

BULGIN LISTS DEVIL'S WILES TO TRAP MEN

Evangelist Includes Dress, Dance and Sunday Shows Among Implements Employed by Evil One.

"Our first parents, Adam and Eve, sold out to the devil and wrecked the world, and God has been doing His best ever since to save it." Dr. E. J. Bulgin, evangelist, discussing the subject, "If I Were An Evil Spirit," last evening, told the audience of nearly 1,500 persons in the tabernacle here in which a unique revival campaign is being waged.

Attributing to a personal devil a purpose to prevent humanity from assuming a proper relationship to God, the evangelist last evening discussed methods employed by the evil one in the attainment of this purpose and paid his respects to modern religious teachings, modern dress, dancing and motion picture shows.

Dr. Bulgin announced that he would speak in the tabernacle Sunday evening on "Hell," and in the afternoon on "Fables of Devils of Peace." There will be no services in the tabernacle this evening.

Devil's Guide

"I've won the devil," the evangelist said last evening. "In order to keep people from Christ."

"I would dress to suit my business. Man is the only animal that is ashamed of his dress. He is the only animal that is conscious of his sin. Dress is the badge of sin, reminding man of his fallen nature, of the tendencies of modern dress make from this badge of sin. We have patterned our standards of dress for 40 years after the standards of a decadent and lost world."

"I would go into good society, to another man's Christmas, to another man's church, to another man's religion."

"I would be moral, because I could justify that way. Sex man can originate a code of morals higher than himself; the worshiper tends to assimilate the object he worships; all objects of worship except Christ, have attributes that are imaginary and not real; hence the merely mortal person becomes a selfish worshiper and goes down to destruction."

"I would lay down a liberal code, wherein liberality displaces charity. It is not necessary to have a good will toward a man if he is going to picture shows on Sunday or do other things to misrepresent my God. Dancing is a fine killer of spirit, killing, appearing to sex and engendering joy and contributing neither to grace of movement or the heart. Not all persons who dance do so with immoral purpose; but the promiscuous mixing of the sexes makes dancing dangerous. It is not unwise to decline to indulge in something that may not harm me but that means ruin for my weaker brother."

"I would stop some of my imps on the board of every church to stop the progress of the church and paralyze any spiritual movement that might start."

Board Grants Pardons to 20

Six Get Freedom on Condition, While One Sentence is Commuted; Wheeler Holds Post.

HOUSE, April 8 (AP)—Twenty pardons, six of which are conditional, and one commutation of sentence were granted today by Idaho's state board of pardons, completing its 3-day session in the consideration of 63 applications for pardon. The board reported J. W. Wheeler, former sheriff of Lincoln county, arrested and named Dr. O. H. Parker, Boise, prison physician, ascending Dr. George Griffith, Boise, Dr. F. Willis Almond, Boise, was reappointed associate physician.

Conditional Pardons

Daniel C. Boyer, Custer county, who had served five years of a life sentence for murder, was granted a conditional pardon. Other conditional pardons were granted Frank Koenig, Latah county, burglar; William Fong, Ada county, forger; Wann Wilson, Washington county, robber; Jack West, Elmore county, robbery; and William Griffith, Idaho county, grand larceny.

Pardons granted persons now on parole were to Alice Wilson, Ada, grand larceny; Lloyd Horton, Nez Perce, kidnapping; Robert P. Elkins, Ada, grand larceny; Frank M. Bradford, Ada, grand larceny; Jacob Gifford, Elmore, statutory rape; Merritt Newman, Lincoln, burglary.

Outstanding Threats

Some of the outstanding threats made by the evangelist in last evening's sermon-lectures were these:

"It takes a Dutch lawyer to lay a bet on the true and the false in religion. The safest way to deal with a religious problem is to take it to a specialist, a minister of the gospel."

"Men have no right to think or act as they please unless they think or act right."

"What's new in theology isn't so, and what's so in theology isn't new. The new thing the devil couldn't control and that is the awful depths to which men and women go when they get out of right relationships with God."

"God doesn't save by a patchwork method. You are either saved or lost; either answered by God, or by sin, the world and the devil."

"The devil wants you to be respectable, but to worship him."

"If there is anything in this world, He is making an awful failure of it. Profits in Twin Falls this week show that He is not."

WINTER WHEAT YIELD NORMAL

Department of Agriculture Reports Crop Condition as Highest in Many Years.

WASHINGTON, April 8 (AP)—Condition of the winter wheat crop on April 1 was the highest of any year on that date since 1904, the department of agriculture placing it at 84.5 per cent of normal, an increase of 2.7 points since December 1, compared with an average decline of 4.4 points between those dates in the last 10 years.

The department has a forecast of individualized production nor any statistics on the average abandoned, both of which will be estimated next month. The area sown to winter wheat last fall was 41,807,000 acres. Last year's harvested area was 36,914,000 acres and production 628,290,000 bushels.

Approved Conditions

All important winter wheat states in the eastern, central and north central sections show an improvement in condition since December 1. Moisture and temperature conditions in general have been favorable, the department reports, but in the western third of North Dakota, southwestern portion of Nebraska, western end of Kansas and northwestern part of Oklahoma it has been too dry for wheat, although recent rains have occurred in this general region.

In Kansas, the greatest winter wheat producing state where 11,092,000 acres were sown last fall, the department said rainfall had been ample, except for the western third and in portions of the northwestern and south central where rainfall was excessive.

SUES FOR ROADWAY TO GRAVEL PIT IN CANYON

Suit against Albert H. Nash for condemnation of a roadway to lands in Hock Creek canyon owned by William H. Caswood was instituted by Caswood in district court here Friday. Caswood asserts that Nash, through his agents, is necessary to permit him to sell to the Twin Falls highway district a portion of his canyon lands. He alleges that Nash has granted a right of way for such a roadway. The complaint was filed by Walter G. Barry and J. H. Keenan, attorneys.

APPLIES FOR PARDON

WASHINGTON, April 8 (AP)—A formal application for a pardon for Earl Carroll, theatrical director of Latah county, was filed with the department of justice today. Carroll is to begin serving a sentence of a year and a day in the federal penitentiary at Atlanta Tuesday.

Poetic Idea of Pearls
What are pearls? One poet says they are "the tears of a goddess dropped into the sea—caught in the heart of the pearl oyster and there treasured up in the purest gem of the ocean." Another says, "The air gives us the rainbow; the meteor fair, the earth the ruby, but it is the sea that yields the pearl."

You don't need a library

to plan a balanced breakfast

Just serve whole wheat—the perfect food for health, strength and growth—and balance your diet as Nature intended.

Whole wheat supplies the food elements you need in the right proportions

Nature put a balanced ration into every grain of wheat—vitamins, proteins and carbohydrates for energy and growth, mineral salts for bone-building, and all the brain system needs to keep it healthy and clear.

All the whole wheat grain is Shredded Wheat—it is whole wheat steam-cooked, shredded and toasted. Served hot or cold with milk or cream, or with melted butter, it makes a delicious and satisfying breakfast. Add this full-of-health dish to your menu, and your breakfast will be balanced by Nature herself.

WOMAN ONCE VISITOR HERE BRAVES WILDS

Cape Town News Dispatch Tells of Return of 80-Year-Old Aunt of Twin Falls Man From African Excursion.

Mrs. W. D. Corah of New York, 80 years old widow of a late president of the Union Pacific, who, with her cousin, Miss Cooper, recently arrived in Cape Town, South Africa, after spending three months in the African wilds, unharmed and without white escorts, visited last summer in Twin Falls with her nephew, E. O. O'Connell, Oregon Short Line roadmaster, just before setting out on her African excursion.

Mrs. Corah has spent much time in travel since the death of her husband several years ago.

Here is the story of her African excursion as told in a news dispatch from Cape Town, South Africa, published in the Chicago Daily Tribune:

"A return to civilization after three months in the African wilds, during which they traveled unharmed and without white escorts, was made Tuesday by two American women.

"They are Mrs. W. D. Corah of New York, widow of the late vice president of the Union Pacific railway, who will celebrate her eightieth birthday Friday, and her cousin, Miss Cooper. Refusing to have their plans discouraged when arrangements for a white escort failed, November 12, they left Naples alone on a motor trip which was to take them through 4000 miles of interior Africa. The story of their adventures was related in Johannesburg when they arrived there.

"Beasts stalk bivouac
"Wild beasts, jungle lands and strange native tribesmen of Africa all seemed to hover about them during the night. Mrs. Corah and her companion, at Risaf, December 11, they camped all night near a native bivouac. One of the preliminary thrills of the trip came that night when a man-eating lion approached the bivouac. A shot rang out and the two women, who had been apprised of the danger nearby, learned that the beast had been killed.

"Plunging into central Africa, the daring Americans lost their way after passing through Nairobi, and as they were anxious to get back on the main road, they drove their automobile all night. The reservoir car broke down and this forced them to camp out in the wilds.

"Beasts of the dangerous interior country crowded around their car. They turned the spotlight on zebras and hyenas which several times came close enough to the car to have brought terror to less courageous women. A rescue party arrived at midnight and the two were able to continue their trip.

Distribution Without Waste

Answering the call of Middle-Western and Eastern folk who feel that they, too, should be allowed to share in the advantages offered by the most economical known method of distributing foods, our organization is rapidly spreading East. Last week the Safeway-Man opened five new stores in Lincoln, Nebraska. Later in the month Topka and Wichita, Kansas and other Eastern centers. From these central points his activities will radiate until the saving service of Safeway Stores is available to all the surrounding towns and communities. In all it is planned to open between 150 and 200 new stores during 1927, making it possible for that many more communities to profit by wasteless distribution.
