WALL OF WATER 20 MILES WIDE ON WAY TO GULF OF MEXICO

Flood Rising at Diminished Rate; Scores of Residents of Lower Atchafalaya Rescued by Boats; Many on Levees

NEW ORLEANS, May 23 (AP)—A wall of water 20 miles wide to-night was beginning to reach the upper extremities of Grand Lake in its movement to the Gulf of Mexico.

Behind it stretched a lake 200 miles from the Arkansas lake. Its width varied from 10 to 80 miles as it poured funnel-like from the north into the northeastern Louisiana, where it covered an area two parishes wide, through the crevasses along the Bayou des Claires, into the western Atchafalaya river basin, narrowing to a width of one parish.

Business Estimates Lower The New Orleans weather bureau estimated today that the flood surface along the line between Bayou des Claires and the Atchafalaya was about 10 feet above mean high level and that the water still was rising although at a diminished rate.

The flood waters are approximately 100 west of New Orleans, on the west side of the Atchafalaya river and the Bayou des Claires, breaks through which they are rushing. At about 150 miles northwest of New Orleans and on the opposite side of the Mississippi river.

Residents Rescued Immediately behind the advancing water scores of residents of the lower Atchafalaya were being rescued by fire boats maneuvered through the current to remove them from houses to which they had fled.

Scores of persons, unable to remain in their homes, were living on levees where they had found safety after the first onrush of the waters.

Along the upper extremity of the levees, plankton were being collected several weeks ago when breaks occurred in levees along the Mississippi and Mississippi at Osage and Milliken Bend.

Bound Up Flood Immediately before the flood, fleets of trucks were speeding over roads soon to be submerged, removing families, cows and pigs to higher ground in western Louisiana and Texas.

Along the upper extremity of the levees, plankton were being collected several weeks ago when breaks occurred in levees along the Mississippi and Mississippi at Osage and Milliken Bend.

FAST TRAINS CRASH IN ARIZONA; WOMAN KILLED; 25 INJURED

Engine of Second Section, Santa Fe Limited, Plows 10 Feet Into Rear Coach on Sliding; Confusion on Scene

(By The Associated Press) PHOENIX, Ariz., May 23.—A collision today of two sections of the Santa Fe railroad California-Limited train, caused one death and the injury of 25. Two of those injured may die and 10 others are in a serious condition.

The body of a woman, believed to be Miss Bernice Watson of Los Angeles, was found in the rear of the rear Pullman sleeper and observation car after all the injured were removed and it was believed that no one had been killed outright.

Women Being Helped Two other women, Mrs. J. P. Case, of Victoria, California, and Mrs. V. W. Richmond, of Los Angeles, are in the hospital here in a critical condition.

Other injured were taken to the county hospital at Albuquerque, N. M. The collision occurred while most of the passengers were in their berths.

Otherwise, trainmen said, the casualties probably would have been larger. Section one, filled with excursionists bound for the east, was standing on the track signal at a lumber siding waiting for train No. 21, the Navajo, to clear the siding.

A brakeman had gone back to flag the oncoming train, but eye-witnesses said it did not have time to stop.

FORMER IDAHO EDUCATOR MAY TAKE STATE OFFICE

BOISE, May 23 (AP)—Charles Black, former president of the Lewiston state normal school and now president of the Washington normal school at Ellensburg, was prominently mentioned today in state house sessions for the Idaho commerce commission of education.

Two members of the state board of education, which will appoint the successor to Miss Ethel E. Redfield, who resigns because effective July 1, are understood to have asked Mr. Black to come to Idaho to meet them.

The board is expected to name the commissioner at its next meeting in Moscow early in June.

A statement by The Tuesday, Rupert, president of the Idaho state teachers' association, issued today from headquarters here expressed pleasure at the appointment by Governor Haldeman of Asher B. Wilson, Twin Falls, as a member of the state board of education.

ROBBERS TAKE GIRL'S SHOES AND STOCKINGS

KANSAS CITY, May 23 (AP)—Two men who this afternoon held up Miss Ruth Blonsky and took \$100, also robbed her of her shoes and stockings.

They left her standing in an alley, where with the mercury at the 90 degree mark and the pavement very hot, she was content to seek the shade and await help.

Negro Autoist and Companion Partake of New Experience

ROCK SPRINGS, Wyo., May 23 (AP)—When an automobile driven by "Curry" Crosby, negro, plunged into the center of a Union Pacific freight train at a main line crossing four miles west of here, Crosby and a negro companion whom he had picked up on the road were uninjured, although the automobile was completely demolished.

The accident occurred shortly after midnight, the motor and "it" was three hours after the collision when the wreckage could be cleared for traffic.

SCHOOL OFFICIALS MAKE WRONG CHOICE

Trustees of Educational Institutions "Blamed" by Woman for Minds of Young Children

OAKLAND, Cal., May 23 (AP)—School trustees were blamed today for minds not individually suited for minds because the boards choose teachers "for their pretty faces rather than brains."

Credit for this assertion goes to Mrs. C. W. Bright of Illinois, honorary vice president of the national conference of the Twelve and Teachers, speaking before the body in its thirty-first annual convention here today.

Mrs. Bright declared that "instead of selecting teachers for their depth of mind, personality and scholastic achievement, the school trustees go too inclined to be influenced by pretty faces, covering 'babbling minds' and the consequence was that 'the pupils suffer'."

Mrs. A. L. Reverend of Philadelphia said the principal speech in the opening session, outlining the "seven fold program" of training children in the home and schools. She also urged that some step be taken to eliminate independent literature from the public news stands.

AMERICAN ENVOY TO NICARAGUA REPORTS TO CHIEF EXECUTIVE

Henry L. Stimson, Coolidge's Personal Representative to War-torn Country, Recounts Terms of Two Armies' Truce

WASHINGTON, May 23 (AP)—A report on his mission to effect peace in war-torn Nicaragua was given to President Coolidge today by Henry L. Stimson, the executive's personal envoy.

Verbally he recounted to the president the terms of the truce between the conservative and liberal armies and their agreement to accept American supervision of the election which will succeed to President Diaz will be named. Mr. Stimson said he might make a written report to the president later.

Chance for Confidence After conferring with Secretary Kellogg and Assistant Secretary Wood of the state department, Stimson issued a statement in which he described the offer of the United States to supervise the election which will succeed to the confidence of Nicaragua, and to perform a great constructive service to the whole of Central America.

"I feel sure," he said, "that it will be regarded by our people as a sacred trust."

Mr. Stimson said that reports from Nicaragua indicated that disarmament of conservative, liberal and guerrilla bands was nearing completion and that "this transition from war to peace has been accomplished by the faith which both sides have in the promise of the president" to guarantee fair elections.

STEPHAN FINDS MANSION APPROPRIATION UNLAWFUL

BOISE, May 23 (AP)—The appropriation of \$20,000 for the purchase of construction of the governor's mansion in Boise is being questioned by the Idaho administrator and is consequently being held by the Idaho administrator.

Gov. H. C. Balgordan, Idaho administrator, has filed a suit in the state court to prevent the appropriation of the money from the public building fund, which it did not have power to do even though it is indeed very fitting and proper that the state should provide the governor with a suitable residence.

The opinion was issued by the court. Idaho's administrator has filed the selection of land for the erection of public buildings for legislative, executive and judicial purposes. The opinion declares an executive mansion would not be for one of these three purposes and that the appropriation cannot be made from the public building fund.

What the Opiates Secret To what extent the Opiates Secret of the Gulf company may reflect the personal opinions of Secretary Mellon remains undecided. Secretary Mellon, head of the government's oil conservation board, told the conference today that he was anxious to see established in the oil industry but he felt that whatever was done must be of course "to the proper under the law, the best aspect of motive and progress are understood to have been under consideration at the justice department, but no opinion has been announced.

MITCHELL GIVES VIEWS ON POSSIBILITY OF AIR SERVICE FOR TRAVELERS

NEW YORK, May 23 (AP)—Captain Charles A. Lindbergh, in a speech at the request of the Atlantic proved that "wherever there is air, air is a possibility of air service for travelers."

It means that air passenger service can be established from New York to Peking in 65 hours, said Lindbergh, "through South America to Australia in 124 hours from New York through South America and Antarctic continents to Capetown South Africa in 140 hours."

Colonel Mitchell, who has been a strong critic of the government air service, was introduced by Lindbergh as saying that Lindbergh's flight "means the entire world is now being battled as an instrument of warfare, because an airplane can sink them with the greatest ease, and a couple of miles of shipping can be built for the price of one battleship."

Calling Lindbergh's flight the "mechanical flight," Lindbergh said that the result of correct training, long experience, both in flight and day-to-day, Colonel Mitchell said, "is truly American—characteristic."

But he took four months for his trip," Lindbergh countered. "I should be ready in three weeks."

After he has seen his mother, the first place Lindbergh wants to go to when he returns to America is St. Louis.

"I don't want my home town," he said. "I want to go to St. Louis, Mo., but that can come later on. I want to go home to St. Louis, Mo."

(By The Associated Press) PARIS, May 23.—Showed with such honors as France in all her history.

Another private citizen, Captain Charles A. Lindbergh, related at the American embassy tonight his unspoken as he was a pilot of the plane which he flew to St. Louis 34 hours before.

In the cool, late hour of the night, he was at the airport, where he was met by several reporters from the press, French, government and the French people today was the reception of the pilot of the plane which he flew to St. Louis 34 hours before.

This was Captain Lindbergh's first flight, but it will not be his last. He has many more honors in store for him. The French people hardly had a chance to see Lindbergh talk and read little else. President Pauline received him this afternoon, and Mr. Briand, the foreign minister, received him this afternoon, Thursday, while Mr. Painleve, the war minister, received him this afternoon.

PARIS, May 23 (AP)—Captain Lindbergh is not asking for any more decorations. When he was asked this afternoon if it were true that he intended to try to fly across the Pacific, he replied: "There is no foundation for that. I have no intention of making another long flight for a good while. It will be several months before I think of anything like that."

"You should get some rest," he said. "I am going to St. Louis, Mo., but that can come later on. I want to go home to St. Louis, Mo."

NOVELIST IS HELD ON MURDER CHARGE

Leonard Cline, Famous Journalist, Will Answer to Court for Death of His Companion

WILLIAMSBURG, Conn., May 23 (AP)—Leonard Cline, famous journalist and playwright, today was held for superior court, charged with the murder of his friend and house guest, Wilfred Pryor Irwin of New York. Arraigned before grand juror C. P. King at Mansfield, Cline pleaded not guilty to the charge. He was bound over without bond and returned to the Tolland county jail.

The state called several witnesses, among them Sergeant Russell J. Hazen, who said that he was told of the conversation he had had with Cline May 1. At the time Cline had been irwin a stranger for drunkenness and disordered. Cline was quoted as saying, "I had a gun loaded to shoot him then, but I couldn't do it. I got my nerve."

Cite Police Station Cline in calling state police station at that time reported that he had a friend who had apparently gone violently insane and requested the police to call at his home at once.

The shooting on May 16, two weeks after the conversation, followed several hours of drinking at the Cline home, according to the police.

ITALIAN'S PLANE MAY BE EN ROUTE TO PORT

Steamship Offield Reports a Fighting Schooner Towing Air Craft Off Asoro Islands

NEW YORK, May 23 (AP)—The steamship Offield, reported today by the schooner towing an airplane southeast of the Azores, possibly within three miles of the Azores, which was taken off early today from the steamer.

Details of the airplane could not be obtained. The time of sighting was 11:30 p. m. on May 23. The position was latitude 41.06, longitude 33.29. The position indicated, which is certainly some time from Azores, means that if it is the Pineda's plane, the Italian flier was far out of his course.

A government radio received from the Aquilinas says: "The steamship Offield latitude 41.06, longitude 33.29, on May 23, 23.30 Green-land mean time, 11:30 p. m. sighted a three-jacked airplane near the Azores, which was taken off early today from the steamer."

The airplane was seen by the steamer, Princeton and Modesto, California, which were en route to the Azores, and was taken off early today from the steamer.

## TWIN FALLS BRUINS ROSE TO POCATELLO

### Magic City Aggregation Goes Down in Defeat Before Gate City Club in Final Game of Series

POCATELLO, May 23 (AP)—Pocatello, displaying excellent baseball form, made it a clean sweep Sunday, taking the first game of the double-header by a 4 to 2 score and the second, 3 to 1.

In the first game Canfield and Holmes allowed only five scattered hits each. Pocatello batted in only one run in the first inning when Benjamin doubled, stole third and came in on an Avansino single.

Parrell, pitching for Twin Falls in the second game, became wild in the third inning, walking three men. Veach scoring on Dwyer's sacrifice fly. In the fourth inning Manager Olson brought in one run with a triple and scored on Benham's sacrifice fly. Only seven innings were played in the last game.

## DUMB BELLS

## SPORT SLANTS

BY ALAN J. GOULD Associated Press Staff Editor

**NEW YORK, May 23 (AP)—**Jack Sharkey has suddenly put some "punch" in Ter Rickard's heavyweight elimination just when the promoter was getting a big discouraged about the lack of "color" among the contenders.

Rickard's efforts to induce a comeback by Jack Dempsey, as well as the encouragement the promoter has given to such "colorful" battlers as Jack Delaney and Pauline Goddard, all have been largely inspired by the promoter's desire to produce a challenger with the "color" of stuff that appeals to the masses.

Sharkey, highly regarded as he has been among the title aspirants before, was the last from whom was expected to come walking again as a contender.

Others contend it just happened that Maloney was an easy mark for the ex-saltier's right. They believe Sharkey would find it a far different matter, for instance, to penetrate successfully such a defense as Gene Tunney would put up.

For the time being, however, Sharkey's new-found prowess in providing the "color" so essential to a heavy-weight champion "bally-hoo."

"I expected nothing like that," Chuck Logg, Princeton rowing coach, quipped. "I expected a heavy-weight crew handed Yale its first defeat in five years. 'I did believe my boys would force the going, but as for winning, I never entertained the thought of it. I don't think Ed Leader (Yale oarsman) has had quite the material to work with this year as he has had in the past."

Then compare it with this excerpt from Jack Sharkey's story of how he knocked out Maloney.

"The next I did, I closed the fight. I want to go out and take my man until the eighth or ninth round. Not that I want a confident all-arounder that I could have knocked him out as quickly as I did, but I wanted to give Maloney an even worse 'licking' than he got, though I made a pretty good job of it, as it was."

**BROOKLYN DODGERS SCORE HEAVILY AGAINST PHILLIES**

PHILADELPHIA, May 23 (AP)—The Brooklyn Dodgers, who scored 20 runs yesterday against the Phillies, were held down today, the Phillies winning by 5 to 1. Clarence Mitchell pitched for the Quakers and allowed seven hits. He was not scored on until the eighth when a pass to Stats was turned into a run.

The score: R H E Brooklyn 1 7 1 Philadelphia 5 1 1 Batteries—Elliott, Barnes and Hargrave; Mitchell and Youard.

**REDS BATTING BETTER**

CINCINNATI, May 23 (AP)—The Reds continued to show improved batting strength but their pitching reserve was unable to hold the Pittsburgh sluggers and they lost 4 to 6.

The score: R H E Pittsburgh 6 12 3 Cincinnati 4 12 1 Batteries—Mouss and Spencer, Goody; May; Kop; Ryan and Pichler.

Boston-New York game postponed on account of rain. No other scheduled.

## DETROIT TIGERS AND CLEVELAND EVEN UP

### Michigan Team Emerges Victorious in First of Double-Header and Loses Second

CLEVELAND, May 23 (AP)—Cleveland and Detroit broke even in a double header here today, Detroit winning the second 7 to 5. Cleveland took the first 4 to 1.

First game: R H E Detroit 4 8 1 Cleveland 3 10 3 Batteries—Collins, Gibson, Smith, Hawkins and Woodall; Buckeye and L. Sewell.

Second game: R H E Detroit 7 10 0 Cleveland 5 11 0 Batteries—Canoll and Basler; Levens, Shattie, Whitehill and Myatt.

**TIGHTEN HOLD ON SECOND**

ST. LOUIS, May 23 (AP)—Alonso Thomas held the St. Louis Browns to hits today and the Chicago White Sox won 4 to 1, thereby tightening their hold on second place. It was the seventh victory for Thomas in nine starts this season.

The score: R H E St. Louis 1 5 1 Chicago 4 5 1 Batteries—Thomas and McCurdy; Gaston, Wengard and O'Neil.

**START-OFF WITH RUSH**

WASHINGTON, May 23 (AP)—The Yankees started off with a rush in today's game here, Ruth and Gehrig cutting out homers in the first inning, but failing to score after that.

In the third inning, who had tripped, scored on a single by Gehrig.

The score: R H E Yankees 3 7 0 Browns 2 7 0 Batteries—Gardner, Wengard and O'Neil.

## RAIN STORM BREAKS UP EDEN-HAZELTON GAME

HAZELTON, May 23 (Special to The Post)—A rain storm here yesterday afternoon broke up the baseball game being played by the Hazelton and Eden teams. The local were on the long end of a 4 to 1 score at the end of five and one-half innings of play. The game was getting most interesting for the large crowd of fans that lined the fence in the fifth for a home run.

Eden garnered six hits off the efforts of Eden and Edzy and Johnson for Eden held Hazelton to six hits. Edzy started for Hazelton but had to be relieved by Edzy in the fourth. Eden scored their run in the third when "Beck" doubled to left and scored on Mutch's double to right. Hazelton scored two runs in the first one in the fourth, and again in the fifth when Schenk poked out the homer.

The visitors had several chances to score, but could not get the hits when they were needed. Johnson struck out nine batters in the five innings. Jeffries caught for Eden. Jeffries whiffed two, and Edzy also. Kelly did the backstop for the locals. The Hazelton team will give Eden a return game next Sunday.

The following is the lineup of the teams in the opening game: Eden—Beckout 3b, Mutch lf, Summers 2b, Presler 2b, Sterling ss, E. Jeffries c, Edzy in catcher or Johnson p. Hazelton—Kelly c, Schenk cf, Chadwick 2b, Grant 1b, Pool 3b, Erwin p, Eddy p, Greenwood lf, Metz lf, Robb 1b, Derry of.

## 800 AMERICAN GOLFERS WILL TRY FOR TITLE

NEW YORK, May 23 (AP)—A record breaking entry of 800 or more golfers, including virtually every ranking professional in the country, will compete in the national qualifying rounds for the national open championship at Oakland, June 14-16. It was disclosed today by the United States Golf Association.

The entries closed tonight at midnight and although no official count was available, it was estimated they would exceed by more than 100 the record list of 694 established last year. Bill Moulton, Macdonald Smith and George Von Elm were among the last to enter in an eleventh hour rush that swamped officials.

I-DIDN'T know it, but Prince Albert was just the tobacco I had been looking for all the time. I hate to think of the time we lost getting together. But let me go. We're all set now, me and the pipe and P.A.—We've been pals from the very first puff.

I had a hunch I was going to like P.A. the minute I got that breath of Nature's noblest gift to pipe-smokers. What a treat! It made me think of a hike through the woods, when the trees and the vines are in full leaf. I found the taste "as advertised" by the aroma.

Cool as a customs-inspector. Sweet as the thought you have nothing to hide. Mild as a milk-shake, yet with that full-bodied flavor that satisfies your smoke-taste right down to the ground. That's Prince Albert, Fellows. They don't come any better.

No matter how set you appear to be on a smoke-program, try P.A. I give you my word, no other tobacco that ever came down the pike ever brought so much downright satisfaction out of a pipe. "That fellow knew his groceries," you'll say, or words to that effect.

Down the Mississippi to Moore, up the coast to Fort Albany, the man who had come into the north in health and the solution of his problem in desperation was a complicated one.

With no attempt at defense of the decision to remain for another year, Guthrie wrote home, and without regret, had called out of the debt of the great Albany with Elmer's long letter.

The man who had lain beside his sleeping dog, with his thoughts wild, had brought the anchor cast and the rain, beat the interminable tallow, and saw the interminable tallow, and saw the interminable tallow.

Nevertheless, each new reading of the letter brought to Elmer by the fall market a foreboding, had quickened the memory of what that girl, vibrant with life and physical strength, had meant to him—this girl whom he had loved so dearly.

At daylight the challenge of the air-raid wailed the sleeping man. With their feet on the ground, the two men looked at each other.

"What up, Elmer?" Guthrie asked, looking at the man who had been sleeping. "You're up early."

"I don't know what it is," Elmer answered. "I feel like I've been hit by a bolt of lightning."

"You're all right," Guthrie said. "You're just a little out of your head. You've been sleeping too long."

"I don't know what it is," Elmer answered. "I feel like I've been hit by a bolt of lightning."

"What did you do last night?" Guthrie's curious glance asked. "I was up all night, looking at the stars. I was thinking about you."

Theatre

STORM PRISONERS McCall Idaho a play chiefly famous for its annual dog races and its summer resort at Payette lake, was the property of the University of California while it was on location in Twin Falls.

The trip to the northern city was made during the middle of winter, and the play was given in a hall of the city, which was a fine blanketed-of snow.

"Prisoners of the Storm" was directed by the author, who is chiefly famous for its annual dog races and its summer resort at Payette lake, was the property of the University of California while it was on location in Twin Falls.

Charles A. Lugo acted the story from James Oliver Curwood's novel, "The Quest of Storm."

"REMEMBER" AT BIHALTO Dorothy Phillips, who plays the leading female role in the new film feature, "Remember," now playing at the Bihalto theatre, is a proof that even in the film industry, the law of the survival of the fittest holds good.

Her role in "Remember" is one of the hardest assignments she ever encountered in her career, and she has succeeded every day in showing the success of her but she gives it as fine a portrayal as it demands.

"THE SHAMROCK HOMICIDE" The Shamrock Homicide, which is shown at the Shamrock theatre last night, is a play of a murder case which is a masterpiece of plot and action.

# TWIN FALLS BRUINS ALL-SET FOR CLASH WITH COLLEGIANS

### Fans Bring Curley and His Wrecking-Crew Back from Pocastello Series, Bad Weather Cuts Down Gate Receipts

The opening game with the Logan Collegians is called for 3 o'clock this afternoon, and thereafter this week the games will be called at 8 P. M. It was decided by the directors of the Twin Falls baseball club at their meeting in the Rogers room at luncheon yesterday. Coach Blain reported that gate receipts had been markedly reduced in Pocastello because of the unsatisfactory weather conditions there. Pocastello officials had expressed the opinion that the gate would have been doubled in good weather.

The Twin Falls Bruins arrived here late Sunday night, after spending a week in Pocastello trying to play baseball in the cold and rain. Twin Falls fans who attended the double-header last Sunday brought Curley and his wrecking crew back from Pocastello. Home fans will have their first opportunity to see the Bruins in action when they meet Logan here this afternoon in the season-opening game. Horton, Apperson and Pflieger, who were on the injured list at Pocastello, will probably be ready to start with the home fans there to support them, they should give the Collegians a good game. Only Apperson kept the Bruins from taking the first game of the double header in Pocastello and Cassfield pitched exceptional ball.

Hickok to Start  
Hickok, another outpacer, will start the game this afternoon, and either Alloway or Lal will catch. Both' fans are good and the Bruins were well represented behind the bat. Apperson, catcher covers first after the fashion of George Kelly, and with Horton at second, Hopy or Pflieger at third, and Tony Krasovitch at third, the infield will make it hard for the Collegians to chalk up base hits. Hodge, Apperson and Hoge are the outfielders, and each has his specialty. Hodge hits where they are hard to hold. Phil Hodge is a pillar back, and runs Hogs like to drive them over the left field fence. Phil celebrated his first home run in the major league by hitting a home run, and a couple of walks and the fans are looking for him in center field.

The Bruin batting order will probably be as follows: Apperson, Krasovitch, Cassfield, Hodge, Apperson, Horton, Hoge, Hickok, Alloway.

## Local Council Hears Relief Work Account

Description of relief work undertaken by the Knights of Columbus will be heard by 75 members and guests of Twin Falls council Sunday morning at an annual convocation breakfast meeting in the Idaho Department store, when George Dismaul and Ben O'Leary of Pocastello address the local body. Mr. Dismaul, who has been active on the various activities of the Knights, including rehabilitation of service men and Muscatine valley flood aid.

Trustmaster for the meeting was Judge John D. Keenan, who was presided over by Grand Knight John B. Leary. The breakfast was served by Catholic Women's league.

## SMALL TOURING CAR IS RECOVERED BY POLICE

A Ford touring car owned by Roy Kirkman, which was stolen from in front of the high school building about 4 o'clock Sunday afternoon, was recovered by officers at Mountain Home, where the car was abandoned after running out of gas. Kirkman left Monday in bringing the car back to Twin Falls.

Simultaneously with the report of the recovery of Kirkman's car, came reports from Mountain Home officers that a large sedan was stolen, with later report showing that the car was found in Boise. Officers are working on the theory that both automobiles were taken by the same person.

## Jack Sharkey Is One of Best Fighters Heavyweight Ranks Have Ever Had

NEW YORK, May 23 (AP)—Jack Sharkey is "as good a fighter as George Forester ever has been" in the heavyweight ranks, the world's heavyweight champion said today.

"Sharkey is fast, clever—a litter, like this the type you won't hit back against, because he'll outpoint you. If you try to outpoint him, he's liable to knock you out. I remember him with the home fans there to support them, they should give the Collegians a good game. Only Apperson kept the Bruins from taking the first game of the double header in Pocastello and Cassfield pitched exceptional ball.

## KEMMERER ELECTS TWIN FALLS MAN TO BE HEAD OF SCHOOLS

Ernest D. Bloom, retiring after three years' work here, to be Superintendent of Big Wyoming District

Ernest D. Bloom, retiring superintendent of "Big Wyoming" district, former president of the Idaho State Teachers' association, has been elected superintendent of Kemmerer, Wyoming, school district, with a considerable increase in salary.

Mr. Bloom will enter on his work at Kemmerer August 1. He will spend the summer in Pocastello as a member of the faculty of the University of Idaho, Southern Branch, Mountain school, teaching modern European history and reading and language methods. His work at Pocastello will begin June 8.

Head of the System  
In his new position at Kemmerer Mr. Bloom will be superintendent of a school system in which 60 teachers are employed, 17 of whom are employed in high schools. The Kemmerer district being a large, unincorporated district. One of the outlying schools is situated in the Kemmerer mining town. In addition to high school courses, Kemmerer schools offer a year postgraduate course which is equivalent to a year of college work and makes it possible for the student to take two years' normal school course in one year.

In addition to increased salary, Mr. Bloom will receive in his new position, automobile and expenses while attending state and national teachers' associations meetings.

Witnesses Development  
Mr. Bloom came from Iowa seven years ago to enter on school work in Idaho, and served for four years as superintendent of Blackfoot schools. He is a graduate of the University of Iowa, and has been in the profession of teaching for 20 years. His administration of Twin Falls schools has witnessed development to a point where the largest enrollment in the district's history has been recorded this year. He served for five years as a member of the Idaho State Teachers' association executive committee and one year as its president.

During his school work in Iowa Mr. Bloom organized and was the first president of both the Cedar Valley and the Upper Des Moines Valley athletic associations.

## ST. EDWARD'S SCHOOL PRESENTS PROGRAM

Students appear to advantage in play and musical numbers in final school-year entertainment

Students of St. Edward's school, in presenting final entertainment of the school year, demonstrated talent and training of a very high order. The many numbers were charmingly rendered, with the children winning the hearts of the large audience.

Program opened with "Carmen" by a violin group composed of Miss Sweninger, Raymond Schwart, Mildred Tice, Frances Dwyer and Donovan Bush, first violins; Edna Klau, Leonore Diebel and Robert Macanley, second violins; and Owen Buchanan, Laurela Birelius, and Henry Tunesey, third violins, accompanied by Marie Klau.

A folk dance by Rose Develin and Aime King was splendidly received, as was an action song, "Little Cocks," by the primary grades. The children in this number were dressed as cockles with caps and aprons, and the little

California Woman Buys Park Hotel Property Here From Boyd Interests

Ownership of the Park Hotel, Third Avenue, here, will be transferred today by the Boyd interests to Mrs. A. St. Klitting of Los Angeles and Long Beach, who arrived here Friday. It was announced last evening. The consideration was not announced. The property is valued at approximately \$200,000. Improvements involving an investment of about \$50,000 were made on it when it was opened as a hotel nearly two years ago.

It is Mrs. Klitting's purpose, she stated last evening, to conduct a hotel here on the same basis as the one she is second to none. Mrs. Klitting is an experienced business woman. She visited Twin Falls some 17 days ago in the course of the negotiations leading to her purchase of the hotel property.

Mr. and Mrs. Robert J. Macken, University of Idaho dairy specialist; R. E. Eversly, association western field representative; and R. E. Broad, Twin Falls county agricultural agent.

At the meeting it was brought out that use of proven virus herd increased milk production and made for higher standards. R. J. Davis of Vetsler, president of the State Association of Holstein Breeders, addressed the meeting on that subject.

The excursion, leaving from the court house at 9:30 a. m., visited the following outstanding herds: G. H. Hemplman, Louis Tenkinkin, A. H. Jagels, Irving Ward, Joseph Weber, Jr. and J. R. Long.

### COMMISSION NAMED TO WORK OUT CITY'S ZONING REGULATIONS

Mayor R. E. Bobler Selects Colleagues on Board to Guide Course of Municipal Expansion

Twin Falls zoning regulations are to be worked out by a commission of five members, four of whom were designated by Mayor R. E. Bobler at a regular meeting of the city council last evening. The mayor, in accordance with previous action of the council, is to be the fifth member.

Other members whose appointment was confirmed by the council last evening are Burton E. Moore, E. H. Hunter, Thomas M. Robertson and Asher L. Wilson.

Discussion of zoning regulations was cut short at last evening's adjournment because of press of other business. The mayor stated that he had been studying information on the subject that had been furnished by government officials.

Approximately 90 per cent of the people in cities and towns of this country are living under zoning regulations.

The mayor said he had learned through study of this information.

**Curb Pumps at Own Risk**

In declining to take action on an application for permit to install a curb pump, the city council last evening established a precedent in refusing to a problem that has troubled Twin Falls municipal installations.

Mayor Bobler stated, when the application was presented, that he had been advised that the council had no legal right to grant any permit for this purpose.

Councilman T. J. Douglas has asserted that that view coincided with his own personal opinion, and recalled previous discussions of the subject in aldermanic sessions. The application was submitted by the Pacific Fuel and Producers company requesting permit to install a gasoline pump for its own convenience at its warehouse on Fourth avenue.

The city engineer, when the permit was ready has been installed, the council was advised.

The municipal building inspector, if and when such an official is appointed, should be a practical builder, Mayor Bobler told his colleagues of the council.

It is contended that the assignment does not remove disability of the part of the members of the council who are Elks entering into leave agreement on behalf of the city with the lodge.

**Lodge Renovates Rooms**  
Under terms of the lease that portion of the club rooms fronting on Rhoads street would be occupied by the library for period of five years, and rental in the sum of \$4000 would be paid for the room by the city.

Renovating of the rooms, including construction of partitions to shut the library off completely from the remainder club and lodge, has been completed by the lodge since the acceptance of the lease last April 25 and the plans have been made for the library for moving into the quarters June 1.

The complaint named R. E. Bobler, L. A. Chapin, Ralph B. Smith and J. E. White as members of the council who also are members of the lodge and asserts that the first three also hold bonds issued by the lodge. City of Twin Falls, Ella B. Fox and Twin Falls lodge of Elks are named as defendants.

**Visiting Officers To Be Guests at Ball**  
Guests at the military ball to be given Wednesday evening at Dandelion pavilion by company E, Twin Falls unit of the Idaho national guard, probably will include Lieutenant Colonel M. G. McCollum, Idaho adjutant general, and Lieutenant C. O. Hough, United States army instructor for Idaho national guard engineers. Colonel McCollum and Lieutenant Hough are expected to arrive here late today.

The complaint last evening by Lieutenant H. S. Hamilton, commanding the local unit in the absence of Captain J. L. Hodgin.

The ball is to be given for guardsmen and all their friends and proceeds will be used to augment the company mess fund. It commences in June, next month. Machine guns will play a part during the military decoration scheme, and officers and men will appear in uniform.

**FALL WATERS HEAVIER**  
Slightly higher water is reported coming over Eshoahone Falls by visitors since late Saturday. The extra water is attributed to overflow caused by breaking of Gros Ventre lake a few days ago. Gros Ventre lake was formed when mountains slid into upper reaches of the Jackson and Snake rivers.

### Funeral Services At Graveside Only

Funeral services for the late Delos P. Sweet, well known southern Idaho sheepman who died last week from effects of spotted fever, will be held this afternoon, in accordance with his wishes, only at the graveside in Twin Falls cemetery. Friends have been requested to send no flowers. Services will be held at 3 o'clock this afternoon, and will be conducted by Rev. Arthur O. Pearson, pastor of the Presbyterian church.

### ATTACKS LEASE FOR NEW LIBRARY ROOMS

**C. A. Brustle Disputes Right of Elks Council to deal with Lodge Through Intermediary**

One group that fust out of the five members of Twin Falls city council are members of Twin Falls lodge of Elks and that three of them own the building in which C. A. Brustle, through E. V. Larson, attorney, instituted suit in district court here Monday to set aside the lease under which a portion of the Elks club rooms would be occupied by Twin Falls public library.

The complaint recites that the lease in question was issued by the lodge trustees to Ella B. Fox, that it was by her assigned to the city council which accepted it on behalf of the library. It is contended that the assignment does not remove disability of the part of the members of the council who are Elks entering into leave agreement on behalf of the city with the lodge.

### COUNCIL WHITTLES \$4180 OFF BUDGET FOR CITY EXPENSES

Approves Appropriation Bill Calling for Use of \$10,000 of Surplus for Permanent Improvements

Twin Falls city councilmen in regular session last evening, whittled estimates of municipal expenditures for the current fiscal year down from a budget total of \$19,225 to an appropriation total of \$15,715, making a reduction of \$4,180 in the estimated expenditures of all departments, exclusive of disbursements for bond interest and sinking fund and maintenance of the public library and municipal band.

The appropriation bill as finally drafted and adopted exceeds by approximately \$10,000 the appropriations for last year. The excess is accounted for by provision for permanent improvements at the water purification plant, and fire department and state law enforcement. Extra expenditures for these purposes, under plan worked out by the council, will require additional tax levy, but funds for this purpose will be taken out of a warrant redemption fund that has accumulated for several years. This fund, on which there are no demands but which has been collected in compliance with terms of the state law, now totals approximately \$22,000 with about \$12,000 more coming in with collection of current taxes.

**Announces Policy**  
It is the announced policy of the council to draw upon this fund only for "permanent" improvements or extraordinary requirements for which the regular tax levy would be inadequate.

Proposed improvements at the water purification plant will include installation of a dam in the canal installing an expenditure of some \$200 that will provide a reserve water supply for Twin Falls for a period of seven days in event water is turned out of the canal system for any reason, and will provide better fire protection.

**Shift in Police Department**  
Reorganization of the police department in a minor respect to permit two officers to be on duty on the streets in daytime and an equal number at night was approved by the council in its endorsement of the appropriation bill. Under the new plan, chief sergeant who will serve also as police magistrate will be on duty at police headquarters in daytime, and the night desk sergeant is retained, and the chief is released from regular duty at headquarters to keep on the streets. In order to effect this change the budget appropriation of \$1500 for special officers was reduced to \$800, the total appropriation for the police department being reduced from \$12,258 in the budget to \$10,478 in the appropriation bill.

Here are the estimated expenditures in the several departments as contained in the budget and in the appropriation bill:

Department	Budget	Appropriation
General	\$11,280	\$11,900
Fire	14,800	14,300
Police	12,258	10,478
Sanitary	2,320	1,720

### Girl Modest in Act To Aid Ill Friend

Modest and unassuming that she had given blood in a transfusion to aid a friend, and possibly save her life, Marguerite Harrison—16—daughter of Mrs. A. Harrison, 433 Third street, north, and a graduate of Twin Falls high school, went about her duties for the week following the act as though avoiding anyone who might possibly desire to question and praise her for her act.

Last Tuesday, Miss Harrison, hearing that a blood transfusion was required by her friend, Mrs. Dorothy Ross, that her newly-arrived friends, after being tested, were found unqualified to the transfusion, offered herself as the subject of the transfusion. The test indicated that her blood was of the type needed, and the operation was performed. Miss Harrison maintained silence, and only after being questioned by a News reporter, consented to an account being printed.
