**WITNESS SAYS
SAPIRO OBJECT
OF FORD'S IRE****Million Dollar Libel Suit Lifted
From Depths of Monotony by
Testimony of James Martin
Miller for Plaintiff.**

(By Associated Press)

DETROIT, Mich., March 25.—A new trial date was set yesterday for the libel suit against Henry Ford, for which the case was set off in federal court today and the motor car manufacturer was represented for the first time as plotting directly against Sapiro the individual, internationally known Jewish organizer of farmers co-operative organizations.

To the very last, William J. Cameron, editor of the Ford owned Detroit Independent, vehicle of the other big Detroit newspaper, admitted his responsibility, his reputation, and circumscribed his activities, maintaining he alone was responsible for the independent articles and policies.

Cameron Hails Testimony

A moment after Cameron left the stand, after six days there, Ford was put in a new light by James Martin Miller, author of an authorized edition of "The Amazing Story of Henry Ford."

"When was the first time you came to Detroit to interview Mr. Ford?" asked William Henry Gallagher, chief reporter for Sapiro.

"I've been here," replied the Washington newspaperman, adding that in 1923 he worked a year for the Detroit Independent.

"Did Mr. Ford ever mention August Sapiro?"

"Yes, he did. I know if I have Sapiro, I told him that I did not know Sapiro, but that I know about him."

"What else did Mr. Ford say?"

"He said, 'Well, Sapiro and some other Jews are organizing the farms, and we are going to expose him. I think we can run him up a spike right.'

Read Ads, One Question

James Martin Miller was selected to cross-examine Sapiro, who was called to the stand by the defense. He was James A. Reed of Missouri, chief of the Ford counsel.

"You set me up that claim (that Miller had worked a year for the Ford organization) at Washington, and lost it?"

"I lost," Miller replied, in a very low voice.

"That's all," said Senator Reed and the new witness was gone from the stand. The defense had thus completely lifted the trial from the depths of monotony into which it had fallen.

Cameron had been dismissed from the witness stand after his long tenure as a bore, and now with a string of adjectives he was let go, another trial, as the defense could produce no one.

**Long-Sought Burial
Grounds Discovered
By Museum's Party****Field Expedition, Searching in
Arizona, Uncover Ancient
Urns and Skeleton.**

LOS ANGELES, March 25 (AP)—The long sought burial grounds of the famed Pima Grande Pueblo of Arizona, probably a thousand years old, have been discovered by the archaeologists' field expedition. The announcement was made today by Dr. James A. B. Scherer, director of the museum here, who, in a funeral urn of bone fragments and ashes of the dead was brought to Los Angeles by Dr. Scherer on his return from Arizona. The urn, first returned by the expedition in charge of Dr. George E. Hart, director of the science staff, revealed that two forms of burial, cremation and earth interment were used by dwellers of the pueblo, probably a thousand years ago.

An incomplete skeleton of an adult facing the sunset was discovered near where the urn was dis-

covered. These remains are be-

ing sent to the State Laboratory for analysis.

In an interview at the Hotel Pennsylvania, after he had disembarked from the U. S. transport SS Minnetonka, which came from Santa Barbara, Senator Reed, who accompanied the expedition, said it could have been decided that the Haitian president to withdraw the order.

Exhibits Copies of Order

Senator King exhibited copies of the order and subsequent correspondence with Brigadier General John Russell, his commanding general, and General J. S. Bassett, American army officer in charge of the British garrisons, to prove that the final decision on the order rested with the American high commissioners.

When he reached Santa Domingo he saw his attention was called to the order to the Haitian president barring him.

The senator said he then wrote to the state department protesting the order and intimating strongly that if the state department saw fit it could, through Russell, have the order rescinded.

The state department's reply, Senator King said, was that it had advised President Burne, through the British minister, that refusal to permit the American to visit Haiti would result in "immediate consequences to all concerned."

Question Little Understood

The question of communications in a natural manner of controlling events, forms an anthropological question which the scientific world knows little about," he said.

The ceremony preceding the handing over of a chalice is extremely complicated. It lasts for months and among other things consists of fasting for a four day stretch, building offigins of the harpoon and cause to pass.

After all that, his success in white hunting is indifferent, he tries another ritual.

The elytic procedure is called "fasting with secret magic." Each family has its own methods and they are secretly handed down to succeeding generations.

There is also the "fasting with hooks" for getting codfish with hooks; for catching halibut, digging bait, junking hats, getting wealth, for finding a bride, getting another common acts of primitive living.

The ritual usually starts out with this prayer:

"Look down on me, oh chief;

Give pity on me, oh alive."

The gathering, which will conclude tomorrow, will make plans for the archaeological explorations in the mid-western states and the efforts are expected to be coordinated with the work of major research centers.

French Fencing Master, Suing
Movie-Director-for-Damages,
Faces Deportation Action.

Los Angeles, March 25 (AP)—A native representing Henri de Merceaux, French fencing master, who is suing J. Stuart Blackton, film director, for \$25,000 for an asserted horse whipping, submitted today that a federal deportation action is pending against him. He said he had to admit he had admitted that he had overstepped his permit to remain in the United States.

Deportation Hear'd in Court

An deportation hearing on a deportation action followed pending in a federal court jury of a deposition by Paul Blackton, wife of the director, related her story of an asserted attack upon her by De Merceaux. Mrs. Blackton is in New York. The alleged horsewhipping—De Merceaux by Blackton was said to be in retaliation for this attack.

Complaint against De Merceaux was served too long ago stay in the United States, Paul Blackton, director of integration authorities by Blackton and his attorney immediately after De Merceaux filed suit for damages against the director. Attorneys for the fencing master said they preferred action in the district court proceedings until after trial of the damages suit.

Discharges Man

In her deposition from New York, Mrs. Blackton said that she had discharged De Merceaux as chauffeur of the Blackton home the day before the next day. The attack took place, she said, in the kitchen of the Blackton home after she told De Merceaux that she had informed her husband of the discharge.

After telling her husband of the attack, she had him order De Merceaux from the house.

GOVERNOR BALDRIDGE TO
VISIT SCHOOLS OF IDAHO

BOISE, March 25 (AP)—Governor C. Baldrige will leave Monday on his first official tour of state educational institutions in company with the state superintendent of schools, W. W. Lewis, state budget officer. The governor plans to study intensively the needs of each institution, the condition of buildings, the rate of growth of student enrollment, and the financial situation which enable him to decide on larger requests for the 1928-30 biennium.

Institutions to be visited are the deaf blind school at Gooding, March 28;

the Albion normal school, March 29;

and the southern branch of the University of Idaho, March 30-31.

SOLDIERS GO TO HOSPITALSAN FRANCISCO, March 25 (AP)—Twenty-four soldiers removed yesterday from the transport *Chateau Thierry* in the "Lorraine" general hospital at the port of San Francisco, as influenza cases were reported still on the road to recovery today.

There is no fear that further deaths will occur from the epidemic which broke out aboard the ship after leaving Panama. Four privates died aboard the transport.

OAK CHEER IN DENVER

DENVER, Colo., March 25 (AP)—The price of gasoline dropped to 17 cents a gallon today at some filling stations here. The prices are the same as a gallon which is a reduction of two cents, under the price which prevailed last week.

(By The Associated Press)

NEW YORK, March 25 (AP)—Utah Senator George E. Hart, in charge of the Senate committee on foreign relations, declared tonight that the effort of the state department to have the order of President Burne barring him from Haiti withdrawn was "an effort to keep alive the fiction of Haitian independence which has proved to no one the intention of the American government in its dealing with this government of Haiti."

The question, came from Jerome

The law requires property must

It appears, Mr. Hart said, that tax collectors and assessors have been

meridians, referring to ranges, and

these omissions, the attorney general holds, would invalidate such notices.

PLAN TO FORCE CASE TO ISSUE

**Chaplin Studios, Inc., Dropped
as Defendant in Attempt to
Simplify Divorce Action.**

LOS ANGELES, March 25 (AP)— Chaplin Studios, Inc., one of numerous defendants named in a divorce suit filed by Alice Gray Chaplin against Charles Chaplin, was dropped from the case today with the filing of a notice of dismissal by attorneys for the film comedian's wife.

The notice of dismissal was explained as being part of a plan to remove complicating technicalities in the case and force it to an issue.

Last Fight for Filing

Following action taken by Chaplin Studios, several weeks ago, the actor's wife was given until to day to file an amendment to her complaint, making more specific the nature of separation property with the case.

Asked for Mrs. Chaplin said they were willing to drop Chaplin Studios, Inc., from the list of defendants rather than risk the necessity of republishing summons on Chaplin without giving the day date when he might be found if no amendment was filed.

The action still leaves numerous other corporations, banks and business associates of the comedian as defendant with him in the case, the attorney explained.

To Fix Responsibility

The question of fixing responsibility for murder of Americans and destruction of American property in Nanking has been set aside until the fate of those still hiding in the city, fearing to attempt even the short trip to the waterfront and safety, was known. But it will be taken up in due course with the return of heads of the Chinese government.

BETTER DEMAND AID TO VALUES

Wheat Reaches Slightly Higher
Ground; Disturbing Advices
From China Is Factor.

CHICAGO, March 25 (AP)—Disturbing advances from China caught the attention of market men. The latest received less attention. Wheat closed firm, 3c to 5c, net higher, each bushel to be 10c up, netting \$1.16 to 1.18c advance, and 10c rises amounting to a rise of 5c.

Wheat, red-wintered, at the seaboard and also domestic spring wheat. Besides, gossip was current that it was easy to sell abroad and Canadian wheat in nearby ports was mentioned as being the best. The same and Northern flour clearance of wheat and flour this week were announced as totaling 6,000,000 bushels, falling off in the volume of Australian and Argentine wheat imports. The market was further this than that the European wheat crop had been overestimated, with European grain and potato crops short.

World Shipments Small.

World shipments of wheat this week were generally expected to amount to 1,000,000 bushels, but were limited to 150,000 bushels last week. Gaining in wheat prices today, net worth increased speculative selling here, that served to keep advances within relatively narrow limits. Selling was limited to 150,000 bushels, but was heavy for news regarding wheat.

An overall condition developed in the corn market, with active buying in the part of previous sellers. Some room export business was noted, others followed corn.

Provisions were responsive to an upturn in hog values.

BOARD ENTERS ON WORK FOR COUNTY FAIR

Newly-Appointed Directors Fix Date for County's Twelfth Annual Agricultural Exposition on Filer Grounds.

Twin Falls county's twelfth annual fair will be staged on the county fair grounds at Filer during the four days preceding beginning September 6 and closing September 10. The board selected the location of the fair board at its initial meeting which had been held Friday evening in the secretary's office on the fair grounds.

Organization of the board for the coming season was completed with the election of Carl J. Miller, of Castleford, president, and R. G. Wilson, of Kimberly, vice president.

Action with respect to employment of a secretary to succeed George N. Tackett, now state director, was deferred until the next meeting of the board which is to be held on the fair grounds next Thursday afternoon.

The board took no action with respect to statement of T. D. Gunner of Filer, published Friday, to the effect that he would not be appointed as a member of the board.

With the exception of Mr. Gunner and C. D. Peeler of Lemoore, who had been summoned east by word of their death and relatives, all members of the new board attended the initial meeting.

Voice Appreciation

Appreciation of the services rendered by retiring members of the fair board was expressed by the chairman in his address at the opening of the fair grounds.

Appointments of all members of the temporary executive committee of the fair was recommended. Members of this committee are Mrs. H. W. Choulek, Twin Falls; Mrs. W. E. Alworth, Elmer, Mrs. Ralph C. Morse, Buhl, and Mrs. A. E. Newberry, Filer.

T. E. Moore, Filer, and James L. Burman, Harrison, county engineer, also attended the meeting but made no part in its proceedings.

Members of the new fair board, besides Carl J. Miller, president, are L. Breckinridge, Twin Falls; C. D. Peeler, Filer; John H. Blasz, Filer; H. W. Graves, Filer; T. D. Gunner, Filer; C. D. Peeler, Lemoore, and Nippie Larson, Rock Creek; R. E. Bradford, county agent, has been designated ex-officio member.

Judgment Award to Defendant Affirmed

Judgment for the defendant on his counter-claim in the case of Charles E. Jones against J. B. Russell has been affirmed by Idaho's supreme court in an opinion received here Friday. The judgment was for \$1,000. W. A. Boleck, in district court here, affirmed two years ago. It was based on answers made by a jury to interrogatories propounded at the close of hearing in the case.

Plaintiff Jones, on appeal, argued that the judgment was improper on the ground that the defendant had been awarded a sum in excess of what he was entitled to in connection with handling of sheep for the defendant Russell, whom denied liability for payment of the claim and put forward a counterclaim based on promissory notes aggregating in amount more than the plaintiff's claim.

Judge J. B. Russell, in his opinion, signed by defendant after mathematical calculation, that the notes had been accepted without consideration, and that defendant's claim had been secured by a chattel mortgage. The supreme court overruled all of these objections.

DIVORCE DEGREE GRANTED

Decree of divorce was granted to Myrtle Smith from Arthur F. Smyth by Judge W. A. Hallock in district court here Friday.

Irregularities in Estate Case Denied

Managers of the estate of Custer, for whom a judge in Idaho Falls here last January awarded the estate of Frank Trigener, his former employer, valued at approximately \$10,000, are engaged now in an attempt to establish the regularity of proceedings including the conduct of the jury, during the trial.

In opposition to the motion of attorneys for T. A. McNeil, administrator, and surviving relatives of the testator, it was moved in the Idaho Falls court here Friday a number of affidavits executed by members of the jury.

In one of those affidavits A. J. Morris, a county juror, stated that the majority of the other jurors to the effect that he had asserted in the jury room that he had been unrepresented and that he had been unrepresented. The majority of the other jurors to the effect that he had been unrepresented.

Mercury Drops to 19 Degrees Here

Forecast for today cloudy.

Temperature in Twin Falls yesterday climbed from 19 degrees registered during the early morning hours Friday at the government weather observer's station to 51 degrees registered at 1 p.m. The maximum of temperature during the day amounted to 55 degrees. The day was clear until late in the afternoon when clouds hid the sun from this section for a short time. The wind which has been blowing from the northwest for the past few days subsided and the day ended safely.

In view of these affidavits A. J. Morris, a county juror, stated that the majority of the other jurors to the effect that he had asserted in the jury room that he had been unrepresented and that he had been unrepresented.
