AMERICAN CITIZENS SAFETY IN CHINA IS WORRYING OFFICIALS

News of Collapse of Northern Chinese Attack South of Yellow River May Lead to Removal of Foreign Legation.

(By The Associated Press) WASHINGTON, May 31.—With anxiety over the safety of American citizens and diplomatic officials in northern China revived by news of the collapse of the northern Chinese attack south of the Yellow river, the Washington administration is considering removal of the American legation from Peking to a more easily defended point possibly Tientsin.

May Send More Marines Dispatched American marines from Shanghai and possibly the Philippines to Tientsin, also is under consideration today that the reported plan to send marines—under command of Brigadier General Hatch at Shanghai to Tientsin to form an allied brigade for defense of that point would be objected to.

With the northern army reported in flight from Honan and Antwei provinces to the north bank of the Yellow river before the arrival of the southern nationalists it is felt by President Coolidge that the Peking legation, because of its general inaccessibility should be moved to Tientsin and that remaining Americans in northern China should be concentrated there according to present plans.

No official confirmation was obtainable in Washington today of the conclusion reported to have been reached by allied commanders at Shanghai that troops of foreign countries would be assembled at Tientsin or possibly Peking, if it has been relinquished to Admiral Williams, commanding American navy forces in Chinese waters, and General Bullard are empowered to exercise discretion in the movement of troops at their disposal. The suggested augmentation by 2000 more troops of the Peking garrison is believed to mean here as a logical development.

The state department is without authentic official dispatches concerning the new situation along the Yellow river. Some speculation was felt that General Chang Tso-lin, commanding the southern arm of the Chinese army, himself learned in by the advancing southern troops and for the sake of protecting himself—might abandon his post to move to Tientsin.

FOUR-YEAR SEARCH ENDS PORTLAND, May 31.—Four years' search for Andrew J. Potter, former deputy United States marshal for the southern district of Oregon, Idaho, the United States marshals of that district was advised today. Potter is charged with embezzlement of government funds while acting as deputy marshal in the Kentucky market.

CHAPLIN'S LAWYERS WILL ANSWER BILL

Complete Reply to Be Made to Sensation-Charged Complaint of Famous Comedian's Wife.

LOS ANGELES, May 31.—Charlie Chaplin's attorneys today declared that a bill filed last week by the film comedian not only would give a complete answer to the sensation-charged divorce suit of Paulette Goddard, but in a cross-complaint, would return his wife's attack with a hail of counter charges and demand a decree on his own.

Time Limit Expires Soon The time limit for the filing of Chaplin's answer will expire Saturday and the announcement was couched in such a way as to give no indication of taking an extension. Indications were that the double bill would be filed Friday, as the taking of Mrs. Chaplin's deposition, begun today, was continued until Thursday. The purpose of the deposition was announced as to form a basis for the comedian's answer.

Will Ask for Early Trial Attorneys for the actor's wife said they would demand an early trial and expected to force the matter into court within 60 days.

Mrs. Chaplin was quizzed for seven hours by her husband's attorneys in taking her deposition. The questioning was behind closed doors, since the first attorney to had taken up the question over deposition publicity which caused Mrs. Chaplin to walk out on the film, attempt to quit her work for a week.

Permit Reporters' Presence At that time, her attorneys had demanded that the newspaper reporters be permitted to be present, a move strenuously opposed by Chaplin's counsel.

PHOTOGRAPHY TO AID IN SEARCH FOR LOST AIRMEN

NEW YORK, May 31.—A giant photograph of 22,000 square miles of Newfoundland is to be taken from the air and pieced together in the most thorough search yet to be made for the missing French aviators. Nungesser and Guyot.

On Thursday morning, a Fokker monoplane with a Wright motor, a plane similar to the one in which Nungesser flew to Perambot, took the air from the north river on Staten Island and headed away for the northern Atlantic.

The pilot will be P. Sydney Cotton, Newfoundland air mail pilot and real spotter. He will be accompanied by Cy Caldwell, an aviator, and an observer and a mechanic still to be named.

From Harbor Grace, the actual search will begin, the pilot being back and forth photographing the entire terrain.

FOUR STARTERS IN BALLOON RACE LAND

Eleven Entries in National Elimination Contest Still in Air in North St. Lawrence Region.

ONLY FOUR STARTERS in the annual international balloon race reported down today—more than 24 hours in the air, another might be flying some distance as far as the continent. The race is being run in prospect for the remaining eleven entries as distances came over the region.

On the basis of meager reports from the line of flight a balloon which left for the race from New York and about 25 miles from the Canadian border, was headed for the Scipps-Howard trip.

Bag Passes Over Woodcock The bag passed over Woodcock about 500 miles from Akron, in mid-afternoon. It was 30 miles high, and it is so low that villagers along the route could see it, but no one there saw it.

Four Balloons Land The four balloons landed are United States Navy No. 1 said United States Navy No. 4, both from Akron, Ohio; United States Navy No. 2, from Norton field, Columbus, Ohio, and the St. Louis rotary club entry.

Navy No. 1 was forced down at Pope's New York about 600 miles from the shore by a severe electrical storm at 11:27 a. m., eastern standard time. The balloon was 100 miles from the shore, with Chief Postmaster's Mate George N. Stelman as pilot.

Bodies of Water Lying on Sides of Swollen Atchafalaya River Over Rich Farm Country.

NEW ORLEANS, May 31.—The great lakes that on the shores of the swollen Atchafalaya river extended their way over rich farming lands today and the inundated waters continued their toll to the Gulf of Mexico.

Throughout the area rescue and relief forces were ready for emergency as water levels threatened to break before the pressure of the muddy water pushed backwaters into the adjoining areas.

TRAIN CRASHES INTO AUTO NEAR CONTACT; KILLS UNKNOWN MAN

Crossing Collision on Oregon Short Line Railway in Nevada Claims Life of Mexican; Claimant Suffers Injury.

Shooting their automobile in the path of a northbound Oregon Short Line train and attempting to jump to avoid injury, cost the life of an unidentified Mexican and light injuries to Luis Mateo, en route from Salinas, California, to this city to work in the beet fields, Tuesday morning about 11:20, 15 miles south of Contact, Nevada.

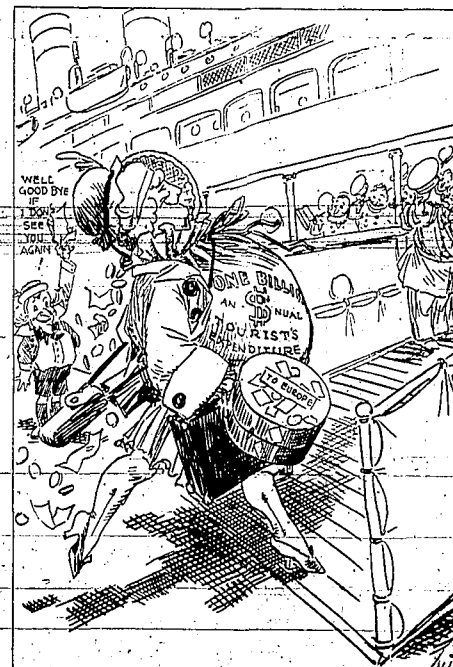

The train that struck the automobile was the northbound train from Wells, and was in charge of Conductor Elmer Crawford and Engineer James F. Orr. It is said that the train struck a car on the track at the time the men attempted to jump after having stopped the automobile, and was caught by the car as the train struck it, throwing the unidentified man into the path of the locomotive.

The deceased was a man about 45 years of age, five feet four inches in height, weighing about 160 pounds. Only notable characteristics of the deceased are a very muscular chest, regular teeth, slightly discolored, black hair, with a receding bald spot to top of head, dark brown eyes, and three small white scars on the left chest, two above the ribs and one below.

TO 13 IN KENTUCKY Trio of Fatally Injured Persons Added to Decade of Casualties Taken by Terrific Storm.

LOUISVILLE, Ky., May 31.—(AP)—Three deaths reported today increased to 13 the known dead in the cloudburst and storm in the Kentucky mountains Sunday night and Monday.

They were reported in Kentucky. Dr. T. B. Bailey, whose mother, wife and son were drowned Sunday night, said they fell from their home, died of shock and injuries.

They were reported in Kentucky. Dr. T. B. Bailey, whose mother, wife and son were drowned Sunday night, said they fell from their home, died of shock and injuries.

Orders were given the millmation to shoot to kill if any further threatening movements were made.

Military ambulances and first aid squads were rushed up amid the wild cloudburst. It is found that three other men had been hit by machine gun bullets, increasing the number of the wounded to 18, two of whom were said to be in a serious condition.

GUARD DETACHMENT QUELS RIOT; ONE DEAD, 18 WOUNDED

State Troopers Patrolling District Near County Jail Fire on Mob Seeking Life of Confessed Slayer of Five Persons.

(By The Associated Press) TAMPA Fla., (Wednesday) June 1.—One man is known to have been killed and 18 wounded in fighting between state troopers and members of a mob surrounding the Hillsborough county jail until 1 o'clock this morning.

The militia men had been on duty since early today when they quelled a riot outside an area two blocks in jail, growing out of the attempt of a mob of several hundred persons to search the structure for C. F. Lewis, confessed slayer of five persons. It was the third night in succession that a mob had appeared.

Late last night a large crowd congregated outside an area two blocks in each direction which had been roped off to prevent any approach to the jail. While mounted troops were in the midst of a sortie to scatter the group a portion of the crowd dashed for a squad of national guard troops marching on patrol outside the ropes.

Orders were given the millmation to shoot to kill if any further threatening movements were made.

The battered jail was being protected on each side by machine gun batteries, while in addition to the mounted and foot patrols, in the forbidden area, rifle men were stationed at various points inside the jail and in the center of the grounds.

Shortly after the situation appeared to have quieted sufficiently by the volley from the troops, several scattered shots were fired at the soldiers by members of the mob and the militia replied with machine gun fire. The defender of the jail then prepared for further outposts.

BRITISH AIR CHIEFS HONOR FAMOUS FLIER

America's Latest Hero Is Guest of Distinguished Assemblage of English Aviators in London.

LONDON, May 31.—(British) air chiefs and the heroes of flight from England to various parts of the world had Captain Lindbergh, America's flying hero, as their guest tonight.

Officers with a smile The invited to use large and good as his quarters at the Arlington house here. It was assumed that his mother, if he elects to come from London, will be invited to share the hospitality of the executive mansion.

It was almost too much for the American youth, and it ever has been overcome by emotion in the course of these minutes of excitement. He vainly tried to smile his acknowledgment, and there were tears in his eyes.

OTTAWA, Ont., May 31.—(AP)—Captain E. W. Jenney, 34 years old, Canadian aviator, is expected to land here today on his return from his flight to London, England, on a non-stop flight to London, England.

ATTACK ON LIBRARY LEASE DRAWS FIRE
City Attorney in Denumerer Declares Complaint Fatally Uncertain in Several Respects.

In his plea for cancellation of the lease of rooms at the city building for Twin Falls public library, C. A. Denumerer has filed a complaint, which, according to the attorney, is "fatally uncertain in several respects." The city attorney, denumerer, asserts the complaint is uncertain and defective in that it does not allege whether the lease is a lease for a term, or for a term of years, or for a term of months, or for a term of days, or for a term of weeks, or for a term of months, or for a term of years, or for a term of months, or for a term of days, or for a term of weeks, or for a term of months, or for a term of years.

Removal of the library from the city building has been completed, and the removal of the library was to have been begun today. Members of the library board, in special session Tuesday afternoon, decided, however, that removal would not be begun pending the outcome of litigation involving the lease.

FUTURE RELIGION

At the beginning of this century John H. Mull, representing the contact young Y. M. C. movement, was preaching the evangelization of the world in twenty-five years. The twenty-five years have gone, and the world is far from being evangelized. Now comes Roger Hanson, intending to improve the present progress from statistical tables and predicting the successful "merchandizing" of the religion of Jesus Christ within the next twenty-five years.

Talking recently to an audience of ministers, he told them that what is happening in industry must happen in religion. This is, there must be more efficiency and adoption of the most efficient methods in the distribution of the church's product.

The Bible, he says, will be amplified and reshaped in the interest of effectiveness, and the "genetics" and extraneous matter, eliminated and matter amplified according to audience. The modernized Bible will be found everywhere, but the church will not depend on it alone. The most powerful instruments of modern business will be utilized, especially the means of public relations. Consolidated church groups will preach and instruct by radio and moving pictures. The "feeling" message will control the finest motion picture house in every city, and control powerful radio stations. Denominational diversity schools will be abolished, he thinks, and schools established under unified control.

Progress may be expected, undoubtedly, in that direction. There are evidences, it is thought, that in the next twenty-five years is a short time to organize the world "marketing" in the mass, more, especially, when its own instruments of progress give an appearance of speed.

CO-OPERATION
The United States must co-operate or die," says Newton D. Baker, former secretary of war. "The next war will see democracy off the earth. The last one has left all but a few countries in the hands of dictators. Already the world is full of apprehension for its security.

Business used to think that conflict was inevitable, the order of nature. Nowadays business stops fighting, backs, gets together in larger units and profits by united service. If co-operative for its own benefit, it may be too much to believe that nations, whether formally or informally, co-operate for their common benefit.

There is a strong tendency, that now, it shows in many ways, of which the League of Nations is only one. The instinct to fight is powerful, but the instinct of self-preservation may be more powerful still, operating to make nations find practical means of getting along together internationally as they do domestically.

That cannot come all at once, but is something for leaders of mankind to work toward. The worst obstacle is found in the suspicion, prejudice and obtuseness of individuals. When men learn to think co-operatively, their co-operative machinery will work.

PROSPERITY
The various statisticians and business doctors and prophets who seek to judge our business destiny, are now forecasting prosperity for nineteen hundred and twenty-eight. Perhaps this may be offered to save of the psychology of depression "this" time fall to settle over the country without any apparent adequate reason in the year now passing. Perhaps there is some sound basis for it.

This much is certain: The prosperity of nineteen hundred and twenty-eight can be built on only one foundation—and that is the sound labor and freight of nineteen hundred twenty.

"Now, since that's settled," said Cameron, loudly clearing his throat and meeting Guthrie's look with a grin, "let's get back to business. Who do you think is the best of the bunch?"

"There are plenty of people in New Foundland who'll back him after the last he made last year on the east coast."

"It's going to be a thorn in his side, Guthrie. It's no ordinary club; this happened once to me, but I'm so handy to their traps that they'll dribble in their traps as fast as you go, for his trade goods are gone."

The home of Mr. and Mrs. J. A. Keffer on Third avenue north was the scene of a pretty informal dancing party on Saturday evening when their son Albert entertained several of his friends. The music—singleton of New-Swedish music—accompanied the dancing. The dancing was very enjoyable and the refreshments were served during the entire evening.

SOCIETY AND CLUBS

The regular temple meeting of the Pottsville State was held Friday evening in I. O. E. Hall and was followed by a social hour during which delicious refreshments were served by Mrs. Walter Healey and Mrs. G. E. Kunkle. The grand temple meeting will be held in about two weeks at Cedar Valley and will be attended by Mrs. G. H. Eldred, immediate past grand chief, and Mrs. H. H. Eldred, corresponding secretary from the local temple.

LEND-A-HAND CLUB

The Lend-a-Hand club held a delightful meeting the latter part of last week at the home of Mrs. Clyde Dugley near Bull in the form of an informal dinner. A number of members were served at noon, after which an interesting business meeting was held. The business meeting was attended by the following officers of the club: Mrs. J. A. Keffer, president; Mrs. J. A. Keffer, vice-president; Mrs. J. A. Keffer, secretary; Mrs. J. A. Keffer, treasurer; Mrs. J. A. Keffer, auditor.

CHARLES LINDBERGH

Charles Lindbergh will get a medal like the U. S. Congress Medal of Honor, America's highest tribute to him.

Dispute over the legal right of the city to collect a license fee from dairy men selling milk in Twin Falls, was settled by a decision of the district court of the case of the city against Vernon W. Scribner that has found in favor of the city.

NEW TEST OF DAIRY MEN'S ORDINANCE FORESHADOWS

The district court of the city of Twin Falls, Idaho, has rendered a decision in the case of the city against Vernon W. Scribner that has found in favor of the city. The decision is a landmark one, as it settles the question of the city's right to collect a license fee from dairy men selling milk in Twin Falls. The court found that the city's ordinance was valid and that the city was entitled to collect the license fee. This decision is a two-fold victory for the city, as it not only settles the question of the license fee, but it also establishes the city's right to regulate the dairy industry in Twin Falls.

COUNCIL LAUNCHES \$2000 PROGRAM OF SIDEWALK BUILDING

Resolution Authorizes Call on Property Owners to Construct Improvement to Bridge Various Gaps in Walk.

Twin Falls city council last evening launched a \$2000 sidewalk building program, providing for the first sidewalk construction since 1912.

The program has been under consideration for more than a year. It provides for construction of sidewalk on Second street south from the Short Line bridge to Main street, on Madison avenue west to connect with sidewalk to the county general hospital in the vicinity of the Blue Lakes and at a number of other places to make continuous walks.

Continental Oil company, which is engaged in a legal battle with the city and Twin Falls school district, in connection with its claims of right to construct a service station on a triangular lot at the east end of Simpson street and across the street from the Washington school, will be required, under provisions of the sidewalk resolution adopted by the council last evening, to construct a walk on the Blue Lakes boulevard side of the triangle.

Call on Property Owners

The resolution authorizes city property owners to build the walks. In event the walk is not built by the property owner within the specified time, the city will build the walk and the cost will be assessed against the property.

Construction of approximately 2000 lineal feet of walk is provided for. Walks to be built of concrete, five feet wide and four inches thick.

T. J. Douglas, who more than a year ago began selection for sidewalk building, secured the motion for adoption of the resolution which was offered by Ralph E. Smith and it was adopted by unanimous vote of the council.

Proposal presented by a Portland paint manufacturer, representative looking toward painting of the Simpson street bridge over Rock creek was referred to Commissioner Douglas. Estimated cost would approximate \$300. The structure has not been painted since it was completed in 1920.

Meas Bookkeeper's Suggestion

The council approved the auditor's recommendations, voting to waive off a number of charges against officials and accounts, including charge of \$212 against the welder for the investment of \$3000 in bonds of a local improvement district, and charges against general fund of 1924 and charge redemption fund in 1923 on account of six unclaimed warrants issued in payment of claims ranging from 25 cents to \$250.

Application made by P. R. Thompson for municipal permit to construct a garage, 30x22 feet, in Elm Park addition, involving a cost of \$250, was approved.

DAILY BIBLE SCHOOL REGISTRATION HEAVY

One Hundred Twenty-Eight Enroll for Instruction in Daily Classes; Hold in Churches.

Enrollment the first day of the daily Bible school, held under the auspices of the united churches of this city, was reported to be satisfactory, with a total of 128 students registered. Fifty are registered at the Methodist church in classes under the direction of Miss Leatrice Breckenridge, Mrs. M. P. Kenworthy, Miss Eva Marjory and Mrs. J. H. Masters. Bible stories, poster making and music are main features of the school.

At the Presbyterian church branch of the school are registered 43 students, with 25 beginners enrolled. The branch is for children up to fourth grade age, and stories, music and handwork are taught under the direction of Miss Anna Walters and Maxine Masters. In charge of the children in the Presbyterian church branch are Emma Dingman, Elizabeth Davis, Altha Perce, Jean Swelley, Maurine Swelley, Violet and Mrs. Fred Wagner.

The school will be held for two weeks in the direction of Miss Ruth Mead of Pocatello.

Page From the Past

A copy of the Idaho Monitor dated April 3, 1871, reports that common laborers got 75 cents a day and carpenters \$2 a day. Potatoes are quoted at 37 cents a bushel, butter at 17 cents a pound, bacon at 1 cent a pound, flour at \$3 a barrel and cornmeal at \$9 a barrel. An editorial declares: "Idahoish manufacturers and you rescue the country from the fangs of Great Britain."

GIANT IN 'TARZAN'

Introducing a brand new character to the list of heroes in the Chinese-Giant film, 'TARZAN' is the big African ape, 'Tarzan and the Golden Lion' comes to the theaters today. Liu has not only the tallest living Chinese, standing eight feet and a half inch in his stocking feet, but is one of the finest men in the world. As Gao, the merest high priest of the Palace of Diamonds in the film, he has a powerful role that is emphasized by his enormous height and naturally stern appearance. Liu was born in Peking 30 years ago and first attracted attention when he was appointed personal bodyguard to the then boy emperor of China. After the revolution of 1912, Liu became bodyguard to Sun Yat-Sen, the republic's first president, and then became assistant director of the Peking botanical garden.

While Liu has been in America for nearly a year, his chief traits is homesickness, according to his interpreter, Liu speaks only Mandarin, the court language of China and the Peking dialect, and as there are few natives of Peking in this country, he rarely finds anyone to talk to. His main interests are in his wife and three children.

ORPHEUM VAUDEVILLE

Maynard and Johnson trio, on the Orpheum theater vaudeville bill for today only, present a novelty act introducing George Harrison, 70 years old, and the oldest dancer in the United States.

The skit of Ray and Eva La Rue, in 'Hollywood', offers comedy and rapid re-entries.

Maurice Cole styles himself as a comic of songs and dances, featuring 'The Contract' and 'The Signatures'. Williamson and Nevis present a potpourri of musical songs and piano and are styled entertainers de luxe.

Billy Nelson and Irene offer a comedy talking specialty intermingled with songs and music.

POLICE REPORT SIXTEEN ARRESTS DURING MONTH

Violations of Traffic Rules Account for One-Half of Appearances Before Magistrate.

Twin Falls police during the month of May made 18 arrests, and fines totaling \$262.50 were assessed in police court, according to a monthly report submitted to the city council last evening by Ralph E. Leighton, chief of police.

Exactly one-half of the month's arrests were made on account of violation of traffic ordinances, while in 85 instances warnings were issued by officers on account of minor violations of the traffic rules. On account of illegal possession of liquor, three arrests were made, drunkenness, 2; disorderly conduct, 2; disturbance of the peace, 1; vagrancy, 1; harboring dog without license, 1.

Traffic violations for which arrests were made were listed as follows: Running stop button, 1; turning in alcohol, 1; motor number, 1; wrong parking, 2; reckless driving, 2.

During the month the police were called upon to investigate 124 complaints of various kinds, and one search warrant was executed. Police were on the scene of two fires.

Thirty-one meals were served to prisoners, and beds in the city jail were furnished to 23 persons other than prisoners.

Three automobiles were reported stolen, and four were recovered; four bicycles were reported stolen and three were recovered.

MUNICIPAL POWER CONTRACT CANCELLED

Barry Dibble Calls Off Agreement Under Which Twin Falls Would Have Voted on Issue.

A contract entered into about a year ago under which Twin Falls city administration agreed to submit to a election a million dollar bond issue for purchase of a municipal light and power plant, has been canceled by Barry Dibble, who proposed to construct the plant, the city council was advised at a meeting last evening.

"The contract is deemed to have lapsed," Mr. Dibble advised in his communication to the council, "because of lack of agreement on your part."

Under the contract, Twin Falls would have voted on the purchase of Clear Lake power site, in Snake river canyon north of Dubois, where the proposed plant was to be built.

Work at Power Site. Subsequent to the execution of this contract by a California syndicate represented by Mr. Dibble, began construction of diversion works at Clear Lake. These works have been completed, and it is the avowed purpose of the California interests to construct a power plant on the site for the Mutual Power company.

Twin Falls council received Mr. Dibble's communication last evening without comment and directed that it be filed.

COFFEE CONTEINMENT

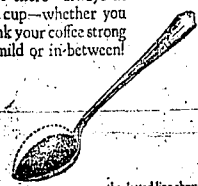

It puts you on better terms with the world — and yourself!

Some day some bright young soul is going to turn out a "best seller" on "How to Succeed." And if said bright author knows his business he is going to title Chapter I as follows:

CHOOSE YOUR COFFEE WITH CARE. For if there's one thing that affects a man's morning mood [and that means a man's morning work] it's his cup of morning coffee. If his breakfast cup fills him with contentment and good feeling—if it sends him forth into the fray full of snap and go and get there—he owes something to that cheerio-cup of coffee, and something more to the Lady of the House who showed such wisdom in selecting it. And it is a debt of pride, years of experience in buying, blending and roasting coffees—plus a certain "sixth sense" in blending—have taught us what a man likes in coffee. We have learned how to put into M·J·B a fine, full-fledged flavor that lets you know you're drinking that puts you on better terms with the world—and yourself!

And this flavor is always there—always in the cup—whether you drink your coffee strong or mild or in-between!

COURT DECLINES TO HALT ISSUANCE OF SALMON OBLIGATION

Bonds for Improvement of Project Water Right Meet First Test in Action for Restraining Order.

Litigation to test the validity of the Salmon River Canal company's proposed million dollar bond issue for water right improvement, brought its initial phase when Judge Hugh A. Baker in district court here Tuesday denied an application for injunction to restrain the company from issuing the bonds. The action, which was instituted last week by Thomas A. Bardsen, holder of a trademark and mortgage on the Salmon River project, will be carried immediately to the state supreme court.

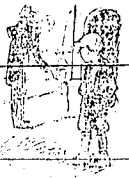

Proceeds of the proposed bond issue would be used for purchase of lands to be eliminated from the project area. Water rights applicants to be eliminated lands would be required to furnish a bond to insure the return of the land to the canal company.

Settler Approves Plan. Testimony of Nelson Hayward, president of the canal company, and other witnesses at the hearing in court here Tuesday was to the effect that it is necessary that the project's water right be amended; and that Salmon River Canal company stockholders in a special meeting last week adopted the elimination plan to include G. M. Hall and H. Glavin, directors and First Rates, superintendent for the Salmon River Canal company.

In support of the application for injunction, William F. Morrow of Riley, as amicus curiae, filed a motion to argue that the state law under which the canal company proceeds to buy and collect assessments to retire the proposed issue is unconstitutional. Judge J. R. Bothwell, Twin Falls, presented the case for the canal company.

MUNICIPAL BAND WILL OPEN CONCERT SEASON

Program for First Offering in Twin Falls Park Is Made Public.

Twin Falls municipal band will give next Thursday evening the first of a series of open air band concerts in Twin Falls city park, to extend over a period of two weeks. Concerts during the season will be given on Thursday evening of each week, weather permitting, at 8:15 o'clock.

The band, with a membership of 25 musicians, under direction of Dr. O. A. Fuller, has been rehearsing for several weeks for the concert season. Here is the program arranged for the opening concert, next Thursday evening: "The Statesman" Fulton Overture, "Light Cavalry" Maple Valse, "Blue" Marche "Intermezzo" Intermission. Finlandia, "Edges From the Metropolitan Opera House" Tobani Selection from "High Jinks" Prel. March, "Eighty-ninth Division," Castle Star Spangled Banner.

Luncheon is to be provided by those attending, with the auxiliary furnishing coffee and ice cream.

PETERS' BONDSMEN GIVEN EXONERATION

Court Order Officially Declares Man Under Sentence for Embezzlement to Be Dead.

On the basis of evidence submitted by the bondsmen and the findings in an extensive investigation made by the sheriff's office, Keith H. Peters, under sentence of imprisonment for embezzlement from the Mutual Building and Loan association, has been officially pronounced to be dead. This pronouncement was contained in an order signed by Judge W. A. Babcock in district court here Tuesday, exonerating Peters' bondsmen, of liability for \$4000 bail bond. The bondsmen were Robert Krueger and R. H. Schuster.

Motion for exoneration of the bail bond and consent of the prosecuting attorney were placed on file in the court. The bail bond had been furnished when Peters appeared to the supreme court from judgment on conviction in district court here in 1924. Judgment was affirmed by the supreme court which rendered its opinion last March. Investigation made by Deputy Sheriff Charles E. Jones, supported several stages of the evidence of Peters' death in his automobile in Death Valley, California, last June, and in addition, offered evidence tending to show that G. A. Griswold of Ashton had been mistaken in the identity of the person with whom he had talked in a hotel last June believing him to be Peters.

WOMEN OF WORLD TO PLAN FOR CELEBRATION

Women of the World are to hold meeting here Friday evening, June 3, at which plans for initiation of a class of 100 candidates will be laid. Plans for a celebration to take place June 17 will also be made for the celebration, attendant upon the initiation of the class. The initiation is to be a dance, taking place at the city park. A parade and dancing will also be features of the celebration. All Woodcraft are requested to be present at the meeting.

MILK LICENSING CASE THROWN OUT OF COURT

Case of the City of Twin Falls against Vernon Scriber, in which the city sought to prevent Scriber from distributing milk in the city without a city license, was decided in favor of the defendant Scriber, the complaint being quashed and the action dismissed upon motion of Scriber's counsel. Scriber contended that the city did not have legal capacity to prosecute the action.

DRY LAW VIOLATOR IS GIVEN SUSPENDED FINE

Green, Third avenue east, arrested Monday night by members of the sheriff's force, was arraigned before Probate Judge C. A. Bailey Tuesday on a charge of possession of intoxicating liquor, to which he pled guilty.

Green was sentenced to pay a fine of \$100 and serve 30 days in the county jail. In the absence of money to pay his fine, the court suspended sentence of jail for ninety days to enable Green to earn money to pay the assessment.
