## BRUINS AND BURLEY MEET IN TWIN FALLS

### Local Squad Has Easy Week of Preparation for Heavy East End Eleven; in Good Shape.

At 3:00 p. m. this afternoon on Lincoln field the Bruins and Burley will tangle in the next to the last game of the season. The Bruins have had an easy week of preparation for the heavy East End team, taking a vacation Tuesday night to wait for the hard scrimmages marked the week for the Bruins and last evening a light, slight drill and practice on which concluded the work of the week. Burley comes touted as a heavier team than the Bruins and a team that has been making much yardage on line plays. Ferguson and Welch are perhaps the two outstanding backs of the Burley team and both carry plenty of weight and charge. The Burley forward wall has stopped most of the Bruins this season and held Rupert to a six-point win.

Lincoln field is in excellent condition for the contest and the fans will no doubt get to see the Bruins cavort around the ends with their pony backfield. Fans are anticipating a hard contest and it is expected a large crowd will be on hand to witness the battle. No injuries are hampering the Bruins and the regular lineup will start the game. Burley may start in place of Lincoln at guard but the latter has been filling the guard position this week in scrimmages.

## GOODING SENATORS OFF TO MEET ASHTON TEAM

GOODING, Nov. 17 (Special to The News)—Coach Knight and 20 Senators left today for Ashton where they will meet the northern team Saturday for the interdistrict title. Although Gooding was forced to meet Rupert last Tuesday to win the south central district title the team is in good condition and no serious injuries were received in the Rupert game. Local fans were well pleased with the work of Patterson and Prince against Rupert and believe that the locals will bring back the interdistrict title without much trouble. The Senators defeated Pocatello 33 and won in the season and Ashton is rated only slightly better than the gate City team. Should Gooding win Saturday they will meet Boise on Thanksgiving for the championship of Southern Idaho.

## Albion High School Plays Kimberly Team

KIMBERLY, Nov. 17 (Special to The News)—The Albion high school football team will come here tomorrow to battle the locals. Although the Albion team is heavy and will probably out weigh the locals, Coach Hays' changes are in the best condition and local fans are pinning their hopes on Ballard. Only one more game remains on the schedule for Kimberly and that is with Twin Falls second team on Thanksgiving day.

## THREE HARD-FOUGHT GRID GAMES LOOMING

### Trio of Undefeated Teams of Pacific Coast Conference Will Risk Title Prospects.

SAN FRANCISCO, Nov. 17 (AP)—The three undefeated teams of the Pacific coast conference—Stanford University of Southern California and University of Idaho, risk their championship prospects in game Saturday with indications of hard fought battles in each case.

Overshadowing all other coast contests, both in traditional rivalry and importance, is the thirty-fourth annual "big game" between Stanford and University of California. It will be witnessed by 50,000 persons in Stanford stadium.

En route to Los Angeles and a meeting with Southern California, the 20 gridiron warriors of Washington State college arrived in San Francisco. They held a snappy practice before entraining for the southern city. Meanwhile U. S. C. polished up its offense minus the services of Captain Morley Dvorny, backfield ace, who reported an old cut on the forehead during the week's practice.

Idaho headed for Portland, where it plays Oregon State college in its last conference game of the year. University of Montana and Montana State meet in their annual struggle for state honors while Gonzaga and University of Nevada come together in Spokane. University of California at Los Angeles travels to Tucson for an inter-sectional tilt with University of Arizona.

## Jerome Tigers Will Clash With Wendell

## RUPERT'S ELEVEN TO PLAY FILER'S SQUAD

### Coach Nixon Decides to Keep With Schedule; Ready to Meet Wildcats; in Good Shape.

RUPERT, Nov. 17 (Special to The News)—Despite the fact that Rupert has played one game this week Coach Nixon decided to keep the scheduled game with Filer for this week-end. The Wildcats have the reputation of being one of the hardest teams in the district to defeat and have lost but two games this season, one to Twin Falls and another to Nampa. No injuries were suffered in the Gooding game and while the Rupert players are not in the best of shape they will not doubt give a good account of themselves against the fighting Wildcats. Sanford received another tilt on his already injured ankle but will be able to play. J. Norby may be able to go against the Wildcats. His collar bone has not been broken and he was able to play a few minutes against Gooding but his shoulder was too painful for him to get going.

Wildcats have discovered a new backfield man who is said to rival Smith. Barton, who has been first almost as much speed as Smith and has given the Wildcats another serious threat. The game promises to be one of the best on the local field this season. The game is called for 3 p. m.

## Tiger Flowers' First And Last Fight Was In Ring in New York

NEW YORK, Nov. 17 (AP)—The same ring in which Tiger Flowers made his New York debut also was the scene of the last fight in his colorful career, during which the Georgia "dear" and the former middleweight champion of the world earned around a half million dollars.

This was disclosed by Walk Miller, first and only manager of the Georgian, before leaving on the Greenway limited for Atlanta with the body of Flowers, who died last night after undergoing a minor eye operation.

The Tiger's first fight here was just like his last, said Miller. "Flowers started against Lee Anderson, a light heavyweight, and knocked him out in the fifth round at the Commonwealth club in Harlem. His last fight was against Leo Gates, a heavy-weight, last Saturday and Flowers won by a knockout in the fourth round in the same arena. They have changed the name from the Commonwealth club to the Olympia, but otherwise it is the same place."

Friends and ring notables, including Gene Tunney and Mickey Walker, the man who took the middleweight title from the negro, paid tribute today to Flowers. Scores visited the funeral parlor where his body was taken after his death at the private hospital of Dr. G. F. Frazier on Wednesday.

Flowers was the only negro who held the middleweight championship. He was very religious and a deacon of the Baptist church in his home town. Before the operation, Flowers was a well-recognized property valued at \$100,000 by his wife and a 6-year-old daughter.

At Colmar manor, Maryland, two houses were destroyed and a score of others were unroofed. Slight property damage resulted at Bladensburg, Maryland, included a school. LYTELL "A LONE WOLF"  
Bert Lytell, who stars in Columbia Pictures' production, "The Lone Wolf," now being shown at the Idaho theatre, is playing a role he used to play in real life. When he was a single actor in San Francisco some years ago, he was a close friend of Harry Scott, famous newspaper reporter who died in the Durant oil case and other mysteries. Lytell often worked with Scott on his assignments.

"Alias the Lone Wolf," the latest of the Louis Joseph Vance "Lone Wolf" tales, Lytell shares use of his knowledge as he did in "The Lone Wolf," the first of these stories, then later in "The Lone Wolf Returns."

"TWELVE MILES OUT," a thrillingly vivid tale of melodramatic adventures comes to the Oregon theatre. It abounds in dramatic climaxes and breath-taking thrills and has for its swashbuckling hero, John Gilbert. He is supported by John Crawford, Ernest Torrence, Bert Roach, Tom O'Brien and other notable screen favorites.

The film was adapted from William Anthony McQuire's famous play that was a sensation at the Broadway stage actor in San Francisco some years ago.

"THE SLINGSHOT KID"  
Spectacular exhibitions of trick horsemanship by a 13-year-old youngster are said to be among the main features of "The Slingshot Kid," the current FBO production at the Idaho theatre, as they are in all Buzz Barton pictures.

Young Buzz, trained from childhood in the arts of the cowboys, is said to be one of the finest riders in Hollywood regardless of his age.

## WOLVERINES VICTORS IN DOUGHNUT SERIES

### Dark Horses Take Championship Honors in Uncertain Tilt; Mutts Tounce Jeffs.

Title honors in the Twin Falls high school doughnut basket ball league were claimed by the Wolverines after a close call in their game with the Coyotes yesterday afternoon. The Coyotes having the Wolverines practically even until the final quarter when the tournament victors were able to pull away to a 15 to 7 victory. The team were 20 to 7 winners over the Coyotes who still remain in the cellar.

Contrast was great between the showings made by the Wolverines against the Skunks Wednesday night and against the Coyotes yesterday. At the end of the half the Coyotes lead by one point, the score standing 4 for the Coyotes. A field goal at the end of the third quarter placed the Wolverines on top with a 6 to 5 score.

Dark Horses Win  
Realizing that their chance for the tournament championship was at stake the Wolverines pulled and cinched the title during the final session. The Wolverines proved to be dark horses in the series. While it was conceded that they had a strong team, maintaining their 1000 per cent average, it was the point, the score standing 10 for the Skunks who would take tournament honors.

Dope was completely upset when the Wolverines emerged victorious after a torrid fight with the Skunks Wednesday afternoon. Yesterday's game was the last match for the Wolverines, and as all other teams in the league have lost one or more games the championship was decided by the Wolverines on the brows of the Wolverines.

Mutts Meet Jeffs  
In yesterday's first contest the Mutts and Jeffs of the league met. The 22 team, the largest aggregation in the league, tangled with the diminutive Cougars, the tiny-men of the series. The pigmies threw a score into the giants during the early moments of the game by their rapid passing. The 22 hit their stride soon and at the end of the half were leading with the score at 8 to 4. At the final whistle the score was 20 to 7 for the alphabets.

Individual scoring and lineups for yesterday's tilt are as follows:

First game: 2 team 20: R. Gillette and O. Keefe, forwards; P. Jones, center; W. Babcock 15 and McClure, guards; Cougars 7: G. Long and H. Frazier, forwards; D. Jones, center; C. Collier 1 and W. Kenworthy, guards.  
Second game: Wolverines 15: D. Barton 4 and E. Owens 7, forwards; J. Stewart, center; M. Pelton, center; Stewart, guards; Coyotes 5: R. Ward 1 and G. Evans 1, forwards; D. Kerlin center; G. Porter and H. Coimer, guards.

Mr. Morse has submitted a tentative plan for a structure which would cost in the neighborhood of \$40,000 and provide all necessary room for some time to come. Should the board act favorably, the matter will be submitted to the voters there in the form of a bond issue.

### IDAHO DELEGATION SEEKS COOPERATION OF NEVADA STOCKMEN

#### Campaign for More Advantageous Feeder Rates and Early Completion of Highway to Be Laid Before Elko Meeting.

Through a delegation composed of president and secretary of Twin Falls Chamber of Commerce, and Donald McLean, secretary of the Idaho Wool Growers' association, business and livestock interests of Southern Idaho will participate actively in a meeting of Nevada livestock organizations to be held today and tomorrow at Elko, Nevada.

One of the purposes of the Idaho delegation at the meeting is to be the enlistment of Nevada's cooperation in efforts to obtain more advantageous feeder rates for transportation of Nevada's cattle and sheep to Southern Idaho feeding grounds.

Another purpose is to promote sentiment for early completion of the Sawtooth highway south from the Nevada line to Wells and Ely. It is believed that endorsement of the project on the part of Nevada will hasten its completion.

Twin Falls delegation will make the trip overland to Wells boarding the train there for Elko, with the expectation of arriving in Elko in time to attend the opening session of the livestock men's meeting beginning at noon today.

### IMPROVEMENT UNDER WAY AT DEMONSTRATION FARM

#### Workmen Leveling and Fencing Tract Near Barley for Coming Season's Activities.

BURLEY, Nov. 17.—Work is now going on at the Southern Idaho demonstration farm, leveling portions of the grounds for proper irrigating and fencing the tract with woven wire fence. The 40 acre tract, which adjoins the southwest corner of the Burley townsite, was planted this season to sweet clover, red clover, alfalfa and wheat. Next season's crops will probably be sugar beets, potatoes, red clover seed, and alfalfa sowed with wheat.

No steps have as yet been taken to erect farm buildings, awaiting the time that proper title has passed to the farm bonds. County Agent W. W. Palmer has reported the selection of a tract of dry land near Oakley on which eleven different varieties of dry land wheat has been planted to test for yielding qualities. Some of this grain was sown without treatment, and some has been treated for smut, and it is expected that the experiment will be of value in determining not only the yielding properties of the different varieties, but also the effect of smut treatment on yields.

Bower against the Harris Manufacturing company from the state district to the federal court of the southern district of Idaho, Judge Hugh A. Baker has ruled, allowing the transfer to be made. The clerk of the district court has the papers prepared to transfer the matter before Judge C. C. Cavanaugh, federal district judge at Bower. Bower claims that a representative of the company, while in control of a bean huller in the Harry Beas farm at Hansen, ordered him to clean out the cylinder and that he started the machine without signaling, causing Bower to lose a leg.

Advertisements Are Our Promises

People sometimes have an inclination to pass over advertising matter with the slightest statement, "Oh, that's only an ad." They fail to realize the amount of information these advertisements give to make life easier and more worth the living for them.

There are several kinds of advertisements that the J. C. Penney Company try never to publish. False statements are seldom permitted in any newspaper, but we consider it just as wrong to write misleading copy. We do not promise that our cosmetics will work miracles with your complexion, and when you read our printed promise that a fabric will wash, you may be sure that behind it stands the honor of a great Company.

We like to feel that our advertisements deserve consideration from a news standpoint too. We strive to tell you something about the modern style trends, the opportunities to save money for the family budget, and new uses for old products.

First of all, our Advertising aims to be truthful, but we try to be newsworthy as well.

### Buhl Plays Host Throng of Visitors at Baptist Meeting

#### Two Hundred Delegates From Many Points in South Idaho Attend Central Association Sessions.

BUHL, Nov. 17.—Two hundred delegates from various points in southern Idaho gathered here today for sessions of the Central Baptist Association. Principal speakers were Dr. L. G. Palmer of Denver, Rev. E. S. Burket of Sun-Yu-Shien, China; Miss Louise Campbell of Kayah, and Rev. W. A. Shook of Boise and other state field workers. Sessions were held at 10 a. m., 2 p. m. and the evening service at 7:30. Women of the church served lunch at noon and a chicken dinner at 6:30 at the church. Red Cross Drive Continues

Buhl's quota of \$10 for the Red Cross membership drive is more than half raised and subscriptions are continuing to come in steadily, according to Mrs. A. E. Richards, secretary of the local drive. Up to the present time the house to house canvass scheduled to assist in raising the quota has not been necessary and the committee in charge feel confident the drive will exceed Buhl's share. The committee in charge includes A. W. McCullum, chairman; Mrs. A. B. Edwards, secretary; Rev. James Miller, pastor of the Presbyterian church; Rev. A. C. Lathrop, pastor of the Baptist church; Rev. C. E. Helman, pastor of the Methodist Episcopal church; A. H. Dixon and Casimir Adams. Charles Alexander, who submitted to a critical operation recently at a Twin Falls hospital, is at home. His condition is still serious.

Luncheon for Legion Women The American Legion women's auxiliary met Monday at the city hall for a 1 o'clock luncheon. Hyde, Mrs. Carl Esterson, Mrs. W. P. McManus, Mrs. Marshall, Mrs. Tulley of Wendell and Mrs. McCloud of Wendell. The next meeting will be a social affair on the evening of November 23 at the home of Mrs. A. J. Meeks.

W. B. Shriver, who has been seriously ill the past few months, has suffered a relapse. Dr. A. F. McCluskey met with members of the Business Women's club Monday evening to assure them no quarantine need be placed on Buhl because of the infantile paralysis cases in other parts of the state. The question had arisen in Buhl as to whether it was advisable to carry on plans for the presentation of the comedy, "Hello There" to be given here November 22, which the club is sponsoring.

School to Stage Pageant Four hundred pupils of the Lincoln building will live again early pioneer history of America at the pageant to be given in the high school building auditorium Friday evening, November 18.—All intermediate grades will take part and teachers of each room have assisted in drilling of the different groups. Music for the dances and drills will be furnished by the high school orchestra. Receipts from the

pageant will be used to purchase new books for the library in the Lincoln building.

The Home Culture club met Friday at the home of Mrs. Anton Suchan to make garments for children at the home at Boise. Mrs. Molander was a member of the work, which is done annually by the club. During the day 14 outing flannel gowns were made and a large number of other completed garments were donated by members. Fifteen members and two guests were present. The next meeting will be a Christmas meeting December 9 at the home of Mrs. Dan Whaley.

Mrs. Bert Swartz and Mrs. William Post were hostesses Wednesday afternoon to members of the Rebekah Kensington at the I. O. O. F. hall. Refreshments were served at the close of the afternoon. A group of mothers of Junior high school girls met Tuesday afternoon after school with teachers of the building in the high school auditorium to discuss plans for the organization of a Junior girl reserve. All girl students of the seventh and eighth grades will be eligible to membership if the plan carries and the same general plan followed by the older girls will be carried out. Miss Delquist of the Junior high school faculty will assist as leader of the girls. A meeting was called for Friday noon at which Miss Etta Buhl, district secretary, will be present to conclude arrangements.

## What gave Hills Bros Coffee its reputation?..

### Flavor through Controlled Roasting

Hills Bros. roast their coffee as a good cook makes frosting. By pouring the hot syrup on the egg whites a little at a time, she beats the mass to a smooth consistency. By roasting coffee a few pounds at a time, Hills Bros. have constant control and produce a rich uniform flavor.

HILLS BROS. give the West far more than a fine blend of coffees. Far more than the vacuum pack which maintains the original freshness. It's a matchless, uniform flavor that Hills Bros. give, such as you won't find in any other coffee. By roasting coffee a few pounds at a time, instead of in bulk, a richer, smoother, rarer flavor is produced. You inhale the ravishing aroma produced by this exclusive process as you open the vacuum tin. And when you make a cup, every sip is completely satisfying to your taste. The joy of coffee-drinking is magnified when you drink Hills Bros.

Ask for Hills Bros. by name and look for the Arab on the can. Then you'll get the genuine Hills Bros. and not a coffee claimed to be "just as good." Mark the coupon now for a free copy of "The Art of Entertaining." It tells how to make a perfect cup of coffee.

### Buhl Business Men Back of Move for Commerce Chamber

Mayor Agrees to Appoint Committee to Work Out Plans for Formation of Community Organization.

Buhl, Nov. 17 (Special to The News)—A movement was started in Buhl today for the purpose of organizing a chamber of commerce, a Business Men's club or a Community club for the purpose of furthering and carrying out any movement that is connected to do during the next few days.

Buhl has been without a chamber of commerce since the depression following the war, and while the Rotary club has been active during the time since it was pointed out that this organization does not represent all the business houses in the city and that an organization with membership open to every one, farmer and business man, would serve the community to greater advantage.

Howard said that he receives many inquiries each month from people in other parts of the United States about Buhl and the opportunities offered here and that it was impossible for all such inquiries to be answered. In the absence of a chamber of commerce, inquiries addressed to this organization are handed to the mayor, or the secretary of the Rotary club.

One of the advantages of such an organization, it was pointed out, would be to advertise Buhl and its opportunities and another would be to encourage industries to come here and to aid in a road improvement program in cooperation with other adjacent sections.

MUCH OF NATION'S RESERVE SUPPLY OF POTATOES IN IDAHO

Market News Service Asserts Steady Movement of Considerable Volume Needed to Get Crop Out.

IDAHO FALLS, Nov. 17.—The potato market here today was the early part of last week, but later a reaction set in, demand was slow at the prevailing price and an earlier loss in price was felt. At Idaho shipping points, loaded cars of Russets went to \$1.10 each, and Russets brought 95c-91, but prices were a nickel lower again, but the first of this week and the market and the price to the growers had advanced to 75c for bulk Russets, of 90c-81 sacked and graded, and high as 90c for Russets 80c and graded. But with the weakness in the carlot market, prices to the grower declined, especially, and but very little stock was being delivered. On the Chicago carlot market, Russets moved up slightly to \$1.70-41.90, a few best highest at the held at that level at the opening of this week, but trading was very slow and truck supplies heavy. Chicago received 200 cars from Idaho during the week, equivalent to 40 per cent of the total shipments from the state. The Idaho market was lighter lower than Idaho Russets, at \$1.45-1.55, and passings to southern California amounted to only 4 cars during the week, reports Wendell Cahoun, representative of the federal department of agriculture at Idaho Falls. Idaho shipments varied from 50 cars to 142 cars per day, but the total for the week of 200 cars brought in daily average to the regular mark of around 100 per day. Total shipments to the middle of November were 5500 cars, which was less than last year at this date. However, present shipments amount to practically the same as two months ago, when Idaho shipped a total for the season of 18,000 cars, compared with 17,000 from last year's crop. The November estimate of total potato production, which was released last week, indicates a crop of 400,000 bushels, which is an increase of 5,500,000 over the October estimate. Most of this increase was made in the far eastern late crop, which is being increased practically the same; the far eastern late crop, which is being increased, but by reductions made in the rest of the state, resulting in the Atlantic coast.

### OFFERS EXPLANATION FOR LICENSE PLATES SWITCH

Arraigned in probate court Wednesday afternoon on the charge of transferring license plates from one automobile to another Hugh Bemenderfer entered a plea of guilty and was fined \$25 and costs by Judge C. A. Bailey.

Bemenderfer was arrested Tuesday by Police Officer William Mumpower who swore to the complaint. The defendant transferred the license plates for a Ford car to the Buick which he was driving, the complaint stated.

Bemenderfer is connected with an auto wrecking plant operated by his father in Boise. The latter said that they had the flivver and three deplated larger cars at their place; one of which they had about rebuilt but for which they had no license. He said he told the young man to get a car and go after parts in Twin Falls. The Lizzie was old and out of gas, so the boy switched the license without the knowledge of his father. Whether it was due to the lack of competition in the car, to its objection to running with another car's license, to unruly gas or to the stimulation of the driver, it found the Twin Falls streets too narrow and tried to climb a sidewalk, when it was taken into custody.
