NEW YORK, Aug. 28 (AP)—Wyoming was claimed for Herbert Hoover today by L. C. Hildreth, Republican state chairman of Wyoming. NATIONAL TREASURY FACES BIG DEFICIT; EXPENSES TO BE CUT

Chief Executive Will Call Conference of Cabinet Officers on Return to Washington in Few Days; Hears Reports

(By The Associated Press) SUPERIOR, Wis., Aug. 28.—Faced with an estimated treasury deficit of \$4,000,000 at the end of the current fiscal year, President Coolidge will take stringent measures to reduce government expenditures during the remainder of his administration even further than they already have been. Upon returning to Washington about the middle of next month, the chief executive intends to consult immediately with his cabinet officers and heads of independent government bureaus to determine how expenditures may be curtailed even below what was allowed them in the budget.

Mr. Coolidge will keep the estimated deficit in mind in compiling the budget for the fiscal year 1930. Turning from consideration of the deficit, President Coolidge was cheered today by reports from Senator Arthur Capper, Kansas, and former Senator Irvine L. Lenrow, Wisconsin, who said that Herbert Hoover was daily increasing in popularity with the electorate while Governor Alfred Smith was vainly trying to retain that electoral prestige already had. Secretary West of the interior department, who had been an overnight guest at the summer White House, concurred in these views. Senator Capper foresaw that Governor Smith's stand on prohibition would assure his defeat in the farming states of the west. Furthermore, failure of "agrarian opposition" to show up he said, rendered certain.

STEEL COMMON REACHES YEAR'S HIGHEST LEVEL

NEW YORK, Aug. 28 (AP)—Establishment of a new high level for the year by United States Steel came in the resumption of a broad upward movement in today's stock market.

There was nothing in the day's news to explain the sudden spurt of nearly 4 points in Steel common to a new peak at 155. The stock has been under quiet accumulation for some time in the belief that the recent stiffening in commodity prices and the expanding demand for steel products would be reflected in higher earnings later in the year.

FAIR SPREADS OUT TO PROPORTIONS OF STATE EXHIBITION

Wide Interest Promises Bigger and Better Entries in All Departments With Entertainment Program to Suit

Twin Falls county's thirteenth annual fair, to open at Piller next Tuesday and continue for four days, is reaching one of the year's climaxes, the attention of other Idaho counties so that it assumes proportions of a state fair, especially in the livestock and cattle departments.

Twelve departments will be featured in the building constructed last year through cooperation of many of the county's automobile dealers, again promises to be one of the outstanding features of the fair. All of the space will be occupied, and opportunity for exhibit of some cars must be denied because of lack of more space.

Generous Entertainment Program With 50 race horses already on the ground, all available stall room in the arena and officials of the fair are puzzling over the problem of providing accommodations for additional entries some of them coming from as far as Denver, California and number of the entries make certain a special program that will set a new mark this year in the history of the fair.

The entertainment program also is one that is expected to appeal to this season's fair goers. It includes a group of six girls who are accomplished singers, dancers and musicians now playing an engagement at the Regon in Boise. It includes also a negro male quartet from San Antonio, Texas and the Hamiltons, a man and his wife, both of whom are skilled and accomplished entertainers.

On the middle there are to be offered the usual amusements, with side shows, four rides, merchandise concessions and plenty of "hot dog" stands. Fireworks exhibitions are to be a feature of each evening's performance during the four days of the fair.

Boys Scouts and Girl Scouts are to be guests of the fair during the first day next Tuesday, when judging in the several departments is to be in progress. The boys and girls under the age of 14 years will be admitted free. Additional information concerning the fair may be obtained from E. J. Fjested, general manager and secretary of the fair association, Pocatello.

On grounds of alleged desertion, Chester E. Kregel, instituted suit in district court here yesterday for divorce from Grace A. Kregel, now a resident of Lenton.

SHADOW OF MURDER EXTENDS TO IDAHO

Two Young Men Arrested Here For Theft of Blanket, Held For Killing in Indiana

The shadow of an unsolved murder committed in Angola, Indiana, last August 14, extended to Idaho when two young men were arrested here yesterday. The pair were reported by the police to have been traveling in an automobile that carried a license plate reported to have been stolen in Angola on the night of the murder.

Information regarding disappearance of the license plate reported to have been stolen in Angola on the night of the unsolved murder in Indiana came today from the chief of police at Indianapolis who advised R. E. Leaton, Twin Falls police chief, that he would advise Wednesday when he would come here.

The suspected young men gave the names of Floyd White, 23, and James A. Miller, 20. They were arrested at George Metcalf, a bystander reported to the chief of police that he had seen Miller take a blanket out of another automobile parked in Main avenue east and deposit it in the car in which White and Miller are alleged to have been traveling.

Miller, according to the police, admitted theft of the blanket and identified White, who was arrested a little later, as the man with whom he had traveled from near Winner, North Dakota, since last Thursday. Miller said he had left Toledo, Iowa, about August 1, and had been in Denver, Colorado, covering his movements in detail since that time. White, the officers said, would make no statement, although that he was "not guilty, until proven so."

In addition to the exhibition program, there will be fireworks, horse show, Indian parade and dances and carnival attractions.

Counties which will be represented are: Twin Falls, Bear Lake, Franklin, Power, Bannock, Caribou, Bingham, Butte, Teton, Bonneville, Blaine, Madison, Clark, Fremont and Teton.

Additional information concerning the fair may be obtained from E. J. Fjested, general manager and secretary of the fair association, Pocatello.
