ARMY BALLOON LIKELY WINNER OF BIG RACE

Calculations of Air Line Distances by National Aeronautical Association to Be Made

Calculations of air line distances by the National Aeronautical Association in Washington will be available to determine the winner of the 1928 January Contest. The contest, announced last night, was announced last night at race headquarters here.

With all 12 bags which started in the race today safely landed, a re-check of unofficial figures on distances traveled by the three leaders showed that they finished within 10 miles of each other, figured on an air line basis from the starting point.

The revised unofficial figure gave the race to the United States Army balloon, with the French balloon, Blanche, second, and the German bag, Barnum, third. The unofficial figures, sanctioned by Karl Betts, scorer, were:

The Blanche, France, Charles Dollfus, pilot, landed at Walnut Cove, North Carolina, 485 miles.

The Barnum, Germany, Hugh Kaufman, pilot, landed at Chize City, Virginia, 461 miles.

First calculations had given the race to the Blanche by 15 miles with the Army balloon second.

If the Army balloon is declared the winner by officials, the Gordon Bennett trophy will come permanently in the possession of the United States, it having been won by the Army balloon in 1927 by American balloonist, Harold, and the Army balloon.

The last of the 12 bags accounted for was the German balloon Muntz, reported today as having landed at 11 P. M., Sunday in the off of a dead tree on the eastern slope of the Blue Ridge mountains, 25 miles from Lynchburg, Va.

Members of committees who have given generously of their time and effort, awaiting results of their labor, last evening expressed satisfaction with the prospect for fulfillment of their promise of a bigger and better celebration in each and all of the cities.

Plans up to that time had moved forward without a hitch, and with promise of fair weather, every indication pointed to entire success of the celebration.

Frontier Days Return. Something of the atmosphere of pioneer days had returned to Twin Falls with the assembling here of dozens of men and youths wearing broad-brimmed hats and rugged chaps. They are the riders who have come here—some from long distances—to compete in the bucking contests that are to be staged on the entertainment of the Lincoln field late this afternoon. Foy Cox, experienced in the management of these affairs, has gathered together a great herd of "bad" horses and has accumulated a big reserve fund of mounts so that many more are on hand than can be used.

Announcement was made last evening that the committee here to enter should get in touch with Mr. Cox today.

WHITE STAR TUNA

deserves a prominent place on your pantry shelf

Perhaps you have unconsciously thought of tuna as a "once-in-a-while" food... something that you could serve cold... or quickly, when time was short? Really, WHITE STAR TUNA is far, far more than that! The convenient can, sold by all grocers, deserves a prominent place on your pantry shelf and a regular place in your menu, for two reasons: It is the choicest of sea foods, deliciously tender and tasty... and Nature packed it liberally with phosphorus and iodine, two elements our bodies need. Folks call it "Chicken of the Sea" because of its surpassing goodness.

There are so many ways to enjoy the benefits of this firm, tender, deep-water delicacy! Fifteen salads, each different and delicious, can be made with WHITE STAR TUNA. Imagine! Or as the main dish of the meal, served as a hot loaf, the whole family will hail it with acclaim! Use these tested recipes... a wealth of enjoyment is waiting.

For more than 15 years housewives have preferred WHITE STAR TUNA above all other brands. Packed by the world's largest packers of tuna it comes to your table from kitchens that are models of spotless cleanliness. For the health of your family, and to insure purity, we use WHITE STAR TUNA only.

Here's the Oil that stays oily! ONE marked superiority of Conoco Motor Oil over ordinary oils is that it holds its lubricating body longer. It stays "oily." It doesn't break down and drain off the bearing surfaces. On the contrary, it clings and supplies a constant lubricating film to insure frictionless motor operation. No wonder motorists are getting such wonderful results from this superior motor oil. And it's economical, too. It saves gasoline. Reduces wear and tear. Does a 100% lubricating job. RIDER HURT AT BUHL IN FALL OFF MOUNT

Rodeo Performer Unconscious After Accident; Postoffice Mayor Will Deliver Address

BUHL, July 3.—Special to The News—Billy Watkins, Glenn Perry cowboy, was seriously injured when thrown from a bucking horse this afternoon in the preliminary events of Buhl's three-day rodeo. The rider was rendered unconscious from a blow on the back of the head received in the fall and remained unconscious for more than an hour. His condition was improved late tonight, but he will be unable to participate further in the rodeo.

Two thousand persons witnessed the preliminary events this afternoon while exciting bucking contests, roping and bull dogging exhibitions and bucking steer events. The opening parade of the three-day celebration was held at 1 o'clock this afternoon. The bucking horse string for today's events included 20 mounts, all fresh from the range.

Second Accident Narrowly Escaped

A second accident narrowly escaped a serious ending when a horse fell on one of the riders. The man escaped with minor bruises.

Montana Mary, noted cowgirl, will be among the performers on the rodeo program for the fourth, and will ride in a number of events.

Muggins, a horse which has never been ridden, will try the mock of the riders on the independence day program, which will begin with a parade at 8:30 a. m.

Gen. Hoar, mayor of Postoffice, will deliver the independence day address at 1:30 o'clock on the afternoon of the fourth.

FUNERAL FOR BUHL MAN

BUHL, July 3.—Funeral services were held in the Baptist church here Sunday for Walter Milton Shriver, who died last Saturday evening at his family home in Deep Creek following a lingering illness. The deceased was born in Alton, Kansas, and came to Buhl 16 years ago making his home on the farm west of town. He is survived by his widow, his aged father, A. B. Shriver, who made his home with the deceased, and a daughter and three sons—the daughters are Mrs. Mona Buhl of Pocatello, Idaho, Mrs. Mabel Lindquist of Helix, Oregon, Mrs. Hazel Thompson, Mrs. Dula Howard, Mrs. Ula Hann and Miss Marie Shriver, all of Buhl. The sons are—Clarence, Lawrence, Lawrence Doyle of Buhl. Two brothers, A. B. Shriver of Buhl and P. T. Shriver of Wichita, Kansas, and a sister, Mrs. F. J. Montlake of Buhl, also survive. Services were in charge of Rev. A. C. Lathrop of the Baptist church in which the deceased had been a member for 20 years, and burial was in the Buhl cemetery.

HOLLISTER HOME SCENE OF FAMILY'S REUNION

HOLLISTER, July 2.—A family reunion is being held at the A. M. Larson home this week. Mr. and Mrs. Gayland Larson of Shelby, Idaho, Noel Larson of Long Beach, California and their daughters and son-in-law, Mr. and Mrs. Emmett Schultz of Ashton, Idaho, are all visiting their parents for a week or 10 days.

Mr. and Mrs. Brownmiller and Miss Ruth Agan of Salt Lake arrived Wednesday to visit Mr. and Mrs. B. E. Marouse and family.

Among those who are confined to their beds with ailments are Mrs. E. E. Lawrence, Eyle Weaver, youngest son of Mr. and Mrs. Weaver, R. W. Mort, Jack Pohlman, James Lambert and Nick Schulz.

Mrs. Lawrence and Mrs. Weaver left Richfield Friday to spend the summer at the home of her father, T. R. Shaw, east of town.

Mr. and Mrs. Bert Morse entertained Mr. and Mrs. A. J. Palmer of Buhl at dinner Friday.

Miss Grace Mort and her mother of Murtaugh are visiting at the home of Mrs. Helen—Mort—Hippo to be near their brother and son, E. W. Mort, who is quite ill. He has shown some improvement the past two days.

Mrs. Neale Hazard and Mrs. O. L. MacFarland gave a miscellaneous shower for Miss Iva Simmons Friday afternoon at the home of Mrs. Hazel E. Lawrence. Eyle Weaver, youngest daughter of Mrs. Lawrence, served cards. Afterward a three-course luncheon was served. The score cards and place cards were unique, featuring cards and notes.

The afternoon was spent playing cards. A guest list included Mrs. Bates, Mrs. Criven, Mrs. Lawrence, Mrs. Lloyd, Mrs. Kinsinger, Mrs. Johnson, Mrs. Joe Gertlar, Mrs. MacDonald, Mrs. Bert Johnson, Mrs. Pohlman, Mrs. Bert Paddock of Castleford, Mrs. E. T. Hazard of Hansen and Miss Iva Simmons of Twin Falls. Miss Simmons received many useful and pretty gifts.

Mrs. and Mrs. Ed Kinsinger and children of Salt Lake, who, after spending a week or two in Kimberly, visited Mr. and Mrs. M. N. Kinsinger, and family Friday.

Mrs. Henry Johnson and Miss Betty Craven of Waco, Texas, arrived Saturday to spend a month with Mr. and Mrs. W. F. Craven. They are the sister and daughter of Frank Craven, who met them at Minidoka.

Miss Frances Pohlman returned to her home Sunday from Auca,

IDAHO FALLS EXCITED OVER OIL DEVELOPMENT

IDAHO FALLS, July 3.—C. Bucklin just returned from the Idaho Falls country, reports a great deal of interest being shown in the oil development in that section. Bucklin is one of a group of Burley men who have holdings in the Gray's Lake district. He says that John C. Howard, president of the Utah Oil refinery, and officials of the Midwest Iron, Denver, were in Idaho Falls and spoke encouragingly of the possibilities of the Gray's Lake quadrangle. They say the structures here are uniform and oil indications excellent.

The Midwest, which has taken over the Burley holdings on contract, has geologists in the Elk mountain field making a thorough survey of the district.

The Standard of California, Bucklin reports, is drilling at their completely equipped station near Ririe. They were reported down over 200 feet and temporarily laid off on account of repair work on cement-foundations. County commissioners are building

MINNEAPOLIS INTERESTS INSPECT CASSIA MINE

MINNEAPOLIS, July 3.—E. Walton, in charge of the Big Bertha mine prospect on Connor creek, states that the Bennett interests of Minneapolis, have had a representative view of the property with a look of making an offer. The Big Bertha prospect he says, is very well and the results are attractive to investors.

Walton, who has been working on the prospect for some time, has tunnelled from a point 400 feet below the mouth of an 80-foot shaft, reaching a sandstone vein of gold and silver ore showing some silver. He says he is convinced that there is a mine in the Connor creek district.

He says Jack Cummerford is still working on the old bader prospect on Connor creek. The Connor, between Connor creek and Howell creek, he states is idle in the hands of a caretaker. Much work has been done on the Cumerford, different owners having driven tunnels of 500 feet and 1700 feet in length. Considerable lead ore was uncovered here, showing some gold, and a mill has been installed at a cost of over \$200,000. A power line was built from the Minidoka dam to the Cumerford, costing something like \$50,000. This is the oldest mine in Cassia county, the first ore from the Cumerford having been smelted at the Albion smelter in 1871 by the late W. K. Rice on rawhides. The district is pocket, and some seasonally rich ore has been encountered.

Sisters over the skin

Kipling's famous "Colonel's Lady and Judy O'Grady," who were "sisters-under-the-skin," are sisters-over-the-skin as well in these days when the latest and most authoritative fashion news is available to every woman in the advertising columns of her newspaper.

Today no woman's clothes need proclaim the thickness of her pocketbook. The advertisements which meet the eye of the woman accustomed to social secretaries and liveried chauffeurs, and guide her in her selection of a wardrobe—likewise greet and guide the young lady who earns her own living. And both may be thankful that advertising has forever banished the dowdy, frumpy "female."

Where will the waistline be? Bows at the cuffs, or not? "V" neck or square? How long—or how short? What materials does Paris favor? What colors are "being worn"? Those questions are answered for everyone in the advertisements. And with the answers are coupled the names of manufacturers and merchants who make and sell materials, trimmings, accessories, on which you can rely. For those advertised names are advertised only because they are reliable. Otherwise you would probably never hear of them.

You can follow the advertised styles with assurance—and buy by advertised names with profit

TAX COLLECTION FOR YEAR TOTALS MORE THAN MILLION

Returns Prove Much Better Than for 1927; Personal Delinquencies Are Small; Debts Are Paid Off.

Over \$1,000,000 has been received in the June tax collections so far, with the June collections for 1928, estimated by Carl J. Hahn, Twin Falls county treasurer, as exceeding the December collections amounting to \$704,879, so that the total amount received for both amounts to more than \$1,100,000, leaving a balance of about \$172,000 of the total outstanding amount of \$1,272,000 yet to be collected. This is an unusually good collection. Mr. Hahn stated, and some checks from a distance that were mailed on the last day will yet be added.

Last year the sum was almost the same. The total collections for December, 1926, was \$230,000 greater than the sum received in December, 1927, but that included \$153,000 special district collections which were taken care of by the city this year, so that the collections of the 1927 tax totals better than that of the year before.

Regarding personal tax delinquencies, claims for \$4400 were turned over to the sheriff who has collected and turned in \$204 of the sum named, leaving just a little over \$1000 uncollected.

On July 1, the county paid \$3000 of taxon bridge bonds, reducing county indebtedness to \$74,000. Of this the sum of \$25,000 is in road bonds, \$25,000 in general bridge bonds and \$3,000 in Hanson bridge bonds. The sum of \$3000 will be paid on each of these issues in October, reducing the total to \$49,000.

EARTHART HELD GUILTY ON CHARGE OF BATTERY

Probate Judge Bailey Declares Suspect of Orchard Owner Did Not Justify Attack.

J. D. Earhart, who entered a plea of guilty to the charge of battery on Saturday, was likewise found guilty of the charge of committing a misdemeanor by Judge Bailey.

The trouble resulted from Earhart's suspecting four boys of stealing cherries from trees along a lane or road along his farm. He pursued the boys on the grounds of the gun club and according to the finding of the court, struck two of them. The boys admitted in court that they had been in the orchard and that their car passing the trees and picked a few cherries, though they declared they picked off only a few. Earhart testified that while he did not see the boys take the cherries, he felt sure that they had done so. He admitted striking Cowham and said he struck Scheel but thought he missed him. The four boys testified that he struck Scheel twice. Mrs. Earhart said she saw her husband strike at Scheel once and thought he might have hit him on the head. Mrs. Nina Cowham, mother of Ralph is a witness. She was not a witness in the case. Judge Bailey held that while Earhart may have been provoked by boys taking his cherries, he was not justified in attacking them physically.

NOT ALL NOISE and SMOKE The Fourth of July was not simply designed as a moment of smoky heyday for youngsters. It is an occasion for sober reflection on the matter of Americanism. Not the Americanism that calls for flag-waving, but the deeper fundamental patriotism founded in the hearts of men and in the hearts of their homes. The future of America lies in the homes. The efforts of good Americans must be in the safeguarding and promotion of home-life. A fire-cracker off the old front porch at dawn cannot do this. The spirit of the Fourth of July is a 365-day homage.
