

# STONE BUILDING IN PRAGUE FALLS; 100 MEN UNDER DEBRIS

### Relief Forces Laboring Frantically; Woman Finds Head of Husband; Architect Commits Suicide; Frantic Cries

(By The Associated Press) PRAGUE, Czechoslovakia, Oct. 9.—Collapse of an eight-story stone office building being erected in the heart of this city today buried most of whom were believed to have been killed. Eighteen bodies had been recovered by 10:40 o'clock tonight.

### Tremendous Detonations

The collapse was attended by tremendous detonations from the falling slabs and hundreds of tons of masonry, the populace of the vicinity was terrified. The rescue emergency organization, salvage corps and hospital unit was hurried to the scene. Both chambers of parliament suspended their work and the speaker of the senate membership resigned to the spot.

### Woman Finds Head

There were several horrible incidents as when a woman found in the ruins the severed head of her husband. The police had to take it from her by force as she was led away still shrieking hysterically.

### Government Authorities

Government authorities attributed the collapse to defective construction. The contractor had pledged himself to pay a fine for each day beyond January 1 that the building was uncompleted and he had given orders to speed up the work.

### LINDBERGH PASSES TEST

MINEOLA, N. Y., Oct. 9.—Manipulating the steering gear of an airplane with his hands here today and obtained his driving license.

### WILL RESURFACE ROAD

DOISEY, Oct. 9.—About three miles of Grace-Preston highway near Cleveland will be resurfaced with state funds. D. W. Williams, commissioner of public works, announced today.

### STATE COMPILES DATA

DOING, Oct. 9.—A department of public works today began compiling data in support of the Cotton-Oddie bill now before congress.

### YEAR'S CROP YIELD SHOWING INCREASE

Few Important Changes in Nation's Prospects Noted During Month; Slumb in Corn

WASHINGTON, Oct. 9.—Comparatively few important changes in the nation's crop prospects were noted during the last month by the department of agriculture which today repeated its September 1 forecast of yield approximately 3 per cent above the average for the past 10 years.

### DETECTIVE CONVICTED

PHILADELPHIA, Oct. 9.—Herbert W. Layre, a district detective, was convicted by a jury in common pleas court today of extortion and bribery in accepting money from a saloon keeper for protection.

### MISS EARHART FLIES EAST

CHEYENNE, Wyo., Oct. 9.—Flying today, Miss Earhart settled her ship on the local field at 1:10 o'clock this afternoon and took off 45 minutes later for the East. She flew here from Salt Lake City.

# Only Active Volcano In United States in Its Second Childhood

BERKELEY, Cal. Oct. 9.—Lassen peak, only active volcano in continental United States, is in its second childhood, geologically reports a scientist. Commonly known as the University of Liverpool, England.

### LEGIONNAIRES JOIN IN ANNUAL PARADE

Commander Spafford, General Pershing and Viscount Allenby Watch Marching Lines

SAN ANTONIO, Oct. 9.—The measure of marching feet, familiar in wartime days, echoed through the streets of San Antonio today. Ten thousand former soldiers and members of the American Legion auxiliary passed in review before the grandstand of the National State's delegation with spirited bursts of cheerful shouts as they passed by.

### COMMANDER SPAFFORD, GENERAL PERSHING AND VISCOUNT ALLENBY WATCH MARCHING LINES

Through the khaki-colored uniforms of soldiers from military posts, reawakened memories of the days when America shouldered arms in behalf of the Allied cause. Legionnaires, however, were not the serious-faced boys of 10 years ago who were to encounter the grimness of war.

### SMILES LIGHTENED THE FACES OF THEM

Smiles lightened the faces of them and few made any attempt to keep step with the strains of martial music that filled the air. Instead they pointed to the left, right, left, shouting greetings to friends who crowded every available platform and peering down from windows of office buildings.

### POSTPONE FLIGHT

ROOSEVELT FIELD, N. Y., Oct. 9.—Unfavorable weather reports have caused postponement of the take off of the airplane carrying Douglas G. Williams and his companions in the transatlantic monoplane Columbia for Rome. Williams announced tonight.

### FRIENDS HONOR PIONEER AT FAREWELL GATHERING

Arthur Jarman, Citizen of Twin Falls For 18 Years, Leaves for Home On Coast

On the eve of his departure to join members of his family in California, Arthur Jarman, citizen of Twin Falls for 18 years past, was honored at a farewell party given in the Latter Day Saints church last evening by a national improvement association class of which he has been a teacher for some months.

Eloquent tribute to Mr. Jarman and his activities within the church and in fulfillment of the responsibilities of citizenship was paid in a farewell address delivered by Bishop Rex Wood on Tuesday evening. Included a number of other short addresses and musical numbers, and refreshments were served.

Mr. Jarman was recalled, came to Twin Falls with his family from Sugar City, Utah, 18 years ago. He served for nine months as night desk sergeant on Twin Falls police force about six years ago, having carried on farm work near Twin Falls prior to that time. During the past four and a half years, he held positions of responsibility in operation of an arrangement house.

Mr. Jarman has for many years been active in all of the work of the Latter Day Saints church and he is a member of the high priesthood of his faith. He devoted the year 1919-20 to a mission for his church in the southern states and three of his sons have been called for service in the mission field, involving an outfit of some \$6000, all during the past year.

In California, Mr. Jarman will join his wife who has been there for some months under medical attention, and four sons and one daughter. The sons in California are Lonah, Jerry, Lavelle and Cornell, and the daughter is Bernice. Two sons—A. H. Jarman and A. L. Jarman, remain in Twin Falls and the other son, Vernon Jarman, lives in Salt Lake City.

**Being Different**

Time's individuality. Personally it might be in action, in speech or in one's wear. It is quite the same in business. When we discontinued our dry goods department and adopted the "made up" store—we did not know it having been done before—a different store—a different atmosphere—new arrangement—a pleasant, economical place to shop was part of the scheme; selling our trade things that are different, and that not only applies to dresses, coats and hats, which every woman is so particular about, but in gloves, bags, hostery, jewelry, neckwear, gifts and many small things that one will find here different than other stores and not a bit higher in price. Individuality in our store helps your individuality.

### CARD OUTFIELDERS HAVE RESTFUL DAY

The Cardinals could not blame their trials for lack of liberality in the concluding game of the series. The Yankees were generous to a fault. The American League led by the Cardinals to every one of the three runs scored. Orsatti's double, paving the way for the first runner was a fly in the center field on which the mation picture actor did not have a chance to take two bases with even a common or garden variety of throw. Paschal, stationed perhaps at the daring of the Californian in sprinting for second, threw the ball into the dirt and it rolled through Lazzari, Ernest Orsatti and Earl Smith in the places occupied by Taylor Douthat and Jimmy Wilson was successful in that they made five hits between them but Orsatti's fielding left something to be desired. He seemed to have difficulty keeping his feet and was bothered too by the sun.

McKechnie's effort to add offensive strength to his team by inserting Ernest Orsatti and Earl Smith in the places occupied by Taylor Douthat and Jimmy Wilson was successful in that they made five hits between them but Orsatti's fielding left something to be desired. He seemed to have difficulty keeping his feet and was bothered too by the sun.

### The Weather

**FORECAST FOR TODAY:** Fair and mild.

The temperature plan in Twin Falls yesterday was 14 degrees greater than on Sunday. The maximum yesterday was 81 degrees while Monday's high temperature was 78 degrees. Yesterday's minimum was 34 degrees. 11 points below the low reading for the previous day.

### INSURANCE MEN DISCUSS QUESTIONS OF RATINGS

Although the annual meeting of the Idaho Insurance Agents' association was held at Boise Monday night, several members of the executive committee and other guests remained in town today to discuss matters of rating with J. H. Branscomb, Boise, manager of the Idaho rating and rating bureau, and questions of rating and policy with J. H. Mendell, Harry Simpson, B. Solchick, Frank White and Thomas Craig, Idaho Insurance Advisory committee, who were present from San Francisco.

No action differing from that outlined Monday was taken; the discussion covering details of matters considered in the convention. The last of the visitors left Tuesday afternoon.

### BUSINESS WOMEN PLAN FOR DISTRICT MEETING

Arrangement were completed at a meeting of the Business and Professional Women's club Tuesday noon for participation in a district meeting in Jerome, October 11. Miss Emily Kneubuhl, national executive secretary, will be present and will deliver an address on a subject pertaining to the work of the organization at a dinner meeting in the North Side Inn at 7 P. M.

Delegates will attend from Bull, Burley, Gooding, Rupert, Wendell, Twin Falls, and Pocatello. The club from Twin Falls will attend, and the Pep Singers will provide several numbers for the program.

The meeting is one of a series of three which the state president has arranged to be held in each of the four districts of the state. All business women, whether members of the club or not, are invited to attend.

### JONATHAN APPLE CROP HARVEST NEARING END

Jonathan apples are practically all harvested, according to reports from the Twin Falls warehouse district yesterday. Delicious apples are now being picked and picking of Rome Beauties will soon begin. Onions are virtually all under cover.

About two-fifths of the red clover crop has been hulled, dealers estimated. Bean threshing is rapidly drawing to a close. The bulk of the potato crop is still to be dug, which will keep the apples still on the trees until the weather turns. The weather will keep many farmers busy for some time.

### La France

**Pointed Heel**

A new La France—a new weight, mid chignon, with point heel; lovely in texture and satiny yet strong. \$1.75 pair.

### Hostess - Colored Bed Sets

It is the day of colors. Daintily tinted sheets and cases, tub fast colors, of fine percale weaves, hemstitched in sets of two sheets, and cases, come in sizes 81x99 and 90x105, \$10.00 and \$10.95 set.

### Lustray Bed Spreads

As the name implies, they are lustrous and pretty. Bolster length, 105 inches long; firmly woven of rayon and drapery taffeta; again they are different. \$5.00 and \$9.50.

### Neckwear of Originality

Unusual in type, fine laces and silks are used and the designers have achieved some unusually smart effects. Just what one needs to finish the dress. 75c to \$5.00.

### Children's Underwear

Garments that are guaranteed for satisfaction, in wear and fit.

**Minneapolis Sleepers**  
2 to 8 years \$1.00 each  
A sleeper made of extra good material, knitted with feet, drop seat button front. This garment is a growing favorite over all others.

**Boys' and Girls' Suits**  
2 to 12 years 75c.  
A fine white soft fleecy suit made with tapes and buttons, medium neck, elbow sleeves, knee length—an unusual suit value.

### Outing Nightwear

Slip styles they are called—responding in color and trimming to the tailored lines in slacks, of light weight leather sufficiently firm to give service even to driving a car, yet pliable and washable, and smarter than ever, not so fussy you know but smart. Fashion decrees gloves.

IN LEATHER \$2.50 to \$4.95.  
IN CHAMOISUEDE \$1.00 to \$1.95.

### Better Rayons

Have you had trouble with rayon? Many people insist on Sunbeam and finally they have proven their worth—made of stronger threads—more washable, better knitted, more simply and fuller cut; they are different, wear better, more comfortable. A complete rayon underwear department that is different.

### New Ideas In Art Needlework

The busy needle is due to start for home lovers, and holiday gift makers. So many new art pieces one will want to make and they add so much to the home. New pillows of felt, quilted silk and linen, beautiful pillows the young miss loves for her room, the young person and dainty sets; just lovely, inexpensive and easy to make with little labor.

## MONEY

in a saving account means having dollars where they are safely working for you and yet are ready to meet an emergency.

To budget a regular amount for savings each month is a plan embodying convenience and safety—for the present and for the future.

## Being Different

Time's individuality. Personally it might be in action, in speech or in one's wear. It is quite the same in business. When we discontinued our dry goods department and adopted the "made up" store—we did not know it having been done before—a different store—a different atmosphere—new arrangement—a pleasant, economical place to shop was part of the scheme; selling our trade things that are different, and that not only applies to dresses, coats and hats, which every woman is so particular about, but in gloves, bags, hostery, jewelry, neckwear, gifts and many small things that one will find here different than other stores and not a bit higher in price. Individuality in our store helps your individuality.

C. BEN ROSS FLAYS ADMINISTRATION OF STATE IN ADDRESS

Democratic Candidate for Governor. Attacks Present Officials for Higher Taxes; Promises \$1,000,000 Saving

Idaho's state administration was under fire about one hour while C. Ben Ross, Poacello mayor and Democratic candidate for governor, opened the Democratic campaign in Twin Falls, addressing an audience that completely filled the room of the high school auditorium here last evening.

Without referring specifically to any of the state's expenditures, Ross made a general attack on the present state administration on the score of increased tax levies and property valuation.

He stated definitely that his first object was to get a complete re-examination of an auditor to find out where the state's money goes.

He indicated that his administration would begin building a parallel road across the state to demonstrate how much road money has been wasted during the last few years.

The meeting was called to order by Juneau H. Shinn, chairman of the Democratic county central committee, and introduced by Chairman of Twin Falls Democratic state committee as chairman.

The name of Governor Alfred E. Smith, Democratic candidate for the presidency, was not mentioned except by Tom C. Coffin, Poacello, former attorney, who said he had occupied more than an hour telling why he had abandoned the Republican party to vote for the Democratic candidate.

Mr. Ross referred to Democratic county candidates, eight of whom occupy seats in the legislature. He said that he would compare favorably with the candidates of any party in any year.

C. BEN ROSS, mayor of Poacello and Democratic candidate for governor, who delivered the opening address of the Democratic campaign in Twin Falls county here last night.

Interested in agriculture, I will be especially glad to discuss the question of the agricultural interests, and if I am most interested in the great power and timber trusts I'll naturally do what they want done.

Attacks Highway Policy

"The state highway department," Mr. Ross stated, spent last year \$3,490,222. On the basis of \$3000 a mile that was enough to build a highway across Idaho at its widest distance, 410 miles, in one year, and we have been at that for eight or 10 years.

"While the highway expenditures of just three out of the last 10 years all of the through highways could have been completed and with the expenditures of the other seven years feeder roads could have been built so that all of you farmers could have traveled good roads."

Disclosures in connection with lease and receipt of the naval oil reserve made public by the state's administration for the Democratic nominee seemed to be the motive that prompted Mr. Coffin to move over into the Democratic camp.

Citizenship First

"That forced me to say," Mr. Coffin declared, "that when the issue is the integrity of public officers and the confidence of the people in their officers, I won't compromise with any citizenry came ahead of my party."

MEETS WITH BONDHOLDERS

Harry Bennet, attorney, will leave this morning for Los Angeles to spend two weeks in conference with the Miller Low Lift Irrigation district bondholders committee for which he is serving as legal counsel.

LIQUOR IS CAUSE OF AUTOMOBILE WRECK

Four or five young men in an automobile that was wrecked on the state highway two miles west of the county general hospital last Monday night pleaded guilty yesterday to charges of drunkenness, and the fifth young man was held to answer in district court on a misdemeanor charge of driving an automobile while intoxicated.

None of the young men were seriously hurt when the car, in which they were riding, overturned on the side of the road and was badly damaged. They welcomed C. E. Jones, prosecuting attorney, who appeared on the scene in response to report of the mishap, and offered to share with him their remaining supply of moonshine whiskey.

They were traveling eastward on the highway when the upset stopped the trip. Members of the party were held overnight in the county jail before they were arraigned yesterday before W. S. Maloney, justice of the peace.

C. BEN ROSS REFUTES NEWSPAPER STATEMENT

While in Twin Falls last night, C. Ben Ross, Democratic candidate for governor, issued a statement denying that he had stated in a newspaper article that he was commissioner of agriculture.

While it has come to my attention that the Idaho Statesman in Bobbe has stated that I have promised to appoint Carl L. DeLong of Twin Falls, commissioner of agriculture, this statement is false.

WIFE DEMANDS ALIMONY

Only Ritchie defendant in divorce suit instituted by Zella Ritchie, wife of the late Ritchie, who died last August 10, requiring him to pay \$20 each month for support of his wife and minor child, according to Mrs. Ritchie's statement in an affidavit filed in district court here yesterday in support of application for an order directing Ritchie to do so.

BOARD CONSIDERS BUDGET

The Twin Falls Canal board began work yesterday on the budget for the coming year. This subject will probably necessitate consideration at several future meetings. It was reported that there have been relatively few delinquencies in maintenance payments for the year. The delinquency payment became delinquent in 1927. The usual routine business of allowing bills and conducting water rights was transacted.

GASOLINE ALLEY—LORA ISN'T SO FOND OF CANDY, THIS WEEK

WHEAT PRICE LOWER ON CHICAGO MARKET

Federal Crop Report Proves Bullish; Export Demand Fair

CHICAGO, Oct. 9.—Lower prices for wheat revealed today a good deal of generally correct belief that the government crop report this afternoon would prove relatively bullish. The official estimates, instead of confirming recent predictions of about 9,000,000 bushels reduction in the 1928 yield of domestic wheat, are practically identical with the totals indicated a month ago. On the other hand, the government report as to wheat contracted as bulrush, being 66,000,000 bushels under the average of recent private returns.

Close quotation on wheat "was weak, 1/2 to 3/4 cent lower; corn 1/2 to 3/4 cent off, oats 1/2 to 3/4 cent down, and provisions unchanged to a setback of 25c.

Oil Figures on Crop

Supplementing the effect of anticipation that the government crop report concerning wheat would tend to favor the selling side of the market, the figures from the Northwestern Grain Association's publication indicating 34,000,000 bushels larger Canadian wheat yield than that of the United States.

Some buying support at times was given to the Chicago wheat market because of liberal domestic clearance of bread stuffs last week to other countries, the total being 4,728,000 bushels of wheat and flour, but demand at Winnipeg increased the selling pressure here as the day drew to an end.

Meanwhile, export demand today for wheat from American sources was only fair volume, although some domestic No. 2 hard wheat and some amber wheat was said to have been disposed of to Europe.

MART CLIMBS ABRUPTLY FOLLOWING IRREGULARITY

NEW YORK, Oct. 9.—The stock market turned abruptly upward today after an early period of irregularity. Some of the technical position of many stocks had been weakened by the recent advance and that a downward readjustment was necessary.

Although profits had bid up a few specialties to new high records, during the morning, the big buying movement did not get under way until mid-afternoon when motors, steels, coppers and specialties were bought in enormous volume at rising prices.

Unconfirmed rumors of a further advance in copper prices brought fresh buying into the metal market. American Smelting and Refining, Detroit Edison, Kelly Springfield and preferred stocks, Midland Steel showed net declines of 3 points or more, but the turn-over in most cases was small.

EAST END DAIRY HERDS RATE HIGHEST IN STATE

DURLEY, Oct. 9.—(Special to The News)—Reports show that the Mintz, Cusack Cow Testing association was the highest testing herd in the state for August. The association averaged 30 pounds of butterfat. "This association also has the highest individual herd of the state, that of Robert Guerdell, Rupert, which averaged 50.5 pounds."

Members of this association are listed at the high stand they are taking in the state, especially as Idaho stands second among all states in average butterfat production and second percent of herds producing above 300 pounds.

According to a summary issued by the bureau of dairying, Idaho's average of 318 pounds of butterfat was surpassed only by West Virginia, with 323 pounds—here averaged. In percentage of herds above 300 pounds, Idaho with 63.2 per cent was exceeded only by Oregon with 60.2 per cent.

The September production of this association, just issued, shows a slight falling off in production, however. With 48 dry cows included, the association herds of 292 cows produced in September an average of 737 pounds milk and 27.9 pounds fat.

### 800 TEACHERS FROM SOUTHERN DISTRICT WILL CONVENE HERE

Addison T. Smith, R. E. Shepherd, W. D. Vincent, and Dr. Harmon Tremaine are Principal-Institute-Speakers

The general session of the South Central District Teachers' Association, which will be attended by 800 teachers, will open Friday afternoon at 1:10 o'clock with an invocation pronounced by Rev. Horace Turner, pastor of the Methodist Episcopal church. There will be a concert by the high school band with J. T. Bainbridge, conductor, consisting of an overture, "The Golden Dragon," and an air, "Apple Blossoms."

The address of welcome will be delivered by Mayor R. E. Dobler, followed by the address of welcome by the chairman of the institute committee, after hearing announcements the convention will listen to talks on "Practical Citizenship" by Congressman Addison T. Smith, and "School Taxes" by R. E. Shepherd, Jerome, president of the Idaho State Teachers' Conference. The meeting will then adjourn to see the Oakley-Twin Falls football game. There will be a 6 o'clock school masters' banquet at Tom's cafe.

At 7:20 P. M. the general session will be resumed, with invocation by Rev. W. H. Ward, rector of St. Andrew's Episcopal church, and a solo by Miss Florence Deckstead, Communistess W. D. Vincent will deliver the speech of the evening. Saturday morning the invocation will be given at 9 A. M. by Rev. A. G. Pearson, pastor of the Presbyterian church. The Twin Falls high school orchestra, J. T. Bainbridge conductor, will play "The Desert Song" and "Rhapsody." Dr. Harmon Tremaine will speak on "The History and Trend of Health Education." This address will be followed by sectional meetings.

At the afternoon session which opens at 1:20 o'clock, the invocation will be pronounced by Rev. E. G. Barton of the Baptist church. The primary orchestra of Lincoln school under the direction of Miss Ida Allen will give a performance. Dr. Harmon Tremaine will address on "The Hickory Stick." The Idaho Educational Association program will then be presented by President W. D. Vincent. Following by a business session. The meeting will adjourn to attend the football game at 3:40 P. M. between the College of Southern branch.

### COUNTY TO CONDUCT CRUSADE OF HEALTH

Mrs. Elizabeth Smith to Supervise Work Among Pupils of Public School During Year

Under a cooperative arrangement in which Twin Falls county, public school districts, and the Idaho Anti-Tuberculosis association are participating, Mrs. Elizabeth Smith has been retained to conduct a health crusade in public schools of the county during the present school year. Mrs. Smith was employed in a similar capacity two years ago, when she served as public health nurse in rural school districts of the county. This year Twin Falls city schools have entered into the cooperative arrangement, and Mrs. Smith, who entered upon her duties last October, spent yesterday weighing and measuring pupils of the Lincoln school. Only preliminary survey will be made in the rural schools during good weather.

Twin Falls county commissioners have appropriated \$300 and the Anti-Tuberculosis association has contributed \$200 toward meeting expenses of the crusade.

### ODD FELLOWS WILL MEET

A get-together and good fellowship meeting has been arranged for a special session of Twin Falls Odd Fellows, to be held in the lodge hall here next Thursday evening at 7:30 o'clock. It was announced last evening. Refreshments will be served and an invitation is extended to all members of the order.

### JURY GIVES VERDICT IN ORIENTAL'S SUIT

Japanese Farmer Pares Claim for \$7337 to \$1400; Landlord Drops Suit for \$20,000

After deliberation of four hours the jury in the \$1400 damage suit of G. Tomita, Japanese tenant, against C. F. Johnson, ranch owner, returned a verdict at 5 o'clock last night.

Only a claim for \$1400 for alleged fraudulent sale of inferior onion seed remained out of a suit that had been instituted originally for \$7337, when the case of G. Tomita, Japanese farmer, against C. F. Johnson, ranch owner, returned a verdict at 5 o'clock last evening. Trial in the case occupied three full days.

In obtaining order for non-suit with respect to Tomita's \$5907 claim for alleged fraudulent sale of seed potatoes, Johnson abandoned \$20,000 out of his original counter-claim for \$27,850. The \$7850 remaining represents the amount of a mortgage and \$5000 damages claim in a case which Judge W. A. Babcock held was not a question to be decided by a jury but will be taken under advisement by the court.

Sustains Non-Suit. The court sustained Johnson's motion for non-suit with respect to Tomita's claim for damages for alleged misrepresentation on the part of Johnson relative to the seed potatoes, and counsel for Tomita, on his own accord, dismissed a claim for damages for alleged failure on Johnson's part to purchase certain potatoes from Tomita. It developed that the alleged defauling purchaser was not Johnson, but some other person.

In support of motion for non-suit relative to claims based on the seed potato transaction counsel for Johnson urged that evidence failed to show warranty of the seed on Johnson's part, that it failed to show that Tomita had relied on the alleged warranty in purchasing the seed, that it failed to show any proper measure of damage, and that it appeared affirmatively that Tomita knew before planting the potatoes of their alleged diseased condition.

Closest Onion Deal. Testimony relative to the claim regarding the onion seed indicated that Tomita had purchased what he believed to be seed of the Sweet Spanish variety, but that when the crop matured it was made up of five different varieties and could not be sold.

In support of motion for non-suit of the onion seed claim, which motion was overruled by the court, it was alleged that evidence failed to show warranty of the seed by Johnson, but that on the contrary, the evidence showed that the seed had been bought and paid for jointly by Tomita and Johnson.
