

CHILE AND PERU TO SETTLE OLD DISPUTE ON KELLOGG'S PLAN

Taona-Arica Quarrel, Vexing to Friendly Relations Between Two Nations for Half-Century, Will End in Peace.

(By The Associated Press) WASHINGTON, July 13.—The move under American auspices toward settlement of the Taona-Arica dispute that has vexed relations between Chile and Peru for nearly half a century came to its fruition today with announcement by Secretary Kellogg that both governments had accepted his suggestion for restoration of diplomatic relations between them.

While the commonwealths exchanged with the American secretary make no specific mention of the Taona-Arica problem, it is Mr. Kellogg's hope that the two governments will be able to direct negotiations to solve the dispute that has thus far defied both arbitration by President Coolidge and diplomatic mediation under the American secretary's good offices.

Makes Note Public both Mr. Kellogg's tentative notes of the settlement of the Taona-Arica dispute, will be settled by common consent.

President Coolidge hears of settlement in routing superior, Wis., July 13 (AP)—Complete success in his efforts to induce the governments of Chile and Peru to resume the diplomatic relations between them which they interrupted 17 years ago was reported today by Secretary of State Kellogg.

Further communications from the two governments today, announcing Germany's unconditional acceptance of Secretary Kellogg's draft for a multi-national commission to investigate and press a favorable reply from France by the end of the week, Secretary Kellogg said today that the incidents in the early communist era such as anti-war covenant.

In addition to the progress already made, Secretary Kellogg said today, President Coolidge is hopeful that in view of late developments in China a settlement of the question will be there which will warrant American recognition.

President Coolidge is greatly gratified by the success of Mr. Kellogg's initiative in both his South American endeavors and in his efforts to consolidate peace in the world.

The administration's policy regarding the recognition of a government, Secretary Kellogg said today, is to be able to represent a united nation with jurisdiction over its territory and the right of extending effective protection to the lives and property of American citizens.

Mr. Coolidge is hopeful that such a situation may occur, although final indications have not been brought to his attention that the National government in China is able to fulfill all the requirements set down.

The very encouraging progress reported today by Secretary Kellogg regarding the anti-war treaty confirms the former's belief that the pact will be ready for final ratification by the Senate.

RAIN KEEPS HEENEY IN CAMP QUARTERS

Challenger—Good-Natured—and Care-free, Mingles All Day With Newspaper Reporters.

FAIRHAVEN, N. J., July 13 (AP)—Rain, persistent in its downpour but retreating to the countryside, forced Tom Heeneey to suspend all training under covers but he went for a mile run over the roads this morning.

When he returned to his camp, the rain had set in and Heeneey did not leave his quarters until dusk.

The challenger for the world's heavyweight championship, good natured and care-free, mingled all day with newspaper correspondents and visitors, spending most of the time in a big rubber chair on his screened porch, while outside the rain came down in a drizzle. He would away the time joshing with everybody and reading letters from admirers in England, New Zealand and Australia wishing him success in his title engagement with Gene Tunney, of Hollywood.

Heeneey, satisfied with his condition, seemed glad of the opportunity to loaf. He will swing back into the training routine tomorrow, boxing again, and might instead of the afternoon to escape working in the Southern California heat.

Heeneey was hit today by a drenched 15-year-old boy, who walked and begged rides from Elizabeth, New Jersey, 40 miles away, in search of the younger brother who ran away from home to see the challenger work out. The youngster was Donald "Morty" Wheeler, apparently took him in charge at once, ordering him to bed while his clothes were dried and, otherwise made comfortable.

PLANE RESCUES TWO MORE MISSING MEN IN ARCTIC TRAGEDY

(Continued From Page One)

is a matter of honor for the navy and the nation that Dr. Finn Malmgren's body should be recovered and brought home aboard a warship.

The minister of war has telegraphed the leader of the Swedish expedition at Spitzbergen ordering him to search for the body and that other members of the expedition not required for this purpose may return to Sweden.

It is explained there is no intention to send warships to search as no warships are fitted to force through the ice, but that if the body is found by the Krassin, or otherwise, it could be transferred to a Swedish warship in a Norwegian harbor. The chances of finding the body now, after a month of searching on the ice, are small.

Swedish press declares that public opinion will require from General Noble a clear report of what really happened to his expedition. They complain of Noble's secretiveness and ask whether he was keeping silence to see if any foreigners of his expedition would be rescued.

WEEK IN WOOL QUIET: TONE OF MARKET GETS BETTER; MOHAIR FIRM

BOSTON, July 13 (AP)—The Commercial Bulletin tomorrow will say: "The week in wool has been extremely quiet, but the tone of the market is better in consequence of the strength in the London sales, which has exceeded expectations. Foreign markets are firmer for the same reason. In the West very little has been done in the wool market. The manufacturing situation still is satisfactory, but some improvement is expected in dress goods and the mills are increasing their stock buy on old contracts. Mohair is firm with demand moderate."

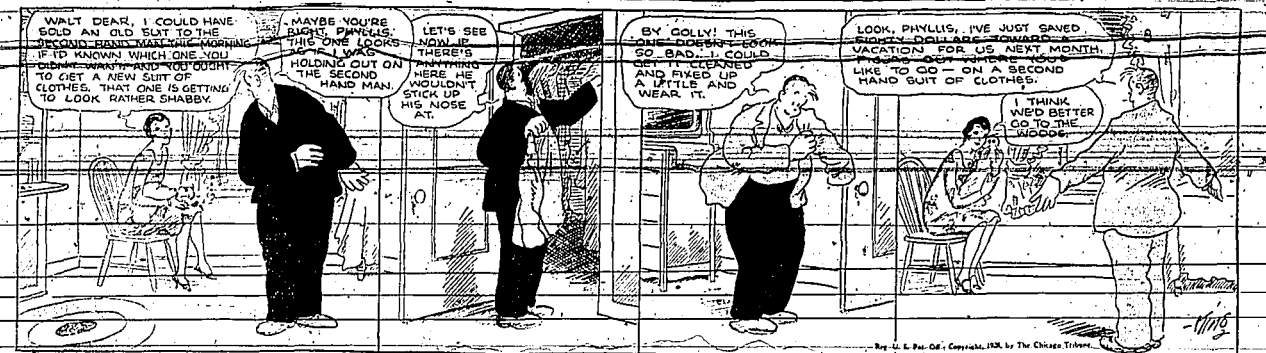

The rail and water shipments of wool from Boston from January 1 to July 1928, inclusive, were 87,944 pounds, against 89,970 pounds for the same period last year. The receipts from January 1, 1928, to July 12, 1928, inclusive, were 197,645.50 pounds, against 194,271.50 pounds for the same period last year.

Bulletin Quotations: The Commercial Bulletin will publish the following wool quotations tomorrow: Ohio and Pennsylvania fleeces: Delaine unchanged, 68c to 69c; half blood combing 56c to 58c; three-eighths blood combing 55c to 56c; quarter blood combing 55c. SCHOOL ON WHEELS FOR DAIRYWOMEN HERE

Demonstration Train Operated by University and Railroad Brings Improved Program

On a tour of 26 southern Idaho towns, the dairy demonstration train operated by the Union Pacific system and the College of Agriculture of the University of Idaho will arrive at Twin Falls this afternoon.

Eleven cars carrying a complete exhibit covering practically all points of the dairy industry comprise the train which is really a school on wheels. It carries and covers the care of dairy cattle and the proper handling of milk and cream. There are models of the best types of barns, sheds and stalls, and displays showing the latest and sanitary types of milking and dairy equipment.

Several other cars on the train carry live exhibits. Some of the best cattle in Idaho are on exhibit on the train, graphically illustrating the increase in milk and fat production through best management by the use of registered sires, cutting out the culls and low producers and by improved feeding methods.

It is a valuable train as a college of dairy experts who are glad to advise any questions and will be glad to explain the various points of the dairy industry. Prof. F. W. Atkeson, head of the dairy department at the university, will be in charge of the high quality products. C. G. Higgins, state supervisor of dairymen, will be in charge of the dairy products. The train will arrive at Twin Falls at 2:30 p. m. and will leave at 4:15 p. m.

Willie Willis

BOBBY CULLLEN

Willie Willis, 17-B at Kimberly was illegally so interally affected by the construction of a spud cellar in the town of Kimberly. Willis is plaintiff and the firm of Brown and Savage, principal defendants. Willis, Turner and Brown are being made parties to the action. The rural company claims that in order to construct a potato cellar, Brown and Savage diverted lateral water from the town of Kimberly that otherwise would have been used for irrigation. Willis claims that the diversion of water would cause loss and cost in the sum of \$1130, it was contended.

The main defendants asserted that the title of the property lies in Turner, and that the cellar was constructed and lateral built with his consent and advice. They deny that the situation relative to water and lateral drainage differs in any way from that of other similar cases for more than five years, and deny claims of the company as to necessity for the lateral in consequence of any action taken by them.

Mr. Turner agrees with the last defense of the firm, but says that the lot on which the changed lateral was constructed was bought from him under contract, title on which was payment check \$130 has been made, and that he is in no way responsible for the construction of the cellar or the change in the lateral.

Norma, Willis' daughter, is charged with assisting in the lateral existing. The defense will offer evidence this morning.

ROAD BUILDERS CAMP ON JEROME HIGHWAY

Subcontractor With Outfit of 10 Teams to Begin Early Work on Road to Bridge

With an outfit of 10 teams Homer Bundy of Montpelier, subcontractor, will begin construction of four miles of highway south from Jerome toward the Twin Falls-Jerome bridge, under contract lately awarded by the state department of public works to D. J. Cavanaugh, Twin Falls.

Mr. Bundy lately completed construction work on the Sawtooth highway south of Rogerson under contract awarded to C. A. Robinson, Twin Falls, and last week moved a part of his outfit in two freight cars to Arton, Wyoming, to begin construction of eight miles of road in the Star valley region north of Cokeville, Wyoming, under a federal aid contract awarded to Mr. Robinson.

Road construction work south of Jerome under the contract awarded to Mr. Cavanaugh will carry the improvement to the temporary road built by the bridge company extending north and west from the bridge for about four miles. The state has indicated its purpose to fill the road between Jerome and the bridge when the bridge company completes construction of the bridge.

There has been no recent evidence of activity on the part of the company in this direction.

The Weather

FORECAST FOR TODAY - FAI

Friday's maximum temperature was 32 degrees and the minimum for the same 24-hour period was 64 degrees, giving a range of 32 degrees. On Thursday, the maximum was 36 and the minimum 50, and the range 36 degrees. About 4 o'clock yesterday afternoon a brisk wind storm blew up which sent pedestrians scurrying to the nearest buildings to avoid the gusts, which resulted.

SALES MANAGER ON TOUR IN AIRPLANE

St. Louis Man, Delayed by Fog and Forced Down by Gas Shortage, Lands at Airport.

Delay of two hours in the Cascade mountains around Mount Hatcher, resulted in a shortage of gas which compelled Edward R. Coyle, general sales manager of the Amesbury Shush company and his pilot, Joseph Hammer, to land abruptly evening at Lonedale, near Arton, Idaho, instead of Twin Falls, as planned.

The men were seriously contemplating stopping somewhere on the prairie when they saw the field here. A short time before in passing near a prairie where they figured on stopping, but decided to proceed some farther.

The trip in the big five passenger Ryan cabin monoplane, an exact duplication of Lindbergh's second plane, has covered the entire nation, going east from St. Louis, then south and finally to the west. When the plane reaches St. Louis next Thursday it will have visited every distributing center for the company in the United States.

On Way Homeward

Mr. Coyle went from here to Ogden yesterday to visit the distributing center in charge of Blintz and Company there and will look over the Utah and Wyoming country, proceeding, however, in time to reach his destination Thursday.

Mr. Coyle was accompanied by those who read of the landing yesterday morning, drove out to see the plane land under way, propelled by its 225 horse power Wright "Whirling" motor.

After stepping off a long distance, papers were laid down to indicate the point of resting from the ground. The visitors wondered if the machine would make it at the point indicated, but it did, and the first high power airplane to visit Twin Falls sailed away to the eastward.

FUNERAL SERVICES HELD FOR LOCAL SCHOOLGIRL

Norma Willis, nine-year-old daughter of Jess Willis, 520 Main avenue south, was laid to rest Friday afternoon in Twin Falls cemetery following funeral services at the Grossman chapel at 2:30 p. m. Services were held under the direction of the Latter Day Saints church. L. G. Peterson, man, president, and J. W. Richards gave the funeral address.

Two vocal duets, "Sometime, Somewhere" and "Sometime, Well Understand," were sung by Mrs. Ellis E. Bjorling and Mrs. Claude Brown, Mrs. Norma Willis' mother. "You Sweet Little Rosebud Has Left You," Miss Geneva Hobbs was soloist.

Flower girls, schoolmates of Norma, were Lavon, Gretchen, Geraldine, Florence Craig, Hattie Hines, Louise Arrington and Jeanne Miller. Mrs. Peterson was organist. The choir consisted of Sadie Larkins, Mrs. Edith Costerton and Miss Wilda Cameron.

Norma was a student at Gooding school. She is survived by her father and a brother, Chester, 15.

YOUTH WILL GIVE ORATION

An original oration, "Our Obligation to the State," is to be delivered at an indoor meeting at 7:30 p. m. Monday morning at the Twin Falls Christian church by Howard Patrick, son of Mr. and Mrs. W. A. Patrick, Long Beach, California, former Twin Falls resident who are here for a visit. Mr. Patrick recently won a \$25 prize with an oration in a recent contest in Long Beach.

MORMON APOSTLE HERE FOR QUARTERLY MEETING

Melvin Ballard, apostle of the Mormon church representing the general authorities at Salt Lake City, arrived in Twin Falls late last night to attend the quarterly conference of the Twin Falls stake of the Latter Day Saints church which begins at 10 o'clock this morning.

Services will be held at 10 a. m., 2 p. m. and 7:30 p. m., today and Sunday. Today's conferences will be held in the ward chapel, while Sunday's meetings will be held in the auditorium of Twin Falls high school.

Group conferences of the Sunday school, Mutual-improvement association and Primary associations will be held in the afternoon.

The public is invited to attend the services on Sunday.

COXEN - At 10 o'clock this morning, funeral services will be held in the Christian church for O. G. Coxen, who died at his home on Blue Lakes at 5 o'clock Monday evening following a brief illness which developed into pneumonia. Rev. C. Curtis will conduct the service. Burial will be in the Twin Falls cemetery.

ASKS FOR MILLION FOR SAVING SOULS

Pocatello Negro Minister Here in Furtherance of Evangelistic Campaign.

A million dollars to save a million souls is being sought by Rev. A. A. Banks, colored minister of the First Baptist church of Pocatello, secretary of the national Baptist evangelistic board, who arrived in Twin Falls yesterday to spend some time here in furtherance of that undertaking. The campaign to raise the million was launched last May when one million persons will give 20 cents annually for five years, or if some philanthropist will give the million dollars for this cause, it will be worth more than all the inventions of the last quarter of a century," the minister stated.

JARBIDGE GRADE ALMOST PROVES FATAL TO MINER

When his brakes failed to function properly while negotiating the steep Jarbridge grade on July 5, Nick Podora, 40, was killed in the first of two days. A large turnout is expected at Twin Falls during the three-hour stop.

The long, steep Jarbridge grade, upon which accidents are miraculously few and far between because its winding, narrow, rocky sides are so steeply graded, nearly claimed a victim Thursday afternoon in Nick Podora, 40-year-old Austrian miner, who was driving into the northern county gold camp in search of employment.

Podora got out of control when the brake functioned poorly, began to slip and the machine was forced over the side of the 40 per cent grade and rolled half way to the bottom of the canyon below. Podora sustained a broken collar bone, broken breast bone, two broken ribs, a bad cut on the head and severe laceration of the hands.

A telegram received from Justice of the Peace Slater of Jarbridge indicated Sheriff Harris that Podora was returning to Jarbridge from Betty O'Neill, who has been confined until recently. The injured man has no friends to aid him nor money to assure his recovery and Jarbridge officials are bringing him to this city for treatment in the general hospital. Podora has lived in the United States 28 years.

Sheriff Harris will go to Jarbridge within the next few days and will return Podora with him to Elko if he is in condition to travel. A surgeon at Jarbridge is now caring for the patient until he can be transferred here.

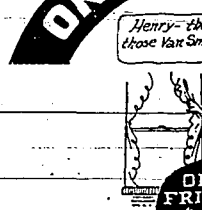

Despite the steep and tortuous turn the Jarbridge road has claimed comparatively few victims, but when cars go down the road and crash to the ravine below the results usually mean death. Podora was fortunate in escaping with his life.

BOY PLEADS GUILTY TO CHARGE OF BURGLARY

Leo Jewett, in district court here yesterday entered a plea guilty to the charge of participating in the burglarizing of the Hahn Mercantile company store at Hollister some time ago. Judge A. J. Babcock took the matter of sentence under advisement until Monday.

ROAD BUILDERS CAMP ON JEROME HIGHWAY

Subcontractor With Outfit of 10 Teams to Begin Early Work on Road to Bridge

With an outfit of 10 teams Homer Bundy of Montpelier, subcontractor, will begin construction of four miles of highway south from Jerome toward the Twin Falls-Jerome bridge, under contract lately awarded by the state department of public works to D. J. Cavanaugh, Twin Falls.

Mr. Bundy lately completed construction work on the Sawtooth highway south of Rogerson under contract awarded to C. A. Robinson, Twin Falls, and last week moved a part of his outfit in two freight cars to Arton, Wyoming, to begin construction of eight miles of road in the Star valley region north of Cokeville, Wyoming, under a federal aid contract awarded to Mr. Robinson.

Road construction work south of Jerome under the contract awarded to Mr. Cavanaugh will carry the improvement to the temporary road built by the bridge company extending north and west from the bridge for about four miles. The state has indicated its purpose to fill the road between Jerome and the bridge when the bridge company completes construction of the bridge.

There has been no recent evidence of activity on the part of the company in this direction.
