FEDERATION LEADER CALLS ON WOMEN TO EXERCISE FRANCHISE

Mrs. E. F. Hitchner, Sandpoint, Counsels 225 Delegates to State Convention to Study Policies and Proposed Laws

Interest in public affairs and 100 per cent women vote in the forthcoming election was urged by Mrs. E. F. Hitchner, Sandpoint, president of the Idaho Federation of Women's Clubs, at the opening of the sixth annual convention of the organization here yesterday.

The federation, represented by 225 delegates and visitors at the opening session, was opened by Harry B. Falls, vice president of the Twin Falls Chamber of Commerce, and Mrs. A. M. Barclay, president of the club.

Mrs. Hitchner urged women to study public policies and proposed legislation. The federation, represented by 225 delegates and visitors at the opening session, was opened by Harry B. Falls, vice president of the Twin Falls Chamber of Commerce, and Mrs. A. M. Barclay, president of the club.

Mrs. C. W. Boardman, Priest River, urged Americanization, and Mrs. Edward W. Harding, Castletown, the study of Indian rights.

State President, Rev. E. O. Barton, pastor of the First Baptist church, Twin Falls, gave the invocation, and salute to the flag was given under the leadership of Mrs. T. B. Brush, Richfield, Mrs. H. C. Maguire, Twin Falls, and "Oh, Sweet Mystery," with Mrs. D. L. Alexander, playfully this admonition.

Following the exercises of welcome, Mrs. Whelan introduced Mrs. B. L. Price, president of the Twentieth Century club, and Mrs. W. O. Chapman, of the courtesy committee, and Mrs. R. Reynolds, of the registration committee, to the convention.

The state officers read their report. The report of Mrs. Hitchner, the president, was a summary of achievements and was (Continued on Page Two)

FLORIDA'S LANES OF MERCY BROADENING

Red Cross Opens Highway Supplies Pours in While Many Bodies Are Being Cremated

WEST PALM BEACH, Sept. 26 (AP)—While black smoke curled aloft from funeral pyres in the hurricane stricken lake region, relief workers today established their lanes of mercy more firmly into the area.

With Coffin's 100th birthday reported on the anniversary of the late president, a western army of trucks of quarters, Red Cross headquarters here poured in a steady stream of relief from the east, both by vehicle and boat.

A. L. Schaffer, state disaster director for the National Red Cross, said that the state of relief workers and their families was being taken by his organization from the shoulders of local agencies.

Hoover Does Reading Before Dawn During Hours Smith Sleeps

NEW YORK, Sept. 26 (AP)—Biographers of the presidential candidates, in the current issue of "The Bookman," give intimate details of the reading habits of Herbert Hoover and Alford Smith.

Hoover does most of his reading between 5 and 6 o'clock in the morning, while the other candidate sleeps for five or six hours of sleep into a period before and one after his reading. He loves to munch apples during this reading period, just now he is reading mostly biographies of eminent statesmen, topped up with innumerable detective stories.

Smith's reading is done in the more conventional daylight and evening hours. He goes over the newspapers and his favorite reading is orations and humor.

54 PERSONS DIE IN AFRICAN EXPLOSION

Huge Hole in Ground—Marks Site Where Fort Cabrera Once Stood; Many Injured

MELILLA, Spanish Morocco, Sept. 26 (AP)—A powerful explosion here recovered tonight from the vicinity of the huge hole in the ground which was all that marked the site where Fort Cabrera had stood until the explosion of its powder magazine last night. Most of the dead have been identified.

People were just leaving the theater here when the sky became crimson, followed by a tremendous explosion and a rain of sand. Most of the windows in the city proper, a mile from the fort, were broken. All but one cottage, in the vicinity of the fort, were laid in ruins and in the nearby barracks quarter only the walls of buildings were left standing.

More than a ton of powder was stored in the magazine when it exploded from an undetermined cause. Explosives were pressed into service to bury the injured to help them to be reported unofficially that "heaps" of casualties could be seen being removed from the ruins.

Upward Revision of Tariff Essential to Sugar Beet Industry

IDAHO FALLS, Sept. 26 (AP)—Upward revision of the tariff is essential to the prosperity of the sugar industry in the country, said S. H. Love, president of the National Association of Beet Sugar Manufacturers, in an address before farmers here today.

UTAH HIGH SCHOOL COACH LOSES LIFE IN ACCIDENT

ST. GEORGE, Utah, Sept. 26 (AP)—Died today, the body of Chester Whitehead, coach of the Dial high school athletic club, was found this afternoon hanging to the flywheel of an automobile which he had been driving himself here. A portion of Whitehead's clothing had caught in the wheel and he was dashed to death against the walls and floor of the building.

Whitehead was known as one of the greatest sportsmen in the southern part of the state. He was coach of the Dial high school when that institution won the state basketball championship in 1924 and later participated in the consolation tournament at Chicago.

IMPROVEMENTS MAY BE MADE IN GUARD CAMP

BOISE, Sept. 26 (AP)—National guardsmen attending the state training camp here today were able to pitch their tents around concrete floors and have hot water available for the first time. Their requests for Major Bruce C. Lester, property and disbursing officer, are granted, he said today.

HOOPER IS FRIEND OF AGRICULTURE, SAYS WILLIAM E. BORAH

Republican-Nominee Kept Price of Wheat Up, Over Opposition of Wilson Cabinet Records Show, Declares Senator

(By The Associated Press) KANSAS CITY, Sept. 26 (AP)—Lauding Herbert Hoover, as a friend of the farmer, Senator William E. Borah, Idaho, spoke here tonight in Convention hall, the price of wheat would have been \$1.50 a bushel instead of \$2.20.

In referring to the charge that Hoover had beaten down the price of wheat during the war, Senator Borah contended that on the contrary he had kept the price up over the opposition of the Wilson cabinet. If it had not been for Hoover, the Indian dollar price of wheat would have been \$1.50 a bushel instead of \$2.20.

"This," Borah asserted, "is not my opinion. It is the record." The charge that Hoover fixed the price of wheat in 1917 and beat down prices of farm products after the armistice. The record in Washington does not sustain them.

Fixed Price at \$2 In 1917 congress fixed a price of \$2 on the 1918 wheat crop. There was no price fixed for the 1919 crop. At the beginning of the World war, the Allies were purchasing on the American market in competition and the price of wheat went up. They agreed on a purchasing agent, then.

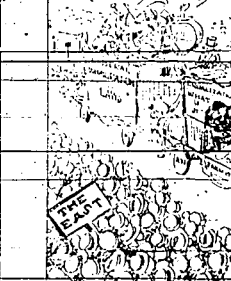

FIRE FIGHTERS CONTROL FIERCE FOREST FLAMES

BAN FRANCISCO, Sept. 26 (AP)—Fierce fires that have swept more than 150,000 acres of timber and brush lands in California during the past 10 days were believed tonight by forestry officers to be generally under control. The most dangerous of the remaining blazes, said the federal forest service, is burning along Mill creek in the San Bernardino national forest. The territory is covered with heavy dry brush and the rough nature of the country makes fighting with flames difficult.

Reports from the fire line at Palomar mountain in the Cleveland national forest said that crew leaders expected to have the blaze under control by night. All of the fires in northern California were reported under control. Rain aided the fire fighters.

NATIONAL POLITICAL CAMPAIGN COMES TO CLOSE IN SIX WEEKS

Party Leaders in States of Rockies Conserving Energy For Whirlwind Finish To Sweep Partisans to Polls

By D. FIELD BRITTE (Associated Press Staff Writer) BOZEMAN, Sept. 26 (AP)—Political fervor on a national scale, for some time of high temperature in the teeny East, has at last leaped the barriers of prairies and mountains into this vast western region of small populations and great distances.

Only six weeks remain before election day but for this group of politicians the political campaign is sufficient now that the fighting of party and nominating convention has subsided, for out here they prefer to start late and wind up with a great splash.

Party leaders in the states of the Rockies, wedged between the Midwest and the Pacific seaboard, have learned after much experience that it is not possible to keep scattered groups of voters at fever pitch for long, so they are conserving their energy for a whirlwind finish that will sweep their partisans to the polls on election day. Upon how well they succeed will depend the division of the electoral votes owned by Arizona, her border neighbor, New Mexico, and

Long Right Arm of Brilliant Robin Hurler Plays Big Role in St. Louis' Defeat; Score 6 to 1; Wind Chills Fandom.

(By The Associated Press) BROOKLYN, Sept. 26.—The long right arm of dazzy Dazzy Vance sprinkled leads and loads of salt upon the proud tail feathers of the strutting Red Birds here this afternoon, and just as the obliging crowd were performing the smartest tricks for the delight of pitcher, Glinr Hendrick, stepped to the plate and unfeelingly slaughtered the flock of them.

The Glinr did it with his little home run, but the three homers were swinging contemptuously over available perch in the seventh inning, with hardly a thought of having any effect on the game.

The score: R. H. E. Brooklyn 6 9 1 Batteries: Mitchell, Johnson and Wilson; Vance and Deberry.

## PAGE-SETTING CLUBS WEAK IN OFFENSIVE

Driving Power of Major League Pennant Contenders Mainly in Hands of Chasing Teams

NEW YORK, Sept. 26 (AP)—Oddly enough, when it comes to figuring the offensive strength of the major league pennant contenders, the edge seems to rest with the clubs that are doing the chasing, instead of with the pace-setters.

The Giants have been outblugging the Cardinals by a clean-cut margin in the National League scramble. Normally the Yankee warblers figure to be mightier than those of the Athletics but in the last few months the reverse has been true.

Cardinals Have Punch. The Cardinals have plenty of punch, too, but it hasn't been so consistent. Jim Bottomley and Chick Hafey are two of the league's foremost sluggers.

## The Blindfold Cigarette Test

DIRECTOR Dick Barthelmess

★ STAR ★ OLD GOLD

THE CAST: First Cigarette... X Second Cigarette... Old Gold Third Cigarette... Y Fourth Cigarette... Z

"Making a blindfold test is like conducting a movie tryout. But in this competition I found my star 'right off the reel.' I named Old Gold for the lead part the moment I tasted its thrilling flavor and its soothing gentleness-to-the-tongue-and-throat."

RICHARD BARTHELMESS, conductor

THE TWIN FALLS BEAN The growers' committee adopted to investigate the proposition of fixing a minimum price for this season's crop is to be congratulated on the competent, worklike manner in which it has handled its task.

One is the desirability of establishing contact with other bean producing regions to effect an interchange of ideas and methods.

The committee's study of the marketing situation has disclosed that there does not exist any adequate agency for collecting and disseminating bean crop and market information.

uses. The other two came up in less than six minutes. All three came through the experiment with no apparent injury.

"It looks as though the new device is a success. If it were not, these men might have lost their lives in testing it. They showed a fine opinion in this work. All three of the men have served as divers during the salvaging of the wrecked submarine and are not ignorant of underwater perils.

Perhaps that is why they were willing to undertake such a dangerous duty, for the sake of submarine crews in the future.

shops. While he was being measured he requested that the hip pocket of his trousers be made particularly large. The suit undergarments and auto he fashioned contained no hip pockets, but the customer persisted.

"I have a ranch in the West," he explained when he was able to make no progress otherwise, "and I need a place to carry my pistols.

"Pistols?" asked the tailor, who started back. "Certainly," said the professional man. "Out there my neighbor and I exchange greetings each morning with pistol shots."

"But, sir, that must be a hazardous practice!" "Oh, no! A slight flesh wound now and then, but never anything serious."

The tailor dropped his pencil and his tape line and exclaimed: "Why hear that!"

"The gentleman departed chucking his suit as he went. It had no hip pockets."

The servant problem varies the house wife whose negro maid fell ill on the day of a dinner party and dispatched to the rescue of her hostess a girl of less experience.

"Can you serve?" asked the hostess. "Oh, yes," the girl answered her, she listened attentively while the mistress explained the arrangements for the dinner.

The guests arrived and dinner was announced. The party entered the dining room to find the most elegant in the master's chair at the head of the table, the host before her and the serving girls clustered in her right hand.

of which rise to a height of 500 feet. The lake is in somewhat of a clover shape, with narrow connecting bays subdividing it. It lies at an altitude of 500 feet which renders it attractive as a summer resort.

Evidence of its popularity is found in cottages all along its shores in commercial tourist camps, and a splendid resort hotel.

The town of McCall is on the lake shore. It has a normal population of about 300, but in the summer season swarms of tourists from 5000 to 6000 vacationists.

The principal industry is lumbering. Almost every line of business is represented, including hotels, restaurants, and a variety of stores.

Electric lines may be reached by the North and South and the Idaho-Cascade highways, and by the Union Pacific line which operates a line from Nampa to McCall.

# CLOSING QUOTATIONS ON WHEAT ARE FIRM

## Indication That Export Business From North America is Broadening Has Bullish Effect

CHICAGO, Sept. 26 (AP)—Indications that export business in wheat from the United States is broadening has a bullish effect today on prices here. The evidence developed showing a notable falling-off in the quality of wheat arrivals at Winnipeg.

Closing quotations on wheat were firm to 1 1/2c not higher. Corn finished 1 1/4c to 1 1/2c up, oats varying from 1/2c decline to 1/4c advance and provisions unchange to a setback of 1/2c.

**Price Cutting Starts**

Despite assertions that Canada and Argentina were selling cutting prices to induce Europe to buy, the Chicago wheat market took an early swing upward and the close was at 1 1/2c. Argentine offerings at Liverpool were smaller than they have been, and it was shown that exports from the United States last month totaled almost double what they were in July, with the Argentine showing a sharp decline in the last two months greatly in excess of the amount in the corresponding time last year.

**Strength in Winnipeg**

Meanwhile strength exhibited by the Winnipeg wheat seaboard connections were more than a counter balance for lack of hedging pressure from the Northwest. In addition, only 60 per cent of wheat reaching Winnipeg was reported as new crop. No. 4 northern or better, whereas the rule of late has been as high as 80 per cent. On the other hand, world available supplies of wheat amounted to 21,260,000 bushels for the week, and are now 209,010,000 bushels, against 183,000,000 bushels last year.

### MARKETS AT A GLANCE

**NEW YORK, Sept. 26 (AP)—**Stocks: Strong; Radio jumps 11 points.

**Bonds:** Firm; rails active. Foreign exchanges: Mixed; sterling and franc higher, lira at previous year's low.

**Cotton:** Advanced; unfavorable weekly weather report.

**Grain:** Higher; better spot demand.

**Coffee:** Easy; commission house selling.

**CHICAGO:**

**Wheat:** Firm; small Northwest receipts.

**Corn:** Firm; frost damage Illinois.

**Collar:** Irregular.

**Hogs:** Weak.

### MART ENCOUNTERS STRONG RESISTANCE FROM SELLERS

**NEW YORK, Sept. 26 (AP)—**Organized efforts to extend the recent rally in stock prices were only partially successful in today's market. Despite the reduction in call money from 7 to 6 per cent, the lowest in 12 months, which ordinarily would be construed as a bullish factor, the market encountered strong selling resistance probably because of the long liquidation imposed by the cautious advice of some of the leading commission houses. Although prices succeeded in lifting nearly three dozen issues to new high records, final quotations also disclosed a long list of net declines ranging from 1 to 3 points.

The day's sales ran over 4,000,000 shares for the fifth consecutive full session.

Automotive shares again attracted a large speculative following in today's market. Graham-Paige common stock, which had advanced 12 1/2 points in common stock, but without volume, were a strong feature, climbing 4 1/2 points to a new high record of 50, bringing them closer to life with the common which attained a new top at 61 1/2. Chrysler, Hupp and Packard, Cleveland, also were moved into new high ground and General Motors closed 2 1/2 points higher at 21 1/2, after having touched 21 1/2. Buick, Nash and some of the necessary shares turned reactionary.

Auto, which is reported to harbor a large short interest, ran up nearly 11 points to 211, but lost half its gain. Abraham and Straus, Austin Nichols preferred, Commercial Inverly, Trust, Johns-Manville, Peoples Gas, Union Carbide and Woolworth led 3/4 to 2 points, higher, some of the new high records.

Other issues to break into new high ground included A. M. Myers, Electric Power, Electric Storage Battery, Fleischmann, Escobedo, Lelan and Pink and Orlite safety razor, but not all of the gains were maintained. Montgomery Ward, which had been in spectacular fashion late yesterday, fell back 5 points on profit-taking.

Murray Corporation slipped from an early high of 92 1/2 to 88 1/2. Allied Chemical, Calumet and Arizona, Curtiss, Eastman Kodak, Greene Canaries and Purdy Baking also were conspicuously heavy.

Rails started forward on the publication of some more favorable August earnings statements, but the rally quickly petered out.

### United States Spud Shipments 800 Cars

**IDAHO, FALLS, Sept. 26 (Federal Market News-Service Special to The News.)**—Total United States shipments of spuds, Idaho shipments 33, Twin Falls section 8.

**Market at Idaho shipping points Wednesday:**

**Idaho Falls—**Hauling light; practically no demand or trading; market dull; railroads cash, sacked, Russets, very few, sales, 70 tons.

**Twin Falls—**Hauling light; demand light; market dull and weak; railroads cash, sacked, Russets, 63 to 83 cars; sacked Russets U. S. No. 1 occasional sale 35 cents.

**Pasading Idaho potatoes Tuesday:** Through Denver and Cincinnati to points east and south car cars through Salt Lake City to points west and south 9 cars.

**Spud prices:** Mostly 50c off; top 100 to 250 pound potatoes—bulk 200 to 280 pound butchers \$10.35 to \$10.25, choice 340 pound butchers at \$10.50.

### BEAN MARKET ACTIVE AFTER SLOW PERIOD

**BUYERS SHOW ACTIVITY AFTER FIXATION OF MINIMUM PRICE**

**Colorado Agrees to \$6 Net**

Indicative of an activity in the bean market that is believed to have been delayed pending outcome of the Idaho growers' decision relative to fixing a minimum price, C. P. Bowles of the Southern Idaho Wholesale Grocery company, marketing agent for the Southern Idaho Bean Growers' association, reported last evening the sale of 10 carloads of Twin Falls Great Northern beans since Tuesday.

The beans, Mr. Bowles stated, were sold at prices to net the growers 46 per hundred pounds, which is the minimum price agreed upon by the growers.

Prior to these sales, the association had sold only eight carloads of this season's beans. Mr. Bowles stated that earlier sales, he said, were made on the 50 minimum price basis.

A flood of buying orders and inquiries were received last evening to the association's marketing agents since word of the growers' decision relative to minimum price was announced to the bean trade.

Word was received here yesterday that Colorado bean dealers had raised prices to the 48 basic grade, being advised of the Idaho growers' action.

### DEMAND FOR LABORERS ON RANCHES INCREASES IN TWIN FALLS COUNTRY

With harvest of beans and apple crops now in full swing throughout the Twin Falls country, there is an increased demand for farm labor, and Twin Falls men seeking employment of this kind will do well to call several times daily at the office of the federal employment service in Twin Falls. Chamber of Commerce rooms, Secretary Newton S. Wright of the chamber of commerce stated last evening.

A number of idle men, Mr. Wright stated, are in the community awaiting the opening of the potato harvest, which will not begin, for two or three weeks.

### SEEK DEATH PENALTY

**CHICAGO, Sept. 26 (AP)—**Death in the electric chair will be demanded for Angelo Petitti, accused abductor of Billy Barker, when the state brings him to trial on indictments charging him with kidnaping for ransom and extortion.

### WITNESSES RELATE STORY OF ACCIDENT

#### Family Sues Canal Company for \$40,877.40 for Alleged Part in Death of Oscar S. Wyland

Witnesses in district court here yesterday related the story of the fatal injury last September of the late Oscar S. Wyland, whose wife and four daughters, in the suit now on trial, are endeavoring to obtain \$40,877.40 damages from the Twin Falls Canal company as employer of the driver whose automobile struck Mr. Wyland and inflicted the injuries that led to his death some days later.

Witnesses included Dr. C. A. Eames and Dr. John H. Morgan, who attended the injured man; H. W. Merritt, city engineer; Ralph E. Lighton, Twin Falls police chief; Orin Busley, Charles Bagnall and R. P. Haines, who either witnessed the accident or arrived on the scene soon afterward; and Harry Riley, driver of the car.

"I didn't see Mr. Wyland on the street in front of the car until it was too late to stop," Riley testified. "I didn't sound the horn, because I didn't have time. I was doing everything I could to avoid striking him, but couldn't avoid it."

The accident occurred near the intersection of fifth avenue and Third street, west of a main drainage ditch of the Wyland residence. The witness and her daughters in this action allege that the car was driven carelessly and negligently.

The canal company, in its answer, alleges contributory negligence on the part of Mr. Wyland, who it is asserted, failed to give right of way to the automobile—that was required, under the circumstances, by city ordinances.

San Here From Boise  
Elmer Wyland, Boise, telephone company engineer, sat beside his mother in the court room during the trial yesterday. The case in her behalf is being presented by Turner K. Hlackman, attorney.

On the other side of the attorney's table, Claude Gilchrist, Boise attorney, was seated beside Judge J. H. Bothwell, attorney for the canal company.

Burton Smith, manager of N. V. Sharp, director of the canal company, occupied seats near the company's attorney.

Members of the jury were chosen largely from among citizens summoned under a special venire issued Tuesday afternoon when it was discovered that most of the jurors on the regular jury list for the term are stockholders of Twin Falls Canal com-

Members of the jury are M. P. Sears, Frank Wender, Nengie B. Hazard, L. L. Patrick, S. O. Salliday, L. T. Moore, T. D. Smith, Charles O. Dumas, E. S. Strawn, J. L. Green, R. F. Robinson and Wallace White.

### RETIRED RANCHER DIES WHILE ARRANGING PLANS TO MOVE TO CALIFORNIA

James P. Willard, 76, retired Nebraska farmer and for a number of years resident of Twin Falls country, died at 9:15 o'clock Wednesday morning at the home of his brother-in-law, Earlick Brown, three miles south of Kimberly. The body was brought to the Drake funeral parlors here. Arrangements for funeral services have not been completed.

Mr. Willard had property interests at Pine and in California. During his period of residence in Idaho he had made a number of visits to California, and shortly before his death he had been making plans to make his permanent home in California.

Mr. Willard came here with Mrs. Willard who survives, from Odell, Nebraska, where he had owned and operated a farm, property for many years. There are no other surviving members of his immediate family.

### WEED SPRAY FLAME TAKES FIRST VICTIM

#### Charles Jeffries, 60, Dies From Burns Received When Clothes Ignite From Cigarette Spark

Sodium chlorate fire claimed its first fatality in this county yesterday when Charles Jeffries, 60, died during the noon hour at the county hospital here from injuries sustained when he suffered last September 1.

"A spark from a cigarette lighted by Jeffries while he sat in a motor truck near the court house set fire to his clothing that had been saturated with the inflammable chemical while using it as a spray in eradication of noxious weeds. Almost instantly he was enveloped in flames, and he was so severely burned that little hope was held out at the time for his recovery.

Tells Life of Life  
He disclosed but little concerning his life. It was learned that he was born in Kentucky and that he had lived for some time in the state of Washington. He had been employed by the county weed eradication bureau only about a month before he was injured.

He told hospital attendants that the first hospital taken yesterday to the Drake funeral parlors. No arrangements have been made for funeral services.

### PARENT-TEACHER GROUP PLANS MILK FUND SHOW

In order to assist in raising the annual milk fund, the general council of the Twin Falls Parent-Teacher association at a meeting held at 3:30 p. m. yesterday and presided over by the president, Mrs. E. T. Outtery, voted to exhibit a film in a local theater—a committee composed of Mrs. J. L. Langewaller, George B. O'Neal and G. W. Erbland was appointed to arrange the program.

It was announced that a convention of the southern Idaho district would be held here in about a month. About 300 delegates are expected to attend. The date of meeting has not yet been set. Mrs. M. L. Powell was elected delegate to the Welfare association which will meet October 22 to bring about united action for child welfare.

### RECEIVER FILES PETITION

Guy H. Shearer, filer, has filed in district court here his final petition for discharge as receiver for the Filer Mercantile company and the court has fixed next October 26 as the time for hearing on the petition.

### WHEAT TRUCK CRASHES INTO KIMBERLY MACHINE

An automobile truck loaded with wheat, driven by Walter Larsson, collided with a small touring car in which Mr. and Mrs. L. E. Combs, Kimberly, were riding at the intersection of two roads two miles south of South Park, Twin Falls shortly before noon Tuesday, it was disclosed by a deputy sheriff's investigation.

Mrs. Combs suffered a broken nose and both she and Mr. Combs were bruised and shaken while their car was badly damaged.

The Combs' machine came from the east onto the north and south road on which the truck was moving toward Twin Falls. The investigation, it was stated, indicated that the truck was driven at high speed.

Larsson, driver of the truck, was employed by Ray Holloway on a farm east of Trosper.
