### PORTLAND NATURAL MARKET FOR IDAHO PRODUCTS OF FARM

#### R. L. Spangler Sees Opportunity for Increasing Shipments of Livestock and Grain to Oregon Coast Center.

BOISE, Nov. 8.—Portland is a natural market center for Idaho livestock and grain, according to the following report of conditions on the Portland market, which was received from R. L. Spangler, representative of the department of commerce and the state chamber of commerce. Outside of these products there is little chance of increasing shipments to the coast under present conditions. Oregon produces a surplus of many of the same products that Idaho does and there is little likelihood of market outlets of the state for many of her products. This is especially true of apples. It is estimated that there will be 1,038,660 barrels of apples as against Idaho's 1,410,000 barrels this year. Oregon also produces about a fourth as many potatoes as Idaho. A great many potatoes are shipped here from Yakima and it is impossible for Idaho to use the coast as an outlet for potatoes as long as Oregon's and Washington's production is enough to supply the demand. Yakima can ship her own potatoes here for less than half what the coast Idaho growers to lay them down here.

#### Livestock Market

Next to Oregon, Idaho ranks first in the shipment of livestock into the Portland market. In 1926 51,623 head of cattle, 5500 head of calves, 68,442 head of hogs and 7170 head of sheep used on this market. A great many of these animals which ship to Portland as a livestock market are from Washington, Montana, California and North and South Dakota principally. The Portland market was monthly an average of about 20,000 hogs during the winter months and about 15,000 hogs during the summer months. Hogs weighing about 180 pounds and not over 300 pounds bring the best prices.

Exporters weighing from 950 to 1400 pounds sell well if they are in good marketable condition. Compared with Idaho's production of Idaho lambs are shipped to this market. It is generally conceded that better prices are secured for hogs of the eastern market. It should be interesting to livestock men, particularly cattle and hog raisers, that hogs shipped to this market and other markets as well from tuberculosis free accredited counties will bring the premium per hundred weight. Granting that the state as a whole was an accredited area the returns to Idaho hog raisers would be over \$12,000 more for the 68,442 head shipped in 1926 to this market alone than if none of the counties were tuberculosis free. This should be an added incentive for Idaho to complete the testing of her cattle for tuberculosis and make the state as a whole an accredited area. The premiums received from hog shippers will more than pay the cost of tuberculosis eradication. As a grain outlet Portland is considered one of Idaho's best markets. Most of the wheat produced in northern Idaho moves west and quite a lot of the wheat from southern Idaho is handled through Portland. A considerable quantity is exported. There is no reason apparent why this port should not continue to be a market outlet for Idaho wheat.

SHOT BY GUNMAN DODDGE CITY, Kan., Nov. 8 (AP)—Chief of Police J. E. Cox, who was shot by a gunman in an attempt to arrest a chicken thief Saturday morning, died here this afternoon.

## WEST COAST TEAMS PREPARE FOR BATTLE

Victories and Defeats Forgotten in Preparation for Big Games Next on the Schedule.

SAN FRANCISCO, Nov. 8 (AP)—Victories or defeats of last Saturday were forgotten today in the hustle and bustle of intensive practice at football clinics of the Pacific coast conference starting preparations for many important games this week-end.

The Bears of the University of California, stripped of what some footballers described as a cloak of over-confidence, settled down to the task of preparing for the powerful invading University of Washington Huskies. Last week's showing, when University of Montana gave them a great battle for three periods before losing, brought the Bears up sharply.

Washington Working Hard  
Washington's hitherto unbeaten team, somewhat shaken from its 13-7 drubbing by Stanford university, snapped into heavy drill.

## DUMB BELLS

## SKUNKS AND Z TEAM WIN DO-NUT CONTESTS

Two decisive victories characterized the doughnut basketball league contests yesterday at the Twin Falls high school.

The individual scorings and lineups were:  
First game: Z team (10): Jones (7), center; Hector (6) and Babcock (2), forwards; Gillette (4) and McClure, guards; Coyote (1); Kerland (2), center; Ward (2) and Evans (6) forwards; Colner (1) and Porter, guards.

Director of Minstrel Calls for Rehearsal  
All the best talent in the Masonic order is urged and expected to be present at 7:30 o'clock tonight at the temple without fail at an important rehearsal for the big minstrel show which promises to be the same of fun making.

## HUNDRED PAY FINAL TRIBUTE TO FIGHTER

"Spider" Kelly, One of Ring's Greatest Figures, Goes to Eternal Rest in Golden Gate.

SAN FRANCISCO, Nov. 8 (AP)—Borne on the shoulders of friends who loved him well, "Spider" Kelly, one of ringdom's greatest figures, went to his eternal rest today.

After a bout with St. Mary's cathedral, the silver gray card containing Kelly's remains was taken to the cemetery, to rest next to his mother, dead 20 years, and his father, who passed away two years ago.

ROLF MAYOR  
SAN FRANCISCO, Nov. 8 (AP)—Early returns on the San Francisco mayoralty election today gave Mayor James Rolf, Jr., a substantial lead over James E. Power, former postmaster here, who resigned to run against Rolf.

BOWMAN NEXT MAYOR  
SALT LAKE CITY, Nov. 8 (AP)—With a vote of 12,997 to 12,081 against him, Mayor C. Clarence Nealen tonight conceded the election of John E. Bowman to the mayoralty.

NEW MAYOR AT OGDEN  
OGDEN, Utah, Nov. 8 (AP)—Frank Francis was elected mayor of Ogden tonight to succeed Mayor George E. Brown, who refused to run.

## CLEKRS ARE VICTORS OVER CIGAR MAKERS

Idaho Department Store Sets New Alley Record in Defeat of Dry Climate Cigar Team.

Idaho Department stores' team defeated the Dry Climate Cigar company's aggregation of bowlers last night in the fifth contest of the Twin Falls Commercial Bowling league.

Cigar Men Outclassed  
The storemen completely outclassed the smokers, making larger team scores in each of the three games played.

Official Score Announced  
Last night's lineup and individual scoring follow:

## NEW YORK FEATURES IN ELECTION OF DAY

From National Standpoint Interest in Polling is Confined to Results in Four States.

(By The Associated Press)  
From the national standpoint, interest in yesterday's elections, held in a dozen scattered states, centered in the fate of a proposed constitutional amendment in New York, opposed by Governor Al Smith, the election of a governor in Kentucky, and the result of a referendum in Ohio and Maryland.

Philadelphia, Nov. 8 (AP)—The republican candidate for mayor with the support of the Vore organization, piled up a commanding lead over J. Hampton Moore, former member of congress, running as an independent.

Philadelphia also, James M. Beck, former solicitor general of the United States, was elected to congress. He is a republican, supported by Roosevelt for-elect Vore.

Running on a platform of liberal enforcement of prohibition, Mayor John W. Smith in Detroit had a slight lead on early returns over John C. Lodge, Mississippi went through the formality of electing Theo. G. Bilbo, a democrat, governor.

Instant power—that's what you get with Winter Conoco Ethyl Gasoline. Just step on the throttle and you're off for knockless miles of real motoring delight.

Winter Conoco Ethyl is an engineering triumph. It is the result of years of exhaustive research by the country's foremost automotive engineers.

And here's what it does at an extra cost to you of barely 25 cents per week:

- Starts quickly.
- Delivers maximum power.
- Causes quicker acceleration.
- Reduces gear shifting.
- Provides smooth operation at any speed.
- Knocks out that "knock."
- Gives you the benefits of high compression even though you may not have a specially constructed high-compression motor.
- Saves many times its extra cost by reducing repair bills caused by knocking when you use ordinary gasoline.

Is it any wonder that Winter Conoco Ethyl Gasoline is the popular motor fuel of local motorists? Ask for it at the Conoco Sign.

SYLVIA of the MINUTE

By HELEN R. MARTIN

He looked so sadly disapproving as he spoke that Sylvia never for an instant supposed he referred to his elder son, whose visits, being strictly professional, would, of course, be beyond criticism of her intimacy with St. Croix had reached the man and he was here today to put a stop to it!

With his usual directness he came to his point. "You were expecting my son? This was, of course, his car that stopped here and then, at sight of mine, drove on—wasn't it?"

Her evasive direct answer to his every question only confirmed him in his darkest apprehensions. "Miss Schweickert," he said abruptly, "I would make it worth your while to resign from this school—and go away!"

"Well, not being very experienced in these transactions," she said, "I am not very experienced!"

"You really and truly are offering me money to give up this damned school and go away?"

the first time in all my life that I've had money thrust at me! Will you give me more, when will you leave?"

"Of course not—you'll have to be reasonable," he protested, feeling shocked that a girl who looked like this should after all be so bold and unprincipled.

"Just what would you call reasonable, Mr. Creighton?"

"Name what it's worth to you to leave and then I'll answer you."

"Well, then, let me see—well, I'll take my railroad fare to Hollywood and enough more to support me (and my family) for six months while I'm convincing the picture makers at Hollywood what a gold mine I'd be for them."

"Your family? You're not going to tell me you have some children to support?"

"No, I won't go so far as that. Only some parents. Two helpless little parents."

"If I give you a check for five thousand dollars, when will you leave?"

"Mealy caught her breath. The sum seemed vast to her. A thousand pounds! It would liberate her from this schoolroom prison, relieve her of her mother and wait for her to turn away California with a sense of ease and security such as she had not known in many years!"

"If you will sign this statement, giving up all claims upon my son—"

SOCIETY AND CLUBS

Mrs. E. E. Kregel entertained the members of the Neighbors of Woodcraft Trumble club Tuesday afternoon at her home on Third avenue east.

Mrs. M. O. Conover, Mrs. Truman Greenhain and Mrs. Willard McManter entertained with a prettily arranged bridge luncheon Tuesday at one o'clock, at the country home of Mrs. Conover and Mrs. Greenhain.

One of the prettiest weddings of the season was solemnized Sunday morning, November 6, at eight-thirty a. m. at the Methodist parsonage when Miss Fannie Humphrey and John H. McGinnis were united in marriage.

The Women's Home Missionary society of the Methodist church will meet in the church parlors Thursday at 2:30 o'clock.

The Ladies of the G. A. R., Dan McCook circle No. 3, will hold a regular business meeting this afternoon promptly at 2 o'clock.

The Bickel school Parent-Teacher association will hold an open house meeting Thursday evening, November 10, at 7:30. Mothers and fathers are invited.

The International Relations division of the L. D. S. church will meet this evening at 8 o'clock at the home of Mrs. Everett M. Sweely, 928 Blue Lakes boulevard.

The next regular meeting of the L. D. S. Hand club will be held at the home of Mrs. Rex Warren on Blue Lakes boulevard, Friday evening, November 11.

which included Mr. and Mrs. M. McGinnis, Mr. and Mrs. Roder McGinnis and daughter Norma, Mr. and Mrs. Alfred Herron, Mr. and Mrs. Glenn Jones, and Virginia Jones of Buhl, Mrs. C. W. Humphrey, Miss Laura Humphrey and Messrs. Hugh and David Humphrey. The bride wore a beautiful tan crepe dress with hat, gloves and shoes to match. They left immediately after breakfast for an extended trip to the coast.

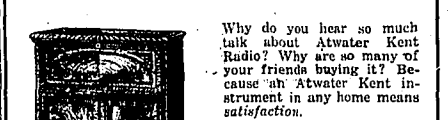

FUNERALS

BAKER—Funeral rites for William Baker, 60, Civil war veteran, who died at his home in Eden Monday evening, will be conducted at the Grosman chapel here this afternoon at 3 o'clock.

BLACKBURN—Funeral services for James E. Blackburn, 63, who died at the Twin Falls county general hospital Sunday following an illness of several days' duration, will be held in the Grosman chapel here Thursday at 2 p. m.

INFANTILE PARALYSIS Boise health authorities in co-operation with the State Department of Public Health have issued an order closing the grade schools of the city in anticipation of a possible outbreak of infantile paralysis.

While there have been but four deaths in the State so far from the scourge, two in Boise, one in Moscow and one in Mountainhome, these widely separated cases are, in a sense, even more disquieting than had all the fatalities occurred in one place.

Apparently very little is known about infantile paralysis. Just how the disease is transmitted has always been a puzzle to materia medica. But it is undoubtedly infectious and apparently highly contagious and to close the schools is merely a common sense move as a means of combating conditions under which the trouble has, in the past, laid heavy hands upon the little ones of school age.

Fresh air, exercise, proper food and clothing are among the best of all means of prevention and if due attention is paid to these there should be little occasion for worry.

GOOD DAYS

"Give us the good old days again. When women were not proud and vain; When fashion did not sense outrun, And tailors had no need to dun; When wealthy parents were not fools, And common sense was taught in schools; When hearts were warm and friends were true, And Satan had not much to do."

So runs the fourth stanza of a yearning song once sung at an annual meeting of an early settlers' association.

Judging from the frequent complaints of the present times we hear on all sides that song might have been luckily sung any day this year by any kind of association anywhere. Actually it was sung on May twenty, eighteen hundred eighty.

Progress and Prosperity Here's another little item to tick away against the approaching national festival of thanksgiving.

The money income of the average people which was sixty-three billion dollars in nineteen hundred twenty-one, has risen to ninety billion dollars, an increase of twenty-seven billion dollars or forty-three per cent.

"JESSE JAMES" From 1862 to 1882 Jesse James led his gang out of reach twice. Jesse was 15 when he first strapped on his revolvers.

### INCREASED TRADING AND PRICE ADVANCE ON POTATO MARKETS

#### Demand at Idaho Shipping Points for Rurals Especially Active; Russetts Record Light Gains.

IDAHO FALLS, Nov. 8.—Increased trading activity and a slight advance in prices featured the potato market last week. At Idaho shipping points the demand for Rurals was especially active, and the cash track market advanced about 10c, with loaded cars of No. 1 Rurals selling at 85c per bushel, reports Wendell Calhoun of the federal market news office at Idaho Falls. Russetts met with moderate demand, and made a slight advance to a range of 90c to 1.05 on loaded cars, according to quality, size, and color. No. 2 Russetts brought mostly 80c per bushel, and made a slight advance to a range of 80c to 1.05 on loaded cars, with a few of the best as high as 80c.

Haulings have been rather light in most parts of the state, but growers being inclined to hold for more favorable prices. A few Russetts have been delivered at around 80c to 85c per bushel. No. 1 stock bulk outright over the warehouse, sorters, or 85c to 95c sacked and graded, while Russetts advanced to around 80c to 85c sacked and graded. Under the light deliveries from the growers, the shipments dropped off slightly to an average of 90 cars per day, or a total of 550 for the week, but indications pointed to heavier loadings this week. Shipments during the preceding week totaled 614 cars, and during the corresponding week last year 423 cars. This brings the total shipments from Idaho to date up to 525 cars, which is just 100 less than the same date last year, but is about 150 cars more than in this time two years ago. Total shipments of potatoes from the principal crop states of the country are running slightly behind those of recent seasons, being about a thousand cars less than to this date a year ago, and nearly 4000 less than two years ago. But the total late crop is considerable, and in this season, so there is going to be heavier shipping competition from most of the principal producing sections.

#### Chicago Market Advances

The Chicago cart market advanced 10c to 15c on Russetts and a nickel on Idaho Rurals the middle of last week, to a range of \$1.80 to \$1.90 and \$1.45 to \$1.55 on the two varieties. Wisconsin whites were quoted at \$1.50 to \$1.75. Reports from receiving markets indicate that the Russetts which have been shipped this season from Idaho have not been up to the usual quality, and as a result are bringing but a small premium over northern stock. At Kansas City Russetts were bringing \$1.05 to \$1.75, as compared with \$1.25 to \$1.60 for Red river Chios from the west. In Fort Worth, the cart market for Idaho and Utah Rurals was \$1.85 to \$1.95, and the first sales of Idaho Russetts to be reported from that market were made at \$2. At Los Angeles supplies increased all during last week, and the market with Russetts at \$1.50 to \$1.60. Idaho passings through Salt Lake City to southern California totaled 75 cars during the week. During the same period the Chicago receipts from Idaho amounted to 185 cars, which was equivalent to just a third of the total shipments from the state.

### DEFERS OPENING OF COURT

Owing to inability to dispose of cases previously set in Gooding and Blaine counties, Judge H. F. Ersten will be unable to open district court here until November 21, he notified H. C. Parsons, clerk of the court. Trials were to have opened court here November 14.

### Age Limit Is Cut Out of Auto Law

B. Claud Stewart was in Burley yesterday consulting the Cassia county assessors concerning the matters relative to the motor vehicle registration law which goes into effect January 1. Mr. Stewart says that he is informed by Charles Kishen of the state department that the official opinion in Boise is that under the new law, the provision forbidding driving by minors under 14 was omitted and that after January 1 the age limit is removed. The explanation is that there were two measures before the legislature which were not contradictory and intended together to cover the whole field. In one of them, concerning who might drive a car, the 14-year-old provision was inserted and this measure was defeated. It was not put into the general law, so that when that measure was passed without it, but repealing the present law, it left no age limit in the statute which goes into effect on New Year's day.

### HANSEN VILLAGE BOARD TO LICENSE DANCE HALL

#### Trustees Approve Retention of Assistant Deputy on Duty at Pavilion.

HANSEN, Nov. 8.—Hansen's dance hall will be operated under license licensed by the village trustees in regular session last evening. The special deputy on duty at the dance hall was retained for another month. Licenses for operation of transfer and day business will be issued for term of one year instead of for one month, it was decided. The board received a number of complaints regarding sanitary conditions, and it was decided to make an investigation with view to improvement of conditions. Ray Vanderpool was granted permission to feed livestock in the corral adjoining the town, on the west, under condition that the premises be thoroughly cleaned before April 1, next. In accordance with his own proposition, A. T. Phelps will be compensated for his work by the wood that he will take in logging runs along Main avenue. The work is to be done under supervision of the street commissioner.

### HANSEN ELECTORS WILL VOTE ON SCHOOL BONDS

HANSEN, Nov. 8.—Hansen school district electors will vote Wednesday on a bond issue for completion of the school auditorium and two smaller adjoining rooms to relieve a congested condition. Pupils now are crowded in one of the rooms already occupied.

Come and Be Face to Face With Thrills!

### GIRLS' WORK LEADERS PLAN FINANCIAL DRIVE

#### Campaign Begins Next Week; Mrs. R. Evans Elected Representative to District Board.

Plans for next week's drive for funds to finance the Girl Reserve work in the Twin Falls district were formulated at a meeting yesterday afternoon of the adult committee in the office of Mrs. Frankie Barnhart, dean of girls, at the local high school. Mrs. Roy Evans was elected as the third member of the local representation on the district Girl Reserve board by the committee at its session yesterday. The goal set for the drive to be made next week is \$2075. This sum is to be used in the maintenance of the girls' work in Twin Falls district which includes the clubs organized in the high schools of Twin Falls, Burley, Piler, Eden and Hazelton.

### District Is Organized

Organization of the district was effected last spring when the former southern Idaho district was divided into the Twin Falls and Nampa districts. Each district now has its individual Girl Reserve secretary and a separate budget. Miss Elsie Sult is secretary for this district and has established headquarters in this city. Each city has an adult committee which sponsors the Girl Reserve work in that territory. From these individual committees representatives are elected to serve as a district board. On this board Twin Falls has four members, Burley, three, and Eden, Piler and Hazelton two each. Mrs. O. W. Witham of Twin Falls is chairman of the committee at its next meeting which will take place in December. Five girls' clubs have been organized in the local schools; three in the southern

### BURL COUNCIL MOVES TO IMPROVE STREETS

#### Resolution Creating District for Graveling Eleventh and Twelfth Avenues Passes.

BURL, Nov. 8 (Special to The News).—The final reading of the resolution creating the improvement district for surfacing Eleventh and Twelfth avenues and their intersecting streets with gravel, was heard by the mayor and city council at their regular meeting last evening and notice is being published this week calling for sealed bids for doing the work. This resolution creating the improvement district was passed unanimously last evening. It is the plan of the city council to get the improvement done before the bad weather sets in for the winter despite the fact that the petition was presented late in the fall by the property owners on those streets. Council also made arrangements for collecting the special improvement taxes at the city hall, which innovation was made necessary under the law passed at the last session of the legislature. A new set of books will be provided for this purpose and the work will devolve upon city clerk and city treasurer. C. G. A. Dives is the city clerk and I. F. Constant is city treasurer.

### CREAMERY BUSINESS DEVELOPING RAPIDLY

#### Two Casein Plants Owned by the Cooperative Association Both Doing Well.

Great confidence in the future of the creamery business in southern Idaho, and of cooperative dairying, was expressed yesterday by D. J. Koening, vice president of the Twin Falls Dairyman's association, on his return from the monthly meeting of the Jerome Cooperative creamery, held Monday. He said that the business is growing rapidly and that the manufacture of casein is proving successful. The Burley casein plant uses 12,000 pounds of milk daily, and the second plant at Burley is doing a good business, and is expected to have 15,000 pounds of milk coming in daily within the next two weeks. The Jerome creamery is establishing its own water system, Mr. Koening said.

### The Weather

Idaho: Unsettled with local rains; moderate temperature. Mercury took a decided slump Tuesday when the maximum dropped 12 degrees from 61 to 49 and the minimum fell from 40 to 34. The precipitation was .10 of an inch.
