Graf Zeppelin Completes 4003-Mile Journey In 69 Hours; Shatters Records

Giant Air Liner Completes Initial Round Trip Commercial Transatlantic Flight; Great Crowd Welcomes Craft Home

(By The Associated Press) FRIEDRICHSHAFEN, (Thursday Morning), Nov. 1.—Completing the first round trip commercial transatlantic flight, the Graf Zeppelin landed at the air-drome here at 7:06 A. M. today with passengers and mail from America.

With the approach of the dirigible the population of the town swelled many times its normal size and was aroused by volleys of saluting shots. The people rushed pell mell to the air-drome where the crews of the zeppelin were already assembled at the hangar.

Not all of the thousands who had gathered to welcome the dirigible needed the aid of guns to tell them that the ship had returned. It completed her voyage. Despite a rain which had been falling all night many persons came to greet the air liner. To make an early pilgrimage to the air-drome where a huge crescent of humanity had formed as early as 4 A. M. last night.

Police Hold Crowds Back Large details of police and several companies of soldiers held the crowd in check when the Graf Zeppelin suddenly flew in sight. It was flying very low and fast from the northwest and lighted lights shining from its cabin windows.

The dirigible, which left Lakehurst, New Jersey, at 1:54 A. M. Eastern standard time Monday, made the fastest crossing of the Atlantic by a lighter-than-air machine, covering a distance of 4003 miles. She reached the west coast here at 7:06 A. M. after starting from Lakehurst and touched the ground after 71 hours and 17 minutes had elapsed. The British dirigible R-101, which made the fastest previous crossing, was in the air 75 hours before being landed at her home base at Roosevelt field in July, 1919.

Since leaving Friedrichshafen on Monday morning, October 11, the zeppelin had flown approximately 10,000 miles. Going by the southern route it made the longest flight, 8,700 miles in 111 hours and 38 minutes.

After hovering over the hangar for more than half an hour the dirigible turned her nose toward it and began to descend slowly at 7:02 A. M. Havers were thrown out and the

DARING ROBBERS GET \$10,000 AND ESCAPE

During Noon Hour With 150 Men Near by Bandits Overpower Guard; Steal Payroll

PHILADELPHIA, Oct. 31 (AP)—While about 150 men were on duty at the Gulf Refining company plant during the noon hour today, four men with pistols and sawed-off shotguns overpowered a watchman, held up 16 other persons in the office of the sales department and escaped with \$10,000.

They drove away through a gate near which stood a policeman, who knew nothing of the holdup.

Thomas Hutchinson, 60, watchman, saw the automobile drive past him at the plant and in front of the office building 200 feet away. Hutchinson had orders to allow no automobiles inside the gate, but he told police the men were officials of the company.

Two Guns Lower Force The other three robbers entered the office and two with pistols covered the office force. The apparent leader of the gang took a shotgun from under his overcoat, but it across the shoulder of the telephone operator, Miss Mary Moriarty, and after forcing her to disconnect all telephones on the switchboard, made her line up with the other office workers.

Taking a heavy coat pocket, the leader scooped into it all the money in sight, which was being distributed for a payroll, and with his companions called back into the yard still covering the office workers.

The men entered their automobile, were joined by the fourth man, and drove out of the gate past the unsuspecting policeman.

LIVESTOCK MONARCHS MASSING IN PORTLAND

PORTLAND, Oct. 31 (AP)—Monarchs of the livestock realm from Eastern and Middle Western states rolled into the grounds of the Pacific International livestock exposition here today aboard the annual eastern livestock special train. Another train of 14 cars, bearing livestock from eastern Washington and northern Idaho, will arrive tomorrow. Animals, to be exhibited by the University of Idaho and by Washington State college will be aboard.

CHAMBERLAIN BASIN WILD MAN NOT SAVED

Judge Orders Trapper Committed to Blackfoot Asylum After Hearing in Grangeville

GRANGEVILLE, Idaho, Oct. 31 (AP)—"Wild man" who made the Chamberlain basin, was ordered committed to the state asylum of Orofino today, having been adjudged insane following a hearing by Judge Campbell last night.

McCoy, who was said to have terrified his neighbors by threats, roars and "creeching" in his den, was captured after Sheriff Harvey Rothwell, Idaho county, trailed him for four days over the roughest mountain country in Idaho. He was brought here on horseback from the Chamberlain basin.

McCoy was found armed, hiding in an abandoned prospect hole, but offered no resistance.

With a deputized forest ranger, Sheriff Rothwell left here on an airplane last week with Lieutenant Jack Rose, Spokane pilot, and flew to the Chamberlain ranch, a journey of several days by trail. Rothwell and his deputy took McCoy to Grangeville and sought the madman's aid in his den. McCoy, it was stated here, was from McCoy, but he had been

Deputizing ranchers and trappers, Sheriff Rothwell organized his hunt. He said he had not expected McCoy to fight, but had feared that unless he was taken into custody soon, he might shoot some of his neighbors.

Little was known of McCoy, except that he came from the basin about a year ago and engaged in trapping.

HOLD \$450,000 STOCK

SEEK BY Oct. 31 (AP)—Meeting here today for the first time the directors of the newly organized Boeing Airplane and Transportation company revealed that the Boeing Aircraft company of New York was the purchaser of \$450,000 preferred stock of the company. The New York firm also holds an undisclosed amount of common stock.

Gas Tax Collections. Total \$233,614 for Month of September

BOISE, Oct. 31 (AP)—September gasoline tax collections surpassed any in the month of September. The law was passed and stands today to only one month. George Jordan, director of the motor fuel department, announced today that collections were \$233,614 on sales of 3,500,000 gallons of gasoline.

Last year's September collections were \$187,676. In August of this year collections were \$250,000. Total collection for the year to date are \$1,511,000.

15 PASSENGERS UNHURT WHEN BUS LEAVES ROAD

CREELEY, Colo., Oct. 31 (AP)—An east bound Denver-to-Kansas City bus, on the Pikes Peak highway near Hillcrest near here tonight, fifteen passengers, the driver and a rescuer, all who were in the bus were uninjured.

Chad Alexander, driver of the bus which left Denver at 4:20 this afternoon, said the accident happened when a truck, driving down the middle of the road, forced the bus off the side of the road and down a small embankment.

NOTED LOS ANGELES PROSECUTOR FACING REMOVAL FROM POST

Grand Jury's Indictment Accuses Asa Keyes of "Willful and Corrupt Misconduct in Office;" Files "Accusation"

(By The Associated Press) LOS ANGELES, Oct. 31.—District Attorney Asa Keyes was accused of willful and corrupt misconduct in office in an indictment returned tonight by the Los Angeles county grand jury.

With the indictment the grand jury filed an "accusation" for the receipt of money from the estate of a willful and corrupt misconduct in office was repealed in the occasion filed with Superior Judge Douglas L. Edmonds.

The indictment charged Keyes with conspiring with E. H. Rosenberg, Jack Rosenberg and Jacob Bernern, alias Jack Bennett, to effect their acquittal in the recent Julian Petroleum corporation stock operation trials.

Goes to Europe The Los Angeles grand jury, in the Julian trial, the trio who were officials of the concern, and S. C. Lewis, president and several others, were charged with conspiring to violate the state corporate securities act by over-inflating the stock. Jack Bennett, shortly before the indictments in the Julian case were returned, fled to Europe. Later he returned and surrendered himself in San Francisco to Keyes, who went there to meet him. Bennett, Lewis and their co-defendants, were arrested.

MARSH CREEK OIL DRILL TAPS GAS AT 1215 FEET

POCATELLO, Oct. 31 (AP)—Gas pressure that was said to have blown out drilling tools has been encountered in the well of the Norton Gas and Oil company on the Marsh creek structure, about 30 miles south of Pocatello, it was stated here today by G. M. Johnson, geologist.

He said that "pay sand" was encountered at 1215 feet. After that situation had been punctured to a depth of eight feet an enormous gas pressure developed. The bit became wedged in the hole and blown upward, and when the pressure was released the tools were blown upward.

The hole has been bridged about 400 feet from the bottom, and a control head was ordered. The gas is described as being "wet."

El Paso Feels First Quake in Five Years

EL PASO, Oct. 31 (AP)—El Paso buildings were shaken tonight by the first earthquake felt in over five years here. The shock was felt in a number of places within a radius of 30 miles in the valley.

No damage at any point was reported but the disturbance was sufficiently severe to alarm many. The shock lasted several seconds.

30 ARABIANS LOSE SIGHT

JERUSALEM, Oct. 31 (AP)—Jewish Telegraphic Agency—inhabitants of the Arab village Ras Almar, near Safed, believed the curse of Allah had come upon them when 30 were stricken with blindness and three died without visible cause yesterday. Investigation today showed all of those affected had eaten mutton purchased from a local butcher.

LIGHTNING-KNOCKS BURLEY-MEN DOWN

Judd Smith Severely Shocked; Bolt Breaks Paul Residence Windows; Children Not Hurt

BURLEY, Oct. 31 (AP)—Five men were knocked down and the Municipal electrician and milk separator station was put out of commission when an electrical storm struck the Minidoka district last night.

Lightning struck a stack leading from an old boiler and set roof and iron pipe on fire. Of the five men knocked down, Judd Smith was most severely shocked and had his feet blistered. About \$50 in equipment was wrecked in the plant which is expected to be closed for a day or so.

In Paul's home of Grant-Town was partially wrecked a bolt blowing windows and casings completely out of the house and tearing shingles from the roof and blackening the inside of the residence.

Three youngsters in the home during part of the storm escaped because they became frightened and went to the home of an aunt two or three minutes before the place was struck.

Rain followed the storm and continued through the night.

SNOW FALLING IN DENVER

DENVER, Oct. 31 (AP)—Denver experienced its second snow of the season today when, snow, whipped by a northeast wind, started falling early in the afternoon. The forecast for tonight was snow and sleet. The United States weather bureau said today weather was general over the state.

Hoover's Statement on Special Session Vote-Getting Maneuver, Smith Charges; Borah Points Way to New Era of Peace

Gem State Senator Answers Governor

Ace of Campaigners Sets Forth Own Views on Relations With Central America; Bourbon's Nominee Draws Fiery Retort

(By The Associated Press) BALTIMORE, Oct. 31.—Senator William E. Borah, Idaho, a leading campaigner for Herbert Hoover's presidential candidacy, received a wildly enthusiastic demonstration tonight from a crowd which taxed the 15,000 capacity of the Fifth regiment armory here.

It was nearly 15 minutes before the senator could quiet his audience to make his speech.

If Herbert Hoover is elected president, Senator Borah predicted that a new era would be established in the relations between the United States and the Central American nations.

Replying to the criticisms of Governor Smith in his Baltimore speech of the Central American policy of the Coolidge administration and the Republican party, the Idahoan said that his party's presidential nominee was pledged to the policy of peaceful settlement of controversies between this country and Central American nations as set forth in the platform adopted by the Kansas City

ROSS POINTS OUT LEADER OF "INVISIBLE" REGIME

CALDWELL, Oct. 31 (AP)—The Republican administration in 1927 spent \$700,000 more than enough money to run the state of Idaho, C. Ben Ross, mayor of Pocatello and Democratic candidate for governor, told a gathering of Cheney county citizens here tonight.

The candidate's address to him in advertisements by the Republican leaders.

"They have spent that much in one year, not two," Mr. Ross declared. He told his 500 hearers for the last 10 years Idaho has been ruled by a group of seven men, whom he referred to as the "invisible seven." John Thomas, United States senator is chairman of the seven, Ross declared.

FRANK LOWDEN REFUSES TO GIVE VIEWS ON RACE

OREGON, Ill. Oct. 31 (AP)—Frank Lowden, former Republican governor of Illinois, who has returned from entering into the presidential campaign, tonight issued a short statement from his Mississippi farm indicating he would not take any part in the contest.

HOOPER READY FOR JOURNEY WESTWARD

Repulic Candidate Firmly Confident of Victory; Prepares for Whirlwind Finish

WASHINGTON, Oct. 31 (AP)—Firmly confident that he will win the people who believe with the Republicans tonight went into the home-brook of his race for the presidency.

On the eve of his departure from Washington for the long journey to his California home to vote, the Republican candidate for president tonight declared of a week ago that he expected his party to emerge victorious next Tuesday.

"We shall win this election without any question of doubt if the people who believe with us go to the polls," the nominee said in response to a question at his final press conference before he begins the westward trip.

"How big is that?" a correspondent inquired.

"There is nothing to be added to the first statement," Mr. Hoover responded.

His Friends Allege The applicant said tonight today in many newspaper interviews including William J. Donovan, assistant attorney general, Ogden Mills, under secretary of the treasury, and Charles Roosevelt, Jr., late in the day chief justice of the United States, to tell him goodbye.

A round of farewells will fill his day tomorrow. After visiting the headquarters of the Republican national committee in the morning, the nominee will bid good-bye to the "invisible seven," John Thomas, United States senator is chairman of the seven, Ross declared.

Four-H Club Members Assemble in Chicago For Annual Contests

CHICAGO, Oct. 31 (AP)—A national congress of boys and girls of 63,000 Four-H clubs is convening in Chicago November 30 to December 7, for the annual championship contests of the Four-H clubs in farming, home-making, and citizenship.

Boy and girl club champions from each state will attend, exhibiting the prize work of their year in competition for the national awards.

The new corporation to be named the Universal Aviation Corporation will operate routes between Cleveland, Chicago and the Twin Cities. It will also operate routes between Chicago and Omaha and between Duluth, Minneapolis and Fargo.

Candidate Fires on Principal Critics

Former Secretary of State Is "All Right Except He is Missing Talk," Says Speaker in Asking Crowd Not to Boo Name

(By The Associated Press) NEW YORK, Oct. 31.—Governor Smith arrived in New York after his Newark speech at 11:30 tonight and 10 minutes later was in his suite at the Hotel Biltmore.

NEWARK, Oct. 31.—Governor Alfred E. Smith tonight declared Herbert Hoover's proposal for a special session of congress to tackle the farm problem "seems to be a surrender for the purpose of securing votes" and demanded to know why it could be accomplished at such a session in view of the Republican candidate's position on the farm question.

All seats in the one hundred-thirtieth New Jersey national guard armory which has a seating capacity estimated at 14,000 were filled several hours before Governor Smith was scheduled to go on the air at 7:30 P. M. by the time the nominee reached the platform, the noise-making machinery, both natural and artificial, was working to perfection, bits of paper were laid into the air, the band started away with the "Star Spangled Banner."

It had partly finished the speech before many in the audience heard it above this.

Greels Mrs. Cleveland Wailing to the microphone, Governor Smith had to be loudly cheered. He obtained this speech, but only for a second for the crowd broke into cheers when he turned to greet the widow of Grover Cleveland.

At the outset, the Democratic candidate mentioned the name of Mr. Hughes and made a bookish reference to the audience. The governor asked his audience to refrain from boisterous cheering.

"Now, let me ask, please," he said, "what the time on the radio is not taken up that way. It does not benefit the cause of the people."

PENNSYLVANIA LINE TO BE ELECTRIFIED

Company Will Spend \$100,000, 000 On Improvements in Few Years On 1300-Mile Track

NEW YORK, Oct. 31 (AP)—Electrification of the entire Pennsylvania train service, freight and passenger, between Philadelphia, Delaware and New York has been authorized by the directors.

President W. W. Atterbury, announced today. The cost will be approximately \$100,000,000, with the work scheduled for completion in seven or eight years.

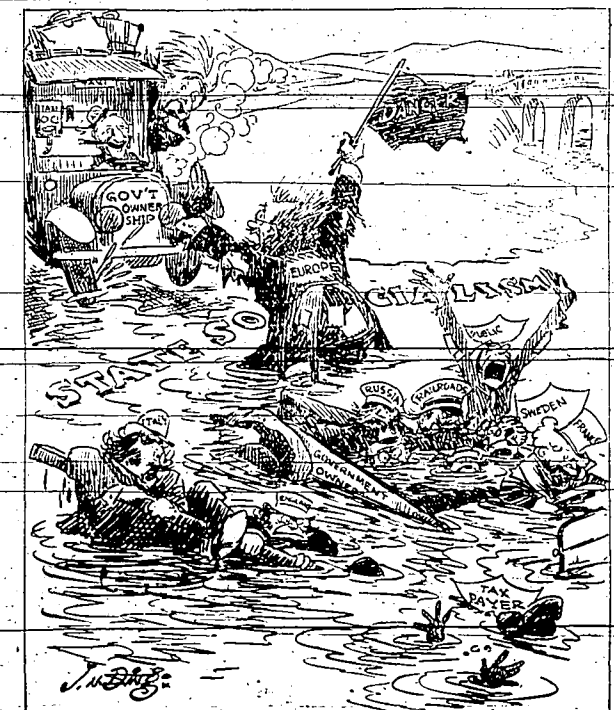

The project covers the passenger and freight service on 25 miles of line and 1200 miles of track, beginning at Hill Gate bridge, New York, where connections with the Erie Railroad will be extended west from Philadelphia on the main line in the direction of Harrisburg.

The project will have the greatest electric traction in the world. President Atterbury said and for an electrically operated line its freight and passenger business will be the largest.

LAUNCHES NEW CHAIN NEW YORK, Oct. 31 (AP)—Charles Saunders, Memphis, Tenn., founder of the Piggy-Wiggy chain of groceries, launched a new venture today with the formation of the Piggy-Wiggy stores. The new company will begin operations with 51 self-service grocery stores, and plans to add 100 more within the next few months.

TWO MAJOR PARTIES IN UTAH OPTIMISTIC

Democrats and Republicans Claiming State; Marcussen Predicts 40,000 Majority

SALT LAKE CITY, Oct. 31.—As the 1925 political campaign approaches its close in Utah, leaders of both major parties are claiming the state on either side was "very optimistic" in its claims. Impartial observers who prior to the election made definite forecasts were not feeling thus this year.

Carl R. Marcussen, Republican state chairman, said he expected a Republican majority of 40,000 in next Tuesday's election.

"In recent years the normal Republican majority in Utah has been around 35,000," Marcussen said. "With at least 15,000 new voters it is reasonable to assume that the Republican majority will be even greater. I will not be surprised if it reached the staggering total of 40,000."

Delbert M. Draper, Democratic state chairman, did not set any definite figure, but said:

"The Democracy of Utah has the best chance to carry the state from Alfred E. Smith down that it has had since the time of Woodrow Wilson."

"The re-election of Governor George H. Dern and Senator William H. King is now assured."

Democrats admit that at first the question of prohibition, which did the question of prohibition. It is now agreed that the religious issue, in so far as it involves platform candidates, the candidacy of Governor Alfred E. Smith, Democratic nominee and Catholic is of little import. There is considerable more opposition to his stand on prohibition, but this is because the Church of the Latter Day Saints, or Mormons, is opposed to prohibition.

The attitude of the Mormons is pro-dry rather than anti-wet, many aver.

The tariff also is important. Voters in Utah are believed to favor a protective tariff, especially on sugar, wool and metals, but any advantage that may be seen by Republicans is believed by Democrats to be offset by the fact that Smith is not a low tariff man by his own declaration.

Democrats set out their program in the bolt of the Republican party aimed at the senatorial candidacy of Ernest Bamberger. This asserted opposition by his own partisans is based on his alleged support by a secret political organization within the Republican party.

The vote four years ago follows:
Republican 77,327.
Democrats 47,061.
Total 124,388.
Republican 30,228.

GEM STATE SENATOR ANSWERS GOVERNOR

(Continued From Page One)

The senator spoke over the same platform from the Democratic candidate delivered his campaign address last Monday.

"A better understanding already has been established," declared Mr. Borah, who is the power in the senate, after foreign relations committee and has consistently opposed this country's intervention in Central America.

"Ambassador Morrow has done nothing less than a marvelous piece of work with reference to Mexico. In my opinion a similar policy should be followed in the case of Central American countries."

"We these countries with these countries," he continued, "we do not want should not invade their territory. It is one of those who believe that any controversy which may arise between ourselves and these smaller countries can be settled by pacific means and with due respect to their sovereignty and their sovereign rights."

Assailing Governor Smith for his claim in the Baltimore speech that "Mr. Hoover was to carry out the policies of Mr. Coolidge, there could be no hope for a chance unless he (Smith) was elected," the senator declared that the Democratic standard bearer had "given us to understand that he would carry out the foreign policy of Mr. Wilson if victorious on November 6."

"I am here to say, Mr. Borah said, that if Governor Smith carries out Mr. Wilson's policy with reference to Central America, he will carry out Mr. Coolidge's policy."

The United States in Central America under Mr. Wilson's administration.

"It is true that Mr. Coolidge sent me that message," he said, "and that I opposed sending them to Nicaragua in the first place. Governor Smith quotes me as criticizing Mr. Coolidge's policy. I differed with Mr. Wilson, just the same as I differed with Mr. Coolidge."

"Nothing could be more futile in the face of our history for the last 20 years than to claim that our policy in Central America is a national policy. It has been a national policy of Mr. Wilson's administration for the last 10 years. I am frank to say, since Governor Smith mentioned my name as being a critic, I have disagreed with the policy from the beginning."

New Jersey. With respect to a man like Governor Hughes, he is all right in my opinion. You can let me do the job."

"Declaring he took as the text of his address the statement that 'you can be elected from the people of this country for private profit or for private gain,' he declared: 'The whole thing is contained in the sentence: The government must keep its hands on the switch that turns on or off the power.'"

On the prohibition question, which Mr. Hughes refers to as a sham battle, he said he also had made himself perfectly clear.

"Here again he is trying to belaud the issue," he continued. "What I said I would do was that I would accept the position of leadership of the American people on this question by coming out and telling them the truth about it, laying it before them, and let them decide it themselves—the only way it can be decided."

"During the whole campaign, Mr. Hoover has not made a single suggestion about it," he referred to it as a noble experiment."

The governor reiterated his position on the tariff and said the working man would have nothing to fear from Democratic success on this score, and added business, whether big or small, likewise would have nothing to fear.

"Immediately thereafter Senator Borah went to the senate and the Republican candidate, and following the speech," he continued, "they might have begged him to say something in favor of the candidate to give the farmer. They must have pleaded for just a few kind words. The word came from the headquarters of Mr. Borah, but no decision was arrived at."

Roosevelt, after his call upon the nominee, predicted that New York state would go for Hoover because of a reduced majority he said Governor Alfred E. Smith would receive in Manhattan and an increase he felt would be shown in the up-state vote.

"The people of the United States realize that Herbert Hoover is the sound candidate in this contest," he said. "They find Governor Smith quite entertaining, but that does not mean any more votes for the Democratic nominee. The great silver vote will be strongly for Hoover because that vote goes to the man who prom-

ises the nation the most safe and sane administration."

Mr. Hoover will be accompanied by Mrs. Hoover, their son, Albin, members of his personal staff, several friends and a group of newspaper correspondents on his westward journey. Among the members of his party will be Dr. Hubert Work, chairman of the Republican national committee, and Ralph E. Williams, Portland, Oregon, vice chairman of the national committee.

The candidates' train will reach St. Louis at 7:30 P. M. Friday, when he will deliver to the principal speech of his westward trip. In this he will discuss his views on farm relief and inland waterways.

New York Favorable
Roosevelt, after his call upon the nominee, predicted that New York state would go for Hoover because of a reduced majority he said Governor Alfred E. Smith would receive in Manhattan and an increase he felt would be shown in the up-state vote.

"The people of the United States realize that Herbert Hoover is the sound candidate in this contest," he said. "They find Governor Smith quite entertaining, but that does not mean any more votes for the Democratic nominee. The great silver vote will be strongly for Hoover because that vote goes to the man who prom-

ises the nation the most safe and sane administration."

Mr. Hoover will be accompanied by Mrs. Hoover, their son, Albin, members of his personal staff, several friends and a group of newspaper correspondents on his westward journey. Among the members of his party will be Dr. Hubert Work, chairman of the Republican national committee, and Ralph E. Williams, Portland, Oregon, vice chairman of the national committee.

The candidates' train will reach St. Louis at 7:30 P. M. Friday, when he will deliver to the principal speech of his westward trip. In this he will discuss his views on farm relief and inland waterways.

Rickard Believes Jack Dempsey Aspires To Old Throne

VETERAN PROMOTER CERTAIN EX-CHAMP WILL DON GLOVES

"Firpo Will Have to Come Back to States to Prove Ability Before He Can Be Considered Seriously," Says Master

(By The Associated Press) NEW YORK, Oct. 31.—Add "Back to the drawing lines" to the list of those who believe that Jack Dempsey, once the king of the heavyweights, again aspires to his old throne.

The master of Madison square garden who accepted Dempsey's retirement after his second defeat by Gene Tunney, as final, and had steadily maintained since that time the old Madison square garden had fought for the last time, retired himself today in Miami Beach, Florida, where he is spending a short vacation, to tell The Associated Press he feels sure Dempsey will fight again.

"The rumor that Dempsey will return to the ring has been in circulation despite his present shyness in regard to future bouts," Rickard said in his telegram.

"He really wants to return to the ring. When a good young man comes along in the water campaign you will find Dempsey ready to prove his ropes again. He will be a big card to me. I am sure the ex-champ will again don the gloves."

Regarding the comeback campaign of Louis Angel Firpo, shaggy-haired Argentine, Rickard stated:

"Firpo will have to come back to the United States to prove with some real fights that he is an available contender here or can be taken seriously." He made mention of the fact that Young Stribbling, Atlantic heavyweight, continues to show that he is one of the strongest contenders for the heavyweight crown.

"The need of Dempsey's ability to draw widespread attention to the sport is probably was increased upon the promoter by publication yesterday of Madison square garden's resignation from the sport."

On Sept. 31, the quarter showed a loss of over \$300,000, and included the loss of the Detroit fight, the only one of the match profits for the last quarter last year were well over \$500,000.

MERCHANT BOWLERS WIN TOURNEY WITH TROJANS

Department Store Team Takes Two of Three Games in Tilt With Laundry Pin Rattlers

Idaho Department store bowlers (named the Troy laundry team last night) with a margin of 10 pins for the three games. The Idaho Trojans won the department store, 802 to 734, but the laundry came back to take the second contest, 758 to 758. The last and deciding game went to the store by a wide margin, 802 to 746.

None of the bowlers reached the 200 mark in the highest contest. Glenn Larsen, for the store, rolled the high mark in the first game when he busted 100, but fell off in the second game when he rolled a 100. The result of the game was 100-100.

Neither team was rolling in form at the end of the individual members fell off badly in their scores. The Trojans team battles Cogswell's entry in the contest tonight.

CUBS FOREGO GAME TO KIMBERLY TEAM

Coach Flatt Protests Numerous Penalties; Bruin Halfback Races 60 Yards For Tally

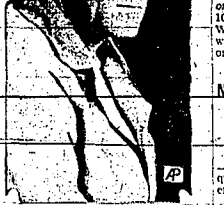

KIMBERLY, Oct. 31 (Special to The News)—Twin Falls' second team forfeited to the Kimberly football team here this afternoon after playing all but four minutes of the game. Twin Falls, took his team from the field because of what he considered unjustified penalties. His action stopped Kimberly's game.

The game was a nip-and-tuck affair during the first half with the ball being in mid-field most of the game. Neither team could get their plays under way consistently and much punting was the result. The half ended with no score being registered by either side.

Races 60 Yards to Goal Shortly after the second half opened Smith, Twin Falls halfback, received a Kimberly punt on his own 50-yard stripe and raced 60 yards for the only Twin Falls tally. An attempt at conversion failed.

The balance of the last quarter was spent by Twin Falls fighting away to back against its own side of the field. Flax salutes were led by many 15-year penalties. Kimberly was on the way to another score when the Twin Falls coach stopped the game.

AGRICULTURAL WASTES TO BE TURNED TO CASH

WASHINGTON, Oct. 31 (AP)—Ten million tons of agricultural wastes are annually by American farmers, some day may be turned into cash.

The federal bureau of chemistry and soils, believes that analysis of carbohydrates, corn cobs, grain straws, sugar-cane waste, cottonseed, peanut hulls, and other substances has brought science only to the threshold of tremendous possibilities.

Henry G. Knuth, chief of the bureau, says the millions of tons of lignin and other organic material from the wood-pulp industry, now poured into streams where it pollutes the water and kills fish, is only one example of a material for which chemical and commercial uses are being investigated and extended research is needed.

AUSTRIA WILL PUBLISH HISTORY OF WORLD WAR

PRAGUE, Oct. 31 (AP)—To set the world straight as to Austria's part in the world war, the Austrian war department has decided to issue an official history of the war, in six large volumes, which will be published before Christmas. The history will describe the country's part in the war as a strategic rather than from a military point of view.

The heroic and self-sacrifice of Austro-Hungarian soldiers and officers on all fronts will be featured. America's entry into the war, which meant the end of the Austro-Hungarian effort, will be treated in a special chapter. Funds are forthcoming.

A New Yorker at Large

G. D. SEYMOUR.

NEW YORK, Oct. 31 (Special) - Vincent Astor, 38-year-old son of the famous family whose name is heard so prominently to hundreds of New Yorkers as a landlord.

He retains the interest of his forebears in the fields of finance, transportation and communication, as a director or trustee of a dozen corporations. He is especially entitled to the often-carelessly bestowed title of prominent clubman, for he belongs to two score of clubs and to more than 25 major societies and associations.

A naval officer in the world war, he is an active yachtsman and his \$5,000,000 Marmon is the fastest and most costly pleasure craft afloat. Lately he has taken to aviation.

With all these interests he manages to make perfect time for the \$75,000,000 worth of apartment, business building and realty properties he owns on Manhattan Island and in the Bronx, to attend personally to frequent requests from tenants, and to become acquainted with many of them from time to time.

He enjoys meeting them, even when he gets a casual reception as he goes through the front entrance of his apartment house. He had asked that French doors be cut between the living and dining rooms for his apartment on the 14th floor of the Grand Concourse, and Astor, making a visit one day to the building, asked the building manager to show him to the apartment where the alteration was sought.

They found the housewife and three women friends imprisoned in a garage. A driver was introduced. The four women nodded disinterestedly and went on with their bridge. Astor, looking at the apartment, calculating the cost and details of the improvement, then bowed himself out and the bridge game went on and the hostess got her French doors.

It is related that the author of a current Broadway stage hit, flitting out to a new apartment, bought furniture so enthusiastically that he over-drew his bank by nearly \$10,000.

The Open Window

By Hugh A. Studdert Kennedy

When I first began to look through my open window with the fog of setting down something of what I saw, I covenanted with myself that I would never enter "the field of politics." No matter how nice up to follow without should rise up to follow after no matter how loud the bands should play or how high the torches flare, I would be as dumb as the dumb devils, and let the great procession pass by only with benediction and hope.

And yet this evening, as I sit by my window, I find myself looking out at the distant music and yelling that this country which lies behind me and about me is very surely in the valley of the shadow of death.

Because, surely, by common consent the Plain Fathers as they were come to be called, stood for what America, in her highest, clearest moments, has always stood for since she was born on this continent.

Believing as they did that the man of the future must be a man of the future, they were men of the future, and they claimed their right to be the men of the future.

HOOPER PROPOSALS VITAL TO RANCHER

Reduction of Transportation Cost of Farm Products Important, Says John Thomas

SODA-SPRINGS, Oct. 31 (Special) - The News-Discussing Hooper's proposals for "development" of inland waterways and for readjustment of freight rate schedules at a public rally here Tuesday evening, Senator John Thomas declared that since both of these matters were directed at lower crop transportation costs they are of vital importance to the Idaho farmer.

Outlining the Republican nominee's proposal to construct a canal permitting passage of sea-going vessels from the Great Lakes to the Atlantic by way of the St. Lawrence river, the senator said:

It is estimated that such a canal will reduce the cost of exporting wheat in the amount of ten cents per bushel, which will result in a 10 per cent increase of that amount in the American markets.

Another improvement proposed by Hooper, Senator Thomas said, is the deepening of the Mississippi river, which will result in a 10 per cent increase of that amount in the American markets.

PAIR BORROWS AUTO TO LOCATE CAR AND FISTICUFFS RESULT

Rancher Knocks Out Youth Who Took Machine to Search For Missing Vehicle; Trio Will Appear Before Police Judge

Appearance of two automobiles last night led to a violent encounter in which Vern Hazel, 1228 Sixth avenue east, proprietor of a service station at the corner of Shoshone and Second avenue west, was severely beaten by Ed McCoy, farmer living a mile from the Washington school.

The encounter took place about 10:45 o'clock last night when Vern Hazel and his father, Lee Hazel, drove up the service station to locate McCoy's car.

McCoy's car was found in a rain of blows about the face and body of the younger Hazel, who fell into the ditch and was severely injured. McCoy's ministrations at his home some 20 minutes later.

McCoy and Hazel are younger than the elder and younger Hazel. McCoy is reported to follow his studies in police court this morning.

Adams Barrowing Car. Vern Hazel told the police that he had borrowed McCoy's car for use in search for his father's automobile that had been taken from in front of their residence.

McCoy's car was found at the rear of Hazel's service station. Hazel said that McCoy previously had offered to let him use the car but that he had refused.

Vern Hazel and his father spent a little less than an hour in McCoy's car in search of their missing machine, which the police discovered a little later about a block distant from the Hazel residence.

Vern Hazel said that McCoy dragged him from behind the wheel and without explanation "wrenched" the steering wheel upon him.

The elder Hazel corroborated this statement. He said that he would not have used the car had he thought his son had obtained permission.

"I was no use to try to explain or argue with McCoy," he said, "he was in his right mind."

McCoy told the officers that he had not used his files until after he had got away from the car. The elder Hazel had torn loose from McCoy's grasp about his necktie.

He volunteered information to an officer who directed him to the police station, that he had struck Hazel.

Reports of both men had been reported to the police before the encounter between McCoy and the younger Hazel took place. McCoy, 34, is the brother of Hazel, who went to Hazel's service station to ask the return of the men who he said, he thought had stolen his car.

Vern Hazel until recently had been employed by J. H. Seaver, his father purchased the service station and ran it as a business enterprise.

McCoy is reported to have been put on the opening exercises for the evening program soon. Attendance at these children's programs varies from day to day, the largest attendance at any one meeting being 170.

The subject for the sermon tonight will be "A Sensational Jailbreak."

Best Audience in East. WASHINGTON, Oct. 31.—In New Hampshire 95.7 per cent of the farmers read one or more farm papers. This is the highest average recorded in 35 states.

It was determined in connection with questionnaires sent to the farmers of 45 states by the National Fertilizer association.

Wisconsin is a close second with 93.5 per cent. Others follow: Iowa with 94.3 per cent; Indiana, 94.2; and Illinois and Ohio are tied at 93.3 per cent.

The survey revealed that on the whole four out of five farmers in the United States read at least one farm paper.

INSPECTION PARTY FINDS ROADS GOOD

Commissioner J. D. Wood and Engineer C. P. Humphrey Investigate Oiling Operations

"Roads in Idaho are generally in good condition now for the beginning of the late fall and winter," said Commissioner J. D. Wood of the Idaho department, who was in Twin Falls last night with C. P. Humphrey, construction engineer, after an inspection of the oiling work.

Mr. Wood said that they were inspecting and testing road oiling where it had been completed and had found that it was doing well. Tests to discover what sections would require further work.

Consider Snow Problem. The matter of where snow would have to be removed was also considered during the trip.

He said that there was nothing to need to the announced program relative to the completion of the Idaho Oregon Trail. He expressed hope that Nevada would take steps at an early date toward further improvement of the Snake river highway.

Mr. Wood said that the work of the department at present consists of making up plans for the winter.

Mr. Wood and Mr. Humphrey were coming here today, they found a tourist from another state stranded near Decia where they saw a car too near the edge of the road, ending in the ditch.

They pulled him out.

Police Patrol City in Automobiles; Windows and Windshields Don Soap Coatings

With an augmented police force extending automobile patrol to residence as well as business districts last night, celebration of Halloween in Twin Falls was attended by a minimum of acts of hoodlumism, according to police reports.

Windows throughout the business district and windshields and doors of automobiles parked at downtown curbs, were usually smeared with soap or grease early in the evening.

In the residence districts it was reported that boxes and barrels and logs had been taken into the streets and left in the neighborhood with their ticks and display of packs and Halloween costumes.

The occasion was one for many parties, especially for the little folks.

It was the first Halloween in Twin Falls for a number of years without an organized effort to assemble boys and girls at a downtown party, or some sort of pageant, bonfire, or similar community affair.

One of the more serious pranks reported to police last night was the breaking of a large window at the home of J. P. Kinney, 327 Eighth avenue north.

Officers Find Stolen Car in Salt Lake City. A light road owned by Jack Persson, stage and taxicab operator, that was stolen by Harry Thomas last evening, has been recovered in Salt Lake City, it was announced at police headquarters here yesterday.

Announcement of recovery of the car was delayed upon receipt of Salt Lake City officers who expressed belief that they might capture the man who drove it.

Ralph J. Leighton, Salt Lake police officer, led yesterday for Salt Lake City to return with the machine.

Private Citizens Aid In Bird Survey Work. WARE SHOALS, B. C. Oct. 31.—How the United States department of agriculture is aided by private citizens in obtaining data on the habits and life histories of migratory birds was revealed here by W. T. O'Shields, capturing a chimney swift O'Shields found it carried a blimping tin band on which were numerous inked numbers to the bureau of bird study in Washington, D. C.

The bird was banded a year ago at Tallahassee, Florida, by Charles O. Handley and H. L. Redford. The information furnished by O'Shields' formation received by the bureau of bird study will be valuable to its study of bird life in America.

The bureau's department family volunteer assistance on the part of private citizens in the country can be augmented by prompt reports on tagged birds.

RANCHMEN GROWING TREES IN WOODLOTS

County Farmers Plant 12-10 Acres of Forest Timber From Stock of State University

Fifteen Twin Falls county farmers last spring bought 15,200 trees, sufficient for planting 12-10 acres of farm forest, according to report made to R. E. Brouder, Twin Falls county agent, by A. M. Souder, university extension division forestry specialist, who spent some weeks in this district investigating possibilities of farm forest projects and encouraging landowners here to plant woodlots.

Mr. Souder suggested possibility of holding a number of meetings in the county during the winter months with a view to urging advantages of growing forest trees on Twin Falls county farms.

Most of the trees purchased for planting here this season were black locust trees. In the list there were represented white ash, silver green willow, Scotch pine, and yellow pine.

The young trees were purchased through the university extension division.

RED CROSS INVITES CLUBS' ASSISTANCE
ROLL CALL DRIVE

Mrs. D. L. Alexander Will Be Campaign Chairman; Quota For Membership Drive Set at 800 Names in Twin Falls

A number of Twin Falls patriots and civic organizations will be invited to cooperate in the annual Red Cross roll call campaign here to enroll a minimum of 800 members of the national organization in and about Twin Falls.

This was an outstanding phase of planning for the campaign discussed at a meeting last evening of directors of the Twin Falls Red Cross chapter at which it was announced that Mrs. D. L. Alexander, chairman of the roll call campaign last year, had consented to organize the 1928 campaign.

Open Armistice Day The roll call is to be held throughout the nation during the period beginning Armistice day and continuing to Thanksgiving day, but in Twin Falls according to announcement made at last evening's meeting, effort will be directed toward completing the roll call in a single day, probably on Saturday, November 3.

A number of novel features probably will be introduced into the campaign this year, and Mrs. Alexander indicated last evening that the Twentieth Century club, American Legion Women's Auxiliary, War Mothers, Girl Reserves, American Legion, and Boy Scouts would be invited to lend their cooperation and active assistance in bringing the campaign to an early and successful conclusion.

The quota of 800 members assigned to the area under jurisdiction of the Twin Falls Red Cross chapter, implies collection of a membership card from each person so enrolled, and 50 cents out of every dollar thus subscribed is to be turned in to the treasury of the Twin Falls chapter for meeting demands for relief in and about Twin Falls.

Report of W. E. Nixon, treasurer, for the 11 months period ending October 15, submitted to the meeting last evening, showed that expenditure of the chapter's funds for relief of war veterans and their families during the period totaled \$40,000 and that \$380 had been collected here and forwarded to the national organization for relief of storm sufferers in Florida and the West Indies.

Reorganization of the chapter's welfare committees with view to definite understanding of its functions and for increasing its efficiency was one of the important results of last evening's meeting. Plans for the roll call for winter months, M. E. Brady, county weed department commissioner, stated last evening.

COUNTY CONCLUDES SUMMER WEED WAR

Weather Conditions Ideal for Destroying Noxious Plants; States Commissioner Brady

Work of the three field men in connection with the county noxious weed department's summer campaign was completed yesterday, but the war in weeds in Twin Falls county will be continued throughout the fall and winter months. M. E. Brady, county weed department commissioner, stated last evening.

Existing weather conditions, Mr. Brady said, are ideal for use of salt in exterminating noxious weeds. Applications made now upon infested areas he explained, become effective immediately, and gain of several weeks in time is effected in restoration of the soil.

Stores of salt for this purpose have been made available by the weed department at Halls, Twin Falls and Filer. Carbon bisulfid gas also may be obtained at the department's warehouse in Twin Falls.

Field men who have had charge of the summer's campaign under Mr. Brady's direction, and who concluded their active part in the weed war for the season yesterday were Frank Kennedy, Hansen, W. W. Nicholson, Twin Falls, and Frank Glider, Buhl.

MRS. LEDA TAYLOR DIES AFTER ATTACK OF QUINSY

Mrs. Leda Taylor, wife of Ray Taylor, 325 Harrison street, died suddenly at the family residence early Wednesday morning. Her death is believed to have been caused by complications following quinsy. The body was taken to the Grossman funeral parlors, and arrangements for funeral services were last evening awaiting word from relatives in California and Minnesota. Mrs. Taylor expired during the absence of her husband who had left home a few minutes before to summon an ambulance to take her to the hospital.

She had been employed for some time as waitress at the Tourist hotel where Mr. Taylor is cook. Her husband is survived by two daughters, Edith Taylor, 14, and Vera Taylor, eight.

ADDISON T. SMITH DISCUSSES TARIFF

Protective Policy Basis For America's Prosperity, Says Solon; Free Trade Danger

DOWNEY, Oct. 31 (Special to The News)—Addison T. Smith, Republican, held a public hearing here Tuesday evening, discussing the tariff. Smith, Twin Falls, declared that the protective tariff policy, such as is favored by the Republican party, is the foundation of American prosperity.

"The tariff is the basis of our prosperity," he declared. "The tariff is the basis of our prosperity, and it is the duty of the government to protect it. The tariff is the basis of our prosperity, and it is the duty of the government to protect it. The tariff is the basis of our prosperity, and it is the duty of the government to protect it."

"Under the present tariff laws every product of the farm is on the tariff schedule," he said.

"The tariff is the basis of our prosperity, and it is the duty of the government to protect it. The tariff is the basis of our prosperity, and it is the duty of the government to protect it. The tariff is the basis of our prosperity, and it is the duty of the government to protect it."

LEGIONNAIRES FACE GOOD YEAR IN 1929

Veterans' Order Exceeds Membership Aim in 1928, Says Commander Paul V. McNutt

PAYETTE, Oct. 31 (Special to The News)—The commander of the American Legion, Paul V. McNutt, has received a letter from National Commander Paul V. McNutt, the first official communication of the latter since his recent election at the national convention in San Antonio, in which he outlined bright opportunities of service in this state next year.

"The record of accomplishment of the American Legion has kept pace with its onward march in membership."

"This year's accomplishments in service performed to our communities and nation, the establishment of our junior baseball program; the advancement of improved legislation for dependent children; the correction of the remaining injustice to our disabled in the retirement of our wounded and sick emergency army officers; the passage of our hospital day to urge the citizens of the community to cast their votes."

For State Senator

FRED C. GRAVES
Republican Candidate for State Senator

TAXPAYERS and Republican friends of the candidate are presenting to the voters of Twin Falls County the fitness of the Republican nominee for State Senator, F. C. Graves, of Filer, Idaho.

Mr. Graves is a man of high character, good ability, of quiet likeable disposition, and sound judgment. It is the belief of those interested in this advertisement that he will make a splendid representative of the interests of our county. It is always a mistake to send as our representative to the Legislature, a man (no matter how fine and capable he may be) who is a member of the party which shall be in the minority in the Legislature.

There will undoubtedly appear for legislative consideration in the 1929 session, matters of vital interest to the people of this tract.

There will undoubtedly be legislation relative to the controversy existing between the water users of the Twin Falls tract and those of the Upper Snake River Valley. And it is our firm conviction that a Senator of the majority party will have better standing with the other members of the State Senate, and be more effective in his legislative efforts, than could a man whose political faith is different from those in control.

It is conceded by all that the legislative assembly, both Senate and House, in the 1929 session of Idaho, will be overwhelmingly Republican. Let us get in line with the majority sentiment and send our State Senator a Republican from this county.

Legionnaires maintain a scrupulous national defense.

"The Legion in the past has found that to attain its great objectives it must have the individual support of the veteran in the field. How better can we obtain his enthusiastic personal approval than to have him subscribe to the Legion's principles, ideals and program of activities?"

Favors Draft Bill
"Ahead of us is the presidential election. The sessions of congress conferring us will be difficult for Legion legislation regardless of who is elected. We must secure the enactment of the universal draft bill. We need every veteran in the country back of us if there still smolders in his heart the spirit of loyal devotion to his flag that he gave so unflinchingly in 1917 and 1918."

"Our junior baseball program has the support of every man and woman who has at heart the making of strong, clean, right-minded men of their boys."

TWIN FALLS MEN SPEAK TO FILER KIWANIS CLUB

FILER, Oct. 31 (Special to The News)—Joseph H. Jamme and T. M. Robertson, Twin Falls, spoke on the subject of scouting at the Filer Kiwanis club luncheon Tuesday. Miss June Anderson gave a reading entitled "A Pleasant Fall" from the "Beach". Other guests present were John W. Graham, Twin Falls; Emil Lerman of the Clover tract; Joseph L. Bates and Assistant Coach Henry Powers of the Filer rural high school.

The club voted to meet next Tuesday to discuss the subject of the construction bill, and the unwillingness to cast their votes.

New models and THE OPEN MIND

THE public, with its healthy desire for the new and the better, insists upon continuous improvement, and will withdraw its patronage from any product or service which stands still.

Nowhere is this more true than in the automobile industry. The car is more than a utility. It is a personal thing, involving your convenience, your comfort, your safety, your sense of beauty and color, your pride of ownership, your complete environment for many hours of your life. Comfort and habit of living change fast, and the pace holds many beatings of how quickly your favor can shift when an automobile, for even a single year, fails to show progress.

So conscientious improvement is more than a policy with General Motors. It is a vital necessity.

THE PUBLIC DEMANDS NEW MODELS

And the public is right. Out of that demand have come electric starting and lighting, the closed body, Duo finish, four-wheel brakes and hundreds of refinements, big and little. Improvements that might have taken a generation have been born within a few years because people want greater performance, beauty and comfort.

Equipped with the largest research laboratories, proving ground and body building plants, and guided by an Open Mind which is ready to revise its thinking in response to new facts, General Motors believes that it is peculiarly fitted not only to sense but to anticipate public demand and to give the people better automobiles at better values year after year.

As evidence of that faith we presented some months ago the New Chevrolet, the New Pontiac, the New Oldsmobile. And now we offer, with equal pride, the New Buick, the New Cadillac, the New LaSalle and the New Oakland.

CHEVROLET, 7 Bigger and Better models, \$495 to \$715—4-wheel brakes—More powerful engine—Luminous light—Bottle New Police—After Light Delivery Truck chassis in \$375—Utility Truck chassis with 4 speeds forward; \$520.

PONTIAC, 7 models, \$745 to \$875. Lowest priced General Motors Six—Now offers more power, greater economy—more speed, greater acceleration—Amazing beauty of body by Fisher—Inspires the voters of the best.

OLDSMOBILE, 7 models, \$925 to \$1085. Also 5 DeLuxe models, \$1145 to \$1215—"The fine Car at Low Price." Completely redesigned and improved by General Motors. More powerful, 4-wheel brakes, Longer, roomier Fisher Bodies.

OAKLAND, 7 models of the new All American Six, recently announced, \$1145 to \$1215. Distinctively new original appearance. Solid new performance—Luxurious appointments, in new bodies by Fisher. A car you'll be proud to own.

BUICK, 18 Silver Anniversary models on 3 wheel bases, \$1195 to \$2145. Lightning Dash getaway, Masterpiece Bodies by Fisher, Comfort and ease in every detail. Power for the steepest hill and the longest run.

LASALLE, 13 new models, \$2295 to \$3815. Attractive car of Continental class, recently announced, \$1145 to \$1215. Distinctively new original appearance. Solid new performance—Luxurious appointments, in new bodies by Fisher. Besting Duo color combination.

CADILLAC, 26 models, \$3295 to \$7000. Standard of the world. Famous 90 degree V-type 8 cylinder engine, Luxurious Bodies by Fisher and Fleetwood. An extensive range of color and upholstery combinations.

For County Commissioners, Twin Falls County on the Republican Ticket

W. F. BRECKON
Kimberly

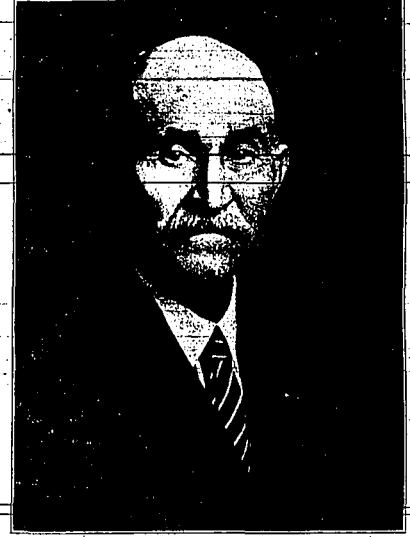

W. F. Breckon has served upon this Board previously and the experience so gained should prove of outstanding value during another term.

MARCUS C. WARE
Twin Falls

M. C. Ware was appointed as a member of the present Board upon the retirement of Dr. L. H. Giffen and is at present serving out this recess appointment.

T. E. MOORE
Filer

T. E. Moore, member of the present Board, has held this same office several terms. All three men are well posted upon the requirements of the position.

These three Candidates and their records are so well known throughout Twin Falls County as to require but little in the way of introduction

A Record of Economy

During the present term of office the County commissioners have cut the car mileage allowance from ten to eight cents per mile.

They have reduced the expense connected with the operation of the office of Sheriff by eliminating one Deputy and one car.

They have cut the expense of caring for the indigent poor almost in half and have effected other savings of a minor character in the interests of the Taxpayers of the County.

W. F. Breckon is an old time resident of Kimberly where for many years he has been engaged in the Real Estate, Loan and Insurance business.

He is well posted upon conditions throughout the County and familiar with problems confronting the Taxpayer. His previous experience as a County Commissioner is regarded as one of his best assets and his record in office during former terms is such as to inspire general confidence.

M. C. Ware came to Twin Falls in 1911, prior to which he was a resident of Buhl for nearly four years where he engaged in farming on a large scale, at one time being one

of the principal landowners of the West End.

In Twin Falls he engaged in the honey producing industry and later was associated with William T. Wood in the hardware business. He is a man of unquestioned ability and his willingness to give of his best to the position of County Commissioner has made of him a valued member of the Board.

T. E. Moore of Filer is also an old time resident of the County with a record of public service which has made him a host of friends.

Few men are better posted upon the needs of the people than is Mr. Moore and none is more familiar with public requirements along general lines.

The Republican County Committee presents these three men in the belief that each and all are well qualified for the work in hand and with full confidence in their ability to render signal public service in the positions for which they are candidates

GRIM REAPER STRIKES DOWN RANCHER IN BUHL

BUHL, Oct. 31. (Special to The News)—Funeral services were held in the Methodist Episcopal church Tuesday afternoon for M. M. McBride, 65, who died suddenly Monday morning at his ranch home in the Lucerne district. The deceased was married and lived alone. He called a local physician shortly before his death and complained of illness, but was dead when help arrived. The remains were shipped Tuesday evening to Lima, Ohio, where a brother and sister reside and where interment will be made. Mr. McBride had resided here for the last 21 years and was the owner of extensive properties.

Mr. and Mrs. Bullock and family will move in the near future to Jerome.

Mr. and Mrs. Watson are leaving to make their home in Filer.

The Philby Sisters of the Baptist church will meet Thursday at the church.

Mrs. Dan Whaley, assisted by Mrs. Hillson, was hostess to members of the Catholic Women's League Saturday afternoon. Twelve members were present for the business meeting.

Mrs. Stanley Webber entertained at the second of a series of bridge dinners Saturday evening. Dinner was served at small tables centered with Halloween symbols. In the games, Mrs. C. M. Merrick won high score and was crowned by Mrs. F. W. Cunningham.

Gustav Kunze was honored Monday evening on his seventeenth birthday and twenty-five guests were present at the home of his daughter, Mrs. Anna Tammer, for a special dinner. Mr. Kunze has been a resident of Buhl for the last 20 years and built the first cheese factory operated in Buhl. Twenty-five guests were present and the evening was spent socially.

The Women's Bible class of the Presbyterian church will meet Thursday for a covered dish luncheon at the home of Mrs. George Ahlquist. Mr. and Mrs. George Engstrom and Mrs. A. P. Bullock and Mr. and Mrs. W. B. Watson were honored by a reception at the Baptist church

Hatching Eggs Wanted

We will need more flocks of the following breeds to supply us with hatching eggs this winter and spring: Rhode Island Reds, Barred Plymouth Rocks, Buff Orpingtons, Jersey Black Giants and White Leghorns.

If you have a good flock of any of these breeds and would like to sell us hatching eggs, please get in touch with us at once. We will look your flock over and if it is satisfactory we will do the culling and mating for you without charge.

We will pay from 10c to 12c above the market price for the eggs.

Those having State Accredited flocks that wish to supply us hatching eggs should also get in touch with us soon.

Remember our outside service lady, Mrs. Lillian Robinson, is ready to serve our poultry friends in every way possible. If your flock is not laying as it should, if you have a disease among them, if they need culling or if you wish assistance with your feeding problems feel free to call on us. There is no charge for this service.
