DAM COLLAPSES AND FLOOD WATERS WIP OUT WYOMING TOWN

Little Western Village of Kelly Is Destroyed by Raging Torrents Released When Structure Fails to Hold Contents.

(By The Associated Press) WYOMING, May 18.—Heavy floods were lost when a wall of water from what is known as the "Big Dam" collapsed and swept over Kelly, Wyoming, 23 miles from here, about 10 o'clock.

Water came from the reservoir above the dam and spread over the banks of the stream until the river, at this point, was 20 feet above flood stage. No lives were lost in this town, for the telephone company, an independent line, had managed to raise a warning of the approaching flood.

Swan Valley in Danger. The town of Swan Valley, just further down stream, but had not reached there as yet, at 7 o'clock.

Max Edick, farmer, Mrs. May Lovjoy, Mrs. Smith, sister of Mrs. Lovjoy, F. Almy, three members of the Neddie or Kresley family, a third man, name unknown, working for Mr. Edick, were the only persons in the town.

Word reaching here in fragmentary form—over telephone lines and down highway communication has been received in several places, but it differs, that only a store and a church are left standing at Kelly.

Kelly is a town of about 75 persons living in homes scattered along the river front.

The flood came from a natural dam formed two years ago when slides, followed by earthquakes, swept down the valley, about four miles above Kelly, to form a natural dam. The dam was about 100 feet high, and was composed of earth and rock.

The flood today was without warning, and it may be that the dam was not as strong as it appeared to be. Kelly was engulfed as the vast volume of water swept over the town.

DAM COLLAPSES, FLOODING LITTLE WYOMING VILLAGE

(Continued from page one)

Other cities and towns in the path of the oncoming flood have been warned by telephone and other means with the result that it is believed no further loss of life may be expected.

IDAHO FALLS, May 18 (AP)—Two Wyoming towns today under water, one of them completely wiped out by the flood which broke at 11:30 o'clock this morning when the Gros Ventre slide dam gave way.

First direct reports from the affected area came in late this evening from Mr. Mondy, merchant of Wilson, Wyoming, 18 miles down the river from the dam, who said the water at that time was four feet deep in the lobby of the Wilson hotel. He also said that houses were being washed away and that the inhabitants were rushing to the highlands for safety.

Nothing is known of the fate of the 18 inhabitants of Kelly, but fear is expressed that if they had no advance warning of the dam break, all must have perished.

100,000 Acres Feet of Water.

Clyde Baldwin, watermaster of the Snake river, estimated this afternoon that the entire dam went out. It would have released approximately 100,000 acre feet of water. Mr. Baldwin feels that this head of water will reach Idaho Falls in less than 24 hours but expressed the fear that it would do considerable damage to settlers along the upper Snake river.

The town of Kelly, Wyoming, is said to have been completely washed out by the current which flooded the country there.

Extra gates were opened at the dam last night in anticipation of the rush of water sweeping down from the north. "We will hold what we can and let go of what we have to," Mr. Templin said.

So Talking Is Hot Air. A physicist has calculated that if 1,000,000 persons were to talk steadily, and the energy of their voices were converted into heat, they would have to talk an hour and a half to produce enough heat to make a cup of tea.

Julia Claussen, Metropolitan Opera Star, who protects her voice, writes:

"When I decided to smoke cigarettes, I looked about to see which brand was in favor with most men. The answer was easy to find. I noticed that practically all the men at the opera were smoking Lucky Strikes. I learned from them that this cigarette, delightful in flavor, left their voices in splendid shape for their singing. So I tried Lucky Strikes and knew that the men were correct in their judgment. I am enthusiastic about their flavor and the fact that they do not affect my voice."

BULLS DOMESTIC ON STOCK MARKETS

NEW YORK, May 18 (AP)—Bullish demonstrations in the high-priced industrial securities market and General Motors, which led a list of two dozen new highs, contrasted with the weakness of several specialties in today's mixed stock market. On the whole, speculators for the advance retained the upper hand but they were forced to contend with heavy profit-taking and rather persistent short selling of some issues. Easy money rates were again an important factor, calling money dropping to 3 per cent after retreating at 4 1/2. The day's news was mixed in character.

CHECK FORGER RETURNS TO ANSWER TO CHARGES

Deputy Sheriff C. E. Jones Brings T. B. Parks From Nevada on Felony Warrant.

Returning with T. S. Parks, wanted in this county for forgery, Deputy Sheriff C. E. Jones returned yesterday a check for \$100 on S. J. Brough, prominent sheep grower of the Elko section, February last, and Deputy Sheriff Jones has worked on the case until recently.

Extradition papers were secured at Carson City from the Nevada governor, and Parks, who seemingly convinced the Nevada sheriff that he was innocent of the charge, was released. Parks was found working for a sheep man in Nevada, and at that time, during all conversations with the sheriff, identification of Parks as the forger was made from pictures in charge of the Sheriff of Elmore county.

On arraignment in private court here Wednesday, Parks pleaded guilty to the forgery charges and expressed desire to be taken before the district court for sentence at once.

JURY MAKES THOROUGH FINDINGS IN DISPUTE

Comprehensive Verdict Causes Contentation in Court; Fixes Attorney Fees.

Verdict returned by a district court jury Wednesday morning in the case of the Broadway Garage of Montana against H. R. Jacobs of Twin Falls manifested purpose to make thorough and complete settlement of all possible matters in dispute, but, according to court officials, it has occasioned some consternation because of its scope.

The suit involved the garage company's claim for \$1000 damage growing out of alleged failure on the part of the defendant to make payments on contract for purchase of an automobile within time limits set forth in the contract. The jury was asked to find for or against one or the other party to the action.

The verdict stated that the jury found for the defendant; that he was entitled to possession of the property in question; that he should be required to pay the remaining amount admitted to be due on the contract and that he pay plaintiff attorney's fees in the sum of \$100.

Plaintiff garage company was represented by W. Taylor and defendant Jacobs by Harry Benoit.
