## BRUINS PREPARING FOR NAMPA CONTEST

**Coach Plastino Emerges From Practice With Broken Rib; Next Game to Be Good One.**

The Bruins last evening started preparations for the Nampa Bulldogs with a vim that cracked Coach Plastino's ribs. The coach, carrying the ball for direction purposes, was viciously tackled by several husky Bruins with the resultant fractured rib. The whole team of the Bruins was in good last night and apparently the loss of the chance at the district title has not affected the mental attitude of the team.

While the Nampa team has suffered several defeats this season they are a strong contender with several men of experience in the lineup. Garzly who holds down a tackle berth for the Junior city lads will be remembered here as a member of the famous junior high team of 1923. He has taken on considerable beef since then and is now the famous Moose for his weight. He lives up to the family tradition for football practice.

**Beats Is Good**  
Ricks, another three year man who has done an end, has made history for the Bulldogs. He is one of the best defensive ends in the state and considerable of a great ball player on the reverse play. Bowman, fullback, is perhaps the outstanding player of the backfield. He has weight and a reasonable amount of speed. His heads up football and does the punting for the invaders. The team looks like it will have a good season.

The Bruins suffered no injuries in the game with Gooding and the squall reported in good condition last evening. Little scrimmage and much good football was played. The contest Friday looms as one of the outstanding games of the season.

## Twin Falls Bruin Cubs Not Ready to Close Grid Season

The Twin Falls Cubs are not satisfied to close their season at the present time and are anxious for negotiations with the league for a return game. The Cubs have been going strong for Thanksgiving day to be played in Kimberly before the return game. The Cubs have been going strong for the last two weeks and the inexperience that was so evident in early season games has disappeared. The club line is capable of making tough sliding for the Bruins and some mighty strong men have been developed on the club forward wall. The backfield also has been showing much better with Knight and Frazzle leading the pack.

## SALT LAKE SCHOOL MAY PLAY TWIN FALLS BRUINS

**Games Sought With Team Outside of State; Utah Elvies Have Made Envious Records.**

Negotiations are under way with Granite High school of Salt Lake to come here to play the Bruins on the annual Turkey day ball. No Thanksgiving day game was scheduled earlier in the season and now that the Bruins have been scored upon by a game is sought with an out of the state team for that day.

Granite has been scored upon but once this season and usual built up an enviable record. The usual game with East high which should have been played here this season was being coming by reason of the ruling made by the officials of East high that no interstate games would be scheduled. While definite arrangements have not been completed as yet local officials feel confident that the game will be played.

## Dam Break Makes Freshet in River

There was quite a freshet at great Shoshone Falls in the Snake river Monday resulting from the washing out Sunday of a section of the Idaho Power company dam at American Falls. The water here went up about 16 feet but did no damage. The damage at American Falls is estimated at \$5000. The view from the Shoshone falls a most impressive appearance.

## DO NOT BASKET BALL BEGINS SECOND WEEK

**Contest of Season; Cougars Are Defeated by Wolverines.**

Donald Bacon's Wolverines defeated the Cougars last night in the first game of the season. The Cougars, captained by Billy Thomas were victors in a close game with Robert Smith (frame of the season game). The initial contest of the second week of the doughnut basket ball series at the Twin Falls high school. Elmer Olvens of the Wolverines was the star of the first game making 23 of the 35 points and the Vikings seemed to be able to connect with the basket from any angle almost at will in spite of the efforts of the Cougars to hold him. The principle difficulty with the Cougars was their slowness to take advantage of the breaks of the game. They were slow to take the offensive and consequently lost many opportunities to score. A slight advantage in weight was held by the Wolverines.

**Best of Season**  
The contest between the Vikings and the Cougars was the best game of the year from every standpoint. It was the most closely contested, most interesting to the spectators and the Cougars were completely outplayed by the Vikings. The Cougars were completely outplayed by the Vikings. ## Reward Is Offered For Nevada Youths

A telegram asking the arrest of Ernest Kittle, 17, and William Evans, 18, and offering \$10 reward for the capture of each, was received last night by the police department here from the Nevada State Penitentiary. Kittle had either a grey hat or grey cap and Evans a cowboy hat. Evans wore a blue sweater coat of fur collar. He had a slight scar on his right cheek. Kittle had grey eyes. The color of Evans' eyes is not given. The telegram says the boys are auto thieves.

## TINGWALL'S BOWLERS LOSE TO LAUNDRYMEN

**John Bates is High Man With Score of 192; Troy Laundry Sets New High Mark.**

Bowlers from the Troy laundry set a new high team score for three games last night in their defeat of the Tingwall's department store team by a score of 2315 to 2088, in the Twin Falls Commercial Bowling League. The previous high score for three games was held by the Grill cafe team. Scores by games in last night's tournament were: Troy Laundry, 781, 727 and 795; Tingwall's, 678, 747 and 663. Lee McCracken was high man in the first game with a score of 183. Bob Gault ranked high in the second contest with 173 closely pressed by Hooker with 172. John Bates took honors in the third session with 192. John Bates of the laundrymen snared a difficult shot on a spare in the second game with a score of 183. Bob McCracken netted a bad split in the third frame of the last game, which was duplicated by Bill Ford in the fifth frame of the same game. Lineups and scoring for last night's play follow:

## SANDE TO GET HEARING

BALTIMORE, Md., Nov. 7 (AP)—The Maryland racing commission, which revoked the jockey license of Sande for committing an alleged foul in the Pimlico Futurity Friday, will give the noted rider a hearing tomorrow. This was announced tonight by James A. Latanz, chairman, following receipt of a written request from Sande that he be given an opportunity to state his case.

Sande has been reluctant to discuss his disbarment, which prevents him from riding or serving as a trainer on any North American track, until he stands before the commission. He will introduce a disbarment party in his behalf, understood to be jockeys who rode in the classic. Sande's disbarment is alleged to have cut in front of 1927 Chicago, the favorite.

**MARCONI ILL.**  
LONDON, Nov. 7 (AP)—William Marconi, wireless inventor, the Daily Express says, is critically ill in London. He has not been well since his recent visit to the United States, which had a strenuous time, the strain of which is now telling on him.

## Many Want Tickets For Army-Navy Tilt

NEW YORK, Nov. 7 (AP)—Although the Army-Navy football classic scheduled this year at the Polo grounds, is nearly three weeks off, there have been applications for every available ticket. This was indicated today by the mass of applications received at the offices of the New York Giants.

Approximately 75,000 seats will be available for the game, a record for New York, but it is estimated that 90,000 applications have been made for them through all sources. The bulk of the tickets are disposed through the retail service academies of the Army and Navy association. There is no public sale, the grand stand tickets are priced at \$4 each.

## Arguments on Church Organization Open At Meeting in East

LANCASTER, Wis., Nov. 7 (AP)—"God wouldn't change his mind so soon." The Apostle C. Wheaton of Independence, Missouri, told an interested audience listening to the first of a ten day series of debates here last night. He was referring to the way in which he said the original church had been altered by the reorganized church of Christ of the Latter Day Saints. The debate started last night with the question, "Resolved, that the reorganized church of the Latter Day Saints is the true and lawful continuation of the church organized April 6, 1830, and is in harmony with said church in origin, organization, doctrine and practice."

This question will be argued the first five nights. Then it will be "Resolved, that the church of Christ is the true and lawful continuation of the church organized April 6, 1830, and is in harmony with said church in origin, organization, doctrine and practice."

L. T. Holloway, representing the reorganized church, told of the history of his organization, pointing out that his church was organized with a president but with 12 deacons in charge. He said that in making the change so that they could have a president, the reorganized group had to change some of the revelations. "This is not the true spirit of God," he said, "God wouldn't change his mind so soon." At the end of 10 days a decision will be announced by three moderators—one appointed by each debater and the other a disinterested party—but it will have no effect on actual government of either church.

## NEW PILOTS FOR BIG LEAGUE CLUBS IN '28

Bill McKee will be manager of St. Louis Cardinals; Phillies Change.

NEW YORK, Nov. 7 (AP)—National League teams will have at least three new pilots for the 1928 pennant race. This was assured today when two shifts were announced almost simultaneously, one resulting in the selection of Bill McKee to succeed Bob O'Farrell as manager of the St. Louis Cardinals, and the other sending Bert Shannon to replace Stuffy McInnis at the helm of the Phillies. The Boston vacancy, created by the departure of O'Farrell, never has entered managerial ambitions, and succeeded Rogers Hornsby, it is understood, only at the urgent request of President Sam Breadley.

The latter now is convinced that "to spoil a great catcher like O'Farrell is an expensive way of obtaining a manager." Given a \$5000 salary-increase, O'Farrell will be free to attend to his backstop duties. It is a comeback for McKee, who led Pittsburgh to a pennant and world championship in 1925, but was released at the close of the 1926 season after a season had cropped out in the Pirates ranks and spoiled their prospects of repeating.

NATIONAL REPRESENTATIVES: President, King and President, New York, Chicago, San Francisco, Los Angeles, Seattle.

ON LINDBERGH'S DEEDS: Art Goebel, who won the Deby flight from California to Hawaii, wants to make a follow-up tour of the United States.

It sounds interesting, and far be it from any bystander to say him nay. Aviation deserves all the legitimate publicity it can get.

Nevertheless isn't the enterprising Mr. Goebel just a little rash in his plans? At every step he will challenge comparison with Lindbergh?

A safety council report covering a period of eighteen months in one Eastern city shows two hundred eighty-four persons killed in automobile accidents.

These figures are startling. The traffic and industrial accidents seem to be on the increase.

More than half of the deaths in homes were caused by falls on stairs, or over playthings left on floors to trip the unwary.

The law can be made to help in eliminating traffic and industrial accidents. Safety education, good sense and individual precaution are the chief aids to accident prevention in homes.

STUDENTS: This may be, for some readers, a new slant on college life. A Chicago newspaper man who has been studying students in the various colleges quotes approvingly this statement from a professor:

"Most of the boys in college have to work, either during vacation or in the school term. It is a boy working his way through college, naturally he hasn't much money to waste on liquor and parties."

REUNION IN OKLAHOMA FOR FORMER IDAHO RESIDENTS: Twelve former residents of Twin Falls who lived in San Francisco or Oakland, attended a meeting last Wednesday evening in Oklahoma of the Idaho State Club of which Dr. W. P. Pike, formerly of Twin Falls, is president.

CARD OF THANKS: We extend our sincerest appreciation and thanks to our many friends and neighbors who were so kind and generous in their contributions to our funeral.

SYLVIA of the MINUTE

By HELEN R. MARTIN

"Most people born to great riches... you've been, certainly are not troubled with your difficulties, Mr. Creighton. I've always been poor, so I can't quite feel your plight."

"All my life I've felt bitterly the awkwardness of my family's living in luxury on the labor of others who live on the ragged edge of poverty."

"You take life as seriously as I did in sixteen! Grow up and be a civic life, for we are happy, though rich. Can it matter to the vast universe how we worms on this tiny earth behave?"

"Not to the vast universe—but to a white neck here. Got to have (tragic) laws you know, and you can get off the high road to a road no one else uses; where, of course, you'll have a right to drive yourself to death if you wanted to. But can you find such a road? Can you?"

"His voice trailed off into silence as he looked at her, his eyes fixed on her face while he had been talking so had become conscious, as he looked at her, of seeing a face within a face—the child-like face of that photograph of Miss Schwencken that hung in the hall."

CHAPTER IX

Four o'clock on Monday afternoon, at which hour Miss Pringle, though not aware of the fact, was looking at the swimming of a reception at her schoolhouse, found her disconcerting her pupils with almost frantic exclamation, that she might be called to answer a letter she had received that morning.

Highway Bond Issue Question Is Settled

The decision of the supreme court of Idaho Saturday holding that the bonds and warrants of the 116 highway districts in the state aggregating \$1,800,000 were valid and would have been valid even without the 120 validating acts of the last legislature removes the question of the validity of these bonds. Senator J. J. Sweezy, attorney for the Twin Falls highway district, declared.

This district had bonds amounting to \$1,250,000 involved. The statutory federal court which originally held the issue to be unconstitutional, recently held the defect cured by the validating acts, so on either theory of the case, the bonds are valid, as the Idaho court says there was no defect to begin with.

Will Speak at Buhl—Senator M. J. Sweezy, who is to speak at the public Armistice day exercises in Twin Falls Friday, will speak at similar observance at Buhl in the evening.

### SPEAKERS OUTLINE PLANS FOR PEACE

#### Senator M. J. Sweeley and Harry Benoit Discuss Methods of Securing World Harmony.

That personal contact of representatives of various nations will do more than diplomatic correspondence to bring about peace was the thought of Senator M. J. Sweeley at the peace meeting in the Methodist church Sunday night. Harry Benoit, past commander of the Twin Falls post, American Legion, spoke on the legion plan for peace. There was appropriate music by the choir and a solo by A. Wilton Peck.

**Favors Adjustment**  
Senator Sweeley said that every recent president beginning with Grover Cleveland had favored peaceful settlement through conference, arbitration or some other means. He briefly named the executives and their deeds. The republican party in 1920 favored entrance into the League of Nations. President Harding favored it; President Coolidge favored it; Secretary Hughes and Secretary Kellogg favored it; yet we are not in it because politics has blocked the way, he declared. He pointed to the success of the first disarmament conference, the failure of the second, and touched on the coming Pan-American conference in Havana, next January.

**The Legion Plan**  
Mr. Benoit said that the American Legion stood for peace. It favored entrance to some sort of international court or organization, but by no means opposed the world court or league of nations as the specific means to the end.

### HISTORICAL PAGEANT TO BE STAGED AT SHAMROCK

The pupils of the Shamrock school will give a pageant entitled "In the Land of Shadows" at the school house on Friday evening, November 10. The pageant will be given in costume and will represent six episodes of history with a tableau at the end of each episode.

### FINAL TRIBUTE PAID TO VETERAN OF CIVIL WAR

#### George W. Conrad, Who Served Three Years as Member of Cavalry Regiment, Rests Here

George W. Conrad, veteran of the Civil war, who since coming here with his son 10 years ago had been confined to his home by paralysis, was buried Monday in Twin Falls cemetery following funeral services conducted by Rev. E. C. Barton of the Baptist church at the Drake chapel here. Mr. Conrad had made his home for nearly 20 years with his son, A. C. Conrad, at whose residence, 212 Ramo street, he died last Friday evening. He was the father of four sons and two daughters. His wife died nearly 40 years ago.

Mr. Conrad was 20 years old when the Civil war broke out in 1861. He enlisted June 27, 1861, in Captain William M. Taylor's company, C. of the sixth regiment of Missouri cavalry, and served with that organization through many of the major campaigns of the Mississippi valley region. He was discharged at the expiration of three years service July 15, 1864, at Greenville, Louisiana.

Returning to his home in Missouri, Mr. Conrad married and was for a number of years engaged in farming. He also was a skilled stonemason and was employed at that trade. Later the family moved to Indian territory, now Oklahoma, and then to Texas. With his son, Mr. Conrad came to Twin Falls from Montrose, Colorado, nearly 10 years ago.

### BUHL COWS LEAD IN ASSOCIATION TESTS

#### J. R. Long Animals Top Large Herd, and J. R. Crawford, Medium Herd Divisions.

A herd of 26 registered and grade Holsteins owned by J. R. Long, Buhl, produced an average of 1135 pounds of milk and 35.5 pounds of butterfat during October and led the Pioneer Cow Testing association large herd division for the month, according to the report of J. B. Byrnes, tester.

J. R. Crawford, Buhl, is the owner of ten registered and grade Holsteins that produced an average of 813 pounds of milk and 31.5 pounds of butterfat and topped the medium herd division, and J. B. Wiseman of Hanes, with a herd of five registered and grade Holsteins that produced an average of 1020 pounds of milk and 30.8 pounds of butterfat, led the small herd division.

Four hundred sixty-one cows in 25 herds in the association during the month produced an average of 592 pounds of milk and 24.1 pounds of butterfat. Seventy-one of the cows produced more than 40 pounds of fat. The average included dry cows.

**Honor Roll**  
The honor roll for the month with the number of cows in each herd producing 40 pounds or more of butterfat, is as follows:  
J. R. Crawford, 4 cows, or 40 per cent of herd; George Evans, 2 cows, 40 per cent; W. J. Emery, 2 cows, 40 per cent; J. R. Long, 10 cows, 38 per cent; D. Adams, 4 cows, 29 per cent; C. Baker, 3 cows, 23 per cent; L. J. Trunkline, 6 cows, 21 per cent; C. D. Jones, 2 cows, 21 per cent; A. Tandler, 6 cows, 21 per cent; E. J. Diehl, 1 cow, 18 per cent; C. E. McClellan, 4 cows, 18 per cent; C. E. McClellan, 4 cows, 17 per cent; C. Middaugh, 4 cows, 15 per cent; J. Weber, 3 cows, 15 per cent; C. H. Hempelman, 4 cows, 14 per cent; C. Walker, 1 cow, 14 per cent; F. Mulder, 1 cow, 12 per cent; J. Gott, 3 cows, 11 per cent; F. Aldrich, 1 cow, 11 per cent; White Eyerson, 1 cow, 10 per cent; P. Neer, 1 cow, 10 per cent; W. McCaulley, 1 cow, 10 per cent.

### TWO ARE GIVEN ONE HOUR TO LEAVE CITY LIMITS

Space of one hour to leave the environs of Twin Falls was the sentence passed upon two "carried beer" drunks Monday by Police Judge H. D. Road. The men who were requested to depart for points elsewhere gave their names as Jack Stanton and George Kearns.

### MOTOR VEHICLES IN COUNTY OVER 8000

#### Assessor Points to Necessity of Owners Preparing Answers Under New Law Beforehand.

During the first ten months of 1927 up to November 1, there had been collected in Twin Falls county a total of \$129,250.00 on 7683 passenger cars and 748 trucks, against \$111,472.00 on 7142 passenger cars and 612 trucks during the same period in 1926, according to figures compiled by C. Claud Stewart, assessor, Monday.

These figures, while gratifying to Mr. Stewart as a Twin Falls citizen as evidencing the prosperity of the section, are lacking in other consolatory features.

**Fly in the Ointment**  
The assessor looks forward to the beginning of operation of the new auto license registration law January 1, with some misgivings. Although the new statute does not provide that the assessor shall make out the blanks for owners, Mr. Stewart wants the state department to make this wonderfully clear, since the filling of nearly 8000 blanks after January 1, while collecting the licenses would rather strain the physical and mental resources, not to speak of the patience of the office force. Mr. Stewart says that the state department sends out the blanks and announced that they will be mailed to all present owners in ample time. He wants the department to remind present owners of the necessity of having the blanks filled when they come in to the assessor's office.

The blanks are not brief affairs

with a "yes" and "no" square for marking with an "x" like one would in voting on a bond issue. There are 23 main questions and one of these is in four sections. The assessor looked up the names of the number of questions they were prepared by some lawyers who were used to getting up interrogatories as evidence for jurors, but did not complain about this feature; only pointed out with an air of resignation the long list of inquiries that Fred Lukens wants answered and then with obvious pride called attention to the number of motor vehicles in the county.

#### Not Hard to Answer

The questions in themselves are simple, but the time required to fill out so many answers on each of 8000 blanks would be quite impossible unless done beforehand, he says.

#### NOTICE TO CONTRACTORS

Bids will be received by the Twin Falls Highway District on November 12, 1927, at 2:00 P. M., for the grading of two miles of road.

J. D. SINEBA, Director.

### SOCIETY AND CLUBS

Edited by Mrs. E. B. Williams Phone 399

Marjorie Hayward, daughter of Mr. and Mrs. Nelson Hayward, celebrated her eleventh birthday Saturday afternoon with a pretty party for several of her girl friends, at the home of her parents. Jean Sprague assisted Mrs. Hayward in entertaining with games and contests, prizes being awarded Katherine Colwell, Julia Patrick and Roberta Sanders. The table where refreshments were served was especially attractive with decorations in pink and white. The centerpiece was a white birthday cake topped with eleven twinkling candles and placed were marked with pink and white all day stickers. The favors were dainty handkerchiefs. The guests were Elizabeth Bothwell, Roberta Sanders, Katherine Colwell, Betty Jean McArthur, Mary Harrison, Barbara Barrett, Mar-

garette Ward, Ruth Reed, Opal Davis, Jean Sprague and Julia Patrick.

The Salmon Social club met with Mrs. Frank Thielten, October 27, with seven members and one visitor, Mrs. Edwards of Gooding, present. After a brief business meeting the afternoon was spent socially. The hostess served refreshments, after which the club adjourned to meet with Mrs. Glen Thielten November 10.

## "Electric Power!— A Consumer-Owned Industry"

**Says Haley Fiske**  
President of the Metropolitan Life Insurance Co.

"There can be no doubt that light and power distribution is a most important element in our life, in the community, in the neighborhood, in the household. The ownership of the electric light and power companies is now in the hands of more than 2,000,000 direct investors in public utility stocks, and indirectly, in the hands of millions more of bank depositors and holders of life insurance policies through their ownership of public utility bonds. This is people's ownership under public regulation."

**SINCE** Mr. Fiske's statement was made the number of investors in electric power companies has grown to over three million.

It is estimated that during 1926, nearly four hundred thousand customers bought over three million shares in the electric power companies serving them. All told, over thirteen and a half million shares of stock have been purchased by the customers of these companies. These owners are found in every walk of life.

Two companies alone report nearly fourteen thousand customer stockholders, representing 269 separate occupations. The movement toward customer ownership of industry finds its largest expression in the electric power companies

because of the high sense of responsibility developed by these companies in their dealings with the public.

Operated under the American principle of individual initiative, and directed by a personnel of tested integrity and public-mindedness, these companies have so definitely identified themselves with the interest of the public, that the structure of America's prosperity and progress rests to a large degree upon their service.

America's unequalled level of comfort and prosperity, made possible through cheap, abundant power, developed under the American principle of individual initiative, is the best of reasons why that principle should be preserved and perpetuated.

\*The complete text of Mr. Fiske's statement will be furnished upon request.

QUOTATIONS ON WHEAT HIGHER ON MARKET

Corn Displays Strength Owing to Forecasts of Rain and Snow; Oats Shows Advance.

CHICAGO, Nov. 7 (AP)—Wheat developed an upward tendency today, stimulated by reports of rust and frost in Argentina and by smelting of the United States visible supply increase.

Closing quotations on wheat were nervous at the same as Saturday's level, 1/2c higher, with corn 1/2c to 3/4c advance, and provisions unchanged to a rise of 1/16c.

Late upturn in wheat values were mainly a response to the fact that the domestic visible supply total exhibited an increase of only 304,000 bushels, an amount far less than generally had been looked for.

Speculative buyers in the corn market found a dearth of future delivery offerings until the May price had risen to around 82c. At that point, profit taking set in.

Provisions were responsive to an upturn in hog values.

IMPRESSIVE STRENGTH ON DAY'S STOCK MARKET

NEW YORK, Nov. 7 (AP)—For a session sandwiched in between two holidays today's stock market gave an impressive demonstration of strength. Wall street was favorably impressed by the fact that the new United States government financing and this was stressed as a "bull" factor in the market comment of several of the leading commission houses. Some of the high priced specialties were run up five to 15 points, largely at the expense of an overvalued short interest, with gains of one to three points fairly widely distributed. Total sales again crossed the 2,000,000 share mark.

### CONTRACTOR PUSHES IMPROVEMENT WORK ON THOROUGHFARES

Grading on Ninth Avenue More Than Half Done, to Be Completed Within Few Days, W. Harkins Tells City Council.

Street grading preparatory to traveling in the improvement district No. 58 on Ninth avenue east is more than half done and will be completed late this week. William Harkins, contractor, advised Twin Falls city council in regular session last evening. Grading is to be started immediately thereafter in improvement district on Fifth avenue east.

The council, on receipt of this advice, passed the ordinance making the levy for the Ninth avenue district and confirmed the assessment roll for the Fifth avenue district.

Four trucks, 10 teams and a large force of workmen are employed in the work on Ninth avenue. Will Gravel at Once Mr. Harkins, who has the contract for six street improvement districts in Twin Falls, said that gravelling on the Ninth avenue improvement would begin as soon as the grading had been finished. He said that he would proceed as rapidly as possible with the grading as he could gravel after freezing set in but could not grade frozen ground. He said that in the event there should be a wet spell after the grading he would keep the streets in shape with his scrapers. Graveling will be pushed as rapidly as possible. Without promising to finish the whole contract this year Mr. Harkins said he hopes to do so. Action confirming the roll on the four remaining districts was postponed until next meeting to defer collection of taxes until necessary for construction.

Suggests Improvement H. W. Merritt, city engineer, reported to the council that grading and gravelling of 130 linear feet at the end of Second avenue east, at a cost of approximately \$150 would connect the improved section of that street with Blue lakes boulevard. It was decided to take the matter up with owners of property.

Bills Allowing \$2275 were allowed. Rolls Are Nearly Finished The assessment rolls for the improvement districts for taxes heretofore collected by the county are being completed. City Clerk O. M. Hall stated. He said that he had two girls from abstract offices on the way to get them into the hands of the city treasurer in time so that he could get them to the taxpayers in due time.

### FULL WEEK OF ACTIVITIES PLANNED BY GIRLS' CLUBS

Plans of Twin Falls high school's Girl Reserves indicate a week full of activity. Four groups will hold meetings this week. "Hobby" is the theme of the program to be given this afternoon at 4 o'clock by the Preston-Bophomore crew in the Blue Triangle club room. The ring committee, Margaret Hieckers, chairman, will have charge of the meeting. This meeting will prove of interest to all girls who are working for Girl Reserves' rings as one of the requirements necessary to gain this award is the following of some hobby. Recognition service for new members will be held by the Eighth Grade club Wednesday afternoon at 4 o'clock. The candle lighting ceremony will be held at this meeting. Members of the Philo Philo club meet in the club room Thursday noon. "Sowing Seeds" is the topic to be discussed.

### GUARDSMEN TO BE GUESTS

Officers and members of company E, 116th engineers, Twin Falls unit of the Idaho national guard, will be guests of Twin Falls Kiwanis club at a dinner meeting Thursday evening. E. P. Parry is to be the speaker of the occasion. The Kiwanis club, some months ago, voted to sponsor the national guard organization.

### TWO ARRESTED IN RAID FACE GAMBLING CHARGE

Ernest McDowell and Conrad Kelley Taken Early Sunday Morning at Castleford.

Ernest McDowell and Conrad Kelley entered pleas not guilty when arraigned in probate court here yesterday on charge of gambling. They were arrested Sunday morning at Castleford by Deputy Sheriffs Charles E. Jones and E. P. Prater of Twin Falls, and Jess Husted, chief of police at Castleford. A. A. Bailey placed their bonds at \$500 each. Trial will be held Thursday, November 10, at 10 a. m. Officers who were watching the barber shop where the arrest was made for some time as reports had been made frequently that gambling was in progress at that place. Officers raided the shop about 4 o'clock Sunday morning.

P. Prater, who signed the complaint, stated that several men were playing poker about a table in the rear of the shop when the arresting officers entered. Only the proprietor of the shop, Ernest McDowell, and the banker for the game, Conrad Kelley, were arrested. No money was in sight at the time of the arrest.

### SEAVER GETS COMMISSION

Staff Sergeant Joseph H. Seaver, Jr. has been promoted to second lieutenant assigned to duty with company E, 116th engineers, Twin Falls unit of the Idaho national guard. He is to succeed Lieutenant J. Paul Thomas, who has been promoted to first lieutenant to fill a vacancy caused by resignation of Harold B. Hamilton. Mr. Hamilton and his family left last week to make their home in Los Angeles. The promotions have been approved by the major commanding and the Idaho adjutant general's office.

### MERCHANTS VOTE TO PUT ARMISTICE DAY ON HOLIDAYS LIST

Decision to Close Business Houses in Forenoon for Balance of Day Reached at Bureau Conference.

Armistice day was made a permanent closing day in Twin Falls, at a meeting of Twin Falls merchants held in the headquarters of the chamber of commerce last evening. The closing hour was fixed at 10:30 a. m. The action taken was decided on after discussion and in accordance with the plan to observe legal holidays.

The chamber of commerce, in order to learn the exact legal status of first day, telegraphed queries to Governor H. C. Bairdridge and Congressman Addison T. Smith. Governor Bairdridge replied that Armistice day had been made a legal holiday in Idaho by act of the legislature of 1925, and that he had already issued a statement urging mayors of cities and towns to cooperate with patriotic and other organizations to secure observance of the day especially by two minutes' absolute silence at 11 o'clock a. m. Congressman Smith replied: "Armistice day is not a legal holiday by act of congress, but may have been made so by some of the states. The president has issued a proclamation that the people recognize the day as one of thanksgiving and rejoicing over the restoration of peace."

### BIG DEAL IN HAY LEADS TO LITIGATION ON TRIAL

Differences growing out of sale of hay made a year ago by the First National bank of Hagerman to J. W. Peterson, sheepman, gave rise to a legal action in which trial opened Monday in district court at Coalinga. The suit was instituted by the bank to recover approximately \$3000 including alleged unpaid balance due in payment for the hay. Peterson, who has paid about \$10,000 on the hay account, alleges that it was inferior quality and in this action has filed counter claims approximating \$4000. The case for Peterson is being presented by C. A. North and Ray Agard, Twin Falls attorneys.

### INFANTILE PARALYSIS IS DISCUSSED IN BULLETIN

Idaho Public Welfare Department Points Out Danger of Epidemic and Offers Advice.

Danger of an epidemic of infantile paralysis together with suggestions for avoidance of infection, are set forth in a special bulletin issued by the Idaho department of public welfare. It says:

For the past several weeks Idaho has been surrounded almost completely by a severe epidemic of infantile paralysis, or anterior poliomyelitis, and it has been deemed short of a miracle that this disease has not gained a foothold in this state. However, recently a number of authentic cases have appeared in the various sections of the state and the department of public welfare feels it advisable to advise the people to be on guard against the appearance of this disease in their respective localities. This disease is extremely infectious and is usually carried either directly from child to child, or from an adult carrier to a child by the nasal secretions. Contrary to the general belief, the disease does not start as a "cold" but the first thing noticed with the child usually is that the patient is listless, has a temperature which may be not more than 100, complains of headache, has vomiting without apparent reason and go on from this state either to a recovery or to paralysis of death.

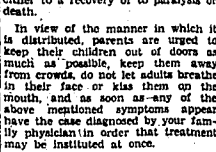

In view of the manner in which it is distributed, parents are urged to keep their children out of doors as much as possible, keep them away from crowds, do not let adults breathe in their face or kiss them on the mouth, and as soon as any of the above mentioned symptoms appear have the case diagnosed by your family physician in order that treatment may be instituted at once.

While we hope that this disease will not assume epidemic proportions in this state, it is felt that owing to the severity of it, it is advisable to urge that all possible precautions be taken to protect against it until the onset of cold weather.
