#### Three Young Men Representing California Motor Association Meet State Officials Here

Inactivity saves penalty Idaho's state insurance bureau is on the trail of agents of the Metropolitan Automobile Association of California operating in Idaho because they have not complied with requirements of state law regarding state license. Agents of the California Motor Association met with the association's service committee in the status of the California concern in this regard to light here last evening when three of its agents were questioned by E. G. Yates of Boise field deputy for the state bureau of insurance.

Idaho law requires issuance of state license to all insurance agents, and the California concern, Mr. Yates said, has not complied with this requirement. Hence its agents are liable to prosecution and penalty if convicted of sale of insurance. The agents questioned here last evening by the field deputy were young men who said that they had come to Twin Falls two days previously from Boise. They denied that they had accepted any payments for membership in the association or for insurance offered in connection with such membership.

### SMITH GETTING REST IN ALBANY MANSION

Arrangements for the ceremony are expected to be completed in the next few days. Governor Smith plans to go to New York for an overnight stay, before going to Sea Cliff, on the New York coast, to attend a political rally Saturday and review National Guard troops. The middle of the following week he is expected to return to the New York state fair at which he plans to deliver a non-political speech. "Knowing that arrangement the committee's plans have not been disclosed."

### STRATEGY OF MAJOR PARTIES OCCUPYING POLITICIANS' TIME

(Continued From Page One)  
hibition pronouncement the South would be won over. The reaction to Hoover's prohibition declaration was, inspired by a desire to avoid repeal of the Eighteenth amendment—and against "nullification." Interesting enough, while "dry" leaders accepted that as completely "dry" Hoover's intent observed that he did not name the Volstead act but did emphasize that certain "points should be corrected."

Another high light in the fight against the Anti-Saloon League was almost completely completed in putting its ticket. Republicans saw in the result a promise of "dry" victory for Hoover in the Mid-West, although the Democrats are equally disposed of in advance.

In addition to Daniels, other Smith callers of the week were Senators Walsh, Montana, Glass, Virginia, and George, Georgia. Glass had little to say after the conference; George said his state was safe for Smith; and Walsh expressed gratification that election of the governor would introduce into the national arena something of the human element lacking under the regime of Coolidge and Mellon.

That branch of the electorate which has concerned itself chiefly with the religious issue added fuel to the flames during the week but the backfires are so neatly matched that settlement is no nearer than in November. A Boston university minister, editor, the Rev. Albert C. Pfefferbach, told the public forum of the University of Virginia to renounce Smith's candidacy and the Roman church has not realized its ultimate claim to primacy over the state. He received a prompt reply in chorus with shouts of "negotio" and "political persons" rising in the disorder.

A little closer to Smith's home the argument with the Rev. John Reach Stratton, New York, in a public debate on the nominee's fitness for party leadership got heatedly on by mail. The governor insisted upon a "yes or no" answer to a question which would brand Smith as a "bluffer, Tammany trickster and a coward." Now it is Smith's turn to reply, if he so elects.

### MINE INTEREST OF CLARK MAY BE SOLD

#### John P. Gray, Coeur d'Alene, Announces Prospective Action On Late Solon's Estate

SPOKANE, Aug. 18 (AP)—Prospective sale of the Montana copper mining interests in the Clark estate, according to John P. Gray, Coeur d'Alene, Idaho, general counsel for the Montana interests of the Clark estate, was announced today by John P. Gray, Coeur d'Alene, Idaho, general counsel for the Montana interests of the Clark estate. The announcement followed a meeting here of the directors of the Clark-Montana Realty company. Whether the sale was to include the United Verde copper mine at Butte, the Butte miner, a daily newspaper of the Butte area, and the Columbia Gardens in Butte, the latter a recreation park owned by late Senator Clark, Mr. Gray could not say. The details of the transaction, he said, have not been worked out. The proper mine in Montana, are the Elm Ofr, the Moulton north of Butte, and various other smaller holdings.

The meeting was for the purpose of authorizing the sale of the property at Butte to the Anaconda Copper Mining company, Mr. Gray said. "We have every reason to believe the deal will be consummated in a few days. The sale will in no way affect the operations of the Clark estate properties, and operations will continue as heretofore."

Present at the meeting besides Mr. Gray were C. E. McCormick president of the Exchange National bank of the city; Robert P. Fuller, general manager of the United Verde copper company; Charles Wallace, Arizona; Edward J. Backman, New York, counsel representing the interests of W. A. Clark; J. L. Tompeman, attorney at Butte; and George Samuels, attorney of Butte. Members of the party, except for the principal Clark copper mines in Butte in a tri motor cabin airplane in which they arrived here this afternoon from the Montana city.

BOISE, Aug. 18 (AP)—Harry O'Neill went to pitcher for the Twins today and stayed through a flurry of hits in the early innings to lead his team to a sparkling 12-to-5 victory over the Banckocks.

While he gradually tamed the league leaders, his teammates with greater abruptness, piled up six runs in the third inning and five in the sixth. The Banckocks could not fathom that sort of play.

DUMB BELLS REGISTERS AS MENTOR OF THE WEEK

BASEBALL "BIG SIX"

(By The Associated Press) Although Paul Waner batted only 28th for the afternoon in two games against the Phillies, yesterday, he held most of the fine gain he had made against Rogers Hornsby, the slugger, runner, on the Brooklyn club, getting only four out of seven in two games, the elder Waner shipped a single-point sacrifice.

Hornsby was able to gain only one notch for an average of .377 as he hit his seventeenth and eighteenth home runs.

Babe Ruth gained two points to 330 with two out of four, but Ty Cobb remained out of the game and boin Frank Frisch and Harry Heilmann went hitless.

PROVINCIAL POLICE HUNT FOR TWO MAIL ROBBERS IN CANADA

At Waukegan the pursuers came into a mail car stuck in a ditch and unoccupied. They drove past, turned and came back to find one "was seated in the car and Thomas Jackson, a farmer, roused by the robbers to haul them out of the ditch, was preparing with his son to catch a team of horses to the stranded automobile.

"No," the man replied, "I guess we'll be all right." The cars were close together then and Walter Laird pointed a monkey wrench, held as though it was a revolver, at the man at the wheel of the stolen car. The man begged: "Don't shoot," and then as he pretended to comply with the order to get out of the car, opened fire with his pistol.

Jackon, the farmer, left with a bullet through the neck, dying almost immediately. Lyman and the Lairds sprang toward the armed man and he shot Laird through the chest and Houghton Laird through the hand. Then Walter Laird, though seriously wounded, spun his monkey wrench at the man's head and he crumpled in the road. The other two occupants of the stolen car fled into the bush.

Brought to the jail here the prisoner gave him name as John Burdowski and said he was a carpenter.

Prospects Indicate Yield of 50 Per Cent; Hopper Pest is General; Acreage Shows Big Decrease Where Not Common

That the advance information and forecast on the sugar beet situation furnished by Walter Carter of the United States bureau of entomology, is being borne out 100 per cent and that the attitude of the sugar company in accepting such information and returning contracts to the growers is worthy of commendation...

There are now growing on the Twin Falls tract 25 small fields of beets, planted in all 126 acres, all of which were planted on the very best of land, by enthusiastic supporters of the industry...

Had the estimated results of 10,000 acres been obtained it is conservatively estimated by those who are informed that on the average land which is under 75 per cent of the total contracted, would have been a total failure...

Favorable weather conditions with an unusually cool May and June save the beets a wonderful start, also preserving desert vegetation to the extent that abundance of succulent food was available...

REPUBLICANS WANT BORAH TO LAUNCH COUNTY CAMPAIGN

County Central Committee Retains John W. Graham Pilot; Members Vote to Share Responsibility With Women

Republican leaders of Twin Falls county want Senator W. E. Borah to open the Republican political campaign in this county with an address in the near future at a county-wide rally. The sentiment is expressed in what nearly every precinct committeeman met here yesterday to map out plans for the campaign and to organize the county-wide executive committee for the ensuing two years.

John W. Graham, Twin Falls, Republican county chairman for the past eight years, was elected to that office, and John C. Harvey, Twin Falls was elected secretary-treasurer. Only one other candidate, J. W. Taylor, former prosecuting attorney, was nominated for the party chairmanship.

Members of the committee approved a plan for admitting women voters to full membership in the committee, each precinct to be represented by a committeewoman as well as by its committeeman elected at the primary election.

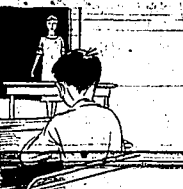

Recommendation Chairman Another new departure was recorded when the committee recommended the re-election of former State Senator Joseph H. Seaver as chairman of the executive committee. The committee is to be held here next Tuesday, and authorized appointment of a committee to draft resolutions for consideration at the convention. Members of the committee named were: Shad L. Hodgkin, Twin Falls; E. L. Rayburn, Berger; John C. Harvey, Twin Falls; R. P. P. Party, Twin Falls; R. K. Dillingham, Piler.

The county convention, according to arrangements approved by the committee, will be held in the Park hall here beginning at 2 o'clock next Tuesday afternoon. It will elect delegates to the Republican state convention at Kellogg next week, and will also elect Twin Falls county's representatives on the Republican state central committee. This office now is filled by Jess Eastman, Buhl, who was appointed to fill the vacancy caused by the death of the late Carl Miller of Buhl.

Congressman Jubilant Congressman Addison T. Smith, addressing the Republican committee yesterday, declared that "with the party's presidential nominee who is an outstanding figure, both nationally and internationally, and with its legislative record for the past eight years, there never was a time for you to be more proud of being a Republican than now."

Miss Gladys Terhune, Idaho Republican national committeewoman, related her reactions to the Hoover notification ceremonial at Palo Alto, Idaho, declaring that in meeting the presidential nominee she was surprised by the previous high estimate of him as an organizer and economist with personality and sincerity of purpose. Seventeen out of the county's 25 precincts were represented by precinct committeemen at yesterday's meeting of the Republican county convention.

SOCIALISTS PREPARE TO WAGE CAMPAIGN

County Central Committee Delegates to Party Convention Plans For Action

The first campaign to be waged by the Socialist party in Twin Falls county in more than 10 years will be outlined at the party's convention to be held in the office of the county clerk next Tuesday afternoon. It was stated last evening by Herman C. Schurger, Twin Falls, who was yesterday elected chairman of the Socialist county central committee.

Organization of the precinct was effected by the four precinct committeemen who were elected at the primary of August 7. H. H. Fredehelm, Twin Falls, was elected secretary and treasurer. The committee in its initial session disposed of a tie vote cast at the primary for candidates for state representative, and awarded the nomination to Mrs. Essie E. Grimm of Buhl. In the primary election Mrs. Grimm and Leon S. Ayotte, Twin Falls, received a tie vote for the nomination. The party's legislative ticket now is composed of Mrs. Josephine C. Schurger, Twin Falls, candidate for state senator; R. P. Logan, Buhl, candidate for state representative; and Mrs. Grimm, candidates for state representatives.

Two new precinct committeemen were appointed by the committee to fill vacancies. Fred Blackburn, 159 Blue Lakes boulevard, being named committeeman for Twin Falls precinct No. 7, and Milton Haskett, committeeman for Buhl precinct No. 2.

Members of the county committee elected at the primary were H. C. Schurger, Twin Falls No. 8; H. H. Fredehelm, Twin Falls No. 1; Leon S. Ayotte, Twin Falls No. 3; George Hibner, Buhl No. 1.

KNOW IDAHO BILL IN NEBRASKA DAYS

Twin Falls Man Tells About Time When Captor of Cat Began Letting Hair Grow

"I am sorry that I didn't know that 'Idaho Bill' Pearson was in town last evening with his hair cut as I remember. He had very little when we were in Hastings, Nebraska, 25 years ago before he began to let his hair grow long. When he began planning to go into the Wild West show business," A. Z. McGrew, Twin Falls mechanic, said yesterday.

"I knew Pearson when I was a young man. If he had previously done any scouting I never heard of it. As the 'Buffalo Bill' show began to 'run down' he started a Wild West show, which was a great success. He hired good riders and good show, put on a good program and made a lot of money. He let his hair grow long and traveled a great deal. He put his show in the east and people attended it everywhere. Pearson also was an actor and in Hastings but the jury acquitted him. I knew him well.

Horse Was Bucked — when he began training his horses for the Wild West show he had a number of good riders that mounted good bucking horses. When it came Pearson's turn to mount, he got on the horse like someone who never rode before, and got off that way, too. The horse he mounted was a real buck and threw him about 20 feet the first jump.

Was Quoted Right — When I read the story this morning I felt sure that Bill had the anti-hair-cutting habit. As a showman Pearson was identified with other men in that line of business like 'Fawcett Bill,' 'Diamond Dick,' 'Deadwood Dick' and others, and put on a good show. He has traveled so much that I am not surprised to learn that he caught the cat in Mexico. If that is just Bill's estimate, I guess that the cat would weigh about 400 pounds."

CONRADES AT BUHL PAY VETERAN FINAL TRIBUTE

BUHL, Aug. 18 (Special to The News)—Comrades of Company K, Buhl unit of the Second Idaho Infantry, registered with whom he served on the Mexican border in 1910, paid military honors at funeral services held here yesterday for Eimer Johnson, 41 World war veteran, who died following an operation at Standerville, Utah, last Tuesday. R. B. Sles, first lieutenant of Company K, was in command of a delegation of 40 World war veterans at the funeral, which was held in the Presbyterian church.

The body was brought here from Utah by Mrs. Rose Johnson, a sister, who was with him when he expired. He is survived also by his bride of two months; his parents, Mr. and Mrs. Adolf Johnson; a brother, Oscar Johnson, of Buhl, and a sister, Mrs. Johnson.

Mr. Johnson came to Buhl in 1900

The Weather

FORECAST FOR TODAY: Fair and clear. High 75, low 55. Temperatures continue constant in Twin Falls during the last two days. In the report of the government weather observer here, Maximum readings for the two days were 71 degrees and 72 degrees, respectively, and minimum readings were 49 degrees and 48 degrees, and on Saturday, one degree higher.

WOMEN WILL SHARE IN REPUBLICAN LEADERSHIP

Members of the Republican central committee for Twin Falls county will share with women voters the powers and responsibilities delegated to them at the recent primary election. This was decided by vote of the committee's organizational meeting here yesterday.

Precinct committeemen, who constitute the membership of the county committee, approved a plan whereby one woman voter will be chosen in each precinct for full membership in the county committee. Women members of the committee will be nominated by precinct committeemen and will be invited to attend a dinner meeting of the women members to be held here early in September at which time they will be elected to membership. Miss Gladys Terhune, Idaho national committeewoman, addressing the committee, said that a number of states had provided by law for the representation of men and women in political organizations. This, she said, was desirable although not as necessary in Idaho as in some other states—since women always have enjoyed the franchise here.

DEMOCRATS ELECT SHINN AS CHAIRMAN

New Head of County Committee to Choose Assistants; E. A. Landon Retained Treasurer

Janeau H. Shinn, Piler, newspaperman, was elected chairman of the Democratic county central committee for Twin Falls county at the committee's organizational meeting yesterday. Captain E. A. Landon was elected treasurer for a fourth consecutive term. The new chairman, who was elected to succeed T. J. Lloyd, Twin Falls, Democratic nominee for state senator, was authorized to appoint a secretary for the committee and also three vice-chairmen to represent each of three divisions of the county. Precinct committeemen representing Twin Falls precincts and some of the surrounding precincts attended the meeting yesterday, but there was no representation from Buhl and a number of the rural precincts.

The committee elected Harry Crookham, Berger, to fill a vacancy in the office of committeeman for that precinct. The committee also elected a number of other officers and members. The committee will meet Monday evening, August 20, at the home of Mrs. N. L. Johnson at Piler. Cars will leave the Baptist bungalow at 7:30 o'clock. Ladies of the Grand Army of the Republic will meet in the city park at 2:45 o'clock this afternoon and will attend the funeral of Mrs. James M. Blic, Auburn, Washington, in a body. The services will be held at the Methodist Episcopal church at 9 p. m.

THREE CREEK STOCKMAN SELLS 1,000 MORE RANGU

Fred J. Walters, Three Creeks stockman, has sold 1,000 more Rangu horses to Lee Barber, Boise. Negotiations for the property transfer have been under way for some time, but were not completed until Saturday. Mr. Walters has purchased the 2,500-acre Agency ranch, formerly held by the Miller and Luck cattle interests. The ranch is considered as a model by cattlemen of the region and is located in Malheur county, Oregon, near the Idaho-Oregon border.

WILL HE BE DECIDED WHETHER HE WILL RUN FOR COUNTY COMMISSIONER OR NOT? J. T. Windle, who lost the nomination for that office on the Democratic ticket to A. J. He received a number of requests from people on both sides but pressure brought to bear so far has not been sufficient to induce me to enter the race, and I do not know what I will do about it. My friends are talking of getting out stickers and using them in election day, but I have not yet consented to let them do that."

Saying "Charge It" Does Not Finish the Matter

Many people are like the old man who bought a cow, gave the owner his sixty-day note, and remarked with a sigh, "Thank Goodness, that's paid for!" They buy whatever pleases their fancy of the moment—blithely charge it—and dismiss the matter from their minds.

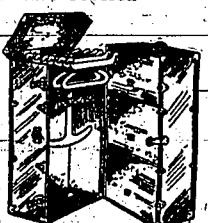

The Wise Shopper realizes that "charge it" never paid for anything, but, on the contrary, that she must pay a small additional sum for the privilege of buying articles and paying for them a month or two later.

That is why our Pay-As-You-Go plan is proving so popular. Our customers can honestly say, "Thank Goodness, that's paid for!"

# WHEAT HARVEST AT BURL NEARS CLOSE

Combines Used by Number of West End Growers Prove Advantages in Handling Crop

BURL, Aug. 18.—The wheat harvest here is well advanced and the practically all the grain has been harvested. Fifty five cars have been loaded at the local station for shipment and a large amount is being stored in the elevators. A number of combines have been used successfully in this district this season and promise a more extensive use in the future. Farmers who have used them state that the crop is more easily cared for during the harvest and the cost is a little less than by the old method of binding and shocking. The straw is left on the field and plowed under. Most of the grain hauling is done by truck in the vicinity of Burl and few loads are hauled by horse power. Harry Wilson, president of the Burl Rotary club is attending sessions of the fifth district meeting which is convening in Odean. Walter P. Lyon of Boise has accepted a position with the Burl pharmacy. Mr. and Mrs. Floyd Keith and children of Harrisburg, Oregon, have been guests at the home of Mr. Keith's uncle, D. C. Weaver. They will also visit in Rigby, Idaho.

**Give Fruit for Orphans**  
The Northview club met in the city park Wednesday for the third lesson on home decorating given by Miss Van Dusen, home demonstration agent. During the business session it was voted to send a barrel of fruit to the children's home as a gift for the future. Mrs. Harry Piper was chairman of the program committee and Mrs. Frank Bonar and Mrs. Madson gave the report on the vacation camp. Camp songs were sung during the meeting. Refreshments were served to 15 members and a number of guests. The next meeting will be September 28 and the place of meeting will be announced later.

Mr. and Mrs. John Noble and family and Mrs. Everett Millins and daughter are vacationing in the mountains above Odean.

Dr. and Mrs. A. P. McCluskey and family will leave Wednesday for a ten days tour of Yellowstone park. Dr. McCluskey will attend sessions of the tri-state medical association of Idaho, Wyoming and Montana which will be held at the Canyon Hotel in Yellowstone park, August 27-29. The party will be joined by Mrs. Wm. Murray and daughter of Ann Arbor, Michigan, who will return with them for a visit. Mr. Murray and Mrs. McCluskey are sisters.

Dr. Nelson Smith and Dr. and Mrs. J. G. Venter will leave this week to attend sessions of the state chiropractic convention which will meet August 23 near Yellowstone park. They will also tour the park and attend the national chiropractic convention convening in the Yellowstone park August 24-26.

Mrs. and Mrs. W. L. Squires and daughter, Frances, of Riverside, California, are guests at the home of Mr. and Mrs. Harry Barry.

Mrs. P. P. Hagdorn is visiting in Stranberg, Nebraska. Dr. and Mrs. H. G. Coleman are vacationing in the Yellowstone park. They plan to be away ten days.

Miss Emily Ward is a patient in a Twin Falls hospital following an operation for appendicitis. Mr. and Mrs. Wm. Doehler of Schuyler, Nebraska, are guests at the home of Mr. and Mrs. Anton Makousky. Mr. Doehler and Mrs. Makousky are brother and sister and the family formerly lived here.

Born to Mr. and Mrs. J. M. Stubbart, August 14, a son, Mr. and Mrs. O. G. Brooks, August 15, a son. To Manage Poultry Farm Mr. and Mrs. Arthur Chamberlain will leave about September 1 for southern California where Mr. Chamberlain will assume management of a chicken farm owned by his son, near San Diego.

# SHEEP FARMER STARTS ON SMALL INVESTMENT

ALAMO, Calif., Aug. 18 (AP)—Eli Humphrey, farmer, 4500 richer this year from the sale of wool and lambs, has expressed the interest of his neighbors with the declaration that a profitable sheep-raising business may be started on Tennessee farms for an initial outlay of less than \$100.

Speaking of his own experience, Humphrey recalls that with very little investment he has built up a business in which the sale of half the lambs he raises is equal to the cost of keeping the entire flock. He attributes his success to careful selection of stock and the provision of suitable grazing and housing. Registered rams and high grade ewes were the nucleus of his flock.

About 20 ewes and one sire, he says, is best for the small farmer who starts a sheep-raising enterprise. Greater profits will be shown, he believes, if the farmer takes his ewes, or at least most of them.

# Farm Grain Elevator To Reduce Feed Cost

MIAMI, Okla., Aug. 18 (AP)—Launching an ambitious program to cut feed costs, John M. Fuser, pioneer livestock farmer of northeastern Oklahoma, has constructed a 10,000-bushel grain elevator on his farm at a cost of \$1,000. He believes it will facilitate his cattle-feeding operations and thus pay for itself in four years.

Fuser won distinction as an "easy place" farm manager, his grain elevator project is his latest venture as a landholder. He says it will materially lower the cost of feed for his better beef cattle and hogs. The elevator is a capital of \$100,000 value and is a complete feed storage plant.

# Idaho Motorists Attention!

AN ADDED FEATURE TO A. A. A. SERVICE---

## Insurance at Cost

*The Protection That Every Motorist Needs Is Now Offered in Idaho State Automobile Association Membership Policy*

Months of Intensive Effort Have Achieved for A. A. A. Members in the State of Idaho MONEY-SAVING Insurance That Will Be Welcomed

### JOIN "A. A. A." NOW!

**ASSETS OF  
\$4,500,000  
Protect You**

In establishing an insurance service in this Club, we are keeping pace with the larger A. A. A. clubs in this country who maintain Insurance Departments for the exclusive benefit and protection of their members. As a result of our success in making arrangements with the Northwestern Mutual Fire Association and the Northwest Casualty Company of Seattle, Washington (company companies), our Insurance Department will issue Idaho State Automobile Association Membership Policies. This now enables us to offer to A. A. A. club members of Idaho an insurance service which will equal that offered by any of the larger clubs.

**SAFETY:** The Idaho State Automobile Association Membership Policy is guaranteed by the combined assets of the Northwestern Mutual Fire Association and the Northwest Casualty Company, which on June 30, 1928, totalled nearly four and a half million dollars. The Northwestern Mutual Fire Association has been operating successfully in the State of Idaho for more than 22 years. We feel that no safer insurance could possibly be secured for A. A. A. members.

**SERVICE:** Appreciating the demand for prompt and efficient loss adjustments, special attention was given to this feature in selecting our companies. Losses sustained, not only in the State of Idaho, but anywhere in the United States and Canada, will receive immediate attention. To accomplish this, the Northwestern Mutual Fire Association and the Northwest Casualty Company have placed their international adjustment service system at our disposal.

**SAVING:** The exceptionally favorable experience on insurance written for A. A. A. members has made it possible for us to offer this complete insurance service to Idaho A. A. A. members at a radical saving in costs.

These combined features of our Insurance Department warrant the thorough investigation by members of the Idaho A. A. A., as well as those who should be members. All our offices have complete information about this new service and will be only too glad to explain it to you.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA), one of the 1046 affiliated clubs which make up the American Automobile Association (commonly known as the A. A. A.), has been one of the predominant influences to secure adequate federal aid funds for construction of a truly national highway system.

IT HAS ALSO BEEN SUCCESSFUL in aiding the fight to eliminate unfair national excise taxes with which motorists have been burdened since the war. Last fight won May 25th, 1928, when 3% tax was eliminated—saving \$30 on a \$1,000 car.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has striven for preservation of Idaho's scenic and historical resources, that they may be perpetuated for all future generations.

IT HAS CONDUCTED, and is prepared to continue on even a larger scale, safety operations which will serve to protect you, your friends and your family—especially your children.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has arranged with judiciary of the state to accept its membership card in lieu of cash bail up to \$25 for traffic violations, except in cases of intoxication and reckless driving.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) provides free roadside aid to members, within five miles in any direction, from the closest official service units; this

covers 20 minutes—labor on car on roadside; change of tires for unescorted women members; delivery of gas, oil, tires or parts.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) furnishes free towing for members, within fifteen miles in any direction, from the closest official service unit.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has provided a legal department which is able to furnish advice and counsel to members in matters relating to the ownership or operation of an automobile. This service includes advice with respect to legal rights in the prosecution and defense of claims for personal injuries, damage to property and other such matters, but does not include personal representation in court.

IT IS THE ONLY CIVIC ORGANIZATION in Idaho that directly concerns itself with the rendition of special statewide touring service for motor tourists.

THE TOURIST BUSINESS is this state's third largest industry.

LAST YEAR THERE WERE 360,000 out-of-state tourists within our borders.

IN THE STATE OF IDAHO the tourist spent a total of \$1,800,000. This means added prosperity for everyone in the State of Idaho.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) is the largest civic organization operating without profit or commercialism for the mutual benefit of its members and of motorists everywhere.

WHEAT QUOTATIONS LOWER ON MARKET

Northwestern Crop Moving to Mart in Earnest; Values on Downward Swing Near Close

CHICAGO, Aug. 18 (AP)—Extensive movement of domestic grain in the Northwest will be the largest ever recorded to lower prices today for wheat. Traffic officials were quoted as saying the Northwest wheat market is moving to terminals has begun to start in earnest, and that two of the leading lines expect to haul a total of 200,000 bushels of wheat to the Northwest.

Closing quotations on wheat were down 1/2 to 1 1/2 net lower, with corn at 1/4 to 1/2 advance; oats varying from 1/4 decline to a rise of 1/8.

Downward Tendency

Increasing the downward tendency of wheat values today was news of auspicious harvest weather in Canada. Moreover, advices at hand said the United States spring wheat crop, the harvest of which is now virtually complete, across in all sections, has turned out better than expected, although some damage in the stock has been done, and the far north-west high temperatures have also caused more or less harm.

On the other hand, relative firmness today and increasing strength of the corn market was a sustaining factor at times as to wheat.

Death of Demand

Seven prices of the day in the wheat market were prices just at the close. Speculative selling and death of general demand were much in evidence. Notice was taken, too, of slackness export call today for wheat from North America. Total purchases of wheat to be shipped to Europe amounted to only 500,000 bushels, and included no United States wheat beyond a small cargo to go by way of the Gulf of Mexico.

CHRYSLER

Compare them only with cars costing far, far more

There have been cars without number which endeavored to look like cars of greater value. None that we know of save these new Chrysler '65' and '75'—have actually raised themselves into a higher class without alteration of price.

What has happened in the case of the new '65' and '75' is something much more important than a fortunate choice of design and decoration.

The richer appearance, the greater size, the finer upholstery, the specially designed hardware, the greater performance ability are all real increases in value without increase of price.

**SOUTHERN IDAHO TEAMS STAGE DISTRICT SERIES**

BURLEY, Aug. 18.—An elimination base ball championship tournament for southern Idaho will be held at Declo Sunday, August 19. Teams from Twin Falls, Rupert, Declo and Shoshone will participate. Two games will be played in the morning. In the afternoon winners of the morning games will clash in the championship game. Declo citizens are offering a silver cup for the winner.

Members of this district have qualified themselves as follows: Shoshone won the inter-league pennant by defeating Jerome last Sunday. Also, the same day Twin Falls defeated Piler. And Rupert has eliminated Eden from the race. The central Idaho is concerned, although they lost a game to Nampa. Declo people support their home team and a big crowd is expected for this tournament.

**BURLEY REPLACES WOOD WATER MAINS WITH IRON**

BURLEY, Aug. 18.—Proposed office of Overland Avenue and South street in Burley, by contractors who are surfacing the state highway, has been delayed by leakage of some of the old wooden water mains. A single coating of light oil was sprinkled on these streets. It then developing that the streets would have to be torn up in order to lay iron pipe in place of the wooden mains, the completion of surfacing these streets was stopped.

The old wooden mains are being gradually replaced by iron mains. The volume of water now being used. They also give much trouble on account of springing leaks. A cast-iron of four and six inch iron pipe has been unloaded in the city yards, which will be used in continuing the work of replacement.

**TALK, TRICKS and TIRES**

There is more "talk" in the tire business today than ever before. There are more tricks, too. Old tricks in price cutting with brand new names: special sales, introductory offers, discounts, extra allowances, direct to consumer and others. Someone has to take the loss in such selling. You have doubtless discovered that by experience.

Amid this frenzied selling, men who buy tires by experience will not ignore the most outstanding fact in the tire business.

THIS:—

**MORE CARS RUN ON GOODYEAR TIRES THAN ON ANY OTHER KIND**

So great is Goodyear popularity that every year Goodyear makes thousands more tires than any other manufacturer. A leadership that for ten years has gone unchallenged.

Goodyear supremacy was won upon the road where performance is the only judge.

It was won by concentrating the resources of the world's largest rubber manufacturer in a tire that would actually do what was claimed for it—out-perform any other tire on the road.

It was won by selling at FAIR PRICES, without seeking business at cut prices—and cut quality.

It was won by service that is always friendly, expert and in your interest. Service that maintains the Goodyear standard along the highways of the world.

Buyers of more than one hundred million Goodyear Tires will vouch for these facts.

If you would like to know why, come in and see the New Goodyears.

**BIBLE Chautauqua**

Opens SUNDAY August 19 8:00 P. M. In the Tabernacle Chautauqua Grounds Adjacent to City Park

Thrilling Subjects—Able Speakers—Beautiful Pictures

**Subject For Sunday Evening**

The Eastern Question. What does the Bible declare will happen when Turkey is Expelled from European Territory? Many impressive illustrations.

Many striking subjects will be presented during the week. No meeting Monday night. Thursday evening Band Concert in City Park.

Sunday, August 26—Demonstrating by Astronomy that the Bible is an inspired book and that evolution is a wild speculation. Can the theory of evolution face the facts of creation? A good place for worthwhile thinking people to go.

Everybody Welcome
