TEXAS OFFICERS RUSH TO AID OF TRIO IN PRISON

Following Reports of Formation of Mob at Stinnett, Rangers and Police Hurry to Protect Prisoners.

(By The Associated Press.) BORGER, Texas, April 1.—All available officers and rangers in Borge department hurriedly left their homes to come to Stinnett, Hutchinson county, following reports that a mob was forming in front of the county jail, where three men charged with the murder of Deputy Sheriffs Terry and Kenyon are confined.

MAIL ADVENT OF RANGERS

BORGER, Texas, April 1.—Fifteen of Borge hailed with relief to night word from Austin that 10 Texas rangers were on their way to Stinnett to aid in the protection of the county jail. The killing of two deputy sheriffs early today at a road near here was the final stroke that aroused the better element of the citizenry to appeal to Governor Dan Moody for the aid of state forces.

Unavoidable Record In the one year history of Borge, four peace officers have been slain, a record comparable to the hard days of Dodge City, Kansas, before the arrival of "Wild Bill" Hickok, who tamed the trouble makers with his blazing six gun.

There have been numerous slayings in dance halls, dives, and saloons, many of which resulted in the death of a killing station. The law is still in its infancy, and the law of the county attracted here by the law of money and safety from the law in other parts.

Berge, situated in the Panhandle of Texas, owes its existence to the rich oil fields brought in here. As the wind-sifted oil flows in, \$200,000 has grown up almost overnight.

Request Marital Law While marital law was requested of Governor Moody, his dispatch of 10 rangers with orders to stay until the "lawless element" was removed was considered sufficient to cope with the situation. Two Texas rangers have been known to be enough to clean out another place where the lawless rangers have gone in to take charge.

Three men were held tonight under heavy guard at the county jail at Stinnett as the aftermath of the robbery of a bank at Panola yesterday and the killing of the two officers this morning, which spread terror through the oil fields.

Hugh Walker and Ed Bailey were arrested early today in connection with the slaying of the officers. Pat Kenyon and A. L. Terry, Hutchinson county deputy sheriffs whose lifeless bodies were found near the oil town of Wintertown, died before noon today.

RECORD PRICES PAID FOR STOCK

Champion Fat Lamb at Intermountain Livestock Show Brings \$1.35 Pound.

SALT LAKE CITY, April 1.—A steady livestock market, supplemented by unusual interest on the part of Utah, California and Oregon buyers, but average interest on the part of the intermountain stock show today accompanied by a discouraging market, top stock sold well, but the average brought only market prices or a little better.

All Classes Sell This year, all classes sold well, buying was spirited in general, exhibitors received the extra premium price in many classes and the average price was better than last year's. The prize-winning stock is top shape for the Salt Lake show.

In addition to establishing an exceptional average price, two new records were made. The champion individual fat lamb, exhibited by Dell Adams of Layton, was sold at \$1.35 a pound to the Hotel de France. Last year's price was only \$1, then regarded as a remarkable price.

Independent District Chairmen May Cast 2 Votes, Says Stephan

Attorney General Interprets 1921 Session Law in Answer to Query From Middleton.

BOISE, April 1.—Chairmanship of a board of trustees of an independent school district carries the usual privilege of a double vote under a 1921 session law today cited by Frank L. Stephan, attorney general, in answering a query of the Middleton school district. The district asked whether or not this district, after casting his vote and tying the vote, may cast another vote to decide the question.

After citing the law the opinion describes it as "an unusual provision" in that the language seems to justify a double vote. It is the intention of the legislature to give the chairman of the board of trustees one and also to determine a vote.

SPECULATE ON BOARD MEMBER

Democrat May Be Named to Idaho Education Body; Commissioner Appointment Waits

BOISE, April 1.—Appointment of a new commissioner of education to succeed Miss Ethel E. Hoffield, resigned, will await the appointment of a board of education to fill the vacancy left by the retirement of J. A. Lippincott, Idaho City, it was learned today. Hoffield therefore enters on the appointment of the new board member. While the governor has not made up his mind, it is hoped in state house gossip that the board will be composed of one who will come from southwestern or south-central Idaho.

Twin Falls Man Mentioned This far four times names have been mentioned. That of Alex. H. Williams, a local contractor, is mentioned by Or Chapman, lawyer, and James H. Johnson, lawyer and former district judge. All are from Twin Falls. Mr. Williams is understood to be a candidate for reappointment.

An Miss Hoffield's resignation does not affect her position as governor. The board will have ample time to select the new commissioner of education. The new commissioner, it is understood, will be appointed by the governor. Provision for paying the commissioner \$7500 annually was made by the nineteenth legislature and that time it was provided an attempt would be made to put into the office a business executive.

PROSECUTOR WILL MOVE FOR DISMISSAL OF CASE BOISE, April 1.—Prosecuting Attorney Carl E. Burke announced to night his intention to move for dismissal of the case of H. E. Whitney, former member of Congress, charged with obtaining money under false pretenses. This action, probably to be taken tomorrow, follows the supreme court's refusal to take the case following its recent opinion which favored and remanded the case for new trial. Whitney's case is considered attention due to the one year suspension of H. E. Edwards for unethical conduct as Whitney's attorney, Edwards was originally charged with conspiracy with Whitney, Boise chief of police, to extort money from Whitney, but the bar commission which suspended Edwards for one year, did not return a finding on the conspiracy charge.

LUMBER MILLS SHUT DOWN

SEATTLE, Wash., April 1.—A large number of western Washington lumber mills have decided to suspend operations for a week in an effort to stabilize the lumber market.

Strong Head Winds Halt Army Aviator

BOISE, April 1.—Retarded by heavy head winds encountered between Spokane and Blue, Lieutenant G. W. Gottlein, Jr., U. S. A., flying a Douglas O-2 plane, stopped here this afternoon. He plans to start tomorrow, and will continue to Salt Lake tomorrow. Lieutenant Gottlein, stationed at Rockwell field, Corvallis, California, is accompanied by E. G. Lupton, superintendent of the Rockwell repair shop. He has been testing army planes at Los Angeles, San Francisco, Portland and Spokane.

The aviator found Boise's landing field well suited with the prevailing wind, and was forced to land the plane, three miles from the city.

FORMER SENATOR DIES

NEWARK, N. J., April 1.—Former United States Senator James Smith, Jr., died at his home here tonight. He was 72 years old.

PITTSBURGERS STRIKE BLOW IN NINE WAGE WAR

Terminal Coal Corporation, Operating Seven Workings in District, Put Non-Union Policy Into Effect.

(By The Associated Press.) PITTSBURGH, April 1.—Pittsburgh mine operators today struck the first blow in the bituminous coal fields wage war. The Pittsburgh Terminal Coal corporation announced that hereafter its seven mines, employing 2100 men will be operated as non-union. At least at the same time that notices were posted at the Terminal corporation's property stating it would be "sanctioned" for the company, to continue working under the Jacksonville agreement, John L. Lewis, president of the Mine Workers of America, declared at Taylorville, Illinois, that this is no time to talk about a wage reduction for miners.

While Lewis' widely divergent articles indicating how far apart the operators and miners are, President Lewis at Washington, D. C., has known that he expects to refrain from taking any action at this time. The Pittsburgh Terminal corporation, through H. E. Baker, its president, announced its failure to agree with union representatives over wages and its decision to offer a lower scale than that provided by the Jacksonville agreement—the agreement below which the union has said it will not go.

The new scale assumed a standard \$5.50 a day for inside labor and \$4.50 for outside labor. The minimum daily rate under the Jacksonville agreement is \$4.00.

A wage scale that the company can live under is just as necessary for success as a good wage for the workers, said the Baker announcement.

Proposed Terms Ridiculous

The proposed scale was termed "ridiculous" by Thomas Kennedy, international secretary-treasurer of the United Mine Workers. The Pittsburgh Terminal corporation, which made profits under the Jacksonville agreement, "Kennedy said, 'will not succeed in this attempt to work at reduced wages here, where the mine workers will not permit it.'

President Lewis at Taylorville said operators have refused to come half way in what toward making new wage agreements. The miners, he said, intend to stand firmly on the policy laid down by the policy committee at Indianapolis, which provided that no new wage agreement would be made.

United States Will Protect Nation's Citizens in China

Hankow Dismisses Generalissimo of Cantonese Forces

Secretary of State Kellogg Issues Formal Statement Immediately After Orders for More Marines Are Sent Out.

(By The Associated Press.) WASHINGTON, April 1.—Five in violation of the Washington government to use whatever means necessary to protect Americans in China was reiterated today in a formal statement by Secretary Kellogg, issued shortly after orders had gone out sending 100 additional marines to stand by at San Diego, California, awaiting developments. "A platoon of light tanks and two batteries of motorized field guns, together with the necessary personnel," the United States government is taking necessary steps to protect the lives and property of Americans in China, Secretary Kellogg said. He added that no orders for American evacuation of Shanghai had been issued from Washington and that only the American legation at Hankow, where protection could not be afforded had been advised to withdraw by Minister MacGregor at Peking.

Charles Luck of Firmness Mr. Kellogg's statement was prompted by published criticism among American circles at Shanghai, including certain officials of the municipal council, which govern the international city, charging lack of firmness in Washington in dealing with the crisis, and failure to cooperate with other western powers.

"American diplomatic and military representatives in China are cooperating fully with other foreign representatives when faced with a joint problem," Kellogg said. "The United States is committed to the maintenance of the rights of its nationals," Mr. Kellogg said.

The announcement of intervention in Shanghai was disclosed at the White House. It was indicated that in the future the views of President Coolidge in connection with day to day developments in China, might not be made available as freely as in recent weeks.

Millionaire Solon Forced to Borrow Dollar From Borah

WASHINGTON, April 1.—(AP)—Senator Cushman of Michigan, who is a millionaire, was forced today to borrow a dollar from Senator Borah of Idaho, before he could get his lunch. The Michigan senator had forgotten that the senate restaurant, where the senators have charge accounts, had closed and he was faced with either getting hungry or raising some money. He met Senator Borah outside the capitol and explained that he had left his pocketbook at home and needed a dollar.

"That's an old story," replied Borah. "I believe you're broke, but here's the dollar. This is the proudest moment of my life."

Quarantines Against Borer and Beetle in Gem State Effective

Idaho to Prohibit Shipments of Plants or Seeds Capable of Carrying Crop Pests.

BOISE, April 1.—Quarantine regulations against the European spruce sawfly borer and the Mexican bean beetle, promulgated by John S. Welch, commissioner of agriculture, today went into effect. The regulations prohibit the importation from infested areas of any plants or seeds capable of carrying the pests into the state. Regulations are designed to protect Idaho's crops from the borer and bean beetle, which have been reported in the past from several states in Idaho.

Shipments of dried seed beans or field beans are prohibited unless the boxes are packed in small paper packets or clean fumigated sacks bearing inspection certificates. The certificates must be signed by the grower, and must contain the name of the grower, the name of the plant, the name of the variety, the name of the grower, the name of the inspector, the date of inspection, and the name of the inspector.

MANY HUNT FOR ACCUSED SLAYER

Elderly Woman Whispers Name of Son-in-Law to Officers Before Losing Consciousness.

BUCHANAN, Mich., April 1.—(AP)—A Michigan woman, the 72-year-old woman, whose skull was fractured by a blow from an ax in the home of her son-in-law, today was hunted for by police.

The woman, who was able to whisper the name of her son-in-law, today was hunted for by police. The woman, who was able to whisper the name of her son-in-law, today was hunted for by police.

COUNCIL TAKES FIRST STEP IN ZONING PLANS

Twin Falls City Commissioners Adopt Resolution Declaring Intentions to Regulate Building Activities.

Under terms of an amendment to Idaho's city zoning law which was adopted at the instance of Twin Falls city administration, Twin Falls city council will, as soon as possible, enact regulations to govern the character and siting of buildings to be constructed in each of the several zones or districts into which the city will be divided for this purpose.

Adoption of a resolution at a meeting of the council in special session Friday evening, marked the first definite step in this direction. The resolution sets forth the intention of the council to enact the proposed zoning regulations, and authorizes the appointment of an advisory committee to act until appointment of the zoning commission provided for by the state law.

Appointment of the advisory committee, it was announced, probably will be recorded at the regular meeting of the council next Monday evening.

Text of Resolution Here is the text of the zoning resolution adopted by the council.

Whereas, by an act of the nineteenth session of the legislature of the state of Idaho, chapter 174 of the Idaho session laws for 1925, commonly known as the city zoning act, was enacted so that the said chapter now applies to cities of the second class; and

Whereas, the city council of the city of Twin Falls, Idaho, has adopted certain regulations for the zoning of the city; and

Whereas, it is the desire and intention of the said council of said city of Twin Falls, Idaho, to take advantage of the said city zoning act, by fixing building regulations, determining and providing for the zoning of the city; and

Whereas, the procedure provided by the city zoning act for dividing the city into districts and zones is a very considerable time and careful investigation.

CHANGING THE COLOR SCHEME

IDAHO LEADS WEST IN WATER CERTIFICATION

BOISE, April 1.—Idaho ranks foremost among the western states and will have the United States average in the completion of its investigations and certification of water supplies used by common carriers engaged in interstate traffic. W. E. Draper, assistant surgeon general, reported today that David Burrell, commissioner of public welfare, Idaho's investigations and certification of water supplies, which were 88 per cent, as compared with 48 per cent a year ago and 72 per cent for the United States.

The Idaho report shows that in 1926 interstate carriers used 20 water supplies, 20 of which were satisfactory, two were not, and 10 were provisional, and three were under investigation.

GETS POWER CONTRACTS

BOISE, April 1.—(AP)—Contracts whereby the Idaho Power company will supply electrical power to the People's West of Idaho Electric Corporation for distribution in Cambridge, Council, Moss and Malheur were received today by the state public utilities commission.

D. A. R. of Idaho Opens Annual Meet

BOISE, April 1.—Progress in the making of historic places and sites of historic events was reported at the opening session here today of the fifteenth annual two-day conference of the D. A. R. of Idaho. The organization of Idaho, Plans were completed for the representation of officers at the national congress at the D. A. R. at Washington April 15 to 24.

Congress representatives Mrs. W. S. Titus, Boise, state regent, who opened the conference at the D. A. R. headquarters, the D. A. R. of Idaho, Mrs. C. W. Purcell, Boise, honorary state regent, and Miss Irene Titus, Boise, secretary.

GIVE NERVES IN RESCUE EFFORT

Fruitless Attempt to Save Fellow Worker From Poison Gas Ends in Death for Three.

BOHANNONS, W. Va., April 1.—(AP)—Two miners were nearly asphyxiated here today in a fruitless effort to save a fellow worker from deadly gas poisoning. Luckily, the building was not so badly damaged that the workers were able to escape.

Whereas, the procedure provided by the city zoning act for dividing the city into districts and zones is a very considerable time and careful investigation.

Mission Presidents Deliver Reports to Church Authorities

In Sessions Preceding General Conference of Mormon Church, Field Executives Tell of Progress in Labors.

SALT LAKE, April 1 (AP)—In a conference with the first presidency of the church at the Salt Lake City (Utah) Temple, which precedes the annual general church conference, four mission presidents today made reports of their progress in their respective fields during the past year.

The greatest progress reported was by John G. Alford, of Minneapolis, president of the north central states mission field. This district, first organized in 1925 with five conference districts, now has 10. Alford reported that the district includes the north central states and large cities in Montana. There are now nine chapels, and one under construction at Great Falls, Montana.

Special Work Among Jews. R. H. Roberts, New York City, president of the eastern states mission, which includes the Atlantic states as far south as Virginia, reported that his field is doing special work among the Jews, and particularly of conversion he has been receiving from a Christian Jew who is editor of a newspaper in New York.

John M. Knight, president of the western states mission, reported a series of missionaries in his field. Other presidents mentioned in this remark as affecting their own fields.

HANKOW GOVERNMENT DISMISSES GENERAL

(Continued From Page One) The American citizens, the destroyer Pillsbury on its way to Tientsin, Shanghai province, and the cruiser Albatross has been ordered to leave Hankow as a base for the foreign export forces.

Although there have been no anti-foreign incidents in the north coast ports to those which took place at Hankow and other anti-foreign incidents, it is generally held that a pronounced weakening in the authority of Amoy, or northern coast, of the northern military might result in increased conditions which could imperil foreigners.

PITTSBURGHERS STRIKE BLOW IN MINE WAGE WAR

(Continued From Page One) The accepted index it calls for wages at least equal to the 1926 level under the 1926 agreement, which expired at midnight March 31.

Later reports from four mines, Lewis said, "but the men who work in the mines are not in a better wage, and they are going to act up."

HAILEY MASONS BUY TEMPLE BUILDING SITE

HAILEY, April 1 (AP)—Masons have bought what is known as the Babo corner across from the Banner and church for a site for a Masonic temple. The property faces west on Second street and north on Bullhorn. It is now by 120 feet and is considered one of the finest building lots in town.

TEXAS OFFICERS RUSH TO AID OF PRISONERS

(Continued From Page One) Walker, brother of Hugh, identified as one of the Panhandle authority, was arrested here and is also held in connection with the murder of the two officers.

DONATES HIGH SCHOOL

TONAWEA, Wash., April 1 (AP)—H. A. Long of Kansas City, Missouri, chairman of the board of directors of the Long Bell Land Company and founder of Longview, awarded a contract for a high school building to the city. The building is an additional donation by Mr. Long to the city, in addition to a public library and an elaborate high school. The school will occupy a commanding site of 35 acres.

G. A. R. OFFICER DIES

MILWAUKEE, Wis., April 1 (AP)—Comander Further Action, general of G. A. R. since October, died at his home here this afternoon.

"Be Yourself" There is no harm in being stupid, so long as a man does not think himself clever; no good in being clever, if man thinks himself so, for that is a short way to the worst stupidity.—MacDonald

FORD ORDERED TO STAY ABED

Automobile Manufacturer, Injured Last Sunday, Chafes Under Restraint of Illness.

DETROIT, Mich., April 1 (AP)—Amidst the quiet, peaceful surroundings of his home, Henry Ford tonight impatiently obeyed the instructions of his personal physician that he remain flat on his back to bed as the quip's latest means of recovery from the injuries received last Sunday night when the little coupe in which he was riding alone was forced from the road.

Pilot Bombs Dwindle. Meanwhile, the statements and rumors describing the accident, a result of a deliberate attempt to kill Mr. Ford, dwindled to an expression of belief that Ford actually was in a building, seriously injured, by the driver who used it.

The possibility of further official investigation virtually had vanished. Never having known the contents of a hospital, the world's richest man, chafed under that imposed upon him even in his own institution, the Henry Ford hospital, and murmured that he be returned to his home for the period of complete rest and recuperation directed.

Injuries Not Serious. That, the doctors permitted, the injured man's wish to prevail was accepted as an indication that the X-ray and other examinations made at the hospital had disclosed no large serious wrong, despite the commotion and slight internal hemorrhages spoken of in the first announcement of the accident.

The source close to the automobile manufacturer, who last Wednesday night in the hospital, had been told to kill him had been made, but not carried tonight, but Harry H. Bennett, head of the large force of Ford Inc. engineers, said that neither his principal nor he regarded the crash as anything but an unavoidable accident which was headed towards the crash of a motorist's destiny.

EVANGELIST M'PHERSON SURPRISES FOLLOWERS

LOS ANGELES, April 1 (AP)—Alonso M'Pherston, evangelist, gave a surprise party to his followers tonight when he appeared at Alhambra theater a day ahead of his expected arrival for a revival here.

Following the 22 cities visited by him, the evangelist said Chicago and St. Louis were his "biggest" and "best" for the title of the most wicked city.

DANGER FROM FLOOD WATERS THOUGHT-PAST

KANSAS CITY, April 1 (AP)—The danger from flood waters following the torrential rains and electrical storms of Wednesday and yesterday, which took a toll of six lives in Missouri, Kansas and Oklahoma, was past tonight.

Streams that poured their surging waters over the landscape tonight were back in their banks in most instances. The crest of the flood in the Missouri river at Paterson, Kansas, was expected to be passed tonight but no further damage is feared.

Trains into Kansas City from the east and west were late today due to the heavy rains, some being from an hour to more than six hours behind time.

DICKMAN SUCCEEDS NYE AS DIRECTOR OF BUREAU

HOUSTON, April 1 (AP)—Appointment of Dr. A. J. Dickman as director of the bureau of animal industry to succeed Dr. W. C. Nye was announced today by John S. Welch, commissioner of agriculture in the Nye, a member of the bureau for four years and chief since November, 1925, has not announced his future plans.

The new director is a graduate of the Kansas City Veterinary college. He was deputy state veterinarian in Colorado and served as captain in the U. S. Army veterinary corps. Since 1916 he has been assistant to the bureau director.

Heroes Escape Death Twice

HERE IS THE FIRST PICTURE to reach this country of the heroic airman, under command of Major Borges (left), who flew from South America, almost to the coast of Africa, fell in the water, swam ashore, became prisoner of wandering Moorish tribes, and escaped death again by grasping a reward to reach civilization. With Borges are shown (left to right) Captain Olasco, Captain Ibarra, and Mechanic Rigil.

WORKER HURTTLES 170 FEET TO HIS DEATH

NEW YORK, April 1 (AP)—One man was killed and two others were injured, probably fatally, when William Matlock, 22, tumbled 170 floors down an elevator shaft in a building under construction in Brooklyn today.

As Matlock made the 170-foot plunge while doing his work, he struck the shaft, fell 32, of Wayne, N. J., who was working on the top of the elevator cage in the sub-basement, both men cascading through the elevator roof, falling on the Wademan, 25, who was working inside the cage. Matlock was dead.

Two Injured in Crash. SALT LAKE CITY, April 1 (AP)—Edwin McHenry and E. A. Fuller, both of Provo, suffered possible internal injuries when the automobile in which they were riding, driven by Rex Davis, crashed into a higher attached to another car.

Davis reported that the trailer had an oil light, giving this as the reason for the crash.

INJURED BY "ERUPTION"

DENVER, Colo., April 1 (AP)—"An explosion in the chemical laboratory of the Astor Francis Junior high school here today injured 10 boys, three receiving severe burns. Sulfuric acid was scattered to all sides when the laboratory, by the explosion, which occurred while the teacher in charge was conducting an experiment to demonstrate the workings of a volcano in eruption.

SKILLED ARMY MECHANICS TO GREET ITALIAN FLIER

THE SPORTS OF A DAY

JUNIORS SMOTHER TRACK OPPONENTS

Third Year Men Take 10 First Places of 14 in Twin Falls High School Annual Interclass Event; Seniors Second.

The juniors smothered their opponents under a shower of points taking 10 first places out of 14, and securing a total of 29 points in the Twin Falls high school annual class meet at Lincoln field yesterday afternoon. The class was composed with two first places, and 40 points, and the sophomore third, with two firsts and 23 points. The senior gentlemen finished in javelin and shot, and third in the pole vault, for four points. A light drizzle fell during the meet which made the track heavy and slowed up the time in the races. The meet was run off in two hours, and was the best high school meet held in Lincoln field in years. About 100 spectators gathered in the meet to watch their favorites.

Results Gratifying

The results of the meet were gratifying to the spectators and indicate a strong team aggregation this year. Probably the biggest surprise was the winning of both hurdle events by Tim Robertson. Tim took the 100 yard hurdle in camp in the lower in an impressive manner, and repeated by defeating Alvin in the high. Not content with this he furnished competition to the high jumpers by clearing the bar at 5 feet 4 inches to tie for third and fourth with Roberts.

Perkins, Champion of All Around Athlete, was High Point Winner With 13 1/2 Points, Missing out Wait, who won 34 points. Perkins took first in the 100 yard dash, and broad jump, second in the 220 yard dash, and ran a leg in the 440 yard relay. Wait was first in the shot and javelin, second in broad jump and fourth in the discus. The most thrilling races were the 500 yard dash and the 440 yard dash. Wait won from Perkins in the former by a hair and the grandstand pickers were about equally divided in their opinion of the race. Perkins took the 440 Knight took the lead and maintained it up to the finish, where Wait stepped up and beat him to the tape to win in 55.9 seconds, the time for the condition of the track.

Dietrich Wins Mile

Dietrich, running easily, won the mile in 4 minutes, 56 seconds, with L. Bell crowding him at the finish to run the mile under 5 minutes, consisting of the track in a very satisfactory manner. The time for the two winners finished under 5 minutes.

The 800 yard relay went to the juniors who ran the distance in 1 minute and 40 seconds. They were crowded all the way by the seniors, making a fitting climax to a successful meet. The summary of the meet is as follows:

- 100 yard dash—First, Jerome, junior; second, H. Ward, sophomore; third, True, junior; fourth, Lucas, junior; time, 10.8.
- 220 yard dash—First, H. Ward, sophomore; second, Jerome, junior; third, True, senior; fourth, Lucas, junior; time, 25.1.
- 440 yard dash—First, H. Ward, sophomore; second, Jerome, junior; third, True, senior; fourth, Lucas, junior; time, 55.9.

BOULDER HIGH SCHOOL TO HOLD INTERCLASS MEET

BOULDER, April 1 (Special to The News)—Coach Nell has a large squad of track men out ready and expects to devote more time to track this year than has previously been the case. The annual interclass meet will be held next Wednesday, after which the squad will be cut down and intensive work taken up. Coach Nell has accepted an invitation to participate in the annual invitation meet to be held in Twin Falls, and he expects to lead his entries in practically all events.

DEPOSED RULER SEEKING THRONE

Emir of Bokhara, Now Living in Afghanistan, Making Bold Attempt to Regain Place.

OLD BOKHARA, Soviet Uzbekistan Republic, April 1 (AP)—Bakht Yar, deposed ruler of Bokhara, now living in Afghanistan, to recover his lost throne and possessions.

Seeking groups of trained emissaries to different parts of Turkistan, he has attempted by means of money, propaganda and force to bring about a revolution against the present soviet regime. He also managed to smuggle across the Afghanistan border a considerable number of rifles and a quantity of munitions.

The emir, who is also the titular khalif of the millions of Mohammedans in this region, tried further to collect taxes from the natives to support his campaign, threatening them with the wrath of Allah if they refused to comply.

To invade their land he told them that England had declared war against the soviet, whose regime, he asserted, would be of short duration.

Querrilla Warfare

The peasants, however, refused to aid and to these peremptory demands not appealed to the soviet government for protection. Soldiers of the red army were sent in pursuit of the emir's agents. Flying to the open desert on fast steeds, the latter concentrated their forces by forming small battalions which later conducted surprise attacks and guerrilla warfare against the red army. After several weeks of incessant fighting the emir's rebel forces were routed and their guns and munitions captured. This was not accomplished, however, without the loss of considerable bolshevik soldiers, who in many cases were taken prisoners by the fanatical Uzbeks and tortured to death. The soviet government won the favor of the tribes by imposing heavy taxes, helping them with their crops and giving them reasonable justice.

self-government, those sporadic incitements to revolution by the emir's representatives had less and less success.

FISHING SEASON OPENS EARLIER

State Game Warden Thomas Explains New Law; Snake River Closed for 13 Days.

The fishing season will open May 10 instead of June 1 as in former years, according to R. Z. Thomas, state game warden, who is in Twin Falls to inspect the Cedar creek hatchery. Snake river will be closed to fishing from May 3 to 15, inclusive, this year, and hereafter will be closed with other streams from January 1 to May 10 every year.

The big trout for trout has been changed to allow 25 fish in one day or 10 in possession at any time. Special bags of 250 pounds each, valid for 48 hours, will be allowed.

Mountain sheep may be bagged in Valley and Lemhi counties, the bag limit one ram only. A special license fee of \$25 for residents and \$50 for non-residents in addition to the regular license will be required.

Inspects Hatchery

Dr. Hopkins, local game warden, accompanied Warden Thomas to the hatchery at Cedar creek yesterday where he made an inspection of the trout. Some ducks were expressed concerning the amount of water furnished by the spring upon which the plant depends. Owing to the recent years of drought the water level is low and should, it is thought, be materially reduced. It will be necessary to hatch eggs in the spring water. The local fish and game association tendered the use of their local plant to the state department should it be necessary to hatch the eggs away from the Cedar plant. About 10,000 eggs have already been stripped and operations will continue until about 200,000 eggs are taken. William Keil, state fish commissioner, will arrive Monday to go over the plan to hatch the eggs in the local ponds after a thorough survey of conditions at Cedar.

HOLD SHOOTING PRACTICE

Shooting practice for members of the Twin Falls rifle club this evening in Legion hall indicated that the old-timers still have their shooting eye. Members of the local gun club and club members mixed in shooting practice and honors were about even. The match between the two next Tuesday evening should bring out some pretty good scores, and neither group has any intention of giving up. It was suggested that the teams be reduced from 10 to 5, and this plan will probably be followed.

Bird Travels

With the approach of autumn, the warblers, swallows, martins, flycatchers and hosts of other birds quit their shores on a long journey, flying south for warmth and food, says London Answers.

This great trek is one of the marvels of bird life. Millions of birds have never undertaken the journey before; many now have traveled it several times. But in some instances the young leave before their parents, in some wonderful manner go direct to the country, perhaps 3,000 miles distant, to which their parents will eventually fly.

Middle of Road's Crowded

POCATELLO QUINTET ELIMINATED FROM NATIONAL TOURNAMENT BY SOUTH DAKOTANS; SCORE 33 TO 16

Coach Rich Fox' Hoopsters Bow to Huron Team in Quarter-Finals at Chicago; Perrin Tosses 10 Field Goals.

(By The Associated Press) CHICAGO, April 1.—The north and the south, two teams from each were left standing to fight it out for the national high school basketball championship in the semi-finals tomorrow.

Huron, S. D., and Batesville, Arkansas, will meet at 3 p. m. in the opening match of the semi-final round. Perrin, Mississippi, and Morton high of Cleveo, Illinois, will play at 5 p. m. with the winner to meet at 9:30 p. m. of the national title.

The Huron team defeated Pocatello, Idaho, with comparative ease, 33 to 16, yesterday. They had an easy victory over Grand Forks, N. D., 23 to 21.

The last two games tonight were furious affairs, the lead changing several times. Huron, finally losing out by 14 to 14, over Moore high of Norfolk, Virginia.

Moore, Georgia, struggled desperately against the high school of Cleveo, but Cleveo managed to win out by a single point, 27 to 26.

Take Big Lead

The Huron team, leading by a point at the end of the first period, jumped into a commanding lead in the second quarter, and finished as it pleased against the bats from the haked potato state, Perrin 40 and two points short of the all-time tournament record for individual scoring set by Fisher, Lincoln, Nebraska, finished in the Lincoln, Alaska, Tennessee, game which opened the tournament.

Pocatello's scoring was well distributed between Hall and Perrin. Huron's entry into the semi-finals marks the third time in four years that a South Dakota team has been among the last four survivors. York, S. D., was a finalist in 1921 and Sateo, S. D., a semi-finalist last year.

FIRST TO REACH GOAL

CHICAGO, April 1.—Striving with the enthusiasm and dash of youth for the championship basketball ball game. Members of four high school teams tonight fought their way to the semi-finals of the national scholastic tournament.

Huron, the South Dakota champion was the first to reach the goal of the 43 teams which began to play last Tuesday.

Tomorrow comes the supreme test for the pick of these 400 boys of "teen age" from the four corners of the country and many a hand will be wrung in the final game with the winners in six hours when skill and stamina will decide the victory.

Teams on Even Terms

Breaks of the draw gave some of the teams a day of rest in the preliminary rounds, but those remaining are on even terms now.

The 43 teams traveled more than 45,000 miles to compete in the sixth annual scholastic classic, and the low matched east and west, north and south, colonial America and immigrant south, until only four were left for the fifth and final day tomorrow.

The south and the southwest made a clean sweep of the consolation rounds, which also enters the semi-finals tomorrow. Durham, N. C., and Athens, Texas, will meet in the first game at 10 a. m. of the consolation rounds at 11 a. m. The losers in each match will meet at 4 p. m., while the winners come together for the consolation finals at 7:30 p. m.

BUHL TRIMS KIMBERLY IN FIVE-INNING GAME

BUHL, April 1 (Special to The News)—The Buhl Indians defeated the Kimberly baseball team here this afternoon 12 to 5, in a fast early season game that was called at the end of the fifth inning because of rain. Davis, veteran all-around athlete, pitched to Hyde, and Quire for Buhl, while Downing and Smith were the Kimberly battery. The Indians got to Downing early in the game and ran up a big score, while Davis was steady and kept the visitors' bats scattered.

MYERS-CALLAHAN TITLE CONTEST NOW ASSURED

CHICAGO, April 1 (AP)—Mudsy Callahan is to defend his world's junior welterweight title here in June against Spig, Myers, Idaho contender. Promoter Jim Mullen announced today after closing the title match.

The two recently fought here at catch weights, Myers wanting a decision, Callahan wanting a knockout.

LINCOLN FIELD SITE OF EVENT

South Central Idaho District Track Meet to Be Held Here Early in May; Decision.

The south central Idaho district track and field meet will be held on Lincoln field, Twin Falls, May 7, and Coach Felix Platts will act as manager. It was decided by members of the district board of control at a meeting here Friday afternoon.

The meet was held in Twin Falls last year, and the choice was left to the schools in the district this year. Professor Felix Platts was expressed by a majority of the athletes, and Twin Falls business men agreed to help defray expenses of the visiting teams should the meet be held here. The track at Lincoln field has been improved, easing the curves and widening the straightaway. Spectators are afforded a closer view of the contestants than they are on the Fiber track, and the infield is in better condition for field events.

Members of the district board of control were of Oakley, president; M. M. Van Eaton of Buhl, vice president; and P. S. Deane, of Gooding, secretary.

Woodchopper Clubs Way to Victory in Bout With Heenev

NEW YORK, April 1 (AP)—Staging a determined, slashing attack, Pauline Woodchopper club, tonight over Tom Heenev, named New Zealand in a bruising 10-round match before a crowd of 4,000 in the Madison Square Garden.

It was a close and furious battle between the two fighters, sluggers, Pauline's superior stamina, tactics and superior left hook, gave him the victory by a two to one vote of the officials. The referee, Arthur Donovan, and one of the judges, decided in the Spaniard's favor, while the other judge split his ballot for Heenev. In the opinion of most ring-side critics, Pauline carried off six rounds and Heenev four.

MOSTLIL QUILTS SOUTHLAND

SHREVEPORT, La., April 1 (AP)—Johnny Mostlil, a fighter of the Chicago White Sox, who attempted to kill himself here March 8, left today for his home at Waltham, Indiana, to recuperate.

He expects to return in the Sox lineup about May 15.

Channel Buoys

WHAT would modern navigation do without the channel buoys—those floating markers that keep ships off the shoals? In a very real sense, the advertisements in this paper are channel buoys, placed for your protection—for the safeguarding of the family expenditures.

These advertisements are the signed statements of reputable firms who seek your patronage on the single basis of giving value for every dollar spent. They are honest statements, the only kind an advertiser can use and remain an advertiser.

People who get the most for their dollar in the market-places are those who keep an eye on the channel buoys. Day by day, they follow the advertisements to learn what and where to buy to the best advantage. Make this a habit. Study the advertisements, in the interest of shrewder buying.

The advertisers in this paper have charted the channels of buying for you. Keep to the course.

Ware! Bad Men!

BULGIN TRACES JOLTS ON ROAD TO SALVATION

Evangelist Discusses Stages in Christian Progress in Lecture Before His Biggest Audience at Tabernacle.

Seven jolts in the pathway of men on the way toward salvation, characterized as seven bumps on a corduroy road, were discussed last evening by Dr. H. H. Bulgin, evangelist, in the fourth lecture of the revival campaign in which five Twin Falls churches are cooperating.

Biggest Audience

The meeting in the tabernacle last evening was attended by nearly 150 persons constituting the largest audience since the opening of the campaign last Sunday evening. A choir of 200 voices under direction of Charles B. Clark nearly filled the choir loft. The musical program, including singing by Mr. Clark of a negro spiritual and piano numbers played by Roy Gamble.

Dr. Bulgin and members of his party addressed meetings Friday forenoon in Kimberly high school and in the afternoon in the public school. An interesting feature of the campaign is the work being conducted by Mr. Gamble among boys and girls on Monday, Wednesday and Friday afternoons of each week. Nearly 700 little folks assembled in the tabernacle Friday afternoon at one of the meetings.

Pointed Observations

Dr. Bulgin's lecture topic for this evening was "The Seven Stages of Salvation." The churches, the Community's Best Asset.

In the course of his discussion of successive stages in progress toward complete salvation, Dr. Bulgin stated evening gave attention to some pointed observations. He said: "It is not justifiable, it is unwise, and when persisted in, it is anarchy against God."

COUNCIL TAKES FIRST STEP IN ZONING PLANS

Establishing of a business of any kind within the city of Twin Falls, Idaho, they are hereby most earnestly urged to give way and cooperate with the members of the said committee.

MUSIC TEACHER FOR FILER

FILER, April 1.—Miss Georgia McMaster, Twin Falls, has been employed to teach music in the elementary school system and Miss Anna Mazon will fill in as instructor in the higher grades for the coming year.

BREVITIES

TWIN FALLS MAN HURT BY BLAST

Ralph Modlin, Powder Man, Is Painfully Injured in Accident at Clear-Lakes.

Ralph Modlin, 30, of Twin Falls, powder man for the Twin Falls Coal company, suffered painful injuries and possible total blindness, when he was hurt by a blast of dynamite Thursday afternoon at Clear-Lakes, three miles north of Huhl, when the back hammer which he was operating struck a charge of dynamite that had been placed in a hole a few minutes before, but failed to fire when a number of other charges were ignited. In addition to several severe cuts and bruises about the face, neck and arms, Modlin suffered a compound fracture of the right leg above the ankle. Blood from the man's eyes was expressed last night by attending physicians.

CARD OF THANKS

We wish to thank our many kind friends and neighbors for the sympathy extended us during the illness and death of our son and brother, Theodore Alvin, and also for those that sang and contributed floral offerings.

Peter Mai Family.

Follows the meaning of the law.

During the past three years, it was stated, she has lived most of the time in Salt Lake City.

Some questions developed as to whether

Cecil A. Edwards, plaintiff, in an action for divorce from David R. Edwards, was a resident of this district within the meaning of the law.

The Reynolds ranch company, organized

with \$25,000 capitalization for purposes of buying, selling, improving or cultivating lands, filed its articles of incorporation with the office of the county recorder here.

FIELD MEN LEAD OUT IN NOXIOUS WEED WAR

This season's campaign against noxious weeds in Twin Falls county opened Friday when six field men under direction of M. E. Brady, county weed commissioner, began work on a field survey that is expected to disclose infested areas toward which attention will be directed in subsequent phases of the campaign.

TWIN FALLS COUPLE WED

The wedding of Miss Marie Peterson and Everett L. Berg, both of Twin Falls, took place Friday in the probate court room here, Judge C. A. Bailey officiating.

April Opens With Intermittent Rains

Forecast for today: Unsettled with probable local rains. Showers were still descending in Twin Falls at a late hour last night and a continuation of mild weather here would probably start in the early hour this morning. During the 24 hours preceding 6 o'clock last night all of an inch of precipitation fell here and during the four hours following 6 o'clock a similar amount is estimated to have fallen. Maximum temperature for the day was 48 degrees and the low mark recorded during the early morning hours Friday was 29 degrees, according to St. James' station in charge of the government weather observer's station here.

farmers who have just finished plowing of wheat and oats. Showers, however, were responsible for an interruption Friday in work being done on a farm being prepared for other crops.

SKAGGS SAFEBWAY STORES

Distribution Without Waste

Mother Nature's Finest

Huge scale buying and selling have enabled the Safeway Man to eliminate many needless operations and profits in handling fresh fruits and vegetables and bring the choicest products of field and orchard within the reach of every family. Our yearly purchases of all kinds of fresh produce run into staggering totals. Naturally we effect savings—material savings—through cutting out needless handlings and many "commissions" and other charges which the ordinary dealer must pay. As a result of this "shortening of the spread" between producer and consumer the Safeway Man offers you fresher and finer fruits and vegetables at substantial savings.

BREAD

BUTTERNUT BREAD differs from ordinary hakers bread in texture and flavor. It is usually a firm, solid loaf that can be sliced thin and buttered without crumbling up. Full weight pound loaf of the BUTTERNUT BREAD (3 pounds) 25c. Specify "BUTTERNUT" for full weight loaves.

MOTHER'S BREAD: For those who prefer a very light, soft, fluffy loaf (the ordinary baker's loaf) we have our MOTHER'S BREAD—made with milk—the same dough as BUTTERNUT but baked by the ordinary bread process. It stays soft for 24 hours after being baked for a quarter bread. You then get BUTTERNUT quality in the soft, fluffly loaf.
