SHIP PICKS UP FOUR EUROPEAN AVIATORS DOWN IN MID-OCEAN

Captain Frank T. Courtney and Three Companions Safe; Radio Brings Vessels to Aid When Craft's Motor Falls.

(By The Associated Press) NEW YORK, Aug. 2.—A flitting helicopter in mid-ocean, sending occasional radio messages to guide searching ships, Captain Frank T. Courtney and three flying companions were rescued by the steamer Minnewaska today and taken from the flying boat in which they had attempted flight from the Azores to Newfoundland.

A wireless message from the liner at 4 p. m. announced that another tragedy of the air and ocean had been averted. The sturdy plane had been located 605 miles northwest of Horta, where it took off at about 7 1/2 miles southeast of Cape Haze.

When the flying boat, which had taken off from the Azores for Newfoundland last yesterday, was forced down, Courtney sent out a radio distress call giving his position as 42 north 11 west. A ocean liner turned toward their course and first to them arrived at the position given by the Courtney plane could not be found.

Hours of diligent search stressed Courtney as they landed late in the general fear that the radio had given out help. But the steamer Achatin got in direct communication with the plane again just before noon and was aware of the new position of the plane.

The second message from Courtney dispelled fears aroused by failure of the radio and indicated that the plane had drifted steadily to the northeast since it had taken off, almost 100 miles from its first position.

Retired banker dead NEW YORK, Aug. 2.—(AP)—William Andrews, 71-year-old banker and member of the Harvard club, was found dead in his room at the club today. Police believed he had committed suicide.

"Miss Spain" Facing Deportation in New Orleans; Penniless NEW ORLEANS, Aug. 2.—(AP)—Penniless and barred from accepting work by the provision of the United States immigration laws, Senora Agueda Adorno, "Miss Spain" at the international beauty contest at Galveston, Texas, in June, is a prisoner at the Algeria immigration station facing deportation.

M'NARY-HAUGENBILL CHAMPION BECOMES NEW YORKER'S ALLEY

George N. Peek, Illinois, to Support Democratic Nominee in Campaign for Presidency; Smith and Lowden to Confer

(By The Associated Press) NEW YORK, Aug. 1.—In his fight for the presidency, Governor Smith and his ally, New York City Mayor George N. Peek, Illinois, one of the champions of the McNary-Haugen farm bill which was introduced in the Senate last week, today announced that he had held the Republican party to enlist under the Smith banner after he and the Democratic state committee had discussed the arm question for two hours.

Immediately after their conference, which took place over a breakfast table at the governor's suite at the Billmore, Smith reaffirmed his intention, elected, of cutting in the near future the income tax on the state.

In his statement, the governor reiterated that he would discuss the farmer's problem at length in his acceptance speech, and observed that "control of the sale of agricultural surplus is recognized by out-pull-pull of the Democratic state committee at campaign headquarters late in the day.

As a result of my conference with Governor Smith this morning," he dictated to newspapermen for immediate publication, "later, incorporating the same language in the introduction of a statement he issued for tomorrow morning papers, I feel certain that he will solve the farmer's problem."

Upon the strength of his statement, Peek, who is a member of the state committee, said he would support Smith's candidacy for president.

In his formal statement, Peek, then said he would support the nomination of Governor Smith in his speech of acceptance, and added:

"I think that no campaign promise which Mr. Hoover now makes for the farmer will be more valuable than his good graces of the farmer."

All British Wireless And Cable Facilities Under One Control

LONDON, Aug. 2.—(AP)—The British government has announced that it has decided to merge all the empire's cable and wireless facilities into one world-wide system.

DETROIT BROKER LEAVES \$4,000,000 IN INSURANCE

THE SPORTS OF A DAY

FINLAND TROTS OUT FLASHY SUCCESSOR

TO BRILLIANT TURN
Slim 20-Year-Old Star, Harry Lavar, Smashes Paavo Olympic Record in 1500-Meter Event; United States Leads.

(By The Associated Press)
OLYMPIC STADIUM, Amsterdam, Aug. 2.—Finland trotted out a successor to Nurmi in the Olympic 1500-meter race this afternoon and the slim 20-year-old star, Harry Lavar, responded by outstriking the French threat "Chisty" Jules Ladoumègne and smashing Paavo's Olympic record.

This latest addition to the flying Finns demonstrated why Nurmi is now confining his efforts to the longer distances by galloping around the field and past his rivals to break the tape in 3 minutes 53 1-5 seconds, just 2-5 second better than Nurmi's 1924 record.

Lavar's victory in this Olympic classic in which the lone American, Ray Conner, was badly outdistanced by the 1500-meter final, preliminary trials produced a 50-50 break in the 400-meter final in which Ray Barbut and Herman Phillips, both running well, were eliminated. Joe Guernsey and Bill Spiller were eliminated. Javelin throwers returned to Sweden for the first time since 1912 as a young sign painter, E. H. Lundquist, smashed the Olympic record with a new equivalent of 218 feet 8 1-8 inches and best a field in which all six finalists surpassed 207 feet. Mikko Oda won the hop, step and jump for the former mark. Frau Radke, in world record time as all six point winners, including the American and bested the former mark. Frau Radke's time was 2 minutes 10 4-8 seconds, more than 7 seconds faster than her own former world record.

Adds Five Points
The United States, adding only 5 points to its men's team score, still holds a commanding lead with 128 1-2, but Finland served notice it is ready to make a strong finish by moving up to second place with 46, displacing the British whose total after 15 events is now 37.

Chatterbox Javelin Throwers—Including Eino Penttila, world's record holder, suffered setbacks at the hands of the young Swede Bill Lavar and his teammates. Penttila, who had a 46.5 meter throw, was eliminated after his first throw. The rest of the day's story included little for Americans to boast about. Barbut, running strongly, was clocked in the second best 400-meter time, 48 4-8 seconds, the German Joachim Buchner doing 48 3-8. Phillips won two heats in better than 50 seconds, but Thomas and Spiller faltered badly and were eliminated after winning their first trials.

Casey saved the Yankee triple jumper from a rout, leading within 2 inches and 2 inches of the winner, Oda. None of the other three Americans—Hogd Bourbonais, Slinder Bowman and Bob Hettler—got beyond the first trials. The javelin throwers were more completely outclassed by a great European field. Arthur Sager, best of the Americans, was just short of 200 feet with a trial throw of 60.45 meters. Charley Harlow, Greth Rines and Les Bartlett can do all lines of beauty work. Specializing in Finger Waves, Water Waves, Marcelling and Scalp Treatments. A trial will convince.

TRUCK-OVERTURNS WHILE DOODING-PASSENGER CAR

Effort on the part of L. W. Baxter, Twin Falls, to avert a collision with a car driven by G. M. Main, Blackfoot, resulted in his truck turning on its side, throwing him against the passenger car.

The Blackfoot truck was driving in front of the Baxter truck and made a left hand turn at the intersection of Main avenue and Sixth street east.

Mr. Baxter was taken to the hospital where he recovered consciousness. His injuries were declared relatively unimportant.

LET US BE YOUR GROCER

A short trial at buying your foods at an O. P. Skaggs System Store will convince you that chances of food disappointments are slim for those who buy all their foods here.

OMAHA BAKERY

An O. P. Skaggs Baking Plant is now in operation in Omaha. It is a duplicate of our Salt Lake plant and will produce the same home made type of bread as that which has become so popular in this territory.

We know our many patrons will be glad to hear of this big expansion in the East and the extension of the O. P. Skaggs System benefits to additional communities.

It is through their loyal support in the past that we have been able to push into new territory. We are appreciative of the fact that our customers have as great a personal interest in the success of our stores as if they personally owned them.

SATURDAY—Three 16-oz. Loaves of Bread, 12c.

Juvenile Courts Kind Few Children Violating Liquor and Narcotic Laws

(By The Associated Press) KANSAS CITY, Aug. 2.—The life insurance carried by James H. (Happy) Smith, traffic officer shot down by bank bandits during the Republican national convention, was used in a suit to determine if the child was a juvenile delinquent. The child was a 14-year-old boy who was arrested for carrying a pistol on his person. The child was a 14-year-old boy who was arrested for carrying a pistol on his person.

death announced a "Happy" Smith family fund and the first contribution to it. Before the convention adjourned the next afternoon, upwards of \$1000 had been subscribed, and numerous contributions from convention delegates and visitors had been received. Smith was buried with police honors on June 17, and that night Will Rogers gave a benefit program netting \$2000. The fund reached \$11,000 before the child's widow and five children had attended the last day.

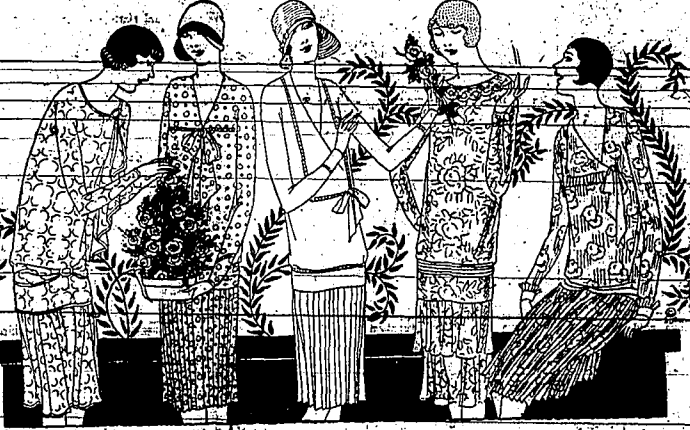

the income would be \$100 monthly building supply firms, carpenters, masons, plasterers, lumber dealers and others began planning a home and factory and firms furnished a stock and material. The home will be ready before school begins in September. The trust fund, which still is growing, will be divided among the children and widow when Martha Jean, three months old, becomes 25 years old. The child's father was 38 years old when she was born.

ADVANCE IN RETAIL PRICE OF GASOLINE GENERAL IN NATION

Willie Willis

BY ROBERT GULLIAN

Reduced Production Sends Market Upward; East-ern Seaboard Starts Parade; Investigation Is Rumored.

Gradual reduction in excess gasoline supplies over the last few months has resulted in a general advance in the retail price of gasoline throughout the nation, according to a statement made last night by managers of local oil company branches.

Rumors of the possibility of a state investigation into the gasoline price advance were brought here from Boise late last night.

Advances in retail prices began along the Atlantic seaboard about a week ago. The raise took effect in the Middle West on Tuesday and in the Inter-Mountain region on Wednesday. Local dealers raised the gasoline price one-cent-per-gallon on Wednesday.

For the last two years there has been practically no change in the retail selling price of gasoline, which is regarded by all men as a unique situation. In former years, prices would fluctuate from five to six cents per gallon from the winter peak to the depth of the summer depression.

Retail prices for gasoline in Twin Falls are 27 cents per gallon for regular gasoline and 29 cents per gallon for high test gasoline.

GOVERNOR BELIEVES PRICE INVESTIGATION IS JUSTIFIED

BOISE, Aug. 7 (AP)—Governor H. C. Baldrige is questioning possibility of an investigation into today's increase in the price of gasoline, he said tonight.

Consideration of the investigation was prompted by a raise of one cent a gallon over southern Idaho, the price in Boise going from 25 1/2 cents to 26 1/2 a gallon.

"The general rise in price seems somewhat unusual," the governor said, "and investigation by the federal trade commission as well as by the state." The governor pointed out that the oil companies had absorbed the one-cent increase in the gasoline tax put into effect by the last legislature, without increasing the price of gasoline to the consumer.

Governor Baldrige will confer with Attorney General Frank L. Stephan, probably tomorrow, he said, before taking any definite steps in the matter.

The attorney general has already been given authority to investigate the gasoline situation in Idaho, the governor said. Gasoline shipped into this state is based on Midwest freight charges whereas the bulk of the gasoline used here comes from southern California.

"I pretty discussed this situation with the public utilities commission."

BREVITIES

Home From Hills—Phil Thomas and family are home from a trip to the hills.

Home From Montana—Frank A. Burkhalter and family are home from a trip to Montana points.

Licensed to Wed—Adolph L. Fisher and Luella J. Bower, both of Omaha, were granted a marriage license yesterday.

More to San Diego—Judge and Mrs. E. A. Walters left Thursday for San Diego, California, where they expect to locate.

On Vacation in Oregon—Mrs. Emily Benson and Miss Edna Brauchman left by stage Thursday morning for a two weeks' vacation in Populad, Ore.

Conf. With Leaders—Adner H. Wilson, national committeeman and W. Orr Chapman, state committeeman of the Democratic party, are in Boise conferring with party leaders.

Visit From Iowa—Dr. and Mrs. C. T. Rice and sons, Arnold and George, Mason City, Iowa, arrived Wednesday evening and are visiting at the home of Mrs. Rice's sister, Mrs. James Snyder.

Visit Home Folks—Miss Ella Krueger, daughter of Mr. and Mrs. W. M. Krueger, is here visiting her parents on a brief vacation from the university of Washington.

Governor Baldrige said, and indicated that an action for lower freight rates on gasoline might follow.

GAS PRICE GOES UP

POCATELLO, Aug. 7 (AP)—The retail price of gasoline advanced 1 cent here today. The new sale price is 26 1/2 cents per gallon with high test selling for 29 1/2 cents.

GASOLINE PRICE RISES

SALT LAKE CITY, Aug. 7 (AP)—Leading dispensers announced a 1 cent increase per gallon in the retail price of gasoline here today. The advance price is 24 cents per gallon.

The Weather

COMPLAINT FOR TODAY: Fair, no change in temperature, or humidity, gentle variable winds.

Circle day in Twin Falls yesterday was given a hearty welcome by the weather man who sent plenty of sunshine to brighten the brilliant and glittering trappings of the day.

The sun, which appeared in the big top to add to the enjoyment of the performance. Maximum temperature was 82 degrees, seven points higher than the high mercury level on Wednesday. The minimum temperature was 43 degrees, eight degrees lower than Wednesday's low reading.

Firemen Make Run—Twin Falls fire department was summoned at 9:30 o'clock, Thursday morning, to extinguish a roof fire at 345 Fifth avenue

It is believed that a spark from the chimney ignited the shingles. A hole, about four feet square, was cut in the roof. No other damage was done.

Returns From Trip—James L. Bodwell returned yesterday from an extended trip which included the Democratic national convention at Houston, New Orleans, St. Louis, Chicago, Gary, Indiana, Kansas City, Masonville, Iowa, and Hubbell, Nebraska. He visited relatives "in several of the places named.

Fined for Battery—O. W. Witham, county attorney, was in jail yesterday in regard to the prosecution of Mrs. Mattie Beard on a charge of whipping the 13-year-old daughter of A. C. Johnson. Mrs. Beard changed a plea of not guilty to guilty and was fined \$100 costs by Justice Chester O. A. Dibelbis.

Here From Arizona—Mr. and Mrs. E. C. Stultz, Phoenix, Arizona, are visiting here with Mrs. Stultz's parents, Mr. and Mrs. G. S. Avant. They arrived last Sunday. Early next week the two families will motor to Yellowstone National park. They will return to Twin Falls before Mr. and Mrs. Stultz leave for Arizona.

To Leave for Seattle—Miss Nellie Galloway leaves this evening for Seattle in company with her brother, VICTOR GALLOWAY, student at the university of Washington. Mr. Galloway has been spending his vacation here with his parents, Mr. and Mrs. Albert Galloway, and Miss Galloway has been employed as stenographer by the Twin Falls Title and Abstract company.

TWIN FALLS, IDAHO, FRIDAY MORNING, AUGUST 3, 1928.

NEWS OF THE DAY AS CAUGHT BY THE CAMERA

IN WALL STREET—For the first time in more than 50 years, a banner—advocating a Democrat for President stretches across Big Business' own thoroughfare in the heart of New York's financial district.

CHRISTEN-ZEPPELIN—The LZ-127, Germany's biggest Zeppelin, was christened the "Graf Zeppelin" at ceremonies held in the huge hangar at Friedrichshafen. Plans for the trans-Atlantic voyage of the craft already are under way.

WELCOMED-HOME—Here are Harbort Hoover and Mrs. Hoover, photographed on the steps of their beautiful home on San Juan Hill, Palo Alto, Cal., during the "home-coming" arranged for them by Stanford University students.

FAR AWAY—This beautiful flower, the Egyptian Lotus, exhibited by Miss Mae Betteridge, is being successfully grown in Los Angeles.

BEAUTY SPOT—The above charming drive leads from the huge log hotel which serves as a gateway to Glacier National Park to the Rocky Mountain range which rears its head a score of miles distant. It is one of the most beautiful spots in America.

RESTING—The cute little trapper is Frances Lee. Who was it said she couldn't sit still? She was quiet long enough for this pretty shot.

COLLECTOR—Josef Mikulec, 60, born in Yugoslavia, has collected autographs of the famous all over the world. He's shown here with one of his 2,000-page autograph books.

MAKING KNOTS—Here's an unusual picture of the bow of the U. S. S. Saratoga, the Navy's crack aircraft carrier, cleaving the water at high speed during a test run. The cameraman hung head-downward in front of the ship to "shoot" the view.

OLD WEST RETURNS—Stage coaches, just like Deadwood Dick, used to pilot, turned back the years the other day when the new bridge across the Columbia River was thrown open to traffic. Connecting the Sunset Highway in Washington with the Okanogan Caribou Trail in British Columbia, the sun serves as an excellent outlet for international traffic.

HIGH TEMPERATURES

UNIVERSAL IN STATE

Intense Warmth Does No Harm To Growing Crops; Grain Accelerated; Stock Feeds Well

Weather was exceptionally warm over the entire state throughout the week ending Tuesday, July 31, according to the weekly weather summary issued by the Boise office of the United States department of agriculture weather bureau.

In spite of the intense sunshine and warmth, no damaging results have been reported in Southeast Idaho and the Twin Falls district. Ripening of grain and growth of all garden and truck crops have been accelerated during the last week. Corn, grass, vetch, rapidly.

Weather conditions favored rapid and grain harvesting, which is well under way. Much wheat is now in the shock and the second cutting of alfalfa is being secured in excellent condition. Dry farm pastures and the low ranges are very dry, but feed is still ample and range stock is fat and sleek.

Extreme Heat in North

In North Idaho, the week was characterized by extreme heat, low humidity, and the absence of rains, winds and thunderstorms. All previous records of high temperature were broken successively on July 24, 25 and 26. The peak of the heat wave was 113.3 degrees, which was recorded Thursday at Burley. High winds just three or one-half degrees higher than the highest previous record.

There was a showing up, but no significant harvesting and threshing, which operations are becoming general over the district. Harvesting of corn and alfalfa is well advanced. Live stock passed through the heat wave in good shape and are still doing well. Pastures are dry and high feed is scarce. Mercury high in Southeast.

High temperatures obtained during the week in Southeast Idaho. A few light and widely scattered showers occurred. The weather was favorable for the maturing of small grain and all crops made satisfactory progress.

Mercury high in Southeast.

High temperatures obtained during the week in Southeast Idaho. A few light and widely scattered showers occurred. The weather was favorable for the maturing of small grain and all crops made satisfactory progress.

Notes From the Field

Burn, Twin Falls county, hot weather, fire is still in the range. Beneficial for beans, corn and alfalfa; barley mostly cut, second cutting done. Rupert, Minidoka county, weather very warm past week; excellent for most crops; grain crops maturing rapidly; harvest just getting started; second cutting of hay being harvested.

Twin Falls, Twin Falls county, crop looking fine; heat affecting grain to some extent; apt to harvest in full swing; barley in shock and some wheat cut; potatoes ready, but no movement; winter wheat harvest in full swing; nicely; great peach prospect.

Oakley, Cassia county, grain harvest may be completed by the end of the week; second cutting of alfalfa being harvested; potatoes, beans, corn, garden truck and orchard fruits doing well; tomatoes and peas damaged; blight-rangefeed-good-and-stock-does well; lambs are big and fat and are being shipped.

Cast in Circus Film

There's nothing quite so dear to the heart of a child—and that includes the grown-up children, too—as a good old one-ring circus. And with that fact to work on, Robert McKowan, the man responsible for the production of Hal Rosch's "Our Gang" comedies,

Electric Service Station
Changes Hands

A deal has been recently consummated whereby W. L. Hudson, formerly of Casper, Wyo., has purchased the Electric Service Station, formerly owned by L. E. Salladay and G. O. Wallace. Mr. Hudson is making extensive improvements in the service station, which will continue at its present occupancy at 143 Second Ave. North. Mr. G. O. Wallace who has been with the concern for some time, will be retained as a manager by thoroughly competent Electrical Radio and Battery repair men. The station will continue its well known Automotive Electrical Service including Radio repairs and will carry a complete stock of parts as it has always done. The well known WILGARD BATTERIES, A new Delco-Remy line will be added carrying equipment and service for Lovejoy Shock Absorbers and other lines which will be announced later, thus making this service station one of the most complete in the city. All work done by skilled mechanics.

After the Battle's Over

THE CLOSE-UP OF CHAMPION GENE RUNNEY at the right shows that he didn't escape entirely unscathed from his encounter with Tom Honey, coarseness has a cut on his upper lip. The master sharpshooter is reading a few of the hundreds of congratulatory telegrams. Left, reading the newspaper stories of the fight.

has built "Barnum & Ringling, Incorporated," which comes to the Idaho Circuit today in conjunction with the "Tom McCoy" feature picture. "The Law of the Range," which co-stars Gene Crawford.

To appear in the throes of delirium tremens could conceive of the fantastic and funny animals which grace the kiddie's idealisms. There are made rhinoceroses and an endless list of blood-drinking reptiles and mammals.

The Gang stage what they term "the greatest show on earth," which turns out to be a riot of fun which ends in a riot. Early police patrons are being invited to make their limited quantities. Feed continues plentiful and all livestock are thriving. Rain is being beneficial to dry farms in all sections.

125 WOMEN ATTEND EDUCATION CAMP

Vacation-Session at Guyer-Hot Springs Attracts Matrons From Eight Idaho Counties.

BURLEY, Aug. 2 (Special to The News)—Miss Mary Van Deusen, district home demonstration agent with headquarters at Rupert, has returned from the women's vacation camp at Guyer Hot Springs. She says representatives were at the camp from all counties of the southern district, including Cassia, Minidoka, Twin Falls, Jerome, Gooding, Lincoln, Blaine and Camas. The attendance numbered 125 women.

Morning meetings were devoted to education and speakers in the program, which was representative of home demonstration projects, were Miss Madge Reese of the federal department of agriculture, E. R. Bennett, Boise, extension horticulturist; Miss Marjorie Eastman, state clothing specialist, E. J. Stearns, representing the W. P. Fuller company and Mrs. McDewitt, Boise, representing the Idaho Power Company.

Inspirational talks, at the evening meetings, were given by Governor H. C. Baldrige; Dr. J. W. Barton of the University of Idaho; Moscow; Dean F. M. Angell of the University of Idaho; Billie Smith, Penetello, W. D. Vincent, Boise, commissioner of education, and Asher B. Wilson, Twin Falls.

MINI-CASSIA DAIRY

RENDS SCORE HIGH

Hupert Holsteins Win First Place; Tests Made of 277 Cows; Gross Income \$4480

BURLEY, Aug. 2 (Special to The News)—The Mini-Cassia cow testing records for July show that 277 cows tested for the 24 members of the association returned a gross income of \$4480. These cows produced an average of 876 pounds of milk and 32.6 pounds of butterfat. Of these 277 cows, 90 produced an average of over 40 pounds of fat, which is considered to be a rather remarkable production for one-third of the cows of the association.

Robert Maxwell Hupert was placed at the top of the list in the classification between five and 10 cows. In the associations of the state, Guardell had seven registered Holsteins that gave 1663 pounds of milk and 50.5 pounds fat. Gooding-Jerome association came second with 49.5 pounds fat.

In the Mini-Cassia association, high cow, a registered Holstein producing 81.0 pounds fat, is owned by Millard Leigh. A grade Holstein owned by G. R. Congdon, came second with 70 pounds. Lee Lundy Hupert, had the third cow, grade Holstein producing 65.3 pounds, and Robert Guardell, also of Rupert, had the cow rating fourth, a registered Holstein producing 65 pounds.

WHEAT MARKET TENDS TO LOWER LEVELS

New Winter Marketings Heavy; Canadian and European Prospects Good; Corn Firm

SALT LAKE CITY, Aug. 2.—The market for wheat generally satisfactory progress of spring wheat in the American northwest and unusually favorable prospects for the Canadian crop, together with large world stocks, were weakening factors in the wheat market during the week ending July 29, and prices declined to lowest point for the crop to date, according to the weekly grain market report of the United States bureau of agricultural economics. Rye and wheat were lower, but the corn market held steady, influenced by continued active demand for the increasing supply of old crop grain. Oats and barley declined sharply with receipts of new grain.

Reports indicated generally satisfactory progress in the spring wheat areas of the United States. No serious risk of frost was reported. Spring wheat is maturing rapidly and much is beyond the danger stage except in the more northern areas. Only the later maturing fields are likely to be damaged, according to reports to the United States bureau of agricultural economics. There is a general trace of stem rust in the northern part of the Red river valley, where wheat is in the milk to soft dough stages. There is a trace of rust but no severe infection in the southern Red river valley of Minnesota and North Dakota, where wheat is further advanced. There may be some small damage in the Minnesota river valley, where infection is rather severe.

Canadian Crop Good

The Canadian crop continues to make excellent progress with a large percentage of wheat now in head. Moisture is sufficient for maturing the crop in most areas and no serious damage from hail or rust is reported. European crop conditions continue favorable, although some damage to grain has recently been reported as a result of excessive heat in countries of southern Europe. The Italian crop is now placed at 235,000,000 bushels, compared with 197,000,000 bushels produced last year.

While import statistics are yet incomplete, imports of wheat into Italy from August 1 through May, were only about 6,000,000 bushels, larger than for the corresponding period of the preceding year, notwithstanding a reduction of some 25,000,000 bushels in last season's crop. The spring returns from the lower Danubian countries are irregular but the Hungarian crop forecast has been revised upward during the past week and is now placed at 88,000,000 bushels, which amount provides some 20,000,000 to 25,000,000 bushels for export. Conditions in northwestern Europe are generally favorable but crops are late.

The world's visible supply of wheat and flour now totals 244,000,000 bushels, about 60,000,000 bushels more than at July 1 last year, and was the largest amount on record for that date with the exceptions of the war years, 1916, 1918 and 1919. A large percentage of the increase may be accounted for in the larger supplies in Canada.

Cash Wheat—Mark Declines

The cash wheat market generally declined with the futures and most classes of wheat were being quoted 6 to 8 cents lower than a week ago. The movement of new hard winter wheat was heavy, receipts at Kansas City, which totaled more than 8000 cars, being the largest on record. Mill storage is being rapidly filled, according to trade reports, and demand from this source is abating. Export inquiry was also limited and bids were around 10 cents per bushel lower than a year ago.

Exporters were bidding \$1.204 to \$1.204 1/2 at the close of the week for No. 1 hard winter delivered at Texas Gulf ports, while No. 2 hard winter for August shipment was quoted in Liverpool at \$1.59 per bushel. This compared with \$1.57 for No. 3 Manitoba for August and September shipment and \$1.48 for No. 1 Manitoba, October and November shipment.

Many of the receipts of hard winter wheat at Kansas City were arriving in

a heating condition and were in low demand. Dry wheat of all grades was readily taken with 12 per cent protein No. 2 hard winter selling at 5 to 6 cents over the Kansas City September index at \$1.47. 12 1/2 per cent protein was bringing 8 to 10 cents over and 13 per cent protein was over 17 per cent protein No. 1 hard winter was quoted at Omaha at \$1.20 and 11 per cent protein No. 2 hard winter at \$1.17 to \$1.13. Much of the lower protein wheat was being shipped to soft winter wheat mills to supplement the supply of soft wheat.

Soft Winter Wheat Ahead

The soft winter wheat market will not follow the decline of hard winter wheat because of a limited supply, but quotations were 4 to 5 cents lower at St. Louis, where No. 2 red winter was quoted at \$1.47 to \$1.48. There was urgent demand at Cincinnati where receipts of new wheat were very small. Prices were advanced 2 to 3 cents with new No. 2 red quoted at \$1.44 to \$1.46. Early arrivals showed considerable moisture, grade—about \$100. No. 2 red winter was quoted at Toledo at \$1.44 to \$1.45 with old wheat selling at about 10 cents premium over these prices. A large percentage of the receipts at Chicago was consigned direct to mills and elevators but No. 2 red winter was quoted normally at \$1.40. No. 3 at \$1.33, while No. 2 hard winter was quoted at \$1.22 to \$1.24 and No. 3 at \$1.22.

There was active competition for the light receipts of old crop spring wheat at Minneapolis, particularly for the better protein types. 12 per cent protein No. 1 dark northern was quoted in that market at 13 to 14 cents over the Minneapolis September price of \$1.29. 12 per cent protein No. 2 to 32 cents over, the 14 per cent 27 to 41 cents over, a decline of about 6 cents for the week. Prices at Winnipeg declined 4 to 5 cents with No. 2 Manitoba quoted at \$1.26 and No. 3 Manitoba at \$1.23. Large quantities of low grade Canadian wheat were being offered and export sales indicated a fairly large taking of these grades of wheat.

West Coast Mark Weak

Pacific coast markets were also weak although export demand at Portland

It Was Only Done Once, Gene

Poor old Jim Jeffries couldn't stay "retired" when Rickard tingled \$100,000 under his nose, and was kayoed by Jack Johnson in fifteen rounds.

Will handsome Gene show more strength of will than did the massive California?—Mebby, but old John W. Ringside is skeptical.

was more active and sales of about 15,000 tons were reported sold to the United Kingdom. Receipts at terminal markets were larger and about double those of a year ago. White wheat was

quoted at Portland at \$1.25 to \$1.26 per 100 pounds or \$1.32 per bushel at 15,000 tons. Demand was very dull at San Francisco. Idaho No. 2 hard white in bulk was being quoted at \$2.05 per 100 pounds, or \$1.21 per bushel. Receipts totaled 2307 tons. Trading was

per 100 pounds or \$1.32 per bushel at \$1.25 to \$1.26 per bushel. Demand was very dull at San Francisco. Idaho No. 2 hard white in bulk was being quoted at \$2.05 per 100 pounds, or \$1.21 per bushel. Receipts totaled 2307 tons. Trading was

very slow at Los Angeles where No. 1 California Sonora wheat sacked was quoted at \$2.25 per 100 pounds, or \$1.35 per bushel. No. 2 hard winter wheat from Idaho in bulk was quoted at \$2.00 per 100 pounds, or \$1.21 per bushel.

The corn market continued firm and showed but little change from a week ago. The crop made good growth practically everywhere in the main producing areas and conditions improved in sections where it had been too wet for cultivating recently. The crop is now tasseling generally with some silking well toward the northern section of the country. The active demand for the supply was sufficient to offset the weakening influence of the favorable crop prospects and the market held steady. No. 2 yellow was quoted at the close of the market July 27 at Chicago at \$1.08 to \$1.09, and No. 2 yellow at \$1.04 to \$1.05. No. 3 yellow was quoted at Kansas City at 98c to \$1.00. Nos. 2 and 3 yellow at Omaha at 96c and No. 2 yellow at St. Louis at 95c to \$1.03.

AIR EFFICIENCY RECORD

CORN MARKET MOVES UPWARD DURING DAY

Spot Cash Demand for Cereal To Be Shipped Out of Chicago in Evidence: Wheat Up

CHICAGO, Aug. 2 (AP)—In the face of considerable selling to realize profits, the corn market moved sharply upward much of the time today. Spot cash demand for corn to be shipped out of here was in evidence and fresh receipts of corn in Chicago today totaled 699,121 cars.

Closing quotations on corn were firm, $\frac{1}{2}$ to $\frac{3}{4}$ cent higher, with wheat $\frac{1}{4}$ to $\frac{1}{2}$ cent higher and unchanged on advance, and provisions unchanged to 25c down.

Wheat "shipments" with "corn" strength, and limited the influence of export business in Canadian wheat, today estimated at 2,000,000 bushels. Hedging pressure, however, appeared on the upturn in price. Fall was current that with Chicago wheat values about 10c a bushel lower than a year ago bearish conditions had already been allowed.

Wheat	Sept.	Oct.	High	Low	Close
Sept.	125 1/2	125 1/4	125 3/4	125 1/4	125 1/2

Cattle: Steady.

Hogs: Lower.

SPECULATIVE INTEREST

NEW YORK, Aug. 2 (AP)—Frequent shifts of speculative sentiment characterized today's stock market, but the major price tendency was downward in reflection of growing uneasiness over the credit situation. With a special meeting of the New York Clearing House association called to today discuss the brokers' loan situation, the market was in a "jumpy" state all day as a result of the many rumors in circulation.

While the official decision of the New York clearing house was withheld until tomorrow, Wall Street feared that bankers had agreed to the commission charged for placing call loans for others and to fix \$100,000 as a minimum loan for that account, but that slightly higher interest rates would be allowed on "deposits." In the absence of any final figures showing to what extent loans of less than \$100,000 "for the account of others" figured weekly totals of all loans, Wall Street was somewhat at a loss to interpret the significance of this action.

The day's business news was largely favorable. The export of new order above shipments in closing days of July led to predictions that the United States Steel corporation would show an increase of nearly 100,000 tons in "unfilled orders" in the monthly tonnage statement next week. United States Steel common closed fractionally lower at 140 1/4 after having been down to 140.

Pool operations were again apparent in several specialties, current earnings or prospects of which are regarded as unusually favorable. Frank G. Shattuck ran up 8 points to a new high record at 124 1/2. Excellent buying also was noted in Johns Manville, Victor Talking Machine, American Ice, and Electric "A" and the packing issues.

PLEASURES COME HIGH

National Tea broke 3/4¢ points, milk and Indian Motorcycle 5 1/2, and Indian Motorcycle 5 1/2, the last named touching a new low level for the year. Montgomery Ward ran into heavy selling after setting new high records for several days, but ended only 1/4¢ points lower at 185 1/2.

Trading in bond rails was colorful with price changes frequent and generally unimportant.

LIBERTY BONDS

NEW YORK, Aug. 2 (AP)—Liberty bonds closed:

3 1/2	\$9.27
Three 4 1/2	\$10.26
Fourth 4 1/2	\$10.80
Treasury 4 1/2	\$10.12
Treasury 3 1/2	\$10.12
Treasury 3 1/2	\$9.30

AUBREY W. MILLER, blind at 71, writing story of his first airplane ride. "It is the most delightful sensation I know," he said.

combining is selling fairly well, but with only a few houses getting the demand. Good grade wools of the quality and cloth are bringing \$1.10 to \$1.12, scored basis. Meanwhile the lots of short staple French combs realize \$1.04 to \$1.10, scored basis. An occasional call is being received for medium grades of territory.

LOS ANGELES PRODUCE

LOS ANGELES, Aug. 2 (AP)—Produce: Receipts heavy; steady.

Butter: 29,000 pounds; cheese: 9,000 pounds; eggs: none.

Eggs: Extras 35¢; firsts fresh 33¢; case count 30¢; medium 29¢; minute 27¢.

To Build and Return August 10th

BOSTON, Aug. 2 (AP)—A few houses are doing a fair volume of business in the finer grades of territory wools, but with most houses demand is very slow. Half blood 85c; 60c strictly combed are selling at \$1.08 to \$1.12, scored basis. This is the stronger grade in territory lines. Fine French wools are selling at \$1.10 to \$1.12, scored basis. This is the stronger grade in territory lines. Fine French wools are selling at \$1.10 to \$1.12, scored basis.

THE GUMPS - THE FIGHTPHONE

DAD'S FOLLY

Josephine looked at me with a twinkle in her eye. "I telephoned to him while you were begging the cowboy to go," she said, and she smiled.

CHAPTER VI

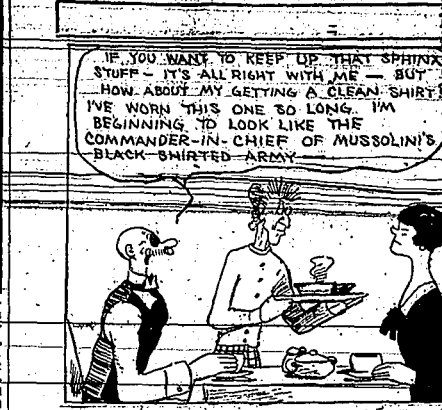

"After what Perkins had said about my inability to make me comfortable, I had not least expected to see my room here so clean and bright."

"I wanted to shake her, and I probably should have done so if she had not tried to put the floor down."

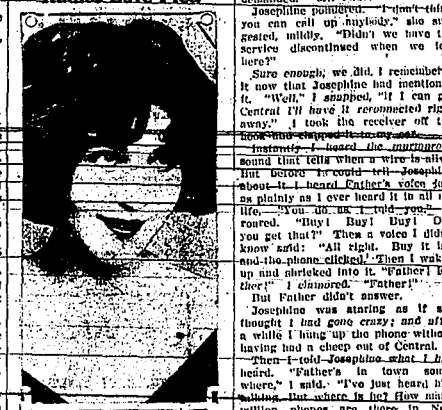

"I had a very bad headache when I went down, but when I saw that she was really all right, I was relieved."

"I thought she was all right, but when I saw that she was really all right, I was relieved."

"I thought she was all right, but when I saw that she was really all right, I was relieved."

Radio Love Plea

GOLDIE K. LITCHIE, New York matron, whose \$100,000 allowance against Mrs. Thelma Greenfield revealed that she had broadcast by radio a plea to the defendant not to start her husband's love.

"The voice came from the open door behind me. It was a strange voice, too. I jumped up and faced about."

"I knocked at the door, but no one answered, and so I just butted right in. I was dead anxious about Mayo."

"I was dead anxious about Mayo. I was dead anxious about Mayo. I was dead anxious about Mayo."

"IF YOU WANT TO KEEP UP THAT SPINNA STUFF - IT'S ALL RIGHT WITH ME - BUT HOW ABOUT MY GETTING A CLEAN SHIRT?"

"THEY - IF YOU SEE MR. GUMPS - TELL HIM IT'S USELESS TO LOOK IN THE ICE BOX FOR THE GAS STOVE, FOR A CLEAN SHIRT - HIS EYESIGHT MAY BE FAULTY, I SUGGEST YOU TAKE HIM BY THE HAND - LEAD HIM UP TO HIS OWN ROOM - AND TELL HIM THERE ARE A DOZEN CLEAN SHIRTS IN THE TOP DRAWER OF HIS DRESSER."

Idaho Department Store "If it isn't Right bring it Back"

Big Mill-End Piece Goods Event Starts In The ECONOMY BASEMENT FRIDAY

The mills took the loss—we pass along the savings to you.

Thousands of Yards of Crisp, Catchy, Summer Piece Goods obtained by a special arrangement and offered as a summer stimulus.

Priced to sell from 1.3 to 1.2 less than the regular prices.

A New Attempt With Us — — But It Certainly Worked

In order to clearly explain how and why the wonderful values in this Summer Piece Goods Event came to be offered to you we had a happy thought and got Mr. Beach's letter out of the files, written when these goods were procured in St. Louis.

Hotel Statler, St. Louis

July 13, 1928 MR. B. N. HOLT, Manager Economy Basement.

Dear Mr. Holt: Went to two of the head men in the jobbing houses of St. Louis today and told our story. Explained that we wanted their cooperation in staging a real Mill End Sale in the Economy Basement of our stores to stir up business during the summer.

They Are Priced So Low That The Entire Lot Should Be Sold By September 1st

HERE ARE THREE BIG LOTS

LOT NO. 1 In this lot are 28-inch plain and fancy chevrons 32 inch chambrays and printed linens, 36 inch dotted scrims and percales. All mill-ends from 2 yard to 12 yard lengths. Qualities which should sell from 24c to 34c a yard. All are extraordinary values at 17c a yard.

17c yd.

LOT NO. 2 This lot which we are offering at 23c a yard would be low-priced if marked from 35c to 44c a yard. There are 30 inch checked chambrays, 32 inch printed pongees, 40 inch colored nainsooks, pajama checks, and plain voiles. Compare these at this price—23c a yard.

23c yd.

LOT NO. 3 These better quality fabrics would be good values if priced from 46c to 55c a yard. Printed pongees, flock-dot marquisettes, colored satens, broadcloths and printed batistes, in widths varying from 30 inches to 36 inches. You will agree that they're low-priced at 27c a yard.

27c yd.

Regardless of the cost mark these at just three prices—17c, 23c, 27c and put over a rousing event. They must all be gone by September 1st. Everything we are sending you will sell from one-third to one-half less than a close regular price. The mills took a big loss on these goods. I know our friends didn't make a profit on us and at the prices you are to mark them you can't count on a piece goods mark-up, of course, but it will be a great ad and a good business stimulator.

With kindest regards, K. C. BEACH.

A variety of fabrics to choose from—Broadcloths, Crepes, Voiles, Printed Pongees, Batistes, Nainsooks, Chambrays and Percales. Fabrics which would ordinarily sell from 29c yard to 55c yard. Now priced 17c, 23c and 27c yard.
