Average Newsboy Not Orphan Cast Upon Cruel World, Survey Reveals

(By The Associated Press) WASHINGTON, July 18.—Contrary to the belief of the average newsboy, he is not an orphan cast upon a cruel world, nor has he a widowed mother to support.

Information collected from eight cities in the country by the department of labor and made public today shows that economic necessity was the chief reason for the newsboys selling papers by the majority of the boys. The data did show, however, that newsboys are among the youngest of all child workers, from one-tenth to one-fifth being under 10 years of age.

The great majority of the children were normal home, with both parents living and the fathers bringing home most of "the bacon."

What no other cigarette can offer, you actually get in Lucky Strike. Toasting does it—remember that! Those elements which cause throat irritation are driven out by toasting. At the same time this extra process thoroughly matures the tobacco.

ARRANGE RECEPTION

Women's Organizations Cooperating in Plans for Entertainment of State Meeting

BULL. July 18.—Committees were appointed at the meeting of the West End clubs Tuesday to plan for the entertainment of the delegates to the convention of the State Federation of Women's Clubs in Twin Falls late in September.

L. J. Johnson is representing Bull at public ownership convention in Seattle July 23 to 26. Mrs. Johnson accompanied him and they will visit in coast cities before return to Bull.

A special meeting of the school board of independent school district No. 2 was called Monday evening.

Dr. George Jennings and his brother, S. C. Jennings, returned from vacation in Yellowstone park. They were accompanied by a party from Twin Falls.

Miss Mary McKee of Salem, Ore., is a guest of Dr. and Mrs. A. P. McClusky.

Women of the Presbyterian church will be hostesses Saturday afternoon at the church to members of the Women's Union Missionary society.

The entertainment will be in charge of the Presbyterian women and Mrs. James Miller will lead the devotionals.

Miss Ary J. Holland, returned Methodist missionary who is here from Japan on a furlough following a long term of service in that country, will address the meeting. She will be a guest of Rev. and Mrs. Helman during part of her visit here.

BETTER THAN HIS BITE

LADDIE, the dog, barked and thereby saved five persons from death-fire, proving that a dog's bark isn't always worse than his bite, or something. Two of the boys who were raised were Bertie (left) and Alfonso Garcia, and of course, Laddie person.

Veteran Celebrates Hundredth Birthday

Horace Hart, Civil War veteran and resident of Twin Falls for 16 years, who has 100 years and next Friday will be the centennial anniversary of his birth, a public celebration will be held during the evening in the Twin Falls city park.

However, to those of us who are content to park our shins along the old fireplug, what insight recorded by the centennial of the veteran activities are anything but monotonous.

Treat Promised in "The Count of Ten"

Local film fans have a treat ahead for them when the Metro-Goldwyn picture beginning today will show "The Count of Ten," a romantic and dramatic picture of the prize ring, played by a trio of favorites, Charles Ray, Jobyna Ralston and James Gleason.

It is a recognized fact that a sport story can only be written by those who are interested in sports themselves.

IOWA REPUBLICANS WILL BACK HOOVER

Convention Commends Nominee for Seelig Edmond Problem Will Be Solved

DES MOINES, Iowa, July 18 (AP)—Republicans of Iowa in state convention at Ames today voted to back the national platform adopted at Kansas City and pledged support to Herbert Hoover and his running mate, Senator Curtis, Kansas.

The platform adopted today continued effort in behalf of agricultural legislation through the national forum by "more other means."

Studying Marketing Abroad

An address made before the convention by Senator Brookhart brought to light for the first time that trip to Europe by the senator to study cooperative marketing at the close of the World war was made in connection with the agricultural program through a personal representative, Col. H. D. Hoover.

The pledge to support the party standard bearer came after Governor John Hamill flew from a conference with Herbert Hoover, Republican presidential nominee, aboard the Hoover special to Des Moines to bring a message of optimism for proponents of farm legislation to the Republican state convention in session today.

Members of the Filer American Legion Auxiliary entertained with a ten o'clock social Wednesday morning.

The home of Mr. and Mrs. H. Flinter at Filer was the scene of a pretty double wedding on Sunday afternoon at two-thirty o'clock when their daughter, Viola, became the bride of Edward Nelson son of Mr. and Mrs. Carl Nelson and eldest daughter, Ruby, of Ralph Alexander, son of Mrs. Bert Alexander. The brides were lovely one wearing a gown of pink crepe, and the other frocked in rose colored tulle.

Celebrating the fourth birthday of her son, Nathan, Mrs. H. D. Walker entertained a few of the little folks in the neighborhood Wednesday afternoon from three to five o'clock. The boys were taken to the city park where games were played and refreshments were served.

Mrs. John Feldhusen entertained the women of Twin Falls Grange on Tuesday afternoon at her home on Fifth avenue east. Plans for the strange exhibit at the county fair were made, particularly the decoration which falls to the women generally.

Gripping Movie of Exploration Here

By far one of the most interesting motion pictures shown here recently is that of "Crusing the Arctic," a Paramount novelty at the Idaho theatre today in conjunction with "Crusing the Arctic."

Foodies, the Metro-Goldwyn picture featuring Carl Dane and George K. Arthur. The pictures were taken by the Putnam Baffin Island Expedition during a cruise of exploration in the Canadian Arctic in the summer of 1927.

Some very remarkable views were recorded by Cameraman Maurice Kellerman on this trip, and convey to some extent what must have been a highly interesting and colorful voyage in the great unknown, although we are told that the area surveyed by the expedition today in conjunction with "Crusing the Arctic" was very much more extensive.

# OUTLINES TOUR FOR CONGRESSIONAL BODY

### Congressman Addison T. Smith Announces Plans for Inspection of National Parks

Definite plans for inspection of 27 national parks by the congressional national park and the Superior, Wisconsin, national forest, by the house public lands committee, announced here today by Congressman Addison T. Smith of Idaho, acting chairman of the committee.

Members of the committee, according to Mr. Smith, will assemble in Twin Falls, Idaho, first to visit Zion national park and Bryce Canyon in Utah, and then will spend three days in Yellowstone park and in Drexler Meadows region. Inspection of Yellowstone park will be made in connection with legislation pending for change in the north, east and south boundaries of the park, Mr. Smith said.

The tour is to be extended to the Superior national forest, the congressional investigation in connection with demand for extension of authority of the forest service to regulate raising of the level of land within the forest boundaries. Level of the lakes some of which are part of the international boundary line is reported to have been raised in consequence of development of power sites.

The nine members of the committee, in addition to Mr. Smith, who will make the inspections will be: Mr. Charles J. Clegg, Idaho; Mr. William Wyoming; Scott Davitt, Montana; John M. Evans, Montana; F. D. Latta, Idaho; Joseph L. Hooper, Michigan; William J. Berg, Wisconsin; Tom A. Yon, Florida, and S. Harrison White, Colorado.

# HARMON FIELD DONOR SUMMONED BY DEATH

### Nationally Known Executive of Real Estate Projects and Public Benefactor Dies

William E. Harmon, through one of whose benefactions the Harmon Field was made possible for the children of Twin Falls, died last Sunday, July 15, at his summer home in Southampton, New York, after a long illness for several years.

Mr. Harmon, who was known nationally as the executive head of many real estate projects, his name was associated with numerous humanitarian projects into which he poured the same energy and genius as into his business.

One of the outstanding results of his interest in the welfare of children has been the establishing of more than 100 permanent playgrounds in 34 different states. These recreation centers are all known as Harmon Fields. His ideas and other similar and far-reaching projects were carried out through the Harmon Foundation, a family philanthropic corporation which he organized and which he headed.

Mr. Harmon, in these and other similar undertakings will be perpetuated through the Harmon Foundation, a family philanthropic corporation which he organized and which he headed.

He is survived by his wife, Katherine Harmon, he leaves a brother, Clifford Harmon of Park, a son, W. Burke Harmon, two daughters, Mary Harmon Briggs and Helen Griffith Harmon, and four grandchildren.
