NEW YORK KEYNOTE
SPEAKER CONDEMNES
REPUBLICAN REGIME

Claude G. Bowers, Temporary Chairman, Touches Off Veritable Powder Keg of Democratic Enthusiasm at Convention.

(By The Associated Press) HOUSTON, June 26.—A stormy challenge by the national Democracy to the Republican presidential ticket and platform met yet two weeks old, and roaring out over the radio and telegraph tonight as notice to the world that the party of Jefferson and Old Henry would elect the November lists with blood in its eye.

Claude G. Bowers, New York, temporary chairman and carefully selected keynote speaker, tonight off a veritable powder keg of Democratic enthusiasm. He tore mercilessly at the record of two Republican administrations, those of Harding and Coolidge, to sweep his auditors in the crowded pavilion into outbursts of applause as he went down the line of the all-scandalous, farm legislation "fake prosperity," "unemployment" and all the other allegations being taken up as a rule, upon which the Democrats would base the fight for election of their presidential ticket.

Hain Soaked Audience. The New York editor spoke to a crowd many of which had been drenched by a heavy thunderstorm which penetrated the roof of the huge auditorium. The delegates were willing to forego their own discomforts and the fight over the presidential nomination, which seemed assured to Governor Smith of New York, in order to hear him sound the party battle cry.

Especially vociferous was the reaction of the convention to Bowers' demand that the hand of privilege be taken from the throats of the farmers. Every state standard bearer made up the major part of the procession while the delegates cheered.

Bowers' keynote was the principal business of the night session, the remainder of the platform being taken up with necessary routine, such as the appointment of committees and adoption of rules of procedure.

The convention adjourned at 9:24 P. M., until 11 o'clock tomorrow morning, when reports of campaigns, including the platform, will be taken up. It is not yet definitely determined that the place will be held in New York.

REPUBLICANS BEGIN DRIVE IN NEW YORK

Special Presidential Campaign Organization Set Up With Secretary Hoover's Approval.

WASHINGTON, June 26 (AP)—A special Republican presidential campaign organization in New York was set up today with Secretary Hoover's personal approval and a particular effort was made to get the support of the state under Mr. Smith's chairmanship.

In the endeavor to pick a western campaign manager, Secretary Hoover saw again James W. Good, Chicago, his pre-convention manager, but no appointment to the place was ready for announcement.

It is generally understood that the secretary has sought to persuade Good to serve, and that the place is being held open to await his decision.

STUDENT FLIER KILLED

RIVERSIDE, Calif., June 26 (AP)—Lincoln Draper, 23, army student pilot at March field here, was killed today when his plane crashed.

WOMAN HEADS BAND OF MEXICAN TRAIN BANDITS

MEXICO CITY, June 26 (AP)—A woman, known as "La Chola," is said by newspaper accounts to be in command of the bandits who have been recently active in the vicinity of Queretaro.

PHYSICIAN REMOVES
DOLLAR FROM UTAH
YOUTH'S ESOPHAGUS

A silver dollar which for 10 days has been lodged in the esophagus of a Utah youth, was removed today by a physician here today. Following the operation, the youth walked out of the physician's office apparently quite well.

Since the coin was dropped into his open mouth by his sister while he was sitting at his dinner table at his home, the youth had lived on a liquid diet. He lost 15 pounds in weight.

IDAHO PAYS TRIBUTE
TO SENATOR GOODING

Funeral Services to Be Conducted in North Side Town; National Figures to Attend.

GOODING, Idaho, June 26 (AP)—Idaho's last tribute to Senator Frank R. Gooding will be paid tomorrow at funeral services in this town, which he founded and for which he was the state's first senator.

Already the place was filling with representatives of all walks of life from practically all parts of the state who came to pay homage to the senator, who died last week.

Funeral services will be held at 10 o'clock tomorrow at the home of the senator's daughter, Mrs. C. E. Gooding, in the town of Gooding. The funeral will be conducted by Rev. W. C. Bolke, Robert C. Brown, and Guy W. Bissell.

Government Pallbearers. From among his own townsmen active pallbearers were selected. They were: John Thomas, Republican national committeeman; W. W. McClure, M. Mallon, D. H. Sutherland, W. C. Bolke, Robert C. Brown, and Guy W. Bissell.

National Figures Present. Among nationally known figures to attend the funeral were Senators Gooding, Oregon; Walsh, Montana, and Kendrick, Wyoming, as well as Representative central committee, Nathan Hicks, Rexburg; A. H. Bransford, Twin Falls, and Peter G. Johnson, Blackfoot.

The funeral services will be brief and simple, unless the will of the senator should indicate otherwise. The burial will be in the cemetery of Gooding.

TORNADO CAUSES HEAVY
LOSS IN WYOMING FIELD

CHEYENNE, Wyo., June 26 (AP)—A tornado struck Mid-west Wyoming in the region of the Salt Creek oil field, late this afternoon, leveling almost every derrick in the field, and demolishing buildings according to reports received here.

Wire communication into the storm area was interrupted and only meager accounts had been received here. It was believed there were no casualties.

GOVERNMENT TO GET
GASOLINE TAX FREE

Idaho Officials Will Not Impose Assessment on Fuel for Federal Purposes in State.

BOISE, June 26 (AP)—The state of Idaho has decided to forego the pleasure of assessing a gasoline tax on the federal government.

This decision involved some loss in the form of gasoline taxes but will leave the constitution inviolate, so far as the state is concerned. Action in the matter followed a recent decision of the supreme court of the United States that states cannot assess the usual tax on gasoline sold to the government or any department of government.

Since the last legislature, Idaho has been assessing the four-cent-a-gallon rate on all and sundry, wherever the gasoline was to be used upon the state highway.

Convention Harmonizers Seek To Settle Row Behind Closed Doors; May Fail

(By The Associated Press) HOUSTON, June 26.—Both "wets" and "drys" in the Democratic national convention tightened up their lines today in preparation for a battle within the resolutions committee on the prohibition plank.

Convention harmonizers still were seeking to have the row settled behind the closed doors of the platform committee room, but such militant leaders of the Southland as Joseph Daniels, North Carolina publisher and former secretary of the navy, and Governor Dan Moody of Texas, were ready to throw the issue into the convention itself unless their demands were met.

Must Name Amendment. Daniels and his co-workers insisted that the plank must name the eighteenth amendment and pledge the party to "sacredly enforce it."

Apparently the supporters of Governor Robinson, Arkansas, who were declined to do so that far and they believed they had the votes in the convention to put over a straight law enforcement plank if they should decline upon that course.

The demand of the "drys" will be countered before the committee tonight. (Continued on Page Five)

PRISON'S INCOME FOR
15 MONTHS \$82,420.13

BOISE, June 26 (AP)—Income to the state penitentiary during the 15 months ending June 30 totaled \$82,420.13 of which \$21,409.90 was earned by prisoners for their own personal use. It was shown in a report submitted to Governor H. C. Baldrige today by the bureau of public accounts.

In addition to the earnings of the prisoners, included among the sources of revenue were the shirt factory \$52,754.63; shoe factory \$37.20; farm produce \$28,126.13; and visitors admissions \$49.75.

The report said the prison accounts were kept scrupulously accurate, not a single error being found.

HAILEY NEWSPAPERMAN
DEAD; HAD LONG CAREER

HAILEY, June 26 (Special to The News)—Ed Richards, retired newspaperman, shot himself in a store here this morning and died as a result of the wound after a few hours.

Mr. Richards, who was above 70 years of age, had been ill and despondent for a long time. He was at one time editor and proprietor of the West River News-Miner and was one of the old-timers in Hailey. He has no immediate relatives in the West but a sister in Cumming, Maine.

GEM STATE IN FAVOR
OF NELLIE T. ROSS

First Ballot on Vice Presidential Candidate May Go to Former Wyoming Governor.

(By The Associated Press) HOUSTON, June 26 (AP)—Idaho's 12 votes for the vice presidential nomination, held together by unit rule, will probably be cast on the first ballot for Nellie Taylor Ross, former governor of Wyoming.

There is not unanimity in the delegation on vice presidential preference and those guiding the delegates are not going to invite quarrels until a poll is absolutely necessary, but W. Orr Chapman, Twin Falls, chairman, believes the first vote will be for Mrs. Ross. He gives two reasons. Aside from Mrs. Ross' general acceptability, one that Wyoming is a neighborly state, and the other is that a large number of Idaho delegates are women and want to pay this compliment to their sex.

Minority Group in the delegation, rallying round former Governor Hawley, prefers George L. Berry, Idaho, choice four years ago at New York.

Four groups, however, agree that Senator Robinson, Arkansas, who was chosen as a possibility, will be accepted as second choice and are willing that Idaho should eventually settle for him.

During Tuesday afternoon's convention recess, groups of Idaho delegates took opportunity to see the sights of Houston until they were driven by a sudden tropical storm to sit in their hotel rooms while rains lashed streets and thunders rolled and crashed over the convention city.

SENATOR REED READY TO
CARRY FIGHT ON TO END

HOUSTON, June 26 (AP)—Senator Reed, Missouri, sent out word tonight that he was prepared to carry on his fight in good faith to the very end, and added that he joined to win the Democratic presidential nomination.

His statement was prompted by a story printed in the early edition of a Houston newspaper which stated that Reed and some of his friends were angling for the vice presidency.

"We will carry on the fight in good faith to the very end and hope to win," the senator declared after calling upon the editor to deny the story.

Final Assaults

Supporters of Empire State Candidate Estimating Votes Safely in Bag at 690

(By The Associated Press) HOUSTON, June 26.—Nomination of Governor Smith of New York on the first ballot is now the confident expectation of the men who are directing maneuvers in his behalf in the Democratic convention.

All along there has been a show of confidence in the Smith camp that he would be the winner, but it was not until today that the Smith camp seemed inclined to forecast his reelection on the first roll call.

George R. Van Nance, the New York executive's pre-convention manager, included in some bandwagon predictions, expressing the view that even if a determined effort were made to stop it, the Smith-on-the-first-ballot movement appeared to be gaining such momentum that it could not be halted. Others in the Smith ranks echoed his forecast, and the second assault among delegates that undoubtedly there would be no second roll call.

Opposition Insistent. Some of the foes of the New York list refused to concede defeat, as they sought to hold their wavering lines and prepared for a final assault on the Smith forces. Many leaders in the Smith forces. (Continued on Page Two)

IDAHO'S DELEGATES
JOIN NOISE MAKERS

Houston Convention Hall Madhouse; Ex-Governor Hawley Carries Banner of His State.

HOUSTON, June 26 (AP)—Houston's convention hall was a madhouse tonight. A storm of shouting, cheering, stamping, and whistling whirled through the aisles waving standards of states. And in that madhouse, the sturdy banners of the state of Idaho, moving round and round not far behind the standard of North Dakota, held the hands of Idaho's 82-year-old Democratic and former governor, James H. Hawley.

The storm of demonstration broke out when Senator Robinson, Arkansas, who had pictured the Republican government as that which seeks comfort for those who are in power and the democratic as the friend of the masses, closed with a plea for the farmers with the "vibrant words" take the United States out of the farmer's pocket and off his throat.

Rumble-Groans. There was at first a rumble of applause that rose in waves. Suddenly, the standard of North Dakota, waving down the aisle. Other states joined in and among the first was Idaho.

The aged ex-governor came to the convention frankly saying he expected it was the last he could attend. He had heard the news of Idaho's election in '92. He had campaigned with Bryan, when the senator of the Platte threw silver dollars to the crowd and he had come to look for free silver. Tonight he marched proudly in the eerie light of moving picture screens in behalf of farmers.

MACHINE GUN'S TARGET

CHICAGO, June 26 (AP)—"Big Tim" Murphy, Chicago labor leader, was shot and killed at his home in the exclusive Rogers Park district tonight by assassins who attacked him with machine guns.

An automobile parked on a side street was fired upon by the labor leader as he stepped from the basement doorway.

Big Tim was answered by the rat-a-tat-tat of a machine gun.

PRESIDENT COOLIDGE
ENJOYING VACATION

Chief Executive to Entertain Secretary Work During Coming Week at Summer Home.

SUPERIOR, Wis., June 26 (AP)—With a visit from Secretary Work of the interior department, next week as only definite engagement, President Coolidge is devoting all his time to the enjoyment of his vacation with little thought of his future activities, either near or far.

A call, in July, from Secretary of State Kellogg is also expected by Mr. Coolidge. Mr. Kellogg will stop en route to St. Paul, Minnesota, to see the president's summer home.

Resignation Date Not Set. Besides the mere announcement of Mr. Work's visit to Superior next week, no information was available as to when he would return from his vacation, whether he would resign from the cabinet before or after his arrival here, to assume his new duties of chairman of the Republican national committee. Neither were the definite purpose of his trip.

POLITICAL EYES ON
CANDIDATES FITTED
FOR SECOND HONORS

Senator Robinson, Arkansas, Leads List; Smith, if Named for Presidency, May not Offer Suggestions for Mate.

(By The Associated Press) HOUSTON, June 26.—The convention thrust its shadow over the vice presidential moon today and sent it into a temporary eclipse while hundreds of delegates here in an attempt to identify the man it held.

There were many who contended that he would be revealed as Senator Robinson, Arkansas. Others whose political eyes were equally discerning spoke the names of former Senator William M. E. McPherson, Nebraska, Evan Woolley, Indiana, Gordon L. Thomas, Nebraska, and Senator Barclay, Kentucky. Still others asserted that almost a score of other candidates would be nominated for second place on the ticket.

May-Not Have Suggestion. But through the hall there came the whisper of a possibility that if Governor Smith were given first place on the ticket he might decline to make any suggestion for a running mate and ask that the vice presidential nominee be chosen by the delegates themselves.

This would throw the race into a mad scramble for delegates with half a dozen candidates or more having a chance to become vice president.

Senator Robinson will be supported by many delegations and his Arkansas group is boosting him vigorously for second place.

They view him as one who could match blow for blow with the Republican Curtis in a fight for the mid-Atlantic states, and who would hold the south in line in November.

Indiana for Woolley. Evans Woolley has the solid support of the Indiana delegates. He has been thrown upon Woolley's hopes, however, with the prospect of some delegates from the farm belt of the state.

The Kentucky delegation has announced its determination to fight for the nomination of Senator Barclay, of Kentucky. The Nebraska and several delegates from the border states of the corn belt are backing Hillecock for the presidency, but with a surge toward the vice presidential claim.

FOG HINDERS RESCUE
WORKERS IN ARCTIC

Milder Weather Making for Better Ice Condition; Ships Will Be Able to Reach Goal.

(Copyright, 1928, by The Associated Press) KINGS-BAY, Spitzbergen, June 26.—Milder weather without wind brought fog to the arctic and again today did not allow the search party to reach the aviators and mariners, who are trying to save survivors of the Noble expedition and to discover the whereabouts of Roald Amundsen's rescue plane.

The milder weather, however, is making for better ice conditions. As soon as the fog clears, the ships will be able to work closer to the six men marooned near Foul Bay. The rescue ship of the Noble expedition, the Citta di Milano, may shift her position to the north entrance of Hinlopen strait next week. She will then be in a position to launch a search for the aviators and a Swedish aviator are awaiting further success that the plane can be spotted in two hours or less by plane.

Fifteen or 18 men remain to be rescued. It is thought that the plane was blown off by a storm when General Noble was taken from his camp. He left five companions behind but this party was again routed by a storm. The plane was blown off by a storm when General Noble was taken from his camp. The Twin Falls baseball club directors met at noon yesterday to consider ways and means for increasing the revenue of the club and decided upon two programs for the week.

The game Friday, which is the opening game with Boise, has been designated as a benefit game and a ticket campaign will be waged among the down town section during the coming two days. All the stores will be asked to close at 5 p. m. on that day and several have signified their willingness to close. Plans for several advertising stands are being made and it is hoped that the bond can be secured for a parade of the down town section during the afternoon.

Word comes from Boise that the Boise fans have secured a reduced rate on both the railroad and bus lines for next Sunday and are expecting to swamp down on Twin Falls with a horde of visitors. Local fans are not to be outdone and many a fishing trip has been postponed in order to give the Boise delegation the proper reception.

Benefit Dance
Monday night the directors have planned a huge benefit dance at Danceland and ticket sales will start this morning for this affair. The business and Professional Women's club will sponsor this affair for the directors and will have ticket sales committees working for the rest of the week.

The committee in charge of the financial drive will again send workers into the field Thursday and Friday with the hope that the drive can be swelled up during this week. Many pledges will not be collected until the end of the week, however, and the committee will continue the clean-up work the first part of next week. The plan seems to have expressed the idea that they want baseball for the balance of this season at least and the directors are all ready to do everything within their power to put the season over.

The attendance during the home week will tell the story, and if the fans want baseball here, they can demonstrate it by filling the stands at the park.

MINORITY PREPARING FOR FINAL ASSAULTS

(Continued From Page One)
The opposition, however, seemed to call it a day, convinced that strategic tactics would be futile. In their forecasts of what will happen Thursday night, they predicted that the minority would be able to elect a shift of a big block of Ohio delegates from Governor Smith before completion of the first roll call might settle the issue.

Continuing in the 20 Louisiana delegates, who are expected to arrive in the morning, the minority will have about 600 first ballot votes safely in the bag, with a probability that they would pick up 20 from Oklahoma and perhaps some of Arkansas' 18.
Ohio's 48 are pledged to former Senator Allen Pomeroy, but he is making no effort to hold them, and 40 to 44 are ready to go to Smith at the call of their votes are wanted. There were indications today that they might cast their votes for their "favorite son," switching at the end of the roll call in time to have their votes recorded for Smith.

Any shift like this, even the opponents of Governor Smith conceded, not only would put him over the 223 nominating mark, but undoubtedly would touch off a stampede that would bring dozens of delegates pell mell to the Smith standard.

WEAR BUNCH OF CLOVER LEAVES IN COAT LAPEL

ALBANY, N. Y., June 26 (AP)—Wearing a bunch of four-leafed clover in his coat lapel, Governor Alfred E. Smith went about his state duties today, paying but occasional attention to the Texas convention considering his suitability as the Democratic candidate for the presidency.

The governor showed, impartially, even toward critics for though he were the favorite of four-leafed clover presented him by a woman in the state department of purchase, he said, "This one is good; this is official."

POCATELLO'S ENTRY TAKES OPENER FROM BRUINS BY 11 TO 5

Parris, Heaving for Bannocks, Twirls Nice Brand of Ball; Kasich Starts for Locals but Gives Way to Earwood.

Pocatello Bannocks put down a barometer of two layers yesterday to take the series opener from the Bruins, 11 to 5. Parris, heaving for the Bannocks, twirled a nice brand of ball, and the Bruins took two hits until the fifth when the locals bunched three for as many runs and again in the sixth in the eighth two safe blows for the same number of runs. Kasich started for the Bruins but had trouble striking the ninth and gave way for Earwood in the second and the big right-hander was liberal with his base hits allowing the Bannocks to increase their lead to a safe margin.

Learned Bannocks Bill Leard was notified as the game opened by Umpire Price that President Nye had plastered a three-day suspension for the mix up in Salt Lake. So Mike Maloney explained the team until he retired after getting hit on the right arm by a pitched ball in the sixth. Mike's injury was not serious but may keep him from the game.

The Bannocks opened fire in the initial inning when Jensen walked and Parker scored him with a double. Roche drew a pass and Mossif ripped one for two sacks to score him. Kasich got the next three out in order. But again in the second after two were out Jensen again drew a free ticket and Parker singled to score him. Roche walked again and Mossif socked out his second two batters to score Roche and Parker. Earwood went in and Tierney flied out to end the inning.

Earwood got into trouble in the fourth when Jensen the first man up doubled and scored on Mossif's single. Again in the sixth Jensen led off with a single and Parker did likewise. Roche doubled to score them and came in on Mossif's single. Earwood held them until he pitched to the sixth Maloney was hit by a pitched ball and Coleman singled and Walters was also hit flying the rocks. Peterson singled to score two which ended the scoring for the Bruins.

The Bruins could not find Parris until the fifth but in that frame Peterson and Allen singled to net three runs and again in the sixth Maloney was hit by a pitched ball and Coleman singled and Walters was also hit flying the rocks. Peterson singled to score two which ended the scoring for the Bruins.

DUMB BELLS REGISTERED IN PATENT OFFICE

Yes, it says that the patent office has registered dumb bells. That he walked with the bells on his arms. That he was a dumb bell.

BOISE 6, OGDEN 2
OGDEN, June 26 (AP)—Boise won the opening game of the series from Ogdien here today, 6 to 2. Back of the time-twirling of Johnny Molloy, The Senator right-hander, allowed only six scattered hits and held the Gunners hitless during the final four innings of the battle.

Aut, on the mound for the Gunners, was touched for 12 bingles. The Senators bunched their hits at opportune times to pile up a lead which the locals were unable to overcome. Johnny Vergez, Gunner right sacker, clouted the first ball pitched by Molloy in the first inning for a homer. Lavague, a catcher and McNaac,

joined the locals today and performed with fine results.

FOUL BALLS

By FUDGE

Only temporary folks, only temporary. Just stopped for a breathing spell on the way to the top. Some days these things happen—like another foul ball game this afternoon.

The Bannocks have been saving two baggers for the whole season and just cut loose with a few yesterday to keep the home folks satisfied. Right in one session is far too many for one ball club.

Kasich was a bit wild today. That seems to happen to the best of 'em. Earwood got 'em in their right.

Allen and Dwyer pulled a nice one each out there. Both came in on a slow roller and threw on the run and each threw was a beauty. And then Fitz scooped one out of the dirt that made the fans shout with glee.

Come on you faithful! Let's get the old pepper. A little chatter does a world of good. It was a good crowd out there but the exchequer can stand even more.

This is a big week you know. Lots doing and a chance for the Bruins to get around the top notch. Let's give 'em plenty of encouragement. What's a sore tonight or two when a ball game is at stake?

Get set for the big benefit game Friday. Cancel all those engagements and be out there. It's more fun to beat the Senators than any other club in the league.

And Sunday Boise fandom will be here en masse with a special rate and all. Can't let them make more noise than the local crew. Boy, they are not for their team and it might be a good thing to see what they in a row.

be a good thing to see what they in a row.

Fitz and Roche tied for honors in the puzant column yesterday, both going out to be lucky for the Bruins. Fitz and unclucky for Jack. Both of 'em are Irish and believe in these things. Better get out the rabbit's foot.

Remember it's 2 o'clock on Thursday and 2:30 on Saturday. A number of the farmers have requested that the game Saturday be played at 2:30 so the directors are giving it a while.

See you out there this afternoon. Keep your hat on.

BASEBALL "BIG SIX"

By The Associated Press

Although Rogers Hornsby remained safely aloft of Paul Waner for first honors in the "big six" yesterday, he just failed to lift himself back into the 400 class after his fall of the previous afternoon. The major batted 300 for the day in the double-header at Boston, getting four out of eight, and only the field with a mark of 399.

The elder Waner got three out of eight in two games at Chicago to lift his mark one point to 370.

Babe Ruth slipped up into third place without lifting a bat as Ty Cobb went hitless in Washington. The Babe and Frank Frisch had no scored runs, and Harry Heilmann took a day off in Detroit.

A Word About Our Company

You, as a resident of Twin Falls, especially if you are a car owner, should be interested in knowing something about the individuals and policies of the Western Auto Supply Company.

A few short years ago, "Western Auto" opened its first store on the Pacific Coast. From this humble beginning has grown the largest organization of its kind in the world, operating over 150 stores located in the leading cities of eleven western states.

The motorists of the West were quick to realize the many advantages of buying at "Western Auto." They were quick to sense the security of doing business with a store that guarantees satisfaction. They were quick to appreciate this saving which "Western Auto" offered them. They knew that "Western Auto" carries a complete stock of dependable Accessories, Supplies, Parts, Tires, Camp Equipment and Radios. They learned to look upon the "Western Auto" salesmen and managers as their friends—men that they could trust—men always ready and happy to serve in the full meaning of our "Customer is Always Right" policy.

Last year over six million individual sales were made in "Western Auto" stores. You will better understand the reasons for "Western Auto's" tremendous growth and the reason why so many motorists have designated their "Western Auto" store as "Auto Supply Headquarters," if you will visit our new store and make the acquaintance of our store manager. He will take pleasure in showing you around.

RAIN HALTS HARVEST AND PRICE GOES UP

Corn Develops Strength on Reports From South; Oats Unchanged to Slightly Higher.

CHICAGO, June 26 (AP)—Rain delays to harvesting in Kansas and Oklahoma with full crops in view. Corn market shows strength on reports from the south that the crop will be given preference over corn. Closing quotations on wheat were nervous, 1/2 to 1/4 cent higher. Corn finished 1/2 to 3/4 cent up, oats unchanged to 1/4 cent advance and provisions unchanged to a rise of 1/4 cent. With one-third of the wheat crop in the southern half of Kansas waiting to be cut, and with prospects at hand telling of rainfalls in the progress at various places in the harvest region, the Chicago wheat market quickly developed an upward slant today.

An additional strengthening factor in the wheat market was announcement of some export purchases for No. 2 hard winter for last half of August shipment. The prices went 1/4 cent a bushel over Chicago. Corn market showed strength. There was word also of 8,500,000 bushels decrease of the world's available stocks of wheat. Besides, a late blight in the wheat tended also to a noticeable degree to exert a rallying effect on wheat.

BUSH DENIES GUILT ON ARRIGNMENT ON CHARGE OF FELONY

Man Charged With Assault on
George Jasper—Will Have
Hearing Friday—Unless Com-
pelled to Undergo Operation

Plea of not guilty was entered here yesterday by Clio (Slim) Bush to a felony charge of committing an assault with an automatic pistol on George Jasper at a dance at Piler on the night of May 10. Piler's hearing was set for Friday morning at 10 o'clock and bail was fixed at \$1000 by Probate Judge C. A. Bailey.

The date set is tentative. W. L. Dunn, attorney for Bush, said that his client was under surgical treatment before he left Twin Falls on his recent trip, and was under treatment in Los Angeles when taken into custody there. An operation immediately might be imperative, he said. In that event, his client would be physically unable to undergo the ordeal of a hearing Friday.

Cause of Trouble

It is said that the cause of the trouble is due to presence of a foreign substance in his person. It is claimed that some months ago in the course of an automatic discussion in Los Angeles, an acquaintance of Bush in a spirit of levity administered five punctures in his body, into which leaden pellets were forcibly injected. Bush spent three months in the hospital during which four of the bullets were extracted but the fifth is still said to be running at large in his body.

The Piler Fracas

What happened at Piler on the night of May 10 is a question for the court. It is believed that in an effort to determine whether there is probably cause to believe the defendant guilty of a felony. According to the story that George Jasper and his friends are said to have told the officers.

Slim-struck Jasper and inflicted cuts on his face. He believed that he used a knife though no knife was seen. They are further alleged to have said that he drew a gun and pointed it at Jasper. Bush was taken into custody shortly after the alleged attack. He told M. E. Finch, sheriff, that he wanted to see his mother for a short time and was permitted to quit the jail. He did not return as he promised, and his mother told officers that he had gone to "Hupper" to see his brother-in-law, Lee Johnson, about getting bond. Ten days ago the Los Angeles police reported that they had Bush in custody, and that he would fight extradition. Deputy Sheriff Charles E. Jones and County Attorney O. W. Whitman went after him and, after an absence of seven days, returned with him yesterday.

Had Tire Trouble

The trouble on the return trip delayed the officers and the prisoner a day, the officers said. On the way down they stopped at Reno where Deputy Sheriff Jones looked into some matters for the sheriff's office and at Sacramento, where extradition for Bush was honored by the governor of California. This trip took two days of actual traveling. One day was spent in Los Angeles. The prisoner was taken some distance from the jail and delivered by officers in Los Angeles in order to avoid possible attempts at escape. The railroad through California was on a somewhat different route part of the way from the one used going down.

BITCHRIDERS HEAR RULES DISCUSSED

Annual Meeting Is Held and
Instructions Are Given to
New Men on Force.

Forty-seven ditchriders and a dozen maintenance men connected with the Twin Falls Canal company held their annual meeting at Tom's cafe at noon yesterday and discussed conditions and responsibilities at length. The new ditchriders were initiated into the mysteries of fighting weeds, handling water and cooperating with one another and with farmers. The canal system was reported to be in good condition.

A talk on group life insurance was made by W. A. Thompson, Twin Falls agent. It was reported that the construction work on the Deep Creek bridge was about complete and would be finished Wednesday and that the big dredger which broke down the old structure will be put over the bridge Thursday to test its strength.

CONGRESSMAN SMITH TO JOIN FUNERAL PARTY

Congressman Addison T. Smith has been designated one of the delegation of members of the house of representatives to attend funeral services.

MERCHANTS TO JOIN IN SPIRIT OF FOURTH

Prizes Are Offered for Best
Window Displays; Business
Houses Are to Be Classified.

Twin Falls merchants and business men have been requested by the Fourth of July celebration committee to display their window displays in the spirit of the Fourth of July. Prizes are being offered by the committee for the best window displays of the four best business houses.

Business houses have been divided into two classes, one including the department stores and the other all other shops. First prize of \$40 and second prize of \$25 will be offered in each group.

Competition Is Equal

Smaller firms will be on a par with the larger stores in the competition through this dual classification, the committee announced. Any business house is eligible to enter the contest, whether dealers of merchandise or not, which opens the gates to barber shops, beauty parlors and business offices. Many stores have already signified their intention of arranging historic representations in their window displays. Members of the committee stressed the fact that any firm could enter the contest with the assurance that its display would receive the same consideration as others entered in the contest. The month of July—modified in some form to any size or style of window. Displays of this type should attract considerable attention to the Twin Falls shops on the part of residents of this city and neighboring communities, the committee felt.

WATER OVER TOP IN TWO BIG RESERVOIRS

Water is over the top in both Jackson lake and American Falls reservoirs according to reports received by the American Falls district officers here. Jackson lake filled Saturday and American Falls Sunday.

Services for the late Senator Frank R. Gooding to be held at Gooding today.

The Weather

Forecast for Today: Generally fair, but local thunderstorms in the night mountains; slightly lower temperature; normal humidity.

Maximum temperature in Twin Falls Tuesday was 80 degrees, minimum 50 degrees. The high "reading" for previous day. Minimum temperature yesterday was 53 degrees, seven degrees higher than Monday's minimum.

Run of Water Over Falls on Increase

Since high water again, it was stated, yesterday by Burton Smith, manager of the Twin Falls Canal company. While a flow of 3500 second feet of water is being used in Twin Falls and 3000 second feet of water on the North Side tract, the run down the river amounts to 15,000 second feet, with both Jackson lake and American Falls reservoir filled. This means a big run over great Shoshone Falls.

PETITION FOR DISTRICT UP TO SALMON SETTLERS

Petition for creation of the proposed Salmon River irrigation district has been completed and will be submitted for signatures of the projectors of a mass meeting to be held at Holter this evening at 8 o'clock. It was announced last evening. Organization of the district has been proposed as a step toward obtaining water from Bruneau river to supplement the Salmon River project's water supply. A recent meeting of Holter residents of the Bruneau project, which has prepared the petition for the district. Feasibility of the plan for obtaining water from Bruneau river and all other phases of the proposal are to be discussed at the meeting this evening.

The Women's Progressive club will meet with Mrs. June Kiser, Wednesday, June 27, at 2:30 p. m.
