After more than two days of oratory these leading the fight on behalf of the Pennsylvania went down fighting and the tenacious and beyond the last roll call by holding up temporarily a resolution of his dissent occurred in the Senate.

Proper Markings and Packing

All the little errors which enter into the cause for loss and damage claims, dissatisfaction of the business man's customer with goods received, etc., will be discussed at the meeting. This discussion will be led by members of a committee composed entirely of traffic men identified with some of the largest shipping concerns in the middle west, and will portray the ideas of railroad patrons upon the subject. Thousands of dollars are lost annually by shippers, and hundreds of thousands of dollars are paid annually by the railroads to shippers for damage to the strained relationships which develop between manufacturer, wholesaler and retailer as the direct result of failure to deliver goods in such little things as improper address, routing or packing.

## DELANEY WINS FROM BERLENBACH VIA KAYO

### Prospective Opponent for Gene Tunney Scores Technical Knockout in Sixth Round.

CHICAGO, Dec. 9 (AP)—Jack Delaney, prospective opponent for Gene Tunney, scored a technical knockout over Paul Berlenbach, in the sixth round of a scheduled 10-round fight tonight. Berlenbach knocked down four times by wicked right smashes to the jaw, was weaving on his heels and staggering backward apparently on the verge of quitting when referee Jimmy Gardner, one time world's welterweight champion, stepped in and stopped the uneven fight.

Berlenbach, who lost the world's light heavyweight championship to Delaney 18 months ago and aspired to regain it, had nothing in particular tonight except a stout heart. It was plain from the start that Berlenbach only chance of winning was to whip over one of his left hooks. Delaney, varying accurate right crosses to the jaw, and left hooks to the body, cut his old time foe down in a masterly fashion. He planted right hands at a football player's rate, and in the third knocked "punch" Paul down twice, the second coming as the bell ended the round.

### Berlenbach Rests

In the fourth and fifth rounds Delaney apparently was resting, and the crowd was becoming weary of the listless battle.

Each round saw the passing of Berlenbach, who always plodding forward gamely, was an absolute mark for Delaney's sharp rightists. Berlenbach shook up his foe with left to the head, one of the best punches he scored during the fight, but in the second he caught two lightning-like left hooks from Delaney and this was the beginning of the end. Delaney planted a fourth and left to the chin and Berlenbach sank to the floor.

Delaney, and in no condition to continue, Berlenbach without the benefit of the full count and backed into the ropes, groggy and helpless. He had been hit by three punches that Delaney threw at him.

Referee Gardner led him to his corner ending the uneven battle, with the crowd shouting its approval.

(Special to The News)  
**UNIVERSITY OF IDAHO, Moscow, Dec. 9.**—Although wrestling has passed as a major sport in the Pacific coast conference, the conference, the sport still is popular at Idaho, and will be continued as a minor sport. A call for candidates for the team has been issued by Tom Rogerson, Mountain Home, veteran member of Idaho teams, who will act as coach this season.

## EVERETT SHOCKLEY TO LEAD FILER WILDCATS

INTRAMURAL and class events, with possible matches with neighboring schools, including matches with Washington State college, will make up the wrestling season this year. Minor sport awards are provided by the student body committee. Until last season wrestlers were awarded variety "T" sweaters, and still may wear them, but the new regulation required by the constitution are engaged in. But with the conference dropping the sport, it is practically impossible to have the usual number of matches to win an award.

## DREAMS OF INDIANA SINGER COMING TRUE

### Kathryn Witwer, Daughter of the Steel Mills, Gary, Gets to Goal of Her Ambitions.

**CHICAGO, Dec. 9 (AP)**—Kathryn Witwer, daughter of the attorney-at-law who tonight reached the goal of her ambition—a grand opera role.

"As the piteous Misses, discarded sweethearts of Don Jose, in 'Carmen,' the 24-year-old soprano, who lived most of her years in Gary, Indiana, made her operatic debut with the Chicago Civic Opera company. It was an occasion for tribute by her classmates at the school to which she had just returned from her own. Many of them came to hear the daughter of a former fellow soldier.

Those who first heard possibilities in Kathryn's voice—her parents, Mr. and Mrs. Samuel W. Witwer, came from their Cleveland, Maryland, home to see and hear their aspirations realized. With them was the singer's 12-year-old brother and a married sister.

The Witwers came to Gary from Pueblo, Colorado, when the daughter was five. Her school teacher abandoned his text books at Coatesville, Pennsylvania, where Kathryn was born, for the steel mill because labor there gave him more money. Richard De Young, Chicago vocal teacher, heard Kathryn sing. There was a contest in her school, Major Tien told her, urging her to train here.

Miss Witwer was given a stenographic job five years ago by De Young to finance her training. Last year she won a \$500 vocal prize position by the National Federation of Music Clubs.

### Proper Food for Parrot

Parrots in the wild state live on seed and fruit, and should, while in captivity, be fed as nearly as possible the same kind of food. They should be fed sunflower seed, hemp seed, hulled yellow corn, stale bread, soaked in water, on occasions pieces of apple or banana, roasted peanuts, dry crackers. Plenty of water and gravel should be kept in the cage. The parrot's cage should be cleaned every day.

## PREMIER OF POLAND AT GENEVA MEETING

### General Realizations of Serious State of Affairs in Baltic; Quarrel Has Danger.

**GENEVA, Dec. 9 (AP)**—The arrival here of Marshal Joseph Pilsudski, premier of Poland, has caused general realization of the serious state of affairs existing in the Baltic and has created a feeling at Geneva that the quarrel between the Warsaw and Kovno governments holds potential danger for the peace of Europe. This feeling was reflected in today's feverish activities which included a conference this afternoon between Premier Pilsudski, Sir Austen Chamberlain, British foreign secretary, and Premier Waldemar, Lithuania, to influence him to accept a compromise.

Pressure is being exerted on Premier Waldemar, Lithuania, to influence him to accept a compromise. The Lithuanian government is following which apparently expects more positive action. While Lithuania in the United States are being exhorted by congressmen to exerting him not to weaken.

While Foreign Minister Beletarski of Lithuania, the Lithuanian, is struggling hopefully with the big job of solving the controversy, it is believed here that his plan of settlement will involve first recognition by Lithuania and Poland that a state of war no longer exists between them.

"As the piteous Misses, discarded sweethearts of Don Jose, in 'Carmen,' the 24-year-old soprano, who lived most of her years in Gary, Indiana, made her operatic debut with the Chicago Civic Opera company. ## M'NARY PLANS NEW FARM RELIEF ACTION

### Bill Slightly Modified From Form Vetted by President; Sticks by Equalization Fee.

**WASHINGTON, Dec. 9 (AP)**—The ground work for another farm relief bill was laid today with the reintroduction by Senator McNary, republican, Oregon, of the McNary-Haugen bill slightly modified from the form in which it was vetoed last spring by President Coolidge.

Senator McNary, who will be chairman of the senate agriculture committee, met some of the objections which the president voiced to the old McNary-Haugen measure but he is sticking to the controversial equalization fee provision as a means of raising funds to market surplus crops.

"However, under terms of the new bill, the equalization fee would be invoked by a proposed federal farm board only after cooperative marketing associations had found it impossible to cope with the surpluses. It would make money from a \$250,000, 500 revolving fund available as loan to the cooperative in marketing crops at a rate of 4 per cent interest.

The bill also would make the equalization fee applicable to all commodities, whereas, under the vetoed measure, the fee would have been imposed on only a part of the crops.

### JURY SELECTED

**NEW YORK, Dec. 9 (AP)**—A jury was selected today in the suit of Hippo Hampton, stage and screen star, against Charles Dillingham and Martin Beck, theatrical producers, for \$25,000 salary the claims she lost when dropped from the cast of "Madame Pampadour," in 1923.

## SENATE WILL PROBE NEWSPAPER CHARGES

### Inquiry Into Alleged Bribing of Four United States Congressmen by Mexico Starts.

**WASHINGTON, Dec. 9 (AP)**—An inquiry into charges published in Hearst newspapers that President Calles of Mexico had ordered more than \$1,200,000 paid out of the Mexican treasury to four United States senators, was begun today by a special senate committee a few hours after it had been ordered unanimously by the senate.

Cooperation of the state department in the investigation was asked by Senator Reed, republican, Pennsylvania, who offered the resolution of inquiry and was later named chairman of the investigating committee.

Moving with dispatch, the committee advised Secretary Kellogg of the senate's action, and within an hour William H. Castle, assistant secretary of state, appeared before the committee at its first session, held behind closed doors.

Open hearings will be begun next Thursday by the committee whose membership includes Senators Jones, Washington, and Johnson, California, republicans, and Robinson, Arkansas, and Bruce, Maryland, democrats. Meanwhile Chairman Reed has authority to issue subpoenas for witnesses and for papers and documents. He did not reveal who would be called.

Senator Reed said he was unaware of the identity of the four senators mentioned in the newspaper story which appeared today in the Washington Herald. The names were deleted in the facsimile which shows that money had been ordered paid by the Mexican government in the interest of propaganda.

While several senators have been named in the whisperings about the capitol, some of those who were supposed to have been named in the alleged documents, laughed at the charges.

Senator McNary, who will be chairman of the senate agriculture committee, met some of the objections which the president voiced to the old McNary-Haugen measure but he is sticking to the controversial equalization fee provision as a means of raising funds to market surplus crops.

### High School Staff Play Presented to Overflowing House

Miss Margaret Bennett, appearing in the play, "The Comedy," presented last night at the high school, was the first to be applauded by the family at Twin Falls high school in the new school auditorium, was the star of the production. Miss Bennett, who is the daughter of the late Capt. J. C. Bennett, is the daughter of the late Capt. J. C. Bennett, United States Marine.

Her father's family, portrayed by John Bennett, threatened the laurels of the stars and won the enthusiastic approval of all concerned. Superintendent W. R. Smith is credited to hang out his shingle following the characterization of the comedy and the advice of Captain Bennett.

The two maiden aunts of Steven, Mrs. Anna Sweeley and Mrs. Helen Minner, as played by Miss Eva Dunagan and Miss Gladys Colner, provided much of the comedy of the production. Dolores Pennington, the real widow, companion of Gloria, the widow by proxy, was well cast in the person of Miss Helen Honnold. Helen Minner, as played by Miss Gladys Colner, a remarkable knowledge of the French tongue in her single entry into the high realms of the elite of foreign lands.

Jack Pennington, portrayed by Joe Collins, furnished the denouement during the final scene which was narrated by Miss Eva Dunagan, a moment for the widow by proxy. But as all good romances do, this one just ended in a happy ending.

Stage settings for the play were deserving of commendation. The Pennington home, full of antiques, both antique and modern, was well done and is a credit to the backstage staff.

Musical numbers in the intermissions were furnished by the high school orchestra under the direction of J. T. Bainbridge, director of instrumental music. The orchestra was well directed by the success of the play is due largely to those people who did not appear on the stage.

Miss Helen Honnold, director of the play, and Miss Helen Honnold, business manager; Miss Eunice Fike and Miss Ruth Syster, property manager; R. V. Jones and John Terrell, stage managers. The play cast and staff made acknowledgments to the Brown Art shop and to the Riley Millinery shop.

GASOLINE ALLEY - A CONSTRUCTIVE SUGGESTION

MARKETS MOVES TO BIG MARKETING CENTERS

Cereal Goes on Down Grade; Favorable Weather Prevails; Better Wheat Export Call.

CHICAGO, Dec. 9 (P)—An accelerated movement of corn to the leading marketing centers, especially in the southwest, did a good deal today to put the corn market on the down grade. Besides, favorable weather for curing and hauling of corn prevailed. On the other hand, somewhat better export call developed for wheat.

MARKETS AT A GLANCE

NEW YORK: — Stocks—Strong Southern Pacific at new high on dividend prospect. Foreign—Steady; firm. Bonds—Steady; firm. Cotton—Steady; commission house selling. Coffee—Higher; firm Brazilian market.

SELLING PRESSURE CEASES EARLY ON STOCK MARKET

NEW YORK, Dec. 9 (P)—Selling pressure suddenly ceased soon after the opening of today's stock market, and the rally that followed took out the last. Early declines of one to three points were largely wiped out, and several of the favorites closed 5 to 10 points net higher. Trading showed a moderate falling off in volume, but total sales were well above two million shares.

SAN FRANCISCO LIVESTOCK

SOUTH SAN FRANCISCO, Dec. 9 (P)—Receipts: 100 head of choice Nebraska; steady; load 210 pound California bid \$10.00; late yesterday \$7.50 to \$10.00; cows \$12.50 to \$14.50; three cars at noon. Sheep—Receipts none; choice light weight lambs quoted \$13.50; shorn steady; medium California \$12.50; yearlings \$8.50 to \$10.00; ewes \$7.75 down.

EASTERN SEABOARD MART FOR WOOL, LESS ACTIVE; PRICES ARE VERY FIRM

BOSTON, Dec. 9 (P)—The Commercial Bulletin tomorrow will say: "The eastern seaboard wool market has been less active this week, although all prices are very firm, and the holders of wool are inclined to mark up prices and hold for a rise. Manufacturers' orders are sound position of the wool market and are inclined to anticipate wants somewhat, although deploring the upward trend in the best wools." "Foreign markets keep very firm, on the whole, London closing strong, while the primary markets are especially strong on the best wools." "The Australian strike is settled." "Contracting in the West is expanding with 550 paid in Utah. Nearly 10,000 pounds is reported under contract."

DADS AND JUNIOR GIRLS WINNERS IN FILER GAMES

FILER, Dec. 8.—The school and faculty teams won the first round of the boys' inter-class basketball series of the Filer rural high school Thursday. The school boys defeated the freshmen to the tune of 10 to 4. The senior-sophomore boys' game was a furious affair with the sophomore lads fast gaining on the seniors at the close of the contest. The winning score was 20 to 18 for the seniors. The school boys ran away from the fresh team by a lopsided count of 31 to 9.

HAZELTON AND EDEN SHARE HONORS IN DUAL HOOP TILT

HAZELTON, Dec. 9 (Special to The News)—Hazelton and Eden shared honors in a double-header basketball contest on the local floor last night. Hazelton high school girls defeated the Eden girls in a fast game with a score of 43 to 18. At the end of the half the victors led by an 18 to 0 score. In the second game of the evening the Eden boys won a close match from Hazelton by a one-point margin, the score at the close of the tilt being 15 to 14. Hazelton entered the contest with instructions to play a careful game. At half time Eden led 9 to 4. Following the intermission the Hazelton basketballers opened up but were unable to overcome the lead piled up by Eden in the initial half. C. H. Davis acted as referee for both games.

Closing quotations on corn were unsettled, 1/2c to 3/4c net lower. Wheat finished at 1/2c to 3/4c advance; oats showing a gain and bucking of provisions varying from 2c decline to a rise of 1/2c.

Right from the outset, selling pressure both from holders and from speculators was evident in the corn market. So much was this the case that throughout a large part of the day all the cereals and provisions movements as well were dominated by the action of corn. Weakness in the corn market was the fact that primary receipts of corn were broadening out, and that today's aggregate was 1,022,000 bushels against 1,120,000 bushels on the corresponding date last year.

Only light trading featured raw sugar figures and price movements were narrow. The circulation of 11 December notices caused a little liquidation of that position under which prices lost two points, but when they were finally stopped, it rallied and closed at 2 points net advance. The refined sugar market was unchanged, local list prices ranging from \$8.80 to \$8.90 for fine granulated.

LOS ANGELES PRODUCE LOS ANGELES, Dec. 9 (P)—Produce exchange receipts: Eggs—none; butter 354,000 pounds; cheese 23,000 pounds. Butte—4c in bulk. Eggs—Extra 40c; fresh firsts 38c; pullets 35c; medium 33c; smalls 30c. Poultry unchanged.

There was nothing in the day's news to account for the sudden change in speculative sentiment. "Bears" continued to hammer the list all day, opening, stressing the increase in brokers' loans, the falling off in freight car loadings and the veiled warning against securities speculation in the Chicago speech of President Mitchell of the National City bank.

General factors, which have repeated price below 125, was again the center of attack. It dipped to 124 1/2, but excellent support held it off from coming. Other industrial and rails which had been freely sold earlier in the week also displays better resistance to the theory that the 100-cent reaction had sufficiently corrected, at least for the present, the weakness technical condition of the market, and by noon a general moving movement was under way which continued to the close.

ODDEN LIVESTOCK OGDEN, Dec. 9 (P)—Hogs—Receipts 1,404; including 404 market, 258 direct, 328 San Francisco, 84 San Francisco market, 340 Oakland and 88 for Swanton; about steady with the week's average; several good light and medium weight drive cars late Thursday \$8.25 to \$8.25; two local yearlings \$8.50 to \$10.00; ewes \$7.75 down.

OMAHA DIVERT-O OMAHA, Dec. 9 (P)—Hogs—Receipts 5,500; mostly steady to 10c lower; butchers mostly 10c lower; top 100 pound live hogs \$10.00 to \$10.50; medium bulk \$8.50 to \$9.50; heavy bulk \$8.50 to \$9.50; light \$8.25 to \$9.25; fat steers and yearlings steady; the stock slow; weak to 25c lower; bulls and veal steady; stockers and feeders steady to weak; fed steers and yearlings \$12.00 to \$13.50; fat hogs \$10.50 to \$12.00; fat calves \$10.00 to \$11.00; fat lambs \$11.00 to \$12.00; fat calves \$10.00 to \$11.00; fat lambs \$11.00 to \$12.00.

PORTLAND LIVESTOCK PORTLAND, Dec. 9 (P)—Cattle—Receipts 25; all drive-in, mostly contract; only trading in live stock; all classes quoted steady; sheep receipts 500.

LOS ANGELES LIVESTOCK LOS ANGELES, Dec. 9 (P)—Hogs—Receipts 900; mostly steady to 50c higher; mostly 25c up; top 100 lbs for one load 100 pound Utah \$11.00; California \$10.50; Colorado \$10.50 to \$11.00; packing cows \$7.50 to \$8.00. Cattle—Receipts 500; largely the same; steady; fat calves \$10.00 to \$11.00; fat lambs \$11.00 to \$12.00; fat calves \$10.00 to \$11.00; fat lambs \$11.00 to \$12.00.

Need Law's Restraint What a censure is to the wild beast, law is to the selfish man. Restraint is for the savage, the rapacious, the violent; not for the just, the gentle, the benevolent. All necessity for external force implies a morbid state. Herbert Spencer.

### UNION PACIFIC AWARD FOR SCHOLARSHIP WON BY TWIN FALLS BOY

Annual Contest for Work in Vocational Training Classes in County With First Honors Going to Dairy Project.

Oren Boone, son of Mr. and Mrs. F. C. Boone, was awarded the 1927 annual Union Pacific scholarship to the University of Idaho for Twin Falls county yesterday in the project. Donald Hines, son of William Hines, was awarded second place, which makes this alternate in the event that Oren cannot attend. The award was made by William Kerr of Boise, state director of vocational training. E. E. Brown, county agricultural agent and Miss Charlotte Pond, county superintendent. Both boys are members and are members of the high school vocational agricultural class taught by John B. Feldhusen.

Points on which the awards are made are 45 per cent for supervised practice or project work; 35 per cent on scholastic standing and 20 per cent on character, interest and qualities of leadership.

Value of Scholarship  
The scholarship is worth \$100 and is awarded to the boy or girl in any one of the counties in which it is offered, provided that the winner shall elect to enroll for a full term in agriculture or home economics in the university or college. A \$50 scholarship is given should the winner enroll for a winter short course in agriculture or home economics. Transportation to and from Moscow go with the scholarship.

Records of Winners  
The total expense incurred by Oren Boone on his herd of 14 cows, one bull and seven calves was \$1,588.00; the total receipts were \$2,543.00; the total net profit over all expenses including feed, labor, interest and rental on equipment was \$854.98. The labor involved was worth \$621.50, so that wages and profit together amounted to \$1,476.48.  
Oren's cows during the period of 11 months produced 80,184 pounds of milk and 355 pounds of butterfat. He tested the cows twice a month and weighed the milk every day. Four cows were discarded because of low

Bothwell and Chapman represented Mrs. Kalliah, Walkers and Parry represented the Clear-Beals company, E. M. Wolfe represented Montgomery, and Harry Bennett represented Sly. Argument of counsel on objection of defendant to admissibility of certain testimony offered by the plaintiff took up the latter part of the afternoon and, at its conclusion, the court dismissed the jury until this morning.

# "Everything Cheaper"

## Wright's "Goodwill Sale" Continues

IMAGINE A PLACE FILLED WITH BRAND NEW, FINE MERCHANDISE suddenly opened to you with every price reduced. It is an occasion that seldom happens at this time of year.

OUR GOOD WILL SALE CONTINUES AT 'CLOSE OUT' PRICES BECAUSE we have advertised this fact to our many friends and customers throughout Southern Idaho. We will continue these prices until December 24.

ONE HUNDRED THOUSAND DOLLARS IS THE RETAIL VALUE OF this stock of goods. We shall attempt to sell every dollar of it this month.

WE ARE NOT LISTING PRICES BECAUSE IT WOULD BE IMPOSSIBLE to list everything—and EVERYTHING is on sale at reduced prices.

ALL OUR BEAUTIFUL, CHRISTMAS GOODS, TOYS, ETC., ARE INCLUDED. Thousands of dollars can be saved to Christmas Shoppers.

COME EARLY—EARLY IN THE MONTH — EARLY IN THE DAY. STORE OPENS EVERY MORNING AT 9:00 A. M.
