BURRY PORT, Wales, June 18.—The first woman ever to cross the Atlantic ocean in an airplane, and two men who aided her in the crossing, to night sought well-earned repose in this little Welsh town. Today, shortly after noon Miss Amelia Earhart, Boston, wife of Wilmer Stultz, pilot, and Louis Gordon, landed their tri-motored monoplane, Friendship, in

Burry Port estuary, off this port, completing in 20 hours and 49 minutes the flight from Trepassay Bay, New Foundland.

alternative to Valencia, Bay, Ireland, they had set as the goal of their transoceanic flight. Southampton they missed by flying about 130 miles too far northwest.

Tonight sleep, and sleep only, really mattered, and the fliers, three tired and weary human beings, were taking advantage of it. If only the plane could

It was shortly after noon that watchers on the Welsh coast saw an airplane approaching from the southwest like a great black bird. As it drew nearer the drone of its three powerful engines became audible, but it was not until the big ship flew low over Llanelly railway station, four miles from Burry Port, that it dawned on the curious crowds that this was the Friendship and that aboard it was the first woman to cross the Atlantic in an airplane.

ROMA BLAST ROCKS

DOWNTOWN DETROIT

Explosion Injures 10 Persons and Sends Hundreds of Men

DETROIT, June 18 (AP)—A mysterious bomb explosion rocked the county building in the downtown district here

his afternoon, injured at least 10 persons, shattered virtually every window in the stone building, and sent hundreds of persons, including judges, jurors, county officials and clerks

Three persons, including two guards, were injured. Other casualties, less serious, resulted from flying glass.

The building, which occupies a city square and is only two blocks from police headquarters, houses virtually all county offices, circuit and justice courts.

The bomb, about 10 inches long and wrapped in a newspaper, was found in a men's rest room on the main

door by Frank Stolpa and Edward Mackenjos, who poured water on the smoking package. Discovering it was a bomb, Stolpa hurled it into the freeway. It exploded with terrific force a moment later. Investigators

The entire building became a scene of wild disorder. Circuit courts on the upper floors were unconvention-

ly adjourned as jurors, witnesses, spectators and the judges themselves jam-packed for the hallways and exits. The building was virtually empty in a few minutes with many crowding into the area-way where the blast had

own a hole into the concrete floor.
An hour after the explosion occurred detectives arrested three more men for questioning.

SURVEY DISCLOSES PROMISE OF HELP FOR BASEBALL HERE

Shad L. Hodgins in Charge of
Fundraising Campaign.

Why He Believes Brains Will Be Kept in U-I League.

The Twin Falls country, Shad L. Hodgins of Twin Falls believes, wants organized baseball and will back the league franchise of the Twin Falls Bruins club for lack of financial support. Mr. Hodgins' opinion is based on a survey that he has made for the Bruins directors at their request, and he is to lead a campaign this week to obtain funds that are required to keep the Bruins in the league.

"After I had seen 400 people sitting and shivering for five hours Sunday to see two ball games here," Mr. Hodgins said last evening, "I believe the community does not want to enjoy baseball. I don't believe the community can afford to let the franchise go. Baseball costs a lot of money. It is the only sport in Twin Falls. It furnishes good, clean, wholesome diversion for the people who enjoy it. The boys who chase the balls that go over the fence are not giving the juvenile offenders any concern."

Looks Like Old Times

"Yesterday," Mr. Hodgins continued, "I saw the Bruins manager, Bill Leard, the Bruins manager, was his old-time self. He was walking an imaginary line and encouraging and patting the players on the back. The result was an enthusiasm, that was good games. The weather was just what the players can at least be comfortable, and with a few additions to the pitching staff, Twin Falls is going to recognize that it has a good ball club."

"In my judgment," Mr. Hodgins declared, "we can't afford to let the Bruins or Pocatello stay in the U-I league, because the people generally are not interested in baseball, but simply because the Bruins are going to buy that they couldn't call on more of them."

It is not the purpose of the board of directors or my committee to ask those who have contributed already to give more, although if they wish to make another donation voluntarily they may do so, delivering or mailing it to Bert Edmunds, secretary, or any member of the board."

Response Gratifying

"Response to the letter sent out by the directors is gratifying and remittances continue to come in daily from people who say that they enjoy the games and that we cannot afford not to finish the season."

Committees are not to be sent out to solicit earlier than next Thursday for the reason that the chamber of commerce has some work to do in connection with Twin Falls Fourth of July celebration."

The Twin Falls baseball club will play two games here on Monday and it is the purpose of the directors and committee to do all that they can to help entertain the people visiting Twin Falls on the Fourth of July.

"Referring again to the financial situation of the club," Mr. Hodgins continued, "I would call attention to two things: one that many of the players have been sick with tonsillitis and two of them have been crippled, and the other is that last week the weather was cold and disagreeable. Otherwise, I believe, attendance would have been sufficient to have taken care of practically all of the expense."

Expert Attendance Increase

"I have examined the attendance records for the last half of the seasons of 1926 and 1927, and have discussed the situation with the directors, and we feel that we have every reason to believe that during the remainder of the season, attendance is going to increase greatly."

"The team left this evening for Orem where the Bruins will play series of three games and then go on to Salt Lake for a series of four games, returning here next Monday for a week's series at home."

Mr. Hodgins stated that a number of volunteer workers for two days would be necessary to make a successful campaign, and that anyone willing to help in the effort should communicate with him today or tomorrow.

BOURBON VANGUARD ON HOUSTON SCENE

Following privileges for those living in the District of Columbia, and an attendant representation in congress. The other plan advocated by National Committee Chairman Henry W. Dooley, Porto Rico will ask that Porto Rico be given "such territorial status as would make it possible to have the present economic condition of the island and provide for the aspirations of her people, with the view to ultimate statehood according to all territories of the United States since the beginning of the government."

First official convention activity will occur next Monday, when the executive committee will meet to consider any possible resolutions on delegations. "No formal sessions have been held, and only one in Porto Rico," he remarked, according to Dooley, chairman of the executive committee.

Nature, in its wonderful way, has done its part when it produces for Lucky Strikes the best of tobaccos that can be grown; but these tobaccos are vastly improved when toasted. It is not surprising that 20,679 doctors say that Lucky Strikes are less irritating to the throat.

TEXAS WOMEN SHOW DELEGATES COURTESY

Mrs. Clouchek Returning From Meeting in San Antonio Praises Lone Star Courtesy.

When we reached Childress in the Panhandle of Texas we were given baskets with all sorts of fruits daintily arranged. The Idaho delegation members were to be guests of the women of the Childress clubs. We received every attention and were furnished with fresh bouquets daily.

"At Fort Worth we were taken to the beautiful club house and were later shown over the city and saw the broadcasting station at one of the newspapers. In San Antonio (Texas) all gave us cut rates, and every courtesy was shown to us.

"An excursion was arranged at a nominal fare to Brownsville on the Rio Grande and back through Corpus Christi where we stopped to bathe in the beautiful bay. I cannot tell you about the Republican convention that would take too long.

Mrs. Clouchek was elected as alternate to the Republican national convention, but served as regular delegate in place of John W. Graham, who was unable to attend on account of illness.

RESURFACING BEGINS ON RAFT RIVER ROAD

Vital Traffic Artery Between Utah and Southern Idaho to Be Completed in Another Year

Billings, June 18 (Special to the News)—Work on the Utah side of the Raft River-Idaho highway has been under way since June 4, according to C. A. Miller who is here from Strevell. The roadbed has been graded and is now being surfaced. It being understood that the highway will be completed from the Utah line to a point two miles north of Pilot spring.

A recent survey has disclosed a way to avoid Cedar creek and shorten the road two miles, according to Mr. Miller. He states that as soon as the roadbed is completed to the vicinity of Pilot springs the entire highway to Ogden will be a very good automobile road. It is understood that the whole stretch of roadbed will be gravelled next year, and that a good pavement will be surfaced this season.

At the meeting in Twin Falls Friday to discuss routing, completing and naming the Oregon Trail Joe D. Wood, state highway commissioner, stated that \$5000 had been appropriated to complete grading the Raft River highway as far as the Utah line. It is the ultimate aim to oil the highway by highway. It is understood. This year's program contemplates oiling as far east as Burley, and next year the highway will be oiled from Burley through Malta to the Utah line.

The completion of the Raft River highway, from Burley, through southern Idaho cities and Ogden, and southern Idaho cities and farming communities.

Light Airways for Flights at Night

LE BOURET, June 18 (AP)—Night fliers soon will have good signal lights by which to steer their course on four air highways.

The way from Paris to London, Brussels, Marseilles and Perpignan will be marked by orange colored neon electric lights which will flash continually the Morse code for the letters that will identify them.

There is but little flying in the dark as yet, but in every way French aviation is trying to prepare for the imminent development of night travel.

One branch of this work is the training of pilots to steer by instruments alone. The men are taught by handling planes, in which they are enclosed in a dark cabin, while another pilot who can see the ground prevents accidents by correcting errors through double control.

COUNCIL DRAWS ON FUNDS ON HAND TO PAY \$32,000 DEBT

Twin Falls' Financial Slate Cleared With Draft on General Obligations Bond Interest and Sinking Fund.

Twin Falls city council has drawn on funds already collected to pay \$32,000 on account of Twin Falls general obligation bond interest and redemption, and now all payments on that account due July 1.

Authorization for this payment was voted by the council in regular session last evening. Interest and collection fee to be paid totaled \$10,026.25, while \$43,000 worth of bonds were sold on the sinking fund account that amount due July 1.

In meeting these payments heretofore, O. M. Hall, city clerk, advised the council, it has been necessary to draw upon anticipated tax returns, a considerable volume of which will be available to the city next September.

Other bills paid by the council last evening included \$4500 claims against the general fund and \$2000 against the sprinkling fund.

Edna Clean-Up Campaign General fund claims included bills for \$350 on account of Twin Falls clean-up campaign, and it was announced that funds for this purpose had been exhausted and that the campaign will be discontinued. Relief was expressed that the campaign had been attended by generally tasteful results, and that the investment was a good one.

Looking toward early installation of new Douglas, commissioner of public grounds and buildings, to negotiate the purchase of the scales for which provision had been made in the 1928 municipal budget and appropriation bill.

The new scales are to be of 20-ton capacity and will be the largest in this territory. They will replace 8-ton scales that were installed by the city nearly twenty years ago, use of which has been discontinued some months ago. It is anticipated that the new scales will be installed at or near the site of the old scales on Oregon Short Line property between the passenger and freight depots.

Study Heating Plans Mr. Douglas also was authorized by other members of the council to confer with an architect relative to specifications for a heating plant to be installed in the city hall.

Issue of bondholders permit to James C. Murphy of the Modern Planning Mill for construction of an addition, 25,000 sq. ft., the company's building at 144 Third avenue south, was authorized by vote of the council. Cost of the proposed addition was given as \$300.

SOUTHERN IDAHO OPPOSES CHANGE IN TRAIL ROUTING

BURLEY, June 18.—Special to The News.—Delegates of different organizations that attended a meeting at Twin Falls Friday to protest against the proposed diversion of traffic from the present Oregon Trail route, reported a representative attendance. Men came from as far east as American Falls and Vale, and from the Hagerman valley on the west.

Report favored the proposed change, but was opposed by a resolution sent in by the Pocatello chamber of commerce. All other representatives were violently opposed to the diversion of traffic from the present routing over the Old Oregon Trail, and so expressed themselves.

The meeting was held for the purpose of acquainting Highway Commissioner Joe D. Wood, who was present, with the sentiment of the people of the district. Nearly 100 interested persons were at the meeting.

YOUTHS PASSING BAD CHECKS ARE IN JAIL

Boys Posed as Farm Hands Are Taken Into Custody When Caught in Act Here.

Two young men who are alleged to have obtained nearly \$400 on forged checks in three states during the past month, were arrested here this evening and Sunday morning. The accused men are Edward W. Shaffer, 23, of Twin Falls, and Eugene J. Warner, 18, of Salt Lake. On the 23rd of June, they were in the custody of the Peace J. E. Davis' court, they pleaded guilty to charges of forgery and passed checks on the New York state bank for the sum of \$24 each, which was a sum which was frequently paid to farm laborers.

The check on which they were held here was issued and passed last May 16 at the Skaggs store here. They also passed checks at the New York store and the High Store last Saturday. The officers watched one of them when he passed the last check Saturday and then arrested him, getting his companion Sunday. The accused youths stated that they thought they could get by here, as they had succeeded in passing checks at two visits to Pocatello. They also, according to their own story, passed checks in Salt Lake, Cheyenne, Denver, Boise and Nampa.

Their actions while in court and in custody of officers was "smart-alecky" it is said, as they seemed to think they had done something clever and should be commended for their accomplishment. However, they helped pass checks at the New York store, they passed here last July at which time they operated here before.

CASSIA COUNTY COMPILES BOOK OF POULTRY BRANDS

BURLEY, June 18.—Brand books for the Cassia County Anti-Theft association are made-up and will be distributed to poultry dealers and shippers.

Brands have been assigned to over 90 members. There are five districts in Cassia county, as follows: Burley, Albion, Declo, Ratt, and Mountain. Brands are: Albion, Oakley, Mountain, Pocatello, and Ratt.

It is believed the use of this method will put an absolute stop to poultry thievery.

That Memorable Race

Once a turtle beat a hare, but that's no proof of a turtle's speed.

Once a property owner let his fire insurance lapse and he wasn't burned out next day.

But that's no argument for neglecting so vital a matter.

TRIANGULAR RACES IN BOTH PARTIES IN 1928 PRIMARY

Sheriff Finch Will Contest for Fourth Nomination; O. C. Hall Seeks Nomination for County Attorney.

Two triangular races for nomination in the primary elections in Twin Falls county—one on the Democratic and one in the Republican party—began yesterday when Mr. E. Finch, sheriff, decided to make a fourth drive on the Democratic ticket for the position of sheriff, and O. C. Hall, Twin Falls, determined to seek the nomination for county attorney on the Republican ticket.

Frank M. Kendall, former sheriff, and E. F. Prater, deputy sheriff, had already filed on the Democratic ticket as aspirants for the position of sheriff, and Judge O. P. Duval as candidate for nomination for county commissioner from the first district on the Republican ticket.

William A. Thompson of Buhl filed as candidate for nomination for county commissioner from the first district on the Republican ticket against T. E. Moore of Filer, present chairman of the board.

Paul Beer, Twin Falls, filed for the Democratic nomination for coroner.

Neither Sheriff Finch nor Mr. Hall had filed last evening though each stated that he would file. It is understood that the sheriff informed Deputy Sheriff Prater yesterday that he would make the race and the latter told him that the action was all right so far as he was concerned.

The deputy offered to resign at once, it is stated, but Mr. Finch said this action was unnecessary. Mr. Prater later expressed the opinion that in view of possible embarrassments he thought it probably would be better to resign.

"Choose to Run" Asked yesterday if "he choose to run" for prosecuting attorney, Mr. Hall said he did. He said he would not file for a week or so, but he had made up his mind to get into the race. Asked if this statement were for publication, he replied: "Yes, you may say that I expect to file."

BURLEY LAD UNCONSCIOUS AS RESULT OF ACCIDENT

BURLEY, June 18.—Lex, the eight-year-old son of S. H. Kunau, was struck by an automobile near the Paul-Case factory yesterday and very seriously injured. The little fellow was running across an unfrequented road when the accident happened. The accident was apparently unavoidable.

He was hurried to the Fremont hospital where it was found that his head was injured. The boy was still unconscious Sunday afternoon.

TWIN FALLS AND FILER KIWANIS HOLD JOINT ANNIVERSARY SESSION

All-Kiwanis night was observed by Twin Falls and Filer Kiwanis clubs at the Rogers hotel last evening in connection with the national observance of the founding of the organization in which 1725 clubs throughout the United States and Canada participated.

Time was so arranged that all clubs in the nation and Canada convened at the same hour, "zero hour," the hour of the formation of the original club, was observed in the hour of the present session.

HOOPER OVATION IS CONVENTION THRILL

Miss Terhune Returning From Kansas City Tells of Enthusiasm for Nominee.

The enthusiasm manifested for Hoover was a revelation, according to Miss Gladys Terhune, Republican national committeewoman, who returned yesterday from the Kansas City convention. "Personally I was in favor of the nomination of Lowden," she declared, "and so stated, but the sentiment for Hoover was manifested as soon as his name was mentioned in a way that showed how the delegates felt."

"Of course, if the contest had been decided in favor of the anti-Hoover delegation it would have made some difference in the balloting but the convention wanted the man who was nominated. Curtis also was extremely popular and delegates from Kansas and other states who favored his nomination made a splendid fight against odds. I believe that his nomination strengthened the ticket in the farming sections."

Women cut more figure than ever before in a national convention, and exercised a real force in the deliberations. In the women's meeting there was an absence of jealousies and bickerings. The women's vice chairman, Mrs. Alvin R. Hert of Louisville, Kentucky, is a wonderful woman and conducted the proceedings with grace and tact. John Thomas, Idaho national committeeman, told Senator Borah that the women did better than the men in their work in the convention.

Mrs. H. W. Clouet, who went as an alternate, served as a regular delegate, owing to the illness of John W. Graham. She was one of the three women on the committee who will go to Topeka to notify Senator Curtis of his nomination.
