BRITISH COMMENT ON DELAY IN REPLY TO KELLOGG'S NOTE

Necessity of Communication With British Dominions Given as Reason for Tardiness by Sir Austen Chamberlain.

(By The Associated Press) LONDON, July 16.—The British reply to Secretary Kellogg's outlay of war pact proposal will be given the American charge d'affaires Wednesday.

Criticism. Home Secretary General liberal newspapers today editorially criticized Sir William J. Byrd, secretary for a speech made over the week-end in which he said: "We desire to appeal to the great United States of America to place alongside that of other nations, and say to them 'We are signing the pact at your request, yet we understand you are increasing your armament. I believe we are entitled to comment quite respectfully and in a friendly way and say America and to the whole world that needs speak stronger words'."

TREATY ACCEPTABLE.—WASHINGTON, July 16.—(AP)—The treaty is acceptable to the United States, Kellogg's treaty for the recognition of war as originally submitted last April, has found the home secretary's remarks indicated his ignorance of this and could only stir up hostility.

# THE SPORTS OF A DAY

## CUBS BEAT PHILLIES BY SCORE OF 10 TO 5

Chicago Team Runs Streak of Victories To Seven Straight by Defeating Philadelphia.

CHICAGO, July 16 (AP)—Behind steady pitching by Sheriff Blake and the heavy catching of Kirt Custer and Fred Maguire, the Cubs defeated Philadelphia again today and ran their winning streak to seven straight games. The score was 10 to 5.

The score—R. H. E. Philadelphia 5 9 1 Chicago 10 11 4 Batteries: Miller, Willoughby, Lennon, Walsh and Larian; Blake and Hartnett and Gonzales.

NEW YORK 3, CINCINNATI 2 CINCINNATI, July 16 (AP)—The Giant won the third straight game from the fast-slipping Cincinnati Reds today but had to go to 10 innings to do it. The score was 3 to 2.

ST. LOUIS 7, BROOKLYN 6 ST. LOUIS, July 16 (AP)—Jim Bouton's double, followed by a single by Andy High and coupled with an error by Farnette in the ninth inning, enabled the Cardinals to defeat Brooklyn in the third game of the series today, 7 to 6.

ELECTRICIANS' BEAT POSTAL BALL SQUAD

Powermen Take Opening Game of Twilight Series by 3 to 2 Score—Schedule Is Revised.

Before a crowd of 500 fans, the Electricians handed the Postoffice nine a 3 to 2 defeat in the opening game of the revised Twilight baseball league scheduled at the city ball park at 6:30 o'clock Monday afternoon.

Sturgeon took the mound for the Mailmen with McNamee on the catching end, while the Electricians' battery included Ditch, Dingle and Robertson. The Postoffice netted two runs from seven hits and the Electricians scored three runs out of nine hits. Both teams were charged with an error. The game went five innings.

Last week two of the three games scheduled were played, after which withdrawals necessitated a complete revision of the league schedule. The Winchester store defeated the Postmen in the first encounter and the Idaho Department store trounced the Electricians in the second. The third game failed to materialize.

Following the withdrawal of the Warehouse nine, Hansen entered the league only to withdraw shortly after. Hansen is being replaced by a team from the Troy laundry in the present schedule which follows:

- July 16—Post Office vs. Electricians. July 18—L. D. S. vs. Winchester. July 20—Troy laundry vs. I. D. store. July 22—Winchester vs. Troy laundry. July 27—Electricians vs. L. D. S. July 30—I. D. store vs. L. D. S. August 7—Post Office vs. Troy laundry. August 3—Winchester vs. Electricians. August 6—Post Office vs. L. D. S. August 8—L. D. store vs. Winchester. August 10—Troy laundry vs. Electricians. Games will be played every Monday, Wednesday and Friday at 6:30 p. m.

CAPIES—MADE OF TOWELLING FABRIC—Effective bath cap for the bathing beach, are made of printed towelling in the flowered patterns which resemble cretonnes. The collars and cuffs are of plain white towelling or plain cretonnes in bright colors.

## CHICAGO WINS TWIN BILL FROM BOSTON

White Sox Take Opener by Score of 4 to 0; Second Result Is 9-1; Clever Pitching.

BOSTON, July 16 (AP)—Chicago heavy batting and the clever pitching of Frier and Blankenship combined to let the White Sox win both games of a double-header from Boston today, 4 to 0, and 9 to 1.

First game—R. H. E. Chicago 4 12 0 Boston 0 7 0 Batteries: Frier and Crowder; Ruffin and Hoffmann and Heving.

Second game—R. H. E. Chicago 9 17 1 Boston 1 7 1 Batteries: Blankenship and Crouse; Harris, Simmons and Berry and Heving.

NEW YORK 7-6, CLEVELAND 3-2 NEW YORK, July 16 (AP)—The Yankees made it four straight from Cleveland by winning their second consecutive double-header from the Indians today. The scores were 7 to 3 and 0 to 2.

First game—R. H. E. Cleveland 3 13 0 New York 7 11 1 Batteries: Dayne and L. Sewell; Pipiras and Orabowski and Bengough.

Second game—R. H. E. Cleveland 0 9 0 New York 6 12 3 Batteries: Johnson and Bengough; Huth, Harder and Mehl.

PHILADELPHIA 3-6, DETROIT 2-11 PHILADELPHIA, July 16 (AP)—The Athletics divided a double-header with Detroit here today, winning the first 3 to 0 and dropping the second, 11 to 6.

First game—R. H. E. Detroit 2 8 0 Philadelphia 3 10 1 Batteries: Smith, Sorrell and Woodall; Quinn and Cochran.

Second game—R. H. E. Detroit 11 14 0 Philadelphia 6 7 1 Batteries: Whitehill, Van Citter and Litzinger; Exum, Walsh, Buzak and Felix.

ST. LOUIS 4 WASHINGTON 2 WASHINGTON, July 16 (AP)—Crowder won his eleventh game of the season today when the Browns took their third straight from Washington, 4 to 2, in 10 innings.

The score—R. H. E. St. Louis 4 10 2 Washington 2 8 3 Batteries: Crowder and Manion; Hadley and Ruel.

## BASEBALL "BIG SIX"

(By The Associated Press) Although the American league ball of "the big six" was given the opportunity of showing its metal by the double-header route yesterday it was the National league which supplied most of the action. The leader, Rogers Hornsby, did little, getting only one hit in three times at bat and dropping a point in his average. Paul Waner, second place holder, made a valiant attempt to overtake the rank by hitting safely three times in three official times at bat, while the Pirates were trimming the potent still left him at .271, far below the leader. In the American league half times were quiet but a change in the role of walker rather than hitter while the Yankees were winning a double-header from Cleveland, having only six official trips to the plate and getting but one hit, his thirty-fifth home run of the season.

## BATS ARE SPLINTERED

## WHEN STOREMEN MEET

Winchester Store Takes Chicago Game From Idaho Department Store Nine; Score 10 to 9.

Bats were splintered in a hard-fought game between the diamond stars of the Winchester and Idaho Department store teams in a game which went to the hardware store-

At the end of the sixth inning, the victory led by a margin of 2-0 runs, the score being 6 to 2. In the next two innings the Idaho team tied the game at 9-9. During the first half of the ninth, the department store men advanced to a 10-9 lead, checked up another hit. During the last half of the ninth, the department store men advanced to a 10-9 lead.

Batteries were Erwin, Parkson and Tomp for the department store, and Cain and Taylor for the Winchester.

"Although I'm not a doctor, I've figured out that this toasting process really does take out the stuff that hurts the throat. Here's why. No other cigarette is as easy on the throat as Luckies. It's as simple as A. B. C. to me. I know because I smoke them." "It's toasted" That's your pleasure—your protection!

CHURCH SURVEY IN TWO STATES SHOWS CRIME ON INCREASE

Apostle Ballard Preaches on More Obedience to Law and Increase in Religion to Offset Criminal Wave.

That a survey of Utah and Idaho conducted by the authorities revealed an increase in crime in the United States is influenced by great wealth, that increasing crime is due to lack of self-control, and that juvenile law violators are on the increase were statements made Sunday evening by Apostle Ballard...

At the afternoon meeting in the high school auditorium Apostle Ballard spoke on "The Goal We Are Working For." At the morning session...

In his address in the evening Apostle Ballard said in part:

"During the early spring the extreme lawlessness was brought to the attention of the authorities of the church. I never have seen the president of this church so concerned with crime as when the official came to see him about the question. They made a survey of Utah and Idaho. I remember one of the newspapers of Lake City asked the question, 'Is it possible that such a situation does exist?' The answer is 'Yes, it is true and everybody knows it.' I confess to you that there is growing in the United States a contempt for law because of the various cases we notice the government convicting."

People Hold Remedy "Grand juries are influenced by men of great wealth, it is said, that you cannot convict a million dollars in the United States. This is going to be our campaign for the coming year. We have no disposition to discredit our country and raise a cry against a supposed condition that does not exist. But we are determined to find a solution of the problems that exist in the hands of the people after all. Since we are not in a monetary power and authority is in the hands of the people and it is to them we are making an appeal. We must make it clear that no law can be made unless the people consent to it."

"Lawlessness is the natural tendency after a period of prosperity. It is also true a man. After prosperity comes the time of indigence. I have seen many men who were caught in their actions, their attitudes, etc., until they became rich. They bribe lawyers, jurists, etc. And do things that they would never do if they were poor. When the time of peace and prosperity comes, the law is broken. The power of self-control will soon lose the power of civilization."

High Cost of Crime "Here are some compiled statistics that have been obtained in the last year: In this country there was taken at the rate of a million, \$250,000,000 in violation of the law of man and of God, how long will it be until no man can walk in safety. From the cities of this country there was produced in handling stolen goods of \$5,000,000,000. And again there was a loss in consequence of trust in employees of approximately \$1,000,000,000. The rates have increased in insurance for the employes who are to hold positions of trust to the cost in the last five years. This makes a total loss to the United States of \$2,000,000,000."

"In the constitution it says man may pursue life, liberty and happiness. It is not admitted to you to realize that if it keeps on we will soon have a country with all the savagery of an uncivilized country. No safety in the United States. There were 10,000 murders in the past year—a ratio of 10 times that of England. The cost of crime is greater than the cost of the United States government for last year. What was the strength of the government in the beginning. Its besting was that a greater part of the people obeyed the law. Yet now every sixth person is making the law, 30 percent of the crimes committed and done by people under 21 years of age. Under a test given some time ago 64 percent of the school children proved to be dishonest. Children were sent to a grocery store to purchase an article. The cost of the article was 25c, listed as such in the store, but the grocery man was told to only charge 20c for the article and give the child back the nickel. In 64 cases out of 100 the child kept the nickel. Are we raising a race of dishonest children? You can easily make the end of the matter. Pledge to uphold the law."

Bride of Millionaire

MRS. CORNELIUS VANDERHILL, formerly Mrs. Waldo Logan, of Chicago, who, with her millionaire husband, is en route to New York on an automobile honeymoon.

be dishonest. Children were sent to a grocery store to purchase an article. The cost of the article was 25c, listed as such in the store, but the grocery man was told to only charge 20c for the article and give the child back the nickel. In 64 cases out of 100 the child kept the nickel. Are we raising a race of dishonest children? You can easily make the end of the matter. Pledge to uphold the law.

"When men and women have set their hearts upon the world offers in the way of pleasure and ease, they will get it in a proper way. They will steal it. Human life has been taken to make money to buy what we want. Human life does not stand in the way at all."

"Sixty per cent of the people of the United States have not affiliated themselves with any church, do you wonder at the lawlessness when people have put God out of their lives?"

"We stand pledged to uphold the officers who are upholding the law. We are ready to support them. When officers are elected—support them."

"The question was asked, while I was in South America, 'Why is it that North America, discovered long after South America, has advanced in civilization much more than South America?' The answer is that the discoverers of South America went in search of gold, while the discoverers of North America went in search of God. It is the high standards maintained between the people, the security of the law, it is the security of the law that has led to Latin countries that puts them so far behind in civilization. Awaken in each one of you a desire so that you will want to do something for it."

SPEAKER ATTACKS SMOKING

BOISE, July 16.—(By Filippin) "The discovery of a selected group of utilities in the United States, but their mental powers through excessive use of cigars, declares Miss Helen Byrnes, western field representative of the Women's Christian Temperance Union, in an address before the summer session here today. Miss Byrnes assailed moving picture actors and prominent athletes for indulging in their man-made vices in promotion of cigarette sales."

Soot by the Ton

"Tangible evidence as to the magnitude of the soot problem has been gathered by weighing the annual fall of soot in several large cities. In the district of ten centers observed recently, it was found that 731 tons of soot and dust fell a square mile of the year, while in the cleanest community, the deposit was still tons a square mile.—Gas Progress."

Odd Ornaments in Parks

In many of the public parks and private gardens of Europe figures of animals and queer birds, turtles and frogs are interwoven with quaint little stone-like figures, all arranged in terra cotta. The figures are placed in various positions among the flowers and shrubs and resemble little fairy traditions of fairy tales.

Good Nature

That inextinguishable nature, which is itself the most precious gift of heaven, spreading itself all over the world sea of thought, and keeping the mind smooth and capable in the roughest weather.—Washington Irving.

Test in Temptation

Temptations are a file which rub off much of the rust of self-confidence.—Fletcher.

ARKANSANS CATCH AT HANSEN PICNIC

Stories of Old Times in Native State, Community Luncheon, and Ball Games on Program.

HANSEN, July 16.—Nearly 300 former residents of Arkansas gathered for their first annual picnic and reunion in the Hansen park Sunday. As the crowd gathered small groups collected here and there to discuss old times and to relate experiences "back in Arkansas." Old time fiddlers and banjo artists entertained with familiar tunes. At noon, the Arkansas street in a community picnic lunch.

Eller defeated Hansen, 10 to 3, in the baseball game which was scheduled for 1 o'clock. Following the game, the Arkansans voted to make the picnic an annual affair. The committee in charge was Russ Calico, Cico Calico and Fred Walker.

Warehouse Nears Completion Workmen have completed the roof and are putting on the galvanized iron siding of the new warehouse under construction for the Independent Warehousing company. H. L. Walker, manager of the company, states that the building will be ready for occupancy in one week or any organization which wishes to use the building for any type of carnival, dance or entertainment, free of charge.

Merrill M. Zuck, manager of the Hansen service station, has finished moving his stock to the new station completed recently. The old building is being moved 100 feet south and will be equipped for a tourist cabin. Visit From Oregon Mr. and Mrs. R. W. Herrick arrived from Ogden Sunday to visit at the home of Mr. and Mrs. Elmo Kerr.

Fred Kopp returned Friday from a vacation trip to Blaine, based in the Stewart range. He reported that fish were plentiful and brought back a large salmon to show his Hansen friends. Mrs. Lulu E. Kerr and Mr. and Mrs. Claude E. Long returned to their homes in Pomeroy, Washington, Friday after visiting here with Mr. and Mrs. Elmo Kerr.

Small Boy's Desire For Bonfire Causes Father to Lose Hay

Desire of a small boy to see a bonfire about 1 o'clock Sunday afternoon, necessitated a run by the Twin Falls fire department to the ranch of E. E. Neizer, two miles south and three-quarters of a mile east. Donald, three-year-old son of Mr. and Mrs. Neizer, set fire to the hayrack and it started west wind threatened to carry the flames to the house.

Firemen pumped a stream of water from a nearby irrigation ditch and extinguished the flames. Loss was estimated at nearly three tons of hay cutting hay. About one month ago, the boy set fire to the wood box which scorched a door casing before it was discovered.

New Evidence Points Toward Lost Valley in Black Desert

BY LEV SWEETSER There is a lost valley some place in the former wastes of the Black Desert, or Wapiti lava flow east of Minidoka? A valley with running water, cottonwood grove, and gravel rich with iron, copper, and silver.

My recent story about the Indian trail across this desolate lava flow in the News has aroused some comment amongst old time folks who have heard riders of frontier days tell of the hidden valley. Here is a contract from a letter written by a man in Rigby.

"I have made one trip into the Black Desert country you were talking on, and know of what you write. My father is an old timer in this country and knew the men, such as Mexican George Hedges and rode the range with him for three years. He also knew 'Lias Brown' 'Old Man' Lash very well, and knew 'Sunset' and knew his last name. Mexican George told father many times urged him to go into the Black Desert to the valley and search for gold which he thought was there. A living oasis concealed some place within the confines of this dump heap of lava flows from a continent in the making. I think it's there. But if it's there, how can we go about to find it?"

Stories of this hidden valley differ in some points however they all agree. There is running water in the place a grove of cottonwoods, and gold. Gold, they say, from volcanic vapors, platelets in the gravel.

There may still be some living man who knows the entrance. Or who can get the secret from some old Indian. I shall be glad to receive, and tabulate, any statement that might seem to help locate the entrance to this valley, especially with reference to some of the men who were Wapiti butte. These statements I will preserve, so that they may be available to any explorers wishing to try into the secrets of the Black Desert.

I believe the sunken valley's there. I heard it spoken of and described too many times, in early days, for it to be a myth. No easy place to find. Searchers within the desolate silence of the almost impenetrable fastness of hundreds of square miles of jagged and cracked and tumbled lava. A living oasis concealed some place within the confines of this dump heap of lava flows from a continent in the making. I think it's there. But if it's there, how can we go about to find it?"

CASSIA SUPERINTENDENT RETURNS AFTER VACATION

BURLEY, July 16.—Marguerite Buchanan, county superintendent, has returned from a short vacation at Kimberly and Poca, Idaho. She also found the "Black Smelling" in community superintendent at St. Anthony. She states that the outstanding feature of the meeting were the various demonstrations and discussions on the new reading and adaptations for the state district schools.

SOCIETY AND CLUBS

Edited by Mrs. E. B. Williams Phone 336

Members of the Morningdale club, their husbands and families, met Sunday at the country home of Mrs. C. Dickey, president, for their annual club picnic. Luncheon was served on the lawn in the old-fashioned building. The picnic was a general social time for the grown-ups and out-door games for the children. Mr. and Mrs. Ray Cochran and family were guests. Mrs. Cochran being a member of the club before they moved to the North Side to make their home.

Complimenting her sister, Miss Louisa Christensen, and her niece, Miss Marjorie Sorenson of Ogden, Mrs. Fred Maurion entertained with two tables to bridge Sunday evening at her home on Sixth avenue east. Prize-for-high score was won by Mrs. Phillips and low by Mrs. Webster. The rooms and tables at which a two course supper was served after the games was attractively decorated with sweet peas. The guests in addition to the guests of honor, were Mesdames Nelson, Higbee, Phillips, Rogers, Webster and Miss Harder.

Mrs. Reese Williams was hostess to

the P. G. S. Club Friday afternoon at her home on Eleventh avenue. The usual social time was enjoyed after which Mrs. Williams, assisted by her daughter, Mrs. Mesdames Williams, served refreshments. The meetings of Greeley, Colorado, visiting her daughter, Mrs. H. H. Hedstrom was a club guest.

Mrs. R. L. Roberts and Mrs. Ida C. Dickey, president, were present at the complimentary to Mrs. Della Ames of Ontario, California. Luncheon was served at the home of Mrs. Dickey on Ninth avenue east, at four small tables with centerpieces of pastel sweet peas, crystal bouquets, other decorative details were in harmonizing shades. The games were played at the home of Mrs. Roberts on Eleventh avenue east. Mrs. C. A. Terhune winning the lotto for high score and Mrs. C. M. Oberholzer, Mrs. Carr, E. J. Hall, L. F. Holt, T. Peterson, E. M. Daven, Henry Daven, Miss Mary Catherine Terhune, Miss Ellen May Oberholzer and Miss Louise Scholdo, all of Burley and Mrs. Nelson, of Arizona, guest of Mrs. Rosenzweig.

BIG RECEIPTS LOWER QUOTATION ON GRAIN

Closing Prices on Bread Central Unsettled; Corn Off-Grade Dropped; Provisions Unchanged

CHICAGO, July 16 (AP)—The receipt of new harvested winter wheat, together with favorable spring wheat prospects, led in some cases today to lower prices for grain.

Canadian advices pointed to likelihood of a record-breaking crop. Closing quotations on wheat were unsettled, but wheat futures here dropped to a low, and provisions unchanged to a rise of 2c.

With the chief terminals in the West region of the Southwest reporting that receipts of wheat today totaled 2008 cars against 1286 cars a year ago, wheat values here dropped early to below any level which September of December deliveries had previously reached in 1928.

Some reports of black rust damage appeared negligible.

### ZONING PUT UP TO BUILDING INSPECTOR FOR ENFORCEMENT

### Twin Falls City Council Makes Specific Terms of Commissioner's Recommendations for Regulation of Building.

Enforcement of Twin Falls zoning ordinance which is to regulate construction and the building within the city is to be the duty of Twin Falls building inspector. It was agreed by members of the city council last evening, at which the ordinance was read for the first time. In conformity with a prior agreement, the council will take no further definite action with regard to the ordinance until it has been read twice more at successive council meetings.

Twin Falls has not had for some years a municipal building inspector, and has not now, but it was indicated by the council in connection with the zoning regulation, may be passed on July 20 or 21, the city's services.

**Some New Requirements**  
Applications for building permits, uncompleted within a year after date of issue, shall be subject to the same requirements of occupancy required of persons occupying property in any zone for purposes other than those specified in the ordinance for that zone, and to be issued by the building inspector. Applications for certificates of occupancy must be made within 30 days after adoption of the ordinance. Applicants for building permits will be required to file with the city clerk a copy of the site and proposed building, which information is to be placed on file in permanent records of the city clerk's office.

In cases of building in residence districts, proposed buildings must be completed within a year after date of application for building permit. "Violation of the ordinance is declared a misdemeanor and each day of continuing violation is to be a new offense punishable by fine of not to exceed \$100.

These provisions of the ordinance were made definite by the council when the measure was read for the first time last evening. The ordinance as submitted by the zoning commission named about a year ago, was not otherwise changed by the council.

The ordinance was introduced by R. E. Bohler, Twin Falls mayor and a member of the zoning commission. All other members of the council joined in seconding it.

**Gas Company Asks Adjourned**  
The council is willing to consider a proposition looking to establishment of a gas plant in Twin Falls. The council's interest in the proposition was evidenced last evening when members authorized the city clerk to reply to a communication from Leon Nekov of the Tracy Gas company, Tracy, California.

The clerk was authorized to tell the Tracy concern that the council would be glad to discuss its request for franchises to establish and operate a gas plant here. The company, according to its communication, has completed a plant at Flagstaff, Arizona.

It is negotiating with a number of towns in Washington. The commission's term of government under which Twin Falls is operating, Mr. Sweley pointed out last evening, requires that applications for franchises must be made in writing and in competition with other applicants.

**Distributes Sprinkling Cost**  
Street sprinkling in Twin Falls this season will cost \$110,233.69, according to estimate contained in the annual sprinkling assessment report that was introduced at last evening's meeting by R. B. Smith, commissioner of streets and waterworks. Monday evening, July 16, was the last date for hearing of protests against the assessment. The assessment is based this year on charges of 6 cents per front foot against property on odd pavement, 5 cents per front foot against property on even pavement and 8 cents per front foot against property on gravel or dirt streets.

Cost of spraying of trees to combat insect pests totalled this season \$1161.60.

### Willie Willis

BY ROBERT QUILLEN  
"We didn't hurt Mrs. Brown's baby. We was just playin' Indian an' we had to shove part of his head so he'd look scalped."

According to report made by the city clerk, Charge for spraying, to be paid by the tree owners, is made on a basis of 10 cents per tree. A recent assessment showing that 4154 trees were treated this spring.

Assessment for street sprinkling and spraying of trees are to be collected along with taxes.

On account of the second installment of 1927 taxes collected and turned over to the city there was received during June \$27,743, the city clerk reported. Approximately \$10,000 of this amount was turned into the warrant redemption fund and \$2,700 into the bond interest and sinking fund.

**Demands Cut in Water Bill**  
Demand on the city to deliver water to consumers outside the city at the same rate charged consumers within the city was set forth in a communication delivered to the council by George Carrio. Carrio stated that he is the owner of approximately 900 feet of pipe line through which water has been conveyed to his property on Addison avenue east. Members of the council indicated their conviction that city water service is supplied to consumers outside the city only as a convenience to those consumers, and the question raised by Mr. Carrio was referred to the city attorney for adjustment.

Building involving investment of \$40,000 is involved in two applications for building permits that were approved by the council. The Idaho Power company was granted permit to reconstruct a building at the corner of Main and Second streets. Involving expenditure estimated at \$8,000, and also was granted right to reconstruct a building at the corner during the period of construction.

C. A. Blackford, owner of the City Hotel at 1000 Main street, was granted a permit for construction of 10 cottages, each to be 12 by 18 feet in size. The estimated cost of the cottages is \$2,000. He also was permitted to move the park's community kitchen to the vicinity of the new cottages from another part of the park.

**Protest against proposed construction** by D. D. Wakefield of an apartment house in Blue Lake was advanced by a number of owners of adjacent property was placed on file. A permit for the building was issued for the conference of the city clerk some week ago.

**CHILD STRUCK BY AUTO ON ROAD TO RECOVERY**  
Clare Swenson, eight-year-old daughter of Mr. and Mrs. A. A. Swenson, who was knocked unconscious when she was struck by a car on the highway on Blaine street near the high school on Saturday evening, was resting easily last evening when her parents said.

The child was playing in the city park with some other children when her parents were attending the quarterly conference of the Latter Day Saints' church in the high school auditorium. When the crowd began to file from the building following the service, the girl started to run across the street to search for her parents and was struck by the machine driven by E. P. Logan, Pocatello.

Wheels of the machine passed over the child. Mr. Logan stopped immediately and picked up the child took her to a physician who found that her injuries were not serious. She received several stitches about the head and body, but it is not believed that she received internal injuries.

### RIGHT OF DISTRICT TO REQUIRE EXTRA BOND CHALLENGED

### Jerome Man Seeks Injunction to Prevent Directors of American Falls District From Demanding Additional Security.

Suit instituted by Harvey W. Hurlbaus of Jerome to enjoin the directors of the American Falls district from attempting to compel the state treasurer to furnish bond above the regular amount of \$250,000 as extra surety for certain money of the district was argued before Judge W. A. Babcock in district court here yesterday and taken under advisement. The matter of requiring county treasurers, through whose hands money owned by the district passes, was also presented in connection with the case, which will be carried to the supreme court to secure a ruling.

Involves Bond Payments  
The statute of 1923 placed the custody of money for bonds and bond interest in the hands of the state treasurer to whom it is to be transmitted with other state funds, which it is to do with other county treasury with taxes. This included the construction bond and bond interest collections.

The matter of whether a bond should be required equal to the amount of the funds in the hands of the state and county treasurer was argued, amounting in some instances to \$100,000 in the state treasury or to \$250,000 in some of the county treasuries, and varying in amount from time to time, was never definitely determined.

The directors of the American Falls district after consideration determined that the treasurer should be required to furnish bonds in addition to their regular official surety on account of the amount from time to time, the character of these funds.

Mr. Hurlbaus, who is a citizen and taxpayer as well as secretary-treasurer of the North Star company, has instituted an injunction suit, on the ground that the demand is unnecessary and illegal and that it will impose a tax upon him if sustained. It is contended that the cost of bond which will have to be paid by these owning property within the American Falls district may be as high as \$2000 a year, and that the tax payers in segregation within the several counties in the district will have to pay the cost of whatever bonds their treasurers may have to supply.

### WOMAN, STRUCK BY CAR, IS RESTING COMFORTABLY

Mrs. Addie Cunningham, 33, suffering from head injuries, received when she was struck by an automobile driven by an unknown driver at Main and Second street, east late Sunday afternoon, was reported by attendants at Twin Falls county general hospital to be resting comfortably. Mrs. Cunningham was returning to her home at 747 Locust street from the Rogerson hotel where she was employed as maid when she was struck by the unknown machine. She was found lying near a lamp post unconscious and with a wound in the left side of the head. At first, it was believed that she had fainted but when she regained consciousness at the hospital where she was taken for treatment, she stated that she had been hit by an automobile.

### HOISE WATER COMPANY SOLD

### EARLY DAY SETTLER OF TWIN FALLS SUMMONED

W. K. Herenden, one of Twin Falls pioneer citizens and landowners, died last evening. He was 87 years old. Herenden and his family, who resided here for 25 years, were born in Oregon. He returned here last year. Herenden is survived by his widow, three sons and two daughters.

### IDAHO RANCHES GOOD SAYS MICHIGAN MAN

### F. E. Beatty, "Strawberry King," Reports Central States Farmers to Be Hard Pressed

"Tell the Idaho ranchers never to get discouraged, for there are lots of places where the farming is better than in Idaho, even in the poorer seasons," said F. E. Beatty, Three Rivers, Michigan, known as the "Strawberry King" and president of the K. M. Kellogg company, growers of nursery stock, who with Mrs. Beatty, is in Twin Falls en route to Portland and Seattle on a vacation trip.

"Illinois, Indiana and Iowa ranches are doing a fine row," Beatty explained. "There has been too much plugging in that region a few years ago. Land sold at \$400 to \$600 per acre in Twin Falls en route to time to make good under those conditions."

Idaho beans in 1927 went into 32 states of the union. Figures as to the quantities shipped into each state are not available, but those for southern Idaho beans and peas together are worth nothing.

In 1927 Alabama got 250 tons of Idaho beans, California 400 tons, Colorado 19,283 tons, Connecticut 30 tons, Florida 143 tons, Georgia 318 tons, Illinois 4,005 tons, Indiana 1,000 tons, Kansas 1,471 tons, Kentucky 2,401 tons, Louisiana 1,484 tons, Maine 86 tons, Maryland 1 ton, Massachusetts 101 tons, Michigan 1,881 tons, Missouri 3,820 tons, New Jersey 78 tons, New York 1,545 tons, North Carolina 421 tons, Ohio 357 tons, Oklahoma 1,571 tons, Tennessee 3,396 tons, Virginia 531 tons, Wisconsin 617 tons—and so on.

The production of these commodities from southern Idaho were 72,078 tons in 1927 as against 50,709 tons in 1924.

It is freely predicted by agricultural experts that the bean and pea industry has just gotten a good start in Idaho.

### POLICE BREAK UP GAME

Seven men arrested by the police Saturday night at a house at 227 Fifth avenue west, entered pleas of guilty to gambling charges yesterday before Police Judge H. D. Bead and were fined \$5 and costs each. They were B. Coffman, L. Brennan, J. G. R. Jones, E. J. Henderson, J. Blankenship, A. Ulrich.

### DEVELOPMENT RAPID IN BEAN INDUSTRY

### History of Industry From First Crop at Piler Decade Ago

It is 11 years since the first great northern white beans were planted in northern Idaho in the vicinity of Piler.

In 1919, according to figures supplied by C. E. Munson, veteran bean grower, figures based on government reports, it cars of these beans were shipped from Twin Falls, Gooding and Mindoka, counties, which produce practically all the Idaho crop. For 1921, 200 cars; for 1922, 350 cars; for 1923, 500 cars; for 1924, 800 cars; for 1925, 1,500 cars; for 1926 to 1927, 1,900 cars.

The Idaho bean industry, like other Idaho industries, has been able to compete in many distant markets. Idaho beans in 1927 went into 32 states of the union.

Figures as to the quantities shipped into each state are not available, but those for southern Idaho beans and peas together are worth nothing.

In 1927 Alabama got 250 tons of Idaho beans, California 400 tons, Colorado 19,283 tons, Connecticut 30 tons, Florida 143 tons, Georgia 318 tons, Illinois 4,005 tons, Indiana 1,000 tons, Kansas 1,471 tons, Kentucky 2,401 tons, Louisiana 1,484 tons, Maine 86 tons, Maryland 1 ton, Massachusetts 101 tons, Michigan 1,881 tons, Missouri 3,820 tons, New Jersey 78 tons, New York 1,545 tons, North Carolina 421 tons, Ohio 357 tons, Oklahoma 1,571 tons, Tennessee 3,396 tons, Virginia 531 tons, Wisconsin 617 tons—and so on.

The production of these commodities from southern Idaho were 72,078 tons in 1927 as against 50,709 tons in 1924.

It is freely predicted by agricultural experts that the bean and pea industry has just gotten a good start in Idaho.

### POULTRY DEMONSTRATIONS SCHEDULED FOR SPECIALIST

Fren Moore, head of the poultry department of the university extension division, arrived yesterday to begin a series of poultry demonstrations. The demonstrations will be on at Coeur d'Alene this afternoon at 2:30 o'clock, one at the John Cheever place near Piler, Wednesday, and one at the "C" place in the Piler neighborhood, Wednesday at 2:30 p. m. Thursday has not been arranged for, R. E. Brossard, county veterinarian, is attending to a case of pneumonia at a demonstration at the C. A. Baker farm on Kimberly road Friday.

### LIBERATION DENIED TO WOMAN AND YOUTH

### Mrs. Bertie Hull of Gooding Fails to Win Release; Leland Allmon to Try Again.

Habeas corpus applications failed in two cases before Judge W. A. Babcock in district court yesterday. In the morning the court ruled that Leland Allmon, whose release was sought by his uncle, Leland Allman, was legally in custody in compliance with the conditions of a writ issued some time ago by the probate court. The boy's mother then applied for another writ of habeas corpus which will be heard tomorrow morning.

Judge Babcock also denied the application for release of Mrs. Bertie Hull of Gooding, in jail here on conviction in probate court of Gooding county for illegal possession of liquor. She claimed that she sought to appeal within the statutory time and that the probate judge had left the county. After hearing arguments Judge Babcock ruled that she might have appealed legally by mailing the appeal.

### The Weather

FORECAST FOR TODAY—Generally fair, but with local showers in the mountains; normal temperature.

Extreme temperatures recorded over the week—the maximum dropping from 84 degrees on Saturday to 74 on Sunday and remaining equal to the minimum of 47 degrees, an increase from 51 on Saturday to 61 on Sunday, dropping again on Monday to 52 and ending a week of precipitation was recorded on Sunday.

### COMMISSIONERS FINISH WORK OF EQUALIZATION

Twin Falls county commissioners, in session during the past 30 days, as a board of equalization of real property tax assessments, have virtually no adjustments to make except correction of some errors of classification on the city and town assessment roll. It was stated last evening when the commissioners adjourned as a board of equalization. This adjustment, it was explained, involved shifting number of assessments from the residence column into the business column and reducing the assessment of improvements on such property to the 1926 assessment level.

Equalization-commissioners after adjournment of the equalization sessions, members of the county board declared an emergency owing to temporary depletion in the assessed-fund and transferred \$600 to permit fund for purchase of materials to continue the work on road work. The county will be reimbursed for this expenditure through sale of the materials to persons engaged in the work, so that the transaction is largely a matter of bookkeeping, involving no extra taxes.
