

WEATHER IN FRENCH CAPITAL BRINGS BACK MEMORY OF WAR DAYS

Cold, Penetrating Rain Falls on Legionnaires, Marshal in Recollection of Argonne Trenches Decade Ago.

(By The Associated Press) PARIS, Sept. 17.—Argonne weather that cold, penetrating, blinding rain—today in the French capital, brought back to the legionnaires the memory of the trench warfare that it chilled them just as it did 10 years ago in the trenches and as they went to the top of the dead Argonne.

Three thousand legionnaires arrived after having landed from the steamship Mascanda, Coronis and Degrepe, at the French capital.

Rain Falls Leaders Cold rain pelted down upon Marshal Foch, General Poincaré and National Commander Howard P. Savage as they paid homage to the American flag in the city of Paris.

But the gamp is all here and the rain has neither dampened the enthusiasm of the delegates or chilled the hearts of the French welcome.

Twenty-two thousand men and 6000 American women forming the delegations of the American Legion and its auxiliary now are here for their respective conventions which open Monday.

Commander Spinks at Ceremony The ceremony at Spinks at ceremony was the important function today.

General Poincaré said that the legion had sent the faith while the dead comrades had entrusted to it. Marshal Foch, in a strikingly brief address, said of the American army:

"On the day they saw the justice, liberty and peace of the world menaced by violence they took up their arms."

38 AIRPLANES WAIT WORD TO START RACE Nearly Two Score of Aerial Crafts on Roosevelt Field Ready to Hop to Spokane.

ROOSEVELT FIELD, New York, Sept. 17.—Thirty-eight airplanes were scattered over the flying field here today awaiting the starting gun of the transcontinental derby to return to Spokane.

Those on the field were entries in class "A" and class "B" for the former scheduled to take off Tuesday and the latter Monday.

Eagle, Nesting in Rocky Crags of Utah Canyon, Defies Three Sheeppen

SALT LAKE, Sept. 17.—The story of an attack upon three men nesting in the rocky crags of Smith canyon, 12,000 feet high, was brought to the city today by E. C. Shepard, supervisor of the Wasatch national forest.

An unnamed shepherd for Sylvester Broadbent of Provo was the first attacked. He was badly clawed about the face and the bird was almost torn out, necessitating surgical attention.

Officials Staying Against Tariff War Administration Officers Will Use Penalty Provision to End Discrimination by France.

WASHINGTON, Sept. 17.—Although staying and means of averting open tariff warfare with France are being discussed in the cabinet, officials, or was strikingly clear today that they are prepared to employ the penalty provisions of the tariff act if France should attempt to discriminate against American goods imposed by France.

Lowering Duties Out of Question That negotiations in connection with lowering an existing American duty to obtain a reduction of the new French rule of maximum rates on American goods wholly out of the question.

Paris Symbol Decorated Never before has Paris been so proudly decorated with "Paris armistice" medals as today.

Highway Department Will Open Road Bids BOISE, Sept. 17.—(AP)—Idaho's bureau of highways will open bids here today for the immediate improvement of the Boise-Nampa highway district.

COUNCIL OF LEAGUE MEETS WITH DEADLOCK Discussion Becomes Acrimonious, Speeches Get Harsh, and Motion to Adjourn Carries.

GENEVA, Sept. 17.—(AP)—The council of the league of nations stands deadlocked tonight after an all day session devoted to ironing out the Rumanian-Hungarian controversy arising from the application of Hungary's new legislation to property of Hungarian land owners ceded to Rumania in 1919.

Foreign Minister's Criticism of Rumania accepted the report of the council committee submitted by Sir Austen Chamberlain at the forenoon session.

GOODING, Idaho, Sept. 17.—(AP)—John M. Gooding, son of Senator Frank Gooding, has filed suit for divorce from his wife, Mrs. Laura A. Gooding.

High Quality Idaho Prunes Move Rapidly BOISE, Sept. 17.—(AP)—Prunes are moving rapidly in the southwest Idaho district, M. L. Dean, director of plant industry here today, following a survey of orchards which he found high quality and prices reported generally as fair.

Idaho Prune Growers Continue Advertising BOISE, Sept. 17.—(AP)—Prune growers and shippers, representatives of the Walls Valley, Washington and Idaho producing sections, moved here today to continue their advertising campaign on Idaho and Walls Valley prunes.

70-MILE CANAL LINE WILL BE BUILT FROM MILNER TO SHOSHONE

Settlers of American Falls Re-serve Second District Ratify Contract With Reclamation Service by Vote of 922-21.

(By The Associated Press) BOISE, Sept. 17.—Settlers of the American Falls reservoir second district today ratified a contract with the United States reclamation service for the construction of a 70-mile high line canal.

The estimated cost of the project, including storage space in American Falls reservoir, has been estimated by government engineers at \$5,000,000. A congressional appropriation of \$400,000 is available and the work is pushed to completion as rapidly as funds are available.

Payments by new settlers over 20 acres on lands under cultivation and for 40 years on new lands.

LINDBERGH PAYS VISIT TO CALIFORNIA CAPITAL World-Famous Airman Goes to Reno Next; Welcomes Ace.

SACRAMENTO, Sept. 17.—(AP)—Colonel Charles A. Lindbergh was the guest of Governor C. Young, Mayor A. E. Goddard and thousands of enthusiastic capital residents at his reception and a banquet.

Former State Officers Draw Heavy Sentences CARSON, Nev., Sept. 17.—(AP)—Ed Malley and George Cole, former state officials, were sentenced to serve from 5 to 15 years in the state penitentiary today.

Now if they can persuade him to hop off in it. A cartoon illustration showing a man being pulled down by a large weight labeled 'LAW'. The man is shouting 'FOR ME?' and 'LAW?'. A speech bubble says 'BE SURE EVERYTHING IS OUT OF ORDER'. A sign says 'WALLS VALLEY'. A sign says 'COUNCIL OF LEAGUE'. A sign says 'MILNER TO SHOSHONE'.

Postmasters Rise To Hit Old Legend

LOUISVILLE, Ky., Sept. 17.—(AP)—A new center the small town postmaster to deny that he reads the postcard.

Democratic Leaders Speculating on Probable Effect of Announcement on Governor Smith Who Maintains Silence.

WASHINGTON, Sept. 17.—(AP)—(By The Associated Press) William G. M'Adoo, whose presidential campaign was wrecked in the Titanic disaster with the forces of Governor Al E. Smith at Madison Square Garden three years ago, announced today that he would not enter the race for the democratic nomination in 1928.

PLANE CRASHES; SEVEN PERSONS MEET DEATH Fokker Craft, Once on Airways of Europe, Falls into Apple Orchard With 12 Passengers.

PLAINFIELD, N. J., Sept. 17.—(AP)—Seven persons were killed today and five injured when a Fokker airplane which had flown over all the airways of Europe and had made one famous trip from Holland to West Africa, crashed in an apple orchard near Newmarket.

Former State Officers Draw Heavy Sentences CARSON, Nev., Sept. 17.—(AP)—Ed Malley and George Cole, former state officials, were sentenced to serve from 5 to 15 years in the state penitentiary today.

Six Persons Hurt in Exposition Explosion MISSOULA, Mont., Sept. 17.—(AP)—Six persons were injured here today when a powerful bomb exploded on the midway at the fair grounds on the last day of western Montana fair.

RELATIVES OF MAYOR TAKE STAND IN TRIAL Members of Official's Family and Associates Brand Previous Testimony as False.

INDIANAPOLIS, Sept. 17.—(AP)—Relatives and members of Mayor John D. Duval's official family took the witness stand today in the testimony concerning alleged deals in which Duval was purporting to have offered for sale the city market's master ship for \$2000.

Idaho Prune Growers Continue Advertising BOISE, Sept. 17.—(AP)—Prune growers and shippers, representatives of the Walls Valley, Washington and Idaho producing sections, moved here today to continue their advertising campaign on Idaho and Walls Valley prunes.

ATTENDANCE RECORDS FOR ANNUAL JEROME COUNTY FAIR BREAK

Afternoon of Final Day Finds 3000 Visitors on Grounds; Children's Day Brings Youth From Far and Near to Scene.

With 3000 visitors on the grounds during the afternoon and nearly as many in the evening, a new attendance record was set on Saturday, the closing day, for Jerome county's seventh annual fair, which opened here yesterday.

Exhibits Have Grounds Although exhibits after mid-afternoon were depleted as exhibitors began carrying away their exhibits, enough remained until late evening to claim the attention of fair ground visitors who were interested mostly in the sawing and other contests.

Grandstand and bleachers were packed again Saturday afternoon and evening with the biggest crowds ever brought together at a Jerome county fair.

An interesting event in connection with the exhibition program was the hearing of "Strong" Jackman, the headline character, who demonstrated his knife-throwing proficiency by pulling out a knife from the back of a man's neck, that had just won the team-pulling contest in competition, with four or five other teams.

AIRPORT IN SPOKANE SCENE OF EXTENSIVE ACTION BEFORE RACE

Officers and Visitors at Felts Field Have Foretaste of National Aerial Contest; Mechanics Tuning Up Engines

(By The Associated Press) SPOKANE, Wash., Sept. 15.—Half a dozen airplanes whirling their way from east, west and south to join others that had arrived early by air or by train, gave officers and visitors at Felts field, the Spokane race course, a foretaste of national air races and the flurries of flights from New York and San Francisco.

The field was the scene of activity with mechanics setting up and adjusting planes that had been sent by express, or turned up engines that had pulled other ships over plains and mountains from army fields in various parts of this country.

Numerous planes on way Additional planes were pointed toward Spokane, among them one being a biplane from Chicago, piloted by an officer of the ninth army corps, Crisley field, San Francisco, who will have charge of that department entries in the air races. Three machines which left Quantico, Virginia, Thursday, bringing marine aviators to contest for the honor of the air tomorrow.

Group in the races. From the south came a Haviland observation ship from Brooks field, San Antonio, Texas, and over the western horizon a Douglas observation plane came in from Quantico field, San Francisco.

Pilot Thrills Spectators Lieutenant H. Doellittle who arrived from Wright field, Dayton, Ohio, yesterday, thrilled spectators this afternoon by flying upside down at speed estimated at 200 miles an hour, not over 50 feet above the field.

He was leaning on his engine. It was explained after having overhauled it following his transcontinental flight. He had numbered other ships which were from New York and San Francisco, next week beginning Monday when the "class 'B" derby entrance take off from Newport field, San Francisco.

On Tuesday the class "A" contestants, larger commercial ships carrying both passengers each in the past, will be smaller than the biplane that leaves Roosevelt field and Wednesday evening, a half dozen or more fast biplanes will take part in a non-stop race for the Spokane airport.

RELATIVES OF MAYOR TAKE STAND IN TRIAL

(Continued From Page One) testified that Duval signed an agreement with the Ko Klux Klan, that he would give members of that organization at least 60 per cent of his patronage for the summer of the year.

Dr. George S. Hamaker, pastor of the East tenth street Methodist church, Indianapolis, testified for the prosecution early in the day concerning the Klan's alleged plan to have 150 members of the Knights of the Ku Klux Klan.

Choose Your Service and Phone 66. Damp Wash 6c a pound. Economy 7c a pound. Rough Dry 8c a pound. Prime Press. By Weight. Finished. By Piece.

We Can Make Your Blankets Just Like New. Those blankets stored away all summer—don't they need a thorough cleaning before you put them to work for the winter? Laundry blankets in the way you like is one of our specialties. We wash them through and through in water—lukewarm—and in rich lather suds. Then we dry them in a warm, purifying steamer that brings back all their original freshness. There is no shrinking, fading, matting and our reappareling machine sends them back into the nap beautifully fluffed up, soft and downy to touch—the kind of blanket that brings cozy comfort and sound slumber. Phone us today—and you'll have them when you want them.

Mayor of Salt Lake Will Go to Chicago By Air to See Fight

SALT LAKE CITY, Sept. 15.—(AP) Mayor C. Clarence Neff of Salt Lake City announced today that he will leave this city at 4 o'clock Sunday afternoon via airplane for Chicago to see the fight between Dempsey and Tunney.

Treasurers of Idaho Counties Will Gather

BOISE, Sept. 15.—County treasurers of Idaho gathered today for their annual convention Monday, Tuesday and Wednesday. The program consisted today, through addresses by E. G. Guller, state auditor, Byron Hyatt, director of the bureau of public accounts, Byron Deffenbach, state treasurer, and Fred Asstator, attorney general.

WOMAN SELLS CLAIMS TO CLEAR LAKES PROPERTY

BOISE, Sept. 15.—Mrs. Mary E. Syster says she has sold her claim to the Idaho Power company by which she conveys to the company all her power permits, claims and claims on power in Clear Lakes, and receives in addition to other considerations additional land surrounding Clear Lakes and the Devils Washburn and extending down to the Snake river. The transfer also gives the power company authority to take over for power purposes if its desire to do so.

The consideration for the deal was \$100,000. The power company has filed a suit in Gooding county against W. C. Hazard and the Bankers Trust company of Salt Lake City which is merely a continuation of the suit filed a short time ago by Mrs. Syster against the same parties and the state reclamation department which granted a certificate of completion of work to Mr. Hazard. Mr. Hazard sold his power interest to the Bankers Trust company for \$41,000 at the time the Clear Lakes syndicate collapsed last June.

WILLIAM G. McADOO WILL NOT ENTER 1927 RACE FOR PRESIDENCY

(Continued From Page One) been brought to the front in connection with his candidacy. Those who interpreted the McAdoo pronouncement as an invitation to Mr. Smith to remove himself from the race, pointed to the former treasury secretary's statement that the 1924 democratic campaign had been "a democratic campaign" and his further declaration that if there was a repetition of the next year the party would be reduced again to minority. He is declaring that he probably could not to move to advance the objects of the party as a private citizen than as a candidate for the presidency. Mr. McAdoo said he preferred to stand aside from the race. He said that the field might be left clear for the party to choose its own candidate. News Want Ads reach the people with a direct.

Regulation of Oil Production of America to Be Problem for Congress

Eminent Legal Authorities Believe That Federal Government Cannot Enact Effective Legislation Without Amendment to Constitution of Nation.

By W. C. TRAGLE, President, Standard Oil Company of New Jersey. NEW YORK, Sept. 15.—The next session of congress will see the introduction of one or more bills to give the federal government a vote in the conservation of petroleum. Whether the projected legislation will pass is one thing, and whether it enacted it is quite another. Eminent legal authorities believe that the federal government cannot regulate oil production without an amendment to the constitution.

In the meantime, conservation must be in the hands of private interests. The production of crude oil is particularly difficult to control. Because of its more or less fugitive character, it is not like other timber or coal resources which are fixed in position and remain indelibly the property of the owner of the ground. If the surface strata are not protected by half a dozen people, any one of them, if not interfered with, can recover not only his own share of the oil, but also the share of his neighbors' land. When a wild cat opens a new pool, all the land adjacent but not under his control is promptly drilled up by others.

PLANE CRASHES; SEVEN PERSONS MEET DEATH

(Continued From Page One) Russell Campbell, Jr., aged 7, Plainfield, N. J. Mrs. Fred Donovan, Plainfield, N. J. Louis P. Ellis, New Brunswick. Lorraine Donovan, Plainfield. Verma Donovan, hostess of the party. Dora Heater, aged 10, daughter of Frank Heater.

Second Day Is Fatal King, the mechanic, met death on his second day in the crash. He was killed as a garage mechanic on Thursday night in order to get something with a better future.

There were six eye witnesses of the crash. Rudolph Kempf, proprietor of the Five Acres restaurant which adjoins the apple orchard, in which the plane struck, said that he saw the plane, heard the 400-horsepower, Jupiter engine go dead and watched the plane turn over on one side and drop below to the trees.

On one side of the apple orchard is the Schebeck farm. Fred and Grace Schebeck were the first to see the scene of the crash. By advice of police they had time to save what they could there. They pulled the five bodies out of the plane and laid out.

Officials Striving Against Tariff War (Continued From Page One) The American government probably will not question the amount of French duties is involved but only the apparently deliberate discrimination against American goods. And whatever the note may say, it will without doubt attempt to convince the French far side once and for all that tariffing any other means of protecting that discrimination, the full force of the provisions of section 317 will be invoked. There is no sign of disagreement in administration circles on that point.

Subscribe For The News. FRENNO GETS SHOCK FRENNO, Cal., Sept. 15.—At 6:08 this evening today, a 3.5 magnitude shock of 20 seconds total by actual filings were felt generally in the San Joaquin valley in the region surrounding Fresno. Reports of severe shocks were received from Bass Lake, Big Creek and other mountain points on the Sierra Ansbury, 49 miles northwest of Fresno, reported the quake. Points 30 miles in other directions also recorded it. No damage was reported.

JURY GETS MURDER CASE OSKULCOE, Okla., Sept. 15.—(AP) A jury today returned a verdict in connection with the shooting of W. J. McAnally, chief of police of Hugo, Oklahoma, during the robbery of a bank there, went to the jury at 9:52 o'clock tonight.

CHAIN OF RADIOS TO BROADCAST BIG FIGHT

Greatest Hookup Ever Attempted—Will Carry Ringside Report to Farthest Corners.

CHICAGO, Sept. 15.—(AP)—Radio descriptions of Gene Tunney's defense of his heavyweight boxing championship against Jack Dempsey here September 22, will be available not only to virtually every corner of even cheap crystal sets in America, but everywhere the English language is understood. The greatest broadcasting hookup ever attempted will be a radio link-up in the United States and Canada already listed if the chain and six other stations broadcasting singly in Chicago, will carry the ringside report to the farthest corners of America, and short wave broadcasts by the powerful station WGY, Schenectady, N.Y., Pittsburgh, will take it to the rest of the world.

For the Dempsey-Tunney fight in Philadelphia last September 17, the number leaped to 31 for the Lindbergh home coming. Sixteen announcers will be at the ring side, four for National Broadcasting corporation, which will handle the fight, two for WGBS-WED, operated by the Chicago Tribune, two for WMBZ, and one for station WITL which bears the initials of Mayor William Hale Thompson.

## NEWSPAPER MAN MAY REFEREE BIG FIGHT AT CHICAGO ARENA

Ekersall, Former All-American Football Star and Nationally Known Gridiron Official May Officiate at Title Battle.

(By The Associated Press) CHICAGO, Sept. 17.—The possibility that Walter Ekersall, Chicago newspaperman, former All-American football star and nationally known gridiron official, will referee the Dempsey-Turney heavyweight championship developed today out of an atmosphere of hectic preparation for the "battle of the three millions."

The official authority was given to the suggestion that Ekersall be the third man in the ring next Thursday night at Soldier field. It was learned that his name had been considered by the promoters as a referee. It came as a surprise to most of the experts who accepted the view that Ekersall should be the referee of the fight.

Ekersall is eligible for the role but his connection with professional boxing has been chiefly as a time-keeper rather than as a ring arbiter. However, he also had had considerable experience as a referee. His selection, it is understood, would be satisfactory to both the Dempsey and Turney camps. In some quarters, it was suggested that Ekersall probably would be a compromise choice between the promoters and the public. In this the Chicago array, undoubtedly reflect the popular diversity of opinion throughout the country.

### Champ Usually Favorite

It has been the usual thing to make the champion a heavy favorite, largely because he rules the ring. Dempsey was a 3-to-1 favorite over Turney at Philadelphia a year ago. Just as he was a pronounced favorite over all his other opponents after dethroning Jess Willard in 1919.

Turney, too, is the favorite, but not by as convincing a margin as most title holders have been. In spite of his youth, his superior boxing skills and the fact that he outboxed Dempsey by a wide margin last September, Turney is being booked generally at odds that appear no higher than 4 to 5. Some profess to see a downward trend, due to reaction in Dempsey's favor and mention odds of only 6 to 5, but this merely is a sample of the variance of opinion.

Turney, on form, is generally picked to win, especially if the fight goes the way he has fought the other two. He is the favorite and the favorite to have a knockout, if one is to occur. That seems to sum up the prevailing attitude.

## DUMB BELLS

## MOUNTAINS ARE PERIL TO AIR DERBY FLIERS

SPOKANE, Sept. 17 (AP)—The jagged mountain ranges of the northwest constitute as great a hazard to transcontinental non-stop fliers as do the great billows of the ocean to aviators who attempt flights across water. In view of the number of entries in the New York-to-Spokane non-stop race and the national air derby over the same route scheduled September 19-21, pilots in these contests, pressing forward for thousands of dollars in prize money and more silver trophies, may fly for hours across a comparatively uncharted northern area of lofty mountains. The purpose of this article is to demonstrate that a northwesterly route is practicable to link together the two coasts.

One flier thoroughly familiar with the mountain regions is Nick Manner of Spokane, who has flown for some years with the federal forest patrol. Another is Tex Rankin of Portland. Manner thoroughly familiar with the mountain regions is Nick Manner of Spokane, who has flown for some years with the federal forest patrol. Another is Tex Rankin of Portland.

## PIRATES CONTINUE TO MARCH ON TO VICTORY

### Brooklyn Goes Down to Defeat Before Onslaught of Pittsburgh Team in Twin Bill.

PITTSBURGH, Sept. 17 (AP)—Pittsburgh continued its pennant march with a double victory over the Red Sox today by 2 to 1 and 6 to 0 before 27,000 fans, running the Pirates consecutive string of triumphs to 11.

Brooklyn's score: R. H. E. 1-10-1. Pittsburgh's score: R. H. E. 2-10-9.

## LA COSTE IS SUPREME IN WORLD OF TENNIS

FOREST HILLS, N. Y., Sept. 17 (AP)—Rene LaCoste, an 18-year-old son of France, won a steel tennis in his first and the accuracy of a veteran in his respect, swept to a decisive straight-sets victory over American "Big Bill" Tilden today to win the tennis championship of the United States for the second time in as many years. The score was 11-9-6-4-1-1-1.

## IRON NERVED SON OF FRANCE SWEEPS TO DECISIVE STRAIGHT SET VICTORY OVER TILDEN.

Coming close upon the French sweep of the Davis cup, the victory drove home the claim of France to individual as well as team superiority over all the world. Louis Cardinals aided by 18 hits and a muddy field shut out Philadelphia 11 to 0 in the series opener here today. Reinhardt held the Phillies to seven scattered hits.

## COAST LEAGUE RESULTS

First game: At San Francisco: Los Angeles 4 10 2. Athletics 1 10 2. Batteries: Peters and Hannah; Dryan and Baldwin.

Second game: At Los Angeles: San Francisco 3 11 6. Hollywood 0 10 15. Batteries: Mitchell, Martin, Glynn and Jolley; Stollenbach and Murphy.

Portland 6 12 3. Batteries: Delaney and Hoel; Couch and Yelle.

## PHILADELPHIA TEAM AND BROWNS DIVIDE

PHILADELPHIA, Sept. 17 (AP)—The Athletics and St. Louis Browns exchanged shutouts in the double header here today, the Browns winning the first game 6 to 0 and the Athletics seven hits in the opening game. Rommel held the Browns to four hits in the final game.

First game: R. H. E. St. Louis 0 4 2. Philadelphia 6 0 1. Batteries: Van Olden and Schang; Walberg and Cochran, Perkins.

Second game: R. H. E. St. Louis 0 4 2. Philadelphia 13 0 0. Batteries: Jones, Ballou, Crowder and Dixon; Rommel and Cochran, Perkins.

## SCHOOL OFFICIALS OF SOUTH IDAHO DRAW UP YEAR'S GRID SCHEDULE

Jared A. Mercer of Oakley, Re-elected President of District Board of Control; Donald Gibb Is Vice President.

Superintendents, principals and coaches of the South Central Idaho district, meeting at the Twin Falls high school Saturday afternoon, elected Jared A. Mercer of Oakley, president of the district board of control. Donald Gibb of Ketchikan, elected vice-president and C. W. Mangum of Shoshone, secretary-treasurer. The retiring officers are M. M. Van Patten of Buhl, president during the past year, and P. S. Deane, superintendent of the Gooding high school, secretary-treasurer.

### IMEY GARFINKLE

A Salt Lake weller who is scheduled for a 10 round go with Tuffy O'Dowd of Pocatello at the Buhl Hotel.

## DEMPSEY RESTS FROM GRIND DURING HEAT

Former Heavyweight Champion Indulges in Day and Night of Complete Rest From Training.

LINCOLN FIELDS, Crete, Ill., Sept. 17 (AP)—Seeking out the cool spots in the club house at the "Red" track, Gene Dempsey indulged in a day and night of complete rest from training today. Tomorrow night he will do his best boxing, stepping through a few rounds, according to the newspaper correspondents at the track.

This will be the last time the champion will have a chance to take a peek at Dempsey with the gloves on before he crawls into the ring to face Gene Tunney next Thursday night. Manager Leo P. Flynn said Dempsey will do no more boxing after tomorrow night. He made the statement that was final.

Dempsey Does Road Work Dempsey has had a chance to take five miles this morning, despite the terrific heat. Tonight before going to bed he took a few pecks at the fruit puncher, and then tucked away at the rowing machine for 15 minutes. He intends to go on the road again tomorrow morning and then take things easy in the afternoon, resting up for the night boxing program.

Flynn said that Monday, Tuesday and Wednesday would be devoted to light exercises. Flynn decided today to have Dempsey have a chance to take the evening of the fight. It will not even go to Chicago for weighing in, as arrangements have been made with the Illinois state athletic commission to have him examined by a physician and weighed at 160 pounds on the afternoon of the battle.

Dempsey Feeling Good Dempsey was in a playful mood today, although the sun beat down mercilessly on the racing strip. He put fun clamping headlocks on his trainers, causing Flynn around the club and otherwise cutting up like a kid.

How to pin Flynn said Dempsey on their selection of a referee did not get anywhere. Flynn said it would be all right with him if Billy Gibson, Tunney's manager, were the third man in the ring.

### TOMMY WILSON

Salt Lake boxer who will go against Howard Ball of Pocatello for 10 rounds at the Buhl Hotel, evening performance.

## TUNNEY'S SORE EYE SHOWS IMPROVEMENT

Chicago Specialists Visit Heavyweight Champ and Treat Optic for Inflammation.

LARE VILLA, Ill., Sept. 17 (AP)—The injured eye that has complicated Gene Tunney's final training stretch was very much better today as the heavyweight champion rested on his arms for the battle with Jack Dempsey next Thursday night.

Four that inflammation which set in yesterday after a training go with the three sparring partners would complicate the champion in the \$200,000 spectacle in Soldier field, disappeared today when Gene arose early this morning with all outward trace of the injury gone.

Right Eyeball Inflamed A flock of Jackie Williams' glove inflated the right eyeball to such an extent that two Chicago specialists were called to the camp last night, to treat the inflammation. In view of the fact that the eye had been inflamed in the same eye lid by Chuck Wiggins over a week ago, although the early wound did not break under the blow, a puff of cold developed about the eye and slight discoloration set in.

Tunney's eye today appeared normal. The swelling had disappeared, leaving but a slight slouch tinge.

Gene will box in public tomorrow for the last time before the title fray. He plans but a light workout believing that the remainder of the training drill can best be spent in long pligs over the roads about his camp and at the club here. Tunney jugged eight miles this morning. He tipped the scales at 160 pounds.

The heavyweight king may loosen his muscles in a round or two of work with Billy Vidabek Monday and Tuesday.

BIG SPRINGS RANCH SELLS FOR \$16,000 TO CHICAGO CONCERN

Corporation—Purchases the 5000-Acre Fruit and Dairy Ranch in Canyon North of Buhl From F. E. Southwick.

Buhl, Sept. 16.—The Big Springs ranch, formerly owned by F. E. Southwick, has been sold to a Chicago corporation represented by C. A. Reed of Chicago. The farm, 500 acres has been operated as a fruit and dairy ranch in past years and is situated on the east of Hopkins grade on the north bank of the river. The consideration was \$16,000. Mr. Southwick will receive \$10,000.

Mrs. P. Hunt attended three-day sessions of the district meeting of the Federated Women's Clubs held at Pocatello this week.

First Lieutenant Chester Hill of Boise inspected Company D, 116th Engineers, Tuesday evening at a regular weekly drill. Major H. G. Littenbach, battalion commander, was also present.

The apple harvest in the Buhl orchards north of town will start Monday. Fruit in these orchards is marketed through the Buhl fruit and vegetable market.

Record School Enrollment

Enrollment in the Buhl schools is larger this year than ever before in the history of the schools. The total enrollment is 1231. Of these 223 are in high school, 123 are enrolled in the junior high school, 489 in the middle school and 291 in the F. J. Buhl building.

Born—To Mr. and Mrs. Jerry Rodgers, September 12, a son, Mr. Paul M. Thompson, September 13, a daughter; to Mr. and Mrs. Ben Skiles, September 14, a daughter; to Mr. and Mrs. Ed Smalley, September 13, a son; to Mr. and Mrs. Dan Tait, September 6, a son, Miss Pauline Herman left Friday for Los Angeles, where she will spend a month with Mrs. Ross Eason, formerly of Buhl.

Miss Mildred Parrish left Thursday for Seattle, where she will attend the University of Washington. She will visit friends in Portland en route. Miss Helen Ahlgren will leave Monday for the same university and will major in music.

Mr. and Mrs. Harold Ford of San Jose, California, will arrive next week with Mr. Ford's parents, Mr. and Mrs. Dave Ford, and his sister, Mrs. Roy Danbury.

Mr. and Mrs. Earl Beaman left Thursday for their home at Meriden, Connecticut, after spending several weeks here with Mr. Beaman's parents, Mr. and Mrs. E. E. Beaman.

Miss Margaret DeWitt, who is a student nurse in the Los Angeles general hospital, will arrive Monday to spend two weeks with her parents, Mr. and Mrs. E. S. Leland.

Shower for Bride

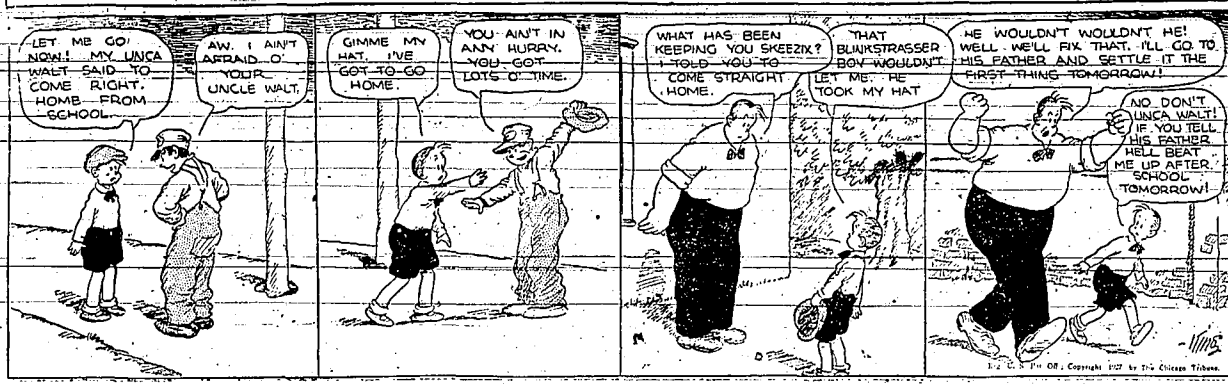

A matrimonial shower was given Tuesday evening at the Stanley Herzinger home, honoring Miss Anne Norbeck, whose marriage to Stanley Shattuck will take place in the near future. Dining was the evening's diversion and the huge lunch basket brought by the guests was opened at a late hour.

Miss Eva Oman was hostess this week at a cleverly arranged "table-top party." Refreshments were served every two hours and the guests talked over old times into the wee hours of the night. The party list included Rose Wilson, Florence Allen, Mrs. K. K. Kivita, Dixie, Charlotte Johnson, Mrs. Ruth, Alice, Mrs. Harry Van Houten, Grace, Schiller, Harriet Barry and Marie Werdell.

Southern Council Meets

The Snake River boy scout council met Wednesday evening following a dinner at the Royal cafe. Arthur J. Peavey of Twin Falls, president of the organization, presided. Officers in attendance were: William Scales, T. M. Robertson, J. E. Jordan, J. H. Danney, executive secretary, F. B. Brooks, M. M. Van Patten, Roy Hopkins, Rex E. Hillman, A. E. Kline, F. B. Kendrick and Dr. G. M. Goode of Piler.

GASOLINE ALLEY—WALT RISES IN WRATH

Fifteen Years Ago in Twin Falls

(Taken From The Twin Falls News File, Thursday, September 15, 1912)

The petition asking for a vote for the removal of the Cassia county seat from Albion to Buhl has been taken up by the court at Albion, and a decision was rendered by Judge Walters, giving the voters the privilege of voting on the question. The petition will come up in the November election.

Another world's record has been beaten in the tract. It is one more proof that the Twin Falls country is among the best for pea culture. A few days ago A. M. Scott, living four miles east of this city, threshed 680 bushels of peas from 11 acres, an average of 62 bushels to the acre. The 62 bushels per acre is the world record, based on statistics of seed houses. At \$1.50 per bushel on the acre, the price Mr. Scott will receive, he will realize a handsome profit for his peas, \$1227 for the 11 acres, or an average of \$111 per acre.

Some of the most magnificent peaches ever seen in Twin Falls were brought to this city a few days ago by Miss E. L. Thomas from the Crystal Springs orchard, of which orchard Miss Thomas is the director. The peaches were of the Elberta variety and were taken from four different trees. The average weight was nine ounces, and 11 peaches placed in a new measured one yard.

A. J. Dohn and Frank Mael left last Thursday evening on an extended business trip to Denver and other cities in the middle west.

Kenyon Green left Monday evening for Philadelphia, where he will attend school, having received a scholarship in the University of Pennsylvania.

Buhl is preparing for a wild west and frontier celebration to take place October 4 and 5 during the Buhl program.

GOOD HOME BUYS

A five room bungalow, nice living room and dining room with oak floor borders; two fine bedrooms with closets; bath room fully equipped; nice light kitchen with cabinets; sleeping porch; roof front porch; barement; good garage, lawn and shade. In East part of town and is very cheap at \$2500. One third cash and easy payments on balance.

In East Lawn One of the fine homes in East Lawn is being offered for sale with immediate possession if desired; this beautiful home consists of six fine rooms and bath, sleeping porch, front and back porches; oak floors throughout the entire house; nice fireplace, full cement basement with furnace and furnace room; good double garage with front door and drive-way. The price and terms are made to sell now; let us show you this property.

In South Park Good four room plastered bungalow, water and lights, good, large garage, coal house, on nice large lot with lawn and shade. A homey place on a rental basis. Price \$1400—\$125 cash, \$20 per month including interest. Why accumulate rent receipts when you can own such a home?

FILER DISTRICT FARMER INCREASES LAND HOLDING

FILER, Sept. 17.—Dr. M. J. Goode, Filer, was in Pocatello Tuesday evening to attend a district, John Bogot council.

John Bogot recently traded for forty acres just west of his farm, the property being owned by Spokane banking interests.

Mr. and Mrs. Clifford Thomas are the parents of twin boys, born at their home east of Filer on Wednesday.

Miss Thelma Sherer has accepted the position of pipe organist at the Presbyterian church in Twin Falls.

R. K. Dillingham, motorist to Coeur d'Alene this week to attend Masonic grand lodge.

Miss Ella Main expects to leave for Pocatello the first of the week to attend the southern branch of the University of Idaho.

Miss Margaret and Miss Mildred Pelter expect to leave the first of the week for Pocatello to attend the southern branch of the University of Idaho.

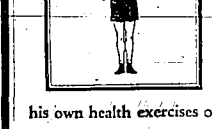

Miss Emma Allen, called home by the death of her grandmother, Mrs. Warren Gullett, returned to Pocatello Wednesday.

Miss Bertha McCleary has accepted a position with the Filer bakery. Rev. and Mrs. C. A. Waterhouse are visiting at Silver Lake, Oregon, for a week.

COURT IMPOSES FINE

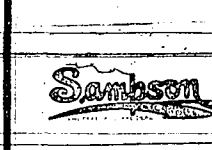

After taking under advisement with this morning the matter of Rex Thomas, who neglected to appear in district court on time when summoned as a juror, Judge Hugh A. Baker imposed a fine of \$15 Saturday as a memory jog.

Ship Becomes Hotel For Aircraft Carrier

WASHINGTON, Sept. 17.—The hospital ship Mercy, which rarely gets an opportunity to operate under her reduced commission status, has been called upon to serve the naval aviation arm as a "hotel ship."

She has been enlisted as a "floating barracks" to house the 1259 enlisted men and 160 officers now being assembled for the aircraft carrier Saratoga, the largest number of men ever assigned regularly to one aviation ship.

She will remain at Camden, N. J., where it being built in the aviation field of the sea. There the vessel will care for her guests until the Saratoga is completed around November 1 and started on her way to the Pacific coast to join the battle fleet.

The carrier Saratoga's complement will be larger than any aviation land-based carrier in the country. Of her 100 officers, 150 will be naval aviators, while 400 of her enlisted men will have aviation ratings in one capacity or another.

Her aviation equipment will include five fighting squadrons of 16 Boeing P-23 planes each; two torpedo squadrons of 16 Martin planes each; one observation squadron of 12 O-28 amphibian planes, and one utility squadron of three O-411 Vought Corsairs. The planes are now under construction and will be delivered in the next few months when the ship is completed.

Rains From Grapes

It takes about three and one-half to four pounds of grapes to make a pound of raisins.

TWIN-FALLS MAN HURT IN FALL FROM LADDER

George Wise, 637 Third avenue west, 70 years old, is suffering from a broken collarbone sustained when he fell to a ladder on his farm at Arden on Friday afternoon. Mr. Wise was "repairing" his house when he fell from the ladder, breaking his left collarbone and falling.

He was alone and lay on the ground from 1 o'clock until 4, when he was found by a neighbor. Medical treatment was received and he was brought to his home in Twin Falls. His recovery is anticipated.

News items reach the people you balance and feel, breaking his left collarbone and falling.

STUDEBAKER COMMANDER

- 1—Sets new coast-to-coast record! 2—Wins 1st and 2nd places in Atlantic City Stock Car Race! 3—Climbs Pikes Peak—22 mins. 47 secs.

During the first week of September, The Studebaker Commander, by thrilling victories over time and space, again proved itself "the greatest achievement of post-war automotive engineering."

Endurance—Stamina—Dependability New York Harbor to San Francisco Bay in 77 hours and 40 minutes—total elapsed time. You may not have Ab Jenkins' craving to freedom records, but you will find in the car which he used dependability, shatter-proof repair expense, long life, and abundant, eager power for all your needs.

Speed—Smoothness—Comfort In the 75-mile race for stock cars listed below \$2000, at Atlantic City on Labor Day, two Studebaker Commanders finished first and second, with average speeds of 85.95 and 84.58 miles per hour. The latest models of Chrysler "72," Buick Master Six, Nash Ambassador Six and Hudson were also entered. You won't ever want to go that fast, but you can find quiet Big Six motor offers at ordinary speeds.

Mountain—Climbing In the stock car race to the top of Pikes Peak on Labor Day, The Commander was second only to a car which lists at three times The Commander price. Thus we not only claim but prove that this versatile automobile will outperform any other car within a thousand dollars of its price.

No wonder The Commander outsells the combined totals of all the other cars in the world that equal it in rated power.

Table with 3 columns: Model, Price, and Features. Models include The Dictator, The Commander, and The President. Prices range from \$1295 to \$2195. Features include Sedan, Coupe, Roadster, and various engine options.

REPORT PAVES WAY FOR NORTH-SOUTH HIGHWAY IN NEVADA

Action of Advisory "Committee of Fifteen" at Reno Meeting Believed Decisive Factor in Settling Routing Dispute.

A "committee of fifteen" serving in an advisory capacity to federal highway officials in distribution of federal aid funds in Nevada, at a meeting last Monday in Reno, agreed upon a report that, according to advisers received here, is expected to break a deadlock threatening to delay construction of Nevada of the Twin Falls-Well-Ely highway.

The situation with which the committee had to deal was one in which the state of Nevada found itself short of federal aid mileage for construction both of the Twin Falls-Well-Ely road and of a continuation of the Lincoln highway from Salt Lake through Nevada over what is termed the Wheeler-Albany routing.

The committee proposed as a substitute routing for the Lincoln highway, a route from Wendover, Utah, to Currie, Nevada.

The Sheridan-Idaho routing for the Lincoln highway, which has been persistently urged by the Lincoln Highway association, leaves the state short by about 50 miles of having enough mileage for the Twin Falls-Well-Ely route. The Wendover-Currie routing, on the other hand, according to advisers received here, will release sufficient mileage to cover both the Lincoln highway extension and the Twin Falls-Well-Ely road as a single unit.

Nevada state and federal highway officials, according to advisers received here, have heretofore declared for adoption of the Wendover-Currie routing, and it is believed that the action of the committee of fifteen at its Reno meeting virtually assures definite approval of the Twin Falls-Well-Ely route for the application of federal aid.

Shades of old arguments connected with Twin Falls Chamber of Commerce state that C. C. Hoak, township representative, presented in a letter to the committee a series of reasons which induced the committee to recommend the Wendover-Currie routing and thus virtually released sufficient mileage for the north and south road.

In his letter, which is quoted by the Tenthday Daily Times, Mr. Hoak pointed out one obstacle in the way of the Idaho routing, including refusal of the Utah highway commission to approve it. The letter concluded with the statement that "if the Lincoln highway is ever built, it will owe its existence to the pre-building of the Ely-Well-Ely-Jewett highway, which alone can force its building in either Utah or Nevada."

ODDEN EXCURSION MAY SEE BRIDGE OPENING

Efforts Made to Induce Good Will Tourists to Alter Itinerary to Attend Celebration.

Efforts are being made by the Twin Falls chamber of commerce to secure a change in the itinerary of the Odden-Goodwill tour of fall sports, which will leave at 10 o'clock on October 1. A letter making this suggestion has been sent to Jess S. Richards, secretary of the Odden chamber of commerce. The change would involve a shifting of plans, putting them here three days later.

The itinerary is planned to cover all the territory from Idaho Falls to Dulh. The Twin Falls chamber suggests that the trip be so arranged as to take in all the scenic interest and then see the opening of the bridge.

ARREST ACCUSED FARMER

Philip Greer of Castleford, taken into custody Friday for an alleged statutory offense, was arrested last evening on a warrant issued upon a complaint sworn to by W. J. Young, probation officer. He will be arraigned before Probate Judge C. A. Bailey Monday.

SHEEP THEFT CASE RESUMES NEXT WEEK

State Has Several More Witnesses. Paul McBride, Confessed Accomplice is Grilled.

Trial in the case against Otto Arrington, charged with stealing sheep from the Somers Live Stock company, occupied all Saturday and Sunday morning last week over until Monday morning to allow the state to get more witnesses.

Frank Somers testified about loss of the sheep. E. E. Broder, county sheriff, testified about the arrest of the defendant, and was followed by Paul McBride, principal witness so far, who declared that he was a part of the theft, pleaded guilty of grand larceny in connection with it, was sentenced to the penitentiary and was, later, paroled.

McBride Tells Story McBride on the witness stand recounted the alleged visit to the Somers Live Stock company corral near Hansen from which he said he, Arrington and Walter Todd drove 38 sheep and, according to his narrative, brought them to Castleford where Todd is alleged to have delivered the sheep to "Bud" Lewis. McBride was subjected to a rigorous cross examination by J. W. Taylor, attorney for the defense.

He was Talked to Officers The witness said he had talked the matter with E. E. Foster, deputy sheriff, and with Ralph Leighton, Twin Falls chief of police, after his arrest and had told them the facts in the case. He denied that he had been promised immunity directly or indirectly in consideration of agreeing to testify. He admitted that G. W. Witham, prosecuting attorney, and Chief Leighton had gone to Jerome while he was in jail there, and that some boys set up the reason to him, but he did not know who did it, and declared that he did not talk to the prosecutor among other things.

Chief Leighton originally asked him if Arrington was mixed up in the theft and he said he had heard from the fact.

Denies Conviction McBride denied that he had a conversation with two Snodderly boys in the town of Castleford September 6, and that he told them that he had information on parole because he had murdered a woman, and that he told them Fargo, Adv.

DEATH SUMMONS MOTHER OF TWIN FALLS MINISTER

Mrs. Amanda Humphrey Cary, mother of Rev. H. G. Humphrey, died Saturday evening at the Kallispel general hospital of Kallispel, Montana. She had been previously sick with euronic poisoning for two weeks. Mr. Humphrey had received a telegram from her doctor saying that her condition was much improved just a few days ago.

She was 75 years of age and had been a public school teacher for over 35 years. She was a native of Pennsylvania and a survivor by one brother and three sisters in that state. She had been mending the summer at her home on Flathead lake. The burial will take place at Kallispel, Montana. The services at the Methodist church will be conducted Sunday, September 19, morning and evening by Rev. H. N. Wagoner of Knul. The services on Sunday, September 25, will be conducted by Rev. E. L. White. Rev. and Mrs. Humphrey will leave for Kallispel, Montana, on Sunday morning.

It might as well be Arrington as anybody. He admitted coming with a girl Friday night within a block of where the Snodderly boys lived but denied that he asked the girl to find out what they would do.

Mr. Taylor sought to secure an admission that McBride had been promised protection or parole from prosecution on another charge, and in connection therewith asked him if he had been at a certain place on a certain occasion.

Judge Intervenes The witness said he had heard Judge Baker interrupted to say that the point was immaterial. "The question and answer will be stricken on the motion of the court," he said. "I except," said Mr. Taylor, "since which the case proceeds." Chief Leighton was the last witness of the day, his testimony having to do with statements alleged to have been made by Arrington relative to the extent of his acquaintance with Todd.

Promises New Evidence Several new witnesses will be put on the stand Monday morning when court opens at 9:30 o'clock. It was indicated by County Attorney Witham, Ralph Steelsmith, a state witness, arrived from Blackfoot last evening in custody of a deputy sheriff. He is serving a six months jail sentence in Blackfoot on a larceny charge. It is stated.

URGES APPLE GROWER TO LET FRUIT RIPEN

District Horticultural Inspector Sounds Warning Against Too Early Picking of Crop.

Jonathan apples in this district, which well colored for this time of year, need more time to mature fully, as little fruit will be ready for market before next September 25. It was announced last evening by Edgar V. Glipson, district horticultural inspector. "Twin Falls region has a wonderful crop of quality fruit to market this year," Mr. Glipson said. "This crop will undoubtedly have a wide distribution on account of the general shortage of apples this year."

This district has been favored by having a large number of cash buyers in the field and a large part of the crop has already been sold on contract to dealers in all parts of the country. "If Twin Falls is to 'cash in' to the fullest extent, growers and shippers must put on the market a fully matured apple which consumers will not hesitate to take and ask for more."

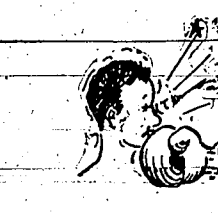

Dealers in this section are agreed that nothing is worse for a market than to receive a carload of immature fruit. "Already McIntosh apples have been shipped, which should have been left on the trees for several days longer in order to develop their best qualities. It is hoped that growers will not be stampeded into picking their fruit prematurely and put the apple market into the same chaotic condition that green prunes of Washington and Oregon have put the Haffan prune market."

MASONS WILL CONDUCT FUNERAL AT KIMBERLY Funeral services of John Almon Steelsmith will be held at the home in Kimberly this afternoon at 3 o'clock under auspices of Twin Falls Lodge A. F. and A. M. The Mason will meet at the temple in Twin Falls 10 o'clock in a body. The body will be taken to Abilene, Kansas, for interment.

TO MEET WITH MEDICOS

Dr. Alexander was president of the Idaho State Medical Association last year. He will be gone about three weeks. Dr. Duncan L. Alexander will leave this morning for Detroit to attend the annual meeting of the American Medical Association and will thereafter attend clinics in Detroit and Chicago.

"I had to go to London to find out!"

So often we find it difficult to understand and accept the things that make us happy! This Missouri girl had to travel all the way to London to realize the truth of foot happiness. Here is her story.

"Last summer my Aunt Margaret in New York invited me to go to Europe with her," she wrote. "It seemed so wonderful for I had lived rather quietly, doing but few of the things most girls do. I seldom danced or played golf and tennis. I often thought I was different from other girls. But now I should have some real fun."

"I met her in New York and we had a glorious time shopping for the things I needed on the trip. Now gowns, hats, lingerie, wraps, baggage—for two whole days we simply revelled in the new things."

"But there's a surprise when we sailed I was a wreck. I had thought I wanted to sit still in a deck chair the rest of my life. My aunt told me I needed Arch Preserver Shoes. She had worn them a long time, she said, and they had stopped her foot aches. But I insisted that my feet were all right. I thought I was merely tired."

"Yet, I realized that I was actually dreading the 'onload' of the trip. On the steamer I sat alone while she walked the deck and joined in the games. I never in my life before felt so lonely."

"Then came the evening before we were to dock. My aunt's face was so happy and she said: 'The first thing we do in London is to get some pair of Arch Preserver Shoes. I'm not going to allow you to spend this trip for nothing.'"

OLD MISSION ENDS FIFTEEN YEAR WREATH SUNDAY HIT TRAIL

Famous Pacific Garden 'Meeting House' in Chicago is Celebrating Half-Century Anniversary.

(By The Associated Press) CHICAGO, Sept. 17—The Pacific Garden Mission, where Billy Sunday, 'Aunt' Trotter and Tom Meehan have been celebrating the fifteenth year of its founding.

Crowded between saloons and noisy bars today the mission opened its doors at 650 South Clark street in September, 1872, and they have never swung shut since, night or day.

At a happy Sunday afternoon, Billy Sunday and five of his cronies of the old Chicago baseball club were walking down State street.

When the lights of street and shop window begin to illumine the dusk, the little band Pacific Garden mission have done for half a century, and from the shadow-swept alleys comes a murmur of voices and perhaps follow the mission as others have done for half a century.

BULL CITIZENS MAKE GREAT PREPARATIONS FOR RODEO CONTESTS

Eighty Bucking Horses, 20 Steers, 10 Cows and 10 Calves Await Mixup With Army of Riders.

Great preparations are under way for the Bull rodeo to be held September 23 and 24. According to reports received from Bull Riders in Twin Falls, 80 head of bucking horses have been secured and these have all been tried out and are guaranteed to buck.

The grandstand at Paris athletic park has been rebuilt and now has a seating capacity of 4000. No plans have been spared to put the ground in first class shape for the program and the most Idaho bucking rodeo is a rodeo which will compare favorably with any ever held in the state.

Among the riders will be Bob Crosby, one time winner of the Roosevelt trophy and said to be one of the top notch performers in his class in the country. Earl Thede, who has appeared on programs in both Cheyenne and Pendleton will also be on hand.

Boeing Extra Feature In addition to the riding and feature acts of the day program, boxing cards have been arranged for the evening nights. The best talent available in Pocatello and Salt Lake City has been secured and first class entertainment is assured.

The Boy Scouts organization of Bull to receive a percentage of the gate receipts to be used by them in the furtherance of the Scout program during the coming year.

### BANK SURVEY SHOWS OUTLOOK BRIGHT FOR FARMERS OF NATION

#### Sees Strongest Basis for Pre-Valuing General Confidence With Regard to Business in Agricultural Situation.

NEW YORK, Sept. 17.—The statistical basis for the general confidence that has been so clearly demonstrated with regard to the business outlook for the next few months is the outstanding situation, which is usually the outstanding influence bearing on near-term trade prospects at this time of year, states the current issue of the Quarterly Survey, published by the Guaranty Trust Company of New York.

After an unpropitious start, most of the leading crops have improved greatly during the summer. The Survey continues, and, with prices at comparatively favorable levels, there is reason to hope that agricultural income will be the largest in several years.

Although there is time for both crop yields and farm prices to vary widely from present conditions, the actual harvesting and sale of the bulk of the agricultural output passes from higher prices so that it may be considered fairly certain that the season will be one of distinct progress for the farmer.

Particularly in the Northwest, where agricultural depression has been exceptionally acute and persistent, conditions appear to be more encouraging than at any other time since the post-war deflation. In addition to relieving distress among farmers, the Survey predicts that the railroads, which will directly benefit banks and with mail-order houses and manufacturers of agricultural machinery and fertilizers, while its effects will be felt indirectly by trade in general throughout the country.

#### Crop Progress Continues Favorable

The winter wheat crop, as had been predicted, failed to measure up to city estimates of last year. According to the preliminary estimate, to only 522,787,000 bushels, as against 629,000,000 bushels harvested last year. The loss, however, is more than made up by the gain in spring wheat, which according to the August forecast, will reach a total of 293,738,000 bushels, as compared with last year's crop of only 205,270,000 bushels. The total wheat crop, therefore, will probably reach 21,000,000 bushels larger than that of 1926. Although black rust has done considerable damage in some parts of the Northwest, it has not been widely spread, so that the total yield is expected to be only slightly below that of 1926.

#### The Cotton Situation

The unexpectedly low estimate of the cotton crop, pointing to a yield of only 13,199,000 bales, as against 15,977,374 bales produced last year, has reflected the danger of heavy boll-weevil infestation. The official forecast, despite its wide divergence from other estimates and the fact that

the season has been somewhat disappointing, it is still considered likely that Europe will require as much imported cotton as a year ago. An increase in domestic consumption is also anticipated.

On the eleventh page, bearing the date of June 10, 1927, America is represented by Chamberlain, Levine and Ambassador Schurman.

#### Germany Not Agreed Over Flag

BERLIN, Sept. 17 (AP)—Objections on

### TYPICAL GIRL

ELIZABETH CROWLEY of Los Angeles has been selected as the typical Catholic girl at the national conference of Catholic charities in Los Angeles. She was selected out of 600 contestants.

Government figures for August have been consistently better than the final figures in recent years—seasonal sharp advance in prices. Cotton is up to 2 cents a pound, and undoubtedly have advanced further than for the rule prohibiting wider fluctuations in the course of the trading.

Although the weather has continued favorable to the growth of corn, resulting in a gain of 11,820,000 bushels in the official forecast for July to August, the crop is still so backward that there is danger of very heavy damage from early frosts.

### GERMANS COMMENCE SUBSCRIPTION DRIVE

(Continued From Page One)

Turkish minister of education, the commander and officers of the German auxiliary cruiser "Wolf," the provincial president of Brandenburg, and a group of distinguished Dutch guests. Their signatures were entered during the years 1917-1927.

The ninth page carries the date of November 10, 1922, and bears the signatures of the first president, Friedrich Ebert, and of former Minister of the Interior Carl Severing, President Secretary Otto Meißner and Chancellor Joseph Wirth, who accompanied the president on his visit to the city hall.

On November 10, 1926, President Hindenburg called on the lord mayor, accompanied by Prussian Premier Otto Braun, Brandenburg Provincial President Maltz, and Dr. Meißner. Page 10 perpetuates the memory of their visit.

On the eleventh page, bearing the date of June 10, 1927, America is represented by Chamberlain, Levine and Ambassador Schurman.

#### Germany Not Agreed Over Flag

BERLIN, Sept. 17 (AP)—Objections on

### POLICE OF PARIS GIVE ORDERS FOR MOTOR CARS

(Continued From Page One)  
of the luggage from New York in the most direct route to Paris, the final destination at Italy, Switzerland or Germany—mostly Italy, this year. Many tourists are making use of the holiday. France twelve months ago severely because prices were lower in dollars than elsewhere in Europe. That is no longer true, and the same is on. Hotel prices in France are about the same as in 1926—except in hotels de luxe where the gold standard is followed. But in France, French hotel prices are 70 to 100 per cent above the 1926 charges.

#### Steel Vests Popular

PARIS, Sept. 17 (AP)—Coats of mail that flatten bullets and turn the point of daggers are back in favor, thanks to the gunman and the spirit of unrest.

Dozens of French armorers sell these colorful creations, some two, at least, specialties in them. Statesmen and even criminals are among the customers of these shops which deal principally in old armor and armor for collectors and makes ancient war costumes for the opera and theater.

The "best" vests made of steel, of shall, finely-tempered chrome steel scales. The usual form is a close-fitting shirt that reaches from just below the collar-line to well below the waist. It weighs 5½ pounds, and is quite flexible. The chain type is made of an indubitable number of small steel links woven in a mesh.

A low abdominal protection is a very slightly overlapping set of scales sewed inside an ordinary vest to give limited protection. This form is lighter and cheaper. A mail shirt costs about \$100 and the vest lining about \$60.

The part of the old regime to the republic, collector specimens, among progressive forms. On Constitution Day, August 11, everybody laughed at the Public Record office, where in obedience to orders the black, red and gold republican flag had been hoisted, but the flag which was flown was toyed with by the crowd.

Mayor Walker of New York found himself unexpectedly involved in this eventuality, when Lord Mayor Boess of Berlin, on a matter of principle, declined to attend a dinner in the former's honor at one of the splendid hotels which had neglected flying the national flag and had been boycotted in consequence by republican officials. In the Prussian diet, a nationalist member registered a solemn complaint against the minister, public indignation because at a school-leave children were given candies in little black, red and gold colored bags.

The "best" vests made of steel, of shall, finely-tempered chrome steel scales. The usual form is a close-fitting shirt that reaches from just below the collar-line to well below the waist. It weighs 5½ pounds, and is quite flexible. The chain type is made of an indubitable number of small steel links woven in a mesh.

#### England—Under Rome

For about 400 years England, under the name of Britain, formed part of the Roman empire.

### FASHIONABLE HIGH LACED BOOTS WORN BY SOCIETY WOMEN

#### London Ladies Will Spend Four to Five Days This Winter Doing Nothing but Lacing High Tops, Latest in Shoes.

LONDON, Sept. 17 (AP)—London's fashionable women will spend four or five days this winter doing nothing but lacing up high boots. At least, this is the significance of the fact that the old-fashioned high-laced boots take only six minutes and twenty seconds to lace.

The manager of a department store here had a stopwatch with a needle fixed to a pair of the high boots. He found that it took her nearly six and a half minutes to perform this task. Adding together this daily figure he calculated that during the season four or five wintery days would be consumed merely in the process of lacing up high boots, not counting the time of unlacing them.

Russian boots will not be worn this winter in London, so the fashion authorities have decided with the sentence that "Russian boots are as dead as Tutankhamen." Women, they say, want a boot which will shape to the ankle.

#### King George Years

LONDON, Sept. 17 (AP)—One of the ambitions of King George is to ride on top of a London omnibus. Some day from one end of the town to the other. If this dream is to be realized within the next few months, the King may board a bus directly in front of Buckingham Palace, as buses now stop near the palace level, and which is something buses have never done before, even in the days when buses were drawn by horses.

Buses have been brought to the front door of the King's town residence owing to changes in the West End traffic due to the tearing up of Piccadilly, which is undergoing repairs for the first time in sixteen years.

One of the favorite out-door pastimes of the King of Spain, when he is in London, is to mount a big top incognito and ride about the town seeing the sights and hearing what the people are talking about.

Queen Victoria always longed to have a ride in London's underground but never did, and King Edward had hoped for years of mingling with the crowds at the race, without being recognized, and making some bets himself, but procrastination robbed him of this experience.

#### Art Set to Vienna Show

LONDON, Sept. 17 (AP)—Some 130 paintings and 137 miniatures, together

with a large number of drawings, representing the best productions of British artists during the last three decades have been sent to Vienna for an exhibition lasting two months. The value, including the paintings, which have been loaned by the British Legion, is estimated at \$1,000,000.

The sending of these paintings, which have been loaned by well-known Englishmen, is an answer to the courtesy of Austrians who sent their best pictures to the Flemish-Belgian exhibition in London earlier this year. Among the pictures is Ramsey's portrait of Mrs. Davenport, which brought \$300,000 at an auction.

#### Male Snapper Loses Schwere

LONDON, Sept. 17 (AP)—Andrew McKenzie, 34, is serving his fifth sentence for snipping off tresses of young women. His most recent offense occurred in a London omnibus and brought him a penalty of six months at hard labor.

Mckenzie testified at his trial that he stole ten shillings from a man in order to buy scissors to cut off the hair of his recent victim, who lost eight inches of a plait which she was hanging over her back. The girl had never seen the snapper before.

#### Stage Slight Leads Wedding

LONDON, Sept. 17 (AP)—Love at First Sight" might be the title for the romance of Ivor Vinton and Doris Bentley, two of the principals in the play at the Hippodrome theater, here, who have just become engaged.

Vinton and Miss Bentley met in 1922, when they were playing in opposition pantomimes. Vinton sent a congratulatory telegram to every member of the rival show but Miss Bentley, whom he did not know. When he realized his "mistake" he wished to apologize and sought an interview with the slighted actress, which brought about their friendship.

#### Only Woman in Paris

LONDON, Sept. 17 (AP)—Miss C. P. Egan, D. Sc., said to be the only woman metallurgist in the world, had 253 excerpts on her trip to Canada to the Empire Mining and Metallurgical Congress in Montreal.

Miss Egan, assistant to Professor Carpenter at the Royal School of Mines, Kensington, London, was the only woman in the party. The party is touring Canada, paying particular attention to the principal mining districts.

#### Witnesses Kiss Bible

LONDON, Sept. 17 (AP)—The custom of "kissing the Book" on taking an oath dies hard. Although since 1909 all that is necessary is to hold the Bible in the hand, while repeating the oath, some people, so says a solicitor here, seem to feel that something is missing from the ceremonial unless they have solemnly "kissed" the Book.

6-Cylinder Smoothness and Dash—High-Compression Power and Performance—Size and Roominess without Unwieldiness—Steady Riding without Useless Weight—50 Miles an hour all day long—and far greater speed when wanted—Riding Ease Like Gliding—Economy of Price, Operation and Maintenance

#### And Essex Alone Combines Them All

Its Super-Six motor is the most powerful stock car motor per cubic inch displacement in the world, developing more than 2½ times the power its size ordinarily rates it. It converts waste heat to power and gives an economy in fuel and oil that is astounding.

But owners also increasingly appreciate its great qualities of everyday service: its added roominess, roominess, riding ease and easy driving—the reliability and simplicity of maintenance, which are possible only because of Essex' unity construction.

Every part is designed and built in true balance with every other part. Clutch, transmission, axle, and frame are specially engineered to make a perfect unit. This gives compactness. Yet it also adds 15% to the length of the body without extending beyond the rear end—a great advantage in safety and riding comfort.

This unity of construction assures added advantage in every particular of performance, reliability, comfort, safety and economy.

MOONSHINERS CLUB OF GERMANY ANCIENT AND HONORABLE BODY

Fraternity Has Nothing in Common With Bootlegging Business for Country Is "Wet" Society Worships Silence.

BERLIN, Sept. 17 (AP)—The Moonshiners club has kept its silver jubilee here. Let it be explained at once that this honorable fraternity has nothing to do with the bootlegging business for Germany...

They hold that the nocturnal stills and absence of traffic is most beneficial to faded nerves and is preferable in every way to day time imping. They are moon worshippers and are proud of sun worshippers. The club has about 70 members, some of them of advanced age, and they have walked thousands of miles all over Germany.

Emigration Provokes Warning

BERLIN, Sept. 17 (AP)—A warning against a continuation of the quota of German emigration to other countries (averaging 60,000 per annum for the last three years) is contained in a series of articles published in the "Berliner Nachrichten." It is pointed out that while it should be the object of all those concerned in the welfare and future of Germany to guide emigration in such a direction that emigrants may be expected to adhere to the German language and retain their German allegiance as long as possible, article 110 of the Weimar constitution stipulates that every German citizen is to be free to emigrate when and where he chooses and that therefore any influence aimed at restricting emigration is against an advisory nature.

The United States is described as being by no means the Eldorado for emigrants so often assumed. They are told that farming land is only to be had from private owners at a considerable expense, with the exception of certain stretches of arid government land on the western high plateau and in other districts, the cultivation of which would only be possible with the aid of costly artificial irrigation plants. Moreover, the present status of the American farmers as a whole is described as most unfavorable during and immediately after the war all American farms, in consequence of the high grain quotations at that time, were

BREAKS RECORD

ARRINA OSBOWICH of Worcester, Massachusetts, who won Gertrude Ederle trophy by breaking New England record for 200-yard swim at Brookline, Massachusetts.

appraised and assessed disproportionately high for the present grain slump on the world's market. The United States are described as the most unpropitious field for so-called intellectual emigration and business persons while emigrants with a technic training are said to stand a rather better chance to make good.

Contraption Safer

BERLIN, Sept. 17 (AP)—Heinrich Jerksen, a 72 years old farmer of Harlesben in Saxony, was obliged to make a journey for water three hours on a horse-drawn carriage which he himself to the local motor bus which he said was a dangerous contraption. The horse of the wagon bolted and Jerksen was thrown out and killed instantly.

Copyright Law Falls

BERLIN, Sept. 17 (AP)—With an appeal to the copyright law for constructive art and photography, Prince Wilhelm von Hohenzollern, the eldest son of the ex-roy, presented a legal protest against the reproduction of his picture in the book of the pseudo prince, Harry Domela, published by the Malk Verlag. The prince's suit, however, was rejected by the publishers' attorneys on the ground that according to the law all topical pictures may be reproduced without the special sanction of the original. They contended that as member of the Hohenzollern family, the prince, who recently came into the public limelight by reason of his picture in the book of the pseudo prince, especially as the book in question was in no way concerned with his person and his photograph had merely been published to give the

RUPERT DISTRICT NEEDS MORE SCHOOL BUILDINGS

Superintendent Tweedy Reports New Record Enrollment and Outlines Program.

RUPERT, Sept. 17—Additional school buildings will be needed to accommodate the Rupert schools, according to a report of Superintendent Tweedy to the board of trustees at their regular meeting last Monday night. Says the Lincoln County News: At the present rate of increase the high school will enroll 375 to 400 students in September, 1928, and will require the exclusive use of the high school building, the superintendent stated. Present enrollment shows that 57 seniors will be graduated this year and that approximately 125 students will be received into the ninth grade in September, 1928, making a net increase from that source alone of approximately sixty students which would bring the enrollment to about 375. There is also a notable tendency for tuition students to come to Rupert on account of the special departments and activities in the high school. With additional buildings for the present necessary the present high school plant should accommodate a high school of at least 400 students with all special departments.

When the high school requires the exclusive use of the high school building, it will be necessary to determine whether or not there is a need for new buildings and to confer with members of the board of trustees, officers, principals and teachers in the school.

Says Plan Most Economical

According to Superintendent Tweedy the plan selected by him will be found to be the most economical for permanent buildings, inasmuch as new junior high school and high school buildings are much more costly than elementary school buildings. It would be possible to construct temporary buildings at lower costs if the people in the district wish to do so.

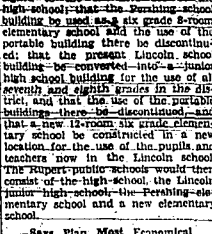

Slab Marks House

BERLIN, Sept. 17 (AP)—In commemoration of the centenary of Beethoven's death the Greek legation in Berlin, acting on behalf of the Greek Government, had the house in Bonn in which the great composer was born, December 16, 1770, adorned with a marble slab and a branch from the famous olive tree of the Pallas Athene on the Acropolis.

May Enter Without Visa

BERLIN, Sept. 17 (AP)—To facilitate the entry into Germany of those Americans traveling in Europe who make up their mind at the last moment to come to this country, the German passport department has tentatively instructed the principal frontier stations at Benheim, Aix-la-Chapelle, Kehl and Basel to allow all Americans without a regular German visa. This measure, however, is merely an experiment to continue in effect only until October 31 of this year, when the authorities will determine if a sufficient number of Americans have availed themselves of this prerogative to warrant the permanent adoption of such a regulation.

CARDINAL BACK

THRONG OF PRELATES and laymen greeted Cardinal Dougherty of Philadelphia as he stepped off their annual visit to the Pope.

Carrots Excellent Food

The saying "carrots will make you beautiful" is indubitably true because they are an excellent source of mineral matter used in regulating body processes and building tissues. They are especially rich in calcium and a good source of at least three vitamins.—Exchange.

INEFFICIENT PICKING COSTLY TO ORCHARDIST

Inefficiency on the part of pickers constitutes a serious drain on the orchardist's income, according to one Twin Falls fruit grower, who says in this regard: "Supposing that they apply very unnecessarily injured in picking. Mr. R. B. Pullinger, marketing specialist of the U. S. department of agriculture has made extensive investigations and a thorough study of the question and reports that he finds in the best orchards that the poorest pickers in these same orchards cause the grower a loss amounting to one-fourth of the sum paid them in wages, that the poorest pickers in these same orchards cause the grower a loss amounting five times the amount of their wages, while in poorly managed orchards where inexperienced and indifferent help is employed the losses are much greater.

"What does this mean to an orchardist with a fine crop of high grade apples. Suppose he employs 20 pickers for 30 days at \$3.00 a day. He pays them \$600.00 for the season and they damage his fruit to such an extent that what he receives for it is reduced by from \$25.00 to \$450.00 or even more. Nine-tenths of the cost from a well pruned orchard are cut off because of bruises or punctures. Many apples are sold for 'C' grade

HILL HITS HIS STRIDE

PITTSBURGH, Sept. 17 (AP)—Oscar Proctor Hill, bespectacled Pittsburgher, seems to have "made the grade" in the major league. After excruciating around many ball lots, he has stayed "up" with Pittsburgh on his third try into major league company, and has become one of those "nuts" that depend on mountains.

Hill has set his goal this summer at 25 games won. They may not be all of them. He has never before in his 12 years in the majors exceeded it. The first was in 1917 at Birmingham, when his record showed 28 wins and 12 defeats. The other was when he was with Indianapolis, when he won 21 and lost seven under the management of Bush, before Barney Dreyfus brought both him and Bush to Pittsburgh.

which but for slight injuries might sell as fancy or even extra fancy. Usually extra fancy apples bring at least 25c a box more than fancy and 50c more than C grade. "Get the orchardist take his pencil and figure out just what he loses by careless handling of his fruit. It is often enough to turn what might be a nice profit into a serious loss."

AUBURN Stock Straight Eight After running 10,000 miles in less than 9479 minutes (63.302 M. P. H.) then— 1,000 miles at 72.512 M.P.H.

No one can imagine the strain of 10,000 continuous miles at 63 miles an hour! No stock car had ever officially made such a performance until now! An Auburn 8-88 stock car has set this new mark, under A. A. A. official sanction and supervision. And this record stands as faster and twice greater, than the longest previous record. That alone would have been considered a super-abundance of all conclusive proof of superiority. But, not for men who build and know the endurance, speed and efficiency of Auburn cars. After these epochal 10,000 miles, the car was taken off the track, thoroughly checked, necessary replacements made, tuned and greased. Then, back it went, and the driver told to drive it hard for 1,000 miles more. That was heaping punishment on top of punishment! The driver was instructed to drive it Hard until it broke up. See what happened. It went 1,000 miles at more than 72 m. p. h. It went 24 hours at 72.192 m. p. h. It went 2,000 miles at 68.587 m. p. h. Then, 2,500 miles at 71.194 m. p. h. And finally broke a cylinder block after doing 12,558 miles at 63.09 m. p. h. Never has there been such proof of reserve strength, durability and speed. Because this 1,000 mile performance had not been applied for, previously, as an attempt for a record, it does not stand as an official A. A. A. record, but its time was officially recorded by the A. A. A.

During this, the longest, fastest, and hardest official A. A. A. stock car test ever made, Auburn broke all records for fully equipped certified stock cars from 5 to 5,000 miles and set new records from 5,000 to 15,000 miles. To break the official stock car records from 5 to 5,000 miles was not enough for Auburn. The three Auburn stock cars, two roadsters and one sedan, were scheduled for a day and night grind for 15,000 miles. From 5 to 5,000 miles 37 stock car official records were broken. But Auburn doubled that distance, and then tripled it. Auburn determined to overwhelmingly exceed the utmost of any previous attainment. From 5,000 to 15,000 miles 34 new records were established with lightning rapidity. New achievements were recorded beyond the extreme limit of all former heights. It is the greatest demonstration of proper engineering, uniform quality in every one of the several thousand parts in a motor car, and the greatest proof of sound value ever furnished the public by any motor car manufacturer. Fifteen thousand miles is more than the average car owner will drive in an entire year. And car owners seldom average over 35 or 40 miles an hour and consider themselves driving Hard when they do that. Seldom do they get up to 60 miles an hour or more speed and then only for short spurts. But these Auburn cars maintained a speed of 60 to 80 and more miles per hour for the entire distance—maintained it at one stretch for longer driving than car owners do in an entire year. And this sustained speed is more abuse than car owners give their cars in five years ordinary service. Your Auburn dealer has exact duplicates of the cars that have set this new standard for the entire industry. Drive one, and if it does not sell itself, you will not be asked to buy.

WHEAT GOES LOWER ON CROP REPORTS

News From Canada Contrary to Bullish Predictions Gives Sharp Setback to Prices.

CHICAGO, Sept. 17 (AP)—Crop news from Canada that was contrary to bullish predictions which had been circulated gave a sharp setback to wheat prices today.

Inasmuch as general trade expectation was that the new Canadian crop figures would be curtailed 50,000,000 bushels from last year's 6,000,000 bushels, sellers became numerous, and buyers were relatively scarce.

December wheat closed at the lowest price of the day and also at the lowest point since that delivery has touched this level.
