

DISORDERS BREAK OUT TWICE DURING DEBATE IN HOUSE OF COMMONS

Viscount Cecil Accuses Government of Responsibility of Breakdown of Geneva Armament Contab; Sessions Halt.

(By The Associated Press) LONDON, Nov. 18.—Disorders broke out twice during debates in the house of commons on the armament and the coal situation, climaxed a day of excitement in parliament today.

MacDonald Calls for Censure The disorders arose after former Premier Ramsay MacDonald had urged a vote of censure of the Baldwin government for its neglect of the unemployment situation. He called for an immediate remedy for the increasing distress and unemployment among the coal miners.

Mr. Philip Cunliffe, president of the board of trade, attempted to answer for the government but the laborites contended that Premier Baldwin himself was directly responsible for the increasing distress and unemployment among the coal miners.

When the session reopened at six, the scenes were repeated, government opposition members facing one another angrily. As the prime minister started to leave the house he was surrounded with demonstrators from the laborites. The cry "Coward! Coward!" was frequently heard.

FOUNDED OF WRITING SYSTEM ENDS LABORS

Austin Palmer Goes to Last Rest in New York Following Brief Illness; Noted Teacher.

NEW YORK, Nov. 18 (AP)—Austin Palmer, originator of the Palmer system of handwriting which is in use in public schools of many cities, died here today after a short illness.

For a quarter of a century he campaigned to introduce his system of writing, maintaining that his system would prevent lateral curvature of the spine arising from cramped position of the arms while writing by other methods. He estimated that 25,000,000 persons in the United States had been taught his system.

The first edition of his text book, "The Palmer Method of Business Writing," was issued in 1900. At Cedar Rapids, Iowa, he established the Cedar Rapids Business College, in which he was president at the time of his death.

HIGH COURT DISMISSES BLAINE COUNTY'S ACTION

BOISE, Nov. 18 (AP)—Blaine county is barred by the statute of limitations from recovering \$1570.11 from Butte county, the supreme court held today, in affirming the judgment of the state county district court dismissing the action brought by Blaine county.

Butte county was created by the 1917 legislation by passage of which Blaine county was established to adjust and settle indebtedness. Accountants filed their report August 19, 1917, showing that Blaine county is indebted to Blaine county for Butte county's proportionate share of the cost of two bridges.

Delicatessen Clerk Tests Movie's Pie Barrage on Robbers

NEW YORK, Nov. 18 (AP)—When Samuel Scher, delicatessen clerk, was held up by two armed men who ate the picnic comedian, who lay down pie barrages, one better and then some.

He started to run, but when the supply gave out he moved on to pate de foie gras, tinned sardines, casseroles and boiled ham. The robbers pointed pistols when they entered, but as Scher went into action they shouted: "They don't drop," dropped to hands and knees and scrambled for the door.

Specific Relief Legislation for Agriculture Is Passed Up in Final Sessions; No Concrete Proposal Advanced.

(By The Associated Press) KANSAS CITY, Mo., Nov. 18.—Specific farm relief legislation, such as the proposed farm relief bill, was passed up here today at the final session of the American Farm Bureau convention.

An informal vote, however, showed almost unanimous opposition to any attempt at pie fixing by the government in an effort to stabilize agriculture and take care of surplus production.

More than a score of delegates met this afternoon with the resolutions committee, which had announced it would accept no legislation, but the resolutions committee, farm relief legislation, but no concrete proposals were advanced by the delegates.

NEW INFANTILE PARALYSIS CASE BOISE, Nov. 18 (AP)—The infantile paralysis situation continued unchanged today in Boise although a new case of the disease in Moscow was reported to David Burrell, commissioner of health.

The air ministry looked upon the belief that any accident to the liners would be reported quickly.

Estimating that 90 miles an hour, bombers calculated that the "Princes" could be well over Asia tonight unless forced down. The 4000 mile route of the liners to Paoan, India, lay across Germany, Poland, southern Russia, the Caspian sea and Afghanistan.

A more northern course than that followed by the three transatlantic attempts to reach India in non-stop flights, those of two royal air force machines and the Levine monoplane Columbia.

The course lies over some territory that is very wild and remote. The "Princes" have been in the air for hours and the fliers believed they would reach their goal within that time, probably early tomorrow morning.

An element of safety, taken into consideration by observers here, is that the plan is not a continuous flight at the start, would be continually lightened by the consumption of gasoline.

Featured Comedian Meets Death in Auto Wreck in Arizona

YUMA, Ariz., Nov. 18 (AP)—Gene Campton, featured comedian of Fox Film studios of Hollywood, California, was killed and his two cousins, George and Harry Baldwin and Sue Langford, were injured in the overturning of Campton's automobile about 100 miles east of Yuma today.

Miss Langford's back was broken while Miss Baldwin suffered numerous bruises and possible internal injuries. The girls were brought here on a freight train and placed in the Yuma county hospital. It was feared Miss Langford would die.

FARMERS' CONVENTION OPPOSING ATTEMPT AT FIXING OF PRICES

(By The Associated Press) KANSAS CITY, Mo., Nov. 18.—Specific farm relief legislation, such as the proposed farm relief bill, was passed up here today at the final session of the American Farm Bureau convention.

An informal vote, however, showed almost unanimous opposition to any attempt at pie fixing by the government in an effort to stabilize agriculture and take care of surplus production.

More than a score of delegates met this afternoon with the resolutions committee, which had announced it would accept no legislation, but the resolutions committee, farm relief legislation, but no concrete proposals were advanced by the delegates.

Indorse Waterway Construction Construction of the Great Lakes-St. Lawrence waterway "at the earliest possible moment" was endorsed as a means of bringing relief to agriculture through reduced transportation costs to the sea.

Resolved by C. E. Collins, livestock raiser of Col. Canon, Colorado, was adopted, condemning the practice of large packing companies in maintaining private yards at the principal livestock marketing centers. It was resolved to continue the depressing effect upon the general level of livestock prices.

At Superior, Wisconsin, traffic was disrupted as all available snow plows had been pressed into service to clear the streets. Ironwood, Michigan, in the upper peninsula region, had restricted contact with the outside world.

Schools reopened in northern Wisconsin and Michigan. The Duluth-Superior harbor was covered with ice. The lowest temperature northwest was at Havre, Montana, where the thermometer was 8 below.

INDUSTRIAL EMPLOYMENT IN IDAHO REACHES ITS PEAK LEVEL IN OCTOBER

BALT LAKE NOV. 18 (AP)—Industrial employment in this year dropped to its lowest level this year during October, according to the monthly industrial employment report issued by the Bureau of Labor Statistics of the United States.

The shipping of cattle and sheep is affording employment to a great many men, and a constant feeding of the animals during the winter months for a number of men.

BROADCASTING CHANGED WASHINGTON, Nov. 18 (AP)—A sweeping order, changing the broadcasting operation of radio stations, was made effective December 1, it is designated to clear 23 channels between 600- and 1000-kilocycles.

SPIT IN COMMUNIST PARTY'S FORESEEN Warsaw Correspondent Predicts Changes in Present Government of Russia Soon.

LONDON, Nov. 18 (AP)—The Warsaw correspondent of the Daily Mail, writing on December 1, predicted that the anniversary occasions and the consequent "let-up" in the long run must undermine the present government.

RECORD EARTHQUAKE WASHINGTON, Nov. 18 (AP)—A "very severe" earthquake was recorded on the seismograph at Georgetown university at 10:28 p. m. Destructive tremors had been reported in the last 2-1/2 hours and its greatest intensity was reached at 11:00 p. m. It was probably more than 800 miles from Washington.

WIFE'S 'TURKEY' TALK WAS VALUABLE; HEAD OF FAMILY TO TAKE ADVICE

LLANO, Texas, Nov. 18 (AP)—Mrs. J. C. Winkler talked "turkey" to her husband but he paid little heed.

Winkler planned his few acres of land to cotton; Mrs. Winkler fenced off a patch of land for a little less than \$100. Mrs. Winkler's advice sold turkey for the Thanksgiving market and received almost \$1000.

Winkler will devote his time next year to raising turkeys.

STATES OF MID-WEST IN GRIP OF WINTER

CHICAGO, Nov. 18 (AP)—Michigan and Wisconsin were recovering today from the destructive effects of the middle west's first winter storm at the blizzard swept eastward over Lake Huron.

Subjected during the past 48 hours to a snow and wind storm, the upper Great Lakes states were digging their way back to normalcy. Shipping and traveling were stopped for the past two days and was halted by a 40-mile gale, and had driven all possible late had snowed out.

Schools reopened in northern Wisconsin and Michigan. The Duluth-Superior harbor was covered with ice. The lowest temperature northwest was at Havre, Montana, where the thermometer was 8 below.

MURDER TRIAL DRAWS ON TO LAST CHAPTER

SAN FRANCISCO, Nov. 18 (AP)—Major Victor M. Locke, picturesque Indian leader, tonight faced his peers for the jury while attorneys fired the final volley of their evidence.

The state asked the death penalty. Base Plea on Pledge The defense based its case on appeal to Major Locke from fellow tribesmen to fulfill an Indian pledge to protect his women and elders and cited a series of alleged attacks by Battled on tribal girls and the murder of his father.

The defense closed its case after the introduction of expert testimony regarding "Locke's" mind. Dr. E. Fuller, neurologist, declared on the stand that in his opinion the defendant was sane.

HOME OF PRESIDENT IS VALUED AT \$22,000,000 Although 100 Years Old the White House and Grounds Are Most Valuable Property

WASHINGTON, Nov. 18 (AP)—Although more than 100 years old, the White House and the grounds surrounding it today were appraised at \$22,000,000 in the national capital.

Governor Baldrige Arranges to Attend Twin Falls Meeting BOISE, Nov. 18 (AP)—Governor H. C. Baldrige accepted today the invitation of Will H. Gibson, president of the public utilities commission, to attend the December meeting of the Central Western shippers' advisory board in Twin Falls, December 14 and 15.

SALES OF TESTIMONY IN FEDERAL PROBE OF TAMPERING SUBSIDING

WASHINGTON, Nov. 18.—The sales of testimony which have lashed to the federal government's investigation into charges of tampering with the Fall-Sinclair oil conspiracy trial, have subsided today.

An order citing Harry M. Blackmer, missing witness in the conspiracy case, to show cause on January 6, next, which he should not be adjudged in contempt, failed to appear to testify at the trial before Justice Frederick L. Siddons in the supreme court building at Columbia, Mo., was issued by the justice.

Order to Seize Property The order directed the United States marshal to seize all property of Blackmer's to the extent of \$100,000. The action was based upon a statute passed at the last session of congress.

Blackmer, who was chairman of the board of the Midwest Refining company, was wanted regarding the "Continental Trading company" through which, it was charged, \$200,000 in oil was sold to the state of Albert B. Fall, then secretary of the Interior, after leasing of Teapot Dome oil lands to Harry P. Sinclair.

The citation was ordered mailed to Blackmer's attorneys, Nathan L. Miller, former governor of New York, and James Gordon Battle, of New York, who, it was understood, would not appear in court.

INDUSTRIAL EMPLOYMENT IN IDAHO REACHES ITS PEAK LEVEL IN OCTOBER

BALT LAKE NOV. 18 (AP)—Industrial employment in this year dropped to its lowest level this year during October, according to the monthly industrial employment report issued by the Bureau of Labor Statistics of the United States.

Yale Divine Carries Bag of Sermons to Game—Has Trouble

NEW HAVEN, Conn., Nov. 18 (AP)—The sermons of Dean Charles Reynolds Brown of the Yale divinity school are more familiar to the student body than to the dean's face, so when he attempted to carry a traveling bag into the Yale bowl last Saturday he was halted by a student ticket-taker.

In vain the dean tried to convince the lad that he was only a passenger divine with a bagful of sermons which he was taking to Cambridge. Before he could enter the stadium he was forced to make the rounds until he found a ticket-taker who recognized him.

STRIKERS' ACTIVITIES SHIFT TO NEW SCENES Over a Hundred Picketers Face Frowning Muzzles of Machine Guns; Woman Leads Band.

DENVER, Nov. 18 (AP)—The theatre district in the Colorado capital shifted to new northern fields. The only actively displayed by the strikers today was at the Columbine mine.

LABOR LEADER TO SEE CHIEF WASHINGTON, Nov. 18 (AP)—The labor leader, who was scheduled to see President Coolidge today on Governor Fisher of Pennsylvania, was arranged to see President Coolidge today on Governor Fisher of Pennsylvania.

LESS THAN 200 AND 1000 FARMERS WERE HERE BY FRIDAY NIGHT WHEN THE GRANGE'S RITUALISTIC WORK REACHES ITS SENIORITY. WILLIAM H. GIBSON, IDAHO, WILL ADDRESS THE FARMERS' FOLLOWING FRIDAY NIGHT'S RITUALISTIC CEREMONY.

PITTSBURGH DISASTER DEATH TOLL IS AT 30

PITTSBURGH, Nov. 18 (AP)—The death toll in the north-west district gas tank explosion probably will not mount much beyond 30, officials declared tonight after another day of intensive search for bodies.

Intensive Search Fails to Reveal Any Additional Bodies; All Parts of Plant Explored.

Without a very section of the plant, the search for bodies was stopped. Wrecked when a huge gas tank of the Equitable Gas company let go Monday morning, was thoroughly explored today, it was announced without increasing the number of fatalities.

REPUBLICAN COMMITTEE ARRANGES FOR MEETING WASHINGTON, Nov. 18 (AP)—The republican committee on committees announced today that it will hold a meeting in December 1 to fill vacancies in that party's membership on the standing committee.

MASTER OF NATIONAL GRANGE OPTIMISTIC OVER FARM OUTLOOK

WASHINGTON, Nov. 18.—Senator Borah, republican, Idaho, will say his committee has a good stand by the parties in the coming presidential campaign on the eighteenth amendment, before the convention of the national grange at Cleveland.

Despite Present Dark Clouds, Future Holds Silver Lining of an Efficient and Prosperous Agriculture," Declares Taber.

At the request of the grange, Senator Borah, republican, Idaho, will say his committee has a good stand by the parties in the coming presidential campaign on the eighteenth amendment, before the convention of the national grange at Cleveland.

It is considered likely, however, that the Idaho senator will take the opportunity to present also his views on farm relief.

CLEVELAND, Nov. 10.—Despite present dark clouds the future shows silver lining, says the efficient and prosperous agriculture," Louis J. Taber, master of the national grange, told more than 8000 American farmers here at the organization's annual convention.

Taber declared that the nation's largest farm organization attacked the charges that the farmer has not kept pace with other industries in efficiency.

Intensive Search Fails to Reveal Any Additional Bodies; All Parts of Plant Explored.

Without a very section of the plant, the search for bodies was stopped. Wrecked when a huge gas tank of the Equitable Gas company let go Monday morning, was thoroughly explored today, it was announced without increasing the number of fatalities.

ASSESSOR SUGGESTS PLAN FOR OPERATING NEW LICENSE RULING

Outlines Plan for Expediting Work of Filling Out Certificate of Ownership Blanks; Against Issuance of Receipts.

S. Claude Stewart, Twin Falls county assessor, awaiting an answer from P. E. Lukens, state commissioner of law enforcement, relative to certain suggestions made by Mr. Stewart with reference to expediting the work of getting certificates of title on file under the anti-theft law. In the same letter, in which these suggestions were made, Mr. Stewart objected to the plan of the department to have receipts instead of license plates issued to those who have had their plates wholly clear, pending determination of ownership at Boise.

Opposes Twilight Zone

Mr. Stewart pointed out that in his opinion either the assessor should be invested with the decision in all cases as to whether ownership was proven, or that should become the sole duty of the state department. He pointed out that the statements made in a recent interview to the effect that it was not the duty of the assessors to fill out the proof blanks and that any attempt to do so would swamp the office.

After a preliminary paragraph in which he thanked the state assessor for assistance given by its deputy, Mr. Shrontz, Mr. Stewart in his letter said:

Not Assessor's Duty

"My interpretation of the new law is that nothing is to be construed making it the duty of the assessor to fill out the application for a certificate of title but that each applicant must be properly filled out and signed by the individual before presenting same to the assessor and making application for license.

Too Much Work

"My thought now is that while we may be able to secure assistance to do our work for us, I do not care to assume this extra work of filling out applications for certificate of title, and will refuse to do so at the beginning of the year. I do not want to do this work and in a county like Twin Falls where we have so many motor car owners, we must be able to assume this work it would slow up the issuance of plates to such an extent that it would be the middle of summer before we were through. This would very much interfere with our assessing work which also starts in early January.

Work for Notary

"I had thought, however, of having some live notaries who would be able to familiarize himself with the form to be filled out and establish himself at some convenient place, possibly separate from the court house, to fill out these applications for certificate of title and charge a reasonable fee to those who want the service. Then the applicant could present his or her application properly filled out, signed and acknowledged to this office and make application for license. He would check application and if in our judgment same is correct we will then issue license plates, but should we not be able to satisfy ourselves as to the correctness of such application, or if such is incomplete to such an extent as to not warrant our issuing license plates, I think it best that we not issue even a receipt, but forward same to your office.

Deeds to Receipt Plan

"Past experience tells us that when a receipt is once issued and the applicant permitted to operate his car on such receipt, he will then take his time in coming back for plates, and if we were to issue plates to some and only receipts to others, it would not be able to keep license numbers numerical and in a short time our records would be so jumbled up that we couldn't tell head or tail to them. The best we can do is wait until our applications returned but by using some precautions returned applications can be reduced to a minimum.

Dealers Might Help

"Going back to the filling out of the application for certificate of title, I believe dealers would be especially interested in taking care of their own customers to the extent that they would be willing to lend some assistance in the filling out of their application, and I think would very materially speed up the issuance of certificates of title if you would provide us with a liberal supply of forms at an early date, that we might in turn call on the dealers and go over the subject matter in detail with them, each then as best we could in the filling out of these applications and the requirements of the new law, leaving with each dealer a few application forms."

Stripped Gear Stops Local Traffic Signal

As a result of a stripped gear in the control box of the traffic signal on the corner of Main avenue and Shoshone street the signal will be out of commission for several days. The new part must be obtained from Syracuse, New York, and until it arrives there will be no direction of traffic at this corner.

Considerable difficulty was experienced by motorists for a time yesterday following the failure of the signal. An officer was stationed at the corner for several hours to direct traffic, but was called away from that post by other duties. Police Chief R. E. Leighton asked that motorists cooperate with the police force in an effort to prevent traffic angles until the signal can be repaired.

No Grounds for Fear Of Epidemic Disease, Says Health Officer

Groundless fears of epidemic disease have caused nothing at Twin Falls schools. It was stated last evening by Dr. George C. Haley, county health officer.

"There is absolutely no basis for any rumors that epidemic infantile paralysis or meningitis exist in this county," Dr. Haley stated. "If at any time in the future any danger of epidemic should develop, the people of the county may rest assured that they will be given adequate warning and proper methods for combating the danger will be applied promptly."

Dr. Haley stated that he had been called upon recently to make a number of investigations where infantile paralysis or meningitis was suspected by neighbors or other persons who had heard rumors. In none of these cases was the suspected child found to be afflicted, the health officer stated.

Two cases of meningitis have occurred within the county within the past few weeks, and the patients in both cases have recovered. Dr. Haley stated. In another case meningitis was suspected, but the complication following influenza that proved fatal.

The three cases were in widely separated points in the county, one being at Idaho Falls, another at Hollister and the third in the vicinity of Fliler.

RED CROSS ON SCENE OF FLOOD DISASTER

Relief Organization Executive Tells of Activities in New England Area.

The American National Red Cross is financing the entire flood relief program in the New England area from its national treasury, supplemented by whatever voluntary contributions may come in according to advice received last evening by George E. Balch, chairman of the Twin Falls Red Cross chapter, from J. Arthur Jeffers, manager of the Red Cross Pacific branch.

No appeal for funds for this work will be made, he was stated.

The relief program in the New England area was outlined in Mr. Jeffers' letter, which also pointed out that the Red Cross is acting upon an enlarged membership in the eleventh annual roll call now in progress, to enable it to continue to handle in the future just such situations as this.

According to the latest telegraphic advice received from national headquarters, Mr. Jeffers' letter says, the Red Cross chapters in the New England flood area, with the assistance of experienced disaster workers from national headquarters, are extending relief to all flood sufferers, providing adequate food, clothing, shelter and health services, as well as assistance in the problems of sanitation and medical care. Vice Chairman, James L. Pieser, left Washington Tuesday night, November 8, for the flood area to take personal charge.

Available information indicates that 700 sufferers are at the present time receiving Red Cross aid. As the pressure of emergency work abates, the Red Cross is preparing for extensive reconstruction work in the area to assist sufferers to repair or rebuild their homes, replace their household goods, livestock, farm implements and other essentials.

ATWATER KENT RADIO

ANYONE who can make and sell a million of anything in four years must be marketing a product which satisfies those who use it.

Atwater Kent Radio does satisfy. It satisfies in performance, appearance and price. That is why more than a million families have singled it out as the Radio for their homes.

These million homes are your best answer to the question, "When I put it in my home, will it bring in music and voices clearly, quickly, easily and consistently?"

Just try an Atwater Kent Dial Receiver with an Atwater Kent Speaker and a million satisfied owners are your best proof that it will satisfy you.

CHAMBER DIRECTORS ARE NAMED AS HEADS OF VARIOUS BUREAUS

Wide Program Is Acted on or Considered at Session; Better Relations With Nevada Is Sought.

Directors of Twin Falls Chamber of Commerce last evening were appointed heads of departments by Asher B. Wilson, president, as follows: Public relations, R. P. Robinson, advertising; D. D. Alford, industrial; T. P. Williams, civic; H. C. Grant, education; Harry Bonney, labor relations; C. E. Lind, roads; B. P. Vogel, parks; G. K. Hunt, reclamation; George E. Balch, merchants; J. H. Seaver, utilities.

Consider Wide Program

A wide and varied program was considered and in several instances acted on. It was voted to have a dinner meeting later on to hear Senator John D. Robertson of Weiser, discuss a county law subject and to hear a representative of the Los Angeles chamber of commerce discuss trade relations with Southern California.

Will Visit Elko

Another event the date for which is not fixed, on which action was taken, was the proposal to cooperate in a livestock meeting in Elko, in which better relations with reference to feed-crops will be discussed. The meeting between this section and Nevada. Securing of feeder rates over the Wells cutoff enters into this proposition, but has other phases. President Wilson, Secretary Newell S. Wight, and Donald McLean, secretary of the Idaho Chamber of Commerce, were appointed as a committee to attend the Elko meeting.

The entertainment of about 500 delegates and visitors at a meeting of the regional advisory board here December 13 and 14 was discussed and Chairman Seaver of the utilities commission was authorized to take all necessary steps. The request of the Chamber of Commerce for endorsement of the extension of the proposed telephone line from Grangeville to New Meadows, making more complete connections between north and south, was granted.

Talk of Billboard

C. P. Cooney presented a plan, already favorably considered at Jerome it is stated, for a 100 foot billboard advertising the Twin Falls and north side segregations, and costing at least \$2100, to be erected near American Falls. The plan is to rent it for three years at \$65 a month. The board took the question of whether it would enter under advertisement and referred the matter to Harry Benoit, state relations chairman. Mr. Benoit brought up the tax referendums of the United States Chamber of Commerce relative to tax reduction. The first proposed cut taxes \$400,000,000, reducing most on small corporations and permitting those of \$25,000 or less to be taxed under the rule of copartnerships, allowing relative reductions. This was endorsed by United States Chamber and was said to have the support of the minority party in congress. This is twice as great a reduction as Secretary Andrew Mellon and President Coolidge believe it advisable to make.

The other referendum was on a proposal not to tax corporate incomes above 10 per cent. Mr. Benoit made no recommendation and no final action was taken, but President Wilson will confer with directors and report on it.

In addition to the delegation from Ruser and Burley regarding notes against the stepping of work on the American Falls power plant, H. S. Eumace of Burley urged that Twin Falls withdraw its request for a twin

plane landing and thereby support Ruser. Jerome is also a competitor. The matter was taken under advisement and referred to T. P. Williams of the civic committee.

Will Dance

One of the dances of the Business and Professional Women to attend their amicable dance tonight was extended.

Many of these have been attended at different times of activity, compiled by the secretary, was read and approved. Many of these have been obtained and are unfinished in the sense that it is felt that they should be pushed hereafter.

ST. LOUIS FRUIT MAN SLAIN BY GANGSTERS

Charles L. Palmisano, Well Known in Twin Falls Country, Shot in Door of Establishment

Charles L. Palmisano, president of the M. Longo Fruit company, one of the largest firms in St. Louis, who for a number of years visited Twin Falls during the fruit harvesting season and only a few weeks ago was here to purchase apples, was a victim of growers and shippers of this region, was shot and killed last Thursday by two unknown assassins in the doorway at his place of business.

The Chicago Packer of last Saturday tells the tragic story:

Charles L. Palmisano, president of the M. Longo Fruit company, one of the largest firms in St. Louis and who was one of the best liked members of the local trade, met a tragic death Thursday morning when two unknown assassins walked up to him while he was standing in the doorway of his establishment with a number of growers and shippers of this region, and without uttering a word fired 11 bullets into his body, killing him instantly. The two men who were in an automobile driven by a third man who was walking in a nearby alley with the engine running. The murder occurred so quickly and was so unexpected that although the store is in the heart of the produce district, and was carrying on business at top speed, none with the exception of a small boy could be found who would admit seeing the shooting. The boy was unable to furnish an accurate description of the slayers, but said the car bore an Illinois license.

Otto Furlinger, for 30 years associated with Mr. Palmisano in business, and who is president of the St. Louis Fruit and Growers association, and other prominent members of the local trade, could offer no motive for the deed. Mr. Palmisano had no known enemies. To some it looks like the work of gangsters who may have failed to extend money from their victim and resorted to murder as an attempt to throw terrorism into others. An attempt was made three years ago to dynamite the residence of Mr. Palmisano and although considerable damage was done to the building, none within was injured. An examination of the body at the inquest revealed he had been hit with 11 steel jacketed bullets, all of which emerged from the body except one and this together

with the weapons used which were thrown into the face of the prostrate victim after the murder, are being retained by the police as evidence.

Charles Lawrence Palmisano, partner in this county when six years ago from Vermont, easily while still in St. Louis, he started out in the fruit business by selling lemons from a basket which he carried on his shoulder. Later he acquired a home and wagon. He prospered and in 1901 he, with Mr. Longo and E. Balla, founded the firm of which he was head. The business started in a small way and has grown to one of the largest in the city. Mr. Palmisano was 49 years old and is survived by his widow and one son.

The M. Longo Fruit company will be continued as usual.

STUDENT STRIKE ENDS

NEWPORT, Ore., Nov. 16 (AP)—The strike of high school students in protest against the new principal, Mrs. E. E. Hallock, because she was a woman and wore skirts to her ankles and unbobbed hair, collapsed today. The entire body of strikers returned to their classes after being out two weeks. The students will be required to make up the lost time in studies. Mrs. Hallock recently succeeded a male principal who had died.

CHARGES IN JUSTICE IN GRID SCHEDULES

Twin Falls Fan Registers Vigorous Protest Against Action of State Board.

At least one football fan in southern Idaho is not entirely satisfied with the action of the state board of control regarding determination of the football championship. The following letter has been made available to the News:

J. J. Fae, Superintendent of Schools, Couer d'Alene, Idaho.

Dear Sir: On November 1 I wrote you giving you the reasons in southern Idaho regarding the championship in football and suggested to you that inasmuch as Boise had already won the Southwestern title and the Eastern title had all been settled, except American Falls and Ashton, and the action of the board is arbitrary and expeditious, Boise should play the winner of the Eastern district, and then by that time the Southern district title would be settled, that the winner of the East and West should play the winner of the South. I today have just read in the papers as follows:

"The State Board has ruled that the winner in the South Central district shall play Ashton in the upper valley town, on November 18, and then the winner of that game to meet Boise on Thanksgiving, and the winner of that game will be settled on December 2, 1927, when the winner of the South meets the winner of the North."

Now Rupert and Gooding have not yet played off the championship of the South Central Idaho, but Boise has won the title of the Southwestern Idaho, and Ashton is the winner of the Southwestern Idaho. Meanwhile Boise and Ashton have had to play each other a single game since they played Caldwell three weeks ago. If you have not seen the paper, you will find the following: Boise played Gooding on Tuesday, November 16. She had already played Rupert on Friday, November 11. She must then play Ashton on Wednesday, November 16, and must then play Boise on Thursday, the 24th, and if any of these games are not played, then they must play North Idaho. In other words, Mr. Rae, you have ruled that south central Idaho shall play the east, and then the west, and then the north.

I want to congratulate you on your absolute uprightness, and to be serious when I don't say any more. A great many people in southern Idaho are as honest as you.

How can you expect to train boys in fairness and honesty with such unfair rulings as the state board has given for the last three years?

You have been on the board for years and for the last four years south central Idaho has had to play both the east, and then the west, and then the north, and last year she had to play three games in 19 days. It is a physical impossibility, but this year if Rupert has a winning team she will beat that schedule. She will play on November 11, 16, 18 and then the same thing a championship game. There isn't a college team in the United States that can fill that schedule, and win all of the games. Are you trying to eliminate Rupert from this contest? I would not have a reply to see why you have made this unfair ruling. I am handing this letter to the public press.

In closing let me also ask for an explanation of the Toone affair. Your board wired that Toone was ineligible, if he had played in conference games for five years. Twin Falls had a man that the district board ruled ineligible on exactly the same ground, and I understand that the superintendent of the Gooding schools is a member of the district board, yet when the proof was put before you, you held that Toone was virtually ineligible, but inasmuch as the superintendent of Gooding schools thought he was eligible, he was eligible.

THREE TELEPHONE LINES NOW UNDER CONSTRUCTION

Three new toll lines are being constructed in this district by a crew of workmen from the Boise office of the Mountain States Telephone and Telegraph company. A line will be constructed from the present line at Hansen to Eden. This line will be about five miles in length. Two copper toll circuits will also be put between the towns of Eden and Kimberly. The cost of the new improvements are not known by local telephone officials. The three new circuits will open in three weeks or a month.

ANNOUNCEMENTS

The Ladies' Aid society of the Community church will hold its annual bazaar and supper in the church basement on Friday evening, November 18.

The American War Mothers will meet at the home of Mrs. R. J. Day, 502 Third avenue north, Friday afternoon, November 18, at 2:30 p. m.

DUMB BELLS RESEMBLE BELL'S

BURGLARY SUSPECT IS HELD TO ANSWER

J. L. Snowden, Accused of Breaking Into Store, Will Tell Story in District Court.

Joseph L. Snowden, accused of attempting to burglarize the Diamond Hardware company's store early on the morning of September 15, appeared for preliminary hearing in probate court yesterday. Judge C. A. Bailey, after listening to the evidence presented by Prosecuting Attorney O. W. Witham, bound the defendant over to the district court under a \$1000 bond. Snowden was shot by A. M. Peters, special merchant's police and deputized patrolman, while attempting to escape from the vicinity of the crime. The shot entered the right leg above the knee breaking the bone. Peters on foot following another officer who drove through the alley behind the hardware store in an automobile heard a noise at the rear of the building. Immediately after someone called "Jiggers." Two men dropped from the open window of the shop and ran. Peters ordered them to halt and fired twice into the air but the men did not heed the order. Peters fired once at each of the men, the second shot dropping Snowden in his tracks.

Identifies Target

At yesterday's hearing Peters stated that Snowden was the man seen in the alley and whom he saw in the alley at the rear of the shop. Police believe that three men were implicated in the attempted robbery although Snowden and Jim Kelley were the only two arrested in connection with the case.

Kelley was arrested the following morning at the Park hotel where he was employed as janitor. He with Mrs. Snowden had gone to the county hospital to see Snowden who had been taken to that place by police. Kelley had a new cut across one hand. Officers found drops of blood on the window sill at the hardware store. At his hearing on September 22 Kelley was released by Judge C. A. Bailey on the grounds that the evidence offered did not connect the defendant with the crime. Peters was not able to positively identify Kelley as one of the men whom he saw in the alley on the night of the attempted burglary.

Snowden was arraigned at the county hospital on September 19 at which time he entered a plea of not guilty.

GIRLS' CLUB HOLDS MEET

Members of the Golden Girl Reserve club met in the club rooms in the junior high school after school yesterday. The main feature of the meeting was a discussion of the methods of winning honors in the girl reserves. Five slides and films were practiced by the girls. Miss Beth Blake, club advisor, asked all members who are working for honors to meet in the club rooms next Friday.

noon at 2:30 o'clock. Important business will be considered and a large attendance is desired.

The W. C. T. U. will meet at the Methodist church Friday, November 18, at 2:30 p. m. A large attendance is desired.

TORRID MATCHES ARE DOUGHNUT FEATURES

Wolverines Take Lead With Close Defeat of Skunks; Vikings-Coyotes Need Extra Set.

Fans who witnessed the doughnut basket ball league contest in the high school gymnasium yesterday witnessed the unexpected in the Wolverines' defeat of the Skunks by the close score of 16 to 14. The Vikings were 15 to 11 victors over the Coyotes in the first game played yesterday afternoon.

The dope bucket was tossed clear cut of the lot yesterday by the Wolverines. While neither team had lost a game this season it was generally conceded that the Skunks were much the strongest team in the league. The Wolverines got away to an early lead and maintained it until the final whistle. The Skunks were tossed clear cut 12 to 4 in favor of the vikings. During the final half the Skunks rallied and began the upward climb, but were unable to overtake the Wolverines before the close of the contest.

Wolverines Lead League

This match was the fastest game of the league to date. Both teams performed the veteran variety aggregations throughout the game. Yesterday's session puts the Wolverines as the top of the list with no defeats against them. Their loss yesterday is the only mark against the Skunks. The best game of the season was played by the Coyotes in their mix with the Vikings Wednesday afternoon. At the close of the half the Vikings led by a 9-5 score. The Coyotes converted a foul as the final whistle sounded. During five additional minutes of torrid play the Vikings added two field goals to their credit and the game ended with the scoreboard proclaiming a Viking victory of 15 to 11.

Stars and scoring in yesterday's games are as follows:

First game: Vikings (15): O. Moon (6) and Grey (6), forwards; Skinner (2), center; H. Newman (2) and B. Thomas, guards; Coyotes (11): B. Ward and O. Evans (7), forwards; D. Kerland (4), center; Welthusen and B. Porter, guards; Substitution: H. Colner for Kerland.

Second game: Wolverines (16): E. Ovens (6) and D. Bacon (2), forwards; J. Weaver (7), center; M. Polun and R. Towan (1), guards; Skunks (14): W. Morgan (1) and R. McClean (2), forwards; A. Kelley (6), center; L. Craven and D. Lincoln (5), guards.

TWO STORES MEET IN BOWLING TOURNAMENT

Tingwalls Takes Every Game From Idaho Department Store; Kunkle-Yochen High.

Tingwalls department store entry emerged victor in the Idaho department store bowlers in all three games of the Twin Falls Commercial Bowling league tournament last night. Tingwalls made the following game scores: 742, 872 and 745 with a grand total of 2360. The Idaho department store aggregation made 720, 738 and 745 as game scores with 2203 as their total for the evening.

Grant Kunkle of Tingwalls broke the record set by E. Ford for high individual game average. Ford's total of 205 was raised to 213 by Kunkle last night. Last night closed play for the week. Teams from Tingwalls and the Idaho theatre meet in the first match next week.

Scores and lineups for yesterday are:

I. D. STORE	1	2	3	Total
Thompson	150	189	161	500
Gelf	143	121	145	419
Wegener	144	150	146	440
Ogalloway	130	149	137	416
Larsen	147	179	156	482

TINGWALLS—

1	2	3	Total	
Kunkle	139	149	165	453
Cogswell	139	145	165	449
Yochen	172	175	157	504
B. Ford	155	168	140	463
Hooker	155	167	146	470
Total	742	872	745	2360

Stars and scoring in yesterday's games are as follows:

First game: Vikings (15): O. Moon (6) and Grey (6), forwards; Skinner (2), center; H. Newman (2) and B. Thomas, guards; Coyotes (11): B. Ward and O. Evans (7), forwards; D. Kerland (4), center; Welthusen and B. Porter, guards; Substitution: H. Colner for Kerland.

Second game: Wolverines (16): E. Ovens (6) and D. Bacon (2), forwards; J. Weaver (7), center; M. Polun and R. Towan (1), guards; Skunks (14): W. Morgan (1) and R. McClean (2), forwards; A. Kelley (6), center; L. Craven and D. Lincoln (5), guards.

DIRECTORS PROTEST AGAINST CESSATION IN POWER PROJECT

Twin Falls Chamber of Commerce on Record for Construction of Government Plant at American Falls.

The Twin Falls Chamber of Commerce directors last evening joined in a protest made at American Falls, Burley and other towns against the order of Secretary Hubert Work of the interior department, for discontinuing work on the American Falls power plant. The matter was brought to the attention of the board by A. C. Libbey of Rupert, and R. J. Burke of Burley. Protests be forwarded to the interior department and the congressional delegation, and Joseph H. Sawyer, will represent the club on committee.

The speakers said the government completed the dam and other structures at a cost of about \$4,500,000, largely, it was stated, for the purpose of developing the North Side Minidoka extension. They declared congress at first planned to expend \$1,500,000 on the power plant, and later cut this to \$900,000, giving \$600,000 to Black Canyon and \$400,000 to the Gooding project without protest from the friends of the power project. They declared that Commissioner Elwood Mead favored the plan and finally, that the secretary of interior turned down the project.

Ask Other Towns

Organizations in other towns of this county will be asked to send in protests. The delegation expressed fear that power from Idaho would be used steadily by transference from the Idaho Power company to the Utah Light and Power company and sent into Utah, for development there, and that failure to build the fundamental plan now would mean its permanent discontinuance.

Wants Power Development
Asher B. Wilson, president of the

WRECK NORTH OF FILER SLIGHTLY INJURES PAIR

Failure to notice a turn in the road was the cause of a wreck two miles north of Filer about 10:30 o'clock last night. Herbert Weinhank and Lucile Carl of San Francisco, who arrived in Twin Falls yesterday, were driving north from Filer in the coupe owned by Weinhank. The driver failed to notice the curve and the car hit the ditch turning completely over. Weinhank received a slightly injured hip and his companion an injured leg. The car was considerably damaged, the top being completely dented, the left rear fender crumpled, the right running board crushed and the left door badly dented.

WOMEN PRESENT APPEAL FOR RED CROSS SUPPORT

Don't Wait to Be asked to Join Is Watchword of Roll Call in Twin Falls.

Don't wait to be asked to join the Red Cross. Through the War Mothers and other women's organizations, Twin Falls Red Cross chapter this week is extending an invitation for support of the nation's greatest relief organization by enrollment of membership during the eleventh annual Red Cross roll call. The work of the Red Cross in peace as well as in war in ministering to need is sufficiently well known, these volunteer workers believe, so that there should be no occasion for urging anyone to support it.

A canvass is being made in residence districts, by women of the Twentieth Century club, American Legion women's auxiliary and Business and Professional Women's club, while the War Mothers are in charge of booths open every day this week at the postoffice and on Saturday at First National bank and Twin Falls Bank and Trust company corners.

Truth About Rabies

Rabies can be transmitted only by animals that are actually diseased at the time. There is no foundation for the belief that persons bitten by a dog which subsequently becomes rabid may contract the malady.

We know what we like, don't we, Old Pipe!

PRINCE ALBERT, and plenty of it, huh? Well, we can justify that on any number of counts. It's more than mere preference. There are sound reasons for liking Prince Albert above anything else.

Take fragrance, for instance. P.A.'s has 'em all stopped there. Every time I open the tidy tin, I get a brand-new thrill. A tobacco that smells like that would have to be good, if you ask me. Yes, Sir!

And then take taste. Every puff tells a man that P.A. is cool and refreshing, with a mellow-mildness that is a revelation, Mild, yes, but not wishy-washy. P.A.'s rich, full-bodied flavor balances its mildness and makes it a smoke!

But all the talk in the world won't do a man any good, unless he acts on it. A load of long-burning P.A. in the bowl of his pipe will tell him volumes—and in language he likes. It's the personal test that counts, after all. I don't believe I can add to that.

Not only quality, but quantity, too—TWO full ounces in every tin.

PRINCE ALBERT

—the national joy smoke!

When it comes to truth in history, they say, how about the accounts of Indian wars given in our school books? Nearly always the Indian is represented as a blood-thirsty savage...

Moreover, they insist, the red man is the real American—the only hundred per center there is, even though there may be some question of his Nordic blood—and all the whites are mere immigrants who have intruded upon his domain...

George Howe and His Musicians
to Take Part in Masonic Entertainment Offering.

George Howe and the members of the orchestra will donate their services to the Masonic Minstrel Frolic to be given here next Monday night.

Announcement of the fact last evening brought expressions of gratification from all the sturdy members of the cast, and evoked from Joe Koehler, director of the production, a joyous whoop of delight.

The orchestra took part in the rehearsal last evening, and will rehearse with the singers, comedians and dancers in the cast again this evening and Friday evening and at the dress rehearsal Sunday.

REACH ADJUSTMENT IN SPUD SACK PROSECUTION
Otto Steinberg, Charged with Violation of Rules, Moots State Department's Terms.

Prosecution of Otto Steinberg, produce dealer, on charges of violation of potato shipment regulations, will be held in abeyance for a few days.

WHEAT MART ACTIVE; PRICES RANGE LOWER

Receipt of Argentine Federal Crop Report With Favorable Comment Influences Market.

CHICAGO, Nov. 16 (AP)—Active wheat and lower prices in the market today followed receipts of an Argentine government report describing the Argentine crop situation as favorable. Opposite advices from a Chicago crop expert in Argentina failed to act as an offset.

Closing quotations on wheat were unsettled, 1/4c to 1/2c net lower, with wheat unchanged to 1/4c, oats unchanged to 1/4c advance, and provisions unchanged to 1/4c to 1/2c down.

According to the official Argentine report, the wheat harvest was generally good condition and no actual damage of consequence. Contrasting with this statement, dispatches from Las Varillas, Argentina, by a private expert for a Chicago house said that new wheat is very high in weight, not as good as last year's crop, and that frost has done serious harm, and hot winds have damaged heavily.

Winster in Canada. Wintry conditions in Canada had but little effect on wheat prices here, the bulk of Canadian threshing being at an end. However, some notice was taken of advices that extreme scarcity of number one and number 2 wheat in Canada is developing.

Provisions weakened at the last on account of selling from cash inventories. Wheat—Open High Low Close. Dec. 128 128 1/4 127 1/2.

CASH GRAIN. CHICAGO, Nov. 16 (AP)—Wheat—No. 2 red \$1.26 1/4; No. 2 hard \$1.20 1/4.

WELCOMES END OF STAY IN VENEZUELA

L. C. Beauchamp, Returning to Twin Falls From South America, Paints Dark Picture.

"I'm fed up on Venezuela; believe me, it seems good to get home," said Lynn C. Beauchamp, on his return yesterday from South America, where for about a year he had charge of construction work for the Martin Construction company in the oil fields at Maracibo, on the lake of that name in Venezuela. Mr. Beauchamp said that he expected to remain in Twin Falls three or four months, visiting his parents, Mr. and Mrs. John C. Beauchamp, after which he will probably go to either Mexico, where he spent several years, or to Guatemala.

Doesn't Like Country

The Venezuelan people are less satisfactory folk to deal with than the Mexicans, in the opinion of Mr. Beauchamp. There is a large percentage of mixed negro population, speaking several languages. The sentiment toward Americans and "Oringoes" generally, he said, is far from friendly and this feeling toward Americans is accentuated since the trouble in Nicaragua. There is considerable development in the oil regions, but since nothing is developed competitively, all depending on concessions from the government, the degree of enterprise manifested in Mexico is absent. "The climate" in the oil country is rather unhealthy. While on his way home Mr. Beauchamp was attacked by malaria. Then to make matters worse, a storm arose and heavy seas extended the trip to 14 days, although he was on an excellent Dutch steamer, the Flor. This storm extended to the Atlantic and great ocean liners that had never lost time before were late in getting over.

Foreigners in Venezuela have their own schools; public education there is backward.

Mr. Beauchamp and a number of others chartered a steamer a year ago and went to Maracibo. Most of those who went became dissatisfied and returned.

Shoot Poisoned Arrows

There are many Indians in the neighborhood, including the famous tribe of Molinos, or Lion Hunters. Mr. Beauchamp brought home a bundle of bows and poisoned arrows used by this tribe but declined to have the arrows examined until sterilized.

Mr. Beauchamp said that not having been in Mexico for more than a year he was not qualified to give an opinion relative to the situation there. He thought that probably the oil controversy would be solved in three or four

years, though much would depend on the attitude of Calles and Obregon, since the latter seemed likely to get the presidency as his rivals had been killed off. Asked if he thought the church controversy would likely end in Mexico he said that this was something on which he could not express an opinion as developments on this could not be anticipated.
