

PRESIDENT RECEIVES INFORMATION ABOUT AFFAIRS IN MEXICO

Embassador Sheffield Indicates Possible Change of American Attitude Toward Oil and Land Laws in Southern Republic.

By The Associated Press. LAFAYETTE, July 7.—A first hand report on the troubled relations between the United States and Mexico was given to President Coolidge at the summit of the Montezuma conference.

The ambassador had indicated, before departing from Mexico City, that a change in the state game law, that in the United States would be a change in the American attitude toward the Mexican oil and land laws.

Reached the capital July shortly after midnight, the ambassador was driven immediately to the executive office of the house and retired without seeing the president.

At the executive office it was stated that some time before Mr. Sheffield's visit Mr. Ford will make a statement regarding the present treaty plans and his impressions of the Mexican problems.

NINTH INNING IS FATAL TO BEES AS BRUINS SLUG BALL

Krasovich Drives Homer Over Left Field Wall to Tie Score; Rally Brings Second Straight Win in Final Frame.

The Bruins disbanded the Bees and took the honey for the second time in two days when Twin Falls triumphed over the visiting Salt Lake club here yesterday afternoon in another spectacular hitting rally that brought the local club a well earned victory, 5 to 4.

The Bruins scored the first run on a home run by Krasovich who, as first baseman in the eighth with his club ahead the score 4 to 3 in favor of the visitors, smashed out a home run into the cleared left field wall to level the score. With the score tied and the game about over the Bruins would not be stopped.

After the score was tied the game on to finish and the Bruins earned their victory. Skipper O'Neill returned to the field to lead the team, allowing but seven batters in seven innings at the beginning of the eighth frame, with the score 4 to 3 in favor of the home team.

After the first inning he set down to keep the Bees from scoring until the sixth, when a base on balls and a two-base hit on a fly and run played Nelson. The Bees scored again in the eighth on base on balls, two sacrifice hits and a hot grounder through third base by Crowley.

Canfield struck out nine men in the ninth. Logan hit for the first time in the second game of the season. Skipper Apperson still has been out of the lineup, playing second himself and shifting Fred Pfahler to short, where he handled five chances without error.

Offer King Vidor a Lucky Strike and he'd accept his favorite with delight, saying:

"While directing 'The Big Parade' I had to shout my directions to hundreds of film players through the din and noise all about us. And through the entire taking of the picture, I smoked 'Lucky Strikes' which seemed to relax my nerves and at the same time insures you against throat irritation—a condition from which film directors are bound to suffer."

You, too, will find that Lucky Strikes are mild and mellow—the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

CHAMBER APPROVES TO AID CARAVAN TO GREET PRESIDENT

Pledges Cooperation in Plan for Personal Expression of Respect to President and Mrs. Coolidge in Dakota.

Organization of an automobile caravan to carry the respects and good wishes of Idaho citizens to President and Mrs. Coolidge in the Summer White House in the Black Hills of South Dakota was adopted by Twin Falls Chamber of Commerce directors in session last evening.

The caravan will be authorized to receive registrations of Twin Falls citizens who expect to join the caravan, and to arrange reservations where it will be essential for the success of the plan.

Organization of the caravan was suggested recently by Idaho Falls Chamber of Commerce, which invited Twin Falls chamber, among other organizations, to express their interest and lend its cooperation to the undertaking.

Tripartite Plan The tentative plan is to assemble in Idaho Falls, drive to Old Faithful Inn in Yellowstone park and there meet the members from north Idaho. Thence the caravan would move through the Jackson Hole and over the Atlantic-Yellowstone-Park highway to the summer White House. It is believed the last week in July would be a good time to start. The state national assembly will be held in Boise on July 23 and it is hoped that a number of the editors may join the caravan.

BIGGEST BRIDGE ON IDAHO STATE HIGHWAY SYSTEM

The interlute bridge at Newport, Washington connecting the state and highway systems of Washington and Idaho, is to be dedicated Saturday with ceremonies in which Governor H. C. Wood, Congressman Burton L. French and Joe D. Wood, commissioner of public works of Idaho, and Governor Harley, United States Senator Bill of Washington will take part. The bridge was built at a cost of \$250,000 by state funds, federal aid and the goodwill of Fred O'Connell, Washington, and Donner, Idaho. It is 1250 feet long and spans the Pend Oreille river, the largest tributary to the Columbia. It is on the scenic highway from Spokane to Banff, Lake Louise and Calgary, and to Glacier House, Yellowstone national park, on the route of the national park to highway.

The Green Cloak By YORSE DAVIS With Illustrations Copyright, 1926

"The investigators found nothing disturbed either on the first floor or on the second, but in the old gentleman's study, a faded-out room in the attic, with a couple of dormer stables, they found him dead in his chair. He was leaning back in a queer, unnatural attitude, and when they looked more closely, they found that he had been strangled with a coil of wire that had been coiled about his neck. He was literally relieved from the motor and slipped in a noose around his neck, while he sat there in his chair, and drawn taut. What do you say, to that, eh?"

DOLLS COMPETE AT JUNIOR CHAUTAUQUA

Display of "Babies" and Pets and Track Meet Afford Entertainment for Little Folks.

Dolls compete for prizes at the Junior Chautauqua Thursday morning and afternoon. The judges passed on their qualities. The metagery was more anti-licious. The baby doll meet was held in the afternoon.

Deena Moore got the prize for the oldest doll, with Esther Joelyn second. Prize for the fairest doll was given to Lila Marie Hollister; two second prizes were given to Lois Reist and Portia Hollister; and two third prizes to Margyette Austin and Margaret Voorhes in this division.

New Honor Bestowed On Veteran Plumber

A scholarship offered by the society auxiliary of the National Association of Master Plumbers has been named the "Alexander Murray Scholarship" in honor of the veteran plumber of this city. It was stated in a letter received Thursday by Mr. Murray from Mrs. E. D. Hornbrough, president of the auxiliary. Mr. Murray was one of the organizers of the National Association of Master Plumbers more than 20 years ago, being one of the Chicago delegation at the organization meeting.

NOTED MUSICIAN GUEST OF OSTROMS AT GOODING

Mr. and Mrs. Arthur Ostrom of Gooding have had to their home guest Louis Victor Saar, noted pianist, composer and theorist. Mr. Saar has been associated as teacher and authority on theory with the Institute of Musical Art, New York City, at which time he was recognized for the Metropolitan opera. He was also with the Cincinnati conservatory for eight years and with the Chicago Musical college and is now dean of the Chicago College of Music. Mr. Saar has just completed a master class in Pocatello. He appeared in concert in Boise last Thursday under the auspices of the Tuesday Musical club and from there goes to Portland, where he will conduct another six weeks' class under the direction of Mrs. H. Reynolds. Mr. Saar was greatly impressed with the scenic beauties of this section, especially Shoshone Falls, which he was privileged to see at its best.

ANNOUNCES ITS ANNUAL BLANKET WEEK, STARTING FRIDAY MORNING, JULY 8, AND CLOSING SATURDAY NIGHT, JULY 16
"WE PAY YOU TO CARRY THE STOCK"

At no time in the past five years has our annual blanket week been more timely than the present. It's inception five years ago was in recognition of the fact that blankets are usually considered a one season and a one-turn item, namely, in the winter months. Attempting to remedy this we found that by making special inducements one complete blanket stock could be sold in the summer and a new one purchased for fall, thus eliminating a long carry and a big gamble by the merchant. It just happens that this year cotton has gone up about one-third due to the Mississippi floods. Every blanket offered on this page was purchased direct from the mills cutting out all middle men charges and they were bought during that short period when the blanket market was the lowest it has been in years. This means that you, by buying your Winter bedding needs NOW will make the biggest saving in blankets you have effected for a good long time.

CHAUNTAQUA AGAIN GOES OVER-TOP TO RETURN NEXT YEAR

Audiences Hear Inspirational Lecture by Noted Minister and Delightful Musical Programs; Play Is Closing Number.

All fear of a deficit was quelled by the announcement that the total funds had been stored from last year to meet the guarantee of a return in 1927. The first night next year was held after the program tonight, but results regarding the guarantee will not be known before then.

The human mind is "The Great" that lays the Golden Rule, according to the theory of Dr. Alexander Carey, proprietor of the new Chauntaqua club in Newark, New Jersey, which has been postponed here because of the weather.

Heretofore and environment were both treated in the course of the lecture. "The first thing you need in life is to have a good ancestry," was the conclusion drawn from the relation of an interview of a friend of his with Luther Burbank.

But the inference drawn from the statement of the California wizard might be easily a mistaken one, the speaker implied when he turned to discuss the effects of environment.

Australia was implied, though not explicitly, populated originally by inmates of English prisons; many of their criminals of the most desperate and vilest sort, recruited from the slums of great cities.

On his visit to Sing Sing, where he lectured, Dr. Cairns said that he heard the story of a man who had been called "the fiend." The man, while not insane, was so violent that he tore up and smashed anything he could get his hands on and no pun-

Willie's little brother is always getting into things, but we give him a piece of our mind this afternoon, and he just says he didn't bother us. Copyright, 1927, Publishers Syndicate.

Democracy Should Prevail Dr. Cairns declared that democracy, industrial, social and economic, must prevail and that in order to make this possible, ignorance and vice should be eliminated.

The Alpress Trio The musical prelude at night and the entire afternoon program were given by the Alpress artist trio, one of the finest musical companies that have appeared in Chauntaqua in Twin Falls. The afternoon was largely given

The Weather

July 8. Generally fair; temperature above normal. Fine growing weather was experienced by Twin Falls yesterday when the mercury in the government weather observatory thermometer in response to the rays of Old Sol climbed to 56 for the major portion of the day. The minimum yesterday was recorded at 50 degrees. A year ago yesterday the mercury stood at 81 maximum and 53 minimum.

A Comparison of Service

We are living today in a machine-made civilization. The huge steam shovel accomplishes in a few moments what it would take hours of back-breaking toil for the laborer to perform.

The progress of retailing, however, has been no less rapid and the service rendered by the one small Store of the J. C. Penney Company, 25 years ago seems insignificant compared with the service which the present 885 stores are today rendering a nation.

We are proud of our growth which is due, not to our efforts alone, but to the needs of millions of people for the kind of service we give.

May our 885 Stores play their part in the Tomorrow of Retailing with the same high ideals that began in a little country store, a quarter of a century ago.
