RIXEY HOLDS GIANTS AND REDS WIN GAME

Cincinnati's Losing Streak of Six Straight Halts; New York Team Beaten 5 to 1.

CINCINNATI, June 4 (AP)—Cincinnati's losing streak of six straight was halted today when Rixey held the Giants to five hits for a 5 to 1 victory. It was Rixey's initial triumph in 10 starts this season. Fred Lindstrom of New York got three earlier and spoiled the lone New York run on Hornby's sacrifice in the third.

The score: R H E Cincinnati 5 1 0 10 0 0 Batteries—Clarkson and O'Neil, Cummings; Rixey and Harbage.

BROOKLYN 6, ST. LOUIS 4 ST. LOUIS, June 4 (AP)—The St. Louis Cardinals celebrated "Bon O'Farrell day" by turning out the Brooklyn Robins today 4 to 6. Before the game President John W. Foster of the National League presented Manager O'Farrell with a \$1000 purse in recognition of O'Farrell's last season record as the most valuable player in the circuit.

JOHNSON'S TEAM LOSES WASHINGTON, June 4 (AP)—The veteran Walter Johnson, pitching his second American league game this season, took a 5 to 3 trouncing today by the St. Louis Browns. With a smashing attack, the Brown scored four runs in the third, Schutte adding another in the fourth with a homer into the left field stand.

CLEVELAND-Philadelphia and Detroit-New York games postponed on account of rain.

PHILADELPHIA-Pittsburgh game postponed on account of rain. New Brunswick Records every Thursday at Umbaugh's, 2d.

TILDEN AND HUNTER OUT OF RUNNING IN DOUBLES

ST. CLOUD, France, June 4 (AP)—William T. Tilden and Francis T. Hunter were eliminated today from the doubles of the International hard court tennis tournament. The American pair went down to defeat before Jean Borotra and Rene Lacoste of France 4-6, 6-2, 6-2, 3-6, 6-2 in a hard battle which was marked by many brilliant shots.

At Economical Transportation

CHEVROLET

A car for her, too!

In thousands of average American homes there are now two automobiles—"a car for her, too," so there may be transportation for the family while "he" drives away to work.

And the family car has such an infinite degree of usefulness—Down town—shopping, taking the children to school, afternoon calls, meeting relatives and friends, the many additional trips that must be made to and from the house as a part of every day's routine.

No other car is so admirably suited to a woman's requirements as the Most Beautiful Chevrolet.

With striking new bodies by Fisher and finished in pleasing colors of lustrous, lasting Duco, it provides in abundant measure the comfort, charm and elegance that

women admire in a motor car. It is easy to start because of its Delco-Remy electric starting system—famous the world over for its excellence. It is easy to stop because of powerful, over-size brakes. And it is easy to drive and park because of a modern three speed transmission, smooth-riding "see-clutch" and a semi-reversible steering gear that gives finger-tip steering.

Visit our showroom and see the Most Beautiful Chevrolet. Note the wide variety of body types. Mark their sweeping lines and carefully executed details. And then ask us to explain the easy terms on which a Chevrolet may be purchased—terms that include the lowest combination of handling and financing charges available anywhere.

WISHNIRE LON-A-CO

CONSTIPATION

By Gaylord Wishnire

CONSTIPATION has been somewhat facetiously called the "Great American Malady." It may be described as the condition of the intestines to eliminate waste material. However, if we pursue the question for a moment as to why the intestines do not eliminate properly, we very often find that the cause is not "he" with the intestines at all.

FOOD ASSIMILATION: It is a not uncommon belief that when one eats, the food passes directly through the stomach and intestines, and is eliminated. This is a palpable fallacy. To be of any benefit, food must get out of the stomach and intestines by the blood. The blood carries all parts of the body in order to create new cells. It is then to the tips of our fingers, to our toes, to our arms. That is the only possible way new cells can be created and when new cells are created, we cannot live. It is true that the undigested portion of our food does not reach the intestines to be eliminated. But this portion is an exceedingly small amount of the food passed into the stomach. In a breakfast, for instance, approximately only one per cent is undigested material.

CELL GROWTH: You might think, "Well, if practically all the food we eat is converted into new cells, why do we not continue to grow? Why do we not continue to grow larger? Why do we not continue to grow larger?" The answer is that the reason we do not gain in this fashion is that old cells die in the same rate that new cells are created.

It is in the function of the blood to absorb oxygen as it passes through the lungs, and carry the oxygen to the cells and oxidize the dead cells, and also the excess of living cells. Since the living cells consume oxygen, they must consume oxygen to live. If the blood is deficient in oxygen, the process of oxidation, the cell waste can then be brought into the intestines for disposal. This constipation disappears.

Practically every person who uses the LON-A-CO remedy, obtains relief from constipation after two or three treatments. Constipation ceases.

DR. R. R. JOHNSON
Chiropractor
Smith-Rice Building, Twin Falls, Ida.
Authorized Distributor.

Dear Sirs:
For ten years I suffered agony with bleeding piles and constipation—and spent much money—during this time I got relief, but to no avail. Finally I learned of the Wishnires' LON-A-CO, and after investigating same, gave it a trial. I have been cured of my trouble. I am very much pleased and cannot say enough in praise of the Wishnires' LON-A-CO.
Very truly yours,
Mrs. J. S. Brossman.

TWIN FALLS DAILY NEWS

Subscription Rates: One Year \$10.00, Six Months \$6.00, Three Months \$3.50. Entered as second class mail matter, April 25, 1916, at the postoffice at Twin Falls, Idaho, under certificate of mailing No. 127.

High Priestess

Then he asked quickly: 'You lie, you say you were the trade good?' 'Lied,' was the dry reply. 'Now will start for the lake. Blunt?' 'Why did you say that?' returned from the Muskogee, Garth told his story. 'By gas, dat good old, Shit!' And Ellene rubbed the dog's ears.

Men Marooned

By George Marsh. The Indian nodded. 'Four-og team... The Indian nodded. 'Four-og team... The Indian nodded. 'Four-og team...'

Unexpected Disenchantment

It is perhaps a little early to say just exactly what has happened in connection with the power situation in Idaho. Apparently the men engaged in building the diversion works to plant at Clear Lake have decided to go up with the project, but this does not necessarily mean the abandonment of the entire electric extension program.

Fifteen Years Ago in Twin Falls

Taken from the Twin Falls News Files, Thursday, June 6, 1912. Idaho will read no interesting relation to the democratic national convention at Baltimore for Champ Clark.

Judicial Vigor

A Hollywood jury has distinguished itself by its unexpected exertion, compelling three persons for manslaughter for their participation in a drinking party in which a film embryo was shot to death.

Young People Enjoy Night of Merriment

BULL, June 4 (Special to The Nevada-Journal) - Several parties in the city of Clatsop enjoyed an evening of merriment on Friday night at the home of Mrs. S. J. Corcoran.

High Priestess

Then he asked quickly: 'You lie, you say you were the trade good?' 'Lied,' was the dry reply. 'Now will start for the lake. Blunt?' 'Why did you say that?' returned from the Muskogee, Garth told his story.

RODED TO FEATURE IN BIG OBSERVANCE

Committees Working on Celebration Comb Reservations for Horses and Buckaroos

Planning to bring in the "best" horses that can possibly be found in the west, the rodeo committee under leadership of Charles Foxworth, chairman, is combing the Indian reservations—of northern Nevada—and southern Idaho to bring to Twin Falls the hardest bucking group of broncos ever assembled in a wild west demonstration in this section.

For the "best" horse, for the best rider, best ropers, fastest bull-doggers—and all-around cowboy and cowgirl, will doubtless draw to the rodeo a group of riders and ropers such as grace the Penitentiary and Cheyenne roundups, at which world champions prevail.

Other members on the wild west celebration committee are besides Mr. Foxworth, C. E. Williams, J. P. Williams. This group of men are putting forth every effort to bring to Twin Falls a bucket of anything that has ever been held in this section before.

Prize committees that will play an important part in the formation of the program are speaker of the day, Charles A. Smith and Bud L. Hodgin, committee on rodeo, Ralph Muzak and George Sandholtz; fireworks, Elmer Hollingsworth; band and decorations, Charles Peck, Mr. Gorman; boxing and wrestling, P. J. Dell, Fred Fox and R. E. Hobler; special stunts, H. H. G. Jump; and other committees.

Publicity, N. S. Wright, Walter B. Smith and L. C. Street, dance committee, H. Robinson. Finances will be handled by George Bairo, Oscar Fliener, George Sandholtz, W. A. Flower, H. Robinson, Roy Gardner and Mrs. T. J. Lloyd.

A meeting of the general committee has been called for next Tuesday morning at 9 o'clock at which time reports on arrangements will be made.

PRELIMINARY MEETING OF LEAGUE TO BE HELD

Epworth Institute to Be Discussed at Meeting here; Dr. Kendall to Address Delegates.

Meetings with the purpose of developing enthusiasm for the Epworth League Institute to be held about Ketchikan July 5, 12, Twin Falls chapter of the league will ask its host to league members from Castledorf, Buhi, Filer, Kimberly and Hansen here Monday evening, with O. L. Kendall, pastor of Buhi's, dean of the league, delivering an address.

The meeting Monday evening will discuss programs, facilities, course of study for the league and other business relating to the meeting on Wood river. Last year at the institute, states Dr. H. G. Jump, 30 members from Twin Falls were in attendance, and it is planned this year to have a larger number there. The meeting will be held in the Methodist church.

BUHL SOCIAL CLUB TO HOLD ANNUAL PICNIC

JUHL, June 4 (Special to The News)—Plans for the annual picnic of the family circle were made on Friday afternoon at the home of Mrs. Minnie Clinton, where the organization held a regular meeting. The picnic will be held on the F. T. Quire ranch, two miles south of Buhi, which will conclude the meetings until after the summer vacation.

Mrs. E. S. Leiland gave a well prepared paper on "Famous Women," which was enjoyed by all. Marion Ward sang two songs, they being "The Star" and "I Hear a Thrush at Evening," by Cadman. Her was accompanied by her sister, Miss Emily Ward. These girls had just returned home from attending the Albion state normal where they had concluded their study of music in addition to the regular courses offered.

The visitors attending the meeting were Mrs. William Cunningham and mother, Mrs. Susan; Mrs. V. A. Smith and mother, Mrs. Amanda; Mrs. H. G. Jump; Mrs. J. E. Ward and two daughters, Emily and Marion. Refreshments were served by the hostess, Mrs. Clinton.

JEROME JURY ACQUITS UNDER COVER OPERATOR

JEROME, June 4 (Special to The News)—W. C. Jeppson of Beavering, under cover prohibition agent, secured commission of a statutory crime at Buhi last July, was acquitted by a jury in district court here that returned its verdict this evening after about three hours deliberation. Jeppson's wife and two children were in the courtroom during the trial which

BUHL MAYOR ADVISES AGAINST BOND ISSUE

Holds Conditions Not Right for Voting of Obligations for Municipal Power Plant Project.

JUHL, June 4 (Special to The News)—Quoting the full text of the letter in which W. D. Spaulding, of the Clear Lakes syndicate told the syndicate's reasons for abandonment of its Clear Lakes power development project, A. C. Howard, Buhi mayor, today issued a public statement advising "against" voting for the "election" Tuesday for Buhi's municipal bonds for acquisition of a municipal power and light plant.

Here is the mayor's statement: "Buhi, Idaho, June 4, 1927. To the Citizens of Buhi: I received a telegram yesterday from W. D. Spaulding and Harry Dibble, two of the members of the Clear Lakes syndicate, stating that the Clear Lakes syndicate finds it impossible to go ahead with the Clear Lakes power development. The Clear Lakes syndicate were the people from whom the city of Buhi was—entirely—acquired for power for municipal distribution. "I was asked by many friends to make a statement in connection with the matter, but hesitated until the letter confirming the telegram was received this afternoon. "An view of conditions which had developed and is so well explained in the letter I do not believe it wise to vote for the bonds on Tuesday, June 7, and I therefore suggest to my friends, and to my fellow citizens of the city of Buhi that the conditions are not in any way favorable to vote these bonds at this time. "A. C. HOWARD, Mayor of the City of Buhi."

MOTION PICTURE ACTOR TO TELL OF HOLLYWOOD

Ambitious Amateurs Will Be Shown Facts Concerning Employment in Movie Industry.

Discussing the subject, "What Every Boy and Girl Should Know About Hollywood, and the Realities for Motion Picture Acting—Marsel Morrison, French character actor from the Paramount studios at Hollywood, and a member of the Motion Picture Actors association, will give a public lecture Monday evening at 8:15 o'clock, in the high school auditorium.

Mr. Morrison, a former member of the profession—legitimate "mog"—has been connected with motion pictures in California for the past ten years, having held successive positions of production manager, casting director and actor. He has played opposite Gloria Gessons, Adolphe Menjou, Eddie Duches and scores of other well known players.

In his address he will unfold the actual situations created in Hollywood by the endless migration of youths from every corner of the United States, youths fired by legitimate ambition, but unacquainted with the problems confronting them in securing employment in pictures.

He will give an intimate picture of the actual situations created in Hollywood by the endless migration of youths from every corner of the United States, youths fired by legitimate ambition, but unacquainted with the problems confronting them in securing employment in pictures.

NOTORIOUS PRISON FOR WOMEN CEASES AS PENITENTIARY

Saint-Lazare Jail, 800 Years Old, Passes Out of Existence as a House for Incarceration of Law Breakers.

PARIS, June 4.—The notorious Saint-Lazare prison for women, 800 years old, has ceased to be a penitentiary. Women convicts heretofore will serve their sentences at the Fresco prison...

Repeatedly it has been planned to take the old prison and replace it with a new structure but the cost has been prohibitive.

Lull Composed "America" PARIS, June 4.—The tune of "My Country, 'Tis of Thee"—the same as "God Save the King" and "Hail, Catherine"—has been composed by Lull, musician in ordinary to Louis XIV of France...

Musical historians in France contend that Lull composed his national masterpiece on the occasion of Louis XIV's recovery from an illness. It was sung for the first time by the noble young ladies of the St. Cyr school...

Auto Exhaust Kills Tulips PARIS, June 4.—The famous Tulipets tulips have bloomed for the last time. They are victims of the exhaust of automobiles in the due de Rivoli.

Show German Modes PARIS, June 4.—German mannequins are parading the fashions of Berlin at Paris race courses for the first time since the war. The crowd of German mannequins causes much comment...

Paris Visits Holidays PARIS, June 4.—Paris means holidays from official duties to the hard working Prince of Wales. When England's heir is in the city of pleasure he enjoys to throw off social obligations and like himself as thoroughly as any American vacationer...

Swimmer After Moony PARIS, June 4.—Georges Michel, the 161 French swimmer who holds the time record for swimming the English channel, is going to the United States this summer.

Glass in Ancient Egypt In ancient Egypt glass was used in making weights of considerable accuracy. In these days it is made into practice until the Christian era.

BREVITIES

Home From Utah—W. T. Potter returned Saturday from Salt Lake, where he has spent the past few days on business.

On Trip to Portland—Mr. and Mrs. A. E. Williams and children expect to leave today on a motor trip to Portland where they will visit for a time.

Retires From Trip—Mrs. W. H. Rento of the Rento beauty shop, returned from a trip to Salt Lake, where she has spent the past week on business.

Initiated at Moscow—Miss Thelma Lincoln of Twin Falls was one of seven girls recently initiated into Phi Lambda Theta, national educational society at the University of Idaho campus.

Undergoes Operation—Mrs. C. A. Jones underwent a surgical operation (Saturday) morning at the county general hospital. Her condition this evening was reported to be satisfactory.

Here From Wyoming—Mrs. Anna Hampton of Encampment, Wyoming, arrived Friday to visit her daughter, Mrs. Harold Day, eighth avenue east. She is ill and is critically ill at the county general hospital.

Convicted Victim Recovering—William Selley, convicted for the murder of a truck at a sheep raising camp about three weeks ago, was Saturday reported to be convalescent at his home.

Licensed to Wed—Two marriage licenses were issued Saturday at the office of the county recorder here. The applicants were L. Whitehead of Twin Falls and Nettie Ella Shupe of Hooding; K. W. Hamilton of Downey, Idaho, and Beacie C. Smith of Twin Falls.

Baby Visitors Here—Mrs. Katherine Cole, accompanied by her son William, and her mother, Mrs. J. M. Welch, and sister, Miss Jessie Estick, returned to Twin Falls from Boise to spend the week end. Mrs. Cole is secretary to the Episcopal bishop of Idaho.

Victim of Accident—James Woodhead is a patient at the county general hospital under treatment for fracture of his foot. He received the injury at Arden Park, where he is employed by the Phoenix Utilities company, constructing an Idaho Power company plant.

On Visit to Portland—Mr. and Mrs. N. P. Anderson left last evening for Portland for a visit at the home of their daughter, Mrs. Emma Stettler, formerly of Twin Falls. They were accompanied by their grandson, Norris Stettler, who completed the school year here and will join his parents in Portland.

At Yellowstone Camp—Mrs. W. T. Selley, entered on work during the summer season as happens at Lake Camp in Yellowstone national park. There she will be joined in about two weeks by her daughter, Miss Margaret Selley, Mr. and Mrs. Selley made the trip by motor to Ashlan from which point Mrs. Selley continued to the park by rail. Mr. Selley returned Friday.

Go to Utah—W. W. Jarman left recently for Salt Lake on a business and pleasure trip.

Winning Man Here—Harry Logan, Contact, Nevada, mining man, is visiting in Twin Falls.

Returns From Lara—M. H. (Daddy) Pape returned Saturday following a one-month visit to Lara, Idaho Springs, feeling as he stated, 29 years younger.

Lack Headlight—Drivers of 13 automobiles leaving a dance hall here last night were arrested by the police and directed to answer in police court Monday for charges of driving their cars with only one headlight.

Wife for Prisoner—Deputy Sheriff E. P. Butler will leave early this morning for Sacramento, California, to serve in custody Harry Ward, 19 years old, who, according to Sacramento police, was arrested there Friday and admitted there to a Ford sedan that was stolen from Twin Falls last Monday night. The car was reported to have been found in Ward's possession.

Editorial Leave—Ernest D. Bloom, editor of the Idaho, southern branch, as superintendent of Twin Falls schools, will leave today for Pocatello to enter upon two months engagement as a member of the faculty of the University of Idaho, southern branch, to commence here, to be relieved by Mr. Bloom in Pocatello.

Hits 98 Out of 100

MRS. J. W. PHILLIPS, of Bartlettville, Oklahoma, is a sure-shooter woman. She scored 98 out of 100 in the Kansas state tournament at Wichita. Her mark was excelled by only one of the winner being a man.

Go to Utah—W. W. Jarman left recently for Salt Lake on a business and pleasure trip.

Winning Man Here—Harry Logan, Contact, Nevada, mining man, is visiting in Twin Falls.

Returns From Lara—M. H. (Daddy) Pape returned Saturday following a one-month visit to Lara, Idaho Springs, feeling as he stated, 29 years younger.

Lack Headlight—Drivers of 13 automobiles leaving a dance hall here last night were arrested by the police and directed to answer in police court Monday for charges of driving their cars with only one headlight.

Wife for Prisoner—Deputy Sheriff E. P. Butler will leave early this morning for Sacramento, California, to serve in custody Harry Ward, 19 years old, who, according to Sacramento police, was arrested there Friday and admitted there to a Ford sedan that was stolen from Twin Falls last Monday night. The car was reported to have been found in Ward's possession.

Editorial Leave—Ernest D. Bloom, editor of the Idaho, southern branch, as superintendent of Twin Falls schools, will leave today for Pocatello to enter upon two months engagement as a member of the faculty of the University of Idaho, southern branch, to commence here, to be relieved by Mr. Bloom in Pocatello.

SOCIETY AND CLUBS

Edited by Mrs. E. D. Williams Phone 593

Mrs. Ruth McNeelis entertained the "Tatopush Camp Picnic" Friday evening at her home on Blue Lake boulevard. The meeting opened with the singing of "Welcome" and the usual business was transacted and officers elected for the coming year as follows: President, Isabelle McCreary; vice president, Helen Whitton; treasurer, Virginia Dax; secretary, Cecily Dax; chairman, corresponding secretary, Norma Guest; society editor, Rose Briggs. The meeting closed with the singing of "Taps." The hottest refreshments at the meeting were at the club of the club.

An interesting meeting of the Pesty Patches club was held Friday afternoon at the home of Jean Burns on Second avenue north and Opal Schram, Ruth Shipman and Ruth Smith were added to the club roll. The usual time was spent with refreshments after which a clever contest provided amusement with the prize going to Alice Dunn. Delicious refreshments were served at the conclusion of the afternoon.

The Royal Neighbors held their regular business session Friday evening in O. O. F. hall, following which the members were entertained by the Pop-

ular orchestra composed of DUH (Dorcas, Glenn Swanson, Edna Dax, Tom Barbera, BESSIE Soper, Howard Wiseman, and Mayne Higbee.) Delicious refreshments were served by the committee at the close of the evening.

ALBANIA AMUSEMENTS FEW TIRANA, Albania, June 4.—(AP)—One reason given for the continual quarreling of the Albanians over religion and politics is that they have no other diversion.

They have no sports. Their music is primitive and extremely limited. They don't know how to play cards, they haven't acquired the "smoke" habit and wireless broadcasting is unappreciated.

The few amusements consist of crude imitations of Coney Island and other resorts. A house made "Tennis wheel" are brought out every year for the sale of the trial of balloons and get up on the big queue in Tirana. They are not very pretentious affairs, but they work during an hour or so in the morning until midnight, and, needless to say, they are run by hand.

Hawaiian Appellation "Kauai" is the name applied to the natives of the Hawaiian Islands, formerly known as the Sandwich Islands. The name is also applied to natives of the New Hebrides and other South Sea Islands, many of whom were employed on the sugar plantations of Queensland, Australia.

CONGRESSMAN SMITH PREDICTS COOLIDGE WILL BE RE-ELECTED

Idaho Representative Gives Impressions of Political Situation; Sees Chance for West to Return Favor to South.

Flood relief measures and a program for prevention of future floods in the Mississippi valley will claim the attention of congressmen at the next session, according to Congressman Smith of Idaho who returned Saturday from Washington. He expects to spend the summer at his home here.

These measures, Congressman Smith said, will result in a realignment of the West to show its appreciation of aid given by the South in obtaining legislation for Western reclamation projects in the past.

A program providing for expenditures of \$100,000,000 for permanent flood prevention, Congressman Smith stated, is likely to be laid before congress at the next session. He said that he did not anticipate an extra session of congress, but deems it probable that congress may convene in October, a month in advance of the regular opening date, to take up flood measures.

Predicts Coolidge Re-election
President Coolidge will be re-elected, Congressman Smith predicted. The president, he said, enjoys the confidence and the approval of the people of the country at large. There is no opposition to him or his policies, and people generally want things to continue as they are.

Mr. Smith also has been endeavoring to have included in the budget provision for continuing work on the Fort Hall project, for which an appropriation of \$195,000 was contained in the general appropriation bill that failed to pass during the closing hours of the last session.

A feature of the convention, at which 39 officers and delegates were present, was the attendance of the national champion, Cassius Stogger, of Seattle. The session closed this afternoon.

Mr. Smith stated that, in his opinion, the president would next announce his candidacy and that he would be re-nominated and re-elected almost without opposition.

Since adjournment of congress last March, Mr. Smith has remained in Washington on business in connection with matters pending in governmental departments. One of these lands was the state's relinquishment of lands that were excluded from the Salmon River project when the project area was reduced. This has been pending in Washington for about five years and finally on Mr. Smith's initiative, the relinquishment was accepted recently by the commissioner of the general land office.

Mr. Smith sponsored a measure which Mr. Smith sponsored five years ago, holders of these lands at the time the exclusion was made are entitled to apply and receive the lands.

Mr. Smith also has been endeavoring to have included in the budget provision for continuing work on the Fort Hall project, for which an appropriation of \$195,000 was contained in the general appropriation bill that failed to pass during the closing hours of the last session.

En route from Washington, Congressman Smith was accompanied for four days in Pittsburgh to visit their son, Hugh F. Smith.

Mr. Smith already has made a number of excursions for the summer months and will leave Monday to deliver the commencement address at the state school for deaf and blind at Coalinga.

TWIN FALLS WOMEN ARE SELECTED AS LEADERS FOR GRAND ARMY BODY

MOUNTAIN HOME, June 4—(Special to The News)—Election of officers of the Ladies of the G. A. R. in convention here yesterday resulted in the selection of John B. Stevens of Hanger, chairman; Mary Mills, Boise, patriotic instructor; Dorothy Smith, Twin Falls, musician; Laura Whitney, Twin Falls, pianist; Grace Workman of Hoose, Ida Ballentine of Twin Falls and Annie H. Workman of Hanger were chosen in the council of administration.

A feature of the convention, at which 39 officers and delegates were present, was the attendance of the national champion, Cassius Stogger, of Seattle. The session closed this afternoon.

Mr. Smith also has been endeavoring to have included in the budget provision for continuing work on the Fort Hall project, for which an appropriation of \$195,000 was contained in the general appropriation bill that failed to pass during the closing hours of the last session.

ENGLISH GIRL-RACE DRIVER ON WORLD TOUR, VISITS TWIN FALLS

On the last leg of what is believed to be the first officially recognized and checked motor tour around the world, Miss Violet Cordery, attractive young English girl, and her party of three arrived in Twin Falls yesterday afternoon, to stay here until Monday, when the tour will be resumed.

Miss Cordery far belies the appearance of an inexperienced race driver, but she was adjudged by the Royal Automobile club as having turned in a remarkable performance for her age. Her race driver during the year 1926, winning the elegant Dewar racing trophy, was accompanying Miss Cordery on the trip is Lieutenant Colonel W. Boyer, of the Canadian army, and Mrs. Boyer.

In Miss Cordery's party are Miss E. V. Simpson, its W. Synnott, chief observer for the Royal Automobile club of England, and E. Hatcher, instructor for Miss Cordery, who has served to keep her car in trim for seven years. The tour, Miss Cordery said, began made major stops, supervision of the Royal Automobile club, with every detail as to performance. A 10 horsepower, six cylinder "Inviter" is the motor used on the tour and is a most dependable automobile, said Miss Cordery, being practically the same type used by her for racing.

Awarded Dewar Trophy
Miss Cordery last year was awarded the Dewar trophy for what is recognized by the Royal Automobile club as the best performance for any driver in the British empire, by winning a 5000 mile endurance race, with an average time of 7 1/2 miles per hour and also an 11,000 mile race at a slower speed.

On the outset of the present trip, Miss Cordery said, agreement was made under Royal Automobile club rules that but one stop should be made with exception of Sunday, were to be devoted to driving, with no traveling slow on the road, she can be seen and unaided at the end of the trip and the tour, according to Miss Cordery, started from London-February 9, with trip to Paris, then to Marseilles, across to Algeria, and back by boat to France again, then into Italy, where the party embarked for India.

India Trip Difficult
The trip across India was spoken of by Miss Cordery with commensurate reference to incidents that properly credited, would add a touch of romance to the trip not gained from the ordinary performance for her age. Loss of the car following misfitting of a bolt, when the train was cut into different sections, was a serious incident, and having to make a trip across the entire country of India to catch a second bolt following missing of the first, was another. Landing in New Australia, the trip was made across that continent, shortly following bad weather and road conditions that were provided, a terrible, really one of the hardest parts of the trip, she stated. The party landed in Vancouver, Canada.

Following visits to Salt Lake City, Indianapolis, where Miss Cordery will take a turn around the famous speedway, Montreal, Quebec, Buffalo and Pittsburgh, the American tour will end in New York, from which port the party traveling with Miss Cordery will sail for home. Approximately 6000 miles will be covered in this country and Canada, while about 6000 have been covered already in various countries.

Canadian Officer Here
Colonel Boyer, a Montreal assistant to the principal of McGill university, and Mrs. Boyer are accompanying the party in their own car. Colonel Boyer was attached to Canadian headquarters during the war, and is a reserve officer.

Colonel Boyer states that the main object of the making the trip other than to accompany Miss Cordery and her party, is to investigate the influence French-Canada had on the settlement of the western country, with much detail as to their activity being gathered from the trip.

"French-Canadians in general," stated Colonel Boyer, "little realize the extent to which the early settlement of this country owes many of its habits and settlements."

Following a day spent in visiting various places of interest, with Shoshone Falls and Twin Falls being visited, the party will leave in the morning with Salt Lake City as their next objective.

FAIRGROUND BUILDINGS DUE FOR COAT OF PAINT
With view to painting of all buildings and fences on Twin Falls county fair grounds at Fair before the opening of the fair next September, the county commissioners in session here authorized the fair board to purchase a paint spray machine at a cost of \$450.

The commissioners will meet here Monday at the opening of the regular session for the month.

Mercury Hovers in Same Spot for Days

Idaho—Partly cloudy and locally unsettled, with moderate temperature.

Good weather continues to reign over Twin Falls and vicinity, with moderate temperatures making the fourth successive day of real summer weather. Maximum temperature recorded at the government weather station at Hamann's ranch yesterday was 72, and minimum 49. A light rain recorded at the weather station yesterday, the "paper" rains, fell yesterday.

A year ago yesterday the temperatures recorded were 73 and minimum 43, with no precipitation.

Settlement of the western country, with much detail as to their activity being gathered from the trip.

"French-Canadians in general," stated Colonel Boyer, "little realize the extent to which the early settlement of this country owes many of its habits and settlements."

Following a day spent in visiting various places of interest, with Shoshone Falls and Twin Falls being visited, the party will leave in the morning with Salt Lake City as their next objective.

News of the World Told in Pictures

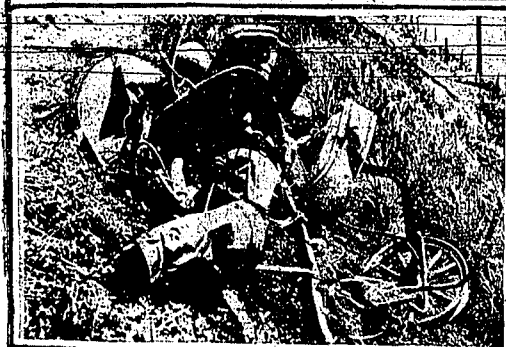

WHERE PAIS PAID "SLIM" A MIGHTY TRIBUTE—Scene at the Hotel de Ville (City Hall), in Paris, when given an idea of the frenzied ovation accorded Charles Lindbergh, New York-Paris aviator, when he visited it to receive the "freedom of the city." The picture shows the throng that greeted the late Woodrow Wilson on a similar occasion. Cable 'feroris were to the effect that the Lindbergh reception was greater than that given the war President of the United States.

PEACE!—Eliel Loferon (left), Swedish envoy, and J. H. Welleback, of Norway, signing the pact that outlawed war in Scandinavian countries. Arbitration is prescribed. (International Newsphoto)

TELL IT TO THE MARINES!—The finest fighting unit 'Eve ever seen' was the world's newest by Brig. Gen. Smealey Butler, after reviewing this detachment of Devil Dogs now patrolling the foreign settlement of Shanghai. (International Newsphoto)

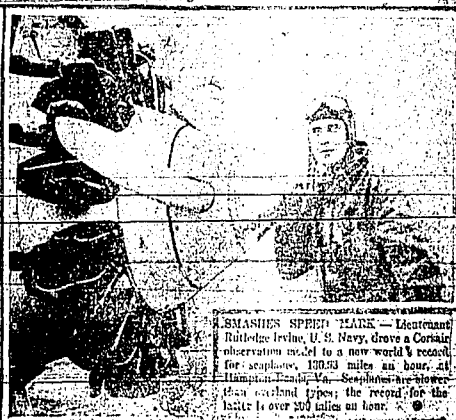

THEY DIDN'T "STOP, LOOK AND LISTEN"—Wreckage of a motor truck in which three persons were killed when it was struck at a crossing near Chicago by a fast passenger train. The victims were Mr. and Mrs. Louis Miller and Henry Smith, all of Robbins, Ill. (International Newsphoto)

BELLE—Dancing, French favor with Charles Lindbergh is Henrietta Ford, American dancer, who now is the rage of the capital. (L.N.)

AT THE COURT OF BEAUTY—A view of the vast throng that turned out to see a winner picked in the international beauty contest at Galveston, Tex. The judges chose Miss Dorothy Irleton, representing New York City, for the crown. (International Newsphoto)

SMASHES SPINNING WARE—Lieutenant Rutledge Irvine, U. S. Navy, Grove's Corsair observation model to a new world record for speed, 100.3 miles an hour, at Hampton, Va. Spinners are slower than coastal types; the record for the latter is over 50 miles an hour. (International Newsphoto)

GIANTS OF BUSINESS WORLD TO TESTIFY TO POWER OF 'ADS'

Financial, Industrial and Governmental Bodies to Give Views on Value of Advertising at Annual Meeting.

DENVER, June 5.—The National Advertising Association will convene its annual meeting at the twenty-third annual meeting of the International Advertising Association here June 5 to 9.

The association, organized by the Denver Advertising Club, will have a two-day session.

In the 22 years of its history the International Advertising Association has met in various cities of the United States, including New York, Boston, Chicago, Philadelphia, St. Louis, St. Paul, Cleveland, Detroit, Columbus, Cincinnati, and St. Paul.

The general session, which will be held on June 5 and 6, will be devoted to the study of the value of advertising in the present economic situation.

The general session, which will be held on June 7 and 8, will be devoted to the study of the value of advertising in the present economic situation.

Bill Man to Speak

Frederick W. Stewart, president of the Chicago and Northwestern railroad, will appear before the association on June 7.

Mr. Stewart will represent the motion picture industry. Col. Paul Henderson, former secretary of the National Advertising Association, will appear for the National Advertising Association.

Mr. Henderson will speak on the value of advertising in the present economic situation.

Mr. Henderson will also speak on the value of advertising in the present economic situation.

JAIL TERM FACES SINCLAIR

HARRY F. SINCLAIR, millionaire oil man, may have to spend three months in the district jail at Washington, if he is sentenced for contempt in refusing to answer questions of Senatorial oil investigators, but has taken an appeal. Pictures show the exterior of the jail, one of the cells and Sinclair.

DOUGHOBY SIGNS 'AROUND IN WOODS OF BELLEAU

BELLEAU WOOD, France, June 4.—Doughoby Wood today is a few square miles of the United States transplanted into France.

As battle of the great war in which the American boys fought struck the imagination of the American nation more keenly and deeply than the fight around Belleau Wood. Today there is no spot along the entire former front from Belleau to Neuport, which gives the American visitor such a realistic impression of the United States' participation in the war.

There are battlefields such as the Argonne and Saint Mihiel, where American troops were more numerous and the task as difficult and the casualties larger, but to the layman trans-

lating at the former front Belleau Wood pictures America.

All the signs within a radius of several miles surrounding the battlefield are in the English language.

Entrance to Belleau Wood in letters nearly a foot high is the welcome which greets the American at the gate.

Butter, do not approach within 10 feet," warns another sign in front of the "Butter's lodge," well riddled with bullets, shrapnel and shells and apparently tottering in the wind, a few feet from the main entrance.

Thousands of names, scribbled with pencil or soft lead, identify, identify, cover the inside walls of the lodge, giving a directory of cities and towns in the United States and testifying to the attention the average American visitor gave to the danger sign.

"Visitors are forbidden to handle or remove relics of war," this is scrupulously obeyed. The register at the little open air, straw covered shelter contains the names of every state by thousands, representing every state in the Union.

There is no sign near the foot of Belleau Wood hill, as one approaches it from Chateau Thierry. The French chauffeur provides it:

"This is where the 26th American division spent its entire day in July, 1918. The Germans were holding very high ridge, and their fire was murderous."

Familial Optical Illusion

Make a small hole in a card, and hold it four or five inches away from your face, toward the sky. Hold a pin-point against the shadow and gaze through the hole. Then you will see, to your surprise, that the pin is inverted. Still more interesting is the fact that if you made several holes you will see inverted images of the pin in each.

COTTON-SLEDDING IS REPLACING PICKERS

Days When Negro Labor Gathered Fleecy Staple in Dixie Is Gone; Industry Changing.

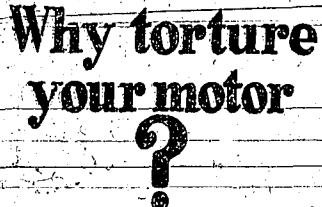

LUBBOCK, Texas, June 4.—Cotton is still king in Dixie, but gone are the days on the plains of Texas when the fleecy staple was gathered by the old-time negro pickers with baskets and hand labor. Cotton sledding is changing the industry on the plains, promising an era of mechanized sledding since the days of Eli Whitney's invention of the cotton gin, growers say.

Cotton now is gathered by a mechanical contrivance mounted on a sled. The contrivance consists of long "fingers" which protrude from the sled. These fingers strip the stalk and clean it of cotton-bolls. The fingers may be set down to touch the ground and then pick up cotton which has fallen. The sleds and sleds drop into a wooden trough and the forward motion of the sled forces them back into a compartment where they can be carried to the scale.

With this sled one man can gather as much cotton in a day as 20 pickers can gather by hand. Cotton growers have added cleaning machinery to their equipment, which enables them to handle the added cotton.

Sledded cotton brings a somewhat lower price on the market than hand-picked cotton, but growers believe the savings of labor in gathering the "fingers" more than offsets the difference in price. The Texas Agricultural Experiment station at Lubbock and the West Texas Chamber of Commerce are working to perfect machinery, which the farmer could use in the fields to sort the sledded cotton in such manner that the product would command a price more nearly equal to the hand-picked variety. Recent experiments indicate the machinery already has been perfected, the chamber of commerce says.

The sledding, however, will be confined to the plains country, as it is only here that there is no impediment to their operation. The level ground permits them to slide "over the surface without difficulty."

Why torture your motor?

WHY subject your engine to all the abuse which results from knocking? Why shorten its life and run up for yourself unnecessary repair bills?

You can eliminate knocks and insure longer life for your motor by the simple process of filling the tank with Conoco Ethyl Gasoline.

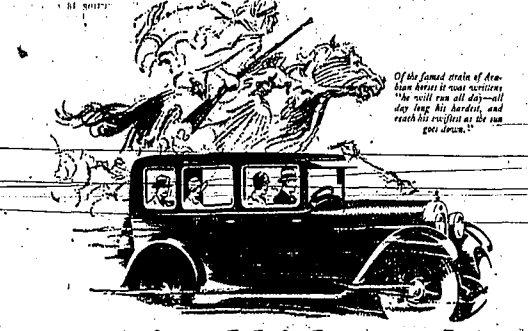

Automotive science worked for seven years to produce Conoco Ethyl. It's the greatest contribution to complete motoring satisfaction since the self-starter.

And it costs just 3¢ more per gallon than regular Conoco Gasoline. Ask for it at the Conoco sign.

CONTINENTAL OIL COMPANY
Producers, Refiners and Marketers
of High-grade Petroleum products in Arkansas, Colorado, Idaho, Kansas, Missouri, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming.

extra Knockless miles

Sustained high speed All day long

In the sustained stamina, smoothness and durability of Essex Super-Six you see but one of many advantages for which the Super-Six principle accounts.

Here you have 50 miles an hour all day long—far greater speed if you want it—flying smoothness in action—dynamic appeal that win you in a ride.

Yet the Essex Super-Six provides scores of less dramatic qualities that are just as important in everyday service. Flashing pick-up, quick, easy steering, riding ease like the finest of big cars, and positive brake control that matches bodily comfort with mental ease.

All day through city traffic or speeding 'cross country, this restful car sets you down fresh at the day's end and eager for the road again.

This amazing Super-Six performance and quality are economical to buy and engineered to lowest operation and maintenance cost.

Petrified Rainbow

Madison, Idaho, has the honor of the Arizona line of petrified wood, the largest known natural bodies. It is of siliceous sandstone and is shaped like a rainbow. It was proclaimed a national monument in 1909.

Business and Politics

In business it is necessary to charge a thing and pay for it later, but in politics the payments come first and the charges are filed later.—North Carolina.

The Traffic Officer

It's a safe bet that the cars which step out with the "go" signal are equipped with Champions—the better spark plug. If every car owner used a Champion there would be fewer traffic jams.

... for 12 years Building Better Sixes

The last 12 of Paige's 18 successful years have been devoted to building "Sixes"—better "Sixes" every year.

A ten minute drive in one of the latest Paige "Sixes" will quickly show the results of this intensive concentration.

You will find Paige "Sixes" good looking, fine performing cars—and you will recognize in each separate model a thoroughly sound value at its present low price.

There is nothing untried, unproved, or experimental in present Paige "Six" design, yet these cars are thoroughly modern in every detail, including Paige-Hydraulic 4-wheel brakes.

Before you buy any car, drive a Paige. There is no obligation—we want you to know what satisfying performance can be built into a motor car when 12 years are devoted to steady improvement and continual refinement.

AMERICAN MINISTER IN FRANCE TENDERED DINE TIP BY BOY

Myron T. Herrick, Treasuring Donation From Youngster in Illinois; Gift Was Tendered for Envoy's Autograph.

PARIS, June 4 (AP)—Myron T. Herrick, American ambassador in Paris, is treasuring a tip of 10 cents received from an American in Illinois. This 14-year-old boy wrote to Mr. Herrick several weeks ago and asked for his autograph and those of such French officials as he could send. The ambassador, always kindly, wrote a return enclosing five autographs, among them those of Poincaré and Briand which are almost priceless.

In return, the ambassador has received a letter from the Illinois boy who thanked him for the autographs and said the only others he wanted in France were those of Doumergue and Briand, definitely suggesting the ambassador furnish these. He ended his letter with: "I am so happy you have sent me these autographs that I am enclosing 10 cents so you may buy your self a good cigar."

The dime was carefully wrapped in paper and attached to the letter. Ambassador Herrick is keeping it as a souvenir.

Queen Adopts Church Dress PARIS, June 4 (AP)—Church dresses which March-Annous Paris dressmaker had designed for the queen and the ladies of her court, and which will be worn soon in Spain, fulfill all of the queen's demands for modesty.

They reach to the ankles, have long sleeves and the collars are not lower than the base of the neck. Gray, beige and black are the colors mainly chosen for them.

The queen of Spain was the first to order a church dress and other models have been made along the general lines of Her Majesty's.

Worth has been courier to the queen of Spain for many years. He was dressmaker to the Empress Eugenie, during her lifetime, and it is said that the queen of Spain accepted him for patronage by the request of the empress.

Effel Tower Ascent Bleep PARIS, June 4 (AP)—Even the price of going up has gone up.

The charge for ascending the Effel Tower, the latest structure in the world, has been raised.

The "free" was the "cost" for the post-war inflation period but as business has been good an additional franc is charged now.

The tower generally is considered a public institution but really it is owned by the company that built it for the 1889 exposition. The city gets a percentage and it was to increase the city's share that the view of the country around Paris has been made more expensive.

Form Movie Coalition PARIS, June 4 (AP)—Europe expects soon to form a movie coalition against America.

Charles-Delac, representing French producers, distributors and exhibitors, recently told a German organization representing the industry there that the two countries will shortly, by force of circumstance, cooperate for their own and Europe's protection.

France, Germany, Italy, England and possibly Spain are regarded as likely to join the European "bloc" to resist the American "invasion," as it is called.

WHERE COOLIDGE WILL SPEND VACATION

PRESIDENT COOLIDGE, in spending his vacation in the Black Hills of South Dakota, will be in the old home land of the earliest and fittest Americans, the Sioux Indians. Pictures show Sioux camps shortly after government troops subdued the Indians.

France asks only reciprocity from Germany. It is recognized by all the European movie chiefs that there must be interchange of pictures to afford variety. The American proportion is considered altogether too large and many, like Deist, take it for granted there will be some sort of "protection" to restrict the number of American pictures.

Sewing Girls For Chairs PARIS, June 4 (AP)—Chairs instead of stools are proposed for the thousands of girls and women who sew for nine hours or more every day in Paris dressmaking establishments.

French children, in general, attend schools where they sit on benches, without support for their backs. They learn to sit up fairly straight but although they thus become accustomed to such seats, the sewing requires the girls to bend over and in time they become narrow-chested and subject to lung trouble, say those who are seeking to improve work-shop conditions. Employers object that stools are much more convenient; they enable the girl to alter her position without moving her chair; and they take up much less room.

French Discard "Free Wine" PARIS, June 4 (AP)—Paris is gradually getting drier.

Economy and not morality is reforming the sects. The low-priced table drink or "pink fizz" lunch or dinner has had the customary quarter—a bottle of wine eliminated from the menu.

The representation of restaurateurs and wine-merchants interested in the moderate cost meal, announced the price but wine has nearly doubled since last year and now the dries can drink water with a clear conscience since they won't be waiting wine for which they have paid.

CONSOLIDATION URGE MADE BY OFFICIALS FOR GERMAN STATE

Uniting of Four Divisions Including Austria Is Advocated by Dr. William Kuelz, Minister of Interior Department.

BERLIN, June 4 (AP)—Consolidation of the German republic into a union of four great states, including Austria, instead of the existing 18 more or less autonomous federated states which are continually squabbling among themselves, is advocated by Dr. William Kuelz, former minister of interior, the only salvation of the republic.

Prince Bismarck's mighty stroke in effecting a union of the federated states under one emperor, Dr. Kuelz believes, must be carried to completion by a further consolidation to end strife and save governmental expenses.

Dr. Kuelz proposes that the whole of North Germany be combined as one state, Prussia, Saxony, Thuringia, Hesse and several smaller states ought to be combined into a state called Central Germany; while Bavaria, Wurttemberg, Baden and others would become South Germany. Austria, which millions of people on both sides of the border already consider as part of the German reich, would become the fourth state.

Rise Against Pastor BERLIN, June 4 (AP)—Bloomers worn

by young girls at a public school exhibition of calisthenics are denounced as "improper and immoral clothing" by the local pastor of Grafthof, Brandenburg, who for the past year has persistently refused to serve communion to any of the maidens whom he considers guilty of having committed this misdemeanor.

Indignation among the parents and relatives of the offending girls spread apace and ultimately came to a climax when it was agreed to boycott the church, but to assemble every Sunday for divine services at the respective homes.

As a result the pastor for the last few months has preached before practically empty pews. The controversy after vainly trying to back up the reformer, finally deemed it advisable to transfer him to another parish.

Bobbed Hair Taboo

BERLIN, June 4 (AP)—The north German state of Holstein holds a unique record in that there is not a bobbed head to be found among its native women.

If the traveler succeeds in discerning a short-haired representative of the gentler sex, he will find that she nails from elsewhere than this former grand duchy.

The Holstein women, who are famed for their beauty, pride themselves on their "thick" blond or brown tresses. Ever the girls of school age wear long braids and object to cutting off what they regard as their most precious ornament.

Far from advertising their nudity to city women's hair the hairdressers in towns like Kiel or Flensburg display beautiful braids and curls in their shop windows as an advertisement to women whose hair is scant to pad their natural crop.

The women are up to the minute in other fashions, such as short skirts and silk stockings, and they subscribe to

fashion journals as avidly as do their sisters in the east of Germany.

Women Vicars Ordained

BERLIN, June 4 (AP)—Women theologians in Germany have won the first round of a steady battle for recognition.

They will hereafter be admitted to the rank of vicars in the Protestant churches, even though they are still barred from becoming pastors with the privilege of administering the holy sacraments. Nor may they perform pastoral functions in conventional divine service.

The functions of vicars are limited to a decision of the general synod, include preaching at children's services, instruction in Holy Writ, and Bible lessons, biblical teaching at confirmation schools, and pastoral and missionary work in girls' homes, in the women's wards of hospitals and prisons, and in the homes of congregation members.

Longevity Increasing

BERLIN, June 4 (AP)—By 1965 Germany will have double the number of old men and women above 65 years of age that it has today, according to the German census bureau.

Today there are about three and a half million over 65 in Germany whose age is above 65. The census dopsters have it that this number will reach almost seven million by 1965, and that and a quarter million by 1975.

Tours for Workers

BERLIN, June 4 (AP)—The industrial workers of Germany declare they don't see why traveling should be the recreation of the privileged classes only.

"They have, therefore, arranged a series of vacation tours for organized workers which will make it possible at little cost to spend 14 days in the Alps, or in the Swiss mountains and lakes, or in Sweden, Austria, or Norway in London.

Each tour will take up 30 applicants. The time en route will be divided between sight seeing and resting in picturesque surroundings.

The Well-Educated Man

A well-educated man may not know many languages, may not be able to speak any but his own, and may read very few books. But whatever language he knows, he knows precisely, whatever word he pronounces, his pronunciation is right; above all, he is learned in the perage of words; he knows the words of true descent and ancient blood at a glance, from words of modern, casual—flaccid.

Beginnings of Bespeaking

Present-day methods of bespeaking were for a time in the dark as to their development and technique. The longest manuscript which deals with this industry has been found and turned over to Cornell university.

ANCIENT BIBLICAL MANUSCRIPTS EXHIBITED IN UNITED STATES

WASHINGTON, June 4 (AP)—Biblical manuscripts, older even than the celebrated Stonyhurst Gospel according to St. John, said to have been found in 1871, are on exhibition in the United States.

One of the collections, bequeathed to the nation by Charles F. Terry of New York, is in the First Gallery of the Metropolitan Museum of Art.

The "Washington Manuscripts," as the Terry collection is known, include one of the oldest Greek versions of the Bible known. Its date is placed in the fourth century by Dr. E. A. Abbott, Oxford lecturer and research investigator of the Cambridge institution.

drawn to the "Washington Manuscripts" older even than the celebrated Stonyhurst Gospel according to St. John, said to have been found in 1871, are on exhibition in the United States.

But they defended themselves, saying that this use of lawlessness and unbelief is under the power of Satan, who does not permit those made in the image of God to comprehend the truth and power of God. Therefore reveal the law—righteousness—they said to Christ. And Christ replied to them that the kingdom of the power of Satan has been made full, but other dread events are near at hand, and in behalf of those who had shared it was given unto death in order that they may return to the truth and no longer sin, to the end that they may inherit the spiritual and imperishable glory of the kingdom, which is in Heaven.

You Want a Home of Your Own

The one way to make sure of it is to earn it—and a dollar saved is truly a dollar earned.

Try saving systematically for six months, and learn how easily you can accumulate the ready money that means the realization of your dreams.

ANNOUNCING The Senior Line A REMARKABLE NEW SIX by DODGE BROTHERS

Another Page Turns in Dodge Brothers History

A new line of Sixes by Dodge Brothers is presented to the public today.

It has been rumored, and hoped, for years that Dodge Brothers would ultimately produce such a line—more refined and, of course, higher in cost than their present cars.

To combine the sturdy worth of Dodge Brothers standard product with those refinements which greater cost permits, could not fail, it was conceded, to produce a motor car of unique distinction and fitness.

The Senior Line is Dodge Brothers answer to this demand—and Dodge Brothers have answered well.

These are remarkable cars. Brilliantly vital and abnormally sturdy—impressively smart. And built like all Dodge Brothers motor cars, for years of dependable service.

See one and drive it and you will marvel that performance of this quality and character could be provided at a price so low.

BUSINESS CONDITION GENERALLY HOLDS UP WELL; OPINIONS VARY

Roger W. Babson Gives Views of Commerce on Approach of Half Way Mark for Year of 1927; Data Favorable.

(Special to The News.) BABSON PARK, Mass. June 4—As we are approaching the half way mark for the year 1927, the business outlook is generally favorable.

I have a habit of asking everyone I meet, in business, in dining cars and smoking compartments, and in the street, how business is doing before I have found such a difference in opinion. Some would reply they are "up," some "down," and some "just about the same."

From a statistical point of view, business continues to show up very well in the first half of the year. A comparison of the first six months of this year with the same months of last year shows that most of these figures show up satisfactorily and indicate a better business situation than it will be judged to be.

From a statistical point of view, business continues to show up very well in the first half of the year. A comparison of the first six months of this year with the same months of last year shows that most of these figures show up satisfactorily and indicate a better business situation than it will be judged to be.

"The Best Policy to Follow" "The nation today is in a different position than ever before. During previous periods such as this, institutions and corporations have been over extended while individuals have been fairly free from debt. This was due to the fact that before the days of installment buying the individual did not owe much money. At the time of the last great panic less than 10 per cent of the people were in debt, while only a fraction of 1 per cent had anything taken away from them. Today institutions and corporations have been over extended while individuals are in debt. Where less than 7 per cent of the individuals owed money 20 years ago, probably 30 per cent owe money today. I am not complaining about the situation, but I am calling attention to it for this reason: The best way to prepare for the future is to keep debt down and to keep all employed, but to get-out-of-debt. Whether you are a business man or a near you can well afford to reduce your indebtedness and get those who owe you to reduce their indebtedness. This is the only way to get a "mild" good today on Anti-Debt campaign. We have all kinds of anti-debt organizations, from Anti-Cigarettes and Anti-Saloon leagues, but the one kind of league I would like to see started throughout the country is the Anti-Debt League.

"The one thing which surprises me most about the present day business man is that he needs personal indebtedness if he is carrying. I can understand why a man personally will borrow

Secretly Wed

NEW YORK didn't know that Vivian Osborne, popular actress, was wed to Francis Worthington Hine, war hero and millionaire, until it leaked out that the pair were married. They were married a year ago, after Hine's divorce from his first wife.

brought about by booting banking. Most of these figures show up satisfactorily and indicate a better business situation than it will be judged to be.

a little money to get a start. I also understand the advantage of large corporate units with stock and bond issues. Together, with a reasonable amount of floating debt. But why a man, after getting enough money to have reasonable independence, all go into personal debt and endorse notes just to get a little more money? It hardly seems reasonable. Why endorse notes reasonably successfully will put out short-term notes or borrow as heavily as they can, and then at a time close down on them is also incomprehensible.

"I am far better to have a small personal income and be free from debt than a larger income with notes and endorsements hanging over one's head. Probably one of the reasons why so many of the lives of more business men than the worry which has come from meeting their obligations, and then at a time close down on them is also incomprehensible.

"Some men will say that they are borrowing money, or personally endorsing their corporation's notes (which is the same thing for their families) in order to give more to their children. Such parents are making a great mistake. All statistics lead to show that the children of employees have a better chance for success than have the children of employers. Your children don't need any more money, but they do need more of your time and commensally. Leaving them money or giving them money will probably do them more harm than good. Do honest, well yourself and your children will be better off.

"A certain amount of ambition and pride is a good thing; but it should be used to help us live longer and more useful lives rather than to shorten our lives. There is no sense in killing the goose that lays the golden eggs. This is what wives do when they permit their husbands to go into debt for houses, jewelry, automobiles, and expensive trips. This is what children do when they neglect their fathers for automobiles parties and are everywhere except at home. Wives and children can do a great thing for their husbands and fathers by keeping them out of debt. This they can accomplish by giving them more time and making

"The one thing which surprises me most about the present day business man is that he needs personal indebtedness if he is carrying. I can understand why a man personally will borrow

CHINA HAS WORLD'S OLDEST NEWSPAPER

Peking Gazette, Ancient 'Sheet' but Worst Existing From Journalistic Standpoint.

WASHINGTON, D. C. June 4—China boasts the oldest newspaper in the world. From a journalistic standpoint, it is probably also the worst. Since the Peking Gazette is nothing but a collection of presidential mandates, decrees and appointments, and has no editorial or news value, it is not a newspaper in the true sense of the word. It is a mere record of the activities of the government, and is of little interest to the general public.

"The influence of newspapers published by foreigners must be acknowledged in studying the reasons why the home more attractive than the office.

"(1) Today banking, credit conditions are sound; but credit conditions, based upon individual, are very bad, owing to the great growth in installment buying which are undermining the entire country.

"(2) Money is comparatively easy now and hence the year 1927 will be a favorable time for getting others to pay up their indebtedness to you, or for reducing inventories so that you can get out of debt. By all means get out of personal debt during 1927, both as a borrower and as a lender.

"(3) Such a willingness as is necessary for your business, capitalizing your 1927-1928 is possible in the form of stock, bonds, or otherwise as long term bond issues.

"(4) Curb your ambition—when it tempts you to increase above a reasonable level, either your business or your personal expenditures. Stop! This is the same way to prepare for 1928."

Lindy at 8

LITTLE DID THIS YOUNGSTER ever dream he'd startle the world by being the first to fly from New York to Paris. But 17 years later he did it. Name: Charles Lindbergh.

which led to the founding of these Chinese papers. In 1872 Mr. James Matheson began to issue the Canton Herald, and from this time there has grown a body of periodicals that include daily newspapers, weekly and monthly reviews, and magazines and illustrated papers.

Many of these papers have been edited by missionaries, who must be credited as the first to bring the news of the world to China. At present the most influential are those printed in English, but there are others printed in French, Russian, Japanese, Italian and Portuguese.

Chinese journalism began its career in the port cities, particularly those under foreign control. Considering of the simple but effective method by which the Manchus dynasty caused the efforts of any who might not agree with it to be suppressed, it is not surprising that the Chinese editor might attack the imperialism which placed the grasping nations of this type in control of his country's ports.

Old Influence Holds For a long time this tended to give Chinese journalism a future character—an influence not yet wholly eradicated.

ated. The papers which sprang up in the ports were, like the secret societies which flourished there, supposed to attack the ruling powers.

They did not hesitate to resort to the use of outrageous innuendo and even barbed satiric thrusts, especially the personal character and official record of those in authority. They say "it is for example, difficult to write of the events concerning the character of the late Empress Dowager from the fabrications of the revolutionaries, and the success of such attacks is found in their success. The newspapers were not only unscrupulous, but also unscrupulous, completely undermined confidence in the regime.

"The justification for such tactics is found in their success. The newspapers were not only unscrupulous, but also unscrupulous, completely undermined confidence in the regime.

"In the language of American business the demand for a change was made in the Chinese people, beginning with the reformers in 1868. Three events mark this development in China's journalism. In 1858 the Emperor Kwan, Hsu, under the influence of the reformer Kan Yowei, issued the edicts of reformation which brought about the close of a reign which the Emperor Dowager, supported by the troops of Yui Shih-kai, made the emperor a prisoner and resumed the policy of reaction.

"The discovery in British Columbia of a bird with four legs was announced recently. The creature looked, microscopically, the only survivor of a race of birds, inhabits the most secluded parts of the forests of South America.
