UTAH AGGIES WILL DEDICATE STADIUM

Clash With Colorado Team Is Likely to Be Feature Game of Conference for Day.

LOGAN, Utah, Nov. 1.—Utah Aggies will dedicate their new stadium on Saturday, November 5, when they meet Colorado Aggies in what will probably be the feature game of the conference for that day. Fitting ceremonies and exercises will be carried out in dedicating the first to be begun in Utah. Governor George H. Dern and President A. W. Ivins of the board of trustees will be among the dignitaries who will officiate in the day's ceremonies.

Though the men are inexperienced Coach Romney is developing the best teams that Utah Aggies have ever had. The Farmers have a greater array of backfield material than ever before probably and this has developed a more powerful attack than is usual with aggie teams. In the first three games of the season the Aggies had scored 87 points to lead all of the teams of the conference in scoring in conference games.

In the aggie backline are Hawley, Warburton, Wade, Hurren and Spurr, letmen and Welch, W. Bennett, Worthington and Sparks who are playing their first college football. Leading linemen are Captain Lindort, Gibbons, Martin, Nelson, Nelson and Cranney, lettermen, and Gardner, Jensen, Bergeson, Sorenson, Judah, Day, Baxter, Vandenberg and Rabble, all of whom are new men.

Following the Colorado Aggie game the Utah Aggies will play Denver university at Denver on Thanksgiving Day, November 11. On Thanksgiving they will meet their time honored foe, the Utah State team, and on December 8 the leading players on the squad and Coach Romney will lead for Honolulu where on December 17 the Aggies will meet the University of Hawaii.

ABE MARTIN

Lots of so called grouches would love to be pleasant and affable, and mix with people, but they don't want to be doing favors an' listenin' to hard to be a young lady an' we had to be like in wash tubs, we didn't try it again very soon," said grandmaw Lark, T. day.

(National Newspaper Service)

AGRICULTURAL POLICY OF ADMINISTRATION IS OBJECT OF CRITICISM

(Continued From Page One)

that the prices farmers pay for what they buy in the United States are on an abnormal high basis relative to prices in world markets in which the farmers sell their surplus.

Dr. Taylor advocated the deputation plan for making the tariff effective, saying the export commission plan, appearing in the present tariff rates is less simple and proposes to assess the cost of disposing of the surplus back to the producer.

"There are those," he said, "who believe essentially the same result could be secured by a careful and selective reduction of the present tariff rates. He said the use by politicians of the term 'economically unsound' regarding farm legislation proposals was puzzling.

"The administration," he said, "objected to farm legislation because it might stimulate production, and then approved an appropriation of \$70,000,000 to expand the agricultural area through reclamation. It objected to farm relief as increasing prices of food and raw material, and then approved a 50 per cent increase in the tariff on pig iron. It soon became evident economically sound" was being used by the administration in a political and not in an economic sense.

Governor Adam McMullen, Nebraska, the first speaker, said the farmers of both parties should strive for the nomination of men who are right on the agricultural question. He attacked Senator Borah for "his attempt to stem the movement toward Governor Lowden" and asserted Borah had "no other purpose than to divide western farmers in the interest of eastern reactionaries."

NEBRASKA'S SNOW ALLIANCE, Neb., Nov. 1 (AP)—Northwest Nebraska today was partly blanketed by a snowfall that melted in this section during the night. It melted readily.

lard, who has been creating quite a sensation in past games will no doubt do the bulk of the work for the victors.

The game is called for 3:30 Thursday afternoon and many fans who have formed a downright affection for the Cubs will no doubt be on hand.

MANAGER EXPECTS GOOD ADVANCE SALE FOR BIG IDAHO GRIDIRON CLASSIC

UNIVERSITY OF IDAHO, Moscow, Nov. 1.—A good advance demand for tickets to the Idaho-Washington State interschool football game at Pullman, April 12, is anticipated by George E. Horton, graduate manager of athletics at the University of Idaho. Horton says Mr. Horton, Idaho graduates at Orofino and Polk have placed orders for blocks of seats. The Orofino backers have indicated that approximately 125 will attend from there while Polk has spoken for forty seats in the Vandal section. The advance sale to date has amounted to several hundred seats. Mr. Horton has been advised by Idaho graduates at Orofino that it interest in the big game continues to climb a special train will be considered.

SHOSHONE ELEVEN WILL MEET BELLEVUE'S TEAM

SHOSHONE, Nov. 1 (Special to The News)—The local football eleven will angle with Bellevue tomorrow in the first of two scheduled games this week. The locals will journey to Rupert on Friday for the second game of the week to meet the strong eleven of that city.

"Little is known of the Bellevue team but it is understood they have cleaned up in the upper Wood river valley. Dope reports them as not heavy, but with plenty of speed in the backfield. The locals are in good condition for the contest and Borden is groomed to repeat his performance of last week of the week to meet the strong eleven of that city.

NEBRASKA'S SNOW ALLIANCE, Neb., Nov. 1 (AP)—Northwest Nebraska today was partly blanketed by a snowfall that melted in this section during the night. It melted readily.

FAMOUS RING FIGURE ANSWERS LAST CALL

Passing of "Spider" Kelly Removes One of Most Famous Characters From Pugilism.

SAN FRANCISCO, Nov. 1 (AP)—Passing of "Spider" Kelly in Richmond, Minnesota, today removed one of the most famous figures of the ring and at the same time severed a boxing partnership that has endured 40 years. "Tim" McGrath, who "book hands in partnership" with Kelly four decades ago, narrated the story of two immigrant Irish lads, one from County Limerick, the other from County Kerry, who met in San Francisco at the age of 15. The pair became one of the greatest team of seconds boxing has known.

Shortly after arriving here Kelly started boxing, first four rounds, then 25 and finally going the 45-round route. He met in the ring many of the famous fighters of other days. He fought Joe Gans when that negro was in his prime and McGrath told how Kelly's resourcefulness helped him in avoiding a knockout. Coming for the twenty-fifth and last round Kelly was able to hold up his hands. Kelly whistled in Gans' ear, "It's lucky for you it ain't ten rounds more. It so surprised Gans he was unable to score with a telling blow during the round.

Kelly, around 1900, gave up fighting and began the second career that was to carry him to the top of the ladder. As a manager and second he had under his wing at various times such ringsters as Abe Attell, Frankie Neil, both former champions, Jimmy Britt, Peter Maher and Tom Sharkey. Kelly is credited with bringing Jack Dempsey and Jack Kearns together.

WHITNEY WINS PURSE NEW YORK, Nov. 1 (AP)—Harry Payne Whitney annexed another rich purse today when his Botolph, ridden by R. Workman, won the \$25,000 Riggs handicap at a mile and a half. The winner came within three-fifths of a second of establishing the track record. Black Panther ran second and Mike Hall third.

BRUIN DEFENSE GETS TEST; CHANGES LOOM

Backfield Comes in for Severe Drill; Division Show Improvement; Coaches Not Content.

A hard scrimmage, the first of the week, opened a long practice session for the Bruin last evening. Coach Platino was restless with his charges and after a long grind of offense the Bruin were given the ball on the one yard line and told to back it over, which they proceeded to do rather often. The Bruin defense was given a thorough test and apparently did not meet the approval of the coach. Changes in the forward wall may be expected before the Gooding encounter.

The backfield came in for severe drill also and although the backs are showing improvement Platino is not content. As a whole the Bruin look improved, and more precision in getting off plays and a certain smoothness is beginning to mark the work of the team. Constant drill on plays and formations has marked the work of the week so far and it is doubtful if scrimmaging will be held again before the tilt with the Senators.

Bruius Work Hard If hard work will defeat Gooding the Bruins have the game neatly tucked away. The Senators have had two easy games, in the past two weeks, giving them considerable rest in preparation for the championship drive of this month. Prince and Toon have led the attack from the backfield so far this year, ably assisted by Meezer, until he fell a victim of nostalgia and returned to the state of the Granges. Just why Gooding has not piling the team at Bruin has not been revealed, but it is thought that the Basque was being saved for Twin

Felix Senator backers are confident to the extent of odds that Gooding will take the Bruin scalp without a great deal of trouble. Bruin supporters are not so confident many figuring that the break will decide the game, while others believe the Senators overrated. It will no doubt be one of the best grid contests of the season and many fans will accompany the team to the North Side city. Coach Platino has not been advised of the time of the game as yet, but it is hoped that it will be late enough to allow the fans to leave after lunch and reach the North Side city in time for the contest.

UTAH AGGIE GREENLINGS TO MEET UTAH FRESHMEN

LOGAN, Nov. 1.—The Utah Aggie freshmen coached by Stiel Anderson and Harvey Kirk will meet the University of Utah freshmen in Salt Lake on Friday, November 4. The Aggie greenlings have developed into a very capable first year team and they are expected to push the Papooses in their annual battle.

The Aggie freshman team is drawn from every section of the state of Utah as well as from Idaho, Wyoming, and in one case California. Among the first string men on the squad Captain Richmond, center, is from Payson; Hunaker, guard, Box Elder; Adams, guard, Kanab; Harris, guard, North Cache; Hess, tackle, Box Elder; Peterson, tackle, Box Elder; Layton, tackle, Davis; Tate, end, Tooele; Tugley, end, Box Elder; Cottrill, end, Wyoming; Davis, end, Carbon county; Reese, end.

NEW GYM SUITS ARRIVE FOR JUNIOR HIGH GIRLS

New gymnasium uniforms which were ordered recently for the girls in the physical education classes of the junior high school have arrived. Mrs. Vera C. O'Leary, principal, announced yesterday.

Uniforms for this year are of a different type than those worn by the girls in former years. The uniform consists of black bloomers, white jersey, white belt and white stockings. They were purchased through the La Jolie pharmacy which sent a representative to take the measurements of those buying the suits.

JONES' BRUIN CUBS WILL PLAY KIMBERLY

Second String Team Working Hard; St Vance Still Limping Around With Bad Leg.

The Cubs will take on Kimberly here Thursday afternoon in the final tilt of the season for the youngsters. Jones has been driving his charges equally as hard as the first string this week and while no new plays have been attempted the Cubs are showing some form. St Vance is still limping from his battered leg received at Shoshone and Frazzle got a wrench last night in scrimmaging. Neither player, however, will be kept on the side lines as a result of the injuries.

The Cubs displayed a real fighting heart at Shoshone; after having 18 points scored against them in the first few minutes of play the youngsters staged a comeback that could have made Dempsey champion. Holding the heavier North Side eleven until in the last quarter when mudday ball gave Shoshone a chance to score the Cubs ate mud and baited.

The Kimberly eleven will probably be a little heavier than the Cubs and will have heavier men. While the invaders lost some early season games they have shown fine improvement and have been taking some games during the past few weeks. Bal-

Camel

Made for one purpose
—to promote pleasure

Camel is attuned to the mood of the smoker who seeks pleasures rather than panaceas. Offered as a cheer not as a cure.

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobacco.

There is pepper -- and pepper -- high grade -- and low grade. Between them -- there is a difference which you can taste. None but top-grade pepper berries go into Schilling's. The quality of Schilling Pepper does not waver -- ever.

WORLD WHEAT STOCK SHOWING INCREASE

Visible Supply Reports and Weather Conditions in Argentine Send Quotations Down.

CHICAGO, Nov. 1 (AP)—With world stocks of wheat showing 19,150,000 bushels increase, the wheat market underwent a sag at the last today. Reports of fine weather in Argentina and of excellent crop prospects throughout that country acted also as a bearish influence.

Considering that Liverpool prices were weak and that Canadian country marketings were 2,144,000 bushels against 3,755,000 bushels a year ago, Chicago wheat quotations held fairly steady on the whole, the actual quotations for the day keeping within a range of a bushel. Export demand for North American wheat was slack, but less pressure in Canada and northwest were the lowest yet this season, and with other near winter conditions suggested the likelihood of a crop surplus and the movement and quality of the Canadian crop.

Estimates of Yields Enlarged On the other hand Liverpool advice were current and wheat yield were being enlarged and that notice was being taken of improved grading of receipts from Canada. Liverpool said a private Canadian estimate put the Canadian crop at 450,000,000 bushels, as an offset, however, the estimated crop surplus of 1,000,000,000 bushels is reduced to 480,000,000 bushels, an amount much below recent predictions.

Latest figures on the world's available supply are 227,977,000 bushels, compared with 207,294,000 bushels last year. Corn developed strength, although crop estimates of the Canadian yield were being enlarged and that notice was being taken of improved grading of receipts from Canada.

Foreign and local holders were sellers of January land, and this circumstance together with lower quotations on hogs weakened the provisions market.

Table with 5 columns: Wheat, Open, High, Low, Close. Rows for Dec, March, May, Dec, March, May.

CASH GRAIN CHICAGO, Nov. 1 (AP)—Wheat—No. 3 red \$1.23. Corn—No. 2 mixed 82 1/2c; No. 3 mixed 80 1/2c; No. 2 yellow 81c to 82 1/2c.

IDAHO STATE NURSES HEAR LEARNED TALKS ON VITAL SUBJECTS

Twin Falls Physician Favors High Uniform Standard; Boise Nurse Tells of Hospital Training; Banquet Closes Event.

A banquet for 45 delegates and visitors at the Park hotel last evening marked the close of a semi-annual meeting of the Idaho State Association of Graduate Nurses that was held here.

During the day the nurses and visitors heard addresses by Dr. D. L. Alexander, president of the Idaho State Medical Association; Miss Louise Gerrard of St. Luke's hospital, Boise, and Miss Helen Kersey of San Francisco, regional secretary for the American Red Cross. The meeting which was held in the business and Professional Women's club rooms, was presided over by Miss Helen Smith of Boise.

Dr. Alexander's address was in the nature of a report on a recent meeting of the American College of Surgeons at Detroit, having to do in part with improved standards and registration for nurses.

Uniform registration was favored in the report. At present there is not complete cooperation and some states do not recognize the registration of others but require nurses moving to one commonwealth to another to register there. National registration would cure this trouble, it was said, and bring about uniform standards.

At present requirements are higher in some states than in others. He urged universal high standards.

Training School Work The paper of Miss Kersey was read by Mrs. George Meier of Boise. Referring to the problem of the training school in Idaho, she said that getting the highest possible results were pointed out. In large cities it is possible for a number of hospitals to cooperate in securing a high class instructor. Owing to the fact that hospitals in Idaho are small and scattered, she said, it is impractical. Nevertheless, the work of training nurses in Idaho is of incalculable benefit to the people.

The paper was previously read at Portland in June at the Northwest hospital conference. Like the report of Dr. Alexander it received warm commendation.

Willie Willis BY ROBERT QUILLEN

"It wasn't my fault about Skippy's little brother's nose. I was learning him to box and I didn't know it would break that easy."

OFFICIALS ANNOUNCE HIGH SCHOOL GRADES

Ten Per Cent of Students Earn Grade of A; Seven Per Cent Draw "Red" Marks.

High school grade statistics for the first six weeks period in Twin Falls were released for publication by Principal D. N. Terry yesterday. Grades reported followed the "normal probability curve" very closely.

High school grades are given for work accomplished by students in the high school. These grades are from high school to low A, B, C, D, E and F. A grade of E indicates a "condition" which may be removed by the student by improving the quality of his work.

Failure is indicated by the grade F. Grades of E and F are known as "red" grades and are not sought after by most students.

Table showing the number of students making each grade: A (112), B (232), C (307), D (107), E (23), F (7).

Grades and the number of students receiving each in the 12 departments of the high school are shown by the following table:

Table with columns Subject, A, B, C, D, E, F. Rows include Science, Por. Lang., History, Math, English, Commercial, Pub. Speaking, Home Ec., and Total.

AMERICANIZATION IS TOPIC FOR LUNCHEON

Twentieth Century Club Hears Aspects of Work Considered; Red Cross Drive Is Endorsed.

Americanization was the principal subject for consideration at the meeting of the Twentieth Century club at its monthly luncheon at the Roosevelt hotel yesterday. Mrs. E. M. Wolfe had charge of the program.

At a business meeting presided over by Mrs. James D. Wpelin, after the luncheon, it was voted to acquiesce in the request of Mrs. D. L. Alexander that the club take charge of canvassing half the city in the Red Cross registration and a committee consisting of Mrs. E. M. Wolfe, Mrs. E. C. Patrick, Mrs. B. E. Price, Mrs. H. C. Maguire and Mrs. Harry Vogel, was appointed to make such arrangements for that event. Community singing led by H. H. Barnes was a feature.

Red Cross Plans Miss Helen Kersey, regional secretary for the American Red Cross, covered the subject of the work and needs of the organization in a brief talk. She said that, aside from the Mississippi flood, for which special appropriation was made, no less than 70 disasters and received assistance from the society during the past year.

In the case of the flood, \$100,000 had been appropriated for relief work. The Florida disaster cost \$200,000 to the Red Cross. As a result of unusual conditions the treasury is badly depleted. Miss Kersey said. She expressed hope that the fullest cooperation would be given. One of the disasters was at Jackson Hole, at the Gros Ventre flood.

Talks on Child Needs Miss Elizabeth McLean, who has charge of the treasury, said that in Denver, Colorado, told about the work done there in connection with bringing out children who were suffering from mental or other inhibitions and cited several specific instances of children whose parents seemed hopeless who were reclaimed by improved environment and viewpoint.

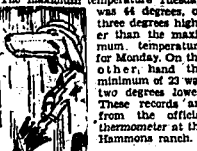

Teaching the Foreigner Americanization among foreigners was graphically told by Ralph Wolf, secretary of the railroad Y. M. C. A. at Pocatello. He said that "if foreigners would ask constitutional questions that would stump the average lawyer to answer, he recommended that the treasury be paid out of the pocket of Peter Roberts, a Scotch Presbyterian minister for use. He said some times foreigners who did not know that liquor selling was illegal were tempted to make and sell it by Americans who did know and who were suited to violate the law. Mr. Wolf said that people of southern Europe were peculiarly susceptible and responsive to trading in the line of citizenship, owing to their idealistic points of view. He said 60 per cent of Americanization work is done through the Y. M. C. A.

Helps the Traveler Mrs. Albert Connor, also of Pocatello, secretary of the national travelers' branch of the Y. W. C. A., told of the work of that organization in settling foreigners who were astray on the right road, also in helping children and old people who run away from home. She said children are not the only ones who leave home. Some old folks of 60 years or more, run away. A foreigner, routed over the wrong lines in Los Angeles, who took it inland stopped in Pocatello and was helped get on the right routing. It develops later that four of the travelers' secretaries in the national convention had given like assistance.

The Weather

Idaho: Unsettled with rains in north portion; moderate temperatures.

The maximum temperature Tuesday was 44 degrees, or three degrees higher than the maximum temperature for Monday. On the other hand the minimum of 23 was two degrees lower than from the official thermometer at the Hammons ranch.

SHIPMENTS OF MONTH BREAK ALL RECORDS

Cars Handled Both Ways Are More Than Double Those of October of Last Year Here.

The heaviest shipments ever made to and from Twin Falls freight depot were made during the month of October, just closed, when a total of 2625 cars were handled. The highest previous month was in 1925 when 2506 cars were handled.

The total shipments outward for the month of October 1926 amounted to 1346 cars, as compared with 1265 cars during the past month 1346 cars were received while for the same month a year ago only 85 were received.

The greatest increase was in apples and sugar beans among cars forwarded and in beans and beefs received. Cars forwarded this year were: Beans, 194; beefs, 81; corn, one dried fruit, 18; merchandise, 89; mill stuff, 46; apples, 29; butter, eggs and poultry, 10; spuds, 179; onions, 54; wheat, three; live stock, five; sugar, one; miscellaneous, 16; total 372.

Cars received in the Twin Falls yards in 1927 were: Barley, one; beans, 191; beefs, 625; brick, two; canned goods, six; cement and lime, 13; coal, 58; corn, 605; lumber, 16; merchandise, 182; mill stuff, six; oil and gas, 64; deciduous fruit, 15; fruit baskets, 24; auto, 41; spuds, one; wood, one; onions, seven; wheat, 31; salt, five; livestock, 17; gravel, 24; sugar, two; miscellaneous, 39; total 1346.

In 1926 cars received were: Beans, 81; brick, two; canned goods, five; cement and lime, four; coal, 84; corn, two; dried fruit, one; lumber, eight; merchandise, 184; mill stuff, two oil and gas, 32; deciduous fruit, seven; auto, 25; spuds, 33; wood, one; onions, one; wheat, 10; livestock, eight; gravel, 28; sugar, six; miscellaneous, 54; total 545.

ARGUES FOR STRONG UNITED STATES NAVY

World War Veterans at Luncheon Meeting Hear Shad L. Hodgkin Discuss Defense Policy

With a longer coast line than any other nation, the United States has need of a navy that will be second to none. Shad L. Hodgkin, attorney and former mayor of Twin Falls, told veterans of the world war at a luncheon meeting under auspices of the Twin Falls American Legion post at the Perrine hotel Tuesday.

"Only human nature is changed," Hodgkin declared, "there will be wars and it is our duty, by maintaining an effective navy and a strong army, to make wars abortive. We ought not to cause the people of other nations to agree to limitation of their land forces."

"The policy of the United States in dealing with other nations is a generous one," Mr. Hodgkin declared. "Whenever disaster strikes or help is needed by other nations, it is always the United States that provides relief and food. You will find record of any similar action of the part of another nation when the United States came to grief as in the Mississippi valley flood. The policy of this nation is a humanitarian one and should be continued. It makes for gratitude on the part of the people of other nations; but it would be folly to believe that this gratitude would prevent their making war on us if they were led to believe that our nation had intereracted on their commercial interests."

Mr. Hodgkin traced the history of the United States navy from its origin with John Paul Jones as its commander, and pointed out that it never had met with defeat. He referred to the navy as an instrument for promoting international friendship, and declared that the ground world cruise made by the United States navy under orders issued by President Roosevelt was the crown of diplomatic achievement of that administration.

WANTS MARRIAGE ANULLED Emily Montgomery Quate has filed complaint in the district court for the annulment of her marriage to John Edgar Quate, performed in Gooding, April 12, 1922, by President Roosevelt was the crown of diplomatic achievement of that administration.

and a half week's vacation Monday evening (October 31) at C. Denko, Shoshone street north, Colonel Deake left home for a short time and when he returned the chair had disappeared. He says he considers it possible that it was taken by some boys, as it had no value to anybody except himself. He hopes to see persons who took it will bring it back now that Halloween is over.

New Score Board At Lincoln Field

Lincoln field is adorned with a brand new score board, the first that has graced the field for many a moon. The board, which is about eight feet square, was erected and dedicated by the Red Cross. It is a mysterious organization of high school boys. The Cochrin Outdoor Advertising company donated the lettering. The board bears the slogan "Twin Falls Fight" across the top and the Red Cross logo and visitors along the bottom with space for the score by quarters. The board carries on the local color scheme having a white back ground with blue lettering. It was the intention to have the board ready for the filler game but wet weather delayed the painting so that it was not completed until yesterday. It will probably be used for the first time at the Armistice day tilt with Nampa.

ANNOUNCEMENTS

The Missionary society of the Christian church will meet in the church parlors Thursday afternoon. Members have been asked to bring cookies to be packed in the barrels to be sent to the orphan's home in Denver.

The Methodist Ladies' Aid will meet Thursday afternoon at 2:30 o'clock in the church parlors. Completed aprons are to be brought in for the bazaar.

An important business meeting of the American Legion Women's Auxiliary is to be held Thursday evening at the home of Mrs. Walter S. Smith, 129 Ninth avenue east. All members are urged to attend. Members of the executive committee will meet immediately preceding the meeting.

Picket's Progressive Sunday school class of the Methodist church will hold a social at the Harry Wallcut farm Thursday evening.

The Highland View club will meet this afternoon with Mrs. Petzold.

DAMAGE FROM FROST IS THOUGHT SLIGHT

Potatoes Near Top of Ground Nipped in Colder Localities; Onions Exposed Suffer.

Low temperatures of Sunday and Monday nights gave concern to many growers who had not finished digging potatoes or who had onions or apples exposed. That some damage was done in some places seems probable, though its extent is thought not to be great. One wholesale dealer who spent Tuesday in the fields said the loss of potatoes would be slight, only those at the top of the ground and green were affected. Another gave the same opinion on consulting a number of farmers. A third thought the topmost spuds in a majority of hills got a slight touch of field frost.

The first ground-said damage to onions exposed outside would be appreciable, the extent depending on weather conditions within the next couple of days. The severity of the frost depended on location to some extent. The official thermometer at the Hammons ranch put the low point Sunday night at 25 and Monday night at 23. The depot thermometer registered 24 for Monday night, while it is stated that the thermometer at the Amalgamated Sugar company was two degrees higher.
