BOURBONS' NOMINEE PASSES CHICAGO ON JOURNEY WESTWARD

Governor Smith Hopes to Convince Agriculture of Soundness of Democratic Platform and Republicans' Weakness

CHICAGO, Sept. 17 (AP)—The special train bearing Governor Smith and his party to Omaha arrived here tonight at 7:45 o'clock.

GOVERNOR SMITH'S TRAIN, TO LEDO, Ohio, Sept. 17—Governor Smith hopes to convince the voters of the agriculture which he will support.

This is the contention he intends to pound home in the series of campaign speeches which he will deliver tomorrow night in Omaha.

Outlines Campaign The Democratic presidential nominee outlined this line of campaign to the 40 newspapermen accompanying him on his first stumping tour of his 11-car special train.

Holds Press Conference The New York executive held a half-hour press conference at midday in the club car which had been arranged for the occasion.

CANDIDATES REPORT ONE CAMPAIGN COSTS

Expenditures of Aspirants Vary From Nothing to \$85; Congressman Smith High

BOISE, Sept. 17 (AP)—Statements of candidates in Idaho on file with the secretary of state today revealed nothing all the way from \$84.40 to nothing at all.

William Adams, Idaho Falls, reported on the books for the campaign for date for presidential election, replied in answer to the questionnaire of the secretary of state.

A. H. Wilkie, Idaho Falls, Socialist candidate for justice of the supreme court, also asked that his name be withdrawn from the race.

Expenditures of other party candidates were given as follows: Fred E. Lukens, Republican candidate for secretary of state, "not exceeding."

Byron Deffenbach, Republican candidate for state treasurer, \$68.75. W. E. O'Hara, Republican candidate for auditor, \$10.

Expenditures for most of the Republican candidates were for transportation to Kellough.

CHURCHES IN MEXICO TO OPEN TO PUBLIC IN ALL SECTIONS OF REPUBLIC

MEXICO CITY, Sept. 17 (AP)—Orders to open to the public all churches that are closed here issued tonight to the governors of all states by Emilio Portes Gil, secretary of the interior.

This does not mean the resumption of religious services by priests or settlement of the religious question. Most Catholic churches throughout the republic have been open to the public ever since the religious laws were put into effect.

However, churches here and there have been closed, and the government is endeavoring to bring about an understanding with local authorities or because no local committee was appointed to take charge of the church when the priests left.

POTATO GROWERS AT POCATELLO MEETING

Idaho Has 22,500 Carloads of Tubers; Representatives of Western States Gather Data

POCATELLO, Sept. 17 (AP)—Potato growers and others interested in the industry went into open forum session here today to plan for orderly marketing of their crop.

With an early enrollment at the meeting of about 20 persons from Western states those present began discussing the potato crop of 1928.

Figures available indicated that Idaho had a potential supply of 22,500 carloads of 1928 crop.

The opening session continued until 6 o'clock after which lobby meetings of the potato conference will continue tomorrow.

Prominent Figures Take Part In addition to those directly concerned with growing potatoes, the following were expected to attend the meeting tomorrow.

W. N. Harvey, secretary of the agricultural council of the Central Valley Shippers' advisory board.

Elmer Knutsen, agricultural supervisor of the American Irrigation association, Washington, D. C.

U. S. Peterson, representative of the United States bureau of agricultural economics, Jordan, Utah.

Combiner capital stock of the banks was \$6,242,500; surplus \$2,195,100 and deposits, \$99,765,000.

ACEQUIA YOUTH DROWNS IN IRRIGATION CANAL

HERBERT, Sept. 17 (AP)—Virgil Olin, 14, son of Mr. and Mrs. Leon Gilbert, Acequia, was drowned here yesterday in an irrigation canal near here.

In addition to his parents, Virgil is survived by three sisters, Norma, Della, and Beva, and three uncles: Dean, Dotter and Arnold.

BOISE, Sept. 17 (AP)—E. M. Holden, Idaho Falls, newly elected Democratic state chairman, arrived here today to take charge of the party's campaign in Idaho.

HOOVER IN NEWARK DELIVERS OPENING BLOW TO WIN EAST

Wild Burst of Applause Sweeps Through Hall as Republican Nominee Begins Address, Expanding Views on Labor

NEWARK, N. J., Sept. 17—In the face of the greatest demonstration he has witnessed since he was chosen to bear the presidential standard of the Republican party, Herbert Hoover tonight delivered the first stroke of his campaign to win the East.

Speaking here tonight after an automobile tour through a dozen or more smaller towns in the vicinity the Republican nominee described the tariff and immigration stand of the Democrats as serious threats to the program of labor or a full time job for every man.

Armory Crowded A throng of people that occupied every available inch of space had jammed itself into the 113th Regiment armory to hear the nominee.

As he arose to begin his address Hoover expanding his labor views, a wild burst of applause swept through the hall. The cheering continued for several minutes and the candidate could make himself heard by thanking the people of Newark for the kindly reception that had been accorded him.

WOMAN URGES FOUNDING OF COLLEGE FOR LABOR

SACRAMENTO, Calif., Sept. 17 (AP)—A Pacific coast labor college, established and maintained by organized labor groups in five western states, was urged by Miss Katherine O'Hara, labor educator of Menard, Arkansas, in an address before the twenty-ninth annual state Federation of Labor convention here today.

Miss O'Hara is an instructor in the state labor college in Arkansas. She came to the California convention from similar convocations held in Oregon and Washington with word that these states were willing to cooperate with California, Nevada and Idaho in the establishment and upkeep of an institution on the Pacific coast which would teach subjects vital to the progress of labor.

THOMAS EDISON GIVES OPENING RADIO ADDRESS AT WORLD'S RADIO FAIR

NEW YORK, Sept. 17 (AP)—A surprise party for Thomas A. Edison tonight was a feature of the formal opening of the radio world's fair in Madison Square Garden.

The famous inventor, officially opening the exposition with a radio address, was introduced at the microphone by his old friend Henry Ford, Harvey Firestone, an intimate of both men, introduced Ford. Edison had not known that either of his two cronies would be present.

"Friends of the radio," Edison said, "this is Thomas A. Edison speaking. I have been asked to come here tonight to formally open this fair. Please do not expect a speech from me—my public speaking is entirely out of my line. So I will do what has been requested of me, and now declare this radio fair as formally opened."

Mr. Ford hailed the "wizard of Menlo Park" with whom he and Firestone have been on many a camping trip, as "the father of the industrial age."

CIVIL WAR VETERANS ASSEMBLE IN DENVER

Grand Army of the Republic Shriveled by Inroads of 62 Years—Holds Encampment

DENVER, Sept. 17 (AP)—An army which has seen three generations in the history of the nation and whose claim to fame is written in histories on the War of Secession, is gathering in Denver tonight.

The Grand Army of the Republic shriveled by the inroads of the 62 years since the founding of the organization—is here for its annual encampment. And the inroads were registered started this morning by the business of electing a new commander-in-chief.

Today was a day of preliminaries at the national encampment of Civil war veterans. Departmental room assignments were made, bronze badges were handed out and the mystic password for use in "palmy" entrance to the deliberations of the order on Wednesday, the first day of official sessions, was whispered cautiously into the ears of new arrivals.

O. BEN ROSS WOULD SLASH STATE TAXES

Burden Becoming Unbearable For Farmer, Declares Democratic Nominee for Governor

AMERICAN FALLS, Sept. 17 (AP)—Defenseless from the onslaughts of the panic stricken and all lines of wheat which can place part of the burden of taxes which is becoming unbearable, Mayor O. Ben Ross, Pocatello, Democratic nominee for governor, declared in an address here tonight.

The laxness of the state of Idaho have been coining for the last 20 years, Mayor Ross declared, "there is not one of us who wants to go back to the little red schoolhouse on the hill nor substitute the cow trail for the highways upon which we travel."

JAIL HOLDS SUSPECTS IN CHICAGO KIDNAPING CASE

CHICAGO, Sept. 17 (AP)—Confident that they have in custody three of the men who kidnaped the 10-year-old Billy (Gibby) Hunter 12 days ago, police tonight were engaged in what they termed a race to get the suspects out of the city before they carry out their threats to kill the boy.

The abductors who at first demanded \$60,000 from A. Frank Ranieri, Italian sewer contractor, for the return of his son, today sent what they called a final demand in which they asked for \$15,000 and threatening to decapitate the child and send the parents a "nice" package.

TEXAS VETERAN MAY BE VICTIM OF FOUL PLAY

ST. GEORGE, Utah, Sept. 17 (AP)—A roadster found abandoned on the highway here and south of here was identified as belonging to N. W. Watson, a discharged army officer formerly in receipt of a pension to locate in Utah or his relatives were unassuming.

A trunk in the machine contained personal articles and clothing among which was a second lieutenant's uniform. Police believe Watson met with foul play as it was known he carried a large sum of money.

# RANCHMEN DISCUSS RAFT RIVER WATER Power Outlets From Proposed Federal Plant at American Falls, Malta Meeting Topic

**BURLEY, Sept. 17** (Special to The News)—Delegates from several districts attended a meeting at Malta Saturday evening to discuss probable outlets and uses for power generated from the proposed plant to be installed by the government at the American Falls dam. Prior to the meeting, Raft River valley citizens showed the visitors over an extensive tract of land believed to be underlaid by water which would be feasible to deliver to this land by pumping, in the event power can be made available.

### Premises Investigation

Congressman Addison Smith, chairman of the irrigation committee in the national house of representatives, was an interested observer of the small pumping plants now installed and uses for power generated from the proposed plant to be installed by the government at the American Falls dam. Prior to the meeting, Raft River valley citizens showed the visitors over an extensive tract of land believed to be underlaid by water which would be feasible to deliver to this land by pumping, in the event power can be made available.

### Many Attend

Among those who spoke at the meeting, besides Congressman Smith, were Shad Hodgkin, Twin Falls; W. C. Paul, president of the Minidoka Irrigation district; and S. P. Low, Burley. Many men prominently connected with irrigation matters in Snake River valley were present, including D. L. Ezrie, American Falls; and A. C. DeMay, Rupert. Two hundred gathered in the Malta hall to greet the visitors. The Malta people served dinner for the delegation from other towns.

tariff and immigration, he told them, might constitute a barrier to the upward sweep of the process. He said had been made during the last seven and a half years.

### Describes Activities

He described the activities of the Republican administration to ward leading America out of the unemployment bog into which the country had fallen in 1921, adding, however, that there still were two industries, coal and textile, however, which had not yet climbed over the bog. He pledged himself to carry forward diligently the task of aiding them to their full recovery by every assistance the government can afford. A host of applause greeted his tariff pronouncement and as he proceeded, the candidate inter-

jected into his prepared speech the declaration that "what I and the Republican party want is a tariff that will protect American labor."  
The candidate's voice grew stronger as he moved into the body of his speech, pointing to the high standards of living and wages being made by the American working man various phases that he said had contributed to the progress of labor. He concluded his speech after admonishing his audience that a change in national policies at a time of advancement might constitute a "turn toward disaster." The Republican candidate spoke after more than a half-dozen party chiefs from various sections of the state had lauded their chief and achievements of the party. He was introduced by Mayor Thomas T. Raymond, Newark.

IS DROWN AT KOECHOBEE  
TAMPA, Fla., Sept. 17 (AP)—The Tampa Times reports today that it had received a message from a staff correspondent at Bartow, quoting C.

R. Wilkey, Tampa, as saying that 15 persons were drowned on the lake-front at Koechobee, Florida, during a hurricane there.  
Water was reported entering Koechobee from the lake. Four buildings were reported razed by winds.  
The Times said J. E. Price, Koechobee, told its correspondent that Mayor J. D. Bird, Koechobee, had reported seeing 15 persons dead on the lake front. Major Lyles, Bartow, wired Colonel S. L. Lowry, commandant 11th Field Artillery here the same report.  
Efforts to check direct with Koechobee were unsuccessful due to paralyzed lines of communication.

### VOLUNTEERS SEARCH RUINS FOR HURRICANE VICTIMS

WEST PALM BEACH, Fla., Sept. 17 (AP)—Through debris littered streets and with improvised facilities to care for the homeless and injured, volunteers and officials tonight labored to give aid to the injured and sought to check the damage wrought by a West Indian hurricane that swept over the Palm Beaches from the Atlantic yesterday afternoon, causing nine known deaths in this vicinity.  
Nine are known dead and the list of injured here stood at 40 tonight while search parties checked further in the area swept by the storm. Members of the American Legion and national gardeners, sworn in as special officers, tramped the streets, as the city went under virtual military control to aid in preserving order and preventing looting.

at telegraph, telephone, cable and homes by the hundreds of thousands had been wrecked, torn, broken and flattened by the wind and tidal waves.  
Starting to the eastward of the curve of the windward islands, September 13, the hurricane, matched 300 miles a day steadily on over the Leeward and Virgin Islands, smashed down on three-quarters of Porto Rico with full strength, menaced the north of the Dominican republic, reduced the Bahamas to complete silence for four days and trod on toward Florida.

Striking the southeast coast of that state Sunday with undiminished fury it hurled inland, leaving a wreck behind from which news of dead and injured and of damage trickled slowly. Havana felt its backlash and Washington warned Alabama as far as Mobile, and Georgia and South Carolina, as far north as Georgetown, of the approach of the terror. For the first time, after an undeviating march, the course of the hurricane appeared uncertain, with a possibility that it might strike either directly north or northwest.

## A NEW VICTORY SIX By DODGE BROTHERS

The Deluxe Sedan

SMARTER, ROOMIER, MORE COMFORTABLE  
With Famed Victory Performance Made Still More Brilliant

Striking improvements in beauty, comfort and roominess; set Dodge Brothers' new Victory Six apart as a distinctive and impressively attractive motor car.

Seat dimensions are more generous; cushions deeper and more luxurious; doors higher and wider; and passenger vision materially increased.

New Victory lines sweep gracefully forward to a radiator that expresses new ruggedness and power, and improved fenders further accentuate the vigorous and arresting charm of Victory Six design.

Moreover, new Victory Six construction insures many unique and vital advantages.

The wide Victory chassis frame, flush with the body lines, provides a

foundation for the body—which is directly mounted without sills. This remarkable construction lowers the all-important center of gravity, increases the head room, and eliminates the customary body overhang.

And as a consequence, the new Victory grips the road at the curves, travels rough pavement with incredible smoothness, obeys the four-wheel brakes instantly—yet with no discomfort to passengers. And provides a quality of pick-up, flexibility and fast, flashing action that we urge you most earnestly to investigate.

## BRUINS GO THROUGH INITIAL SCRIMMAGE

Second String Ready to Give Regulars Hard Battle in Opening Contest of Season

Football fans will receive a treat at Lincoln field tonight when Coach Jones sends his gridsters through the first real scrimmage of the season. The second team has been working all day for the past several days and will be ready to give the first string a real battle. Just what the lineup of the first string will be was not announced yesterday.

Two New Candidates  
Two new candidates joined the squad last night. Both bear the name of "Tooley" and are brothers with some experience on the grid. The elder had played last season in Oregon and has plenty of bulk and some speed. He looked good last night in his first practice session. Jones sent the first string through a hard grilling and the huskies were left with some experience on the grid. Most of the time was spent on line tactics with plenty of signal drill. Much time is being spent on block play and tackling and the Bruins should not be deficient in those departments this season.

Promising Material  
Coach Platt has some promising material on his second string and some of the aspirants will go down to be used as first string substitutes before the season is over. Towan and Weaver are both showing promise as backs and Kansas has some second string is showing decided improvement, over last year. The scrimmage tonight should bring out the deficiencies on both squads.

## BRUINS GO THROUGH INITIAL SCRIMMAGE

Second String Ready to Give Regulars Hard Battle in Opening Contest of Season

Football fans will receive a treat at Lincoln field tonight when Coach Jones sends his gridsters through the first real scrimmage of the season. The second team has been working all day for the past several days and will be ready to give the first string a real battle. Just what the lineup of the first string will be was not announced yesterday.

Two New Candidates  
Two new candidates joined the squad last night. Both bear the name of "Tooley" and are brothers with some experience on the grid. The elder had played last season in Oregon and has plenty of bulk and some speed. He looked good last night in his first practice session. Jones sent the first string through a hard grilling and the huskies were left with some experience on the grid. Most of the time was spent on line tactics with plenty of signal drill. Much time is being spent on block play and tackling and the Bruins should not be deficient in those departments this season.

Promising Material  
Coach Platt has some promising material on his second string and some of the aspirants will go down to be used as first string substitutes before the season is over. Towan and Weaver are both showing promise as backs and Kansas has some second string is showing decided improvement, over last year. The scrimmage tonight should bring out the deficiencies on both squads.

## OFFICIALS SET TIME FOR WORLD'S SERIES

Schedule and Other Points Set at Meeting of Commissioners and Leagues' Heads

NEW YORK, Sept. 17 (AP)—The world series of 1928 will begin on Thursday, October 4, with either the Yankees or the Athletics playing at home. Because of the closeness of both races, the Thursday date was agreed on in preference to the tentative date of Wednesday opening. Contending clubs feared a late decision in the league battles might make it impossible properly to distribute the vast number of insured tickets for a Wednesday game.

The schedule and other points were settled here today at a meeting of

Commissioner Landis with the presidents of the two major leagues and representatives of contending clubs. Only the Yankees and the Athletics were eligible for the American league, but all clubs in the National league's first division attended.

Three schedules were prepared, covering every likely outcome of the pennant fights. Box seats will retail for \$2.00 or \$1.00, a set, and reserved seats for \$5.00 or \$10.00. General admission will be 25 and bleacher accommodations 11, neither being taxed. These seats will be placed on sale only on the days of the game, and purchasers will be required to enter the park immediately. Any game postponed on account of rain, or halted short of becoming a legal contest or a legal draw, will be decided the following day on the grounds where it occurred and the schedule advanced to accommodate the change. A tied game, however, will be played over only if necessary after the seven scheduled games have been completed. In such an event, the teams will repair to the grounds where the tie occurred and replay the game.

**Mild enough for anybody... and yet they Satisfy\***

SMOKERS want a mild cigarette... but not one that tastes flat. What they do want is mildness with taste. They want a cigarette that will satisfy. Chesterfield cigarettes are blended and cross-blended from mild, pure, fragrant tobaccos in such a way as to give you mildness without the loss of taste. While mild enough for anybody, Chesterfields are a r-i-s-y!

Some mustard has bite --  
Some mustard has flavor --  
Schilling Mustard has both!

You should use 1/3 less of Schilling Mustard than of any other. Ordinary mustard contains some flat, flavorless oils and bran. These are removed from Schilling Mustard, leaving only the fine meal and aromatic oils. That's why Schilling has more flavor -- more vigor -- more zest +++ Schilling was the first to produce pure spices in America -- and Schilling Spices are still used by pure food experts as the standard by which to judge others +++ Your money back if you don't like Schilling's best!

Meetings that have been held here recently with view to inducing an increase in the production of wheat growers to the field their crop.

Under the existing social order, there can be no quarrel with the idea of a general meeting here and at Pocatello; but, rather, there should be very general approval of what promises to give the producer a proper share in the value of his product.

strong defense advocates in every county keep up their demand for big major-end-heavy-preparedness.
The result of their attitude is distrust and suspicion on the part of the public. At the League Assembly the other day Osten Under of Sweden...

"Daisy is dangerous. Public opinion will soon be ready to conclude that the failure to come to disarmament agreement that disputes and rivalries still exist among governments despite the League Covenant, the Locarno and the Kellogg treaties."
The great force of the treaties as far accepted lies in the eager and wholehearted support of the public opinion. If this is discouraged and cynicism and distrust take its place, peace will not be any nearer than it was ten years ago.

PROVOKERS BEWARE!
Some one is going to get hurt one of these nights when some forerunner of citizen delivers to a nocturnal prowler in human form exactly what is coming to him.

Twin Falls people are becoming thoroughly aroused over continuing reports of the activities of night-time prowlers and a good many tormented ones are preparing for encounter with these gentry with a thoroughness that makes it for burglars and pilferers as well as for those who seem to take delight in terrorizing women and children.

Under these circumstances it behooves persons with legitimate claims for venturing on others' premises after midnight to exercise some means and take care that nothing in their conduct can give rise to suspicion.

The Line Rider
Hopeful Bill Dare
By B. M. BOWER

Well, I'm contented man today. I don't look for any more. I'm just a simple fellow, but I'm just as contented as a king. I'm perfectly contented with my lot. I'm just a simple fellow, but I'm just as contented as a king. I'm perfectly contented with my lot.

I used to know Joe up in Wyoming when he was sheriff and had a jail full of the nastiest kind of outlaws. I'm more comfortable than I have been for a long while.

I had a nice visit, but we had to talk through the gate because Jake couldn't get any more. I thought he was guard of some asylum, but he said no, just a multimillionaire family. There was a count on the count, a new record.

There are plenty of the father who are always watching for a chance to get at the family, and then the common ordinary brand of handle, waiting to pull off something. The house is filled with things worth a fortune, and the wife wears hundreds of thousands of dollars worth of jewelry.

Jake said he'd like to take a trip with me but he'd have to wait until the boss in New York sent someone to take his place. In the meantime, he'd be taking care of the grounds.

Well, I drove off feeling tucked to death just because I can't write a piece and do what I want to without being scared of someone grabbing me for my wealth. I'm not even afraid someone will steal the car, and if they do, I'll be able to get it back.

There are plenty of the father who are always watching for a chance to get at the family, and then the common ordinary brand of handle, waiting to pull off something. The house is filled with things worth a fortune, and the wife wears hundreds of thousands of dollars worth of jewelry.

Opening the bill is the California (Widow) company in the featured novelty, Princess Ramona, with the American Indian Troy Don Nelson in the lead. Other stars include Florence and Frank comedians and dancers, and the Golden State Four, KFI radio entertainers, complete the vaudeville offering.

The story contains several of those unusual "twists" which distinguish all the stars pictures. Critics concede that Langdon has no peer as a teller of funny stories, and "Heart Trouble" is being treated as his greatest achievement.

Doris Hanson is Langdon's leading woman in "Heart Trouble." Others prominent in the cast are Lionel Belmore, Mark Hamilton, Nelson McDowell, George Hunt, Jack Pratt and Joseph Gark.

WHEAT PRICES YIELD TO SUPPLY PRESSURE

Closing Quotations On Bread Cereal Unsettled; Stock of Corn is Less Than Expected

CHICAGO, Sept. 17 (AP)—Despite stubborn opposition to a price advance today, some degree of pressure of increasing supplies. The corn market likewise recorded an installment of available stocks of turning out to be less than most traders had expected.

Closing quotations on wheat were unsettled, 1/2c to 3/4c net lower. Corn finished 1/4c to 1/2c down, oats unchanged to 1/2c higher, and provisions varying from 7c to 10c decline to a net of 1/2c.

Announcement of 4,643,000 bushels increase for the week in the United States wheat visible supply total was a last straw on the camel's back today in the wheat market here. The domestic aggregate of wheat in sight is now 6,823,000 bushels against 6,099,000 bushels a year ago. It was this news which prevented any worthwhile rally as trading drew to an end, and especially as Canada market for a single day had mounted to 7,022,000 bushels beside Canadian harvest conditions today were unpropitious, and export demand for wheat from American slack, purchases for Europe aggregating but 25,000 bushels.

Transit Uplifts Only transient uplifts in Chicago wheat values today resulted from unlooked for strength shown at times by quotations at Liverpool. The advance today was associated with cables telling of decreasing stocks in Great Britain and Miller's demand were better. Estimates of the French wheat crop were also rather bullish, being 4,800,000 bushels smaller than last year. Word of big arrivals at Winnipeg, however, however 147 cars today compared with 421 cars a year ago, did much to put buyers at a disadvantage here, and in the rest of the day the market averaged lower notwithstanding the word of some falling off in the volume of domestic receipts in the Northwest.

### High School News

Excitement reigned for a few minutes Friday in Miss Minier's Biology class. An experiment which she was conducting exploded, sending a line of fire to the ceiling. Sparks flew around the room, resulting in a hole in one boy's pants and one in Miss Minier's sweater. Miss Minier, caught in a burning curtain, pulled it down and extinguished the flames. Both of her hands were burned, the right one quite badly. Miss Minier did not seem excited and most of the students did not realize she was burned.

Contrary to the usual schedule, the junior play will be the first one given this year. Students interested in trying out for parts have been asked to report to Miss Knapp.

### COMMISSIONERS PICK NEW SUPERINTENDENT

Rose Wilson Becomes Successor to Charlotte Pond; Assume Duties Immediately

Mrs. Rose Johnson Wilson, Buhl, widow of a Woodman restaurant and since 1925 a member of Buhl high school faculty, will enter upon duties of Twin Falls county superintendent of public instruction next Wednesday, under appointment voted by Twin Falls county commissioners in special session last evening.

Mrs. Wilson previously had been designated by the Republican county central committee as the Republican nominee for the county superintendent's office to fill a vacancy on the Republican ticket caused by Miss Pond's death.

Mrs. Wilson has resigned her position in the Buhl school to become county superintendent under the commissioners' appointment. She met with the commissioners last evening and stated after the vote was recorded, that she would be ready to begin work in her new position on Wednesday. It was indicated that Miss Viola Lowe, assistant superintendent for some years, would be requested to remain temporarily.

In voting on the appointment, the commissioners divided on party lines. Mr. Moore, chairman and Mr. E. H. Ware, Republicans, voting for the appointment, and James L. Barnes, Democrat, requesting that the record show he was present but not voting.

Mrs. Wilson has lived in Buhl since

### MOONSHINE KILLS ONE, SENDS ONE TO ASYLUM, AND THIRD TO HOSPITAL

Sixty dollars worth of moonshine whiskey consumed by three men at American Falls recently caused death of one man, sent another to the hospital and unbalanced the mind of the third, Clyde Huston, 54, subject of an insanity hearing here yesterday, told members of the examining board. Huston told of his part in the alleged debacle.

"I am crazy, and I know it," he told the examiners. "It was the liquor that did this to me. One of the men who drank it died and another went to the hospital and may be dead now, for all I know."

Huston says he has relatives in White Sulphur, Washington. He came here some days ago from American Falls where he had been employed, he says, in construction work. He was arrested last week by a deputy sheriff who found him a little while after he had gashed his forehead in a headlong encounter with a fence near a tourist park here. He told the officer that he had been running to escape women who wanted to seduce him. The officer ventured the suggestion that Huston would not make a good barbeque, and Huston agreed emphatically.

As a result of the findings of the examiners, Huston is to be committed to the state institution at Blackfoot for treatment for acute alcoholism. Meanwhile effort will be continued to get in touch with relatives.

She was seven years old and graduated from the high school in which she is now a teacher. She attended the University of Washington and graduated in 1910 with the degree of bachelor of arts, and now is working for her history degree at the University of Washington. She was in the high school in 1921-22, and has been a member of the faculty continuously since 1925.

### COUNTY PAYS TRIBUTE TO PIONEER EDUCATOR

Twin Falls county officials, members of the Business and Professional Women's club, large numbers of teachers and hundreds of friends throughout the county Sunday attended the funeral for Miss Charlotte Pond, Twin Falls county superintendent of public instruction, which was held at the Methodist Episcopal church in this city by Rev. James Miller, pastor of the Buhl Presbyterian church.

The service began a profound lamentation for those in attendance and found a responsive chord in the hearts of all. A. Wilton Peck, with Mrs. C. H. Hinton as accompanist, sang "O Love That Will Not Let Me Go" and "Leave It With Him." Mrs. Stanton played "Adante in E Minor" for the service began and a floral march at its conclusion. Floral offerings were profuse.

Bull horns were: Commissioner T. E. Moore, Commissioner Marcus C. Ware, Judge C. A. Bailey, Sheriff M. E. Finch, J. C. Parsons, county auditor and J. N. Clair. The flag which was floated at half mast from noon on Saturday remained in that position until after the ceremony.
