

PRESIDENT COOLIDGE AND SON JOHN WILL VISIT IN MINNESOTA

Chief Executive Leaves All Plans for Trip in Hands of Office Staff and Goes Fishing; to Speak at Cannon Falls

(By The Associated Press)

SUPERIOR, Wis., July 28.—Following his summer custom of spending the Saturday away from his desk, President Coolidge slipped up the trail with his fishing tackle today before he could be reached by his office staff with business worries.

To them he also left all arrangements for his trip tomorrow to the state of Minnesota, where he will deliver an address at the inauguration of a monument to William Col-

Mrs. Coolidge and John Coolidge, as well as Everett Sanders, secretary to the president, will accompany the chief executive tomorrow. The presidential train will be joined at Minneapolis by several Minnolitans including Governor Theodore Christianson and Mrs. Kellogg, wife of the secretary of state. Mr. Kellogg was detained in Washington by press duties.

Jardine Will Board Train
On the return trip Secretary Jardine of the agriculture department, will board the train at Minneapolis and come to Cedar Island Lodge for an overnight stay before continuing his trip to Alaska.

President Coolidge will return from Cannon Falls tomorrow evening. He will not leave Superior again until August second when he will visit the Iron Range of Northern Minnesota, to be followed about August 13, by a short visit to Wausau, Wisconsin, to address the state convention of the American Legion.

CANNON FALLS READY TO WELCOME PRESIDENT

CANNON FALLS, Minn., July 28.—(AP)—Smothered under miles of bonfire and thousands of flags, Cannon Falls was ready tonight to greet president and Mrs. Coolidge for dedication of the Colville memorial tomorrow.

Civil war relics were displayed in numerous shop windows, old muskets, cannon ball, pieces of minnie balls—many—picked-up—during the battle of Gettysburg. It was at Gettysburg that Colonel William Colville and all but 47 members of the First Minnesota Volunteers were killed or wounded.

Though the event officially sched-

uled for tomorrow is a parade of the Minnesota infantry services at the various churches will stress the significance of the Colville memorial and tell of the part played by the three-hour shift of the President and Mrs. Coolidge. The nation will include relatives of Colonel Coville from all over the Northwest.

Relative of Colonel Coville, will be a guest of honor on the platform when President Coolidge gives his address.

FIVE CONVICTS DADLY BURNED IN EXPLOSION

Lighted Cigarette Tossed Into Box Containing Films May Cost Lives of Five Persons

HOUSTON, Texas, July 28.—(AP)—Five convicts at the Blue Ridge state prison farm were probably fatally burned, 20 others suffered severe burns about the body and films exploded in a dining room here tonight.

Sixty-five convicts were witnessing the regular Saturday show when one of them tossed a lighted cigarette in a box containing the films. Instantly there was a terrible explosion that threw the convicts into a state of panic.

Doors Locked
Both doors leading out of the dining room were locked. The shrieking prisoners jammed at one door where C. D. Dunn, guard, was on duty on the outside of the structure, and J. H. Robinson was on duty inside. The latter was knocked to the floor by the convicts who trampled him, injuring him internally in the mad haste to escape from the flames.

Calms Convicts
Guard Dunn, stopped the convicts with his drawn revolver and calmed them. In the excitement, three prisoners escaped from their guards. They will be trailed by blood hounds and their capture is momentarily expected.

More than 10 Houston ambulances raced to the scene of the fire after being summoned by Fire Commissioner Alle Anderson, one of the first city officials to reach the prison farm. Five of the most seriously burned convicts were loaded into the ambulances as fast as they reached the prison farm and were brought to a Houston hospital first in an effort to save their lives. Little hope was entertained at either hospital, however, of saving the quintet of convicts.

WHITE CONTINUING ATTACKS ON SMITH

Kansas Editor Employs Two Experts to Find Foundation for His Former Indictments

NEW YORK, July 28.—(AP)—Resuming his attack on Governor Alfred E. Smith today, William Allen White, editor of the Emporia, Kansas, Gazette, said two weeks' investigation into New York state records had substantiated his previous statement that Governor Smith had supported the liquor interests while a member of the New York assembly.

Mr. White said he had employed two experts to delve into the Journal of the assembly for Governor Smith's record and he now was prepared "to face the governor with his own voice on questions affecting the saloon, and its two parasites, the gambler and the prostitute."

Tammany Record
"I am not a trained debater," Mr. White said, "I am a country editor, from a little country town in Kansas, but one might take that record and a photostat copy of the assembly journal and show Governor Smith that his record in the assembly, so far as it affected the saloon, the gambler and the prostitute was a Tammany record."

White said the detailed record will show that he voted, or is so recorded, these thirty-two years on the most controversial measures with the most notorious saloon men in the Tammany delegation.

"Governor Smith has been a busy man, a fine useful American citizen since he left the New York assembly but in his many activities he has forgotten much of his assembly record. Two weeks ago he did as the house of worship me a preacher's shoulder calling the preacher of whom I never heard, a liar and 18-carat faker in the matter of Governor Smith's assembly record."

Left Qualities in Escrow
"Governor Smith, with all his intelligence, with all his honesty, with all his courage—which no one questions—seems to have left his high qualities in escrow with Charles Murphy when he went to Albany as an assemblyman."

Some saw in Mr. White's statement a challenge to Governor Smith to debate his legislative record when the editor said:

"The real point of interest in that record for the American people now, is Governor Smith will defend it. It is the picture of Tammany putting the pressure on five aspiring young men like Al Smith, forcing them to use their courage, not upon the evils of Tam-

many, but in behalf of the friends of Tammany."

WHITEHOLE COMMENT
HAMPSHIRE, N. Y., July 28.—(AP)—When Governor Alfred E. Smith was shown a copy of the statement issued by William Allen White today in which the Kansas editor renewed his attack on the governor as a supporter of the liquor interests, a member of the state assembly, Governor Smith said he had nothing to say at this time.

The governor's remark today that he had no statement to make at this time was interpreted by some of his friends to indicate that he will make a formal reply to Mr. White's statement later.

PROSECUTOR OF ADA COUNTY IN TROUBLE

Counsel for Defendant in Two Cases Charges Officer With Violating Statute of Office

BOISE, July 28.—(AP)—A charge that Prosecuting Attorney Carl R. Burke of Ada county had violated the statute prohibiting a prosecuting attorney from acting in a civil case based on the same state of facts upon which he is prosecuting a pending criminal case was filed here today by counsel for the Schoenover defendant in the two cases.

The charge was made by Attorney E. P. Barnes in a motion to strike the case involving the suit of Evelyn Leary against Schoenover for injuries alleged to have been received in an automobile accident April 24 in Boise in connection with which Schoenover was charged with driving while under the influence of liquor.

An attorney faced with the motion to strike, Schoenover declines that he was charged with driving while under the influence of intoxicating liquor, and with Burke acting as prosecutor, the case was carried to the district court where it is now pending. Schoenover pleaded not guilty when arraigned and was released on bond.

The civil action was filed July 7 with Burke and his partner, Thornton D. Wyman representing Mr. Leary, who sued damages of \$100 for a broken clavicle and several minor injuries alleged to have been received in the accident April 24.

ONE OF COUNTRY'S RICHEST MEN DIES

Death Claims Thomas Barlow Walker, Lumberman, Philanthropist and Art Collector

MINNEAPOLIS, July 28.—(AP)—Death today claimed Thomas Barlow Walker, lumberman, philanthropist and art collector and one of the richest men in the United States.

Advancing age—he was in this eighty-ninth year—was held responsible for the passing of one of the Northwest's outstanding figures in the past 60 years.

Although he had shown remarkable vigor for a man of his advanced age, Mr. Walker began to decline three weeks ago. When the end appeared inevitable early today, three of his five children were gathered at his bedside. For a time he appeared to rally and then fell into a sleep. His passing was so quiet there was little to tell when sleep merged into death.

Once Grindstone Salesman
Mr. Walker, who came to the Northwest as a grindstone salesman, built up a huge fortune. In the lumbering industry, his wealth being estimated several years ago at \$100,000,

000. He used it to greatly improve the for philanthropy and collection of works of art.

This collection of 8000 pieces was known throughout the country as one of the most valuable. It was valued at \$4,000,000 when he presented it to the city of Minneapolis several years ago. Mr. Walker took his first airplane ride last year two months ago and afterward he regarded flying as it had given him his greatest pleasure because it enabled him to see from the heights the city he had done so much to improve.

"I've lived in Minneapolis 65 years," he said, "and this is the first time I have really seen it."

HOOVER ON WAY TO NORTHERN PART OF GOLDEN BEAR STATE

(Continued From Page One)

depart rapidly in the sun parched up ground.

After the party got into the hills it found a very different sort of weather from that it left behind at Palo Alto. As the travelers crossed San Francisco by a Sausalito they ran into a chilling fog but once across the broad waterway—bright sunshines was encountered and after the climb into the mountains, it became almost excessively hot. The travelers first shed their top coats and then their sack coats and sweaters and finally were reduced to shirt sleeves.

THE FIRE HAZARD. Destruction of crops, pasture and buildings on eight thousand acres of land near Walla Walla serves to call attention to weather conditions generally as well as to the extent of sympathy for the unfortunate farmers of the Eureka Flats grain country of Washington.

Those who have been inclined to complain about local weather conditions and there are many, have a right to be thankful that the grain, bean and potato land of the Twin Falls country is not only free from fire hazard but gives promise of a harvest this year which is likely to place nineteen hundred twenty eight in the front rank of crop production.

Outside of the irrigated areas Southern Idaho is experiencing an extraordinary dry, hot spell. The hill country is battling an scorching heat except in the higher lake area in the Snake valley, where the towns are suffering as they rarely have. But there will be no crop loss as a result, rather there will be advantages which may be counted in dollars and cents a little later on.

The thousands of acres is a large tract of land and the losses to the farmers will be HEAVY UNDOUBTINGLY the fact that much of the risk is covered by insurance.

THE MEXICAN TRAGEDY. Mexico's tragedy continues to fill all her friendly neighbors with genuine sorrow. Here is a country struggling to better itself, working toward a stable government, popular education, self-respect and a fine nationalism. It has been torn for many years by revolutions, conspiracies, quarrels between rival factions, resort to banditry and gun play for the settlement of problems that called for sanity, judgment and good will. Through all its hardships it has struggled forward. On this side of the border we hear more of its failures than its successes. But there have been many successes worthy of commendation.

Then, at a moment when stability seems assured, an assassin kills the nation's president-elect, a man who had already done much for the good of Mexico and who hoped to do more. When he was president of Mexico a few years ago, Obregon restored order, reorganized the army, instituted agrarian and land reforms, promoted education and good roads and gave his country the most enlightened government it had had in many decades. He is quoted as having said: "I would rather teach the Mexican people to use a tooth brush than to handle a gun. I would rather see them in school than on battlefields. I prefer any day a good electrician, machinist, carpenter or farmer to a soldier."

Perhaps the tragedy and shock of this patriot's death will help to unify all Mexico in support of the ideals he worked for.

THE OPTIMIST. One of the "encouraging" evidences of the sanity of the public mind is the growing impudence with so-called "pollyannas." Genuine optimism does not consist in disregarding the unpleasant parts of life. Neither is it a thoughtless satisfaction with present conditions without thought.

of the future. Still less is it that state of mind that distinguishes Mr. Dinsmore's... for something to turn up. Antecedent to a justifiable attitude of optimism must be an unprejudiced and thorough analysis of the situation in which both dark and bright sides may be equally clear; there is a profound conviction based on the evidence of history and personal experience of the slow but irresistible conquest of the truth but it is wrong, of truth over falsehood, not yet fulfilled, but eternally fulfilling. It is no one who has merely a passive faith in the rightness of things is entitled to the name of optimist. His belief must be quickened into action, and here the pragmatic modern attitude manifests its sensible demands for consistent living. This old proverb "All things come to him who waits," has received a characteristically modern supplement. "But it comes a whole lot quicker if he goes after it."

Father had begun to seem a puppet. He said, "What do you call her? Saturday for Yokohama, via Panama. I have engaged accommodations for you and your Aunt Candice, and your Aunt Candice. Let's figure it out and—" "So, think you?" Here at least I could not help but smile all experience of yours; but I'll try to get alone on it. With head high I walked toward the door.

Fifteen Years Ago in Twin Falls

Taken from the Twin Falls Files, Thursday, July 27, 1913

As if paralyzed the matter from the Atlantic ocean to the Rocky mountains sweetens and dazes the white hot waves of a great city hospitals are taxed, druggists, innovations and finally an epidemic from the awful heat. In the midst of the epidemic, many people were burned and pastures might be burned as so much paper. In Iowa plans are being made to replant crops.

The Salt Lake City courier on Sunday morning brought 150 pounds to see the workings of the Twin Falls country. They expected that they were not disappointed. The day was a beautiful one and nothing during the entire hot wave of a great city.

Samuel Hart, who will open a new store in the Smith-Rice building, is receiving his stock and fixtures. He is expected to move into the new store in August. Mr. Hart's family are occupying the "B" residence on Fourth avenue east at number 136.

J. A. Abenson, of the Abenson-Boone Produce company and Mrs. L. M. Gossett, proprietor of the Rogers hotel in this city, are married in Salt Lake on July 24 by the Rev. Robert M. Stevenson, president of Westminster college. They will spend a few days in Salt Lake before returning to Twin Falls.

L. L. Drecker, of Sidney, Grays, W. M. Bunce of J. J. McClure of Pittsburgh, Pa., have gone to Ketchikan on a ten days fishing trip.

P. H. Cogswell of Alliance, Nebraska, is in Twin Falls on an automobile trip. He is a brother of P. L. Cogswell.

I. R. Jenkins of Grand Island, Nebraska, has been the guest of his daughter, Mrs. A. Galt, and family at Jerome for several days. They are winding up the visit with a trip over the south side and Hollister section. Mr. Jenkins is wonderfully pleased with the country.

In honor of Miss Fern Emms, who leaves with her parents soon for Massachusetts, Mrs. A. Galt entertained a number of the pupils of the conservatory of music and their friends at a delightful musicale at her home on Fourth avenue north.

CHAPTER IV

Three days later, Aunt Candice and Josephine and I found ourselves on the ship. Something or other, ready to start on our long voyage. We had been on board quite a while and had seen our staterooms and put our things carefully away where we wouldn't be able to find them, and had stowed the flowers and snipped the candy that our boxes had sent us, and had put Aunt Candice to bed.

Aunt Candice never got seasick, but she was affected with lillous spells that came on her abruptly, without the least apparent cause, and that I found her to her bed for days at a time. She was so much entertained with an elaborate luncheon, Thursday, as a courtesy, to Mrs. J. B. Hall who leaves with her husband and family the first of September for Long Beach, California.

...one of these had overcome her... your father, tell him to read the papers before he goes back to his office. "Good-bye!" He grabbed his hat and rushed out. "Good-bye!" He grabbed his hat and rushed out.

WATER BATTLE FOR CHILDREN SUGGESTED BY SALVATION ARMY

Ensign Lottie Schell Believes Fire Station Might Give Aid Until Construction of Pool, if Plan is Deemed Feasible

Volving approval of the arguments of W. J. Young, county probate officer, and of Mrs. J. A. Powell, pastor of the Kimberly Methodist Episcopal church, are being made by Ensign Lottie Schell, Twin Falls, Idaho, who is in charge of the water battle for children.

"A girl can beat you in 'rhythmic' an 'spellin' an' things like that, but she can't get much sense about important things like basketball and water."

GUARD DRILL POSTPONED FOR DEMOCRATIC SESSION

Company E Will Enter Seven in Camp Perry Rifle Shoot, Eighth Member May Qualify

"There are many homes in the western part of town that have no bathrooms and have but a single hydrant," she declared. "Children have no shade, as there are no trees in many of the lots, and they have to bathe in the pool in the park. An excellent thing for children there, and I wish to see in the construction of the town."

Company E, 118th Engineers, local unit of the Idaho National guard, will not drill on Monday, July 30, but on Tuesday, July 31, at the regular hour. The postponement is occasioned by the meeting of the Jefferson club, scheduled for Tuesday night.

"I am told that the pool near the hospital is unsatisfactory as the water is too cold and the means of getting to it is inconvenient. There has been some talk of building some sort of temporary dam in Rock creek."

Company E will have at least seven men on the national guard rifle team that will represent Idaho at Camp Perry, August 26 to September 16. There is a possibility that the eighth man will qualify for his place on the team before August 23.

"In towns where water pressure is less than in this town, water meters for children are not needed. The fire company turning a stream on the youngsters. If the pressure could in some way be sufficiently reduced, the water meters would be unnecessary."

Prosecuting Attorney M. F. Ryan denied that the time for appeal was extended by the length of time that the probate judge was away. Mrs. Hull sought release through habeas corpus proceedings before Judge Hubbard.

"If it is just a wetting down they want to give it to the children," Jack Bell, Twin Falls fire chief, mentioned to him. "Of course, the pressure is too high for a water fight to be conducted, but this could be remedied by extending a short piece of water pipe from one of the mains. It otherwise satisfactory."

Regular elections will be held by the company throughout the summer.

"If it is just a wetting down they want to give it to the children," Jack Bell, Twin Falls fire chief, mentioned to him. "Of course, the pressure is too high for a water fight to be conducted, but this could be remedied by extending a short piece of water pipe from one of the mains. It otherwise satisfactory."

Regular elections will be held by the company throughout the summer.

ANNOUNCEMENTS

Former residents of Kansas and Missouri will hold a joint picnic at the Twin Falls county fairgrounds at Piler today. Luncheon will be served at noon with ice cream and coffee furnished by the committee. The program will include speeches, a ball game and a variety of contests, including a horse shoe tournament.

REGISTRATION CLOSES UNTIL AFTER PRIMARY

Registration books for primary elections throughout Idaho closed last night and those not on them cannot vote August 7 in the primary election though they may register later and vote at the general election November 6. As all who voted two years ago are on the registration books, there is no interest in registration than previously. The total registration of the county will not be known for several days.

Mr. Dell C. Kennison

Candidate for SHERIFF Twin Falls County Subject to the Republican Primaries, August 7, 1928. I have lived in Twin Falls County for seventeen years past. Was a farmer for several years. The past seven years have been spent at various kinds of work. For three of them, I was a police officer for the City of Twin Falls. I think it is the duty of every man and woman to vote if eligible for the candidate that he thinks is the best qualified for the office he is seeking. I stand for Economy, Justice and Fair Dealing to all concerned, and if elected, I will enforce the law to the best of my ability. Your vote will be greatly appreciated.

FORMER NEW YORKERS ARRANGE STATE PICNIC

The New York State society of Idaho will hold its annual picnic at J. L. Aker, 324 Idaho building, Boise, Sunday, August 5. All former residents of New York and their families and friends are invited.

Hansen of Boise and Ross of Pocatello. The Boise municipal band will entertain. A meeting has been called for all former New Yorkers who may be able to attend to be held at the office of L. J. Aker, 324 Idaho building, Boise, at 7:30 o'clock tomorrow evening. At this gathering final plans will be made for the picnic. All those intending to attend the picnic and who will not be able to attend the picnic are invited to attend the meeting. Mr. Aker, immediately of the telephone and Martin and Max number in their party.

A PAINT That is Better

PABCO MULTI-SERVICE PAINT is remarkably deep and pure in color... and has a high gloss finish. Neither this fineness of color and finish nor the body of the paint itself, are affected by smoke, vapors, sun, salt air, fumes or any chemical action of this nature. It can be applied to wood, metal, concrete, brick, stone, or stucco, or inside or outside work. In all cases, it is easy working, has a high covering capacity, and great hiding power. It is permanent in color and durability, and leaves an excellent surface for repainting. Although PABCO MULTI-SERVICE PAINT is low in cost, we believe better paint cannot be had in ANY price.

TWIN FALLS, IDAHO, SUNDAY MORNING, JULY 29, 1928.

NEWS OF THE DAY AS CAUGHT BY THE CAMERA

HONORS CARRANZA—Pretty Elinor Smith, herself of aviation's elite, pays a tribute to Mexico's gallant young flier who crashed while attempting a non-stop flight home. She is shown with Lieutenant Commander Carlos Barrero of the Mexican Navy. (International Newsreel)

NEWEST SPORT—Here's the very latest in beach athletics, the paddling surfboard race. The photo shows a surferboarder hitting a comb in the take-off. (International Newsreel)

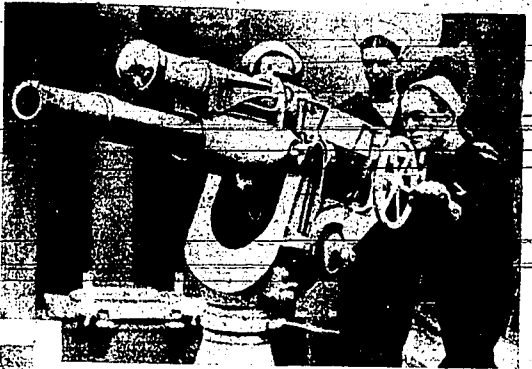

TWO TINY FEET are tripping a happier tap-tap since Madeline Sheffield, 19-year-old Los Angeles dancer, has been chosen as one of California's eight representative beauties for a Manhattan musical show. Madeline, because of her tiny feet, was the first girl chosen. She wears a child's shoe No. 13 1/2.

DAINTIEST ANKLE—Dorothy Sebastian, screen actress, claims the distinction as the result of a survey just-concluded in movie land. The tape shows her ankle to be just a little over six inches around. (International Newsreel)

BABY WHIPPETS—Miss Emily Ross, fair Californian, with an armful of baby-whippets on a train farm near Pasadena. (International Newsreel)

EXPEDITION OFF—The Coast Guard cutter Marion sailed from Boston for a six weeks' study of ocean currents in the far north, with a view of determining their action on the movement of icebergs. The picture shows the gun with which the cutter will break up any bergs she runs across. (International Newsreel)

HONORS WILSON—Here is a general view of the ceremonies incident to the unveiling of a monument to the late Woodrow Wilson in Prague, Czechoslovakia. The memorial is in the square facing Wilson Station, also named after America's wartime President. (International Newsreel)

SQUADS RIGHT!—The 107th Regiment of New York National Guards is shown leaving its armory to entrain for Camp Smith, Peekskill, N. Y., where the personnel will undergo two weeks' training. (International Newsreel)

STIRRING FINISH—Spectators saw a hint of Snapper Garrison's famous hand-riding in this finish of Sun Forward, Jockey Burke up, in winning the Palisades purse at Empire City. (International Newsreel)

TRASH PILE YIELDS LETTER OF LINCOLN

Missive: Written in Bold Hand and Addressed to Louisiana Governor. Dated March 1864

ATLANTA, Ga., July 28 (AP)—Uncollected in a trash pile here a letter signed "A. Lincoln" and believed to be from President Lincoln during the war between the states, congratulating "Mr. W. A. Ruffin" on his election as "the first free state governor of Louisiana."

The letter, written in a bold hand and addressed to the Louisiana governor, is written on stationery headed "Executive Mansion," dated March 11, 1864. O. P. Walker and "F. W. Wain" restaurant owners found it.

Believes Beefsteak Soon "Coming Back"

CHICAGO, July 28 (AP)—E. E. Edson White, president of Armour and company, says beefsteak in a few years should again be within the reach of all.

"In 1927," he explains, "the 16,000 cattle slaughtered declined 1,600,000 animals or approximately 10 per cent as compared with 1926, a reduction equivalent to more than 400,000,000 pounds of beef. This year we expect to see a further decline of about 18 per cent below 1927 figures, or a reduction of around 775,000,000 pounds in the nation's beef supply.

"This shortage advanced prices automatically and shifted consumption demand to lower priced pork. I believe, however, that 1928 will be the last year of low cattle production and that the supply of cattle will gradually increase and improve from now on."

Glorious performance

Precision built in this Great Hudson

The great performance that marks Hudson out among all fine cars, with stellar brilliancy, is not alone in the genius of its design, but in a manufacturing execution that also stands at the head of the industry.

Every item of finish, construction and equipment expresses value as tangibly as its great chassis qualities. Come and examine the new Super-Sixes. They will give you an entirely fresh view of motor values.

DI-CHRYSLER Plymouth

GIVING THE AUTOMOBILE DOLLAR NEW VALUE

The new Chrysler-built Plymouth offers entirely new style, size, comfort, ability and distinction to the millions who desire and deserve quality and performance at low price.

These buyers, measuring what others afford at near this price, find the newest Chrysler product giving far more dollar-for-dollar value in full size, in style and in every phase of performance than any of the new other cars in the lowest priced group.

For no other than the Chrysler-Plymouth gives for style the new chromium-plated slender grille radiator, the new type fenders, the pleasing new arched window silhouette. No other gives for comfort and elegance, such full sized, roomy, luxuriously upholstered and finely fitted bodies.

Bobier Motor Company 333 Main Avenue East Twin Falls, Idaho

JUSTICE OF PEACE PRECINCTS CREATED

County Commissioners Designate 20 Minor-Judicial-Districts in Twin Falls County

Justice of the peace precincts were designated yesterday afternoon by the board of county commissioners, who combined the seven Twin Falls voting-precincts into one justice-precinct, the two Bull voting-precincts into another and made every one of the 18 remaining voting-precincts in the county justice-precincts. Each justice precinct is entitled to elect two justices of the peace and one constable.

Except in cases where nominations have been filed, nominations must be made by writing in names at the primary. This will be the case in most of the precincts. Should no names be written in, the voters can write them in at the general election.

It has been contended that until their appointment was made, the voters in each voting precinct in the county, including seven in this city, could legally have elected two justices of the peace and one constable.

The board favored further reorganization by creation of larger justice precincts, but decided not to attempt this year.

Child Now Can Play Massive Carillons

LOUGHBOROUGH, England, July 28 (AP)—Great carillons, of bells of any size or weight, may now be played by a child. The carillon heretofore has been played by means of projecting levers, which are struck by the closed fists and feet of the carillonneur. Now, by the invention of a Loughborough firm of bell makers, the carillon can be played on an ordinary ivory keyboard, similar to that of a piano. So sensitive is the invention that a small child can strike a key and swing a bell-clapper weighing six pounds or more, this being effected by means of a powerful pneumatic action. The lever-piano principle can be adapted to the invention. A perforated roll can be attached, a device sets the tempo, and the carillon plays right through the roll.

BRIDGE FOR HAVANA HARBOR. HAVANA (AP)—A Havana bridge may span Havana harbor. Plans have been approved by the governor for a \$250,000 structure.

Beat Old Moon Around the Globe

JOHN F. SHORY, official timer, is shown at left clockwise John Henry Meers and Captain Charles B. D. Collyer upon their arrival in the city of New York City, the point from which they started their trip around the world. Their time was 22 days, 15 hours 21 minutes 3 seconds, as compared with the former record of 28 days and 15 hours hung up by the Well-Evans expedition. It requires the moon 21 days and 5 hours to circumnavigate the globe.

American Divorce Colony in Paris Witnesses End of Easy Separations

(By The Associated Press)—PARIS, July 28.—Gloom and discouragement have replaced the traditional hope in the future and optimism of the American divorce colony in Paris. American husbands and wives seeking to take French leave of each other have found the doors of the famous Paris divorce mill closed and bolted.

When the rules and regulations were lightened last year, word went around the colony that everything would flow over before long and the old system of quick, clean-cut separations, without unwelcome publicity, would be established. It was the spectacular refusal of the Versailles court to grant a divorce to Bainbridge Colby, former secretary of state of the United States that brought to light just how the French government thought about making France an international Reno. Premier Poincare, austere and dignified, values highly the tourist trade which he has found brings billions of francs to France, but it has often been said that "the lover France likes a woman." He never fails to fight for his country's good name and

he considered the foreign divorce mill a scandal. Minister of Justice Louis Barthou, probably at the premier's suggestion, went so far as to order the judges to observe strictly all the legal requirements, which for many years had been all but dead letters. If the law were enforced it would be difficult, for any American to get a divorce here would be impossible for them. A legal residence in France is the first requirement in a divorce suit and the days when one could give a letter box or a lawyer's address as a residence are gone. The squad known as the "Judicial Police" investigates residences now and Bainbridge Colby, who spent 11 months in France, was told last night he hadn't established a residence here.

DIAMOND TAX LIFTED. BRUSSELS (AP)—In order to allow Antwerp diamond cutters to compete successfully with the Dutch, the Belgian government has abolished the existing three per cent transmission tax on rough and cut diamonds imported into Belgium.

Vanishing Rituals of Fox Indians Put on Record Lest They Are Lost

(By The Associated Press)—TAMA, Iowa, July 28.—Striving to complete his record of the old pagan rituals of the Fox Indians of Iowa before modern influences complete their obliteration, Dr. Truman Michelson, Smithsonian ethnologist of the Bureau of American Ethnology, is spending his vacation's consecutive summer months in the Fox Indian reservation in Iowa.

Until recently the Foxes observed their rituals in a reverential spirit, but the younger generation has taken a different attitude, attending the festivals primarily for social purposes and to take advantage of the abundant meats and "big game" which they regard as the passing of the aging elders of the tribe. These ceremonies take place chiefly in the spring and fall and consist of Christian and other familiar religious practices, have little to do with the rituals of the tribe. Each ritual has a distinct purpose, such as the avoidance of disease, insurance of success in war, and the insurance of retribution in case anyone should speak against the chief's village, and is supposed to have been ordered by supernatural spirits.

Feasting and dancing are connected with religious worship, but in winter there is no dancing. Features of the summer festivals are the four dances, the ceremonial eating of dog meat, and a prayer to the spirit of fire

and he who lies with his face in the smokehole (namely, the sky) asking that they inform the mythical originator of the festival that worship is being held. The Foxes probably never exceeded 1200 in number. In Dr. Michelson's opinion one day's general extermination of the tribe would have been accomplished by the time the tribe attempted to cross the mountains between Louisiana and Canada, they became involved in a 50-year war with the French. By breaking up that route they were partly responsible for the loss of Canada by the French.

Although they came under French and Catholic influence around 1640 and received some intermixture of European blood in the early days of American colonization, they always have been a conservative people and have maintained rigidly their racial purity since their return to Iowa from Kansas in the Civil war period. On the present reservation near Tama they now number 100 and the majority was a half-breed.

WHERE ROOFS DON'T LEAK. DAVENPORT, Cal. (AP)—There is no building to be constructed here, cement making became a local industry. Wind carries cement dust from the factories onto the roofs; fog moistens the dust and the sun hardens it. Fence rails and tree trunks are being cemented, too.

New Books Are Put On Library Shelves

The following books have been added to the shelves of Twin Falls public library:

Non-fiction: Amateur Photographic Handbook, Collins; Photographic Art Secrets, Manning; Let's Try with the Flute, Masson; Power, Fouchwanger; Feeding the Family (latest edition), Hodge; Dogs for All Nations, Masson; The Book of the Year, 1928, Literary Digest; The Year Book, 1928, Literary Digest.

Fiction: Island of Captain Sparrow, Wright; Key of Life, Young; The Hotel, Bowen; Gray Detective Stories, Wright; Judith Shakespeare, Black.

Juvenile: Our Presidents, Morgan; Tales from Greek Mythology, Frye; Paris, Williams; Paris, Hays; London, Mitten; Australia and New Zealand, Fox and Velle; The Siamese Cat, Rickett; Tiger Trails in Burma, Miller.

Reference: The library has just received two valuable reference works—the 11th edition of the Encyclopedia Britannica, with yearbooks and indexes, and March's Thesaurus Dictionary of words and their meanings.

All Busses Operated by 6 Great Lines use VICO

- The Union Stage Depot at Boise is the terminal for the following bus lines:
- Blue Line Coaches operating between Boise and Twin Falls, Pendleton and Falls Walls.
- R. L. Brutt, operating between Boise and Barber.
- Gem State Transit, operating between Boise and Nampa and Caldwell.
- Tom Muruga, operating between Boise and Emmett.
- W. A. O'Neil, operating between Boise and Payette Lakes.
- C. C. Smith, operating between Boise and McCall.

All busses operated by these 6 lines are lubricated with 100% Paraffin Oil.

MORE and more the owners of motor equipment in the West are turning to VICO oil. What is influencing their choice? Not chance, nor loud claims; not so-called "bargain" prices!

They decide on the results of performance, for that is the only business-like yardstick by which to measure the value of any product! And the results of performance—ability to stand up under heat and the grueling work of modern high-speed motor lubrication—give VICO the edge. Because VICO has the stuff!

For instance—one of the lines operating out of the Union Stage Depot, running two 21-passenger Fagool Safety Coaches, making 280 miles per day, fills crankcase with VICO once a week and does not add any more oil during that week. This makes 1960 miles without adding or changing oil. VICO does it!

Follow the example of those who make a business of economical transportation. Use VICO in your car. For the correct grade for your car, consult the VICO chart at service stations and dealers.

QUOTATIONS ON CORN TAKE UPWARD TREND

Increasing Popularity of Higher Prices Is an Outstanding Feature in Day's Corn Market

CHICAGO, July 28 (AP)—Increasing popularity of higher prices for corn became an outstanding feature in the corn market today. More than half a million bushels of corn to fill Chicago July contracts were handed over today by previous speculative buyers...

Close quotations on corn were firm, 1/2 to 1 1/2 a bushel net higher, with wheat unchanged to 1/2 up, oats 1/2 to 1 1/2 off, and provisions varying from a 7c decline to a rise...

What news was about all this and the market averages lower most of the time today, but the close was an advance owing to the strength displayed by corn. Receipts of wheat in Chicago are 120 cars. European purchasers of North American wheat today were said to lack volume.

Table with columns: Wheat, July, Sept., Dec., Corn, July, Sept., Dec., Oats, July, Sept., Dec., Dec. new, July, Sept., Dec.

CASH GRAIN CHICAGO, July 28 (AP)—Wheat: No. 1 hard \$1.23 1/2; No. 2 hard \$1.23; No. 3 hard \$1.21 1/2; No. 1 mixed \$1.23; No. 2 mixed \$1.21 1/2; No. 2 yellow \$1.22 to \$1.23 1/2...

PORTLAND GRAIN PORTLAND, July 28 (AP)—Wheat: BBD hard white \$1.38; soft white, western red \$1.28; hard white, western red \$1.16; northern spring \$1.18...

OMAHA GRAIN OMAHA, July 28 (AP)—Wheat: No. 1 hard \$1.23; No. 2 hard \$1.12 to \$1.23; No. 3 hard \$1.11 to \$1.17; Corn: No. 1 white 96c; No. 2 white 95c; No. 1 mixed 98c; No. 2 mixed 96c to 99c...

TOLEDO SEED TOLEDO, July 28 (AP)—Corn: Cash No. 2 yellow \$1.15 to \$1.16; cash No. 3 yellow \$1.14 to \$1.15. Other grain and seed unchanged.

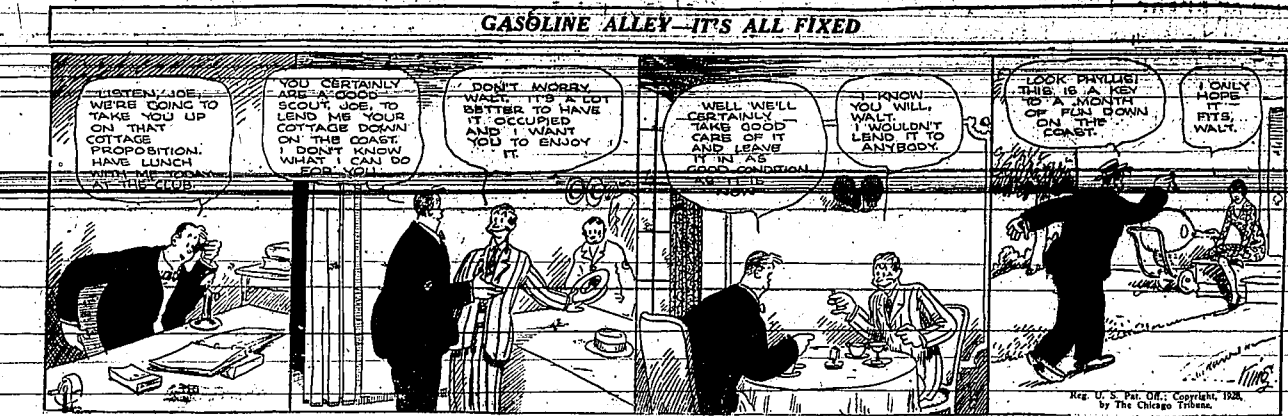

CHICAGO PRODUCE CHICAGO, July 28 (AP)—Butter, Un-clarified: receipts 15,723 tubs. Eggs: Unchanged, receipts 14,061 cases. Poultry: Alive, steady; receipts one car; fowls 18c; springs 34c; broilers 38c; spring ducks 19c; spring geese 16c to 20c...

SAN FRANCISCO PRODUCE SAN FRANCISCO, July 28 (AP)—Butterfat 53c. Apples: Green 5c to 10c; yellow 6c to 12c; red 6c to 9c. Potatoes: New stock local, Garnett \$1 to \$1.25; ext. Jonking Stockton \$1 to \$1.25, poster lower.

DRY FRUIT NEW YORK, July 28 (AP)—Dried fruits and hops steady. STEADY RISE IN STOCK PRICES DURING LAST WEEK NEW YORK, July 28 (AP)—A steady rise in stock prices this week lifted the industrial and railroad averages out of the narrow trading area within which they have been fluctuating for the past month...

RETAIL PRICES Lemons, dozen 40c and 50c; Oranges, dozen 40c to 70c; Apples, 12 lb. 25c; New potatoes, 12 lb. 25c; Cabbage, 5c; Lettuce, 10c and 15c; Turnip, 1 lb. 25c; Bermuda onions 3 lb. 25c; Black Raspberries, 1 pt. 15c; Red Raspberries, 1 pt. 15c; Watermelons, 1 lb. 25c; Cantaloupes, each 10c.

Butter (French) 40c; Butter (creamy) 30c; Eggs 20c. The rally in stocks had a background of favorable trade news. Incentives of General Motors and other trading companies for the first six months of the year generally made a better showing than had been expected. Bond prices drifted lower as the market continued to work off the large volume of 'undiscovered' new securities. New offerings during the week totalled \$21,000,000, as against \$20,000,000 the week before, and \$23,000,000 in the corresponding period last year.

MARKETS AT A GLANCE

NEW YORK, July 28 (AP)—Stocks: Strong; Montgomery Ward at new high. Bonds: Dull; convertible issues firm. Foreign exchange: steady; sterling and francs. Cotton: Higher; forecast unfavorable weather. Sugar and coffee: Holiday.

LIBERTY BONDS

NEW YORK, July 28 (AP)—Liberty bonds: Dull. First 4 1/2% \$99.28; Second 4 1/2% \$100.20; Third 4 1/2% \$100.31; Treasury 3 1/2% \$99.22.

TWIN FALLS MARKETS

These prices are obtained daily at 4 o'clock in the afternoon and are intended to cover only the average of prices. Where certain dealers quote a price higher or lower than the quoted prices no effort is made to include such quotations. Quotations are offered merely as a guide to producers and should not be accepted as reflecting extremes of either high or low prices.

Table with columns: Livestock (Light heavy hogs, Heavy hogs, Cows, Heifers, Veal calves, Yearlings, Spring lambs) and Poultry (Heavy hens, Light hens, Leghorns, Game, Sprungers, Broilers, Blags, Capons, Slugs, Turkeys, Ducks).

LIVESTOCK MARKETS

PORTLAND LIVESTOCK PORTLAND, July 28 (AP)—Hogs: Receipts 2963; their receipts holding for Monday market, compared to week ago uneven; butcher classes mostly steady to 1/2 higher; some spots as much as 50c lower; bulk light butchers for week \$11.75 to \$12.50; extreme top at close \$12; over weights and under weights not quoted, \$11.50 down with extreme heaves down to 10c; packing cases \$23.75 to \$25.00; nothing over \$2.75 at the close; feeder pigs in good demand all week at \$10. to \$13.00.

Sheep: Receipts for week 2400; compared with week ago; lambs and ewes quotably steady; yearlings 50c higher; some Mount Adams lambs Monday \$12.25; nothing choice offered since; valley offerings \$11.50 down; heaves and huns down to \$9.50; strictly choice light yearlings now quoted up to \$9 and ewes \$5 down.

CHICAGO LIVESTOCK CHICAGO, July 28 (AP)—Hogs: Receipts 6000; market uneven; mostly

FURTHER RECOVERIES ON NEW YORK STOCK MARKET

NEW YORK, July 28 (AP)—The stock market, having broken out of the narrow trading area within which it has been fluctuating during the last month, today made a further recovery which carried a number of the leaders to new high ground. Professional operations continued to dominate the market, and apparently succeeded in attracting an outside volume, causing prices ranging from 1 to nearly 7 points were fairly well maintained, despite the usual weekend profit-taking.

Publication of a record breaking semi-annual report by the General Motors corporation was the principal bright news development. This was accentuated by favorable statements of a number of smaller industrial corporations, many of which did not see the light until the first half of the year. June railroad statistics, which appeared during the week, were not so favorable, the first 65 roads to report showing net operating income of \$740,416,000, a decrease of 5.2 per cent as compared with the same month last year.

Montgomery Ward was the feature in today's market, soaring 6 1/2 points to new high record at 17 1/2. This contrasts with the year's low of 117 and with a price of 21 1/2, less than four years ago for the year, or longer, also were registered by Eastman Kodak, Electric Auto Lite, General Ice Cream, and a few others. Abilene Power Issues sank to new lows.

Motors were mixed, Chrysler and Dodge, together with General Motors, on the announcement that sufficient stock had not yet been received to make the merger effective. Hudson and more than 4 points at the expense of an over-crowded short interest, and General Motors, Nash, Packard and Pierce-Arrow preferred advanced 1/2 to 1 point.

United States Steel common closed fractionally lower at 14 1/4, after having touched 14 1/2. Profit-taking sales also brought about recessions in American Can, American Smelting, International Nickel, and International Harvester.

Poor June railroad earnings report, yet offset by reports of large export car loadings, particularly western carriers. Chicago and Atton preferred stood out with a net gain of nearly 3 points.

FURTER BOND BUSINESS A slightly improved underflow although trading was quiet. Sterling cables were quoted a shade higher at \$4.48 13-16.

OMAHA LIVESTOCK

OMAHA, July 28 (AP)—Hogs: Receipts 5000; opened low to 15c lower; closed 4 to 10c lower; top \$10.00 on 215 pound weights; bulk 210 to 300 pound butchers \$10.65 to \$10.85; bulk 170 to 210 pound weights \$10 to \$10.75. Sheep: Receipts 500; compared with week ago fat lambs \$1 lower; other classes steady; closing bulk fat range lambs \$14 to \$14.40; native \$14 to \$14.25; fed clipped lambs \$13 to \$13.25; fat ewes \$5.50 to \$6.50; feeding lambs \$10 to \$12.25; week's top \$12.75; feeding ewes \$4 to \$5; solid mouth breeding ewes \$5.40 to \$8.

DENVER SHEEP DENVER, July 28 (AP)—Sheep: Receipts 1400; fat lambs strong, three loads \$2 pound straight \$14.25 straight; 74 pound load \$13.00 with 40 out at \$11.50. For week: Fat lambs around \$14 lower; closing top \$14.25; bulk \$13.00; to \$14.50; fat ewes around \$5 lower at \$4.50 to \$5.50; cull and common ewes \$3.75 to \$4; one load feeders \$13.75.

BOSTON WOOL BOSTON, July 28 (AP)—Trading in wool has expanded. Final Ohio decline wools are being sold in a little better volume, and strictly com-

ing half blood Ohio has strengthened a fraction of a cent in the week. Business in territory wool is broad, both in regard to volume sold and the number of buyers active. Territory of French and strictly combing half blood French combing fine are fairly active. Medium quality territory wooling, July 31, at 7 o'clock on the has sold occasionally in small lots, which lawn. Everyone invited. Price prices on territory wools have been-

come very well established at level slightly well established about two months ago. The Women's Community Council of Hansen will give their annual fried chicken dinner Tuesday evening, July 31, at 7 o'clock on the church lawn. Everyone invited. Price 50c.—Adv.
