PRICE 5 CENTS

CONGRESS ON EVE OF SEVENTIETH SESSION. REPUBLICANS AGAIN HAVE MAJORITY IN HOUSE AND SENATE, BUT LACK ABILITY TO PUT THROUGH ENTIRE LEGISLATIVE SCHEDULE.

(By The Associated Press) SENATE TODAY WAS FACING A TONNAGE OF PROBLEMS, BUT A NUMBER OF CONTROVERSIAL, POLITICAL AND OTHERWISE, THE SEVENTIETH CONGRESS WILL CONCLUDE AT WASHINGTON FOR ITS FIRST SESSION, WHICH MAY RUN FOR AT LEAST SIX MONTHS.

The republicans again have a majority in both the house and senate but due to defections in their own ranks, particularly in the senate, they will lack the ability to carry through the entire legislative program which President Coolidge will propose in his annual message.

Senator Moses, New Hampshire, has been renominated by the republicans as president pro-tempore and probably will be re-elected, but a situation now is shaping up whereby there is a possibility that the democrats will have to fill the subordinate offices even against the opposition of the republicans.

While a good start has been made on the legislative program, especially the house committee on education, the many measures with which the new congress will have to wrestle will find particularly easy abiding once they have left the barrier in the house. This will be due in a measure to the extremely narrow division between the republicans and democrats in the senate, where the balance of power is held by the republicans.

REXNUS MAY DECLINE TO TESTIFY AT TRIAL. George Connors, Close Ally of Defendant, Concludes Four-Hour Recital of Two Years.

CINCINNATI, Dec. 3 (AP)—Doubt that George Rexnus would testify against the murder trial for the first time today. Speculation appeared when George Connors, closest ally in the gigantic undertaking which Rexnus has been called "king of bootleggers," concluded a four-hour recital covering a two-year period in his testimony.

Jury Convicts Utah County Official on Defalcation Charge. SALT LAKE CITY, Dec. 3 (AP)—Conviction of George T. Judd, suspended county treasurer, today by a district court jury on charges of misappropriating public funds, which carries a prison penalty of from 3 to 20 years has resulted in the county commissioners asking for a ruling on the status of the office. Judd was temporarily suspended when the charges were preferred July 5 last.

MEXICAN HANDITS RELEASE AMERICAN MINING ENGINEER. WASHINGTON, Dec. 3 (AP)—Release of the bandits of Thomas W. Thompson, American mining engineer, who was captured near Capatzen, Guatemal, for \$500,000 ransom, was reported by the state department today by Consul William P. Blaker, at Managua.

REPUBLICAN LEADERS DISCUSS CANDIDATES. Most National Committeemen Believe Coolidge Will Not Enter Race for Presidency.

WASHINGTON, Dec. 3 (AP)—Conviction that President Coolidge does not intend to be "made out" for a re-election by his Black Hills statement, the bulk of the republican national committeemen, who are assembling all other states and Canada to select a convention city, entered more lively today into discussions among themselves as to the best method for the party's presidential nomination.

Accordingly, but still proceeding with caution, they have begun to feel out their own on the best course to pursue after the committee meeting adjourns and if in the present opinion of some of the most prominent members that the only thing to do is to go back home with the conviction that the president will be re-elected.

REXNUS MAY DECLINE TO TESTIFY AT TRIAL. George Connors, Close Ally of Defendant, Concludes Four-Hour Recital of Two Years.

EDUCATORS CONCLUDE POCATELLO MEETING. Gate City Attorney and Ogden Minister Deliver Inspiring Addresses at Final Session.

POCATELLO, Dec. 3 (AP)—Inspiring addresses by A. L. Merrill, prominent attorney of Pocatello and Dr. John E. Carver, pastor of the Presbyterian church, Ogden, marked the closing session of the first annual meeting of the Idaho educators' association, fifth district, Saturday morning.

WINDY CITY SCHOOL CHILDREN VISITORS AT LIVESTOCK SHOW. Shrill Voices of Thousands of Rollocking Youngsters Echo About Arena of International Exhibit in Chicago.

(By The Associated Press) CHICAGO, Dec. 3.—The shrill voices of thousands of rollicking Chicago school children, many of whom had never seen a live cow, sheep or pig before, echoed about the tankard arena of the International Livestock exposition as it closed its twenty-eighth annual exhibit today.

Thousands of North American farmers, whose exhibits in grain and livestock made this year's exposition the greatest success in history, were hoisted toward tonight with new glories and bigger bank accounts. Their children were shown a record attendance, more than 30,000 people swinging through the exposition's turnstiles.

MEXICO SUES DEAD MAN FOR 2,000,000 PESOS. Litigation is Directed Against Arnolfo E. Gomez, Candidate for President and Late Rebel.

CHICAGO, Dec. 3 (AP)—President and Mrs. Coolidge probably will dine on royal beefsteak during the Christmas holidays. The New Blinnick hotel at Chicago, purchasers of California Mexico grand champagne, start at the International Livestock exposition, which closed today, plans to send the president the choicest cut of steak from the champion.

### MELLON CRITICIZES CHAMBER'S ACTION ON TAX REDUCTION

#### Secretary of Treasury Holds Organization Has Surprising Misconception of Facts in Urging Cut of \$400,000,000.

(By The Associated Press) WASHINGTON, Dec. 3.—The Chamber of Commerce of the United States was charged today by Secretary Mellon with having presented a surprising misconception of facts and an astonishingly unwarranted and unwarranted reduction in urging a \$400,000,000 reduction in taxes.

Mr. Mellon wrote to Lewis E. Pierson, president of the chamber, in a continuation of the controversy that has arisen between the administration and the chamber over the site of the tax reduction to be made by the congress which begins sessions on Monday. The treasury favors a \$225,000,000 reduction while a slash of \$225,000,000 is proposed in the revenue bill drafted by the house ways and means committee.

Follows Coolidge's Lead In assailing the Chamber of Commerce program Secretary Mellon followed the lead of President Coolidge, whose view that the chamber was advocating an unwarranted reduction, was disclosed recently at the White House. After this, the chamber reiterated its demand for a \$400,000,000 tax cut and defended its course in advocating it.

Secretary Mellon today expressed surprise that the chamber had made a tax demand in the entire absence of detailed figures as to future revenues and expenditures and charged that its estimated yield from the corporation income tax represented "inexcusable carelessness."

Oversight Inconsistent By its own argument, the secretary said, the chamber disproved the wisdom of repealing the excise tax on automobiles or on admirals and clerks as it would make a too narrow tax base and force the government to rely solely on the income tax in corporations and individuals, the tobacco tax and customs duties.

In conclusion, the secretary said "let me take serious exception to the statement in the chamber's report that there would be no great cause for

alarm even though a damper would be put on the development, which is in any year.

### VARE-SMITH BACKERS HOLDING CONFERENCES

(Continued From Page One) Several days organization of the senate would be held up for that length of time with the legislative machinery of congress at a standstill in the meantime.

### EDUCATORS CONCLUDE POCATELLO MEETING

(Continued From Page One) of the state association, was introduced by the presiding officer, W. E. Morgan, vice president. Mr. Hillman announced the program for the state convention to be held by Boise stating that leading the noted attractions would be Dr. Frank Orin and Miss Florence Hale, rural supervisors of the Maine rural schools. Sectional meetings will be of particular interest at this convention, Mr. Hillman said, increase in membership in the various counties is very encouraging, Mr. Hillman said the teachers.

# STUDEBAKER

The Great Independent

THE COMMANDER 4-Door Sedan \$1495 f. o. b. factory Bumpers and shock absorbers included.

## Give Her the World's Champion Car

JUST two bright keys in a dainty jewel-case! But no Christmas package ever held a greater treasure of happiness—for out in the drive stands a smart, trim Studebaker Commander—and those keys make it her own.

What pleasure you'll take in giving her this world-champion motor car—the car that climaxed its championship career by traveling 25,000 miles in less than 23,000 minutes! This dramatic run was made by strictly stock Studebaker Commanders under the supervision of the American Automobile Association. Nothing else on earth ever traveled so far so fast.

NEW LOW PRICES

The Dictator	\$1165 to \$1345
The Commander	1495 to 1745
The President	1795 to 2250
Executive Six	895 to 965

All prices f. o. b. factory, including more than \$100 worth of extra equipment.

Important—The initial payment on any Studebaker or Buick car, if purchased under the liberal terms of Studebaker's Budget Payment Plan, would amount to little more than the cost of an installment of the usual Chevrolet or Buick. If you are interested in this plan and your nearest Studebaker dealer for particulars. If you have a car to trade in, it may serve as the first payment.

## Like a Traffic Cop

—the Grebe Synchronphase brings order out of the congestion of radio programs

OUT of the scramble of programs from broadcast stations you can select, with the Synchronphase, just the one desired. For you, other stations do not exist—until you want them.

This "selective sensitivity" is the most sought-for element in radio reception.

Another Synchronphase advantage is the ease in getting the right station quickly and clearly. Grebe S-P Condensers give the most low-wave grounding, which sensitizes, at times, almost microscopic tuning.

Other reasons why the Synchronphase gives the utmost in reception and simplicity of operation:

It receives all stations—high-wave and low-wave and because of the Low-Wave Extension Circuitry it tunes in over 100 low-wave stations too low reached by other receivers. The Synchronphase has a range of from 350 down to 150 meters. It is then equipped for the future as well as the present.

One dial operates all—The Grebe Flexible Unit Control permits the setting of two or all three dials by one; or they may be adjusted separately.

Perfect tone quality control—The Grebe "Coloration" control lets you vary the timbre of voice or instrument to your taste, independent of the loud speaker's influence. It removes all taint of shrillness and reduces to a great degree.

Ask for a demonstration of these exclusive Grebe advantages; then compare the reception with that of other receivers.

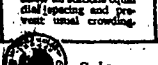

A. H. Grebe & Co., Inc. Gateway Hall, 109 West 57th Street, New York

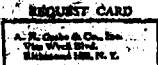

THE FRED FOSS CO. Opposite Fire Station

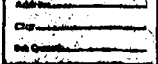

Grebe S-P Condensers allow all stations equal dial spacing and prevent crowding.

Grebe 'Coloration' gives better control of tone quality independent of the loud speaker.

REQUEST CARD A. H. Grebe & Co., Inc. The New York Building, 109 West 57th St., New York, N. Y.

Grebe Flexible Unit Control permits the setting of two or all three dials by one; or they may be adjusted separately.

# THE SPORTS OF A DAY

## BOISE HIGH SCHOOL WINS CHAMPIONSHIP OF IDAHO BY 27-0

### Capital City's Squad Defeats Northern Champions Handily; Last Half of Session Finds Two Teams on Equal Footing.

(By The Associated Press) BOISE, Dec. 3.—Boise high school won the Idaho interscholastic football championship here today, defeating Moscow, northern champion, by a score of 27 to 0. Boise's victory was gained in the first half when all scores were made. Moscow fought back gallantly in the second half and played Boise on better than even terms.

The outcome seemed to have been determined in the first three minutes of play when Lemp, Boise back, crashed through the Moscow line, eluded the secondary defense and ran 45 yards to a touchdown. On the opening play of the game, Randall, Moscow right end, with a clear field before him, was just barely unable to get a beautiful forward pass from Tyrrell.

Smith, will-o-the-wisp backfield star, scored Boise's second touchdown after Boise had blocked a Moscow punt. Carter's outpacing of Randall, Moscow, placed Boise in scoring position in the second period and Lemp crashed to the third touchdown, a 35-yard pass, Smith to O'Grady, of the ball on Moscow's four-yard line and despite a stubborn defense Smith carried the ball across for the fourth touchdown.

Moscow came back fighting in the second half and outplayed Boise in the third period. Honors were won in the final quarter. Moscow advances were stopped on one-yard, five-yard and 10-yard lines.

While Moscow made 10 first downs to 15 for Boise, Boise made 300 yards from scrimmage to 157 for Moscow. Moscow's nine punts averaged 24 yards while Boise's six punts averaged 27 yards.

Lineup: MOSCOW (0) BOISE (27)

Woody	left end	Uranga
Stanley	left tackle	Neal
Grates	left guard	Carter
Hall	center	Smith
Littlerfield	center	E. Smith
Gallup	right guard	Warner
Randall	right tackle	Hall
Wicks	right end	Swan
Smith	quarter back	W. Smith
Tyrrell	left half	Lemp
Phelps	right half	Rankin
Boise	full back	13 14 0-27
Moscow	touchdowns	0 0-0-0
Boise scoring:	Touchdowns	4
W. Smith	Points after touchdown	2
W. Smith	Points after touchdown	2

### Feret Fails to Gain Reinstatement From French Federation

PARIS, Dec. 3 (AP)—Paul Feret, who turned professional lawn tennis player to go barnstorming with Mlle. Suzanne Lenglen, was denied reinstatement in the amateur tennis ranks by the French federation tonight. The executive committee of the federation instead of passing directly on the problem, turned the issue into a question of referring Feret's application to the ethics committee which it refused to do.

If the request had been referred to the rules committee, it was understood the rules committee would have been expected to find some way out, either by changing the rules, or "interpreting them to admit Feret."

## TROJANS DEFEAT WASHINGTON BY SCORE OF 33 TO 13

LOS ANGELES, Dec. 3 (AP)—University of Washington's football team, a hard hitting, stiff playing outfit, found themselves out-hit and out-planned here today when University of Southern California spread their wings around the landscape for 33 to 13 score. The Trojan horse had the best of the argument with the Seattle Huskies all the way.

## PENNSYLVANIA VARSITY TEAM PLANS TRIP TO CALIFORNIA UNIVERSITY

PHILADELPHIA, Dec. 3 (AP)—The entire University of Pennsylvania varsity football squad has been selected by Coach Louis Howe to make the trip to California for the game with the University of California on December 21.

## WIN CHAMPIONSHIP

BALT LAKE CITY, Dec. 3 (AP)—The west side high school Panthers this afternoon won the state scholastic football championship by defeating the Provo Bulldogs by the convincing score of 23 to 0.

## DOLLS FOR GENTLEMEN COMING TO PARIS SHOPS

PARIS, Dec. 3 (AP)—Fashion dictators have decreed dolls for men. Several novelty companies, according to a fashion journal of veracity, are turning out men's dolls in quantities, soon to be put on the market. They will be in all sizes and shapes, representing clowns, dancing girls and even politicians. Poincare, Briand, Barthelemy and other statesmen will be innag'd in fraves stuffed with cotton or sawdust and able even to walk or dance and to talk in monosyllables.

## BASKETBALL SEASON OPENING FOR VANDALS

### Five Veterans Nucleus for Idaho Team Now Engaged in Hoop Practice; New Coach.

UNIVERSITY OF IDAHO, Moscow, Dec. 3.—With five veterans from the 1926-1927 basketball team as a nucleus around which to shape a 1927-28 team Idaho has started hoop practice for the first year under Richard A. Fox, former star under David A. McMillan, who has been Idaho's basketball coach for the last seven years but resigned last spring to take over basketball affairs at the university of Minnesota. Fox comes to the University of Idaho from Pocatello high school where he basketball teams won one state championship and all ways were in the title races. Last year the Pocatello team won national recognition at the Chicago tournament.

Idaho's veterans include a center, three guards and a forward. Darwin Burger of Rupert appears the most likely candidate for center though last year he played a forward position some. Glenn Jacoby of Bonners Ferry will play his third year at guard. Herbert Canine of Burley and George Green of Caldwell are the other veteran guards on the varsity squad. Art Deward of Lewiston is the fifth veteran and Dan Canine, Jacoby, Green and Deward are playing their last year.

### Outlook Good

Despite the loss of John Miles of Cullacese, Idaho's crack forward last year, and four other members of the team that tied Washington for second place in the northern division of the conference, the outlook for the season is good. During the last seven years Idaho has never finished below third place in the conference and during that period has taken two championships. The outlook is helped considerably by the fact that Fox was selected in Macmillan's style of all and though there has been a change in coaches at Idaho there will be no change in system.

John Miles was an all-coast forward last year. Others lost from the 1926-27 team include Harold Lamphere, Cascade, Montana, guard; Ilef Erickson, Pocatello, center; Ed Nedros, Moscow, forward; and Fred Judvine of Gooding. Some good replacement material, however, comes from the last year's team, one of the best first-year aggregations ever developed at Idaho.

### Outstanding candidates in sight at this time includes Harold Thornhill

and Robert Deaton of Kellogg. Thornhill will be liked at center and forward with Thompson in line for a forward position. Deaton and Frank Macmillan of Pocatello are candidates for forward positions. Kenneth Barrett of Idaho Falls is working at center and Ralph Ott, also of Kellogg, is finishing up as a guard.

### Cuyler Comes to 'Terms With Cubs' President Veck

CHICAGO, Dec. 3 (AP)—Hazen Cuyler, star outfielder of the Pittsburgh who was traded to the Chicago Cubs for infielder "Sparky" Adams and pitcher Pete Scott, today came to terms with President William L. Veck and signed a contract for 1928. The salary was not disclosed but is reported to be one of the largest on the club. Cuyler was said to have drawn more than \$10,000 with the Pirates last year.

### Georgia Tech Wins From Bulldogs 12-0

ATLANTA, Ga., Dec. 3 (AP)—Georgia Tech smashed the football championship hopes of the University of Georgia in the mud today, upsetting the previously unbeaten Bulldogs, 12 to 0 before a record breaking southern crowd of 28,000.

Tech scored its first touchdown in the second period on a 4-yard pass Mizell to Durant, and tallied again in the third quarter when "Stumpy" Thomason dashed 11 yards around end and over the Georgia goal after reeling off a 63-yard dash from an intercepted pass.

Tech out-guessed and out-generated the vaunted Georgia eleven, which had won nine straight games previously and gained fourth as well as national fame. While knocking their rivals out of the title picture, Tech simultaneously established a strong claim to the southern conference championship. Tech is unbeaten in southern competition and been defeated only by Notre Dame.

## 18 FRESHMEN GRID PLAYERS GET AWARDS

### Herbert Owens, Twin Falls, Is Among First-Year Members to Receive Numerals.

UNIVERSITY OF IDAHO, Moscow, Dec. 3.—Eighteen players on the 1927 Idaho freshman football squad named from 14 towns in the state and two outside, will receive numerals in recognition of their efforts on the grid-iron, according to recommendations by Richard Fox, first-year football coach. With three games won out of four played the freshmen had a successful season. They defeated Spokane university, the University of Montana freshmen, and Clatsop normal but lost to the freshmen of Washington State college.

Coch Fox believes the freshman squad contains plenty of valuable varsity material. With nine men on this year's regular Idaho eleven playing their last football the husky freshman aggregation will be welcomed by Charles Erb, head varsity coach, and his staff.

Most Members Seeded

"Most of these boys came to the university after good high school careers and many will continue to bring glory to themselves on the gridiron after they get on the varsity squad next year," said Fox.

The men receiving the award for freshman participation and the positions they played follow:

Harold Carlson, Gardner, center; Elmer Martin, Boise, guard; Hugh Sprout, Boise, guard; Jesse Cannon, Genesee, tackle; Russell Hall, Filer, tackle; Lendon Barhart, Riverside, California, tackle; George Swindaman, Declo, end; Peyton Sommercamp, Weiser, end; Bud Rutledge, Middleton, end; Bert Richardson, Lewiston, quarterback; Elliott, Roomon, Pocatello, fullback; John Booker, Polatich, halfback; William Rosenbaum, Gooding, fullback; Herbert Owens, Twin Falls, halfback; William Beasler, Klamath Falls, Oregon, guard; Hugh Stanfield, Weiser, guard; George Scatterday, Caldwell, guard and vice Werner, Moscow, halfback.

## IDAHO WANTS HEAVIER SCHEDULE FOR FOOTBALL

UNIVERSITY OF IDAHO, Moscow, Dec. 3.—The University of Idaho will have three representatives at the annual Pacific coast conference meeting in Portland, December 9, 9 and 10. They will be Dean M. F. Angell of the college of letters and science, now acting dean of the southern branch of the university at Pocatello, who is secretary of the conference; Charles F. Erb, Jr., director of physical education and head football coach; and George E. Horton, graduate manager. Idaho's representatives will endeavor to get a heavier schedule in the conference football season. Horton, Idaho's head football coach, said that the conference season would be shorter than the one at Southern California, and that the "big teams" in the circuit would get a better final standing was generally accepted.

"Electricity!—The Master of Mass Production"

Says Dr. Henry Mace Payne
Consulting Engineer, American Mining Congress

"America's prosperity is the fruit of intelligent power development, with skilled direction and mass production, paying the highest wages in the world, her workmen enjoying a higher standard of living than ever before. Wherever we look about us we find the evidences of the co-partnership between brains and business."

ELECTRICAL POWER may rightfully be regarded as one of the world's basic industries. It is mankind's most tireless and efficient servant.

It is obvious, therefore, that the well-being of every body depends upon the accessibility and abundance of electric power.

By means of its magic current, forces are unleashed that free labor from excessive burden; homes are made happier and more comfortable, and the wealth of the nation multiplied many times over.

Through the foresight, initiative and commercial daring of the electric power companies of this country, American industry today is supplied with more power than all the rest of the world combined—twenty-four times more power than was available twenty-four years ago.

The wealth is that not taken from others by trade, but new wealth, wrung from the treasure-house of science, enhancing individual production capacity forty fold and increasing wages proportionately.

To the degree that the principle of individual initiative, under which these companies have functioned is maintained, will the continued prosperity of the nation as a whole be assured.

\*The complete text of Dr. Payne's address will be furnished upon request.

### FATHERS AND SONS AT HANSEN BANQUET

#### Discussion of Wide Range of Topics Figures on Program for Interesting Event

HANSEN, Dec. 3.—A father and sons banquet was held at the Methodist church, Tuesday night, with a good sized crowd in attendance. Following a three-course dinner a delightful program was announced by the treasurer, Ernest Kerr. Devlin was the subject discussed by E. C. Montgomery, who told why the boys had to have some outlet for the stored up energy and ambition was the topic of Howard Hill, and he mentioned the reason for "hitching our wagon to a star." Development was discussed by Vance Smith, who took the subject from several angles, physical, mental and moral. Lemon was the subject of William Olson who told why dads are like lemons when the boys want to go out for an evening and wants the car to go in and so forth. A. Robinson spoke on "Advertising." R. Hall gave a talk on "Devotion." D. A. Hiles took as his subject the phrase, "Wanted, Man." Following several recommendations to offer, as guides to the young man, concluding with the reading of Epiphany's "Iv." Among the special features of the evening were several selections by Rev. O. L. Kendall and a son, who played harmonica and a guitar. Following the program Rev. Kendall made several announcements, among which were the meeting of the trustees and the boy scouts immediately after adjournment of this meeting. J. H. Jamme, district scout executive, was present at the banquet and was introduced by the treasurer. He came here to meet with the scouts and talk over some things of interest to them. After the meeting many of the close friends of Mr. and Mrs. Willis Sampson went out to their home and staged a chaperau. Mr. and Mrs. Sampson will leave on a wedding trip, later returning home where the bridegroom is engaged in farming interests.

#### Heavy Shipping Record

Just a few more days and the beetles will have all departed to the factory and the 1927 season will go down in history as being the biggest and best year of beet growing in this district. Workmen are gathering in the remaining sugarcans from the huge piles that were made when they were coming to the dumps too rapidly to be loaded out to the available cars.

Several farmers, besides farmers are shipping out spuds, despite the lower price, and the volume of outgoing cars, while less than usual, has not ceased altogether. The total outgoing load of freight here this month, to date, records of George Trout, agent, show, is 175, consisting of 87 spuds, 13 beans, 6 onions, 1 apples and beets, wheat and other commodities.

Next Monday an election for a new highway commissioner will be held at the office of the Gem State Lumber company here.

#### Two What?

Pittsburgh university students have discovered that two can live on \$2,000 a year. Two what?—El Paso Times.

### SOCIETY AND CLUBS

President Knapp, the pretty affair with the last of a series of the beautiful parties Friday afternoon at her country home. Luncheon was served at one large table. Three small tables were set for out-of-town guests of pink and green carnations in bud vases, the goblets and service plates were of white china. Mrs. Knapp sat at a table with place cards and candy cups in the same exquisite colors. Mrs. Emma M. Watson played bridge. Mrs. T. George Halsey, second, and Mrs. Walter Smith, low. Mrs. Hayward was assisted by Mrs. D. L. Alexander. Mrs. W. S. Wright and Mrs. George Sprague.

Miss Grace Bernard, who is to be married during the holidays to Frank Beer, was honored with a miscellaneous shower Friday evening by Miss Mabel Stanton at her home on Fifth avenue east. A mock wedding provided amusement, with Mrs. Estelle Hinton as bride, Mrs. H. H. Mahaffey, groom, and Mrs. H. H. Barnes officiating. Miss Beattie Carlson sang three selections with Miss Mabel Stanton as accompanist. A presentation of the lovely gifts, wrapped to stimulate large white snowflakes, was given by Mrs. Mabel Stanton. The guests were Mesdames Fred Beer, L. O. Jones, Elmer McClintock, John H. Peterson, Orrin Fuller, Mrs. H. H. Barnes, Ralph E. Smith, Ross Stevens, Arthur Barrett, Estelle Hinton, Mesdames Grace Bernard, Mildred Ervin, Beattie Carlson, Hazel Mahaffey, Helen Stearns, Ella Beer, Esther Smith, Bertha Bishop, Pearl Young and Alice Ferriss.

The Royal Neighbors met in regular session Friday evening in J. O. O. hall. Annual election of officers was held as follows: Oracle, Clara Koehler; vice oracle, Lena Kunkel; past oracle, Laura Dow; recorder, Alice Ferriss; treasurer, Ella Smith; chancellor, Fannie Haines; inner sentinel, Alta Dickey; outer sentinel, Ed. Hainline; herald, Laura Ferriss; marshal, Beadie Riley; manager, Mae Franklin; and Mabel Skinner; physicians, Dr. C. A. Enns and Dr. Emma C. Crossland. Plans were completed for a Christmas party at the next regular meeting on December 10. There will be a gift exchange, the member bringing a gift for an adult and one each for as many children as she brings. Mrs. James Arnhart and her committee served refreshments at the close of the evening.

Margaret Botcher was hostess to the Tatapoohoon Camp Fire Friday evening at her home on Fourth avenue. The meeting was opened with "Welcome" and the usual business transacted. Plans were partially completed for a party to be given for a needy family. Zeppia Richins was voted to membership, and the meeting closed with the singing of "Home." Katherine Thompson was a guest. Refreshments were served by the hostess.

Mrs. Homer Craven entertained the Past Matron's club Friday evening at her home on Shoshone street. During the business meeting the outgoing officers were elected; President, Dr. Emma C. Crossland; vice president, Mrs. F. W. McChobour; secretary-treasurer, Mrs. Ernest White. A pleasant social hour was enjoyed and the evening assisted by Mrs. E. E. Lecco served a two-course luncheon.

Members of the Actvina Club were

### MURTAUGH PEOPLE GIVE PROGRAM AT ASSEMBLY

Shoemaker, Dance, Vocal and Instrumental Music Featured in Entertainment.

MURTAUGH, Dec. 3.—Murtaugh school held a weekly assembly on Friday. The program arranged by Miss Lee Tolman, consisted of two songs by the first graders; a shoe-maker dance, a play acted by June Tolman and two assembly songs. Several visitors attended.

Blaine Baley left this week for Stockton, California, where he has employment with a hardware store. J. Bonard and Fred Miller of Arlesian transacted business in Kimberly Thursday.

Art Wilson of Kimberly was a business visitor in Murtaugh Wednesday. Ladies Aid society held a chicken dinner in the Methodist church Friday. A large crowd attended. After the dinner an apron sale was held. Later part of the evening was spent in singing, community songs. Steve Perkins left Wednesday for Ashton, to buy seed potatoes. W. Walker and his brother David Walker of Twin Falls were business visitors in Murtaugh Thursday. Mrs. Nellie Hall of Burley was a dinner guest.

### ATTORNEY GENERAL TO PUSH RATE COMPLAINT

Frank L. Stephan, Idaho attorney general, will give his personal attention to the prosecution of the state public utilities commission's complaint asking for establishment of rates on freight over the Popoion-Walla cut-off, according to advice received here yesterday from W. H. McConnell, secretary of the state commission. The complaint was filed last week before the interstate commerce commission.

"These papers," McConnell's letter said, "have all been submitted to Mr. Stephan for his approval, and he has signified his intention of giving it his personal attention."

### PRESIDENT OF REBEKAH ASSEMBLY TO VISIT HERE

Mrs. Emma O'Leary, president of the Rebekah assembly of Idaho, will arrive here today, and will be the guest of Mrs. S. Watkins, past president of the Rebekah assembly of Idaho. During her stay here Mrs. O'Leary will visit Pler officially on Monday night, and the Twin Falls lodge on Tuesday. On Thursday, the Past Noble Grand's association will entertain at the home of Mrs. P. L. Cogswell with a dinner honoring Mrs. O'Leary.

### Delightful Family Gift—Orthophonic Victrola

THE gift that is ever new. The gift that is sure to keep on giving to each individual member of the family the year 'round.

The (Credenza Model) shown, is a new invention, just introduced to the public.

Thousands of homes will be happier this Christmas, for the music of all the world is now reproduced so faithfully on this new instrument, that it is difficult to distinguish from the original performance.

We are accepting orders. Come in today!

### Salmon Farmers Present MR. J. M. PIERCE

—for—  
**Highway Commissioner**

We suggest that there could be no better man placed on the Highway Board than J. M. Pierce of Berger.

Through his long residence among us he has become well known, is beloved and respected by all and easy to get along with. Mr. Pierce is a graduate of the Kansas Agricultural College, he is a born-road builder and his election will mean the maintenance of an honest and intelligent administration of our road funds for the benefit of all.

If the voters of the Twin Falls Highway District are really in earnest in their search for a good man to place on the Highway Board, they need go no further than to write the name of J. M. Pierce on their ballots at the Highway Election to be held Monday afternoon, December 6th.

### The "WHY" of Willys-Knight's Superiority

# Higher Compression

Utmost power with velvet smoothness

Only the patented Knight sleeve-valve engine gives you these vital advantages

Use ANY gas

Because of the exclusive, fundamental principle of its design, the patented Willys-Knight engine, with its sliding sleeves and spherical cylinder head, provides a compression chamber of the utmost efficiency.

Thus, Willys-Knight assures you of the advantages of high compression—greater speed, livelier acceleration—with none of the disadvantages, such as undue wear and tear and the need for special gas, which hamper the performance of many poppet-valve motors.

Exquisitely beautiful new colors. Your choice of many distinctive colors, both in exterior and interior. Choose the rich, harmoniously blended, lasting attractive.

With the Willys-Knight, you can burn any gas—and be sure of high, sustained engine efficiency at all speeds. The patented Knight sleeve-valve engine is not only simpler—with fewer moving parts—but it is the only type of automobile power plant that grows smoother and quieter with use.

\$1295 E. C. factory is all you pay for a 5-passenger, 6-cylinder Willys-Knight closed car. "70" size, \$1495. \$1495. Gross Price, \$1850 to \$2495. Deluxe 6-cylinder factory and specifications subject to change without notice. Willys-Owens, Inc., Toledo, Ohio.

**KIMBERLY GIRL HURT IN UNIQUE ACCIDENT**  
Cream Can Falls off Truck and Fractures Skull of Little Betty Shepherd.

**KIMBERLY, Dec. 3**—Betty Shepherd, younger daughter of Mr. and Mrs. J. H. Shepherd, met with a painful accident on Wednesday when a cream can from a truck fell and struck her on the head, causing an ugly fracture. Her condition is reported improved at this time.

Mrs. E. T. West, Sr., and daughter, Gloria, returned Friday from Salt Lake where Mrs. West took Gloria for medical treatment. She is much improved in health since their return. W. H. Mund and family are here from Washington writing indelible ink at the home of Mr. and Mrs. L. J. Haggard. The Mundas were former residents of Kimberly and are contemplating returning here to make their home.

Members of the Talpochin Camp Fire Girls of Kimberly met Wednesday evening with their guardian, Miss Augusta Place. During the business session the following new officers were elected: President, Phyllis Taylor; treasurer, Margaret Shepard; secretary, Charlotte Upton. A drink was chosen by the members for a play on the stage of dramatic work for winter. It was decided to continue the work of their health club.

The Misses May Bettis of American Falls and Alma Ludwig of Twin Falls were dinner guests on Sunday at the home of Mr. and Mrs. P. E. Wilson of Kimberly.

Mrs. L. E. Davis was hostess on Thursday at her home south of Kimberly in an attractively appointed 6 o'clock luncheon for members of the Kimberly Bridge club and guests including Mesdames R. E. Bobler, W. T. Seal and Ernest Weller of Twin Falls; C. M. Fisher, Harry West, Jr., P. W. C. O. E. Teater, E. B. Wilkerson, J. M. Forbes. The tables were prettily decorated in the Christmas motif. Potatoes and silver leaves with red berries in crystal baskets formed center pieces for the tables. Fine music in fact was heard here were the favors. Bridge was the diversion after luncheon and Mrs. E. B. Wilkerson and Mrs. W. A. Stoves received high honor scores and Mrs. J. W. Forbes a clever consolation gift.

Mrs. W. M. O. E. Douglas, Mr. and Mrs. L. G. Byrns, and Mrs. J. A. Forbes were guests of Mr. and Mrs. M. B. Gill on Friday evening at a seven o'clock dinner. Mrs. Van Houten and radio music following the dinner hour.

Party at Steelsmith Home  
Mr. and Mrs. G. P. Steelsmith entertained on Friday night at their country home for 24 of their friends from Twin Falls and Kimberly at a charmingly appointed seven-thirty o'clock dinner. The Carters let the bridge occupied the evening after dinner and combination high scores were awarded to Mrs. M. B. Gill and Mrs. Van Houten. Mr. and Mrs. A. J. Wilson, Mrs. Meredith Hahn assisted Mrs. Steelsmith in serving during the dinner hour.

The Ladies' Pioneer club will meet on Thursday, December 8 at the home of Mrs. Geer McVey at her home in Kimberly. Mrs. Van Houten will be leader and the program will be "Christmas Carols."

**RENUMS MAY DECLINE TO TESTIFY AT TRIAL**  
(Continued From Page One)  
brief interval with avidity, hurling questions at Connors. Walter E. Sibbald, assistant prosecutor, hurriedly built up a picture of Connors as a co-conspirator in an ex-convict, a man still in the whiskey business who resorted to the subterfuge of legal possession to get whiskey into the illegal market, and the associate of bootleggers.

**DISTRICT INSPECTORS HOLD BUSINESS SESSION**  
Edgar V. Gipson, federal producer inspection supervisor for this section, and Mrs. Gipson entertained the district inspectors at their home Friday evening. The meeting was held to aid in the standardization of inspectional work and to promote cooperation among the inspectors of this territory.

Harry Sablin of Boise, chief inspector for the state, made a general inspection of the state and presented inspectors' certificates. Problems met with by the various inspectors were discussed. It is planned to have a monthly meeting of all inspectors in the state with a federal official from Boise in charge of the session in the near future.

**PORTUGUESE WANT FILM TITLES IN OWN TONGUE**  
LOURNESE MARQUES, Portuguese East Africa, Dec. 3 (AP)—A large replacement is foreseen here in the proposed order of the government regarding the printing of Portuguese film titles. Residents like American films, but resent their enjoyment is tempered by inability to read the titles. As virtually all the films shown are American-made and have titles in English, the effect of the law is regarded as furnishing American manufacturers with a new market for films with titles printed in Portuguese with the Brazilian trade. The audience can understand the titles business men, there will be greater demand for new films.

**TEXTILE HEAD TRAVELLER**  
BRADFORD, England, Dec. 3 (AP)—Lord Barnby, who at 87 controls probably a larger portion of the world's woolen textile industry than any other man, is making preparations for his one hundred and first trip across the Atlantic. He plans to visit American branches of his firm.

Lord Barnby is known in England in English, the effect of the law is regarded as furnishing American manufacturers with a new market for films with titles printed in Portuguese with the Brazilian trade. The audience can understand the titles business men, there will be greater demand for new films.

**COW-TESTERS BEGIN DRIVE IN MINIDOKA**  
Two-County Association to Eliminate Unprofitable Animals; 33 Members Enrolled.

**BURLY, Dec. 3**—Although organized in July, the Cassia and Minidoka county cow-testing association has been unable to function until recently on account of inability to get a competent tester. With the employment of Harold D. Hawk of Rupert, testing began November 17 and will be continued by testing each member's dairy herd monthly.

The organization now comprises 33 members, representing about 850 cows. The purpose of this association is to keep records of the cost of feed of each individual cow and her production. The cost of each individual cow and her production can thereby be determined and unprofitable "boarder" cows eliminated. Monthly testing fees to each member of the association range from \$2.50 to \$4, according to the size of the dairy herd.

**COMMANDER CAPTURED**  
MEXICO CITY, Dec. 3 (AP)—Special dispatches from Puerto, Mexico, say that former General Horacio Luero, military commander of the garrison at Puerto, who revolted with General Gomez, was captured this afternoon by General Navarro at Vista Hermosa, which place, being surrounded by swamps, made Luero's escape impossible.

**London Vile Chinese War Flag in Sydney**  
LONDON, Dec. 3 (AP)—Australia will have a flag of opportunity to bear the Chinese flag in London church bells on Christmas day. The British Broadcasting corporation has arranged to cooperate with the Sydney station on that day. But Sydney will "take the bells" at 11 p. m. on Christmas Eve, since Sydney is 10 hours ahead of Greenwich time.

**MISSOURI-PACIFIC MAY ELIMINATE DIVIDENDS THROUGH STOCK ISSUE**  
ST. LOUIS, Mo., Dec. 3 (AP)—A committee appointed from the directors of the Missouri Pacific railroad company is considering the possibility of eliminating the accumulated dividends on preferred stock, now nearly \$40 a share, probably through a new stock offering.

The plan if regarded as another indication of progress made since 1924, made on preferred stock, now nearly \$40 a share, probably through a new stock offering.

**BARNES PRISON FAREWELL**  
MCALISTER, Okla., Dec. 3 (AP)—"Flicky" an Ardmore dog, barks the last farewell to every woman prisoner leaving the penitentiary. The warden and the matron say good-bye in the office, but "Flicky" goes along to the gate and stands there barking his adieu.

**CHINESE UNREST MAKES BIG CUT IN CIGARETTE EXPORT FROM AMERICA**  
WASHINGTON, Dec. 3 (AP)—Six months' unrest in China, which has 10 times as many American-made cigarettes as any other country, has reduced total exports of the United States 26 per cent during the first nine months of 1927.

The United States Department of Commerce warns that American manufacturers should consider this situation as a factor in planning production programs, for any surplus must be absorbed at home.

During the period China purchased only 154,000,000 cigarettes as compared with 5,000,000,000 in the corresponding period of 1926. The total exports scarcely exceeded 5,000,000,000 cigarettes, not a production of 7,580,000,000, an increase of 83 per cent.

Furthermore, the department says, per capita consumption in this country is not increasing as rapidly as in the past few years. The gain last year was only 40 cigarettes, whereas from 1924 to 1925 there was a gain of 90 cigarettes.

**ODD MEN MECHANICS BROUGHT 'MOOCHER'**  
COLETT, Dec. 3 (AP)—Two Ogdenville building mechanics were shot tonight, apparently when they refused the second quest of a "moocher" for some small change. They are Walter Lund, 38 years of age, a carpenter, and Walter Truck, 42, a cement worker.

Police were informed that the two were seated in a parked automobile on Twenty-fifth street near the Union station when they were approached by the stranger. Five shots were fired. Lund later was removed to the hospital in the ambulance.

**TWO MINOR AUTO CRASHES REPORTED TO CITY POLICE**  
A. M. Peters, merchant's police and deputized patrolman, reported to headquarters late last night that he was driving down Main avenue west he struck a Studebaker touring car belonging to William McDonald, 605 1/2 First street, which was parked at the curb. The front and rear fenders, front axle and front tire of the Peters' car were badly damaged. The McDonald car was apparently undamaged.

Mrs. Wesley Wash reported to police last night that her coupe was struck by an old touring car on Second street south. Her car received a crumpled fender. The driver of the touring car is not known.

**MAN HELD FOR BATTERY**  
Gene Prosser was lodged in the city jail on a charge of battery and harassment on an unknown male in the vicinity of the Central Service station on Main avenue south, about 10 o'clock last night. Police did not get the name of the victim of the assault, but stated that he appeared to have been rather roughly handled.

**RECORD FOR FAITHFULNESS**  
ROANOKE, Va., Dec. 3 (AP)—In thirty-six years as a mail carrier, J. E. Weyland has missed only one day on his route. That a winter day in the nineties when snow piled up 34 inches and trains were late. He estimates his mail-carrying mileage at 132,192 and figures that he has borne on his back 1,161,600 pounds of mail.

### MCDOWELL TO APPEAL FROM CONVICTION ON CHARGE OF GAMBLING

#### Castelford Barter Serves Notice on Court by His Lawyer After Sentence is Imposed; Motion in Barr Case Argued.

Ernest McDowell and Conrad Kelley were sentenced by Judge E. F. Ensign in district court here yesterday in spending 30 days in the county jail and pay a fine of \$300 and costs each. The two men were convicted in both district and probate courts on charges of gambling on which charges they were arrested in Castelford at about 5 o'clock on the morning of last November 4. Oral notice of appeal was made by E. V. Larson, attorney for the defendants in behalf of McDowell. Formal written appeal to this court was filed for McDowell Monday. No notice has been given so far in behalf of Kelley.

#### Denies Corroboration

The theory of the defense is that there has been no legal corroboration of the testimony of E. E. Ulrich, who, on his own statement, was a participant in the game. The fall sentence is the same as that imposed by Probate Judge C. A. Baily after the men had been convicted by a jury in his court. The fine was increased by \$75 each above the fine imposed by Judge Baily.

#### Under Adversity

Attorneys for J. D. Barr, convicted of gambling, presented arguments yesterday on the ground of alleged irregularities in the trial in police court. Testimony of R. E. Leighton, chief of police, relative to what took place at the time of the raid and arrest, was taken to get the circumstances before the court. Judge Ensign took the matter under advisement.

#### J. Compton of the Salmon section, who pleaded guilty to the charge of interference with irrigation water delivery, has received respite until December 19 in order to complete gathering in his traps before beginning to serve a 10 days jail term. He was also fined \$100 in addition to the jail sentence.

#### Resume Snowden Trial

Court will reopen tomorrow at 10 o'clock as when the trial of J. L. Snowden charged with burglary, will be resumed.

#### Hearing on a motion for reinstatement in the case of Ferguson against the Big Wood Canal Company, which was to have been argued yesterday, was postponed. This is a case arising in Judge Ensign's district.

### Highway Board Lets Graveling Contract

The Twin Falls highway board at its session Saturday afternoon let the contract for graveling two miles of road near the Carter farm in the Berger district to William Harkins.

### Bank Clearings Are Highest in History

Bank clearings for the last year closed with a record for the highest in the history of Twin Falls. Clearings for the corresponding period of last year were \$4,349,347. The month of October and November of this year are the only times in the history of Twin Falls that bank clearings have exceeded \$4,000,000.

### BREVITIES

#### Goes to Berkeley—Mrs. Tom Faine is visiting in Berkeley.

#### Kimberly—Max Viste—C. W. Walender was here from Kimberly yesterday.

#### Assessor is Ill—E. Claude Stewart, Twin Falls county assessor, is confined to his home with grippe.

#### Here from Kimberly—Mrs. V. Moreland, was in Twin Falls from Kimberly on business yesterday.

#### Visits in Berkeley—Miss Mildred Halnes went to Berkeley last evening to spend the week end with friends.

#### Home from Montana—Luana Bates returned yesterday from a visit with her daughter in Butte, Montana.

#### Visitor Is Expelled—Maurice Donnelly of Golden, Colorado, is expelled today to visit Joseph H. Seaver, Jr.

#### Visiting Brother—Mrs. Pay Pitts, accompanied by her son, went to Pocatello last evening to visit her brother.

#### Return to Murrough—The Misses Cranney, who were here from Murrough on Saturday, returned last evening.

#### Returns to Berkeley—Mrs. Bernghart, of Berkeley, who visited friends here yesterday, returned to her home last evening.

#### Parents of Bob—A son was born to Mr. and Mrs. W. R. Morgan of Murrough at the Twin Falls county general hospital here last Friday.

#### Condition Improving—Mrs. J. M. Wall is still confined to her bed by illness but her condition last evening was reported to be improving.

#### Hansen Falls—Mrs. Lucile Skay and Miss Jessie Neel returned to their homes last evening after spending the day in Twin Falls.

#### Freight Agent Visits—J. Fred Keato, traveling freight agent of the Rock Island railroad, was in Twin Falls yesterday from Salt Lake on business.

#### German Church Meeting—Rev. C. H. Rietschel, who has charge of the work of the German Presbyterian church in the Minidoka district, arrived yesterday to hold services this morning.

### ELKS WILL OBSERVE MEMORIAL OCCASION

#### Program of Impressive Ritual, Address and Music Arranged for Public Exercises.

With a memorial address to be delivered by Rhad L. Hodgin, attorney and former Twin Falls mayor, and with a program of impressive ritual interspersed with appropriate musical numbers, Twin Falls lodge of Elks will observe the "Lodge of Service" ceremonial with public exercises to be held at 8 o'clock this evening in the Elks' lodge rooms.

The musical program is to include a vocal solo, "Beautiful Isle of My Dreams," by Verne, a number that is said to be particularly appropriate to this occasion and which is to be sung this evening for the first time in Twin Falls. It will be sung by Wilton Peck with piano accompaniment played by Mrs. Wilton Peck.

A selected piano number is to be played by Mrs. Marie G. Baily, one of Twin Falls prominent musicians. The high school saxophone quintet will play two numbers, "Lean Kindly Light," and "Aldio With Me."

At the home of L. Heather on Quincy street.

#### Visits Brother—John P. Kosharek, attorney, went to Kimberly last evening to spend Sunday with his brother, Frank Kosharek.

#### Will Return from Visit—Mrs. Alexander Allenbach will return today from Pocatello where she has been visiting her parents, Mr. and Mrs. George Klump.

#### Obtain Marriage License—Grant Bump of Twin Falls and Opal Forest of Gooding obtained a marriage license at the office of the county clerk here yesterday afternoon.

#### Credit Manager Travels—J. Hughes, secretary and manager of Twin Falls Credit association, will leave today for Boise to attend a meeting of the Idaho State Credit association.

#### Hold Annual Meeting—The Spanish War veterans will hold their annual meeting and election and installation of officers at the Masonic Temple here Monday evening at 8 o'clock. Refreshments will be served.

#### To Speak at Blackfoot—W. Orr Chapman, left last evening for Blackfoot where he will deliver the address for the E. F. C. memorial service this afternoon in connection with the regular ritualistic service.

#### Court Reporter Back—H. M. Bramlin, district court reporter, returned Friday from Soda Springs where he had gone to report a brief district court session in Caribou county for Judge H. A. Baker. Judge Baker is to open the district court session in the Minidoka county Monday morning in Rupert.

### The Weather

Windy, moderate temperatures. A drop of six degrees by the mercury Saturday with the maximum temperature made a fall of nine degrees for the minimum placed the low points at 27. Cold wind made the weather seem cooler.

### WELER MAN HURT WHEN AUTO GOES OVER BANK

George Jasper of Eiler, who was severely injured in an auto accident near the sugar factory Friday night was resting comfortably at the county general hospital here late last night according to hospital officials.

Mr. Jasper was driving from the vicinity of the sugar factory toward Twin Falls on his way to his home south of Elgin when he was forced from the road by a collision with another machine. Mr. Jasper's touring car went over a 20-foot embankment which resulted in a fractured shoulder and several fractured ribs for the driver.

Thinking himself merely bruised, Mr. Jasper secured a room in a local rooming house and did not seek medical attention until yesterday morning. At 11 o'clock this morning his condition was such that he was removed to the county hospital.

### ANNOUNCEMENTS

#### Primrose Rebekah lodge will meet Tuesday evening at 8 o'clock in I. O. O. F. hall. Mrs. Emma O'Leary, president of the Rebekah assembly of women will make her official visit. Election of officers, also will be held at this meeting. All members of the degree staff will be official visitors at 8 o'clock in the hall for practice.

#### Chapter D. P. E. O. steeplehouse will meet Tuesday evening promptly at 8 o'clock at the home of Mrs. T. F. Warner, 906 Eighth avenue east with Mrs. M. L. Hayland and Miss Gladys Terhune assisting hostesses. Mrs. Nellie Barclay of Joseph will give her official report of supreme convention. A large attendance is desired.

#### FELT HATS WANTED

TOKYO, Dec. 3 (AP)—Trade observers consider the Far East an excellent market for felt hats. Exports to Japan's 1926 exports with a total value of \$1,022,000. American exports to the same area totaled only \$22,000. China takes 75 per cent of the Japanese output.

### POCATELLO PREPARES TO RECEIVE WOOLMEN

#### Secretary Donald McLean of Woolgrowers' Association Helps Plan State Convention.

Plans for the entertainment of the Idaho State Wool Growers' association at Pocatello next month have been outlined, it was stated last evening by Donald McLean, secretary of the association, after his return from a conference with a committee of the Pocatello Chamber of Commerce.

The tentative plans for the entertainments and reception of delegates to this convention and for securing special railroad rates and hotel accommodations were discussed. Those present at the meeting were President R. H. Wells of the chamber of commerce, Charles Balch of the retail merchants committee, E. E. Brant of the Banknote Hotel, Secretary E. J. Fieldstedt, E. A. Krussman, Mayor C. Eas Ross and I. H. Masters of the Journal.

Special attention will be given the ladies who are visiting during the convention. Special music will be arranged for the convention. A boxing bout will be scheduled, which will be followed by a ball.

Secretary McLean outlined many of the possibilities of the convention and stated he believed this would be one of the largest meets held. The convention will just precede the National Wool Growers' convention, which will be held in Ogden later in January.

A finance committee consisting of J. S. Bunnell, Carl A. Valentine and others will look after necessary money to take care of the convention.

### SANDPOINT MAN LEADS IN TRAPSHOOTERS FOR LAST YEAR

E. D. Farnim, the great Sandpoint trapshooter who the Idaho state high average title for 1927. Farnim outclassed the field. He averaged 97.3 on 1773 clay. His best score of the year was made at Lewiston in May when he smashed 102 out of 200. W. C. Geddes, Winchester, takes second honors on the state high average roll. Geddes averaged 92.7 for the season. (Shooting at over 2000 registered clay the Winchester marksmen has turned in some nifty scores. A. Elourkhin, Winchester, takes third rating. His mark is 94.2 on 1826 birds. He is a

### REGIONAL BOARD TO TURN ATTENTION TO PRODUCTS GRADING

Conference of Growers and Shippers Puts Touchy Subject on-Docket for Consideration at Twin Falls Meeting.

Market grades of Idaho products will be discussed at the fourteenth regular meeting of the Central Western Shippers' Advisory board which will convene at Twin Falls on next December 14.

The touchy subject of market grades which has so often troubled potato growers and shippers during the last year and has caused an up-set in several potato situations will be a national hearing and aspect at the board meeting.

The Idaho situation has attracted a good deal of attention over the country and railroad and shipper representatives will be here from all corners of the United States to find out how the Idaho growers have acted their problem and to learn by our experience what should be done in other districts.

Shepherd's Lead Discussion  
The discussion on the Standard of Agricultural Products will be presented and lead by R. E. Shepherd of Jerome, president of the Federal Land Bank of Spokane.

Other parts of the program, bearing on this subject will be: Commodity Committee Reports, presented by committee chairmen and through state chairmen of each state.

Freight Marketing and Packing of Freight: progress report by regional board committee.

At a recent meeting a unanimous resolution was passed by the American Farm Bureau Federation urging that all farmers support regional advisory boards and explaining that these boards could assist agricultural producers in the solution of their local and territorial marketing and distribution problems.

The small as well as the large farmer of the southern Idaho district is promised much information of material benefit to him if he attends the board meeting here.

Offers Way Out  
There is only one thing wrong with the farming industry and that is that prices of farm products are not commensurate with the cost of production, is the consensus of some of the biggest minds of the country who have spent much time on the national agricultural problems of the last few years.

In other words the farming industry, generally is not profitable and cannot be made profitable until our system of marketing is so established as to systematically regulate the flow and distribution of agricultural products and preclude the necessity of selling in excess of current demands.

This is by far the most serious problem confronting this nation today, the economists believe. But with the machinery already set in motion by the regional advisory boards the eventual consummation of such a system of development seems a reasonable possibility.

### COLLISION DAMAGES TWO AUTOMOBILES SEVERELY

In turning into Shoshone street from Second avenue north, M. D. Morgan, driving a Studebaker touring car, struck the Ford coupe driven by Mrs. Mabel Cunningham which was coming from the south on Shoshone street. Morgan's car received a damaged tender and bumper, and Mrs. Cunningham's coupe sustained a damaged running board, door and fenders. The drivers settled the difficulties between themselves.

### HIGHWAY ELECTION AROUSES INTEREST

Friends of Rayl and Pierce Are Busy Seeking Victory in Contest of Monday Afternoon

Road district politics became lively at the close of the week with two candidates in the field and friends of both busy in their effort in anticipation of the election Monday.

The contest is between Robert Rayl, the incumbent whose term expires, has many enthusiastic advocates, who declare his retention is for the best interests of the people and their roads, there is a large contingent of residents of the district who are convinced that J. M. Pierce of Berge is the man most completely fitted to fill the place. No animosity is manifested so far on either side but advocates of both candidates are quite earnest.

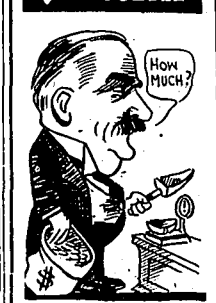

Term of Four Years  
The full term of a road district commissioner is four years. The district is divided into three sub-districts. The commissioner elected Monday will represent sub-district No. 3.

Voting in Afternoon  
Polls will open at 1 o'clock and close at 5 o'clock p. m. Monday at the following polling places throughout the district:

- Twin Falls, precinct No. 1, county court house.
- Twin Falls, precinct No. 2, office of Lind Auto company.
- Twin Falls, precinct No. 3, Twin Falls Chamber of Commerce.
- Hansen precinct, office of Gem State Lumber company.
- Kimberly precinct, American Legion hall.
- Berger precinct, Berger general store.
- Hullister precinct, Masonic hall.
- Rogerson precinct, Bank of Rogerson.
- Roseworth precinct, Roseworth general store.

### SCOUT HEADS GATHER TO PLAN YEAR'S WORK

Snake River Council Convenes to Elect Officers; Budget to Be Consideration.

Snake River council, Boy Scouts of America, will hold its election of officers for the year 1928 at a banquet served in Twin Falls next Wednesday evening at 6:30 o'clock. J. H. Jamme, district executive, stated yesterday. Officers which will be elected at final session are president, financial director, treasurer, commissioner of education, scout commissioner and camp director. These officials will be selected from the membership of the council.

The Snake River council is composed of the members of the district committees of the following towns: Buhl, Burley, Eden, Gooding, Hazelton, Jerome, Kimberly, Oakley, Rupert and Twin Falls. Eight counties are under the jurisdiction of the council. They are: Blaine, Cassia, Gooding, Jerome, Lincoln, Minnedoka and Twin Falls.

Regular meetings of the council are held each quarter. The final meeting of the year which is held in December is the election session. This conference is usually held in Twin Falls because of its central location and because it is the headquarters of the council. Yearly budgets for the scout work in the Snake River council are drawn up by the finance directors of the various districts within the council's area. This budget is submitted at the final yearly session of the council for its adoption.

### MOVIE OVER OLD GRAVE OF NAPOLEON'S FATHER

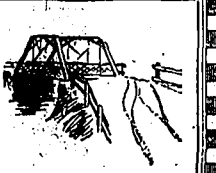

MONTEPELLIER, France, Dec. 3 (AP)—Napoleon's tomb in Paris is jealously guarded as a national shrine, but his father's original resting place in this city has become the site of a modern movie house. Charles Bonaparte, father of the "Little Corporal," died in 1785 and was buried in the cellars of a chapel in the Rue de Verdun. Eighteen years later his son Louis, brother of Napoleon, removed the body to the Chapel of Saint-Louis. The chapel was destroyed some years later. It was only after work on the movie house had begun that anyone remembered the historic importance of the spot.

### Bull Loses Bout With Car and Forfeits Life

Coming over second best in a bout Friday afternoon with the automobile driven by John DeKlois of Twin Falls, a two-year-old bull received a broken leg and later a bullet in the head. Mr. DeKlois reported to the sheriff's office Friday that as he was returning from a hunting trip to Hartough lake he met a car about two and one-half miles east of Twin Falls. As he was passing the machine the animal jumped from the roadside into the road immediately in front of DeKlois' machine. He reported that the animal received a broken leg in the encounter. E. C. Jackson, sanitary inspector, was notified and after investigating the bear's injuries sent it to greater pastures in the "happy hunting grounds."

### BURLEY PUTS OFFICIAL BAN ON PUNCH BOARDS

BURLEY, Dec. 3—Burley's police force has been given strict orders to enforce the ordinances against punch boards and prohibiting minors from frequenting pool halls. The city council has announced its determination that these laws be enforced and County Attorney T. M. Morris has ordered that all punch boards be taken out and that minors under 20 years of age be barred from pool halls.

### SHERIFF'S SALE TITLE INVOLVED IN LITIGATION

HALLEY, Dec. 3—Blaine county officials and the state officers do not agree as to whether the title of a piece of property sold under sheriff's sale passes at the date of the sheriff's certificate of sale, or one year later when the sheriff's deed is made. To determine the matter a test case was filed in Halley in the district court. About 30 foreclosure by the state in this county are involved and the outcome of the suit will make considerable difference in the taxes raised. The suit for the test is concerning the John Gilman ranch west of Halley and is filed as the state of Idaho vs. Emma A. Reed, treasurer of Blaine county.

### AUTO COMPANY SECURES SERVICES OF W. T. SEAL

Services of W. T. Seal in the capacity of sales manager, have been secured by the Lindholm-Reed automobile company. Mr. Seal is an old time resident of Twin Falls, having made his home here in 1904, and is widely known in automobile circles. He was at one time the Reo dealer in this city, and more recently has been connected with the Reo sales service here. A new valve grinding and facing machine has been installed in the Lindholm-Reed shop. This machine is the same type as those used by the federal government in its airplane service. New Brunswick Records every Thursday at Umbaugh's—Adv.

### KIMBERLY MAN BUYS CAR IN TWIN FALLS

A Chevrolet coupe, 1927 model, owned by Walter Hager of Kimberly, was stolen from Second avenue south last evening about 7:30 o'clock. The car bore Idaho license 80183 and motor license 3172546. It had a gray body with black frame and semi-balloon tires, with one spare tire.

### NEW BUREAU PLANS NEW PEEF FOR CROP EQUALIZATION BILL

#### Organization Representing One Million Rural Families Will Demand Sanction for Private Operation of Muscle Shoals.

CHICAGO, Dec. 9 (AP)—Representing one million rural families, the American Farm Bureau Federation will meet here in annual convention December 8, 9 and 10 to re-elect Sam H. Thompson as president and to consider the proposed equalization bill. It is far from strength behind a demand that Congress sanction private operation of Muscle Shoals and give control of relief to agriculture, as provided in the vetoed McNary-Haugen bill.

Thompson's views are looked upon by the organization as a strengthening of the theory that proper relief can come only through commercial operation of crop surpluses. It is understood that seven delegates from 44 states are determined against farm remedy of a credit nature, or relief based on government subsidy.

Chester Gray, legislative representative, declares the federation favors the "equalization" plan of the McNary-Haugen bill, existing in the farm board to direct surplus produce to profitable foreign markets, or to remove such surpluses from the domestic market until consumer demands draw them back into trade channels.

"It has been learned authoritatively," he says, "that such a board can develop in China and elsewhere a market for 100,000,000 bushels of American wheat. This country produces an average of 700,000,000 bushels a year, of which approximately 70,000,000 are a surplus, which, often for want of proper outlet, drags down domestic market prices."

"Farmers welcome whatever equalization fee the board might place on a farm commodity to insure removal of its surplus from the current market. The current market price might make allowance for as much as a two-cent-a-bushel fee on wheat, but by virtue of that fee the retarding influence of a surplus would be eliminated, with the result that higher prices would prevail for the entire output."

"The federation wants the advantage of cheaply manufactured fertilizer, and it is convinced that operation of Muscle Shoals as provided in the Madden bill is the only feasible plan."

"We favor private operation by lease," Gray explains, "rather than government ownership, or operation by power interests which cannot manufacture fertilizer. The American Cyanamid company, through its plant at Niagara Falls, is the only concern on the American continent satisfactorily fixing nitrogen from the air and selling it as a commercial fertilizer. It already has a plant at Muscle Shoals, it has access to cheap water power, and as we see it, has the logical process to meet our needs."

Attendance at the convention is expected to reach 4,000.

General John J. Pershing will deliver an address of "A Prosperous Agriculture as a Factor in Preserving American Institutions." Edgar Bronson, member of the federal wheat commission, will speak on "Relation of Tariff to Agriculture," and Representative Hill of Alabama on "What is to Become of Muscle Shoals."

Mrs. Charles W. Sewell, representing farm bureau women, has pledged the support of 15,000 community units to legislation of the McNary-Haugen type.

### BETTER HOMES FOR NEVADA

CARSON CITY, Nev., Dec. 3 (AP)—Women's civic organizations throughout the state have formed a Nevada unit of the better homes in America movement and hereafter will direct the work which formerly was managed from the national headquarters. Nevada is the third state to take on such local autonomy.

### Facing Reprimand

CAPTAIN CHARLES EUGENE WHITTE, American naval attaché at French embassy, whose testimony at French court of inquiry has been forwarded copy of his speech to Washington.

### COTTONSEED MEAL PRICES CLIMB TO YEAR'S HIGH

WASHINGTON, Dec. 3 (AP)—In meal as feed for livestock, together with the short cotton crop this year, strongly indicates, authorities say, that prices already far above 1929 quotations may remain in the present level in 1930 or go even higher.

Comparative figures based on 41 per cent protein meal, at Memphis and 43 per cent meal, at St. Louis, show that the price per ton was \$19.25 higher in October than during the same period a year ago. In the last week of the Fort Worth market has gained strength. As early as November 10, the price of meal had risen from \$15.00 above the October peak.

Demand for meal became more active with increased feeding in northern states, but southern crushers offered only sparingly. The crop of cotton this year is placed at 12,842,000 bales according to November 1 conditions. This is only a little more than two-thirds as large as the record crop of nearly 18,000,000 bales last year, and indicates that much less cottonseed meal will be available this season although less may be used for fertilizer and small-amount uses go for export because of the higher domestic price.

Despite the short crop larger quantities of seed are reaching the crushers this season than last. Prices have been good and farmers have not hesitated to sell, whereas last year many shipments were taken back to the farms and held for better prices. It is believed the reduction in the number of cattle and lambs expected to be fed in the corn belt may tend to reduce the amount of cottonseed meal required in that area this season, but a little more may be required by western states because of increased lamb feeding there. Heaviest feeding occurs in the cotton belt where the product is abundant and where other feeds are relatively scarce and high priced. Dairy cows are the most important consumers.

Domestic consumption has increased sharply in recent years, more than 3,000,000 tons of cake and meal being used for feed, and fertilizer each of the last two seasons compared with only about 1,000,000 tons five years ago.

### OFFICE APPLIANCES USED DAY AND BANISH WORKERS' BUDGETS

NEW YORK, Dec. 9 (AP)—The office strikes live. Throughout the country desks close with a bang. Elevators stop, the empty and deserted lobbies; doors of office buildings pour thousands to the street, and countless millions of office workers are homeward bound through for the day.

"They want to work at 8 o'clock; they need to start at 9. They quit at noon on Saturdays; they used to work late. In dress and bearing they are kings and queens; once they wear dress workers. Their interests are many; once they had time and thought only for work. Their work is treated to volume and better in quality, yet they have time and energy for after-work activities."

"They have shorter hours and better pay. Apparently they are happier and healthier people. How did they do it? They didn't—a million modern machines, known as office appliances, did it for them. Automatic, error-proof, tireless, rapid, efficient, the business machines in a few short years have made it possible virtually to triple the amount of work done daily and to halve the number of persons required to do it."

Business lines the machine evidence for it spends an estimated \$300,500,000 for them yearly, and production of the printed word and

with this machine a low cost machine can do the work of the great machine at such fraction of the cost. The manufacturer's representative says: "Automatic operation is essential."

"They are said to find the work, for business men, they practically pay for themselves by reducing overhead. Improvement in office appliances and the business man's ability to use them has been one of the greatest factors in the success of the modern business man."

From the typewriter to the telephone, office appliances have made it possible to do the work of a hundred men in the space of a few minutes. The typewriter with his pen has given place to a machine that marks all the work, makes no errors and is almost instantaneously available. The machine does not require a typewriter, but not only prints and wraps paper, but wraps packages, seals them and stamps or addresses them ready for delivery.

## FOR AMERICA'S FASTEST AND FINEST FOUR

At this price, America's Fastest Four represents a value that cannot be duplicated.

That the public is definitely convinced of this, is witnessed by the car's spectacular success.

On practically every road in the world, it has proved its right to first rank in the world's good will.

Nowhere else, at near this price, can you buy so many qualities that owners have learned to value most:

Speed leadership—mile-a-minute performance!

Sure, swift pick-up—0 to 25 miles per hour, through gears, in less than 7 seconds!

The longest springs in this price class!

25 miles to the gallon at 25 miles per hour!

A five-passenger car in fact as well as in name—yet so expertly designed that you can turn in a 38-foot street and park in less than half that space!

Smart—individual—long and low—a car with an air!

Built for the deer country as well as the country club.

A car that will link the word **DEPENDABILITY** with the name Dodge Brothers more firmly and universally than ever.

Drive it an hour and experience the satisfaction of fine-car performance at moderate cost.

# ANTELOPE DEFEATS SPEEDING MOTOR CAR IN SCIENTIFIC RACE

### Pronghorn Antelope Can Out-run Anything on Four Legs on American Continent; Investigators Are Convinced.

WASHINGTON, Dec. 3 (AP)—The pronghorn or American antelope can outrun anything on four legs on the American continent, members of the Pack-Pindley Wild Life expedition are convinced.

Figures made public by the American Nature association show that these animals speed up to between 40 and 50 miles an hour at times, making 15 feet to a jump at top speed.

The Pack-Pindley expedition went to the Snake River park last summer after pictures of mountain goats and wild life in general. After some close calls, Arthur Newton Pack, associate editor, and William L. Pindley, field photographer for Nature magazine, came out of the park with news items concerning the antelope's speed.

"On a high plateau south of Hart mountain we came upon an old buck," Pindley said. "He did not look so much for speed, but he could run when he got under way."

"We chanced to be in a motor car in a level area that had little or no vegetation when the buck decided that the barrier had gone up, and the race was on."

"Slipping on the gas, we got right on Mr. Buck's tail and pulled alongside. I began to crank the camera, asked the man at the wheel what the speedometer registered. Forty-two was his answer, then in a few seconds 45. He was keeping his eye on the front wheel and the antelope because we wanted no collision right then."

"The buck seemed to like the game when he did not hear a gun, and he let himself out a notch, but our stretch of clear country was gone and we hit some sage brush again. An antelope can negotiate sage brush, but not an automobile. The buck kept on going for a mile and then turned and looked at us."

"Members of the U. S. Biological Survey measured the tracks and at top speed the antelope is going 15 feet to the jump and going between 40 and 45 miles an hour."

# SALVATION ARMY MAKES ATTACK ON ENGLAND'S CHURCH LAXITY

(By The Associated Press.)

LONDON, Dec. 3—Under the personal direction of General Bramwell Booth the Salvation Army in England has begun the greatest demonstration against religious indifference in the history of the organization.

In the words of Commissioner Samuel Sturten, it will be found that never before has a greater frontal attack been made on the world, the flesh and the Devil.

General Booth's purpose is "to make a concentrated attack on the indifference of the people to religion; and to endeavor, if possible, to influence every man, woman and child to take thought of the spiritual state."

An echo of the early days of the Army is found in an old night of prayer which was held simultaneously in more than 1000 army halls, in which at least 100,000 Salvationists prayed for the salvation of England.

"Days of Mourning" are being observed on such days the salvation battalions go into mourning for the sins of some particular city or town.

# Cable Stock Deals Made on Saturdays

LONDON, Dec. 3 (AP)—American business men in London are now doing business with Wall Street on Saturday afternoons, despite the London Stock Exchange being closed.

An office has been established in Regent Street by a company acting for a Paris firm of bankers and for the New York Stock Exchange firm. This office, similar to the "customers' room" in New York, is furnished with spacious armchairs in which the business men sit and watch the blackboard on which the latest quotations are chalked. Nearby are writing desks and telephones.

# Given every chance to become established in this country as effective enemies of the corn borer.

at ten large liberation points. There are three cages in Michigan, three in Ohio, two in Pennsylvania, and two in western New York. Each cage is large enough for the stocking of all cornfields grown on from 10 to 12 acres of infested fields. Parasites emerging from the stalks fly to the screened sides of the cage, where they are collected, studied, mated, liberated in strategic places. None of the parasites can become harmful to plant growth and individuals of the different species do not attack one another.

Importation of parasites from Europe and Asia continues on an increasing scale to permit reinforcement of established colonies and selection of additional locations for further colonization. In Europe infested cornfields have been cut open. Dead borers have been found in the exposed tunnels and near them the cocoons of parasites that have fed upon them.

On numerous occasions the government has controlled destructive crop pests by entailing the use of their natural enemies, particularly their parasites. It is planned to continue spread of the parasites against all of the species of parasites that have been given every chance to become established in this country as effective enemies of the corn borer.

# Corn-Borer Foes Colonize in Cages

WASHINGTON, Dec. 3 (AP)—Field experimentation in vicinities where imported parasites preying on the European corn borer were liberated has resulted in recovery of six species under circumstances which show that they have become definitely established in the United States and are attacking the pest successfully, government officials say.

Two species have colonized themselves in the middle west and six in New England. Recoveries were made at Moscow, Erie, and Richmond, Mich.; Hono and Sandusky, O.; Silver Creek, N. Y., and at various points over a wide area in New England.

In all, 12 species totalling 1,798,800 individual parasites have been liberated in infested fields; 124,691 in Michigan; 253,118 in Ohio; 14,957 at Silver Creek, N. Y.; 2,262 at North East and Mill Creek, Pa.; 65,480 at Silver Creek, N. Y.; and on the Cattaraugus Indian Reservation; 3,297 at Sherburn, Ill.; and 1,147 at Arlington, Cambridge, Medford, Saugus, Malden, Revere, Quincy, and Chatham, Mass.

To aid conservation, recovery and spread of the parasites, special cages have been erected by the government

# Loans, Investments Of Federal Reserve Banks Grow Steadily

WASHINGTON, Dec. 3 (AP)—Increase total loans and investments of Federal Reserve Banks to a new high of \$21,119,294,000 for October appears to be the natural outcome of a fairly steady growth this year.

Except during February, July and August loans and investments have increased about \$20,000 monthly. The previous high was in September of this year, \$20,823,330. In 1926 the October total was \$19,781,837.

The increase is regarded as seasonal although in greater volume than ever before. Contributing factors include the policy of Federal Reserve Banks in making credit available to member banks at low rates, additional investments, commercial and agricultural loans, increased exports of gold and growing purchases of securities and acceptance in the open market.

The chart shows changes in investments and in two types of loans of approximately 600 member banks in 101 leading cities reporting weekly to the Federal Reserve Board. The other loans are largely those made for commercial purposes. Loans on securities include those secured by United States government obligations, as well as by stocks and bonds. The investments also include holdings of government and other securities. The charts are based on figures published regularly in the Federal Reserve Bulletin.

# BOISE CATHOLIC DIOCESE CONTINUES RELIEF WORK

### Rev. Remi S. Keyser Gives Assurance of Cooperation in Relief of Near East.

The diocese of Boise, one of the leaders in the national effort of the Catholic Near East Welfare Association to relieve the suffering during the formative period of the organization last winter, will take part in assuring the continuing success of the charitable and welfare association that has been commended recently and urged to continue its work by Pope Pius XI.

The Very Rev. Remi S. Keyser, administrator of the diocese of Boise, has notified Prof. Edmund A. Walsh, vice president of Georgetown university and president of the association, that the diocese will cooperate this winter in the program of the association to extend its membership in Europe that its service of work and relief may be continued and developed in behalf of the Near East, Russia and the various parts of Europe where there are poverty and great need among the people.

Joseph Moore, general secretary of the association, has announced from the headquarters at New York, that the continued support of the "clergy" of new members and their contribution of new numbers and their contributions, Mr. Moore said.

"While many enrolled and contributed there are many who postponed doing so, and we need them as well as the renewal of those who came forward before."

"The association," Dr. Walsh said, "has already allotted \$250,000 to aid refugee students in Belgium, France, Germany and Danzig, to help the earthquake sufferers in Palestine, and to support orphanages and schools in other parts of central Europe and the Near East." An institute for Oriental studies has been founded in Rome and a Russian seminary is being prepared.

"Pope Pius who urged the consolidation of all American Catholic charitable activity under one head so that a greater work might be accomplished and waste eliminated, has recently constituted the association a pontifical organization and praised the people of the United States for their charitable inclinations and support," Prof. Walsh explained. "In fact, the association has so relieved the great

burden of charity that devolves upon the Pope at all times from expanded Europe that he was able to donate \$100,000 to the flood refugees of the Mississippi valley.

# "The World's Best Brakes"

—you'll find them on the WOLVERINE

Four-wheel, hydraulic, internal, two-shoe brakes are regular equipment on the Reo Wolverine as they are on the Reo Flying Cloud. There is no better brake; automotive engineers who know and test all kinds, will tell you this.

You can prove it for yourself. Try a Reo Wolverine—stop it at any speed—on any road. Note how quickly and how smoothly you stop, without jar or discomfort to passengers, without strain on the car. Stop it on a slippery pavement—you can't skid a Wolverine with these brakes.

Note particularly how accessible the brake pedal is. You don't have to lift your foot to reach it, you don't have to push the pedal down whole inches before the brakes begin to take hold.

Wolverine brakes will continue to be just as effective after thousands and thousands of miles as they are the day you try them first. The fact that they are hydraulic obviates the necessity for equalizing adjustments—they're always ready to work. The fact that they are "internal-expanding" means that the brake drum and the brake shoes are protected from water and dirt. The fact that they are "two-shoe" brakes makes them equally effective whether the car is going forward or backward.

And Wolverine brakes are typical of Wolverine quality throughout. Drive one yourself—you'll find it's the kind of car you'll like to own.

### Postoffice Gives Mailing Rules For Sending Christmas Presents

Warning: To shop early for the Christmas season when the volume of mail increases 200 per cent, has been issued by Captain F. W. McRoberts, postmaster at Twin Falls.

Christmas cards and gifts addressed to points within one day's travel should be mailed in no event later than December 20, within two days' travel, not later than December 18, within three days' travel, not later than December 16, for more distant points, not later than December 14. Parcels and envelopes may be deferred. Please do not open until Christmas.

Special care must be taken in the packing of all fragile articles or articles that are likely to cut through the boxes in which they are contained, and also articles which are liable to be crushed. Fragile matter will not be accepted unless so marked and then only in the event that it is likely to reach its destination.

**Must Pay Postage**

Postage must be fully paid on all mail though parcel post and third class mail matter may be sent C. O. D. except where otherwise provided. Number and street of postoffice or rural delivery route written or typed plainly. A return address should be placed on the upper left hand corner.

**Special Delivery Service**

Special delivery stamps where speed but not safety, and valuable presents should be either insured or registered. An additional special handling stamp costing 25 cents insures the same care and handling of parcels that are given first class mail.

**Instruction on Christmas Cards**

The circular issued by the postoffice department gives the following instructions on sending Christmas cards in large quantities:

Patrons sending a quantity of Christmas cards, say 10 or more, should prepare and mail one or two or three weeks in advance, as millions are mailed and they can not possibly be handled and delivered in mailed only two or three or four days before Christmas. To avoid this, patrons may mail their cards two or three weeks before Christmas. If delivered to the post office or postal station in person, or tied together in a bundle, labeled to show that they are Christmas cards, and deposited in a street letter or package box. They will then be segregated, stamped with the date on which to be delivered, and delivery effected one or two days before Christmas.

**Wrapping and Packing**

All parcels must be securely wrapped or packed. Use strong paper and heavy twine.

**Special Packing**

Umbrellas, canes, golf sticks,

**Parcels**

Parcels should be reinforced their full length with strong strips of wood tightly wrapped and tied to withstand transportation.

**Boxes**

Boxes packed in strong corrugated fiber boxes. Ordinary pasteboard boxes must be crated. Ladies' hats and stiff hats easily damaged should be marked "Fragile."

**Shoes**

Shoes: Pack in strong boxes preferably corrugated cardboard. Wrap with strong paper securely tied with heavy twine.

**Cut flowers**

Place in strong suitable boxes of wood, tin, or heavy corrugated cardboard. Wrap with tissue to retain moisture.

**Candles**

Incense in strong outside boxes or containers.

**Drawings, paintings, unmounted maps.**

Drawings, paintings, unmounted maps. Pack or wrap in strong material to avoid damage. When not flat, roll around a wooden core and then wrap and tie carefully or place in strong pasteboard tube.

**Sharp-pointed or sharp-edged instruments**

Sharp-pointed or sharp-edged instruments fully guarded to prevent injury to clerks in handling or damage to other mail. Crate suitably, or thoroughly wrap so that they can not cut through the wrapping.

**Fragile Objects**

Articles easily broken or crushed must be crated or securely wrapped. Use liberal quantities of excelsior, or like material, in, around, and between the articles and the outside container.

**Glassware, fragile toys, crockery, etc.**

Glassware, fragile toys, crockery, etc. should be packed in strong material to prevent the escape of particles or pieces if broken in transit.

**Cigars**

Ordinary boxes of cigars wrapped in paper only will not be accepted. Pack in a manner to prevent damage by shock or jar. Wrap in corrugated pasteboard, or similar material.

**All articles easily broken or damaged must be plainly marked "Fragile."**

**Perishable Matter**

Perishable matter should be packed within the time reasonably required for transportation and delivery will not be accepted for mailing. Wrap or pack carefully according to contents, and plainly mark all such parcels "Perishable." Use special-delivery stamps to expedite delivery.

**Addresses on Mail**

Addresses should be complete, with house number and name of street, post-office box or rural number, and typed or plainly written in ink. Return card should be placed in the upper left corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use if tag is lost, and a copy of the address should be inclosed inside the parcel.

**Postage must be fully prepaid on all mail.** Affix the required amount.

### Fifteen Years Ago in Twin Falls

At this time in the year, fifteen years ago, the Twin Falls community was celebrating its fifteenth anniversary. The occasion was marked by a series of events, including a parade and a banquet. The parade, held on December 15, 1912, was one of the largest ever held in the city. It featured a band, floats, and a large crowd of spectators. The banquet, held at the Hotel Twin Falls, was a grand affair with many guests in attendance. The occasion was a testament to the growth and development of the city over the past fifteen years.

### BASEBALL'S WRITERS PICK ALL-STAR TEAM

One Hundred Sixty-Eight Men Participate in Sporting News Feature; Hornsby on Second.

ST. LOUIS, Mo., Dec. 3.—With 168 members of the Baseball Writers' Association of America voting, the 1927 All-star major league team, an annual feature in the Sporting News national baseball newspaper published in this city, which appears in this week's issue, is probably one of the most interesting mythical aggregations ever decided upon. Certain it is that no team was ever selected with so many participating in the voting.

One of the most interesting ballots for a position on the team was that for second base. Rogers Hornsby of the New York Giants, voted out Frankie Frisch of the Cardinals, for whom he was traded a year ago, by a close margin. Lou Gehrig of the Yankees, and Pie Traynor of the Pirates, along with Babe Ruth, were standouts. Ruth gained the majority of votes for both right and left fields, but was placed in the latter position, giving Paul Waner the right field honor. Here is the team:

Left field—George Herman Ruth, Yankees.

Center field—Al Harry Simmons, Athletics.

Right field—Paul G. Waner, Pirates.

Third base—Harold Traynor, Pirates.

Shortstop—Travis Jackson, Giants.

Second base—Rogers Hornsby, Giants.

First base—Henry Louis Gehrig, Yankees.

Catcher—Charles Leo Hartnett, Cubs.

Pitcher—Herbert J. Pennock, Yankees.

Pitcher—Charles Root, Cubs.

Pitcher—Theodore A. Lyons, White Sox.

Miss Nellie Rauch, who for the past seven months has been connected with the staff of the Twin Falls News, has accepted the position of teacher of District No. 28 school at Thousand Springs and will begin her duties in that capacity next Monday, continuing through the winter term.

Twin Falls Lodge No. 45, A. F. and A. M. held its annual election of officers for the coming year at the Masonic Temple last night. A large number of members were in attendance. The following were elected to the various offices: Worshipful Master, H. L. Dinkacker; Senior Warden, S. H. Kaylor; Junior Warden, Dr. H. W. Wilson; Secretary, M. W. Denoyer; Treasurer, J. M. Maxwell.

John Clark Harvey, who for the past ten months has been the foreman in the News printing office, has accepted the editing and publishing of the Hollister Herald on December 1. K. H. Dixon, until last week publisher of the Herald, has gone to Montana. Before becoming the News foreman, Mr. Harvey edited and published the Herald for Mr. Dixon. A. W. Husted, who was formerly the foreman of the News, has again assumed that position, and his place as linotype operator has been taken by Ernest H. Schuler, who has just come from Orlowa, Illinois.

The Twin Falls Alumni football team met their Waterloo by a score of 3 to 0 Thanksgiving afternoon, at the local stadium, when the heavy team from American Falls invaded their territory. The good crowd attending the game and the Alumni Association were able to pay all expenses. The Twin Falls line-up: R. E. Lee Steister; E. T. Jake Olson; R. G. M. Jarvis; C. Clifford Olson; L. G. Fred Fox; L. T. Lem Chapin; R. E. Cleve Cost-

AMIRAL JONES RETIRES

WASHINGTON, Dec. 3 (AP)—Rear Admiral Hilary P. Jones, who as officer in charge of the Newport News division also covers transport service from April 1, 1918, to January, 1919, gave 250,000 troops a ride to France, has retired at the age of 64.

He plans to remain in Washington. The admiral served in the Spanish-American war and for his part in the world war was given the distinguished service medal of the war department and a similar decoration by the navy. He spent 47 years in the navy.

## Announcing --- Something New

You wouldn't live in a Leaky House—where heat leaked out and cold leaked in—for economy and comfort you have it repaired.

**Stormizing**  
cuts 2000 miles  
in the life of your car

Why then have a "leaky" motor? — Compression and power leaking away. It's preventable waste—for economy and satisfaction have it STORMIZED.

### The Most Important Part of Your Car—the Cylinders

The cylinder is the most important part of your motor because in it is developed the driving force that propels your car. If this force leaks down worn or scored cylinder walls, past the pistons, you use only a PART of the power that you PAY for in the form of gasoline.

Before the gas can expand in the cylinders it must be sucked in by the vacuum created when the piston descends on the suction stroke and compressed when the piston rises. When the cylinders are not "air tight" the correct gas charge is not drawn in. Then when the pistons rise imperfect compression results because part of the imprisoned gas has leaked by the pistons.

Another source of loss is occasioned during the suction stroke. Oil is sucked up from the crank case.

If your motor has lost its original "pulling power" on hills; if it has lost its snappy "pick-up," hasn't much reserve power, nothing but a poverty producing appetite for gas, and pumps oil, the chances are the cylinders need to be restored to their original accuracy—STORMIZED.

The cylinders produce the power. They are all-important, and it's real economy to keep them in condition. That's the reason we have installed this new STORMIZING machine. It will make NEW CYLINDERS out of your old ones.

We do not go to the expensive method of removing your motor out of the frame, thus eliminating that costly method. We have the Cylinder Stormizing machine and equipment. With this precision machine we can restore the cylinders to their original true and accurate condition. The stormizing process is to all practical purposes the same as the process used by car manufacturers in boring and finishing cylinders.

## Separating the Sheep from the Goats

The General Broadcasts daily over KOMO, special musical program Dec. 17 at 8 P. M. over KOMO, KIQ and KGW.

Fire insurance distributes among the many the fire losses of the unfortunate minority.

But if the good risks can be grouped together their fire losses will be much reduced. There is neither fairness nor justice in forcing the good risks to pay for the bad.

**GENERAL INSURANCE COMPANY OF AMERICA** accepts only the better class of risks—property that is carefully inspected and carries no undue fire hazard.

That's why you, the careful, conscientious property owner, should insist upon GENERAL'S policies and join with thousands of others in the benefits—dividends have never been less than 20% to holders of our participating policies.

Back of every policy issued by this strong progressive company, is over \$2,000,000 in capital and surplus, and the efficient management of business leaders of the Pacific Northwest.

Take our recommendation of the GENERAL
