NEW YORK, March 21.—A young married woman "whose victims" are named as "Tommy," today broke down after 11 hours of grilling in a police station, and related to the police the sordid details of her husband's murder before today Sunday.

It was the "old story," said the judge, "the eternal triangle" of a young woman, the kidnapping of her husband and her lover, and a plot for "freedom" with the other man resulting in a crime.

BALKAN STRIFE AGAIN TO FORE

European Diplomacy Nervously Engaged in Attempt to Avert Trouble Between Nations.

LONDON, March 21 (AP)—European diplomacy today was engaged nervously in the task of averting trouble, or perhaps war, in the Balkans. It has been feared might arise ever since the conclusion of the treaty of Trianon between Italy and Albania.

The Italian protests to Belgrade against alleged military preparations aimed at Albania have drawn details of a military expedition by the Yugoslav government has invited the military attaches of the powers to ascertain the truth of the Italian charges for themselves.

Advised Moderation It was authoritatively stated that the British minister in Belgrade called at the Jugoslavian foreign office today and advised that Italy is seeking the greatest moderation in connection with the question over Albania.

In some quarters the suspicion has been advanced that Italy is seeking a pretext to satisfy her "Adriatic ambitions." Although the controversy is regarded as a proper matter for mediation by the league of nations, it was feared that such a solution would not be acceptable to Germany apparently is carefully keeping aloof.

MAINTAIN MARTIAL LAW

COPPEYVILLE, Kan., March 21 (AP)—Military rule here was extended by Governor Paulen tonight when a group of citizens headed by State Representative Harold McGuffin expressed fear of further trouble between negroes and whites, although the military withdrawal, scheduled for midnight, got into effect. The guard will be maintained one week if necessary. The situation was quiet tonight.

VICTIMS BLUE LAW BILL COLUMBIA, S. C., March 21 (AP)—Governor Richardson Ligonist vetoed the bill passed last week by the legislature liberalizing the existing Sunday blue laws. By this action, the governor declared that he intended to enforce the ancient statutes which he recently revised.

Gaines Testifies in Own Defense at Trial For Broker's Murder

SANTA ANA, Cal., March 21 (AP)—Albert Dewey Gaines, Utah ex-convict, today testified in his own defense at his trial here for the murder of Joseph J. Patterson, Los Angeles broker.

The prosecution closed earlier in the day and Gaines' first two witnesses were officers of the county jail, who testified that a part of the story of Rev. Philip A. Gouldwin, a former priest of the American mission in Santa Ana, had been arrested and sentenced to death for the murder of the broker, largely on the testimony of Gaines.

THE trial began on the stand but a few minutes when court adjourned for the day and his testimony had not yet touched directly on the case.

JUSTICE SEEGER MAKES DECISION IN DIVORCE CASE

Wealthy New York Realtor Is Granted Separation on Ground of Abandonment; Peaches Fails to Get Compensation.

(By Associated Press.) CARMEL, N. Y., March 21.—The former Frances "Peaches" Heenan was granted a divorce by Judge Justice Seeeger today, without compensation, less than a year since her husband, Edward West Heenan, a wealthy New York realtor, was pronounced dead.

The case was heard in the Supreme Court Justice J. H. Seeeger, who presided at the "open to the press and public trial" here and at White Plains, said, in the decision, that he failed to find Mrs. Heenan's charges of criminality sufficiently substantiated by the evidence.

Allimony Ceases. The real estate man, who 53 years of age, was divorced from his wife in 1926, following a nervous breakdown, which began in November, is now financially disinclined, and her only claim to continued support is to return to her husband, should he desire to take her back.

The suit was filed in 1926, after Mrs. Heenan had been married for several years to the young woman, Mrs. Browning, testified, who was charged with charges ranging from negligence to adultery.

The justice, viewing the case in a whole, said the occasion to criticize both sides of the separation suit—Mrs. Browning's side for an "attempt to palm off an 'expunged' diary" as evidence and again Mrs. Browning's side for the testimony of two male witnesses, who, the justice said, "ought not to be presented."

Justice Seeeger granted Browning the separation—she began the suit on the ground of abandonment, dismissing the real estate man's first cause of action of alleged adultery. Mrs. Browning, the justice held, failed to justify her conduct in leaving her husband.

Dismissal Counter Claim. The counter claim, that she was forced to leave because she could "no longer stand" the company of her husband, was dismissed.

The only point of peculiarity which, said Justice Seeeger, he could find in the real estate man was the fact that he married so young a woman. Even so, he said, he believed Browning's "intentions were good," as she said Mrs. Browning was "out," as she said Mrs. Browning was "out."

High Pressure Fire Hose Halts Riot of University Students

Nearly 400 Johns Hopkins Men Engage in Demonstration; 30 Injured in Melee.

ANNAPOLIS, Md., March 21 (AP)—High pressure fire hose halted a riot of nearly 400 Johns Hopkins University students here tonight, in the shadow of the Maryland state house, after shots had been fired by police and an appeal had been made to the governor for the national guard.

Approximately 30 students were injured, several seriously, and damage estimated at \$2,000 was done to the national guard armory, while an attacking force of Johns Hopkins sophomores attempted to break up the student riot on a dinner. Nine were arrested and other participants in the riot were being sought.

Riding in Trailer. The accident in which both men sustained fatal injuries occurred on the state highway near Annapolis. Both men were riding on an automobile trailer attached to a Buick roadster that was being driven by Jack Brooks of Rupert, Minniscopa county sheepman. The men were on route from town where they had spent the evening to Mr. Brooks' ranch several miles east of Rupert. The direct cause of the mishap is attributed to a poor connection between the car and the trailer.

Mr. Brooks is said by witnesses, was driving at a usual rate of speed when the trailer broke loose from the automobile and turned over in such a manner as to fall upon the head of the two men who were thrown to the ground violently when the tongue of the trailer plowed into the curb and forced the vehicle to turn over completely.

Both Found Unconscious. The driver's attention to the mishap was called by the fact that men remained and the machine was brought to a halt immediately. The men were removed from beneath the trailer in a momentous collision and were bleeding profusely about the head. Both were rushed to the Annapolis city hospital, but the other brother died en route.

Bodies of the accident victims lie at the clubhouse undertaking parlors in Annapolis where they await completion of funeral arrangements.

IN CRITICAL CONDITION HILLY, March 21 (Special to The News)—Martin Hilly was in a critical condition at a local hospital tonight, more than 36 hours after an automobile accident on the highway between Hamlet and Murlington.

BASQUE HERDERS DIE FROM HURTS IN CAR ACCIDENT

Second of Two Brothers Succumbs to Injuries Monday Forenoon at Rupert Hospital; Skulls of Both Fractured.

(Special to The News.) RUPERT, March 21.—Two brothers, Basque sheepherders, received fatal injuries when the trailer in which they were riding broke loose from the automobile in which it was attached last Saturday night on the state highway near east of Rupert.

Heliois Carling, 28, died on the way to the hospital at Rupert where his brother, Antonio Carling, 25, died shortly before noon today. Skulls of both men were fractured, and Heliois' neck was broken.

Bitter Street Fighting Stirs City of Shanghai

Native Portion of Great Oriental Port Seething With Troops as Cantonese Take Over Control; International Settlement Quiet.

(By The Associated Press) SHANGHAI, March 22.—Strikers and 150,000 Shanghai were sacking the Chinese quarter of Shanghai at noon today. A reign of absolute terror prevailed.

SHANGHAI, March 21.—The native city of Shanghai, China's greatest port and most important trade center, which fell into the hands of the nationalists this morning, was seething tonight with bitter street fighting and turbulent riots.

Sitting on the lid of the boiling cauldron and guarding the 37,000 inhabitants of the international settlement, were 15,000 protective forces, including 3,500 United States marines, backed by the big guns of the large international fleet in the Whangpoo river. Several times today, Chinese machine guns and aeroplanes poured the chaos of the native city, but tonight it was very quiet with its residents obeying the warning to remain indoors.

Orders Action BY GRAND JURY. Kentucky Travesty on Justice to be "Sifted to Bottom" Under Directions of Court.

MARTIN, Ky., March 21 (AP)—Baltimore grand jury today returned indictments against a woman alleged to have perjured testimony, conceived in jealousy, sent a man to prison under false charges and "broke" her grand jury today.

A petition for a pardon for Conley Dalmy, 28 years old, under life sentence for the "murder" of Mary Vickers, 16, was being circulated today. Judge J. C. Foster, ordered the grand jury to "sift the case to the bottom."

Justice Makes Statement. "A frightful travesty has recently been committed in Harlan county," Judge Foster said. "A man was indicted in this court on a charge of brutal murder and assault of a 16-year-old girl. This man, moving time in the penitentiary under a life sentence for the murder of a girl, who is alive and at the present moment is here in Harlan.

The jury decided the case upon the evidence of witnesses. One of these witnesses declared the murder of that girl as any eye witness. A more dangerously old is inconceivable."

Two Women Held. Miss Vickery, who came back Saturday with a story of having left home because she was dissatisfied, and Marie Jackson, 27, the state's principal witness at the trial, today were held in grand jury. Both are being held pending an investigation.

Rebels Hold Up Mexican Train. Americans Believe Robbery Planned for Dual Purpose; Resident Tells Story.

MEXICO CITY, March 21 (AP)—Belief that the robbery Saturday night of the Juarez-Mexico City train was a revolutionary demonstration was expressed today by American passengers on the train.

"They said the robbers raised the revolutionary flag of the Cincos Cratos revolution (Long Live the Five Cratos) and declared they believed the robbery had the dual purpose of demonstrating to Americans the truth of the Mexican revolutionary movement in Mexico and raising funds for revolutionary war. It is reported that about 100,000 pesos of government funds were taken from the express car.

Olvera Account of Robbery. A well known resident of Mexico City, who asked that his name be withheld, gave the Associated Press an account of the holding. He said: "About 9:30 Saturday night the train was stopped near Ojoregon station. Violence of rifle fire began and lasted about five minutes, bullets whizzing between the ears. Suddenly the train stopped. 'Cincos Cratos' and shouting incessantly, inside some of the passengers were being searched and crawled into berths or into the aisles.

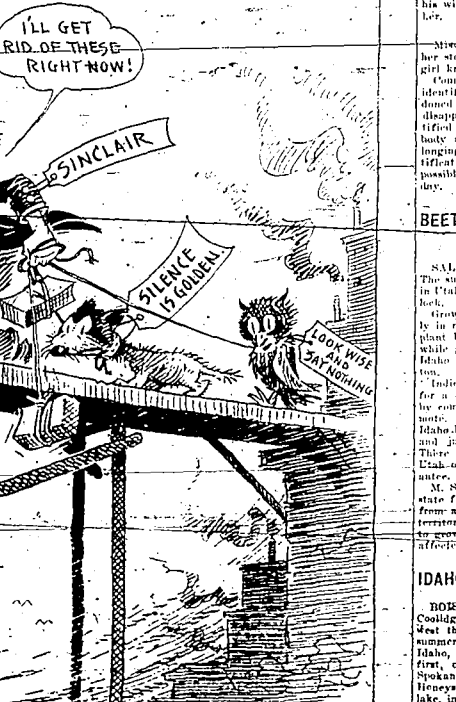

"The military escort upon the train was without firing a single shot. (This conflict was other reports) and the military guard fought valiantly, some being killed and others wounded.

"After the bombardment the robbers searched the train and entered my Pullman. The chief told the passengers to get on to a safe place and to hurry. Turning to his man he declared he would shoot the first one who took away a penny from the passengers or molested them in any way.

"The chief declared: 'We are attacking and burning this train so the people of the United States will see this Mexican government has a real revolution, also by taking the government shipment of coal in the express car.'

"I was had considerable experience with Mexican bandits. They always come from the mountains and this crew showed nothing except 'Cincos Cratos' which means 'Long Live the Five Cratos' and the chief said that it is a revolutionary movement."

WILL PROTECT TIMBER LANDS OF GEM STATE

Idaho Forester Authorized by Board to Enter Into Agreements With Various Associations; Plan Reforestation.

(By Associated Press.)
BOISE, March 21.—Idaho's state forester, who has been authorized by the state conservation board of forestry to enter into agreements with the various timber protective associations to protect timber, forest lands and reforesting lands of non-members at the rate of five cents per acre. Protection of green timber for non-members of associations was fixed at 10 cents an acre. Additional costs covering against such lands are to be taken care of through federal funds provided under the Clark-McNary act and associations' memberships.

Bush Named for Place.

Ivan E. Bush, Moscow, re-nominated state forester, was appointed state forester by the board at a meeting held at the Governor's Hotel. He is appointed W. D. Hamilton, Potlatch, C. A. Horton, Boise; Albert Campbell, New Rex, K. McLaughlin, Jr., Coeur d'Alene, as forestry board members. Campbell, whose appointment was recommended by the Idaho Foresters' association and Idaho Cattle and Horse-Growers' association, succeeds Worth B. Lee, Mountain Home. The others were re-nominated by the Idaho Foresters' association.

Executive Committee Named.

For north Idaho, J. H. Nash, state land commissioner, chairman; Mr. Hamilton and Mr. McLaughlin, Jr., as members. For south Idaho, Commissioner Nash, chairman, Mr. Horton and Mr. Campbell.

Declaration of Policy.

The declaration of policy adopted by the board of forestry, which was subject to criticism during the legislative session, "shall be administered for the purpose of reforesting, protecting, and conserving the timber resources of the state for the benefit of the livestock industry of the state, and for the purpose of protecting the water supplies which are vital to the success of farming, irrigation, water power development and the continuity and purity of the timber resources of the state, and for the purpose of providing for the proper disposal of brush and waste in timber operations, so as to reduce the recurring fire hazard to all forest land and other property adjacent thereto; and of fostering the business of the manufacture of timber and lumber products."

Rules Adopted Prohibit Smoking.

In logging and lumbering regions except in regularly established camps; except that fire tools kept at each logging camp, in that each camp will not have more than 10 men keep a properly equipped patrolman; that five men of each camp shall be designated as fire crew, ready at all times to go to forest land to provide for the disposal of slash under the direction of fire wardens of the state forestry.

Board members decided to arbitrate differences as to the classification of lands.

Utah Woman Faces Charge of Murder

SALT LAKE CITY, March 21 (AP)—Mrs. Bernard Peterson of Murray, Utah, confessed poisoner of her son Kenneth, 27 months and her foster daughter, Margaret Bateman, 17 months, on March 8, will be charged with first degree murder in a complaint to be issued here Tuesday morning.

The woman was adjudged "legally insane" tonight by District Judge J. C. H. and District H. B. Three, neuro-psychiatrists, following an investigation of several days duration into her mental condition.

Ben Wyndson, sugar planter in the employ of the Union Pacific railroad, a resident of Los Angeles, who authorities declare, has admitted that he prepared poison for Mrs. Peterson after many clandestine meetings in Salt Lake City will be charged with a statutory offense in the prosecution of the alleged association with Mrs. Peterson.

TEXT OF GENEVA NOTE PUBLISHED

American Memorandum Containing Observations on Commission's Report Made Public.

WASHINGTON, March 21 (AP)—The state department made public tonight without comment the 2500 word text of the American memorandum submitted March 8 at Geneva and containing observations on the report of the joint commission of experts on economic and administrative aspects of the general disarmament discussion fostered by the league of nations.

Favor American Views.

As an instance of this, the American declaration against international control and supervision of transportation routes and international waterways is noted as a more advanced position than that of the British, Chinese, Italian, Japanese and Swedish delegations joined. The group of nations also declared that something must be done "anything in the nature of international imperialist communism."

Resource: Separate Problem.

With reference to the joint commission's observations on the international material resources on the way strength of a nation, the American memorandum pointed out that this was a separate problem for each country which "can never be solved by artificial international agreements," since countries had to take into account their own resources and the development of their own countries power in such resources he provided with them, "except through the medium of agricultural and industrial development."

The American document asserted the belief that land and air armaments were not a single problem, but that land limitation agreements quite regardless of whether the regions covered by such agreements might be economically self-sufficient or not. It added that while views of economic experts were "perhaps of interest" to regional agreements must be governed by political conditions and the decision of governments "as to whether they wish to adopt a policy which promises an immediate limitation of land and air armaments."

ITALIANS SPEAK UP

GENEVA, March 21 (AP)—Italy never will accept armaments inferior to those of any other country of continental Europe, declared a delegate of the Italian delegate to the league of nations preparatory commission on disarmament which began its sessions here today in search of a formula for a general disarmament treaty.

General Martini's declaration makes it clear that Premier Mussolini will insist on keeping Italian armaments on a level with those of France. His position was the most striking feature

prosecution brutally described by the police as unparalysed here in years' principals in story.

The principals in the crime were Albert Snyder, an editor of a magazine of motor racing, 45 years old, his attractive blond haired wife, Ruth, 22, and his wife's friend, Henry David Gray, 21, regarded her in an alleged confession of the actual slaying.

The oldest is dead from blows on the head with an iron bar, and from his neck having been nearly twisted through with picture wire.

The other two are held by the police in widely separated cities in New York state.

Gray was arrested in Syracuse, N. Y., in a hotel room at 12:30 o'clock this morning.

Denies Knowledge of Crime.

Fully dressed, shapely and gray, a sunset salmon, and a husband and father with a residence in Chicago, Gray, shrugged his shoulders at the entrance of the police, they said, and denied any knowledge of the crime.

He had been in Syracuse since the day, he said.

In a police station at Long Island City, meantime, Mrs. Snyder was questioned.

The first day's deliberations, ending at 11 o'clock, when tension is reported between Italy and Yugoslavia, which is friendly to France.

Presently British draft was presented. The first day also brought the presentation by Viscount Cecil, England, of a complete draft of a treaty of an armistice reduction. Paul Boncour, France, also announced that after he would present a French draft which would differ from the British plan in important respects.

The draft introduced by Lord Cecil provides for entering into special limitations by means of a committee of experts, instead of fixing the total tonnage of all warships, as advocated by the French and Italians.

armed Kuomintang bodies were believed to have congregated, and the artillery fire demolished a restaurant, killing several occupants. One or two shells from the native city fell in the foreign settlements. One shell, a dud, fell in the grounds of the American Presbyterian mission.

NO DISORDERS IN SETTLEMENT

WASHINGTON, March 21 (AP)—Reports that American and other foreign residents will escape serious danger due to the capture of Shanghai by Chinese nationalists was heightened tonight by official advice that there had been no disorders in the international settlement since the capture of the city.

Pending complete occupation of the area by Chinese troops and the appearance of responsible nationalist leaders with whom the Shanghai authorities can deal as representing a definite government, official appreciation will be shown in the Washington government is concerned.

Marine Regiment Landed

A regiment of American marines has been landed at the request of the military command. Other foreign naval forces heretofore held aboard their ships also have been set ashore.

The official announcement from Admiral White, American commander, indicated that the marines were to be used only to protect American lives and property. He has full authority to act on his own initiative in an emergency.

LOOTERS EXPELLED

LONDON, March 21 (AP)—Looters who broke through a barrier to the north of the international settlement at Shanghai today were expelled by British soldiers after much firing, says a Shanghai dispatch to the Westminster Gazette.

Parts of the native city were in the utmost confusion during the day, the dispatch continues, saying that of virtually every street corner a gun was aimed with revolvers and guns, spring into being. Shouting warfare was carried on from alleys and side streets and much looting followed.

Plan Murder.

In the next room, the two had a few drinks, the statement said, and after Gray is alleged to have said, "I can not live without you," the murder was planned.

Gray is alleged to have struck the sleeping man with an instrument, which the police believe, was an all-iron punch bar found, together with rubber gloves in Gray's grip in Syracuse.

Snyder's feet were tied together with a necktie, his hands bound with picture wire, and his throat gashed with a twisted bar of the same material. In addition traces of an anesthetic were found in his organs.

After the crime, the confession alleges, the two attempted to make the house appear as if there had been a robbery.

An Italian newspaper was born in London and in Brownson the floor. Bureau drawers were opened and their contents scattered and furniture broken.

The alarm, which was given by Mrs. Snyder, who from her position on the floor of a hallway, noticed her sleeping daughter, Laura, lying senseless, and by knocking at her daughter's bedroom.

TO DETERMINE COST OF ROAD

Utilities Boards of Three States Rlan Survey of Proposed Line Along Snake River.

BOISE, March 21 (AP)—A survey to determine the probable cost and usefulness of the proposed railroad from Lewiston to Homestead probably will be the next move of Idaho, Oregon and Washington utilities control bodies seeking to compel construction of the railroad along the Snake river. This information was learned today upon the filing with the state public utilities commission the pamphlet filed February 21 by the city of Lewiston with the Interstate Commerce commission for construction of the railroad.

While it has not been definitely determined whether the utilities commissions of the three Pacific northwest states may either join the city of Lewiston as intervenors in urging the Lewiston-Homestead railroad or may unite in filing a complaint.

Survey Made in 1913

A survey of the proposed line was made in 1913, but because the federal government has surveyed the power sites along the river since, a new survey probably will have to be made. The new survey will take into account already determined power sites, which are capable of developing more than 1,000,000 horse power. Proponents of the railroad claim the Snake river's power sites can never be adequately developed until a railroad is constructed to carry supplies and materials.

Quaker Oats Urged Widely by Authorities

FOREMOST educators, editors as well as leading business institutions like General Electric Company, now are wide awake to the fact that "stand by" is an important aid to success.

That's because it is now known that over 75% of all the important work, in offices, stores, etc., falls into the four morning hours—the hours from 8:30 to 12:30.

In most American schools, including Princeton, Yale, most State Universities and some 2,000 grade schools throughout the country, 50% of the important classes are held before luncheon.

Thus, largely on expert advice, millions now start their day with Quaker Oats—food that "stands by" one through the morning.

Excellent balanced in protein, carbohydrates, fiber and the important Vitamin B, this delicious food is ideal for banishing listless mornings.

Today get Quick Quaker that cooks in 2 1/2 to 5 minutes or regular Quaker Oats at grocer's.

BULL MAIDENS WORK OUT ON TOURNEY FLOOR

Coach Barry's Champion Basket Ball Team Arrives at Wichita in Good Condition for Coming Games.

WICHITA, March 21 (Special to The News). Word that Coach Harry Barry and his title of fighting Indians had arrived in Wichita at 2:35 this afternoon in fine condition has received here this evening. Of the 10 teams registered in at the tournament, Bull had the largest delegation, and on the long trip the players were ready for action. They worked out this evening on the tournament court to get a fine run on the floor and to get acquainted with the opponents in the first round of the tournament will take place at 8:30 Thursday evening.

Teams Registered

The 10 teams registered in are: Sharon, Pennsylvania; Franklin, Pennsylvania; Huntington, Iowa; Chicago, Oklahoma; Caldwell, Kansas; Wichita, Kansas; Erie, Colorado; Nebraska; Kansas City, Missouri; and Hannay, Wyoming. Teams from Huntington, Iowa, and Cleveland, Mississippi, are expected to participate in the tournament and should be in tomorrow. The teams from Colorado and Texas that have been invited to participate may not be able to attend, and arrangements have been made to begin the tournament without them.

Enthusiastic Reception

The Bull contingent left some Saturday morning and were met by enthusiastic delegations at Twin Falls where the high school pep band gave them a rousing reception. The Twin Falls high school students showed their interest in Bull's success by contributing \$25 toward the team's fund to defray expenses, but were not so enthusiastic over the early morning rain. Many students did turn out, however, and have either turned out to see off Bull's team. Delegations met the Indian maidens at Elmer, Turkey and O'Connell. The "Reds" had a bull team presented the Bull girls with a large bouquet of roses, and at O'Connell in the city hall building entertained the team at luncheon between 11 and 12 o'clock.

Stations KPIX at Huntington, Indiana, wired tonight that the present Bull program occasioned by the Bull girls' basket ball team participating in the national tournament will go on the air at 8:30 p. m. central time, Wednesday.

BRUINS WORK AT LINCOLN FIELD

First Real Tryout of Season Held Monday; Unusual Amount of Track Talent.

The Bruins had their first real track workout of the season yesterday when 100 candidates worked out on Lincoln field. Weather conditions were more favorable than they have been for some time and the coaches were able to get a good jump on the material available. The coaches were on the track for the first time and all candidates went through the flight several times. Three were selected as a national team for the coming season. The coaches were on the track for the first time and all candidates went through the flight several times.

Youngsters Show Form

Young Alvord has developed remarkably since the last season and should make a good runner before the season opens. He is a national team member for the coming season.

Quarter Men Look Good

The quarter men had their first tryouts and the results were more than gratifying to the coaches. Douglas, Hughes, Knight and Highes all ran the quarter in a trifle over a minute and all came in with clean heads. The quarter should be a strong race for the Bruins, although other district teams all have good ones.

SHOOTERS TURN IN GOOD MARKS

Strong Head Wind Hampers Local Men in Sunday's Competition; Average Well.

Facing a head wind that increased in velocity and decreased in temperature Sunday, members of the Twin Falls Rifle and Gun club did some remarkable shooting at the trap grounds north of the city. J. DeKloze broke 39 consecutive birds before missing, and Ed Patrick got 25. The wind was bitter and the birds were flying too high for the best results, but despite adverse conditions the winners scored 73 out of a possible 75 birds. The club drew a lay in their competitive tournament but the score will be controlled in their season's average.

Selwood of Sleepy Cat

By FRANK H. SPEARMAN

Before a crowd could close upon the sidewalk, the group in the street was surrounded by a crowd of yelling men.

Had the confusion been less, had the uncertain light been less certain, Selwood would have been at a loss to recognize this man.

But the confusion here was not less, the uncertain light was not less certain, Selwood would have been at a loss to recognize this man.

Parlowe told himself, could not win. So deep had become this conviction that more than once Parlowe would have intended to leave the scene.

But in calculating this deadly advantage Selwood had not taken account of the possibility of a change.

Clubs at Hazelton Hold Social Session

HAZELTON, March 21.—The Ladies' Civic club of Hazelton entertained Thursday evening in the high school auditorium with one of the most successful club affairs of the season. The guests were the members of the two rural clubs, the Lend-a-Hand club and the Friendship club, and their husbands and the husbands of the members of the Civic club. A splendid program was presented, one of the features being a family album, in which the members of the club passed as the different photographs. Illustrated songs were prepared for and the words sung by Mrs. L. E. Webb and Mrs. Edna Nelson. The balance of the program consisted of a selection of songs, Mrs. A. J. and several readings by Mrs. J. B. Dickinson and Miss Irving and two piano solos by Miss Bryan. About 125 were present. The room was hung with a fringe of green and white streamers with large and small sham rocks at the tops and bottoms. The tables were beautifully done with green festoons and shamrocks on the white cloths. And the refreshments were carried out on the same color scheme. The guests were met by Mrs. H. E. Evers presiding at the coffee service.

Mr. and Mrs. George E. Wylie and family were present. The Lend-a-Hand number house just south of town, where they will farm the coming year. Mrs. E. S. Kinnell and children have returned from Boise after a vacation where they visited several days. Mr. and Mrs. Victor Legault of Louisville, Colorado, have moved into the three in the Dixon district which was formerly farmed by W. Legault. Mr. and Mrs. N. E. Brooks entertained a number of friends and relatives Thursday evening in honor of the birthday anniversary of their son, Clark Brooks.

Miss H. Thornton, county superintendent of schools, was here looking over the work. Miss Spalding accompanied her husband and children to attend in the grade school. To the parents of those who were found deficient she recommended proper food and care, being brought in by the township and Dixon schools were also visited. Mr. and Mrs. H. Goodfinger, Mrs. D. L. Loring and Mrs. H. K. Belmont were among those who enjoyed the "Womanless Wedding," a play put on by the ladies' Aid of Jerome. The Jerome district which is in the L. D. S. hall at Hazelton. A program and dinner were enjoyed by the members. The Hazelton hotel has changed hands. Mrs. A. Sullivan of Twin Falls, now being in charge. Mrs. Sullivan is recommended as an experienced hotel keeper.

WELL, THAT NECESSITATES AN ENTIRE CHANGE OF PLAN. IF HENRI IS LIABLE TO MAKE A WILL WHICH MAY BECOME OPERATIVE IN THE NEAR FUTURE I WANT TO BE ON HAND WHEN HE DOES IT. IT MAY BE WISE FOR ME TO GO TO LONDON IMMEDIATELY.

LONG DISTANCE, PLEASE. I MUST CALL BLUSTER AND POSTPONE ALL ACTIVITY BY HIM UP WHERE WALT AND SKEEZIX ARE. I HOPE HE HASN'T STARTED ANYTHING YET.

Senior Class Will Stage Jeanne d'Arc

LODGE OFFERS CLUB ROOM FOR PUBLIC LIBRARY

Board Endorses Elks' Proposal to Lease Quarters, Councilmen Are Told; Decision Is Left to New Administration.

Twin Falls public library board has recommended acceptance of the offer of the Elks lodge to lease the east room of the Elks club rooms for occupancy by the library, members of Twin Falls city council were told at a regular meeting Monday evening. On the theory that the matter was one to be handled by the new council following the April election, the councilmen took no action on the lodge's proposition and the library board's endorsement of it.

A room 5x10 feet in dimensions on the second floor of the Elks building, that would be entirely separate from the Elks club and lodge rooms, would be rented to the city for library purposes for \$150 a year, members of the council were told by H. H. Grant and C. D. Thomas, representatives of the lodge. This rental would represent an increase of \$125 a year over the present library quarters on Shoshone street north, which is owned by the library board, the whole being subject to more present requirements of the library.

Board Endorses
The library board, in session Monday afternoon and evening, without S. Hill told the councilmen, endorsed the Elks' proposal and recommended that the council make a levy of two mills, instead of one and a half mills as heretofore for library purpose. Revenue from this levy, it was stated, would permit payment of additional rent and purchase of other necessary equipment.

Miss Jessie Fraser, librarian, told the councilmen that Twin Falls library is maintaining a nine-volume per capita circulation at a cost of less than \$1, as compared with an average five volume circulation at a cost of \$1. She stated that in her estimation a ground floor location would be preferable for library use, but said, also, that she knew of no available ground floor rooms here, and recalled that Lee's drug public library until quite recently has been housed in second floor rooms.

Move for Storm Sewer
The councilmen adopted by unanimous vote a resolution offered by R. H. Smith, commissioner of streets, declaring existence of an emergency for immediate repair and extension of a storm sewer and utility line for carrying away storm waters on Sixth avenue north.

Adoption of this resolution marked the first step toward appropriation of a surplus in the warrant redemption fund for this project. Estimated cost is approximately \$5000.

Decision to spend \$20 more on a cleanup campaign delegated by the council last week to Harley E. Itay.

town, street superintendent, was reached by the councilmen after considering Mr. Rayburn's report on the first week's operations. Men and wagons engaged in this campaign have removed all of the work, and cast papers of the original location. Cost of the first week's work, Mr. Rayburn reported, was \$83.

KNIGHTS TEMPLAR HERE REVIEWED BY INSPECTOR

Annual inspection of Twin Falls Commandery No. 11 was held at the Masonic Temple last night. Grand Captain Raymond M. Mattson as inspecting of first and grand-master W. T. Stifford as representative of the Grand Commandery. Both are residents of Grand Coulee.

Dinner was served at the temple, following which the exercises of the Order of the Knights were completed. The session was unusually well attended, a number of members coming from Harley as well as several from Gauding.

DEFER VOTE ON SCHOOLS' HEAD

Trustees Decide to Take More Time for Investigation of Some Later Applications.

Election of superintendent of Twin Falls schools has been deferred by Twin Falls school district trustees to next Thursday evening, in order to permit investigation of some of the later applicants for the position.

The trustees, in adjourned session Monday evening, made extensive inquiry in relation to applicants for positions on teaching staffs of the several schools of the system.

There are now six applicants for the superintendency under consideration, it was stated.

Lumber Delivered For "Tabernacle"

Lumber for construction of the "tabernacle" in which a fireworks campaign conducted by the Elwood C. Haight is to be held, was delivered Monday at the building site on the corner of Third avenue and Second street north.

Construction of the building, according to campaign plans, is to be completed in a single day next Thursday day by volunteer workmen under direction of Roy Landis, chairman of the propagandist party, who is superintending the work. Women of the Elwood C. Haight in the campaign will serve dinner for the volunteer workmen in the Baptist bungalow at noon.

The opening of the campaign is scheduled for next Sunday.

Weather Conditions Vary in Twin Falls

Forecast for Today—Fair

Weather conditions in Twin Falls Sunday and Monday varied considerably ranging from the low mark of 10 degrees recorded at the government weather observer's station early Sunday morning to Monday's high mark of 62. Maximum temperature in Twin Falls Sunday was 22 degrees and weather conditions marked most of the time by a cold wind from the west. Minimum temperature during the morning following six o'clock Sunday night was 26 degrees.

TWO CARS COLLIDE AT BOULEVARD CROSSING

A. J. Foster, chiropractor, and two young men passengers narrowly escaped serious injury Sunday afternoon when the Chevrolet motorcar in which they were riding collided with a Ford coupe driven by Mrs. C. W. Alexander at the intersection of Blue Lakes boulevard and Eighth avenue east. The motorcar was damaged extensively, but the other car escaped with lesser injuries.

Mrs. Alexander was driving west on Eighth avenue and the other car was traveling south on the boulevard when the accident occurred.

The Foster car was struck on the hood by the side and struck certain on a bridge of steel on the west side of the boulevard on Eighth avenue. Neither of the machines was traveling at an excessive speed, it is reported, witnesses stated.

GOLD RUSH IN CITY

PHOENIX, Ariz., March 21 (AP)—In view of recent gold discoveries, one only 150 miles east of here, Phoenix citizens became excited when Lee Ender reported he had found gold nuggets in the gravel pavement at a downtown intersection. Several hundred persons soon were digging holes of dull yellow soil from the street. But instead of the "gold" assaying \$1000 a ton it proved to be only brown, or brick gold, but least size and amount certain on account of its green coloration to the acid test.

BREAD

BUTTERNUT BREAD is different from all other baker's bread in appearance, texture and flavor and is those who have become used to bread that there is no other bread that can quite take its place. In the formula an express has been started to produce a superior loaf but it is by the patented baking process that the characteristic BUTTERNUT flavor and texture is obtained—the flavor and texture that are the delight of those who eat it. Full weight round loaf at 10c. BUTTERNUT TWINS 2 loaves (2 pounds) 20c. Specify "BUTTERNUT" for full weight loaves.

MOTHER'S BREAD For those who prefer a very light, soft, fluffy loaf. 10c. Original Baker's loaf. No more BUTTERNUT. Made with milk—the same dough as BUTTERNUT but baked by the ordinary process. It sells for 20c. Specify MOTHER'S Bread when buying a quarter loaf. You then get "BUTTERNUT" quality in the soft, fluffy loaf.
