SINGERS IN HIS FIGHT TO HOLD OR RESERVE IN WYOMING

Highest Court of Nation Holds "All Facts and Circumstances" Show Lease and Agreement Were Made Fraudulently

(By The Associated Press) WASHINGTON, Oct. 15.—Within a week of his trial on a criminal conspiracy charge growing out of the lease of Teapot Dome, Harry F. Sinclair lost in the Supreme court his right to retain possession of the Teapot Dome naval reserve in Wyoming.

In ordering the return of the vast petroleum field to the government, the highest court held that "all the facts and circumstances attending the lease and agreement attending its transfer were made fraudulently by means of a collusion and conspiracy, between the wealthy oil company, and Albert B. Fall as interior secretary. Fall is to come to trial with Sinclair next Monday in the District of Columbia supreme court.

JURY DECIDES NOTED CRIMINAL WAS INSANE

Proposition Over Which Aliens and Lawyers Fought for Three Years Finally Settled.

CHICAGO, Oct. 15.—A coroner's jury, highly recruited from wayfarers on the cheap lodges, today rendered its verdict in an hour today that Russell Scott was insane, an issue over which learned lawyers and alienists had fought for three years while the life of Scott, erstwhile Canadian financier, who turned robber and killer, hung in the balance.

Scott, who hanged himself with his belt in his cell in the Cook county jail last Saturday night, committed suicide in the lunatic asylum where, with his brother, killed a drug clerk in a holdup, stood in the shadow of the gallows and when he took his life was awaiting a new asylum hearing.

FRENCH FLIERS HOP OFF ON TRIP TO ARGENTINA

PARIS, Oct. 15.—Paris bids bon voyage today to another pair of aviators, who hope to cross the Atlantic this time with Buenos Aires, Argentina, as their goal. DiDionne comes as pilot, and Naval Lieutenant Joseph Tetric, navigator and wireless operator, took off from Le Bourget field in the biplane "Rungesser-Gall" at 4:45. They passed over Pottiers, about 200 miles southeast of Paris, at noon, and crossed the Atlantic at 10:30. They were seen by a French patrol plane over the Atlantic in one hop to Pernambuco, Brazil.

New York Welcomes Wireless Inventor

NEW YORK, Oct. 15.—New York officials today welcomed the inventor of wireless, Guglielmo Marconi, inventor of wireless, who today, was in New York for the first time in his life.

Vancouver Pioneer Dead; Refused Offer

VANCOUVER, B. C., Oct. 15.—James Clendenen, who was killed in the explosion of the "Titanic," was buried today in Vancouver, British Columbia, because he would not throw in a set of hands with a team of horses with which he was bargaining for the site in which he was to be buried.

LEGIONNAIRES PUT IN FULL DAYS IN LONDON

LONDON, Oct. 15.—The American Legion "good will party" took part in a whole of activities today which began this morning with a chat with King George and Queen Mary and ended tonight with a banquet to the British legionnaires who have been in the American home.

American Ex-Soldiers Begin Session in Morning With Chat With King George and Queen

LONDON, Oct. 15.—The American Legion "good will party" took part in a whole of activities today which began this morning with a chat with King George and Queen Mary and ended tonight with a banquet to the British legionnaires who have been in the American home.

ADA COUNTY REPUBLICANS ENDORSE SENATOR BORAH

BOISE, Oct. 15.—In a resolution unanimously adopted tonight by the Ada county central committee, the republicans in Ada county endorse Senator William A. Borah for president by the republican party is urged.

Bank Bandits Shoot Way Through Town

DENVER, Oct. 15.—Following an unsuccessful attempt to rob the First National bank of Aurora, suburb of Denver, four unmasked frightened bank robbers sped in their car through the town of Aurora, employing their revolvers at any one showing his head. They shot and wounded six persons, two of them seriously.

CRAZED NEGRO HURTS 12 PERSONS IN FIGHT

CHARLES PINKARD, BARRICADED IN HIS HOME, LOST IN GUN BATTLE WITH BIRMINGHAM POLICE.

BIRMINGHAM, Ala., Oct. 15.—Barricaded in his home near the downtown section here, Charles Pinkard, a crazed negro, wounded 12 officers and civilians today before Detective Woody Rooder climbed to an adjoining roof and opening fire on the man. Pinkard, wounded Deputy Sheriff Sam Williams when the officer went to his home to investigate an alleged attack by Pinkard on George Kinshoff, a city health inspector. The negro suddenly became insane, it was reported, when he attempted to quit Pinkard.

PROSPECTS FOR CROP PRODUCTION INCREASE WITH WEATHER'S AID

Indicated Corn Crop for Year Is 2,603,437,000 Bushels; Wheat 552,767,000; Potato Yield Is Below Expectation.

WASHINGTON, Oct. 15.—Crop production prospects for this year were increased by the unusually hot weather in the first three weeks in September, causing a marked change from very unpromising prospects of the early summer, the department of agriculture today said in summarizing its October crop report.

Corn improved to the extent 146,976,000 bushels, bringing the indicated crop this year to 2,603,437,000 bushels, or about 4,000,000 less than last year. Spring wheat also improved, a gain of 5,646,000 bushels being shown in 1927, or about 313,771,000 bushels. That is 108,000,000 bushels more than harvested last year.

IDA COUNTY REPUBLICANS ENDORSE SENATOR BORAH

BOISE, Oct. 15.—In a resolution unanimously adopted tonight by the Ada county central committee, the republicans in Ada county endorse Senator William A. Borah for president by the republican party is urged.

UNIVERSITY ENROLLS 650 STUDENTS AT POCATELLO

BOISE, Oct. 15.—Enrollment at the southern branch of the University of Idaho at Pocatello for the 1927-1928 college year totals 650 students, an increase of close to 200 students over the enrollment of 452 last year. The current college year is the first for operation of the Pocatello institution as the southern branch.

Idaho Production Of Beans Increases

BOISE, Oct. 15.—Idaho's bean crop is estimated at 1,800,000 bushels, based on an average acre yield of 20 bushels, Julius H. Yacobsen, federal crop statistician for Idaho, announced today. The estimate contrasts with an estimate of 1,600,000 bushels a month ago and 1926 production of 1,600,000 bushels.

GIANT PLANE READY TO FLY TO DENMARK

Mrs. Frances Wilson Grayson's Amphibian "Dawn" Completes First Leg of Project Flight.

OLD ORCHARD, Maine, Oct. 15.—Mrs. Frances Grayson, attempting a "Dawn" amphibian transatlantic flight with Copenhagen as her objective, arrived here at 5:15 today, the first leg of a projected flight to Denmark.

WARRANT FOR ARREST OF KIONAPER & DE'S

WHEAT: HOLDS TRADE IN STRONG POSITION

Grain Market Generally Firm: Wheat in Good Demand; Corn Steady on Lighter Receipts; Outlook Is Excellent.

BALT LAKE CITY, Oct. 10.—The grain market ruled generally firm during the week ending October 9 with milling wheat in good demand and the limited offerings corn being readily absorbed at steady prices. The weekly grain market review of the United States bureau of agricultural economics, Higher foreign markets as a result of delayed marketing in Canada and considerable uncertainty as to the quality of the crop both in that country and in Europe, were strengthening factors in the wheat market. The rice market held firm influenced by an active export inquiry, particularly from Germany. Markets for other grains were practically unchanged.

Rains and snow in Canada have delayed marketing and the movement of the crop wheat has been delayed. Only one-third as much wheat was received at country points during September as for the same period last year and receipts at Ft. Williams and Port Arthur were only a little over one-fourth as large as last year.

Stocks in the markets are also only about half as large as at this time a year ago. More favorable weather in the southern hemisphere improved wheat prices in Argentina and Australia but the uncertainty as to the final output and the quality of the wheat crop in European countries held foreign market firm. Liverpool advancing about one cent during the week. "Madras" wheat firm, slightly higher on the continent being quoted at Paris at \$1.85, and at Berlin at \$1.73 per bushel.

Milling Demand Factor

An active demand for good milling wheat was an additional marketing factor in the domestic market. Export demand was rather dull as exporters were said to be waiting a larger movement of Canadian wheat. North American exports during September, however, were about 3,000,000 bushels larger than last year and the bulk of these exports was of U. S. wheat. Exporters were bidding around \$0.10 to \$0.11 for No. 1 hard winter wheat delivered Texas Gulf ports and No. 2 hard winter wheat was quoted at Liverpool at \$1.49 compared with \$1.47 for No. 1 Canadian and \$1.43 for No. 2 Canadian. Receipts for October shipments. Manitoba or the protein hard winter wheat were very light and premiums were very light and premiums were advanced half a cent to \$1.05 per cent. No. 2 hard winter wheat was selling at Kansas City at 11 to 14 cents over the December price which at the close of the market was \$1.25. Thirteen per cent protein was bringing about 60 over these quotations. The scarcity of good soft red winter wheat had caused an advance of about 10 cents in price of No. 2 red winter at St. Louis. Other soft red winter wheat markets also quiet but price advances were less marked. No. 2 red winter was quoted at St. Louis at \$1.50 to \$1.54 per bushel. No. 2 soft white wheat was dull and quoted nearly 10c below the red winter. No. 2 red winter was quoted at Chicago at \$1.30 to \$1.40. Chicago \$1.30 to \$1.40 and Toledo \$1.27 to \$1.38.

Good quality spring wheat was also in active demand and premiums held firm. Thirteen per cent protein No. 1 dark northern spring being quoted at 12 to 22 cents over the December price. No. 2 dark northern spring being 8 to 10 cents over these quotations. Good quality spring wheat was also in active demand and premiums held firm. Thirteen per cent protein No. 1 dark northern spring being quoted at 12 to 22 cents over the December price. No. 2 dark northern spring being 8 to 10 cents over these quotations.

Every Type of Industry Cooperating in Promoting Fire Prevention Work

Effort to Avoid Losses Could Be Sustained Throughout Year and Part of 1928 Large Portion of \$660,000,000 Annual Property Damage and 10,000 Fatalities Could Be Spared.

By W. E. MALLABEU, General Manager of the National Board of Fire Underwriters.
NEW YORK, Oct. 10 (AP)—In the past few weeks I have received literally a flood of communications from officials in every conceivable type of industry, numerous large railroad, and power companies, manufacturers, fire departments, chambers of commerce, municipal offices, educational institutions, business concerns in general, and social and patriotic organizations of every description located in all sections of the country, who are all cooperating in the promotion of fire prevention work throughout the nation at this time. These communications contain assurances of cooperation which show the true soul of America when it is aroused to a realization of a great truth.

If this great fire prevention work could be sustained throughout this year and the greater part of next, so that the public interest and continued public care would not daily wane, I would warrant that the appalling cost of \$660,000,000 in property losses together with the toll of 10,000 lives lost in fires—80 per cent of which are preventable—would diminish 50 per cent.

Not only would this sustained effort be means of safeguarding lives for years to come and of preserving their potential value as well as of protecting property, but it would also enhance national credit to the extent that greater prosperity would be experienced and shared by every individual in the nation. If we could reactually stop to analyze the circumstances of the unfortunate annual loss of lives occurring each year, and who receive pay for their work of life and money for them, who really carries their unnecessary burden—would it be to a statistician and find that women, children, the aged, infirm and those confined to public institutions make up a substantial number in the life sacrifice.

Public Opinion False
In considering the financial losses due to fire, I would point out the fallacy of public opinion that insurance corporations bear these losses. The insurance company is but an agency for distributing the premium which the public pays to cover losses that occur. If the public had that regulates the amount it pays insurance companies, according to the manner in which the people increase or decrease the fire hazards. Insurance companies are to fire and confessions what the Red Cross is to other disasters. They relieve the distress and depend upon collections from the public in general to equalize their finances. The underwriter and merchant who pay large amounts of insurance premiums must make up the premium loss by raising it as part of the sale price of their commodities.

PROSPECTS FOR CROP PRODUCTION INCREASE WITH WEATHER'S AID

(Continued From Page One)
was placed at 5,000,000 bushels less than a month ago with total production now indicated at 205,000,000 bushels.

The indicated production of spring wheat by important producing states includes: South Dakota, durum 15,235,000; all other, 22,274,000; Montana durum, 1,610,000. All other \$5,210,000; Idaho 21,258,000; Washington 19,169,000.

SINCLAIR FAILS IN FIGHT TO HOLD OIL RESERVE IN WYOMING

(Continued From Page One)
Sinclair under the terms of the lease throughout the opinion, Justice Brandeis was never in the possession of full, referring to the \$25,000 payment in Liberty bonds made to Fall by Sinclair after the former left the Harding administration, the court said that obviously this was "not a straight-forward transaction."

It was said by the court on the fact that after Fall had delivered the lease to Sinclair he told other applying companies either that he did not want to lease the reserve or would entertain bids for such a lease at a later date.

MEXICAN TROOPS PUT GOMEZ-ALMADA FORCE TO FLIGHT IN BATTLE

(Continued From Page One)
Generals Gomez and Almada. The federal army seeks to drive in on the rebel from every direction by greatly superior forces and destroy them by aerial bombardment.

Enters Second Week NOGALES, Ariz., Oct. 10 (AP)—Mexico's newest revolution entered its second week today, paced step by step by the rattle of government firing squads moving down its leaders.

General Paulino Gomez, once director of the Mexican national railway under President Carranza, and 15 of his friends, last night stood with their backs to a wall near Juquila, state of Vera Cruz, and died for their opposition to the regime of President Calles and his program of another presidential term for Alvaro Obregon. The list of known executions show 18 generals and 64 others as victims, an average of more than 11 per day for the week.

Official telegrams to the Nogaes Herald tonight chronicled the execution of two more generals and a former senator charged with rebellion and predicted wholesale executions during the next few days throughout the republic will finally crush the flames of revolt.

The three added to the fast growing list of victims of government firing squads were: General Porfirio Gonzalez, shot yesterday at Monterrey; Oscar Chavez Vazquez, ex-governor of the state of Chihuahua, shot today in Mexico City and senator Enrique B. Mantel.

SPEED ACCOUNTS FOR 2572 DEATHS IN 1927

American Road Builders Campaign Statistics in Campaign for Highway Safety.
Speeders killed approximately 2572 persons in the United States last year. During the past five years speeders have caused the injury of approximately half a million others. These figures, taken from estimated statistics compiled by the American Road Builders' association, were made public in connection with its campaign for highway safety.

"Of the 25,302 deaths from highway accidents during 1926," the association declares, "17,875 were believed to be attributable directly to motorists, and 22 per cent of these were caused by speeding. Next to inattention speeding is the greatest single cause of accidents for which motorists are responsible."

Speed Defeats Own End
In urging drivers to use courtesy and caution, the Road Builders have prepared figures to show that unreasonable speeding is not only dangerous, but completely fails in its original purpose to get a motorist where he is going in less time. "A driver who exceeds a reasonable limit by 10 miles per hour will save but a minute while driving an entire mile—if it was necessary for him to drive three miles through city traffic he would save but three minutes and if he has to slow up for turns or because of traffic congestion he will lose all or more time than is gained by his excessive speed." This small saving in time does not justify the hazard created by excessive speed.

"On the open road a speed of 30 miles an hour in excess of that which may be deemed reasonable will save but a ridiculously small amount of time. In addition to this fact a speeding driver must constantly overtake and pass other motorists, thus subjecting himself and others to danger every time he does so. Attempts to save seconds often destroy lives, and the hazard is far greater than the value of any time that might have been saved."

"Bad weather multiplies the dangers of speeding many times. In bad weather a car must be kept at a speed which minimizes the danger of skidding if the brakes have to be applied with little warning. Drivers should be particularly careful to keep at a safe distance behind cars traveling immediately in front of them. The use of courtesy and caution under all conditions on the highway will eliminate most of the hazardous miles—if it was necessary for him to drive three miles through city traffic he would save but three minutes and if he has to slow up for turns or because of traffic congestion he will lose all or more time than is gained by his excessive speed." This small saving in time does not justify the hazard created by excessive speed.

THE SPORTS OF A DAY

YANKS WORRY OVER PAYROLL FOR 1928

American League Champs Will Be Obligated to "Raise the Ante" for Coming Campaign.

NEW YORK, Oct. 10 (AP)—After refunding approximately \$170,000 to world series ticket purchasers anti-labor "stunt" has worried the New York Yankees so much they want to be paid for 1928 payroll. Contracts for next season won't be sent out for some months but there is already the prospect that as a result of the starting pay of most of its stars, the American league champions will be obliged to "raise the ante" for big league baseball. The payroll of Colonel Ruppert's athletes already is the highest in baseball, estimated to be anywhere from \$250,000 to \$300,000 for the last season.

Both Gels Contract
The highest salaried individual, the well known Mr. Ruth, already is under contract for next season as well as \$500 an annual figure. In view of the Babe's record breaking home run streak during the regular season and his great work in the series, observers believe Colonel Ruppert made no mistake when he signed the ace to a three year agreement worth \$125,000. The Babe had asked for \$100,000 for 1927 and subsequent developments indicated he was worth probably that much.
Moore's Salary Doubles
Wilsey Moore, the Oklahoma runner and master of the "sinker ball," already has had his salary doubled, it is said. Reports have it that Wilsey, who signed for only \$2,000 this year, his first in the big leagues, later mentioned the subject of a raise to Manager Miller Huggins. After the matter had been referred to Colonel Ruppert, Moore was advised he would get \$5,000 for 1927. He now stands to get another boost for 1928.
Mark Young, Leo Gehrig, Tony Lazzeri and Eddie Oomba, younger stars who all added lustre to their records this year, seem to have salary increases, as well as George Pipgras, brilliant young right hand pitcher who rivalled the veteran Herb Pennock in series twirling honors.

APPLES ARE SHIPPED IN LARGE QUANTITIES

Twenty-Eight Carloads Leave Twin Falls in One Day; Only Five of Beans Are Sent.

While apple shipments mount, bean shipments from Twin Falls have dropped to a minimum. Monday 28 carloads of apples left Twin Falls yards for various points, while only five carloads of beans were forwarded. The total number of apples shipped was 41. Besides apples and beans, there were three of flour, two of beefs, one of onions, one of potatoes, one of cattle and three of merchandise. Saturday 26 carloads of apples were sent out. There were two cars of flour, two of onions, two of apples, 17 of beans and two of merchandise, a total of 51 cars.

KIMBALL FACES CHARGE OF ILLEGAL POSSESSION

A complaint was filed in probate court Monday against Norris Kimball on the charge of illegal possession of intoxicating liquors. Kimball was sworn to by Twin Falls police chief, and was filed in probate court by the prosecuting attorney.

STAGE BOUT
OMAHA, Oct. 10 (AP)—Morris Schliefer, former idol of Omaha and the midwest, will box Joe Stumacher of Butte, Montana, at Toledo, Ohio, November 11. Johnny Crowley, who is managing Schliefer, announced tonight.

DUMB BELLS

MORE MEN ON LIST OF INJURED BRUINS

Lincoln Receives Injury on Foot; Walt on Side Lines; Hollis Martin Back in Game.

Checking up after the Bruin game of last week shows that the Bruins added new men to the injury list. None of the injuries are apparently serious and most of the cripples will be able to scrimmage today or tomorrow. Lincoln received an injury to his foot that kept him on the side lines last night. Walt also received a hip injury that will keep him out of the line for a few days. One of the cripples returned to the ranks last night. Hollis Martin was at his old position, while Louie nursed a Charley here that threatens to keep him up for a few days.
Finch, who made such a showing against Oakley last Saturday in the Cub game, is playing with the first string. The big line man is learning the first string signals and may be used either at center or guard. Ed has the weight and displayed the willingness last week.

BRUINS MEET BOISE

The Bruins have just four days left to work for the Boise game and from the reports of the Bruins will need all of them. Boise has a heavy team and one that has three victories tucked under their belts. They have handily won their first three contests, winning little but straight football, but are reported to have plenty of trick stuff if they get a chance to play.
**The Cubs also have a hard game scheduled for Friday with the Jerome Tigers. The North Side team will outweigh the Cubs and while the two teams met defeat in their first two starts this season have a team that will make the Cubs sweat. Coach Jones has been forced to change his lineup through losses to the first string and probably a new lineup will face the Tigers next Friday.
Striffius has been shifted to center to take Finch's place and some shifts in the backfield may be made. Fazzelle was calling signals last night but McAtee will probably be back in at the helm on Friday.**

THREE FILER MEN CHANGE PLEAS ON BOOZE CHARGES

Claude Williams, one of the four men recently arrested on liquor charges, appeared in court Monday and changed his plea of not guilty to guilty following an amendment of the complaint against him. The complaint was changed to read that he sold moonshine instead of wine. He was fined \$100 and sentenced to 30 days in the county jail.
Ed Smith also changed his plea from not guilty to guilty and received a \$100 fine and 30 days in the county jail. The fourth man of the quartet entered a plea of guilty at his arraignment Friday and was fined \$50 and costs.

OFFICERS OF PIRATES DENY SALE OF CLUB

Rumor That Barney Dreyfus Has Sold Team for \$3,000, 000 Gets Emphatic Denial.

PITTSBURGH, Oct. 10 (AP)—Officials of the Pittsburgh National league baseball club tonight reiterated emphatically their denial of reports that Barney Dreyfus, Pirate owner, had disposed of the club, circulated in Pittsburgh last week. Those reports were revived today when the New York Evening World published a story reporting the sale of the club to Lew Wentz, former Pittsburgher, and now an Oklahoma oil operator and James Crawford, retired western league major league.

Dreyfus was kept busy all day denying the reported sale. When he received a telegram from the Evening World, he replied the club had not been and no offer had been made for its purchase.
Treasurer Secunds Denial
Sam Dreyfus, treasurer of the Pi-

Many Visitors of Game in Idaho

BOISE, Oct. 10 (AP)—Twenty-eight streets from the state fish and game department were made during September and October. Convictions obtained by the department during the month today. Now made upon the 34 convicted violators. Violated \$220 in revenue for the department. The principal violations were hunting and fishing without license, unlawful possession of fish and violations of closed seasons.

rates, accused the denial, but when asked if the club would be sold later he said "anyone would sell almost anything he owned, if he were offered a large enough price for it."
Reports of the sale of the Pittsburgh club have been circulated in baseball circles for several years and in each instance Wentz's name had been linked with that of Fred Clark, former Boise manager, as the purchaser.
Close friends of Dreyfus say he will not sell out under any consideration. Some followers of the team, however, believe he would sell in order to get away from the constant strife which has marked the internal affairs of the team since the 1926 shake-up. They point out that even this year Dreyfus has his troubles, many fans claiming he was behind the benching of Kiki Cuyler, star outfielder.

SEVEN TEAMS ENTERED IN DOUGHNUT LEAGUE

New Basketball System Brings Advantages of Athletics to Greater Number of Students.

Six teams have been entered in the basket ball "doughnut league" at the Twin Falls high school. One more team has stated its intention of joining the series, but the names of its members were not filed at the close of school Monday.
The doughnut league was organized by Superintendent W. B. Smith and Principal U. N. Terry in order to give more boys an opportunity to engage in sports than was possible under former arrangements. Any boy wishing to enter a team was permitted to do so. The only restriction for team membership is that students from at least three of the four classes in the high school must be represented. This is to prevent any one class from bunching. The usual scholastic requirements must be met as in the case with school teams.
It is hoped that the series of games to be played in the immediate future will unearth some promising varsity material. This plan will insure experienced material for next year and the years to follow from which school teams may be built.
The teams which are entered in the league are:
The Bees: Robert Brewer, Hartley

STATE WILL RECEIVE BID ON ROAD CONSTRUCTION

BOISE, Oct. 10 (AP)—Bids will be received October 17 at Focatello for the construction of 1419 miles of the Yellowstone park highway in Downey, Hancock county, the bureau of highways announced today. The work, to involve the construction of roadbed, grading and gravel surfacing, is an extension of the highway to eliminate two dangerous railroad crossings. Work will be started this fall in permit filing early next spring.

Meigs, Donald Wood, Charles Macky, Dan Turpin, Donald Porter, and Paul Stanley.
The Wolverines: Donald Bacon, Jim Weaver, Elmer Oliver, Ronald Moran, Seth Stewart, Mark Pitt and Melton Pellum.
The Skunks: Artell Kelly, Ray McClellan, Leavitt Kraven, John Rudder, Bill Moran, Bill Smith and Delvan Lincoln.
The Cougars: Harold Reed, Harold Cross, Wayne Kenworthy, Clet McDowell, Charles Colner, John Hahn, and Gordon Long.
The Coyotes: Ross Ward, George Evans, Dwight Kerland, Edwin Welhouse, Henry Colner and Gwin Porter.
A group of mavericks who have yet failed to choose a name for itself is composed of the following members: Sam Hedstrom, William Brown, Oliver Meigs, Rollin Baird, Arnold Finlayson, Winston Jones and Dick Duval.
One other team is entered but has not presented a list of its members.

First for Finer Flavor—No Throat Irritation—No Cough

11,105* doctors give written opinions.

"Roxy," a favorite in Radio-land, unless

"During a strenuous rehearsal, with the work entailed in operating the World's Largest Theatre, where one's nervous system is working under great pressure, there is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

WHAT is the quality that Giuseppe Danise, Queena Mario, Adam Didur, Antonio Cortis, Nanette Guilford, Wilton Lackaye, Lenore Ulric, "Roxy," and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES"

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"

No Throat Irritation—No Cough.

*We hereby certify that we have examined 11,105 signed cards bearing the above statement. L. W. BROWN, JR., President, American Cigarette Association.

APPLES ARE SHIPPED IN LARGE QUANTITIES
Twenty-Eight Carloads Leave Twin Falls in One Day; Only Five of Beans Are Sent.
While apple shipments mount, bean shipments from Twin Falls have dropped to a minimum. Monday 28 carloads of apples left Twin Falls yards for various points, while only five carloads of beans were forwarded. The total number of apples shipped was 41. Besides apples and beans, there were three of flour, two of beefs, one of onions, one of potatoes, one of cattle and three of merchandise. Saturday 26 carloads of apples were sent out. There were two cars of flour, two of onions, two of apples, 17 of beans and two of merchandise, a total of 51 cars.

IDAHO RANKS AMONG LEADERS IN NATIONAL PRODUCTION OF BEANS State Takes First Place for Last Month with Average Yield Per Acre of 20 Bushels; Total is 1,500,000 Bushels.

Idaho ranks first among the states of the United States in the average yield per acre in beans for the month of September, according to the United States government crop report received last week from Julius E. Jacobson, Idaho crop statistician. Idaho produced 20 bushels of beans per acre during the last month.

The average bean yield for the state during September of 1,500,000 bushels is slightly under that of August, which was 1,604,000 bushels. The total yield for the entire United States was 18,434,000 for September and 17,345,000 for the preceding month.

Table showing average bean yield in bushels per acre for the month of September in various states: Michigan 1,279,000, New York 1,005,000, Montana 812,000, Idaho 1,604,000, Colorado 1,191,000, New Mexico 1,286,000, California 4,282,000, U.S. 17,345,000.

LOCAL WOMAN FOILS ATTEMPT AT HOLDUP Twin Falls Woman Outwits Would-Be Bandit and Female Companion Struck by Car.

An attempted holdup was foiled Monday night by the presence of mind and quick action of a Twin Falls woman who declined to give her name. It was reported at the police station.

Ship Purebred Stock—Brennen brothers of Elko shipped to Nevada Monday a carload of purebred Herefords, purchased at the McFaster-Breckenridge sale here last week.

SPARE TIRE IS STOLEN W. M. Wilkie, 343 Second avenue west, reported that a Pennsylvania vacuum cup tire, size 31x1, and rim was stolen from his car, which was parked in front of his residence Saturday night.

COLT AUTOMATIC STOLEN W. H. Serson of Jerome reported to police that a .41 caliber Colt automatic pistol was stolen from his residence about September 11. The gun can be identified by a remodeled front sight, which has been cut down and a gold bead attached.

SCHOOL BOARD TAKES UP NEW BOND ISSUE Informal Consideration of Another Election Occupies Meeting Last Evening.

Overcrowded rooms and unsanitary conditions in the Lincoln and Pickel schools were informally considered last night at a meeting of the Twin Falls school board.

County Commissioners Meet—The Twin Falls county commissioners meet Monday for their regular quarterly meeting. The commissioners will be in session during the greater part of the week.

Visits From Venice—Mrs. Mark Johnson of Venice, California, a former Twin Falls resident, who is visiting her daughter, Mrs. Ina Cummings in Buhl, spent several days in this city, the guest of friends. She returned to Buhl Monday afternoon.

COUNTY CLERK FILES HIS QUARTERLY REPORT Total of \$2366.30 Received for Period of Three Months Ending October 10.

The total receipts for the office of the Twin Falls county recorder and clerk during the quarter ending October 11 amounted to \$2366.30 of which \$1347.40 was for recorder's receipts and \$1008.90 clerk's receipts.

Deputy Sheriff Charles E. Jones said that owing to falling off in service of papers the total receipts for the quarter in the sheriff's office would show a considerable falling off amounting to about \$411. Mr. Jones said that this showed a satisfactory condition with little litigation.

WHEAT PRICES RISE

Crop Figures From Washington Not Available Until Long After Trading In Grain Ends.

CHICAGO, Oct. 10 (AP)—Wheat prices averaged higher today. Traders looking to anticipate that the United States government crop report would increase the 1927 estimate of spring wheat yield.

Closing quotations on wheat were unchanged at 85 cents as Saturday's finish was 1/4 cent lower.

Increasing production of wheat in this season, according to the new official figures, amounts to 100,000 bushels.

Government estimates today of year yield were 41,000,000 bushels above the average of private reports and over 140,000,000 bushels in excess of the last year's production.

THE POLICE EPIDEMIC BRINGS DEMAND FOR INCREASED POLICING

City Administration Plans Its Beat With Funds Available, Mayor Says in Reply to Chamber Directors' Resolution.

R. K. Boller, Twin Falls mayor, in reply to Twin Falls Chamber of Commerce directors' demand for reorganization of the police force, has declared that "we have no more money to pay for policemen now than we had when the budget for the year was adopted and we are doing our best to police this city with the money we have on hand."

"The chamber of commerce merchants' committee has endorsed the directors' resolution and a committee of three members to attempt to work out with the city council and police department a plan for more adequate policing of the business section."

"These were outstanding developments of the day Monday following the recovery Sunday morning of evidences of a series of burglaries during the night in which approximately \$500 worth of goods were taken from the W. H. Wright and Sons company store here, and six other business houses were entered."

"The chamber of commerce directors adopted their resolutions at a meeting at noon at which time the text of a resolutions was made public, a copy being delivered to the mayor and council in regular session last evening. The directors' resolutions were endorsed as soon as they came before the directors' meeting Monday evening at which the mayor's endorsement of the resolutions and his further action in the matter were recorded."

"Twin Falls police force is composed of three patrolmen besides the chief, Mr. Leighton told the merchants. Each man on the force is on duty 24 hours each day and is subject to call for extra duty without extra compensation. Salary of patrolmen is \$120 a month."

"The chamber of commerce merchants' committee called Ralph E. Leighton, Twin Falls chief of police, in conference at its special meeting Monday evening at which the mayor's endorsement of the resolutions and his further action in the matter were recorded."

"The merchant committee on motion of George E. Balch, manager of Wright's store, adopted a motion endorsing the directors' resolutions calling for reorganization of the police force and authorized appointment of a committee to confer with the city council and police officials with view to working out a plan for more adequate policing of the business district."

"Appointment of L. E. Salladay, George E. Balch and Mr. Oans to be members of this committee was announced by D. D. Alford, chairman of the merchants' committee."

"Command Officer's Action—Expressing the opinion that officers should be given encouragement in the performance of their duty, the merchants' committee adopted a resolution offered by J. J. Lidgren, endorsing 'effective and determined effort on the part of Officer Peters in making an arrest recently at the rear of the Diamond Hardware company store in the case of an apparent attempt at burglary. Officer Peters stopped with a bullet through the shoulder from the scene when he called on the store to halt. The bullet shattered the suspected man's leg and sent the patient now at the county general hospital."

"Text of the resolutions adopted by the chamber of commerce directors' resolutions was as follows: 'Whereas it has come to the attention of the directors of the chamber

Willie Willis BY ROBERT QUINN

"Mamma is funny sometimes. She was awful scared when I told her about my play, because I said 'Billie Willis' his name old medicine his folks had thrown away."

of commerce through the merchants' bureau thereof that several burglaries have taken place in the city of Twin Falls over the week end;

Therefore, be it resolved: The directors could not have taken place in the short space of time had the city been properly protected by policing; therefore be it resolved by the board of directors of the Twin Falls Chamber of Commerce and we demand of the mayor and city commission that a reorganization of the police force so that the property interests and citizens of the city of Twin Falls may have proper police protection."

The resolutions were signed by Asher B. Williams, secretary of the chamber of commerce. The resolutions were also signed by J. H. Wright, secretary of the chamber of commerce.

Endorsement of the resolutions for the credit association was made by a committee composed of Arthur B. Bookwala, L. E. Salladay, Robert Logan and J. H. Wright, secretary.

The mayor's statement when the resolutions were presented at the council meeting was as follows: 'I, J. H. Wright, police commissioner, who stated that that about expresses my sentiment. The motion of Commissioner L. E. Salladay, which was seconded by Ralph B. Smith, the resolutions were referred to the police department.'

SPUDS AND ONIONS PROMISED RATE CUT

Oregon Short Line Announces Reputation Next Month; New Size Shipment Is Inaugurated.

A new freight rate in San Francisco on onion from Twin Falls and other Oregon Short Line points to be introduced November 12, it was announced Monday by F. E. Hensch, Oregon Short Line manager.

Present shipments are in 30,000 or 40,000 pound cars. The new rates apply to 35,000 pound shipments. The new rates will affect shipments to immediate points and San Joaquin and central California points.

Mr. Hensch said that there is considerable activity in shipments of potatoes to points involved and predicted an increase in transportation over the Wells branch under the new rate.

From Buhl the new rate over the Wells branch will be 54 cents, and under the present rates. From Rogerson the cut will be approximately the same as from Twin Falls.

CRACKSMEN VESSED UPON SEVEN STORES DURING ONE NIGHT

Batter Way Into Safe to Take \$500 and Drop Task Almost Within Reach of \$3200 in Another Strongbox.

Burglars here early Sunday morning using a sledge and chisel to hammer their way into a safe at the Brunsig cigar store, Main avenue north, and abandoned attempts to enter two other places.

The burglar abandoned their tools at the Brunsig cigar store. Those tools which included a heavy sledge, wrecking bar, four chisels and punch are believed to have been taken from the place entered by the burglars during the night. A heavy crowbar was stamped with the name of the Brunsig Metal works, Second avenue east.

A heavy crowbar was stamped with the name of the Brunsig Metal works, Second avenue east.

The burglar abandoned their tools at the Brunsig cigar store. Those tools which included a heavy sledge, wrecking bar, four chisels and punch are believed to have been taken from the place entered by the burglars during the night. A heavy crowbar was stamped with the name of the Brunsig Metal works, Second avenue east.

COMBINE MAN MEETS WITH WATER USERS

Commissioner Addison W. Smith, who is to leave the first of next week, returned to Washington, D. C., on Monday to confer with a committee of water users' association relative to proposed construction of a new water tower at the city of Twin Falls.

Commissioner Smith has accepted an invitation to deliver an address at a banquet held Sunday at the dedication of a monument to Mark Massacre Rocks on the Old Oregon Trail near American Falls. The monument is to be erected by the Sons of Idaho, with the cooperation of Wells chapter, Daughters of the American Revolution.

FIX DATE FOR LAYING CORNERSTONE OF NEW L. O. S. TABERNACLE

The cornerstone of the \$65,000 L. O. S. tabernacle will be laid by William T. Jack of Oakley, president of the Cassia stake, Sunday afternoon, October 23, at 3 o'clock. The program will be in charge of President L. G. Kirkman of the Twin Falls stake.

Elmer E. Hurlbert of Ernest White and company, who is superintending construction, said last evening that laying of brick would begin Friday. The foundation is practically ready for the brick now. Bishop E. M. Boush said last evening that the work had progressed so rapidly and satisfactorily that the cornerstone could be laid next Sunday, but it was decided to postpone the matter a week in order that the program might be arranged.

There will be a large number present from Cassia county and all the wards of Twin Falls county will be largely represented. The general public will be welcomed.

In the box is the cornerstone, among other mementoes, will be the autographs and signatures in parchment of all who contributed toward the erection of the structure.

A parchment roll for such signatures has been sent to each of the five wards of the county: Twin Falls, Buhl, Kimberly, Hollister and Murrough.

People made their get away. Indications were seen at the Ed George garage of a futile attempt to force open a rear door.

Beauty Treatment We give to each customer a free oiling and shaving—service station at 1300 Oregon paper.

The Weather

The weather has been doing all sorts of queer antics during the past few days. Early Sunday morning the mercury went down to 21, which was two degrees lower than during the 24-hour period of the night, reaching only 41 for the minimum.

TEACHERS OFFER HELP IN WELCOMING TEACHERS

Twin Falls merchants will contribute to the welcome for public school teachers of six teachers to be here next Friday and Saturday to attend a district convention of the Idaho Educational Association.

Members of Twin Falls Chamber of Commerce merchants' committee in session last evening, not only pledged financial contribution to the extent of meeting the expenses of visiting speakers, but on their own initiative they authorized appointment of a committee to arrange for entertainment of the visiting teachers.

It was agreed that automobiles should be mobilized for a sightseeing excursion to the world's highest bridge and other points of interest in the vicinity, and it was suggested that a dance should be given in honor of the city's guests on this occasion.

The chamber of commerce is co-operating with Twin Falls teachers in carrying out the program in honor of the city's guests on this occasion.
