Mellon's 107 Words Turn Tide To Cabinet Member

Pennsylvanians to Support Commerce Department Head

Treasury Executive Declares Colleague Best Fitted to Continue Coolidge Policies

(By The Associated Press) KANSAS CITY, June 12.—A simple 107 word statement by Secretary Mellon today turned the convention tide toward Herbert Hoover.

This quiet-mannered financial genius at the head of the treasury of the United States came to Kansas City with the power as leader of the Pennsylvania delegation to "make" or "break" his cabinet colleague.

He chose to "make" him by suggesting to his Pennsylvanians that they throw their 75 votes to the commerce secretary, right on the first ballot with the view of putting him over with a bang.

With a roar of applause they agreed to stand to a man behind their chief. Before the applause died away, newspapers had stamped to the doors to flash to the four corners of the earth this decisive action.

Reada Statement Standing behind a small table in front of his delegates and flanked by Senator-Elect Vane and Governor Fisher, Pennsylvania, Mr. Mellon in low tones began to read his statement.

Grief of "louder" from the delegates could be heard as he read, "I have throat and raise his voice. He told his delegates that since it has become clear that President Coolidge could not be "induced" to run it seems wise to look for that nominee who can best carry forward the Coolidge policies.

DEFENSE RESTS IN SILVER CITY TRIAL

Neither of Accused Men on Witness Stand; Arguments to Begin Soon; Action Surprises

SILVER CITY, Idaho, June 12 (AP)—Without calling either of the accused to the witness stand, the defense rested this afternoon in the trial of Joe Sellers and Tom Bridges for the murder of Clayton Patrick, who was shot to death February 22, with Elmer Belton on his Three Creek ranch in southwestern Idaho.

With this action court adjourned and arguments were scheduled to begin in the morning.

The sudden decision of the defense to rest came as a complete surprise as little evidence had been presented beyond what had been developed from cross-examination of state witnesses.

Today was occupied almost entirely with the testimony of character witnesses, some of whom branded the character of the slain Patrick as "bad" while others, through letters, declared that Bridges and Sellers were men of good reputation in their home state of Oklahoma from whence they came about a year ago.

D. L. Alexander, Twin Falls, a state witness, was called to the stand by defense. He testified that Ludlow was scattered with wounds from a shot from his eyes to his knees, several striking in his right hand.

Attorneys Conflict In connection with this a contest of attorneys developed over the admission of letters worn by Ludlow.

MEXICAN FLIER FINISHES FLIGHT TO WASHINGTON

WASHINGTON, June 12 (AP)—Captain Emilio Carrasco, Mexican aviator, today completed his flight from Mexico City to Washington and was welcomed by high government officials and foreign diplomats.

Before landing at 5:17 P. M., he circled over Bolling field and then as if drawn by the Mexican flag waving proudly he drove his machine to a stop almost directly in front of the steps where the American ambassador and his wife, with Ambassador Tellez were waiting.

DAVIES' NAME LEADS FOR VICE PRESIDENT

Mellon and Senator Borah Endorse Senate's Presiding Officer; Watson Is on List.

KANSAS CITY, June 12 (AP)—Republican leaders were turning promptly to consideration of a vice presidential candidate, the discussion revolving about the man best fitted to match up with Herbert Hoover whose nomination for president seemed assured.

Vice President Davies was thrown prominently into the discussion by Secretary Mellon who declared his nomination "logical" and there were many "murmurs" that he believed that the vice-presidential nomination of the treasury had named the Republican ticket for the campaign in his absence.

Senator Borah, Idaho, also endorsed Mr. Davies, saying the vice-presidential nomination was an excellent precedent for the office of the senate, that he had been an advisory leader in farm relief matters, and "has" a very high standing throughout the country with all classes of people.

AVIATORS WILL TAKE SUPPLIES TO NOBILE

Members of Arctic Expedition Facing Probability of Another Week of Suffering.

(Copyrighted, 1928, By The Associated Press)

KINGS BAY, Spitzbergen, June 12 (AP)—Faced with the probability that at least a week must elapse before ice-breakers can reach the stranded survivors of the dirigible, the aviators already in the north are preparing desperate attempts to get food and supplies to the survivors.

Captain Hjalmar Riiser-Larsen and Lieutenant Luetow Houn, Norwegian aviators, are trying to smash their way through the ice floes off the north coast of the archipelago. North Cape is the immediate objective as the Norwegian air force believe they can make the round trip from that point to the vicinity of Foully island, where the men of General Umberto Nobile's arctic expedition are awaiting help.

Medicine Needed The castaways for the two men who were hurt when the gondola of the Italia crashed against an ice floe.

The rescue means are on the way. The Savoia-Si reached Holland today and is being refueled.

Ice-Breaker Sails The Russian ice-breaker Malgait, which is being refueled at the port of Stockholm under Swedish pilotage.

REPUBLICANS FACING BITTER FIGHT OVER PROHIBITION PLANK

Dr. Nicholas Murray Butler and William S. Vare Offer "Wet" Resolutions on Convention Floor; Favor Repeal.

(By The Associated Press) KANSAS CITY, June 12.—Facing bitter controversies over the form the declarations on farm relief and prohibition enforcement are to take, the resolutions committee went to work today on the platform which is to be presented to the Republican national convention for its approval before the party standard bearers are named.

That the prohibition plank will assume sizable proportions in the committee was made increasingly evident today with the offering of "wet" planks from the convention floor.

Dr. Nicholas Murray Butler, president of Columbia university, sending up one, and William S. Vare, senator-elect from Pennsylvania, introducing a second one.

Calls for Enforcement As the committee sat down to work, it was made known definitely that the prohibition enforcement plank in the tentative administration draft, prepared by Chairman Reed Smoot, Utah, in collaboration with a number of

IDAHO WHEAT CROP WILL BE 9,690,000 BUSHELS

BOISE, June 12 (AP)—Idaho will produce 9,690,000 bushels of winter wheat this year, it was indicated on the basis of crop conditions as of June 1, said a report issued today by the government crop statistician for Idaho.

This is nearly a million bushels less than the average and two and one-half million bushels less than last year. The crop in eastern Idaho benefited by rains during May, the report said.

The apple and prune crop will about equal last year's while the peach crop will practically double the 1927 yield, the report said.

JUNIOR ROCKEFELLER RESTORING TOWN AS SHRINE TO LIBERTY

WILLIAMSBURG, W. Va., June 12 (AP)—John D. Rockefeller, Jr., is backing with millions the restoration of Williamsburg to its pre-revolutionary setting as a shrine to liberty and the fathers of the republic. It was revealed tonight by Dr. W. A. R. Goodwin, secretary of the corporation charged with the completion of the project conceived 25 years ago.

Dr. Goodwin, a member of the faculty of William and Mary college, told a town meeting that Mr. Rockefeller's generosity assured the completion of the project conceived 25 years ago.

(By The Associated Press) KANSAS CITY, June 12.—It was in sober, seemly fashion, with the likeness of Lincoln, grave and kindly, and Coolidge, close-lipped and inscrutable, looking down upon them, that members of the Grand Old Party gathered in convention here today to name a new leader.

They faced their task without show of emotion, save for a brief tribute to that calm-faced, silent little man in Washington, busy with his own and the nation's affairs. Many among them clung to the last to the hope that he would relent in his apparent determination to put aside the heavy responsibilities that fell upon his slender shoulders, nearly five years ago at Harding's death. Some have waited for his pointing finger to indicate them another on whom his own choice seemed to rest.

Outstanding Statesmen of Intermountain Country Vie With Skillful Parliamentarians.

KANSAS CITY, June 12 (AP)—With the trouble of the convention presidential nomination practically over, two outstanding statesmen of the intermountain country began this afternoon to match their wits at platform making with the most skillful parliamentarians and students of government in the Republican party.

One was Reed-Smoot, senator from Utah, lean angular, massive, grandfatherly who took up the duties of chairman of the resolutions committee charged with writing the 1928 Republican platform. The other was Senator William E. Borah, Idaho, brilliant, disheveled, short of build, massive of chest and head, who came to the sessions armed

East, Twin Falls, who will take office following the present convention. Dr. L. D. Blondest, Caldwell, is retiring president.

Dr. H. B. Colver, Boise, was re-elected secretary and Dr. C. E. Filer, a Twin Falls dentist, was elected treasurer. The latter two officers will assume office following the convention.

FARMERS' PROTEST GETTING UNDER WAY

Upwards of 300 Men Parade in Kansas City: "Anybody but Hoover," Cry of Group.

KANSAS CITY, June 12 (AP)—The farm protest against the nomination of Herbert Hoover burst in noisy fashion in the convention city tonight when upwards of 300 men paraded the streets of the Fourth Ward.

The crowd, most of whom appeared as if they had come off the farms of the Middle West, staged demonstrations in the principal hotel lobbies and on the streets. They carried a message within the Hoover headquarters on the mezzanine floor of the Baltimore hotel.

Demand Speech At one stage of their pilgrimage to the convention centers, the farmers stopped in the Curtis headquarters and shouting "anybody but Hoover" demanded a speech from the Kansas senator.

One of his lieutenants, Al F. Williams, United States attorney for Kansas, told the crowd that Coolidge is now in conference dealing matters of stopping Hoover and made a rousing political speech on behalf of the Kansas senator.

He was frequently interrupted by shouts of "we don't choose to vote for Hoover" and "anybody but Hoover" won't vote for Hoover and "anybody but Hoover."

One of the group of protesters delegated him to call the roll of states which he said would go against Hoover. As he named each one, the crowd took up the name of that state and shouted that it would not vote for Hoover.

GOING STRONG

SECRETARY of Commerce Herbert Clark Hoover, who nomination seems certain.

(By The Associated Press) KANSAS CITY, June 12.—Herbert Hoover's fast-moving cohorts stamped the Republican national convention before its opening session began today, and made of it virtually a gathering to ratify his nomination for president of the United States.

Unless there is a political earthquake which no seer will predict, the secretary of commerce will be declared the choice of his party Tuesday on the first ballot. Then a vice presidential selection will be made, and the big show will be over.

The Hoover hordes marched on convention hall exuberant with confidence, and even as many of them were seating themselves in the flag-decked auditorium the news was flashed among them that Mellon had led Pennsylvanians into their camp; that the Idaho delegation of 11, headed by Borah, had capitulated; that William Butler and "Hay Staters" were busy to give up any hope that Coolidge would lead; that New Jersey had definitely placed her tortoise with the leader.

More than Majority These votes were more than enough to give Hoover a majority. Even Watson gave up the contest and urged his allies to organize for a vote of protest. Lowden headquarters said they would carry on, but without much hope, and the others of the coalition.

LIBERAL, Kans., June 12 (AP)—The body of a man identified by a pocket knife as that of Everett A. Kessinger, missing cashier of the failed First National bank of Lamar, Colorado, was found in an abandoned shack on the banks of the Cimarron river near here late this afternoon.

The body, riddled with bullets and badly decomposed, was found by a 10-year-old child who was a member of a group holding a picnic nearby, three miles north and seven miles east of here. A rusty gun, but without much hope, and the others of the coalition.

GUNNERS VANQUISH TWIN FALLS' TEAM BY SCORE OF 3 TO 1

Ogden Club Plays Air-Tight
Ball Behind Effective Twirling
of Ault to Take Opening
Contest of Local Series.

Playing air-tight ball behind Ault's effective twirling, the Ogden Gunners won from the Bruins, 3 to 1, here yesterday afternoon. The Gunners scored in the fifth, sixth and seventh innings, while the Bruins' lone tally came in the eighth when Fitzgerald lifted one over the right field fence for the circuit.

Kasch pitched a good game, allowing nine hits, never more than two in a frame, but the Gunners made the two-run, scoring three runs on five hits for six bases.

It was a tight game all the way through, with something doing all the time in spite of the wintry chill in the breeze blowing across the field. The crowd when the retired Baker and Hammock unassisted in the eighth frame, and then came up to drive one out of the lot for the Bruins' only score.

TEACHERS ELECTED FOR NEW POSITIONS

Board Names Instructors In
Domestic Science and Manual
Training in Junior High.

Teachers to fill new positions in Twin Falls public school system were selected by the Twin Falls school board at an adjourned meeting last evening.

Miss Dorothy Shelton, graduate of Twin Falls high school who taught last year at Malad, was elected teacher of English in the junior high school, and Earl E. Peterson, high school, and Earl E. Peterson, Agricultural college graduate, were elected teacher of manual trainings in the junior high school.

Under the reorganized program administered by W. D. Smith, superintendent of schools, and adopted by the board, domestic science and manual training will be introduced into the junior high school next year for the first time.

Four other teachers to be assigned

also were elected last evening. They were Miss Bernice Carlson, Miss Florence Beckstead, Miss Mary Grant and Miss Twilla Norris.

The board had under consideration during a greater part of the evening, a number of bids for furnishing instructional and janitor supplies for the coming year, and decided finally to award contracts on basis of comparison of quality and price.

Keep your new Ford NEW

HOW much service you get from your new Ford will depend to a great extent on the care you take with its lubrication. Make sure that it gets the oil specially refined to meet its peculiar requirements. That oil is

CONOCO MOTOR OIL

Heavy for Summer
Medium for Winter

These particular grades have been put through the most exhaustive tests in the new Ford engine by automotive and lubrication engineers and results prove that they (1) supply a constant protective lubricating film for all moving parts (2) stand up under most intense heat and at all operating speeds (3) assure extra mileage per quart of oil (4) save gasoline by providing smooth frictionless

motor operation at all times. You take unwarranted chances if you throw this fine new Ford mechanism at the mercy of untried and untested oils. You protect your investment when you use Conoco Motor Oil. You can get Conoco Motor Oil from dealers displaying the Conoco sign or at Conoco service stations.

MONTANA EXTENSION WORKERS IMPRESSED WITH ACTIVITY HERE

Delegation Visits Many Points of Interest on Tour through Eastern Part of County; Jerome on Itinerary.

High praise was given to the development of Twin Falls county and to its scenic beauties by a delegation of Montana extension workers who arrived here yesterday, accompanied by Mr. Albert J. Brown, a prominent, and some assistants on a tour of inspection. They were met at the home of Mr. B. H. Hagen, the Allamogosa Sugar company, and the M. E. Brady, county weed inspector, who conducted the itinerary. The delegation was composed of L. D. Kurtz, extension agent; E. E. Lucas, extension horticulturalist, and W. H. Jones, extension agent.

Places Visited
A visit to Hansen bridge was followed by a trip to the big sand dunes at Kimberly. The visitors passed the home of the late Mr. C. A. Baker, ranch on the Kimberly road, and made careful examination of the Dixie wheat and bean fields at the Carl Irwin farm. The purpled Hampshire sheep on the L. L. Breckinridge farm elicited much commendation. The visitors asked to be taken to the government experiment stations at the Allamogosa sugar company, the home of the late Mr. Hagen, and the home of Mr. Hagen, who conducted one, and Dr. E. H. Cassner, who has charge of the other. This work proved of especial interest to the visitors.

A visit to the great Shoshone falls completed the program for the day. They expressed regret that they were unable to extend their trip to the west end of the county to visit the fine stock ranches there. They leave for home this morning.

TWILIGHT LEAGUE TEAMS STAGE OPENING CONTEST

Teams representing the Idaho Department store and the L. D. S. juniors opened Twin Falls Twilight league baseball season with a contest staged on Lincoln field last evening. The L. D. S. team won the game, 14 to 1.

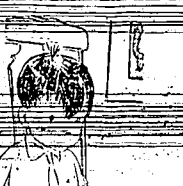

INJURED MAN RECOVERING

BURLEY, June 12.—E. M. Thomas, who was injured seriously last September by being run into on the highway by an automobile, is back at his farm home near Burley. Mr. Thomas, after spending considerable time confined to a bed in a local hospital, and at his home, was finally moved to a Salt Lake hospital. He is still on crutches, but improving.

LEWIS FAMILY REUNION

BURLEY, June 12.—Thirty-two were present at the luncheon served at the annual reunion of the Lewis family at Doyle, Hyrum S. Lewis, at whose farm home the reunion was held, delivered an interesting talk about early days in the Snake river valley. Mr. Lewis has lived in Cassia county 53 years.

The Weather

FORECAST FOR TODAY—Generally fair and mild.

Southern Idaho—Two million gallons of rain fell Tuesday, adding 42 inches of rainfall to Monday's precipitation of 23 inches. The maximum temperature climbed 14 points from Monday's high level of 59 to 73 degrees yesterday. Tuesday's low reading was 50 degrees, three points above that of the previous 24-hour period.

SHOOTERS SET STAGE FOR STATE TOURNEY

Indications Point to Assembly Here of Idaho's Largest Delegation of Entrants.

Plans are all complete for the reception of the state trapshooters here Thursday morning, according to an announcement by Alvin Harris, president of the state association. Forty thousand targets were unrolled at the trap houses yesterday afternoon, and everything put in readiness for the state, many of whom have already arrived. From all indications the largest number of shooters ever entertained in Idaho will participate in the tournament, which offers shooters the opportunity to shoot at 750 registered targets.

The trap grounds have been completely improved, by dragging the field in front of the trap houses, and by adding new handspike stakes and smoothing the firing positions. The club house itself has been added to and the whole painted a pleasing green color as have the trap houses. A new trap has been installed making a total of three trap houses which should handle the large collection of clayshooters with expedition. Arrangements have been made for the serving of sandwiches and drinks at the grounds as well as plenty of ice water. Ammunition can be secured at the club house, and shooters who desire to establish a camp on the grounds will be assigned camping space.

Howard Mills, winner of the recent Salt Lake shoot, arrived in Twin Falls yesterday and expressed his satisfaction after inspecting the grounds. Mills broke 108 targets out of 200 trapped for him at the Salt Lake shoot, and should add to the competition already indicated for the shoot here.

NEW CONTENDER IN FIELD FOR SHERIFF

Frank M. Kendall Files for Democratic Nomination While Rivals Continue Negotiations

While Democratic backers of Sheriff H. M. E. Elmer and Deputy Sheriff E. F. Prater were continuing efforts to bring about an adjustment of rival claims for the Democratic nomination for sheriff, a new Richmond entered the field yesterday when Frank M. Kendall, third sheriff of Twin Falls county, filed for the nomination on the Democratic ticket. Mr. Prater was in the city attending a murder trial. Mr. Elmer had no comment when told of Mr. Kendall's filing.

Four candidates for county officers, two Republicans and two Democrats, made formal entry into the pre-primary lists yesterday.

Contest in Republican Camp

The first contest for a nomination, which was one that had been fore-shadowed, developed yesterday with the filing of E. V. Larson, Twin Falls attorney, for the Republican nomination for county attorney. In attendance at Judge O. P. Duval, Twin Falls, former probate judge and state senator, where the filing for the nomination was recorded last Friday. Mr. Larson was defeated by a narrow margin in the primary contest for the nomination for county attorney two years ago by Cleon Wilkins, now of Salt Lake. Judge Duval was not a contender in that campaign.

T. E. Moore, filer, chairman of the board of county commissioners, filed yesterday for the Republican nomination for commissioner of the first district; and O. W. Witham, county attorney, filed for the Democratic nomination for re-election.

Would He Delegate
So far only one Democrat has filed as delegate to the county convention and one a central committee member. E. J. Fuchs, former county auditor, filed as delegate from Twin Falls precinct No. 2 yesterday. Monday Mrs. Carrie C. Whelan filed in the same precinct for membership on the central committee.

Monday night at a Democratic mass meeting in Filer, eight delegates to the county convention were elected. They are: James H. Shinn, T. Dan Connor, Mr. D. J. Beamer, Mrs. J. W. Tanner, G. E. Christensen, Mrs. C. G. Davis, W. M. Burre and J. M. Good. Mr. Shinn is in California and will be home about June 22. Others will file tomorrow. It is understood.

PAID OF THANKS
We wish to express our sincere gratitude to the many friends who extended assistance and sympathy to us during the illness and death of our son and brother, Elmer.

Mr. and Mrs. Charles Vinyard.
Mr. and Mrs. Everett Vinyard.

Lava Hot Springs for Mr. Lowe's health. He became worse and was operated on at Pocatello Friday. His condition was reported to be critical.

The annual election of officers for the Community church Sunday school will be held June 24.

SNAKE RIVER FISHING UNUSUALLY GOOD NOW

All reports indicate the fishing in the "Snake" river to be unusually good now, probably due to the recession of the waters. Both Rainbow and Cut-throat have been reported caught in large numbers at the mouth of streams entering the Snake, particularly the spring stream entering the river on the north side at Clear Lake, 22. O. P. Duval, and the Malad. Reports also indicate the fishing in the river to be unsatisfactory owing to the high condition of the stream. This is also said to be true of the upper Salmon river, Trail creek and Lost river. Large catches are still being made on Silver creek, while the trout in the Magic reservoir seem to have taken to the deep water.

STAFF OF SHOSHONE SCOUT CAMP LEAVES

Seven Officers Escort Truck Load of Supplies; Campers Go Later Second Week Full

Seven members of the staff of Camp Shoshone, Boy Scout camp for the Twin Falls district, will leave this morning with a truck load of provisions and supplies bound for Shoshone basin. The main body of campers will leave next Sunday morning.

About 40 boys are expected to attend the first week of the camp. Between 20 and 30 boys have said their intention of going to the camp for the second week. The camp opens next Sunday, June 17, and will close July 1.

Twin Falls troops No. 1, 3 and 4 have chosen the first week for their time at camp, while Twin Falls troops No. 2, 10 and 11, Piler troops No. 1 and 2, and Buhi troops No. 1 and 2 will attend during the second week. Hansen, Kimberly, Castleford and the remainder of the Twin Falls troops have failed to state their choice of weeks to date.

Those who will leave with the truck load of provisions this morning are: J. H. Jamies, scout executive for the Snake river council and camp director; Harry Halforan and Alfred Mitchell, assistant camp directors; Richard Varney and Harry Wilson, Piler, junior officers; Charles Wolcott, cook, and Stewart Brown, assistant cook.

MORGAN SAYS SMITH WILL WIN ELECTION

Judge William M. Morgan, of Idaho, former chief justice of the Idaho supreme court, was here on last business yesterday. He was accompanied by Mrs. Morgan. He predicted the election of Governor Al Smith of New York, as president. Judge Morgan declared that he regarded Senator Tom Walsh of Montana, as the greatest living American, but said Governor Smith was only a great man and not a great statesman. Walsh, however, is a great man.

BAND GIVES PROGRAM FOR OPENING CONCERT

A program appropriate to observance of Flag day has been arranged by Twin Falls municipal band for the first of its summer band concerts to be given in Twin Falls city park tomorrow evening. Concerts will be given in the park each Thursday evening thereafter during the summer months, each one beginning promptly at 8:15 o'clock and continuing for about an hour.

A variety of standard and classical music will be given, and popular songs will be used largely as encores. The band is anxious to please the public taste and so announces that requests will be welcomed and played whenever possible.

Here is the program for the concert tomorrow evening:
March, "National Emblem, Bagley"; Overture, "Barber of Seville," Rossini.
Waltz, "La Serenata," Jaxone.
Patrol, "American" (by request), Meacham.

Intermission
War March of the Priests from "Athala," Mendelssohn.

Selection, "Adele," Driquet.
March, "Invincible Eagle," Sousa.
Star Spangled Banner.

UNITE IN PRAYER MEETING

Protestant evangelical churches of Twin Falls are to participate in a union prayer meeting that is to be held in the Presbyterian church at 8 o'clock this evening. The Methodist, Baptist, Christian and Presbyterian churches will take part. The general public is invited.

CANAL COMPANY BUYS 10,000 POUND BOOM

Step Taken to Get Hoe in Shape to Clean Out Canals Under All Conditions.

Purchase of a heavy boom, weighing about five tons for use on the P. & H. hoe, was authorized yesterday by the Twin Falls Canal company directors in regular session at the company offices here. The old boom was too light for heavy work involved in cleaning some places in the canals white with the two, the hoe can be adjusted to take care of any situation that might arise. It is stated, The new boom will cost about \$2000.

CHAUTAQUA GUARANTEE FOR 1929 IS SECURED

The Chautauqua guarantee for Twin Falls next season has been secured. It was stated yesterday by backers here. A total of 103 names was said to have been secured, which was more than the goal sought and is more than required to fulfill the terms of the new contract. Mrs. Phyllis Mikesell, secretary of the Twin Falls association, said yesterday that she did not have the details as the director, Miss Fay Wolfe, had taken the contract with her, but would return it later. Miss Wolfe, accompanied by Miss Lucile Duff, junior director, left yesterday for points in Washington.

SHARP SETBACK IN PRICES ON GRAINS

Reports That Stocks of Argentine Corn in Canada Are Exhausted Helped to Uphold the Grain Market

CHICAGO, June 12 (AP)—Sharp setbacks in prices today for all grain except corn resulted largely from a soaking received by much of the American spring wheat belt. Reports that stocks of Argentine corn in Canada are exhausted helped to uphold the grain market.

Closing quotations on wheat were unsettled 1-1/2 to 2-1/2 cent lower, with corn 1/2 cent off to 3/4 cent, oats 1/4 cent down and provisions varying from 1/2 cent down to an advance of 7/8.

Copious Rains

In addition to news of copious rains in domestic spring wheat territory, the Canadian government crop report was a notable bearish factor as to wheat. According to one of the best-known Chicago trade authorities, the Canadian report pointed to a probable yield of 17 bushels an acre, bettering somewhat the average since 1920, although not the best year.

Weakness of the stock market today contributed more or less to the limits to the downward swing of wheat values. July delivery of wheat here fell to the lowest point touched since December 1925, and more particularly, however, was noted in the wheat dealers. Futures were somewhat chiefly in buying orders from the Northwest. Export business in North American wheat today was estimated at 700,000 bushels.

TESTING INDICATES VALUE OF NEW BEET IN RESISTING PEST

Additional Center for Plant Section, Announced, Held by Government Specialist.

Doctor Subanks, Chief of the bureau of plant industry, United States department of agriculture, has been here this week in connection with the cooperative work on sugar beet resistance to the curly-top disease. In an interview last evening Doctor Subanks said:

"The work of the United States department of agriculture directed toward securing a variety of sugar beet resistant to the curly-top, the disease which results from the activities of the white fly, has for the past several years been concentrated in California. Extensive selections of slightly damaged individual plants have been made from badly blighted fields in California and in the disastrous seasons of 1924 and 1925 from affected areas in Idaho and Utah. From these selections seed has been grown and then planted where the resulting plants could be tested for resistance to the disease. Work along the same line has been conducted here at Twin Falls for several years under agreements between the United States department of agriculture, the University of Idaho and the Amalgamated Sugar company.

Results Encouraging
"Because the results in the selection and testing work have been distinctly encouraging and because the need for a solution of this important agricultural problem continues to be imperative, it was decided to expand the work of the United States department of agriculture along this line. Twin Falls was selected as an additional center for the work because of its suitability for the testing operations and also because of the facilities available here through the cooperation of the national and state agencies established by the Amalgamated Sugar company.

"In anticipation of the abundant infestation of the white flies here this season, an acreage by Walter Carter, extensive plantings were made here of the selected seed available. The resulting plants are now growing vigorously in the experimental field near the sugar factory. Close inspection reveals, even at this early stage of the season, a definite contrast in the amount and severity of the disease between the selected lot and the ordinary commercial beet plantings. An extensive planting has also been made near Castleford for testing selected varieties with regard to resistance.

"The results which have thus far been obtained justify the belief that within a relatively short time a variety of beets will be available which will be sufficiently resistant to produce profitable yields regardless of infestation by the white fly. The effort toward the attainment of this goal will be vigorously pushed."

A STATEMENT RELATING TO THE FUTURE OF THE CHRYSLER CORPORATION and DODGE BROTHERS, INC.

The widespread public interest in recent events affecting the Chrysler Corporation and Dodge Brothers, Inc. has prompted an authentic and official statement and an assurance regarding the future of these two corporations.

Subject to the approval of stockholders, Dodge Brothers, Inc., will be acquired by the Chrysler Corporation, the plan of amalgamation having been recommended by their respective boards of directors.

Each of these great institutions will retain its identity, and will continue, as heretofore, to produce and market its own product in accordance with the high and progressive standards from which motor car buyers the world over have previously benefited.

Each will benefit from the consummation of a plan which unites such tremendous resources in material, manufacturing facilities, financial power and manufacturing genius.

Dodge Brothers will continue to be Dodge Brothers, and Chrysler will be Chrysler. Their products will be separated and distinct and will be continued in production without interruption. Their sales organizations will be unrelated except as they shall mutually share in the advantages of the consolidation.

Both public and dealers may look forward to the greater benefits which the consolidation of such tremendous resources will produce—and the men identified with these businesses may be assured of a stable and definite future, inspired by the progressiveness which has been responsible for this uniting of two great companies.
